Maxwell Markham was a professional wrestler whose brutal tactics caused J. Jonah Jameson to write a scathing editorial calling for an investigation by the wrestling commission. As a consequence of the hearings, his license was revoked. Later, he obtained a suit that augmented his strength from the Jackal. Recently, Grizzly has undergone a number of augmentation procedures and now possesses superhuman powers without the use of his exoskeleton. He no longer uses it or his grizzly bear costume.

At one time he was a part of the Spider-Man Revenge Squad.

He was later enlisted into the Thunderbolts.

*Ultimate Spider-Man*

The Maxwell Markham version of Grizzly appears in the *Ultimate Spider-Man* episode " *House Arrest* ", voiced by John DiMaggio. This version wears bear-themed armor and is depicted as being on the S.H.I.E.L.D. most wanted list. Spider-Man fights against Grizzly until his team arrived. When Spider-Man is able to defeat Grizzly, he lands in the dumpster when the police arrive.

---

Grizzly: (to Iron Man) It's about time you and your friends showed up to fight me, Iron Man! Were you all just ignoring me this entire time?

Iron Man: Not at all Max. We came here to ask for something.

Grizzly: What is it?

Tree Hugger: We need your help to take down Trigon.

Grizzly: Trigon the Terrible!? That's suicide!

Iron Man: It's the only way to help save the universe.

Next in a castle in France was Jacque Duquesne A.K.A. SWORDSMAN!

Captain Marvel and Rarity were there to get him.

---

**Swordsman** ( **Jacques Duquesne** ) was a performer at various circuses and carnivals. His act demonstrated his mastery of knives, swords, and other bladed weapons.

At one carnival he met a young Clint Barton. Seeing great potential in him, Swordsman and Trickshot trained the boy in blades and archery respectively, with Clint often being a secondary performer in the Swordsman's act.

Swordsman's gambling problem left him heavily in debt. One day the carnival paymaster was robbed, and Barton later found Swordsman with the money. Barton ran from him and climbed the high wire. Swordsman cut it by hurling his sword. Barton fell to the ground and the Swordsman left thinking he was dead. Barton survived and grew up to become Hawkeye. (It is presumed that he and Barton reconciled years later.)

The Swordsman committed various crimes around the world, causing him to be barred from several nations. He sought out the Avengers thinking that posing as a hero would lead to much bigger crimes. His offer of service was refused. Angry, he attacked Captain America (Steve Rogers) but was soon surrounded. The Mandarin teleported Swordsman to his location, thinking he would make a useful double agent against Iron Man. He outfitted the Swordsman's sword with several embedded devices through Makluan technology. He also sent a faked message from Iron Man asking the Avengers to allow the Swordsman to join them. Although they suspected a trap, he was allowed to become a member.

Surprisingly, Swordsman fit in well and even developed a crush on the Scarlet Witch. Ordered by Mandarin to lure the Avengers to a bomb, he feared she would be injured and tried to dismantle it. When the other Avengers arrived, it looked like he had been caught setting the bomb instead. Swordsman fled, and although he had regrets, he soon fell back into a pattern of crime. He served alongside a brainwashed Black Widow and Power Man (Erik Josten) on many occasions. He still longed to be a part of the Avengers, and even joined them in Asgard to fight Ares and the Enchantress. His heart was no longer in crime, and he began to drink heavily while serving Monsieur Khruul.

The beautiful Mantis was also working for Khruul as a barmaid. She convinced him he could be a hero again. He was still reluctant until becoming injured on one of Khruul's assignments. Mantis helped him recover and the two left to the United States. Revitalized, Swordsman asked to rejoin the Avengers, and his sincerity won them over. Swordsman was a valuable member although he still doubted himself. He fell in love with Mantis but his feelings were not reciprocated by her. An angry Khruul captured Duquesne and tortured him on one occasion.

It was soon revealed Mantis was the Celestial Madonna. Kang began a mad quest to make her his bride. He was stopped by the Avengers and another version of himself, Rama-Tut. Kang decided that if he could not have Mantis, no one would and aimed a ray gun at her. Swordsman instinctively jumped in front of his love while Tut was able to grab the gun and alter his aim. The blast travelled up Swordman's sword, fatally wounding him. Mantis realized that she really loved Duquesne as he died.

Swordsman's body was buried in a garden maintained by the Priests of Pama near where Mantis had grown up. This garden contained sentient plants known as the Cotati. It was actually the eldest 'tree' that was destined to mate with Mantis. It inhabited Swordman's body and approached Mantis, explaining itself to her. Immortus married the two, then they left Earth transforming into energy. The Celestial Messiah has since been born.

The Swordsman was one of a number of dead Avengers resurrected by the Chaos King, and apparently survived the end of the Chaos War, unlike several of the others in that group.

---

Swordsman: (to Captain Marvel) I don't see the problem here. Can't you all just Hakai Trigon the minute you see him?

Captain Marvel: It's not that simple. Trigon is incredibly powerful and we need all the help we can get if we are to have a chance to stop him. We have to weaken him first before we can do that.

Rarity: Carol is right. This fight is gonna be so intense that we need all the help in the world.

---

Next up was Peter Merkel A.K.A. RAGDOLL!

War Machine and Lola were in Gotham City to get him.

---

**Peter Merkel** despaired of having money. While the Rag Doll remained in hiding, Williams and the Flash departed for the museum to provide the next clue. On their arrival, they were waylaid by the Rag Doll's thugs. The Rag Doll himself drugged Joan with chloroform and stole the remaining clue. With these, he contacted the Ultra-Humanite, a long-standing foe of the Justice Society of America. The Rag Doll became a founding member of the second generation of the Secret Society of Super Villains. The Ultra-Humanite had devised a machine that, for the sacrifice of ten heroes from the Justice Society and Justice League to be held in stasis, (five from each team), all the heroes on Earth would disappear. Each villain then was assigned a target and the Rag Doll took the Flash. After delivering a false tip to the Flash, the Rag Doll ambushed the hero on a freight ship in Keystone Harbor. After luring him into the hold, the Flash learned too late that all he would find there was a bomb, the explosion of which dropped the unconscious hero at the feet of his bizarre adversary.

As the other members of the Secret Society completed their task, the heroes were dispatched to Limbo, clearing Earth of costumed heroes. Unfortunately, the Ultra-Humanite had deceived the Justice League into helping and while the Rag Doll and his colleague waged a massive crime wave, the villains rescued the captured heroes in Limbo.

In the midst of the battle, it seemed that Ragdoll and the Gentleman Ghost betrayed their comrades, running away with the Key. However, Tigress witnessed the return of Johnny Sorrow, a happening which kills Ragdoll, though the ghost was prepared for it as he hands Sorrow his all-important mask. Sorrow then takes the rest of the Injustice Society to safety in the Crooked House, the former abode of Prometheus, and the Society must lick its wounds and curse the loss of the Key. It is revealed that Gentleman Ghost, Wizard and Icicle were expecting Ragdoll to turn on them, so they set him up to die.

---

Ragdoll: (to War Machine) I don't know why this is such a big deal. What you're talking about is only a simulator mission, right?

War Machine: Right. But every simulator adventure is like the real thing. We go into all kinds of worlds all over the fabric of time and space.

Lola: He's right. The Simulator has been our doorway into many worlds all over and they are 100% real.

Ragdoll: Wow. That's… Wow!

---

Lastly, me and Nico were at a local bar to recruit the last of the Czarnians: LOBO!

---

**Lobo** is an anti-hero/anti-villain from DC Comics. He has clashed with superheroes such as Superman but has also occasionally allied with them. He is a bounty hunter who employs ultra-violent methods to deal with his many enemies (being a parody of violent antiheroes found in fiction).

Lobo has the appearance of a musclebound albino male with a biker outfit and great strength as well as virtually immortality - he also has access to advanced weaponry and a hover-bike, later appeared as a reluctant ally of sorts to the Man Of Steel when the two became prisoners of an alien being.

Lobo is famous for being the Czarian who killed all the other Czarnians as the result of a high school science project. He basically "fragged" his own planet.

Lobo was notable as an antagonist in *Superman: The Animated Series* .

Lobo was responsible for killing every other member of his race. He wiped out all life on his entire home planet, Czarnia, later claiming it was his "high school science project" (he gave himself an 'A'), leaving him as the last Czarnian. Since then, Lobo has been a mercenary throughout the galaxy, taking on any quarry so long as he gets paid. He generally refers to himself as "The Main Man". Because of this, he's made a lot of enemies and extremely few, if any, allies.

Not long after Superman made himself known on Earth, Lobo was hired to bring in the universe's last Kryptonian so that the intergalactic Preserver could keep him in safety. Although Lobo was eventually defeated on Earth, Superman pursued the mercenary into space and fell into a trap. Before Lobo could collect, however, he was himself captured by the Preserver by virtue. But Preserver didn't want that Lobo would start to rebel, so he made for him the cell, which is related to his theme, including Alien Robot Girls, who were working as girlfriends. Anyway, Lobo didn't like it and he tried to escape. And when Superman escaped, he was asking Superman to free him. But Superman declined to do that, because Lobo is offender. Then Lobo told him that if Superman will not free him, he will destroy the Earth (and then come after Superman as revenge) once he escapes on his own. Fearing Lobo would be able to break out of his cage one day, Superman felt compelled to free him because he refused to let Lobo destroy the Earth.

Together, he and Superman broke free while also dealing with some old enemies who had a vendetta against him. In the end, Superman took the animals off the ship to his new Fortress of Solitude, while Lobo was able to claim a bounty from Emperor Spooj.

Later on, he crashed in on Queen Maxima, who had been previously trying to make Superman her husband. The presence of Lobo seemed to arouse her interest, although nothing apparently ever came of it.

He later appeared in *Justice League series* . When Superman was disintegrated and 'killed' by Toyman (his matter was actually sent to the future), Lobo gate crashed into the Watchtower and declared himself the new replacement League member. This action was hotly refuted by the other Leaguers and a fight ensued. After being subdued by the other superheroes, Lobo relented and said he'd join the league, as long as he was in charge. Before things could heat up again, the Leaguers received a report of increased violence in Metropolis due to Superman's absence. The Leaguers decided to let Lobo come along, due to the number of thugs running around coupled by the fact that they did not want to leave him alone in the Watchtower while they dealt with the crisis.

During the ensuing battle, Lobo reveled in rampant destruction and defeated Kalibak by piling cars on him until he said 'uncle'. The other Leaguers disapproved and forced him to relent. Once Superman showed up, Lobo was fired despite his enthusiasm that "the whole team was together again, all eight of us". Lobo angrily told them to never bother asking for his help, because he wouldn't give it, and rode away.

---

We found Lobo at a table with a lot of ladies.

Me: Lobo.

He saw us.

Lobo: The famous J.D. Knudson and Nico Chan.

Me: Yep. It's a pleasure to meet you.

Nico: We'll cut right to the chase. We need your help to destroy Raven's father Trigon.

Lobo: So, you want my help against Trigon, right?

Nico: That about sums it up.

Lobo: I got one question first.

Nico: What is it?

Next thing you and I knew, Lobo pointed his gun at us.

Lobo: How stupid do you think I am?!

Nico: (gulps) Um… is that a rhetorical question?

Lobo: Superman probably told you all about me! I knew this trick. You're gonna get me into a position when I'm vulnerable and then, you'll send me to the Warp! Nice try but I'm not going to fall for-

Nico: Lobo, I don't think it's even possible to Hakai you due to you being… well, you.

Me: Nico's right Lobo. Also you are the last Czarnian left and wiping you out would be like wiping out an entire planet. I won't do that to you.

Nico: Yeah. Besides, you are really awesome and funny.

Lobo: Oh. Thank you. I appreciate that. I'll help you out.

---

We regrouped at the Estate.

POW!

Katara just punched Jet in the face.

Jet: Okay. I deserve that.

Katara: J.D. already convinced me to forgive you for your crimes. But that was mainly for getting yourself killed! What were you thinking?

Shiv: I'm with Katara on this one.

Twilight Sparkle: Yeah what the hell were you thinking doing all that?

Laney: Was it all worth it?

Sonic: That's right. Me and my friends are Freedom Fighters but we don't go to extremes like you did.

Tails: That's right!

Me: All right everyone we'll talk about that later. Right now taking down Trigon is our top priority. Lets head to the Simulator.

We went to the Simulator and got ready.

Maria: (to the new recruits) Look, I'm not promising a ride home, but if you're with us, the world needs you guys now.

Me: That's right.

Brain: We're with you all the way guys.

They all agreed.

Me: We also owe you all for helping us destroy that asteroid.

Nico: That's right.

Dark Spicer: Since Trigon's big, I'll use Mega Large to fight him.

Me: Good idea. Are we all ready?

We nodded.

Me: Lets go.

The Simulator Activated and we saw that we were in the apocalyptic world of Earth that Trigon destroyed with his evil. The whole world went to Hell. We gasped in sheer shock and horror. The world was now an Apocalyptic Nightmare.

May: (horrified) It's like all life here is gone.

Me: No kidding. This whole planet went to Hell.

THUNDERCLAP!

The skies were cloudy and red like blood with lightning striking everywhere. All the people were turned to stone, all the oceans were lava and all the buildings were destroyed.

Me: This is a nightmare from Hell 1,000,000-fold.

Princess Cadance: It's like what Sombra would do.

Radiant Hope: No kidding.

Eli: A total nightmare.

We walked around and it was a nightmare.

THUNDERCLAP!

Electro: This place is literally Hell on Earth.

Me: Worse than that Max. This is what Trigon is gonna do to all the planets in all of the Universe if we don't stop him.

Nico: This is a total nightmare.

Vince: No kidding.

THUNDERCLAP!

Laney: This is a catastrophe.

Naruto: It's horrible.

Sunset Shimmer: Yeah.

Rainbow Dash: Look over there!

We saw sitting in Teen Titans Tower like his throne of evil was none other than the ultimate evil himself:

**TRIGON THE TERRIBLE - SUPREME HARBINGER OF HATE**

**AND EVIL!**

---

**Trigon**, also known as **Trigon the Terrible**, is the overarching antagonist of the 2003 series *Teen Titans*, appearing as a minor antagonist in the Season 1 episode "Nevermore" and as the main antagonist of Season 4. He is also one of the two main antagonists (alongside his 2013 incarnation) of the animated direct-to-video film *Teen Titans Go! vs. Teen Titans* . He is Raven's demonic father who seeks to conquer Earth.

In Season 1, he was voiced by Keith Szarabajka. In Season 4, he is voiced by Kevin Michael Richardson, who also played Mammoth in the series, The Joker in *The Batman*, Captain Gantu in the *Lilo and Stitch* franchise, Dark Laser in *The Fairly OddParents*, Temutai in *Kung Fu Panda: Legends of Awesomeness*, Goro in the *Mortal Kombat* game series, Chairman Drek in the *Ratchet & Clank* video game, Black Samurai in *Scooby-Doo! and the Samurai Sword*, Doug the Pimple in *Family Guy*, Tartarus in *Halo 2*, Sarevok Anchev in *Dungeons & Dragons*, Shredder in the 2012 *Teenage Mutant Ninja Turtles* series, Tombstone in *The Spectacular Spider-Man* and Demongo in *Samurai Jack* .

Trigon first appears, unnamed and with a different appearance from his actual introduction, in the season 1 episode "Nevermore" as a manifestation of Raven's anger within her mind.

Trigon later appears as the main antagonist in the fourth season. Trigon resurrects the Titans' foe Slade to force Raven into releasing him upon the Earth. In the three-part finale "The End", Trigon finally emerges and destroys the Earth; the Titans are spared by a fraction of Raven's power, which she had given them before releasing Trigon.

While Robin and Slade find raven Trigon uses Nega Beast Boy, Nega Cyborg, and Nega Starfire to attack their good selves. The 3 titans win by outsmarting their evil copies. Slade gets his flesh back by killing The Guard.

The Teen Titans are joined by Slade, so they launch an all-out assault on Trigon, but are ultimately too weak to defeat him. In the end, it is Raven who defeats him, using her own powers to obliterate Trigon, undoing the destruction he had caused in the process and the potential conquest of every world in the cosmos by his demonic followers.

---

Me: There he is.

Snake: Dude, Trigon really is big!

Me: And he's ultimate evil personified.

Lincoln: I remember that.

Janeen: He's just as big as he was when we fought him in Shanan's Babysitting adventure.

Linka: This is gonna be intense. But I have a feeling he is not alone.

?: You are right indeed my old friends.

Tara recognized that voice and out of the Shadows came SLADE WILSON A.K.A. DEATHSTROKE!

---

**Slade Joseph Wilson**, known simply by his first name **Slade**, is the main antagonist of the 2003 animated action series *Teen Titans* . He is a ruthless criminal mastermind bent on taking over Jump City and destroying the Teen Titans. He is the series' version of Deathstroke the Terminator and the archenemy of Robin.

He serves as the main antagonist of Seasons 1 and 2, a posthumous antagonist in Season 3, the secondary antagonist of Season 4 and the final antagonist of Season 5.

He was voiced by Ron Perlman, who also voiced the character in *Justice League: The Flashpoint Paradox*, Xibalba in *The Book of Life*, the High Mage in the 2003 *Teenage Mutant Ninja Turtles* cartoon series, the Lich in *Adventure Time*, Kago in Disney's *Tarzan*

*II*, Warhok in *Kim Possible*, the Stabbington Brothers in *Tangled*, Fire Lord Sozin in *Avatar: The Last Airbender*, Clayface in *Batman: The Animated Series*, Rumor in *The Batman*, and Mr. Grasping from *An American Tail: The Treasure of Manhattan Island* .

Slade plays a main role as one of the biggest villains in the animated series. His first appearance is "Divide And Conquer" and/or "Final Exam" where he first appears as a silhouetted figure hidden in shadow. In "Divide And Conquer", Slade sends Cinderblock to free Plasmus from jail, as well as other criminals. After Cinderblock and Plasmus were defeated and sent back to jail, Slade then hired Gizmo, Jinx, and Mammoth to defeat the Teen Titans, who were then defeated although they took over their tower for a while.

In "Forces of Nature", Slade disguised himself as an old man and convinced Thunder and Lighting to work for him until the two brothers realized that their "fun" was harmful and wrong (thanks to Beast Boy teaching them a lesson). Robin fought the disguised Slade while the other Titans took out the flame monster. After Robin kicked Slade's face, his real face was revealed. Slade then vanished into thin air.

In the episode "Masks", Robin searches obsessively for Slade's identity, going so far as to create a new villain persona known as "Red X" to propose a partnership with Slade. Slade, however, was aware that Robin was Red X all along and the two do battle, with Slade escaping yet again.

In the episodes "Apprentice: Parts 1 and 2", he tricks and forces Robin into being his apprentice. When Robin refuses to work for him, Slade threatens to destroy Robin's friends with nanobots of his own design hidden within their bodies. Robin defeated Slade by placing the same nanobots into his system, telling Slade that if he killed his friends he would also lose his current apprentice, Robin. Rather than wipe out the Titans in one blow and have nothing left standing in his way, Slade chose to shut down the nanobots and in doing so allowed Robin to attack him and break half his mask off. Slade brought his entire lair down and escaped once again.

Slade returns in Season 2, where he discovered a girl named Terra, blessed and cursed with tremendous power. Despite the Titans' initial warnings to Terra about Slade's evil, Slade helped Terra learn to control her powers and convinced her to be his apprentice. In the end, after helping Slade conquer Jump City and "destroy" the Titans, Slade's abuse allowed her conscience to win out, and Terra betrayed Slade, sending him to his doom in a pool of lava.

Sometime after the final battle with Slade, Robin (still obsessed with Slade) inhaled a hallucinogen drug (in dust form) released from Slade's cracked mask. After Robin was knocked out by Cinderblock, he notices Slade approaching, but every time Robin attacked him, Slade didn't have a scratch on him (because actually he was a figment of Robin's imagination), and Robin couldn't even touch him. Robin's friends couldn't see Slade, because only Robin could; Slade was a hallucination. Robin gets beaten up by Slade, receiving a lot of bruises. Robin's friends try to explain to Robin that Slade is not there, but Robin (who was still angry) threatened to take down his friends if he got in his way, but Starfire knocks him out. Back at the tower, Slade continues to haunt Robin's mind, and Robin continued to fight a losing battle. Just as all hope is lost, the flickering lights made Slade disappear. Robin believed in his friends that Slade is not real, and switched on the lights, and the Slade hallucination vanished completely.

In the fourth season, Slade surprisingly returned, now sporting the S-shaped Mark of Scath on his forehead. Slade had gained new, demonic pyrokinetic powers, flight and invincibility. It is later revealed that, after Terra killed him, he met Trigon the Terrible, Raven's demonic father, in Hell and was resurrected by him.

After Raven sacrificed herself to release Trigon, Robin had no choice but to join forces with Slade to look for Raven. The two traveled to Hell, where it was revealed that Slade was existing only as a reanimated corpse. After Slade delivered Raven to him, Trigon reneged on their deal and refused to give Slade his mortal body back. After parting ways with Robin, Slade then came face-to-face with a demonic guard and stole his weapon after destroying him and regaining his mortal body. Slade then aided the Titans in their final battle against Trigon, only for the demon to blast Slade away. He was never seen again after this, though Robin vowed that if he ever showed up again, they would be ready.

Although he does not make an appearance in the final battle between the Brotherhood of Evil and the Teen Titans (likely due to refusing the offer of being a member of the Brotherhood of Evil), Slade does appear again in the last episode of the series, taunting Beast Boy about how the seemingly revived Terra no longer wants anything to do with him. After an intense battle, this Slade is revealed to be a robot duplicate, though its existence revealed that the real Slade is still alive and active.

---

Robin: SLADE!

Tara: (Enraged) SLADE!

Me: Slade. I might have known you would be here!

Robo Blaze: (grabs Slade by the throat) Sorry, Slade. We're gonna have to kill you quickly. We've got bigger things to worry about right now.

Slade: You want to deal with Trigon. Just like you want to kill me.

Tara: I will make you pay for everything you've done to me!

The Mark of Scath then appeared in the middle of Tara's forehead!

Slade saw this and he was shocked as Hell!

Slade: The Mark of Scath!? But how!?

Tara fired a fire blast at Slade and it hit him and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion sent him crashing through a wall and into a building.

Slade got up and Firefly just shot Slade in the shoulder with his heat lasers, knocking him down.

Firefly: Either we really are stronger then you or you don't have the powers that Trigon gave you.

Me: Trigon took away his powers from what I remember because Raven went with Slade on her own free will.

Robin: That's right. Trigon double-crossed him.

Tara: Then this will be easy. Slade ruined my life and now I'm going to make sure he never comes back again.

Troy: Let us help you, Tara!

Megaforce Rangers: Legendary Ranger Mode: Starforce Pentasquad!

The Megaforce Rangers turned into the Fiveman Rangers and the Rangers and the Titans went at Slade!

Tara, Starfire, Raven and Cyborg blasted him all over the place with indiscriminate fury and they all blasted him all over the place with incredible fury.

Tara: This is for ruining my life and my friends! SUPER HAKAI!

Tara fired a blast of purple energy and it hit Slade and obliterated him in a massive amount of energy and obliterated him forever. He was not in the Warp or the Afterlife. He was destroyed forever as if he was never born at all. The Slade that was Banished to the Warp felt the same thing happen to him and he was gone too.

Tara: Good riddance.

Nico: Yeah.

Me: Now that he is out of the way it's time for the ultimate showdown.

We went to face Trigon.

*(Dissolve to a stretch of the shore, the camera pointing out over Jump City Bay. Lightning crackles here and there during a pan to the Tower; dissolve to a close-up of the blasted structure, against which Trigon is leaning to rest. Another strike, and the camera has moved even closer; the next flash leads to a very clear view of his*

*composed face and its four closed eyes. Finally, he straightens up, another lightning bolt outlining him with a lurid red glare, and wakes up from his nap. The right hand is lifted and the little finger extended to slice a ragged gash in the clouds, exposing the starry blue-black of outer space beyond. Extreme close-up of his mouth in profile.)*

**Trigon** : **Go forth and conquer!** *(Pull back slowly; fire demons fly up as he continues.)* **One by one, worlds shall fall, until every being in this entire dimension bows down to worship Trigon the Terrible!**

*(On the latter part of this line, cut to a patch of lava and tilt back up to frame him as the troops swarm out through the rent in the clouds. When they have all gone, it seals itself and lightning cracks down behind him)*

Me: TRIGON!

Trigon saw us all and we were ready to fight him!

Trigon: **So the fools of Team Loud Phoenix Storm and Raven's Foolish Friends are with her. How futile.**

Me: We're taking back our planet Trigon!

Emma: Actually, we do have 4 last words.

Eli: Lets do it! EARTH STYLE NINJA ART: TYRANNOSAURUS REX!

Eli fired a wave of earth by punching the ground and it formed into the meanest dinosaur that ever lived from 68 million years ago: Tyrannosaurus Rex!

---

Tyrannosaurus is a genus of coelurosaurian theropod dinosaur. The species Tyrannosaurus rex, often called T. rex or colloquially T-Rex, is one of the most well-represented of the large theropods. Tyrannosaurus lived throughout what is now western North America, on what was then an island continent known as Laramidia. Tyrannosaurus had a much wider range than other tyrannosaurids. Fossils are found in a variety of rock formations dating to the Maastrichtian age of the upper Cretaceous period, 68 to 66 million years ago. It was the last known member of the tyrannosaurids, and among the last non-avian dinosaurs to exist before the Cretaceous-Paleogene extinction event.

Like other tyrannosaurids, Tyrannosaurus was a bipedal carnivore with a massive skull balanced by a long, heavy tail. Relative to its large and powerful hind limbs, Tyrannosaurus forelimbs were short but unusually powerful for their size and had two clawed digits. The most complete specimen measures up to 12.3 meters (40 feet) in length though T. rex could grow to lengths of over 12.3 m (40 ft), up to 3.66 m (12 ft) tall at the hips, and according to most modern estimates 8.4 metric tons (9.3 short tons) to 14 metric tons (15.4 short tons) in weight. Although other theropods rivaled or exceeded Tyrannosaurus rex in size, it is still among the largest known land predators and is estimated to have exerted the strongest bite force among all terrestrial animals. By far the largest carnivore in its environment, Tyrannosaurus rex was most likely an apex predator, preying upon hadrosaurs, armored herbivores like ceratopsians and ankylosaurs, and possibly sauropods. Some experts have suggested the dinosaur was primarily a scavenger. The question of whether Tyrannosaurus was an apex predator or a pure scavenger was among the longest debates in paleontology. Most paleontologists today accept that Tyrannosaurus was both an active predator and a scavenger.

Hunter: (German Accent) INFERNO STYLE NINJA ART: SPINOSAURUS!

Hunter fired a wave of black fire and it formed into the largest and meanest carnivorous dinosaur that ever lived from 112 million years ago in Egypt: Spinosaurus!

---

Spinosaurus (meaning "spine lizard") is a genus of spinosaurid dinosaur that lived in what now is North Africa during the upper Albian to upper Turonian stages of the Cretaceous period, about 112 to 93.5 million years ago. This genus was known first from Egyptian remains discovered in 1912 and described by German paleontologist Ernst Stromer in 1915. The original remains were destroyed in World War II, but additional material has come to light in the early 21st century. It is unclear whether one or two species are represented in the fossils reported in the scientific literature. The best known species is S. aegyptiacus from Egypt, although a potential second species, S. maroccanus, has been recovered from Morocco. The contemporary spinosaurid genus Sigilmassasaurus has also been synonymized by some authors with S. aegyptiacus, though other researchers propose it to be a distinct taxon. Another possible junior synonym is Oxalaia from the Alcântara Formation in Brazil.

Spinosaurus was among the largest of all known carnivorous dinosaurs, nearly as large as or even larger than other theropods such as Tyrannosaurus, Giganotosaurus and Carcharodontosaurus. Estimates published in 2005, 2007, and 2008 suggested that it was between 12.6 to 18 meters (41 to 59 ft) in length and 7 to 20.9 metric tons (7.7 to 23.0 short tons) in weight. New estimates published in 2014 and 2018, based on a more complete specimen, supported the earlier research, finding that Spinosaurus could reach lengths of 15 to 16 meters (49 to 52 ft). The latest estimates suggest a weight of 6.4 to 7.5 metric tons (7.1 to 8.3 short tons). The skull of Spinosaurus was long, low and narrow, similar to that of a modern crocodilian, and bore straight conical teeth with no serrations. It would have had large, robust forelimbs bearing three-fingered hands, with an enlarged claw on the first digit. The distinctive neural spines of Spinosaurus, which were long extensions of the vertebrae (or backbones), grew to at least 1.65 meters (5.4 ft) long and were likely to have had skin connecting them, forming a sail-like structure, although some authors[who?] have suggested that the spines were covered in fat and formed a hump. Spinosaurus's hip bones were reduced, and the legs were very short in proportion to the body. Its long and narrow tail was deepened by tall, thin neural spines and elongated chevrons, forming a flexible fin or paddle-like structure.

Axel Adell: (Swedish Accent) ICE STYLE NINJA ART: WOOLLY MAMMOTH!

Axel fired a wave of ice and it formed into the famous and widely known ancestral elephants from 800,000 years ago: The Woolly Mammoth.

---

The woolly mammoth (Mammuthus primigenius) is an extinct species of mammoth that lived during the Pleistocene until its extinction in the Holocene epoch. It was one of the last in a line of mammoth species, beginning with Mammuthus subplanifrons in the early Pliocene. The woolly mammoth began to diverge from the steppe mammoth about 800,000 years ago in East Asia. Its closest extant relative is the Asian elephant. The appearance and behaviour of this species are among the best studied of any prehistoric animal because of the discovery of frozen carcasses in Siberia and Alaska, as well as skeletons, teeth, stomach contents, dung, and depiction from life in prehistoric cave paintings. Mammoth remains had long been known in Asia before they became known to Europeans in the 17th century. The origin of these remains was long a matter of debate, and often explained as being remains of legendary creatures. The mammoth was identified as an extinct species of elephant by Georges Cuvier in 1796.

The woolly mammoth was roughly the same size as modern African elephants. Males reached shoulder heights between 2.7 and 3.4 m (8.9 and 11.2 ft) and weighed up to 6 metric tons (6.6 short tons). Females reached 2.6-2.9 m (8.5-9.5 ft) in shoulder heights and weighed up to 4 metric tons (4.4 short tons). A newborn calf weighed about 90 kg (200 lb). The woolly mammoth was well adapted to the cold environment during the last ice age. It was covered in fur, with an outer covering of long guard hairs and a shorter undercoat. The colour of the coat varied from dark to light. The ears and tail were short to minimise frostbite and heat loss. It had long, curved tusks and four molars, which were replaced six times during the lifetime of an individual. Its behaviour was similar to that of modern elephants, and it used its tusks and trunk for manipulating objects, fighting, and foraging. The diet of the woolly mammoth was mainly grasses and sedges. Individuals could probably reach the age of 60. Its habitat was the mammoth steppe, which stretched across northern Eurasia and North America.

The woolly mammoth coexisted with early humans, who used its bones and tusks for making art, tools, and dwellings, and the species was also hunted for food. It disappeared from its mainland range at the end of the Pleistocene 10,000 years ago. Isolated populations survived on St. Paul Island until 5,600 years ago and on Wrangel Island until 4,000 years ago. After its extinction, humans continued using its ivory as a raw material, a tradition that continues today. With a genome project for the mammoth completed in 2015, it has been proposed the species could be revived through various means, but none of the methods proposed are yet feasible.

Dana: ICE STYLE NINJA ART: SABER-TOOTH CAT!

Dana fired a wave of ice and it formed into the ancestral cats of 42 million years ago: The Saber-Toothed Cats!

---

A saber-toothed cat (alternatively spelled sabre-toothed cat) is any member of various extinct groups of predatory mammals that are characterized by long, curved saber-shaped canine teeth which protruded from the mouth even when closed. The saber-toothed cats have been found almost worldwide from the Eocene epoch to the end of the Pleistocene epoch 42 million years ago (mya) - 11,000 years ago (kya). The first saber-toothed cat fossil in Canada was found in Medicine Hat, Alberta.

One of the best-known genera is Smilodon, species of which, especially S. fatalis, are popularly, but incorrectly, referred to as "saber-toothed tigers". However, usage of the word cat is in some cases a misnomer, as many species referred to as saber-toothed "cats" are not closely related to modern cats (Felidae). Instead, many are members are classified into different families of Feliformia, such as Barbourofelidae and Nimravidae; the oxyaenid "creodont" genera Machaeroides and Apataelurus; and two extinct lineages of metatherian mammals, the thylacosmilids of Sparassodonta, and deltatheroideans, which are more closely related to marsupials. In this regard, saber-toothed cats can be viewed as examples of convergent evolution. This convergence is remarkable due not only to the development of elongated canines, but also a suite of other characteristics, such as a wide gape and bulky forelimbs, which is so consistent that it has been termed the "saber-tooth suite."

Of the feliform lineages, the family Nimravidae is the oldest, entering the landscape around 42 mya and becoming extinct by 7.2 mya. Barbourofelidae entered around 16.9 mya and were extinct by 9 mya. These two would have shared some habitats.

Lana: ICE STYLE NINJA ART: WOOLLY RHINOCEROS!

Lana fired a wave of ice and it formed into the Ice Age ancestors of modern day Rhinoceroses from 3.6 Million years ago: The Woolly Rhinoceros!

---

The woolly rhinoceros (Coelodonta antiquitatis) is an extinct species of rhinoceros that was common throughout Europe and northern Asia during the Pleistocene epoch and survived until the end of the last glacial period. The woolly rhinoceros was a member of the Pleistocene megafauna.

The woolly rhinoceros was covered with thick and long hair, which allowed it to survive in the extremely cold, harsh mammoth steppe. It also had a massive hump reaching from its shoulder. It fed mainly on herbaceous plants that grew in the steppe.

Mummified carcasses preserved in permafrost and many bone remains of woolly rhinoceroses have been found. Images of woolly rhinoceroses are found among cave paintings in Europe and Asia.

Killer Frost: ICE STYLE NINJA ART: IRISH ELK!

Killer Frost fired a wave of ice and it formed into the largest deer ever known that lived 2.5 million years ago: The Irish Elk.

---

The Irish elk (Megaloceros giganteus) also called the giant deer or Irish deer, is an extinct species of deer in the genus Megaloceros and is one of the largest deer that ever lived. Its range extended across Eurasia during the Pleistocene, from Ireland to Lake Baikal in Siberia. The most recent remains of the species have been carbon dated to about 7,700 years ago in Siberia.

Although abundant skeletal remains have been found in bogs in Ireland, the animal was not exclusive to Ireland nor closely related to either of the living species currently called elk: Alces alces (the European elk, known in North America as the moose) or Cervus canadensis (the North American elk or wapiti). For this reason, the name "giant deer" is used in some publications, instead of "Irish elk". Although one study suggested that the Irish elk was closely related to the red deer (Cervus elaphus), most other phylogenetic analyses support that their closest living relatives are fallow deer (Dama dama).

Maggie: ICE STYLE NINJA ART: SHORT-FACED BEAR!

Maggie fired a wave of ice and it formed into the Ice Age bear from 1.8 million years ago: The Short-Faced Bear.

---

The short-faced bear (Arctodus sp.) is an extinct bear genus that inhabited North America during the Pleistocene epoch from about 1.8 Mya until 11,000 years ago. It was the most common early North American bear and was most abundant in California. There are two recognized species: the lesser short-faced bear (Arctodus pristinus) and the giant short-faced bear (Arctodus simus), with the latter considered to be one of the largest known terrestrial mammalian carnivores that has ever existed. It has been hypothesized that their extinction coincides with the Younger Dryas period of global cooling commencing around 10,900 BC.

Khalyaka: (India Accent) EARTH STYLE NINJA ART: TARBOSAURUS BABAAR!

Khalyaka fired a wave of earth and it formed into the terrible theropod of 70 million years ago: Tarbosaurus!

---

Tarbosaurus (meaning "alarming lizard") is a genus of tyrannosaurid theropod dinosaur that flourished in Asia about 70 million years ago, at the end of the Late Cretaceous Period, considered to contain a single known species, Tarbosaurus bataar. Fossils have been recovered in Mongolia, with more fragmentary remains found further afield in parts of China.

Although many species have been named, modern paleontologists recognize only one, T. bataar, as valid. Some experts see this species as an Asian representative of the North American genus Tyrannosaurus; this would make the genus Tarbosaurus redundant. Tarbosaurus and Tyrannosaurus, if not synonymous, are considered to be at least closely related genera. Alioramus, also from Mongolia, has previously been thought by some authorities to be the closest relative of Tarbosaurus, though this has since been disproven with the discovery of Qianzhousaurus and the description of the Alioramini.

Like most known tyrannosaurids, Tarbosaurus was a large bipedal predator, weighing up to 5 metric tons (5.5 short tons) and equipped with about sixty large teeth. It had a unique locking mechanism in its lower jaw and the smallest forelimbs relative to body size of all tyrannosaurids, renowned for their disproportionately tiny, two-fingered forelimbs.

Tarbosaurus lived in a humid floodplain criss-crossed by river channels. In this environment, it was an apex predator, probably preying on other large dinosaurs like the hadrosaur Saurolophus or the sauropod Nemegtosaurus. Tarbosaurus is represented by dozens of fossil specimens, including several complete skulls and skeletons. These remains have allowed scientific studies focusing on its phylogeny, skull mechanics, and brain structure.

Lynn: EARTH STYLE NINJA ART: APATOSAURUS!

Lynn fired a wave of Earth and it formed into the famous sauropod from 158 million years ago: Apatosaurus!

---

Apatosaurus is a genus of herbivorous sauropod dinosaur that lived in North America during the Late Jurassic period. Othniel Charles Marsh described and named the first-known species, A. ajax, in 1877, and a second species, A. louisae, was discovered and named by William H. Holland in 1916. Apatosaurus lived about 152 to 151 million years ago (mya), during the late Kimmeridgian to early Tithonian age, and are now known from fossils in the Morrison Formation of modern-day Colorado, Oklahoma, New Mexico, Wyoming, and Utah in the United States. Apatosaurus had an average length of 21-22.8 m (69-75 ft), and an average mass of 16.4-22.4 t (16.1-22.0 long tons; 18.1-24.7 short tons). A few specimens indicate a maximum length of 11-30% greater than average and a mass of 32.7-72.6 t (32.2-71.5 long tons; 36.0-80.0 short tons).

The cervical vertebrae of Apatosaurus are less elongated and more heavily constructed than those of Diplodocus, a diplodocid like Apatosaurus, and the bones of the leg are much stockier despite being longer, implying that Apatosaurus was a more robust animal. The tail was held above the ground during normal locomotion. Apatosaurus had a single claw on each forelimb and three on each hindlimb. The Apatosaurus skull, long thought to be similar to Camarasaurus, is much more similar to that of Diplodocus. Apatosaurus was a generalized browser that likely held its head elevated. To lighten its vertebrae, Apatosaurus had air sacs that made the bones internally full of holes. Like that of other diplodocids, its tail may have been used as a whip to create loud noises.

The skull of Apatosaurus was confused with that of Camarasaurus and Brachiosaurus until 1909, when the holotype of A. louisae was found, and a complete skull just a few meters away from the front of the neck. Henry Fairfield Osborn disagreed with this association, and went on to mount a skeleton of Apatosaurus with a Camarasaurus skull cast. Apatosaurus skeletons were mounted with speculative skull casts until 1970, when McIntosh showed that more robust skulls assigned to Diplodocus were more likely from Apatosaurus.

Apatosaurus is a genus in the family Diplodocidae. It is one of the more basal genera, with only Amphicoelias and possibly a new, unnamed genus more primitive. While the subfamily Apatosaurinae was named in 1929, the group was not used validly until an extensive 2015 study. Only Brontosaurus is also in the subfamily, with the other genera being considered synonyms or reclassified as diplodocines. Brontosaurus has long been considered a junior synonym of Apatosaurus; its type species was reclassified as A. excelsus in 1903. A 2015 study concluded that Brontosaurus is a valid genus of sauropod distinct from Apatosaurus, but not all paleontologists agree with this division. As it existed in North America during the late Jurassic, Apatosaurus would have lived alongside dinosaurs such as Allosaurus, Camarasaurus, Diplodocus, and Stegosaurus.

Laney: FOREST STYLE NINJA ART: DIPLODOCUS!

Laney fired a wave of trees and leaves and it formed into the famous sauropod from 154 million years ago: Diplodocus!

---

Diplodocus is a genus of diplodocid sauropod dinosaurs whose fossils were first discovered in 1877 by S. W. Williston. The generic name, coined by Othniel Charles Marsh in 1878, is a neo-Latin term derived from Greek διπλός (diplos) "double" and δοκός (dokos) "beam", in reference to the double-beamed chevron bones located in the underside of the tail, which were then considered unique.

This genus of dinosaurs lived in what is now mid-western North America at the end of the Jurassic period. It is one of the more common dinosaur fossils found in the middle to upper Morrison Formation, between about 154 and 152 million years ago, during the late Kimmeridgian age. The Morrison Formation records an environment and time dominated by gigantic sauropod dinosaurs, such as Apatosaurus, Barosaurus, Brachiosaurus, Brontosaurus, and Camarasaurus. Its great size may have been a deterrent to the predators Allosaurus and Ceratosaurus: their remains have been found in the same strata, which suggests that they coexisted with Diplodocus.

Diplodocus is among the most easily identifiable dinosaurs, with its typical sauropod shape, long neck and tail, and four sturdy legs. For many years, it was the longest dinosaur known.

May: ICE STYLE NINJA ART: LEAELLYNASAURA!

May fired a wave of ice and it formed into the Australian dinosaur from 118 million years ago: Leaellynasaura!

---

Leaellynasaura is a genus of small herbivorous ornithischian dinosaurs from the Albian stage of the Early Cretaceous (dated to between 118 and 110 million years ago), first discovered in Dinosaur Cove, Australia. The only known species is Leaellynasaura amicagraphica. It was described in 1989, and named after Leaellyn Rich, the daughter of the Australian palaeontologist couple Tom Rich and Patricia Vickers-Rich who discovered it. The specific name, amicagraphica, translates to "friend writing" and honours both the Friends of the Museum of Victoria and the National Geographic Society for their support of Australian paleontology.

Lori: WIND STYLE NINJA ART: ALLOSAURUS!

Lori fired a wave of wind and it formed into the vicious theropod from 155 million years ago: Allosaurus!

---

Allosaurus is a genus of carnivorous theropod dinosaur that lived

155 to 145 million years ago during the late Jurassic period (Kimmeridgian to late Tithonian). The name "Allosaurus" means "different lizard" alluding to its unique concave vertebrae (at the time of its discovery). It is derived from the Greek ἄλλος (allos) ("different, other") and σαῦρος (sauros) ("lizard / generic reptile"). The first fossil remains that could definitively be ascribed to this genus were described in 1877 by paleontologist Othniel Charles Marsh. As one of the first well-known theropod dinosaurs, it has long attracted attention outside of paleontological circles.

Allosaurus was a large bipedal predator. Its skull was large and equipped with dozens of sharp, serrated teeth. It averaged 9.5 meters (31 ft) in length, though fragmentary remains suggest it could have reached over 12 m (39 ft). Relative to the large and powerful hindlimbs, its three-fingered forelimbs were small, and the body was balanced by a long and heavily muscled tail. It is classified as an allosaurid, a type of carnosaurian theropod dinosaur. The genus has a complicated taxonomy, and includes three valid species, the best known of which is A. fragilis. The bulk of Allosaurus remains have come from North America's Morrison Formation, with material also known from Portugal. It was known for over half of the 20th century as Antrodemus, but a study of the copious remains from the Cleveland-Lloyd Dinosaur Quarry brought the name "Allosaurus" back to prominence and established it as one of the best-known dinosaurs.

As the most abundant large predator in the Morrison Formation, Allosaurus was at the top of the food chain, probably preying on contemporaneous large herbivorous dinosaurs, and perhaps other predators. Potential prey included ornithopods, stegosaurids, and sauropods. Some paleontologists interpret Allosaurus as having had cooperative social behavior, and hunting in packs, while others believe individuals may have been aggressive toward each other, and that congregations of this genus are the result of lone individuals feeding on the same carcasses.

Leni: WATER STYLE NINJA ART: OMEISAURUS!

Leni fired a wave of water and it formed into one of the largest dinosaurs from 173 million years ago: Omeisaurus!

---

Omeisaurus (meaning "Omei lizard") is a genus of sauropod dinosaur from the Middle Jurassic Period (Bathonian-Callovian stage) of what is now China. Its name comes from Mount Emei, where it was discovered in the lower Shaximiao Formation of Sichuan Province.

Like other sauropods, Omeisaurus was herbivorous and large. It measured 20.2 metres (66 ft) long, and weighed 9.8 tonnes.

Luna: WATER STYLE NINJA ART: SUCHOMIMUS!

Luna fired a wave of water and it formed into the ferocious spinosaurid dinosaur from 125 million years ago: Suchomimus!

---

Suchomimus (meaning "crocodile mimic") is a genus of spinosaurid dinosaur that lived between 125 and 112 million years ago in what is now Niger, during the Aptian to early Albian stages of the Early Cretaceous period. The animal was named and described by palaeontologist Paul Sereno and colleagues in 1998, based on a partial skeleton from the Erlhaz Formation. Suchomimus's long and shallow skull, similar to that of a crocodile, earns it its generic name, while the specific name Suchomimus tenerensis alludes to the locality of its first remains, the Ténéré Desert.

Suchomimus was 9.5 to 11 metres (31 to 36 feet) long and weighed between 2.5 to 5.2 tonnes (2.8 to 5.7 short tons), although the holotype specimen may not have been fully grown. Suchomimus's narrow skull was perched on a short neck, and its forelimbs were powerfully built, bearing a giant claw on each thumb. Along the midline of the animal's back ran a low dorsal sail, built from the long neural spines of its vertebrae. Like other spinosaurids, it likely had a diet of fish and small prey animals.

Some palaeontologists consider the animal to be an African species of the European spinosaurid Baryonyx, B. tenerensis. Suchomimus might also be a junior synonym of the contemporaneous spinosaurid Cristatusaurus lapparenti, although the latter taxon is based on much more fragmentary remains. Suchomimus lived in a fluvial environment of vast floodplains alongside many other dinosaurs, in addition to pterosaurs, crocodylomorphs, fish, turtles, and bivalves.

Stella: SCORCH STYLE NINJA ART: OURANOSAURUS!

Stella fired a wave of fire and it formed into the Iguanodont from 100 million years ago: Ouranosaurus.

---

Ouranosaurus is a genus of herbivorous iguanodont dinosaur that lived during the Aptian stage of the Early Cretaceous of modern-day Niger. Ouranosaurus measured about 7 to 8.3 metres (23 to 27 ft) long. Two rather complete fossils were found in the Elrhaz Formation, Gadoufaoua deposits, Agadez, Niger, in 1965 and 1970. The animal was named in 1976 by French paleontologist Philippe Taquet; the type species being Ouranosaurus nigeriensis. The name is a combination of the Arabic word for "courage" and the country of discovery, although ourane is also the Tuareg name for the desert monitor.

Becca Chang: WATER STYLE NINJA ART: TITANOBOA!

Becca fired a wave of water that formed into the Colombian giant snake from 60 million years ago: Titanoboa!

---

Titanoboa (/tiˌtɑːnoʊˈboʊə/) is an extinct genus of very large snakes that lived in what is now La Guajira in northeastern Colombia. They could grow up to 12.8 m (42 ft) long and reach a weight of 1,135 kg (2,500 lb).

Fossils of Titanoboa have been found in the Cerrejón Formation, and date to around 58 to 60 million years ago. The giant snake lived during the Middle to Late Paleocene epoch, a 10-million-year period immediately following the Cretaceous-Paleogene extinction event.

The only known species is Titanoboa cerrejonensis, the largest snake ever discovered, which supplanted the previous record holder, Gigantophis.

Syd: WATER STYLE NINJA ART: OPHTHALMOSAURUS!

Syd fired a wave of water and it formed into the Ichthyosaur from 165 million years ago: Ophthalmosaurus!

---

Ophthalmosaurus (meaning "eye lizard" in Greek) is an ichthyosaur of the Middle Jurassic period (165-160 million years ago), named for its extremely large eyes. It had a graceful 6 m (19.5 ft) long dolphin-shaped body, and its almost toothless jaw was well adapted for catching squid. Major fossil finds of this genus have been recorded in Europe and North and South America.

Girl Jordan: WATER STYLE NINJA ART: ELASMOSAURUS!

Girl Jordan fired a wave of water and it formed into the huge long-necked plesiosaurus from 80.5 million years ago: Elasmosaurus!

---

Elasmosaurus is a genus of plesiosaur that lived in North America during the Campanian stage of the Late Cretaceous period, about 80.5 million years ago. The first specimen was discovered in 1867 near Fort Wallace, Kansas, US, and was sent to the American paleontologist Edward Drinker Cope, who named it E. platyurus in 1868. The generic name means "thin-plate reptile", and the specific name means "flat-tailed". Cope originally reconstructed the skeleton of Elasmosaurus with the skull at the end of the tail, an error which was made light of by the paleontologist Othniel Charles Marsh, and became part of their "Bone Wars" rivalry. Only one incomplete Elasmosaurus skeleton is definitely known, consisting of a fragmentary skull, the spine, and the pectoral and pelvic girdles, and a single species is recognized today; other species are now considered invalid or have been moved to other genera.

Measuring 10.3 meters (34 ft) long, Elasmosaurus would have had a streamlined body with paddle-like limbs, a short tail, a small head, and an extremely long neck. The neck alone was around 7.1 meters (23 ft) long. Along with its relative Albertonectes, it was one of the longest-necked animals to have lived, with the largest number of neck vertebrae known, 72. The skull would have been slender and triangular, with large, fang-like teeth at the front, and smaller teeth towards the back. It had six teeth in each premaxilla of the upper jaw, and may have had 14 teeth in the maxilla and 19 in the dentary of the lower jaw. Most of the neck vertebrae were compressed sideways, and bore a longitudinal crest or keel along the sides.

The family Elasmosauridae was based on the genus Elasmosaurus, the first recognized member of this group of long-necked plesiosaurs. Elasmosaurids were well adapted for aquatic life, and used their flippers for swimming. Contrary to earlier depictions, their necks were not very flexible, and could not be held high above the water surface. It is unknown what their long necks were used for, but they may have had a function in feeding. Elasmosaurids probably ate small fish and marine invertebrates, seizing them with their long teeth, and may have used gastroliths (stomach stones) to help digest their food. Elasmosaurus is known from the Pierre Shale formation, which represents marine deposits from the Western Interior Seaway.

SpongeBob: WATER STYLE NINJA ART: LIOPLEURODON!

SpongeBob fired a wave of water and it formed into the ferocious marine reptile from 166 million years ago: Liopleurodon!

---

Liopleurodon (/ˌlaɪoʊˈplʊərədɒn/; meaning 'smooth-sided teeth') is a genus of large, carnivorous marine reptile belonging to the Pliosauroidea, a clade of short-necked plesiosaurs. The two species of Liopleurodon lived from the Callovian Stage of the Middle Jurassic to the Kimmeridgian stage of the Late Jurassic Period (c. 166 to 155 mya). It was the apex predator of the Middle to Late Jurassic seas that covered Europe. The largest species, L. ferox, is estimated to have grown up to 6.4 metres (21 ft) in length.

The name "Liopleurodon" (meaning "smooth-sided tooth") derives from Ancient Greek words: λεῖος leios, "smooth"; πλευρά pleurá, "side" or "rib"; and ὀδόν odṓn, "tooth".

Salar: (Arabic Accent) FIRESTORM STYLE NINJA ART: GALLIMIMUS!

Salar fired a massive wave of fire and it formed into a herd of the ostrich-like egg-eaters from 70 million years ago: Gallimimus!

---

Gallimimus (/ˌɡælɪˈmaɪməs/ GAL-i-MY-məs) is a genus of theropod dinosaur that lived in what is now Mongolia during the Late Cretaceous period, about seventy million years ago (mya). Several fossils in various stages of growth were discovered by Polish-Mongolian expeditions in the Gobi Desert of Mongolia during the 1960s; a large skeleton discovered in this region was made the holotype specimen of the new genus and species Gallimimus bullatus in 1972. The generic name means "chicken mimic", referring to the similarities between its neck vertebrae and those of the Galliformes. The specific name is derived from bulla, a gold capsule worn by Roman youth, in reference to a bulbous structure at the base of the skull of Gallimimus. At the time it was named, the fossils of Gallimimus represented the most complete and best preserved ornithomimid ("ostrich dinosaur") material yet discovered, and the genus remains one of the best known members of the group.

Gallimimus is the largest known ornithomimid; adults were about 6 metres (20 ft) long, 1.9 metres (6 ft 3 in) tall at the hip and weighed about 440 kilograms (970 lb). As evidenced by its relative Ornithomimus, it would have had feathers. The head was small and light with large eyes that faced to the sides. The snout was long compared to other ornithomimids, although it was broader and more rounded at the tip than in other species. Gallimimus was toothless with a keratinous (horny) beak, and had a delicate lower jaw. Many of the vertebrae had openings that indicate they were pneumatic (air-filled). The neck was proportionally long in relation to the trunk. The hands were proportionally the shortest of any ornithomimosaur and each had three digits with curved claws. The forelimbs were weak while the hindlimbs were proportionally long. The family Ornithomimidae is part of the group Ornithomimosauria. Anserimimus, also from Mongolia, is thought to have been the closest relative of Gallimimus.

As an ornithomimid, Gallimimus would have been a fleet (or cursorial) animal, using its speed to escape predators; its speed has been estimated at 42-56 km/h (29-34 mph). It may have had good vision and intelligence comparable to ratite birds. Gallimimus may have lived in groups, based on the discovery of several specimens preserved in a bone bed. Various theories have been proposed regarding the diet of Gallimimus and other ornithomimids. The highly mobile neck may have helped locate small prey on the ground, but it may also have been an opportunistic omnivore. It has also been suggested that it used small columnar structures in its beak for filter-feeding in water, though these structures may instead have been ridges used for feeding on tough plant material, indicative of a herbivorous diet. Gallimimus is the most commonly found ornithomimosaur in the Nemegt Formation, where it lived alongside its relatives Anserimimus and Deinocheirus. Gallimimus was featured in the movie Jurassic Park, in a scene that was important to the history of special effects, and in shaping the common conception of dinosaurs as bird-like animals.

Andropov: (Russian Accent) ICE STYLE NINJA ART: ELASMOTHERIUM!

Andropov fired a wave of ice and it formed into the ancestral big-horned rhinoceros of the Ice Age from 2.6 million years ago:

Elasmotherium!

---

Elasmotherium is an extinct genus of large rhinoceros endemic to Eurasia during the Late Pliocene through the Pleistocene, existing from 2.6 Ma to at least as late as 39,000 years ago in the Late Pleistocene. A more recent date of 26,000 BP is considered less reliable. It was the last surviving member of Elasmotheriinae, a distinctive group of rhinoceroses that had separated from the ancestry of living rhinoceroses by at least 35 million years ago according to fossils and estimated around 47.4 million years ago based on molecular clock.

Four species are recognised, which were largely confined to the Pontic-Caspian steppe, the Caucasus and Central Asia. The best known, E. sibiricum, known as the Siberian unicorn, was the size of a mammoth and is thought to have borne a large, thick horn on its forehead. Like all rhinoceroses, elasmotheres were herbivorous. Unlike any other rhinos and any other ungulates aside from some notoungulates, its high-crowned molars were ever-growing. Its legs were longer than those of other rhinos and were adapted for galloping, giving it a horse-like gait.

Golova: (Russian Accent) ICE STYLE NINJA ART: CAVE LION!

Golova fired a wave of ice and it formed into the Ice Age lions of 500,000 years ago: Cave Lions!

---

Panthera spelaea, also known as the "Eurasian cave lion", "European cave lion", or "steppe lion", is an extinct Panthera species that evolved in Europe probably after the third Cromerian interglacial stage, less than 600,000 years ago. Phylogenetic analysis of fossil bone samples revealed that it was highly distinct and genetically isolated from the modern lion (Panthera leo) occurring in Africa and Asia. Analysis of morphological differences and mitochondrial data support the taxonomic recognition of

Panthera spelaea as a distinct species that diverged from the lion about 1.9 million years ago. Nuclear genomic evidence suggests a more recent split approximately 500,000 years ago, with no subsequent interbreeding with the ancestors of the modern lion. The oldest known bone fragments were excavated in Yakutia and radiocarbon dated at least 62,400 years old. It became extinct about 13,000 years ago.

Matthias: (German Accent) FOREST STYLE NINJA ART: LEPTICTIDIUM!

Matthias fired a wave of wood and leaves and it formed into a swarm of the ancestor of the Elephant Shrew that lived 50 million years ago: Leptictidium!

---

Leptictidium (a Latinized diminutive of the name of its close relative Leptictis, which means "graceful weasel" in Ancient Greek) is an extinct genus of small mammals that were likely bipedal. Comprising eight species, they resembled today's elephant shrews. They are especially interesting for their combination of characteristics typical of primitive eutherians with highly specialized adaptations, such as powerful hind legs and a long tail which aided in locomotion. They were omnivorous, their diet a combination of insects, lizards and small mammals. One of the first branches to split from basal eutherians, they appeared in the Lower Eocene, a time of warm temperatures and high humidity, roughly fifty million years ago. Although they were widespread throughout Europe, they became extinct around thirty-five million years ago with no descendants, probably because they were adapted to live in forest ecosystems and were unable to adapt to the open plains of the Oligocene.

Eustreptospondylus (/juːˌstrɛptoʊspɒn'daɪləs/ yoo-STREPT-o-spon-DY-ləs; meaning "true Streptospondylus") is a genus of megalosaurid theropod dinosaur, from the Oxfordian stage of the Late Jurassic period (some time between 163 and 154 million years ago) in southern England, at a time when Europe was a series of scattered islands (due to tectonic movement at the time which raised the sea-bed and flooded the lowland).

Fiona: WIND STYLE NINJA ART: ORNITHOCHEIRUS!

Fiona fired a wave of wind and it formed into the ostrich-like dinosaur from 92.5 million years ago: Ornithocheirus!

---

Ornithocheirus (from Ancient Greek "ὄρνις", meaning bird, and "χεῖρ", meaning hand) is a pterosaur genus known from fragmentary fossil remains uncovered from sediments in the UK and possibly Morocco.

Several species have been referred to the genus, most of which are now considered as dubious species, or members of different genera, and the genus is now often considered to include only the type species, Ornithocheirus simus. Species have been referred to Ornithocheirus from the mid-Cretaceous period of both Europe and South America, but O. simus is known only from the UK, though a specimen referred to O. cf. simus is also known from Morocco.

Because O. simus was originally named based on poorly preserved fossil material, the genus Ornithocheirus has suffered enduring problems of zoological nomenclature.

Fossil remains of Ornithocheirus have been recovered mainly from the Cambridge Greensand of England, dating to the beginning of the Albian stage of the early Cretaceous period, about 110 million years ago. Additional fossils from the Santana Formation of Brazil are sometimes classified as species of Ornithocheirus, but have also been placed in their own genera, most notably Tropeognathus.

Coelophysis (/sɛˈlɒfɪsɪs/ seh-LOF-ih-sis traditionally; /ˌsɛloʊˈfaɪsɪs/ SEL-o-FY-sis or /ˌsiːloʊˈfaɪsɪs/ SEE-lo-FY-sis are heard more commonly in recent decades) is an extinct genus of coelophysid theropod dinosaur that lived approximately 216 to 196 million years ago during the latter part of the Triassic Period in what is now the southwestern United States and also in South Africa and Zimbabwe.

Coelophysis was a small, slenderly-built, ground-dwelling, bipedal carnivore, that could grow up to 3 m (9.8 ft) long. Coelophysis is one of the earliest known dinosaur genera. Scattered material representing similar animals has been found worldwide in some Late Triassic and Early Jurassic formations.

The type species C. bauri, originally given to the genus Coelurus by

Edward Drinker Cope in 1887, was described by the latter in 1889. The names Longosaurus and Rioarribasaurus are synonymous with Coelophysis. Another dinosaur genus, Megapnosaurus, has also been considered to be a synonym. This primitive theropod is notable for being one of the most specimen-rich dinosaur genera.

Inostrancevia is an extinct genus of carnivorous therapsids, containing the largest members of the family Gorgonopsidae, predators characterized by long, saber-tooth-like canines. The various species inhabited northern Russia during the Upper Tatarian (Vyatskian), a Russian regional stage equivalent to the Wuchiapingian stage of the Late Permian period, dating from approximately 265 to 252.3 million years ago. It is known from several skulls and two almost-complete skeletons.

Mandee: FOREST STYLE NINJA ART: MUTTABURRASAURUS!

Mandee fired a wave of wood and leaves and it formed into the Iguanodont from 105 million years ago: Muttaburrasaurus!

---

Muttaburrasaurus was a genus of herbivorous ornithopod dinosaur, which lived in what is now northeastern Australia sometime between 105 and 103 million years ago during the early Cretaceous Period. It has been recovered in some analyses as a member of the iguanodontian family Rhabdodontidae. After Kunbarrasaurus, it is Australia's most completely known dinosaur from skeletal remains. It was named after Muttaburra, the site in Queensland, Australia, where it was found.

Paige: PHOENIX STYLE NINJA ART: CRYOLOPHOSAURUS!

Paige fired a wave of fire and it formed into the Antarctic dinosaur from 193 million years ago: Cryolophosaurus!

---

Cryolophosaurus (/ˌkraɪoʊˌloʊfoʊ'sɔːrəs/ or /kraɪˌɒloʊfoʊ'sɔːrəs/; "CRY-oh-loaf-oh-SAWR-us") is a genus of large theropods known from only a single species Cryolophosaurus ellioti, known from the early Jurassic period of Antarctica. It was about 6.5 metres (21.3 ft) long and 465 kilograms (1,025 lb) in weight, making it one of the largest theropods of its time. Individuals of this species may have grown even larger, because the only known specimen probably represents a sub-adult. Cryolophosaurus is known from a skull, a femur and other material, the skull and femur of which have caused its classification to vary greatly. The femur possesses many primitive characteristics that have classified Cryolophosaurus as a dilophosaurid or a neotheropod outside of Dilophosauridae and Averostra, whereas the skull has many advanced features, leading the genus to be considered a tetanuran, an abelisaurid, a ceratosaur and even an allosaurid. Since its original description, the consensus is that Cryolophosaurus is either a primitive member of the Tetanurae or a close relative of that group.

Cryolophosaurus possessed a distinctive "pompadour" crest that spanned the head from side to side. Based on evidence from related species and studies of bone texture, it is thought that this bizarre crest was used for intra-species recognition. The brain of Cryolophosaurus was also more primitive than those of other theropods.

Cryolophosaurus was first excavated from Antarctica's Early Jurassic, Sinemurian to Pliensbachian aged Hanson Formation, formerly the upper Falla Formation, by paleontologist Dr. William Hammer in 1991. It was the first carnivorous dinosaur to be discovered in Antarctica and the first non-avian dinosaur from the continent to be officially named. The sediments in which its fossils were found have been dated at ~194 to 188 million years ago, representing the Early Jurassic Period.

Lateefa: (Arabic Accent) DESERT STYLE NINJA ART: VELOCIRAPTORS!

Lateefa fired a wave of sand and it formed into the deadly carnivorous dinosaurs from 78 million years ago: Velociraptor!

---

Velociraptor (/vɪˈlɒsɪræptər/; meaning "swift seizer" in Latin) is a genus of dromaeosaurid theropod dinosaur that lived approximately 75 to 71 million years ago during the latter part of the Cretaceous Period. Two species are currently recognized, although others have been assigned in the past. The type species is V. mongoliensis; fossils of this species have been discovered in Mongolia. A second species, V. osmolskae, was named in 2008 for skull material from Inner Mongolia, China.

Smaller than other dromaeosaurids like Deinonychus and Achillobator, Velociraptor nevertheless shared many of the same anatomical features. It was a bipedal, feathered carnivore with a long tail and an enlarged sickle-shaped claw on each hindfoot, which is thought to have been used to tackle and disembowel prey. Velociraptor can be distinguished from other dromaeosaurids by its long and low skull, with an upturned snout.

Velociraptor (commonly shortened to "raptor") is one of the dinosaur genera most familiar to the general public due to its prominent role in the Jurassic Park motion picture series. In real life, however, Velociraptor was roughly the size of a turkey, considerably smaller than the approximately 2 m (6 1⁄2 ft) tall and 80 kg (180 lb) reptiles seen in the films (which were based on members of the related genus Deinonychus). Today, Velociraptor is well known to paleontologists, with over a dozen described fossil skeletons, the most of any dromaeosaurid. One particularly famous specimen preserves a Velociraptor locked in combat with a Protoceratops.

Nataša: (Czech Accent) EARTH STYLE NINJA ART: UTAHRAPTOR!

Nataša fired a wave of earth and it formed into the state dinosaurs of Utah from 139 million years ago: Utahraptor!

Utahraptor (meaning Utah's predator) is a genus of large dromaeosaurid dinosaur that lived in North America during the Early Cretaceous period. It was a heavy-built, ground-dwelling, bipedal carnivore. It contains a single species, Utahraptor ostrommaysi, which is the largest-known member of the family Dromaeosauridae.

In 2018, it was proposed that Utahraptor be the Utah state dinosaur, an act that was approved by the Senate. Initially Utahraptor would have replaced another dinosaur, Allosaurus, as the state's official fossil, but it was decided that Utahraptor would be another symbol of the state.

Suwailim: (Egyptian Accent) DESERT STYLE NINJA ART: PROTOCERATOPS!

Suwailim fired a wave of sand and it formed into the Ceratopsian from 75 million years ago: Protoceratops.

Protoceratops (/ˌproʊtoʊ'sɛrətɒps/; from Greek proto-/πρωτο- "first", cerat-/κερατ- "horn" and -ops/-ωψ "face", meaning "first horned face") is a genus of sheep-sized (1.8 m long) herbivorous ceratopsian dinosaur, from the Upper Cretaceous Period (Campanian stage) of what is now Mongolia. It was a member of the Protoceratopsidae, a group of early horned dinosaurs. Unlike later ceratopsians, however, it was a much smaller creature that lacked well-developed horns and retained some basal traits not seen in later genera.

Protoceratops had a large neck frill which was likely used as a display site to impress other members of the species. Other hypotheses about its function include protection of the neck and anchoring of jaw muscles, but the fragility of the frill and the poor leverage offered by possible attachment sites here makes these ideas implausible. Described by Walter W. Granger and W.K. Gregory in 1923, Protoceratops was initially believed to be an ancestor of the North American ceratopsians. Researchers currently distinguish two species of Protoceratops (P. andrewsi and P. hellenikorhinus), based in part by their respective sizes.

In the 1920s, Roy Chapman Andrews discovered fossilized eggs in Mongolia that were interpreted as belonging to this dinosaur, but which turned out to be those of Oviraptor. However, it wouldn't be until 2011 that a genuine Protoceratops nest was discovered, with the remains of the neonates inside suggesting parental care in this dinosaur.

Woya: WIND STYLE NINJA ART: PTERANODON!

Woya fired a wave of wind and it formed into the famous pterosaur from 86 million years ago: Pteranodon!

---

Pteranodon (/tɪˈrænədɒn/; from Greek πτερόν (pteron, "wing") and ἀνόδων (anodon, "toothless")) is a genus of pterosaur that included some of the largest known flying reptiles, with wingspans over 7 meters (23 feet). They lived during the late Cretaceous geological period of North America in present-day Kansas, Alabama, Nebraska, Wyoming, and South Dakota. More fossil specimens of Pteranodon have been found than any other pterosaur, with about 1,200 specimens known to science, many of them well preserved with nearly complete skulls and articulated skeletons. It was an important part of the animal community in the Western Interior Seaway.

Pteranodon was a pterosaur, meaning that it is not a dinosaur. By definition, all dinosaurs belong to one of the two groups within Dinosauria, i.e. Saurischia or Ornithischia. As such, this excludes pterosaurs. Nonetheless, Pteranodon is frequently featured in dinosaur media and are strongly associated with dinosaurs by the general public. While not dinosaurs, pterosaurs such as Pteranodon form a clade closely related to dinosaurs as both fall within the clade Avemetatarsalia.

Argentavis magnificens was among the largest flying birds ever to exist, quite possibly surpassed in wingspan only by Pelagornis sandersi, which was described in 2014. A. magnificens, sometimes called the Giant Teratorn, is an extinct species known from three sites in the Epecuén and Andalhualá Formations in central and northwestern Argentina dating to the Late Miocene (Huayquerian), where a good sample of fossils has been obtained.

Edwayl: WATER STYLE NINJA ART: BASILOSAURUS!

Edwayl fired a wave of water and it formed into the one of the first whales of the Eocene epoch from 41.3 million years ago: Basilosaurus!

---

Basilosaurus (meaning "king lizard") is a genus of large, predatory, prehistoric archaeocete whale from the late Eocene, approximately 41.3 to 33.9 million years ago (mya). First described in 1834, it was the first archaeocete and prehistoric whale known to science. The first fossils were discovered along the Gulf Coast of the United States, along with a few fossils in the eastern U.S., attributed to the type species B. cetoides. They were originally thought to be of a giant reptile, hence the suffix "-saurus", Ancient Greek for "lizard". The animal was later found to be an early marine mammal, which prompted attempts at renaming the creature, which failed as zoological nomenclature dictates using the original name given. Fossils were later found of the second species, B. isis, in 1904 in North Africa, more specifically the countries of Egypt, Jordan, Tunisia and Morocco. Basilosaurus has a possible record in Seymour Island in Antarctica.

Basilosaurus is considered to have been common in the Tethys sea. It was one of the largest, if not the largest, animals of the Paleogene. It was the top predator of its environment, preying on sharks, large fish and other marine mammals, namely the dolphin-like Dorudon, which seems to have been their predominant food source.

Basilosaurus was at one point a wastebasket taxon, before the genus slowly started getting reevaluated, with many species of different Eocene cetacean being assigned to the genus in the past, however they are invalid or have been reclassified under a new or different genus, leaving only 2 confirmed species. Basilosaurus may have been one of the first fully aquatic cetaceans (sometimes referred to as the pelagiceti). Basilosaurus, unlike modern cetaceans, had various types of teeth-such as canines and molars-in its mouth (heterodonty), and it probably was able to chew its food in contrast to modern cetaceans which swallow their food whole.

Rusty: DESERT STYLE NINJA ART: PARACERATHERIUM!

Rusty fired a wave of sand and it formed into the one of the ancestral rhinoceroses from 34 million years ago: Paraceratherium!

---

Paraceratherium is an extinct genus of hornless rhinoceros. It is one of the largest terrestrial mammals that has existed and lived from the early to late Oligocene epoch (34-23 million years ago). Its remains have been found across Eurasia between China and the Balkans. It is classified as a member of the hyracodont subfamily Indricotheriinae. Paraceratherium means "near the hornless beast", in reference to Aceratherium, the genus in which the type species A.

bugtiense was originally placed.

The exact size of Paraceratherium is unknown because of the incompleteness of the fossils. The shoulder height was about 4.8 metres (15.7 feet), and the length about 7.4 metres (24.3 feet). Its weight is estimated to have been about 15 to 20 tonnes (33,000 to 44,000 lb). The long neck supported a skull that was about 1.3 metres (4.3 ft) long. It had large, tusk-like incisors and a nasal incision that suggests it had a prehensile upper lip or proboscis (trunk). The legs were long and pillar-like. The lifestyle of Paraceratherium may have been similar to that of modern large mammals such as the elephants and extant rhinoceroses. Because of its size, it would have had few predators and a slow rate of reproduction. It was a browser, eating mainly leaves, soft plants, and shrubs. It lived in habitats ranging from arid deserts with a few scattered trees to subtropical forests. The reasons for the animal's extinction are unknown, but various factors have been proposed.

The taxonomy of the genus and the species within has a long and complicated history. Other genera of Oligocene indricotheres, such as Baluchitherium, Indricotherium, and Pristinotherium, have been named, but no complete specimens exist, making comparison and classification difficult. Most modern scientists consider these genera to be junior synonyms of Paraceratherium, and it is thought to contain at least three discernible species; P. bugtiense, P. transouralicum, and P. huangheense. The most completely-known species is P. transouralicum, so most reconstructions of the genus are based on it. Differences between P. bugtiense and P. transouralicum may be due to sexual dimorphism, which would make them the same species.

---

Entelodon (meaning "complete teeth", from Ancient Greek ἐντελής entelēs "complete" and ὀδών odōn "tooth", referring to its "complete" eutherian dentition), is an extinct genus of entelodont artiodactyl endemic to Eurasia. Fossils of species are found in Paleogene strata ranging in age from the Houldjinian (37.2-33.9 mya) until the Rupelian epoch of the early Oligocene (33.9-28.4 mya).

Liam: (Southern Accent) PLAIN STYLE NINJA ART: HYAENODON!

Liam fired a wave of sand and leaves and it formed into the ancestors of the hyena from 42 million years ago: Hyaenodon!

---

Hyaenodon ("hyena-tooth") is the type genus of the Hyaenodontidae, a family of extinct carnivorous fossil mammals from Eurasia, North America, and Africa, with species existing temporally from the Eocene until the middle Miocene, existing for about 26.1 million years.

The various species of Hyaenodon competed with each other and with other hyaenodont genera (including Sinopa, Dissopsalis, and Hyainailurus), and played important roles as predators in ecological communities as late as the Miocene in Africa and Asia and preyed on a variety of prey species such as primitive horses like Mesohippus and early camels. Species of Hyaenodon have been shown to have successfully preyed on other large carnivores of their time, including a nimravid ("false sabertooth cat"), according to analysis of tooth puncture marks on a fossil Dinictis skull found in North Dakota.

Mollie: LIGHTNING STYLE NINJA ART: GIGANOTOSAURUS!

Mollie fired a wave of lightning and it formed into the ferocious theropod from 98 million years ago: Giganotosaurus!

---

Giganotosaurus (/ˌdʒaɪɡəˌnoʊtəˈsɔːrəs/ JY-gə-NOH-tə-SOR-əs) is a genus of theropod dinosaur that lived in what is now Argentina, during the early Cenomanian age of the Late Cretaceous period, approximately 98 to 97 million years ago. The holotype specimen was discovered in the Candeleros Formation of Patagonia in 1993, and is almost 70% complete. The animal was named Giganotosaurus carolinii in 1995; the genus name translates as "giant southern lizard" and the specific name honors the discoverer, Rubén D. Carolini. A dentary bone, a tooth and some tracks, discovered before the holotype, were later assigned to this animal. The genus attracted much interest and became part of a scientific debate about the maximum sizes of theropod dinosaurs.

Giganotosaurus was one of the largest known terrestrial carnivores, but the exact size has been hard to determine due to the incompleteness of the remains found so far. Estimates for the most complete specimen range from a length of 12 to 13 m (39 to 43 ft), a skull 1.53 to 1.80 m (5.0 to 5.9 ft) in length, and a weight of 4.2 to 13.8 t (4.6 to 15.2 short tons). The dentary bone that belonged to a supposedly larger individual has been used to extrapolate a length of 13.2 m (43 ft). Some researchers have found the animal to be larger than Tyrannosaurus, which has historically been considered the largest theropod, while others have found them to be roughly equal in size, and the largest size estimates for Giganotosaurus exaggerated. The skull was low, with rugose (rough and wrinkled) nasal bones and a ridge-like crest on the lacrimal bone in front of the eye. The front of the lower jaw was flattened, and had a downwards projecting process (or "chin") at the tip. The teeth were compressed sideways and had serrations. The neck was strong and the pectoral girdle proportionally small.

Part of the family Carcharodontosauridae, Giganotosaurus is one of the most completely known members of the group, which includes other very large theropods, such as the closely related Mapusaurus and Carcharodontosaurus. Giganotosaurus is thought to have been homeothermic (a type of "warm-bloodedness"), with a metabolism between that of a mammal and a reptile, which would have enabled fast growth. It may have been relatively fast moving, with a calculated maximal running speed of 14 m/s (50 km/h; 31 mph). It would have been capable of closing its jaws quickly, capturing and bringing down prey by delivering powerful bites. The "chin" may have helped in resisting stress when a bite was delivered against prey. Giganotosaurus is thought to have been the apex predator of its ecosystem, and it may have fed on juvenile sauropod dinosaurs.

Luan: JUNGLE STYLE NINJA ART: GIGANTOPITHECUS!

Luan fired a wave of leaves and grass and it formed into one of the first apes from 2 million to 300,000 years ago: Gigantopithecus!

---

Gigantopithecus is an extinct genus of ape from the Early to Middle Pleistocene of southern China, represented by one species, G. blacki. Potential identifications have also been made in Thailand, Vietnam, and Indonesia. The first remains of Gigantopithecus, two third molar teeth, were identified in a drugstore by anthropologist Ralph von Koenigswald in 1935, who subsequently described the ape. In 1956, the first mandible and over 1,000 teeth were found in Liucheng, and numerous more remains have since been found in at least 16 sites. Only teeth and 4 mandibles are known currently, and other skeletal elements were likely consumed by porcupines before they could fossilise. Gigantopithecus was once argued to be a hominin, a member of the human line, but it is now thought to be closely allied with orangutans, classified in the subfamily Ponginae.

Gigantopithecus has traditionally been restored as a massive, gorilla-like ape, potentially 200-300 kg (440-660 lb) when alive, but the paucity of remains make total size estimates highly speculative. The species may have been sexually dimorphic, with males much bigger than females. The incisors are reduced and the canines appear to have functioned like cheek teeth (premolars and molars). The premolars are high-crowned, and the fourth premolar is very molar-like. The molars are the largest of any known ape, and have a relatively flat surface. Gigantopithecus had the thickest enamel by absolute measure of any ape, up to 6 mm (a quarter of an inch) in some areas, though was only fairly thick when tooth size is taken into account.

Gigantopithecus appears to have been a generalist herbivore of C3 forest plants, with the jaw adapted to grinding, crushing, and cutting through tough, fibrous plants; and the thick enamel functioning to resist foods with abrasive particles such as stems, roots, and tubers with dirt. Some teeth bear traces of fig family fruits. It primarily lived in subtropical to tropical forest, and went extinct about 300,000 years ago likely due to climate change and the retreat of preferred habitat, and potentially archaic human activity by Homo erectus. Gigantopithecus has become popular in cryptozoology circles as the identity of the Tibetan yeti or the American bigfoot, humanlike monsters in local folklore.

Fletcher: (Scottish Accent) ICE STYLE NINJA ART: DIRE WOLVES!

Fletcher fired a wave of ice and it formed into a pack of the first wolves from 125,000 to 9,500 years ago: the Dire Wolves!

---

The dire wolf (Canis dirus, "fearsome dog") is an extinct species of the genus Canis. It is one of the most famous prehistoric carnivores in North America, along with its extinct competitor, the sabre-toothed cat Smilodon fatalis. The dire wolf lived in the Americas during the Late Pleistocene and Early Holocene epochs (125,000-9,500 years ago). The species was named in 1858, four years after the first specimen had been found. Two subspecies are recognized: Canis dirus guildayi and Canis dirus dirus. The dire wolf probably evolved from Armbruster's wolf (Canis armbrusteri) in North America. The largest collection of its fossils has been obtained from the Rancho La Brea Tar Pits in Los Angeles.

Dire wolf remains have been found across a broad range of habitats including the plains, grasslands, and some forested mountain areas of North America, and in the arid savannah of South America. The sites range in elevation from sea level to 2,255 meters (7,400 ft). Dire wolf fossils have rarely been found north of 42°N latitude; there have been only five unconfirmed reports above this latitude. This range restriction is thought to be due to temperature, prey, or habitat limitations imposed by proximity to the Laurentide and Cordilleran ice sheets that existed at the time.

The dire wolf was about the same size as the largest modern gray wolves (Canis lupus): the Yukon wolf and the northwestern wolf. C. d. guildayi weighed on average 60 kilograms (132 lb) and C. d. dirus was on average 68 kg (150 lb). Its skull and dentition matched those of C. lupus, but its teeth were larger with greater shearing ability, and its bite force at the canine tooth was the strongest of any known Canis species. These characteristics are thought to be adaptations for preying on Late Pleistocene megaherbivores, and in North America its prey are known to have included horses, ground sloths, mastodons, bison, and camels. As with other large Canis hypercarnivores today, the dire wolf is thought to have been a pack hunter. Its extinction occurred during the Quaternary extinction event along with most of the American megafauna of the time, including a number of other carnivores, that occurred soon after the appearance of humans in the New World. Its reliance on megaherbivores has been proposed as the cause of its extinction, along with climate change and competition with other species, but the cause remains controversial. Dire wolves lived as recently as 9,500 years ago, according to dated remains.

Alex T.: (Greek Accent) FIRESTORM STYLE NINJA ART: ARGENTINOSAURUS!

Alex fired a wave of fire and it formed into the largest dinosaur that ever lived from 96.2 million years ago: Argentinosaurus!

---

Argentinosaurus is a genus of giant sauropod dinosaur that lived during the Late Cretaceous period in what is now Argentina. Although it is only known from fragmentary remains, Argentinosaurus is one of the largest-known land animals of all time, if not the largest, with length estimates ranging from 30 to 39.7 metres (98 to 130 ft) and weight estimates from 50 to 100 tonnes (55 to 110 short tons). It was a member of Titanosauria, the dominant group of sauropods during the Cretaceous.

The first Argentinosaurus bone was discovered in 1987 by a farmer on his farm near the city of Plaza Huincul. A scientific excavation of the site led by the Argentine palaeontologist José Bonaparte was conducted in 1989, yielding several back vertebrae and parts of a sacrum-fused vertebrae between the back and tail vertebrae. Additional specimens include a complete femur (thigh bone) and the shaft of another. Argentinosaurus was named by Bonaparte and the Argentine palaeontologist Rodolfo Coria in 1993; it contains a single species, A. huinculensis. The generic name Argentinosaurus means "Argentine lizard", and the specific name huinculensis refers to its place of discovery, Plaza Huincul.

The fragmentary nature of Argentinosaurus remains makes their interpretation difficult. Arguments revolve around the position of the recovered vertebrae within the vertebral column and the presence of accessory articulations between the vertebrae that would have strengthened the spine. A computer model of the skeleton and muscles estimated this dinosaur had a maximum speed of 7 km/h (5 mph) with a pace, a gait where the fore and hind limb of the same side of the body move simultaneously. The fossils of Argentinosaurus were recovered from the Huincul Formation, which was deposited in the middle Cenomanian to early Turonian ages (around 96 to 92 million years ago) and contains a diverse dinosaur fauna including the giant theropod Mapusaurus.

It had a broad distribution across the United States, but it was never abundant.

Tshibangu: (Congolese Accent) JUNGLE STYLE NINJA ART: GIANT GROUND SLOTH!

Tshibangu fired a wave of leaves and grass and it formed into the ancestor of the sloth from 5 million years ago: Megatherium or Giant Ground Sloth!

---

Megatherium (/mɛɡəˈθɪəriəm/ meg-ə-THEER-ee-əm from the Greek mega [μέγας], meaning "great", and therion [θηρίον], "beast") is an extinct genus of ground sloths endemic to South America that lived from the Early Pliocene through the end of the Pleistocene. It is best known for the elephant-sized type species M. americanum, sometimes called the giant ground sloth, or the megathere, native to the Pampas through southern Bolivia during the Pleistocene. Various other smaller species belonging to the subgenus Pseudomegatherium are known from the Andes. Megatherium is part of the sloth family Megatheriidae, which also includes the similarly elephantine Eremotherium, which was native to tropical South America and southern North America. Only a few other land mammals equaled or exceeded M. americanum in size, such as large proboscideans (e.g., elephants) and the giant rhinoceros Paraceratherium. Megatherium was first discovered in 1788 on the bank of the Luján River in Argentina. The holotype specimen was then shipped to Spain the following year wherein it caught the attention of the esteemed paleontologist Georges Cuvier, who was the first to determine, by means of comparative anatomy, that Megatherium was a sloth. Megatherium became extinct around 12,000 years ago during the Quaternary extinction event, which also claimed most other large mammals in the New World. The extinction coincides with the settlement of the Americas, and a kill site where a M. americanum was slaughtered and butchered is known, suggesting that hunting could have caused its extinction.

Lang Yan: (Chinese Accent) BAMBOO STYLE NINJA ART: DWARF PANDA!

Lang punched the ground and a bunch of bamboo grew in seconds and they formed into the ancestor of the Giant Panda from 2 million years ago - the Dwarf Panda!

---

Ailuropoda microta is the earliest known ancestor of the giant panda. It measured 1 m (3 ft) in length; the modern giant panda grows to a size in excess of 1.5 m (5 ft). Wear patterns on its teeth suggest it lived on a diet of bamboo, the primary food of the giant panda. The first discovered skull of the animal in a south China limestone cave is estimated to be 2 million years old. The skull found is about half the size of a modern-day giant panda, but is anatomically very similar. This research suggests that the giant panda has evolved for more than 3 million years as a completely separate lineage from that of other bears.

Guanlong (冠龍) is a genus of extinct proceratosaurid tyrannosauroid from the Late Jurassic of China. The taxon was first described in 2006 by Xu Xing et al., who found it to represent a new taxon related to Tyrannosaurus. The name is derived from Chinese, translating as "crown dragon". Two individuals are currently known, a partially complete adult and a nearly complete juvenile. These specimens come from the Oxfordian stage of the Chinese Shishugou Formation.

Brock: EARTH STYLE NINJA ART: DOEDICURUS!

Brock fired a wave of earth and it formed into the ancestral armadillo from 2 million to 7,000 years ago: DOEDICURUS!

---

Doedicurus, or Dædicurus, is an extinct genus of glyptodont from South America containing one species, D. clavicaudatus. Glyptodonts are a member of the family Chlamyphoridae, which also includes some modern armadillo species, and they are classified in the order Xenarthra alongside sloths and anteaters. Being a glyptodont, it was a rotund animal with heavy armor and a carapace. Averaging at an approximate 1,400 kg (3,100 lb), it was one of the largest glyptodonts to have ever lived. Though glyptodonts were quadrupeds, large ones like Doedicurus may have been able to stand on two legs like other xenarthrans. It notably sported a spiked tail club, which may have weighed 40 or 65 kg (88 or 143 lb) in life, and it may have swung this in defense against predators or in fights with other Doedicurus at speeds of perhaps 11 m/s (40 km/h; 25 mph).

Doedicurus was likely a grazer, but its teeth and mouth, like those of other glyptodonts, seem unable to have chewed grass effectively, which may indicate a slow metabolism. Doedicurus existed during the Pleistocene. Before this, South America had been isolated from the rest of the world, but the formation of the Isthmus of Panama allowed North American fauna to invade South America in the Great American Interchange, including big cats, bears, elephants, camels, and horses. Doedicurus seems to have inhabited the relatively cold and humid Chaco-Pampean plains of northeastern Patagonia. It may have been the latest-surviving glyptodont, with remains suggested to date to 8,000-7,000 years ago during the middle Holocene, though these dates have been questioned. It may have gone extinct due to some combination of human hunting and climate change.

Nora: (Spanish Accent) JUNGLE STYLE NINJA ART: CARNOTAURUS!

Nora fired a wave of grass and leaves and it formed into the ferocious theropod from 72 million years ago: Carnotaurus!

---

Carnotaurus /ˌkɑːrnoʊˈtɔːrəs/ is a genus of large theropod dinosaur that lived in South America during the Late Cretaceous period, between about 72 and 69.9 million years ago. The only species is Carnotaurus sastrei. Known from a single well-preserved skeleton, it is one of the best-understood theropods from the Southern Hemisphere. The skeleton, found in 1984, was uncovered in the Chubut Province of Argentina from rocks of the La Colonia Formation. Carnotaurus is a derived member of the Abelisauridae, a group of large theropods that occupied the large predatorial niche in the southern landmasses of Gondwana during the late Cretaceous. The phylogenetic relations of Carnotaurus are uncertain; it might have been closer to either Majungasaurus or Aucasaurus.

Carnotaurus was a lightly built, bipedal predator, measuring 7.5 to 9 m (24.6 to 29.5 ft) in length and weighing at least 1.35 metric tons (1.33 long tons; 1.49 short tons). As a theropod, Carnotaurus was highly specialized and distinctive. It had thick horns above the eyes, a feature unseen in all other carnivorous dinosaurs, and a very deep skull sitting on a muscular neck. Carnotaurus was further characterized by small, vestigial forelimbs and long, slender hindlimbs. The skeleton is preserved with extensive skin impressions, showing a mosaic of small, non-overlapping scales approximately 5 mm in diameter. The mosaic was interrupted by large bumps that lined the sides of the animal, and there are no hints of feathers.

The distinctive horns and the muscular neck may have been used in fighting conspecifics. According to separate studies, rivaling individuals may have combated each other with quick head blows, by slow pushes with the upper sides of their skulls, or by ramming each other head-on, using their horns as shock absorbers. The feeding habits of Carnotaurus remain unclear: some studies suggest the animal was able to hunt down very large prey such as sauropods, while other studies find it preyed mainly on relatively small animals. Carnotaurus was well adapted for running and was possibly one of the fastest large theropods.

Timmy Turner: EARTH STYLE NINJA ART: DIMETRODON!

Timmy fired a wave of earth and it formed into the Permian reptilian mammal from 295 million years ago: Dimetrodon!

---

Dimetrodon (/daɪˈmiːtrədɒn/ (About this soundlisten) or /daɪ ˈmɛtrədɒn/, meaning "two measures of teeth") is an extinct genus of non-mammalian synapsid that lived during the Cisuralian (Early Permian), around 295-272 million years ago (Ma). It is a member of the family Sphenacodontidae. The most prominent feature of Dimetrodon is the large neural spine sail on its back formed by elongated spines extending from the vertebrae. It walked on four legs and had a tall, curved skull with large teeth of different sizes set along the jaws. Most fossils have been found in the southwestern United States, the majority coming from a geological deposit called the Red Beds of Texas and Oklahoma. More recently, fossils have been found in Germany. Over a dozen species have been named since the genus was first erected in 1878.

Dimetrodon is often mistaken for a dinosaur or as a contemporary of dinosaurs in popular culture, but it became extinct some 40 million years before the first appearance of dinosaurs. Reptile-like in appearance and physiology, Dimetrodon is nevertheless more closely related to mammals than to modern reptiles, though it is not a direct ancestor of mammals. Dimetrodon is assigned to the "non-mammalian synapsids", a group traditionally called "mammal-like reptiles". This groups Dimetrodon together with mammals in a clade (evolutionary group) called Synapsida, while placing dinosaurs, reptiles and birds in a separate clade, Sauropsida. Single openings in the skull behind each eye, known as temporal fenestrae, and other skull features distinguish Dimetrodon and mammals from most of the earliest sauropsids.

Dimetrodon was probably one of the apex predators of the Cisuralian ecosystems, feeding on fish and tetrapods, including reptiles and amphibians. Smaller Dimetrodon species may have had different ecological roles. The sail of Dimetrodon may have been used to stabilize its spine or to heat and cool its body as a form of thermoregulation. Some recent studies[citation needed] argue that the sail would have been ineffective at removing heat from the body due to large species being discovered with small sails and small species being discovered with large sails, essentially ruling out heat regulation as its main purpose. The sail was most likely used in courtship display with methods such as threatening rivals or showing off to potential mates.

Nantan: WIND STYLE NINJA ART: AUSTRALOPITHECUS AFARENSIS!

Nantan fired a wave of wind and it formed into one of our human ancestors on our evolutionary chain from 3 million years ago: Australopithecus Afarensis!

---

Australopithecus afarensis is an extinct species of australopithecine which lived from about 3.9-2.9 million years ago (mya) in the Pliocene of East Africa. The first fossils were discovered in the 1930s, but major fossil finds would not be discovered until the 1970s. In the 1972-1977 expedition in Hadar, Ethiopia, the International Afar Research Expedition led by anthropologists Maurice Taieb, Donald Johanson, and Yves Coppens unearthed several hundreds of hominin specimens, the most significant being the exceedingly well-preserved skeleton AL 288-1 ("Lucy") and the site AL 333 ("the First Family"). Beginning in 1974, Mary Leakey led an expedition into Laetoli, Tanzania, and recovered notably fossil trackways. In 1978, the species was first described, but this was followed by arguments for splitting the wealth of specimens into different species given the wide range of variation which had been attributed to sexual dimorphism (normal differences between males and females). A. afarensis probably descended from A. anamensis and possibly gave rise to Homo, though the latter hypothesis is not without dissent.

A. afarensis had a tall face, a delicate brow ridge, and prognathism (the jaw jutted outwards). The jawbone was quite robust, similar to that of gorillas. The living size of A. afarensis is debated, with arguments for and against marked size differences between males and females. Lucy measured perhaps 105 cm (3 ft 5 in) in height and 25-37 kg (55-82 lb), but she was rather small for her species. In contrast, a presumed male was estimated at 165 cm (5 ft 5 in) and 45 kg (99 lb). A perceived difference in male and female size may simply be sampling bias. The leg bones as well as the Laetoli fossil trackways suggest A. afarensis was a competent biped, though somewhat less efficient at walking than humans. The arm and shoulder bones have some similar aspects to those of orangutans and gorillas, which has variously been interpreted as either evidence of partial tree-dwelling (arboreality), or basal traits inherited from the human-chimp last common ancestor with no adaptive functionality.

A. afarensis was probably a generalist omnivore of both C3 forest plants and C4 CAM savanna plants-and perhaps creatures which ate such plants-and was able to exploit a variety of different food sources. Similarly, A. afarensis appears to have inhabited a wide range of habitats with no real preference, inhabiting open grasslands or woodlands, shrublands, and lake- or riverside forests. Potential evidence of stone tool use would indicate meat was also a dietary component. Marked sexual dimorphism in primates typically corresponds to a polygynous society and low dimorphism monogamy, but the group dynamics of early hominins is difficult to predict with accuracy. Early hominins may have fallen prey to the large carnivores of the time, such as big cats and hyenas.

Ronnie Anne: JUNGLE STYLE NINJA ART: BRACHIOSAURUS!

Ronnie Anne fired a wave of leaves and grass and it formed into the famous sauropod from 154 million years ago: Brachiosaurus!

---

Brachiosaurus (/ˌbrækiəˈsɔːrəs/) is a genus of sauropod dinosaur that lived in North America during the Late Jurassic, about 154-153 million years ago. It was first described by American paleontologist Elmer S. Riggs in 1903 from fossils found in the Colorado River valley in western Colorado, United States. Riggs named the dinosaur Brachiosaurus altithorax; the generic name is Greek for "arm lizard", in reference to its proportionately long arms, and the specific name means "deep chest". Brachiosaurus is estimated to have been between 18 and 21 meters (59 and 69 ft) long; weight estimates range from 28.3 to 58 metric tons (31.2 and 64 short tons). It had a disproportionately long neck, small skull, and large overall size, all of which are typical for sauropods. Atypically, Brachiosaurus had longer forelimbs than hindlimbs, which resulted in a steeply inclined trunk, and a proportionally shorter tail.

Brachiosaurus is the namesake genus of the family Brachiosauridae, which includes a handful of other similar sauropods. Most popular depictions of Brachiosaurus are in fact based on Giraffatitan, a genus of brachiosaurid dinosaur from the Tendaguru Formation of Tanzania. Giraffatitan was originally described by German paleontologist Werner Janensch in 1914 as a species of Brachiosaurus, B. brancai, but moved to its own genus in 2009. Three other species of Brachiosaurus have been named based on fossils found in Africa and Europe; two are no longer considered valid, and a third has become a separate genus, Lusotitan.

The type specimen of B. altithorax is still the most complete specimen, and only a few other specimens are thought to belong to the genus, making it one of the rarer sauropods of the Morrison Formation. It is regarded as a high browser, possibly cropping or nipping vegetation as high as 9 meters (30 ft) off the ground. Unlike other sauropods, it was unsuited for rearing on its hindlimbs. It has been used as an example of a dinosaur that was most likely ectothermic because of its large size and the corresponding need for sufficient forage, but more recent research suggests it was warm-blooded. Among the most iconic and initially thought to be one of the largest dinosaurs, Brachiosaurus has appeared in popular culture, notably in the 1993 film Jurassic Park.

---

Anthropornis is a genus of giant penguin that lived 45-33 million years ago, during the Late Eocene and the earliest part of the Oligocene.[1] It reached 1.8 m (5 ft 11 in) in height and 90 kg (200 lb) in weight. Fossils of it have been found in the La Meseta Formation on Seymour Island off the coast of Antarctica and in New Zealand. By comparison, the largest modern penguin species, the emperor penguin, is just 1.2 m (3 ft 11 in) tall.

The type species, Anthropornis nordenskjoldi, had a bent joint in the wing, probably a carryover from flying ancestors.

Eloá: (Brazilian Accent) JUNGLE STYLE NINJA ART: GASTORNIS!

Eloá fired a wave of leaves and grass and it formed into the terror bird of 56 million years ago: Gastornis!

---

Gastornis is an extinct genus of large flightless birds that lived during the late Paleocene and Eocene epochs of the Cenozoic era.

The genus is currently thought to contain three or four distinct species, known from incomplete fossil remains, found in western-central Europe (England, Belgium, France and Germany). More complete specimens are known from a fourth, North American species, which had previously been classified in the distinct genus Diatryma. Many scientists now consider Diatryma to be so similar to the other species of Gastornis that it should also be included in that genus. A fifth species, also previously classified in its own genus, is known from China.

Gastornis species were very large birds, and have traditionally been considered to be predators of small mammals. However, several lines of evidence, including the lack of hooked claws in known Gastornis footprints and studies of their beak structure have caused scientists to reinterpret these birds as herbivores that probably fed on tough plant material and seeds.

Haiku: DARK STYLE NINJA ART: TITANIS TERROR BIRD!

Haiku fired a wave of darkness and it formed into the ferocious giant terror bird of 5 million years ago: Titanis!

Titanis is an extinct genus of giant flightless terror birds that inhabited North America during the early Pliocene to early Pleistocene epochs. The generic name, Titanis, refers to the titans, Ancient Greek gods that preceded the Twelve Olympians, in allusion to the bird's size. The specific name, T. walleri, honors the holotype's collector, Benjamin I. Waller, an avocational underwater archaeologist. Titanis was thought to be carnivorous and most likely preyed on the many small mammals of the time period. This giant flightless bird was one of the most efficient predators of its time in North America.

Lola: FIRESTORM STYLE NINJA ART: BAJADASAURUS!

Lola fired a wave of fire and it formed into the newly discovered dinosaurs from 140 million years ago: Bajadasaurus!

---

Bajadasaurus is a genus of sauropod dinosaur from the Early Cretaceous epoch (late Berriasian to Valanginian stages) of northern Patagonia, Argentina. It was first described in 2019 based on a single specimen found in 2010 that includes a largely complete skull and parts of the neck. The only species is Bajadasaurus pronuspinax. The genus is classified as a member of the Dicraeosauridae, a group of comparatively small and short-necked sauropods that lived from the Early or Middle Jurassic to the end of the Early Cretaceous.

Bajadasaurus sported bifurcated, extremely elongated neural spines extending from the neck vertebrae. Similar elongated spines are known from the closely related and more completely known Amargasaurus. Various possible functions have been proposed for these spines in Amargasaurus, with the 2019 description of Bajadasaurus suggesting that they could have served as passive defense against predators in both genera. The skull was gracile and equipped with around 44 teeth that were pencil-shaped and restricted to the front of the jaws. The eye openings of Bajadasaurus were exposed in top view of the skull, possibly allowing the animal to look forwards while feeding. Bajadasaurus was discovered in sedimentary rocks of the Bajada Colorada Formation, and its environment resembled a braided river system. It shared its environment with other dinosaurs including the sauropod Leinkupal and different theropods.

Lily: OCEAN STYLE NINJA ART: MOSASAURUS!

Lily fired a wave of water and it formed into the marine reptile from 87 million years ago: Mosasaurus!

---

Mosasaurus (/ˌmoʊzəˈsɔːrəs/; "lizard of the Meuse River") is the type genus of the mosasaurs, an extinct group of aquatic squamate reptiles. The genus lived from about 82 to 66 million years ago during the Campanian and Maastrichtian stages of the Late Cretaceous. The earliest fossils known to science were found as skulls in a chalk quarry near the Dutch city of Maastricht in the late 1700s, which were initially thought to have been the bones of crocodiles or whales. One particular skull discovered at around 1780, and which was seized during the French Revolutionary Wars for its scientific value and transported to Paris, was famously nicknamed the "great animal of Maastricht". In 1808, naturalist Georges Cuvier concluded that it belonged to a giant marine lizard with similarities to monitor lizards but otherwise unlike any animal known today. This concept was revolutionary at the time and helped support the then-developing ideas of extinction. However, Cuvier did not designate a scientific name for the new animal; this task was completed by William Daniel Conybeare in 1822 when he named it Mosasaurus in reference to its origin in fossil deposits near the Meuse River. The relationships between Mosasaurus and modern reptiles are controversial and scientists continue to debate whether its closest living relatives are monitor lizards or snakes.

Traditional interpretations have estimated the maximum length of Mosasaurus to be up to 17.6 meters (58 ft), making it one of the largest mosasaur genera. Its skull, which was either broad or slender depending on the species, was equipped with robust jaws capable of swinging back and forth and strong muscles capable of powerful bites using dozens of large teeth designed for cutting prey. Its tail was long and ended in a paddle-like fluke that bent downwards. Mosasaurus was a predator that had excellent vision to compensate for its poor sense of smell, and a high metabolic rate that suggests it was warm-blooded, an adaptation found in other mosasaurs but no other squamates. The classification of Mosasaurus was historically problematic due to an unclear

diagnosis of the type specimen. As a result, over fifty different species have been attributed to the genus in the past. A rediagnosis of the type specimen in 2017 helped resolve the taxonomy issue and confirmed at least five species to be within the genus and another five species still nominally classified within Mosasaurus are planned to be reassessed in a future study. Each species was variable with unique anatomical features differentiating them from the robustly-built M. hoffmannii to the slender and serpentine M. lemonnieri.

Fossil evidence suggests that Mosasaurus inhabited much of the Atlantic Ocean and the seaways adjacent to it. Continents that have recovered Mosasaurus fossils include North America, South America, Europe, Africa, Western Asia, and Antarctica. This distribution encompassed a wide range of oceanic climates including tropical, subtropical, temperate, and subpolar climates. Mosasaurus was a common large predator in these oceans and a dominant genus positioned at the top of the food chain. Scientists believe that its diet would have included virtually anything; it likely preyed on bony fish, sharks, cephalopods, birds, and other marine reptiles including sea turtles and other mosasaurs. It likely preferred to hunt in open water near the surface. From an ecological standpoint, Mosasaurus probably had a profound impact in the structuring of marine ecosystems; its arrival in some locations such as the Western Interior Seaway in North America has been marked with a complete turnover of faunal assemblages and diversity. Mosasaurus faced competition with other large predatory mosasaurs such as Prognathodon and Tylosaurus-which are known to feed on similar prey-though they were able to coexist in the same ecosystems through niche partitioning. There were conflicts among them, as an attack on Mosasaurus by Tylosaurus has been documented. Several discovered fossils illustrated deliberate attacks on Mosasaurus individuals by another of the same species. Infighting likely took place in the form of snout grappling, similarly seen in modern crocodiles today.

The Haast's eagle (Hieraaetus moorei, synonym Harpagornis moorei) is an extinct species of eagle that once lived in the South Island of New Zealand, commonly accepted to be the pouakai of

Maori legend. The species was the largest eagle known to have existed, with an estimated weight of 15 kilograms (33 lb) nearly double that of the Harpy eagle at 9 kilograms (20 lb). Its massive size is explained as an evolutionary response to the size of its prey, the flightless moa, the largest of which could weigh 230 kg (510 lb). Haast's eagle became extinct around 1400, after the moa were hunted to extinction by the first Māori.

Shrek: WATER STYLE NINJA ART: DEINOSUCHUS!

Shrek fired a wave of water and it formed into one of the first crocodiles from 82 million years ago: Deinosuchus!

---

Deinosuchus (/ˌdaɪnəˈsjuːkəs/) is an extinct genus of crocodilian related to the modern alligator that lived 82 to 73 million years ago (Ma), during the late Cretaceous period. The name translates as "terrible crocodile" and is derived from the Greek deinos (δεινός), "terrible", and soukhos (σοῦχος), "crocodile". The first remains were discovered in North Carolina (United States) in the 1850s; the genus was named and described in 1909. Additional fragments were discovered in the 1940s and were later incorporated into an influential, though inaccurate, skull reconstruction at the American Museum of Natural History. Knowledge of Deinosuchus remains incomplete, but better cranial material found in recent years has expanded scientific understanding of this massive predator.

Although Deinosuchus was far larger than any modern crocodile or alligator, with the largest adults measuring 12 meters (39 ft) in total length, its overall appearance was fairly similar to its smaller relatives. It had large, robust teeth built for crushing, and its back was covered with thick hemispherical osteoderms. One study indicated Deinosuchus may have lived for up to 50 years, growing at a rate similar to that of modern crocodilians, but maintaining this growth over a much longer time.

Deinosuchus fossils have been described from 10 U.S. states, including Texas, Montana, and many along the East Coast. Fossils

have also been found in northern Mexico. It lived on both sides of the Western Interior Seaway, and was an opportunistic apex predator in the coastal regions of eastern North America. Deinosuchus reached its largest size in its western habitat, but the eastern populations were far more abundant. Opinion remains divided as to whether these two populations represent separate species. Deinosuchus was probably capable of killing and eating large dinosaurs. It may have also fed upon sea turtles, fish, and other aquatic and terrestrial prey.

Lincoln: ICE STYLE NINJA ART: GORGOSAURUS!

Lincoln fired a wave of ice and it formed into the Theropod from 76.6 million years ago: Gorgosaurus!

---

Gorgosaurus (/ˌɡɔːrɡəˈsɔːrəs/ GOR-gə-SOR-əs; meaning "dreadful lizard") is a genus of tyrannosaurid theropod dinosaur that lived in western North America during the Late Cretaceous Period (Campanian), between about 76.6 and 75.1 million years ago. Fossil remains have been found in the Canadian province of Alberta and possibly the U.S. state of Montana. Paleontologists recognize only the type species, G. libratus, although other species have been erroneously referred to the genus.

Like most known tyrannosaurids, Gorgosaurus was a bipedal predator weighing more than two metric tons as an adult; dozens of large, sharp teeth lined its jaws, while its two-fingered forelimbs were comparatively small. Gorgosaurus was most closely related to Albertosaurus, and more distantly related to the larger Tyrannosaurus. Gorgosaurus and Albertosaurus are extremely similar, distinguished mainly by subtle differences in the teeth and skull bones. Some experts consider G. libratus to be a species of Albertosaurus; this would make Gorgosaurus a junior synonym of that genus.

Gorgosaurus lived in a lush floodplain environment along the edge of an inland sea. It was an apex predator, preying upon abundant

ceratopsids and hadrosaurs. In some areas, Gorgosaurus coexisted with another tyrannosaurid, Daspletosaurus. Although these animals were roughly the same size, there is some evidence of niche differentiation between the two. Gorgosaurus is the best-represented tyrannosaurid in the fossil record, known from dozens of specimens. These plentiful remains have allowed scientists to investigate its ontogeny, life history and other aspects of its biology.

Bart: EARTH STYLE NINJA ART: DINOGORGON!

Bart fired a wave of earth and it formed into the Gorgonopsid from 259 million years ago: Dinogorgon!

---

Dinogorgon is a genus of gorgonopsid from the Late Permian of South Africa and Tanzania. The generic name Dinogorgon is derived from Greek, meaning "terrible gorgon", while its species name rubidgei is taken from the surname of renowned Karoo paleontologist, Professor Bruce Rubidge, who has contributed to much of the research conducted on therapsids of the Karoo Basin. The type species of the genus is D. rubidgei.

Dinogorgon is part of the gorgonopsian subfamily Rubidgeinae, a derived group of large-bodied gorgonopsians restricted to the Late Permian (Lopingian). The Rubidgeinae subfamily first appeared in the Tropidostoma Assemblage Zone, and reached their highest diversity in the Cistecephalus and Daptocephalus assemblage zones of the Beaufort Group in South Africa.

Homer fired a wave of earth and it formed into Dimetrodon-like

synapsid from 303.4 million years ago: Edaphosaurus!

---

Edaphosaurus (/ˌɛdəfoʊˈsɔːrəs/, meaning "pavement lizard" for dense clusters of teeth) is a genus of extinct edaphosaurid synapsids that lived in what is now North America and Europe around 303.4 to 272.5 million years ago, during the late Carboniferous to early Permian periods. American paleontologist Edward Drinker Cope first described Edaphosaurus in 1882, naming it for the "dental pavement" on both the upper and lower jaws, from the Greek edaphos ἐδαφος ("ground"; also "pavement") and σαῦρος (sauros) ("lizard").

Edaphosaurus is important as one of the earliest-known, large, plant-eating (herbivorous), amniote tetrapods (four-legged land-living vertebrates). In addition to the large tooth plates in its jaws, the most characteristic feature of Edaphosaurus is a sail on its back. A number of other synapsids from the same time period also have tall dorsal sails, most famously the large apex predator Dimetrodon. However, the sail on Edaphosaurus is different in shape and morphology. The first fossils of Edaphosaurus came from the Texas Red Beds in North America, with later finds in New Mexico, Oklahoma, West Virginia, and Ohio. Fragmentary fossils attributed to Edaphosaurus have also been found in eastern Germany in Central Europe.

Dilophosaurus (/daɪˌloʊfəˈsɔːrəs, -foʊ-/ dy-LOHF-o-SOR-əs) is a genus of theropod dinosaurs that lived in what is now North America during the Early Jurassic, about 193 million years ago. Three skeletons were discovered in northern Arizona in 1940, and the two best preserved were collected in 1942. The most complete

specimen became the holotype of a new species in the genus Megalosaurus, named M. wetherilli by Samuel P. Welles in 1954. Welles found a larger skeleton belonging to the same species in 1964. Realizing it bore crests on its skull, he assigned the species to the new genus Dilophosaurus in 1970, as Dilophosaurus wetherilli. The genus name means "two-crested lizard", and the species name honors John Wetherill, a Navajo councilor. Further specimens have since been found, including an infant.

Footprints have also been attributed to the animal, including resting traces. Another species, Dilophosaurus sinensis from China, was named in 1993, but was later found to belong to the genus Sinosaurus. It was designated as the state dinosaur of Connecticut based on tracks found there.

At about 7 m (23 ft) in length, with a weight of about 400 kg (880 lb), Dilophosaurus was one of the earliest large predatory dinosaurs and the largest known land-animal in North America at the time. It was slender and lightly built, and the skull was proportionally large, but delicate. The snout was narrow, and the upper jaw had a gap or kink below the nostril. It had a pair of longitudinal, plate-shaped crests on its skull, similar to a cassowary with two crests. The mandible was slender and delicate at the front, but deep at the back. The teeth were long, curved, thin, and compressed sideways. Those in the lower jaw were much smaller than those of the upper jaw. Most of the teeth had serrations at their front and back edges. The neck was long, and its vertebrae were hollow, and very light. The arms were powerful, with a long and slender upper arm bone. The hands had four fingers; the first was short but strong and bore a large claw, the two following fingers were longer and slenderer with smaller claws; the fourth was vestigial. The thigh bone was massive, the feet were stout, and the toes bore large claws.

Dilophosaurus is a member of the family Dilophosauridae along with Dracovenator, a group placed between the Coelophysidae and later theropods. Dilophosaurus would have been active and bipedal, and may have hunted large animals; it could also have fed on smaller animals and fish. Due to the limited range of movement and shortness of the fore limbs, the mouth may instead have made first contact with prey. The function of the crests is unknown; they were

too weak for battle, but may have been used in visual display, such as species recognition and sexual selection. It may have grown rapidly, attaining a growth rate of 30 to 35 kg (66 to 77 lb) per year early in life. The holotype specimen had multiple paleopathologies, including healed injuries and signs of a developmental anomaly. Dilophosaurus is known from the Kayenta Formation, and lived alongside dinosaurs such as Megapnosaurus and Sarahsaurus.

Dilophosaurus was featured in the novel Jurassic Park and its movie adaptation, wherein it was given the fictional abilities to spit venom and expand a neck frill, as well as being smaller than the real animal.

Kipo: HORIZON STYLE NINJA ART: AMERICAN LION!

Kipo fired a wave of red and purple energy and it formed into the Ice Age lions from 340,000 to 11,000 years ago: The American Lions!

---

The American lion (Panthera atrox), also known as the "North American lion", or "American cave lion", is an extinct pantherine cat that lived in North America during the Pleistocene epoch and the early Holocene epoch, about 340,000 to 11,000 years ago. Its fossils have been excavated from Alaska to Mexico. Genetic analysis has shown that the American lion and the Late Pleistocene Eurasian cave lion (Panthera spelaea) are sister lineages. It was about 25% larger than the modern lion, making it one of the largest known felids.

Nelson: EARTH STYLE NINJA ART: CAMARASAURUS!

Nelson fired a wave of earth and it formed into the sauropod from 155 million years ago: Camerasaurus!

---

Camarasaurus (/ˌkæmərəˈsɔːrəs/ KAM-ər-ə-SAWR-əs) was a genus

of quadrupedal, herbivorous dinosaurs. It was the most common of the giant sauropods to be found in North America. Its fossil remains have been found in the Morrison Formation of Colorado and Utah, dating to the Late Jurassic epoch (Kimmeridgian to Tithonian stages), between 155 and 145 million years ago.

Camarasaurus presented a distinctive cranial profile of a blunt snout and an arched skull that was remarkably square. It likely travelled in herds, or at least in family groups.

The name means "chambered lizard", referring to the hollow chambers in its vertebrae (Greek καμαρα (kamara) meaning "vaulted chamber", or anything with an arched cover, and σαυρος (sauros) meaning "lizard").

Naruto: WIND STYLE NINJA ART: QUETZALCOATLUS!

Naruto fired a wave of wind and it formed into the largest flying reptile that ever lived from 68 million years ago: Quetzalcoatlus!

---

Quetzalcoatlus /kɛtsəlkoʊ'ætləs/ is a pterosaur known from the Late Cretaceous of North America (Maastrichtian stage) and one of the biggest known flying animals of all time. It is a member of the family Azhdarchidae, a family of advanced toothless pterosaurs with unusually long, stiffened necks. Its name comes from the Aztec feathered serpent god, Quetzalcoatl. The type and only species is Q. northropi.

Hinata: ICE STYLE NINJA ART: PACHYRHINOSAURUS!

Hinata fired a wave of ice and it formed into the ceratopsian from 73.5 million years ago: Pachyrhinosaurus!

---

Pachyrhinosaurus (meaning in Greek "thick-nosed lizard", from

Παχυ (pachy), thick; ρινό (rinó), nose; and σαυρος (sauros), lizard) is an extinct genus of centrosaurine ceratopsid dinosaur from the Late Cretaceous period of North America. The first examples were discovered by Charles M. Sternberg in Alberta, Canada, in 1946, and named in 1950. Over a dozen partial skulls and a large assortment of other fossils from various species have been found in Alberta and Alaska. A great number were not available for study until the 1980s, resulting in a relatively recent increase of interest in Pachyrhinosaurus.

Three species have been identified. P. lakustai, from the Wapiti Formation, the bonebed horizon of which is roughly equivalent age to the upper Bearpaw and lower Horseshoe Canyon Formations, is known to have existed from about 73.5-72.5 million years ago. P. canadensis is younger, known from the lower Horseshoe Canyon Formation, about 71.5-71 Ma ago and the St. Mary River Formation. Fossils of the youngest species, P. perotorum, have been recovered from the Prince Creek Formation of Alaska, and date to 70-69 Ma ago. The presence of three known species makes this genus the most speciose among the centrosaurines.

Kiba: EARTH STYLE NINJA ART: POSTOSUCHUS!

Kiba fired a wave of earth and it formed into the rauisuchid from 221 million years ago: Postosuchus!

---

Postosuchus, meaning "Crocodile from Post", is an extinct genus of rauisuchid reptiles comprising two species, P. kirkpatricki and P. alisonae, that lived in what is now North America during the Late Triassic. Postosuchus is a member of the clade Pseudosuchia, the lineage of archosaurs that includes modern crocodilians (the other main group of archosaurs is Avemetatarsalia, the lineage that includes non-avian dinosaurs and their descendants, birds). Its name refers to Post Quarry, a place in Texas where many fossils of the type species, P. kirkpatricki, were found. It was one of the apex predators of its area during the Triassic, larger than the small dinosaur predators of its time (such as Coelophysis). It was a hunter

which probably preyed on large large bulky herbivores like dicynodonts and many other creatures smaller than itself (such as early dinosaurs).

The skeleton of Postosuchus is large and robust with a deep skull and a long tail. The total body length is about 4 to 5 metres (13 to 16 ft). The extreme shortness of the forelimbs relative to the hind limbs, the very small hands, and measurements of the vertebrae suggest that Postosuchus may have been committed to bipedal locomotion.

Rock Lee: EARTH STYLE NINJA ART: MOSCHOPS!

Rock Lee fired a wave of earth and it formed into the therapsid from 265 million years ago: Moschops!

---

Moschops (Greek for "calf face") is an extinct genus of therapsids that lived in the Guadalupian epoch, around 265-260 million years ago. They were heavily built plant eaters, and they may have lived partly in water, as hippopotamuses do. They had short, thick heads and might have competed by head-butting each other. Their elbow joints allowed them to walk with a more mammal-like gait rather than crawling. Their remains were found in the Karoo region of South Africa, belonging to the Tapinocephalus Assemblage Zone. Therapsids, such as Moschops, are synapsids, the dominant land animals in the Permian period, which ended 252 million years ago.

---

Tenten: EARTH STYLE NINJA ART: ANKYLOSAURUS!

Tenten fired a wave of earth and it formed into the armored dinosaur from 68 million years ago: Ankylosaurus!

---

Ankylosaurus is a genus of armored dinosaur. Its fossils have been found in geological formations dating to the very end of the Cretaceous Period, about 68-66 million years ago, in western North

America, making it among the last of the non-avian dinosaurs. It was named by Barnum Brown in 1908; the only species in the genus is A. magniventris. The genus name means "fused lizard", and the specific name means "great belly". A handful of specimens have been excavated to date, but a complete skeleton has not been discovered. Though other members of Ankylosauria are represented by more extensive fossil material, Ankylosaurus is often considered the archetypal member of its group, despite having some unusual features.

Possibly the largest-known ankylosaurid, Ankylosaurus is estimated to have been between 6 and 8 meters (20 and 26 ft) long and to have weighed between 4.8 and 8 metric tons (5.3 and 8.8 short tons). It was quadrupedal, with a broad, robust body. It had a wide, low skull, with two horns pointing backward from the back of the head, and two horns below these that pointed backward and down. Unlike other ankylosaurs, its nostrils faced sideways rather than towards the front. The front part of the jaws was covered in a beak, with rows of small, leaf-shaped teeth farther behind it. It was covered in armor plates, or osteoderms, with bony half-rings covering the neck, and had a large club on the end of its tail. Bones in the skull and other parts of the body were fused, increasing their strength, and this feature is the source of the genus name.

Ankylosaurus is a member of the family Ankylosauridae, and its closest relatives appear to be Anodontosaurus and Euoplocephalus. Ankylosaurus is thought to have been a slow-moving animal, able to make quick movements when necessary. Its broad muzzle indicates it was a non-selective browser. Sinuses and nasal chambers in the snout may have been for heat and water balance or may have played a role in vocalization. The tail club is thought to have been used in defense against predators or in intraspecific combat. Ankylosaurus has been found in the Hell Creek, Lance, Scollard, Frenchman, and Ferris formations, but appears to have been rare in its environment. Although it lived alongside a nodosaurid ankylosaur, their ranges and ecological niches do not appear to have overlapped, and Ankylosaurus may have inhabited upland areas. Ankylosaurus also lived alongside dinosaurs such as Tyrannosaurus, Triceratops, and Edmontosaurus.

Neji: EARTH STYLE NINJA ART: GASTONIA!

Neji fired a wave of earth and it formed into the armored dinosaur from 139 million years ago: Gastonia!

Gastonia is a genus of herbivorous ankylosaurian dinosaur from the Early Cretaceous of North America, around 125 million years ago. It is often considered a nodosaurid closely related to Polacanthus. Gastonia has a sacral shield and large shoulder spikes.

Ino: FIRE STYLE NINJA ART: MASSOSPONDYLUS!

Ino fired a wave of fire and it formed into the sauropodomorph dinosaur from 200 million years ago: Massospondylus!

---

Massospondylus (/ˌmæsoʊ'spɒndɪləs/ mas-oh-SPON-di-ləs; from Greek, μάσσων (massōn, "longer") and σπόνδυλος (spondylos, "vertebra")) is a genus of sauropodomorph dinosaur from the Early Jurassic Period (Hettangian to Pliensbachian ages, ca. 200-183 million years ago). It was described by Sir Richard Owen in 1854 from remains discovered in South Africa, and is thus one of the first dinosaurs to have been named. Fossils have since been found at other locations in South Africa, Lesotho, and Zimbabwe. Material from Arizona's Kayenta Formation, India, and Argentina has been assigned to this genus at various times, but the Arizonan and Argentinian material are now assigned to other genera.

The type species is M. carinatus; seven other species have been named during the past 150 years, but only M. kaalae among these is still considered valid. Early sauropodomorphs systematics have undergone numerous revisions during the last several years, and many scientists disagree where exactly Massospondylus lies on the dinosaur evolutionary tree. The family name Massospondylidae was once coined for the genus, but because knowledge of early sauropodomorph relationships is in a state of flux, it is unclear which

other dinosaurs-if any-belong in a natural grouping of massospondylids; several 2007 papers support the family's validity.

Although Massospondylus was long depicted as quadrupedal, a 2007 study found it to be bipedal. It was probably a plant eater (herbivore), although it is speculated that the early sauropodomorphs may have been omnivorous. This animal, which was 4-6 metres (13-20 ft) long, had a long neck and tail, with a small head and slender body. On each of its forefeet, it bore a sharp thumb claw that was used in defense or feeding. Recent studies indicate that Massospondylus grew steadily throughout its lifespan, possessed air sacs similar to those of birds, and may have cared for its young.

Haku: ICE STYLE NINJA ART: AMERICAN MASTODON!

Haku fired a wave of ice and it formed into the ancestral elephant of the Great Ice Age from 5.3 million to 10,000 years ago: The American Mastodon!

---

A mastodon (Greek: μαστός "breast" and ὀδοὺς, "tooth") is any proboscidean belonging to the extinct genus Mammut (family Mammutidae) that inhabited North and Central America during the late Miocene or late Pliocene up to their extinction at the end of the Pleistocene 10,000 to 11,000 years ago. Mastodons lived in herds and were predominantly forest-dwelling animals that lived on a mixed diet obtained by browsing and grazing, somewhat similar to their distant relatives, modern elephants, but probably with greater emphasis on browsing.

M. americanum, the American mastodon, and M. pacificus, the Pacific mastodon, are the youngest and best-known species of the genus. Mastodons disappeared from North America as part of a mass extinction of most of the Pleistocene megafauna, widely believed to have been caused by overexploitation by Clovis hunters.

Sasuke: LIGHTNING STYLE NINJA ART: COMPSOGNATHUS!

Sasuke fired a wave of lightning and it formed into the fast carnivore from 150.8 million years ago: Compsognathus!

---

Compsognathus (/kɒmpˈsɒɡnəθəs/; Greek kompsos/κομψός; "elegant", "refined" or "dainty", and gnathos/γνάθος; "jaw") is a genus of small, bipedal, carnivorous theropod dinosaur. Members of its single species Compsognathus longipes could grow to around the size of a turkey. They lived about 150 million years ago, during the Tithonian age of the late Jurassic period, in what is now Europe. Paleontologists have found two well-preserved fossils, one in Germany in the 1850s and the second in France more than a century later. Today, C. longipes is the only recognized species, although the larger specimen discovered in France in the 1970s was once thought to belong to a separate species and named C. corallestris.

Many presentations still describe Compsognathus as "chicken-sized" dinosaurs because of the size of the German specimen, which is now believed to be a juvenile. Compsognathus longipes is one of the few dinosaur species whose diet is known with certainty: the remains of small, agile lizards are preserved in the bellies of both specimens. Teeth discovered in Portugal may be further fossil remains of the genus.

Although not recognized as such at the time of its discovery, Compsognathus is the first theropod dinosaur known from a reasonably complete fossil skeleton. Until the 1990s, it was the smallest-known non-avialan dinosaur, with the preceding centuries incorrectly labelling them as the closest relative of Archaeopteryx.

Fu: ARTHROPOD STYLE NINJA ART: BRONTOSCORPIO!

Fu fired a wave of energy and it formed into the Silurian early scorpions from over 423 million years ago: Brontoscorpio!

---

Brontoscorpio anglicus is a species of fossil scorpion. Its remains were discovered in Upper Silurian-aged sandstone from Trimpley, Worcestershire, and the species was described on the basis of an incomplete single free finger of a pedipalp, almost 10 centimetres (3.9 in) long. The complete animal is estimated to have been at least 90 centimetres (35 in) long.

The remains were found in terrestrial sediments, but it is believed, that due to its size, Brontoscorpio had to enter the water to molt. Possibly it lived a semi or fully aquatic life.

Shino: ARTHROPOD STYLE NINJA ART: ARTHROPLEURA!

Shino fired a wave of energy and it formed into the Carboniferous Trilobite from 345 million years ago: Arthropleura!

---

Arthropleura (Greek for jointed ribs) is a genus of extinct millipede arthropods that lived in what is now northeastern North America and Scotland around 345 to 295 million years ago, from the Viséan stage of the lower Carboniferous Period to the Asselian stage of the lower Permian Period. The larger species of the genus are the largest known land invertebrates of all time, and would have had few, if any, predators.

Zabuza: WATER STYLE NINJA ART: SARCOSUCHUS!

Zabuza fired a wave of water and it formed into the largest crocodilian dinosaur ever known from 133 million years ago: Sarcosuchus!

Sarcosuchus (/ˌsɑːrkoʊˈsuːkəs/; meaning "flesh crocodile") is an extinct genus of crocodyliform and distant relative of living crocodylians that lived during the Early Cretaceous, from the late Hauterivian to the early Albian, 133 to 112 million years ago of what is now Africa and South America. It was one of the largest crocodile-line reptiles, reaching an average estimate of 9 m (30 ft) and 3.5 metric tons (3.9 short tons), but estimated to grow up to 9.5 m (31 ft) in body length and weigh up to 4.3 metric tons (4.7 short tons). It is known from two species, S. imperator from the early Albian Elrhaz Formation of Niger and S. hartti from the Late Hauterivian of northeastern Brazil, other material is known from Morocco and Tunisia and possibly Libya and Mali.

The first remains were discovered during several expeditions led by the French paleontologist Albert-Félix de Lapparent, spanning from 1946 to 1959, in the Sahara. These remains were fragments of the skull, vertebrae, teeth, and scutes. In 1964, an almost complete skull was found in Niger by the French CEA, but it was not until 1997 and 2000 that most of its anatomy became known to science, when an expedition led by the American paleontologist Paul Sereno discovered six new specimens, including one with about half the skeleton intact and most of the spine.

Kabuto: WATER STYLE NINJA ART: PARASAUROLOPHUS!

Kabuto fired a wave of water and it formed into a herd of beautiful hadrosaurs from 76.5 million years ago: Parasaurolophus!

Parasaurolophus (/ˌpærəsɔːˈrɒləfəs, -ˌsɔːrəˈloʊfəs/; meaning "near

crested lizard" in reference to Saurolophus) is a genus of herbivorous ornithopod dinosaur that lived in what is now North America and possibly Asia during the Late Cretaceous Period, about 76.5-73 million years ago. It was an herbivore that walked both as a biped and as a quadruped. Three species are universally recognized: P. walkeri (the type species), P. tubicen, and the short-crested P. cyrtocristatus. Additionally, a fourth species, P. jiayensis, has been proposed, although it is more commonly placed in the separate genus Charonosaurus. Remains are known from Alberta (Canada), New Mexico and Utah (United States), and possibly Heilongjiang, (China). The genus was first described in 1922 by William Parks from a skull and partial skeleton found in Alberta.

Parasaurolophus was a hadrosaurid, part of a diverse family of Cretaceous dinosaurs known for their range of bizarre head adornments. This genus is known for its large, elaborate cranial crest, which at its largest forms a long curved tube projecting upwards and back from the skull. Charonosaurus from China, which may have been its closest relative, had a similar skull and potentially a similar crest. Visual recognition of both species and sex, acoustic resonance, and thermoregulation have been proposed as functional explanations for the crest. It is one of the rarer hadrosaurids, known from only a handful of good specimens.

Finn: WATER STYLE NINJA ART: LAMBEOSAURUS!

Finn fired a wave of water and it formed into a heard of hadrosaurs from 76 million years ago: Lambeosaurus!

---

Lambeosaurus (/ˌlæmbioʊˈsɔːrəs/ LAM-bee-o-SAWR-əs; meaning "Lambe's lizard") is a genus of hadrosaurid dinosaur that lived about 75 million years ago, in the Late Cretaceous period (Campanian stage) of North America. This bipedal/quadrupedal, herbivorous dinosaur is known for its distinctive hollow cranial crest, which in the best-known species resembled a hatchet. Several possible species have been named, from Canada, the United States, and Mexico, but only the two Canadian species are currently recognized as valid.

Material relevant to the genus was first named by Lawrence Lambe in 1902. Over twenty years later, the modern name was coined in 1923 by William Parks, in honour of Lambe, based on better preserved specimens. The genus has a complicated taxonomic history, in part because small-bodied crested hadrosaurids now recognized as juveniles were once thought to belong to their own genera and species. Currently, the various skulls assigned to the type species L. lambei are interpreted as showing age differences and sexual dimorphism. Lambeosaurus was closely related to the better known Corythosaurus, which is found in slightly older rocks, as well as the less well-known genera Hypacrosaurus and Olorotitan. All had unusual crests, which are now generally assumed to have served social functions like noisemaking and recognition.

Jake the Dog: WATER STYLE NINJA ART: TSINTAOSAURUS!

Jake fired a wave of water and it formed into a herd of hadrosaurs from 70 million years ago: Tsintaosaurus!

---

Tsintaosaurus (/tʃɪŋdaʊˈsɔːrəs/; meaning "Qingdao lizard", after the old transliteration "Tsingtao") is a genus of hadrosaurid dinosaur from China. It was about 8.3 metres (27 ft) long and weighed 2.5 tonnes. The type species is Tsintaosaurus spinorhinus, first described by Chinese paleontologist C. C. Young in 1958.

A hadrosaur, Tsintaosaurus had a characteristic 'duck bill' snout and a battery of powerful teeth which it used to chew vegetation. It usually walked on all fours, but could rear up on its hind legs to scout for predators and flee when it spotted one. Like other hadrosaurs, Tsintaosaurus probably lived in herds.

Flame Princess: FIRE STYLE NINJA ART: CARCHARODONTOSAURUS!

Flame Princess fired a wave of fire and it formed into theropod from

100 million years ago: Carcharodontosaurus!

---

Carcharodontosaurus /ˌkɑːrkəroʊˌdɒntoʊ'sɔːrəs/ is a genus of carnivorous carcharodontosaurid dinosaurs that existed during the Cenomanian stage of the mid-Cretaceous Period in Northern Africa. It is currently known to include two species: C. saharicus and C. iguidensis, which are among the larger theropods, nearly as large as or even larger than Tyrannosaurus, Giganotosaurus, and Spinosaurus.

The genus Carcharodontosaurus is named after the shark genus Carcharodon, itself composed of the Greek karchar[os] (κάρχαρος, meaning "jagged" or "sharp") and odōn (ὀδών, "teeth"), and the suffix -saurus ("lizard").

Mario: (Italian Accent) WATER STYLE NINJA ART: CORYTHOSAURUS!

Mario fired a wave of water and it formed into the hadrosaur from 77 million years ago: Corythosaurus!

---

Corythosaurus /ˌkɒrɪθoʊ'sɔːrəs/ is a genus of hadrosaurid "duck-billed" dinosaur from the Upper Cretaceous Period, about 77-75.7 million years ago. It lived in what is now North America. Its name means "helmet lizard", derived from Greek κόρυς. It was named and described in 1914 by Barnum Brown. Corythosaurus is now thought to be a lambeosaurine, related to Nipponosaurus, Velafrons, Hypacrosaurus, and Olorotitan. Corythosaurus has an estimated length of 9 metres (30 ft), and has a skull, including the crest, that is 70.8 centimetres (27.9 in; 2.32 ft) tall.

Corythosaurus is known from many complete specimens, including the nearly complete holotype found by Brown in 1911. The holotype skeleton is only missing the last section of the tail, and part of the forelimbs, but was preserved with impressions of polygonal scales.

Corythosaurus is known from many skulls with tall crests. The crests resemble the crests of the cassowary and a Corinthian helmet. The most likely function of the crest is thought to be vocalization. As in a trombone, sound waves would travel through many chambers in the crest, and then get amplified when Corythosaurus exhaled. A Corythosaurus specimen has been preserved with its last meal in its chest cavity. Inside the cavity were remains of conifer needles, seeds, twigs, and fruits: Corythosaurus probably fed on all of these.

The two species of Corythosaurus are both present in slightly different levels of the Dinosaur Park Formation. Both still co-existed with theropods and other ornithischians, like Daspletosaurus, Brachylophosaurus, Parasaurolophus, Scolosaurus, and Chasmosaurus.

Luigi: (Italian Accent) ARTHROPOD STYLE NINJA ART: MEGANEURA!

Luigi fired a wave of energy and it formed into a swarm of the Carboniferous dragonflies from 305 million years ago: Meganeura!

---

Meganeura is a genus of extinct insects from the Carboniferous period (approximately 300 million years ago), which resembled and are related to the present-day dragonflies. With wingspans ranging from 65 cm (25.6 in) to over 70 cm (28 in), M. monyi is one of the largest-known flying insect species. Meganeura were predatory, with their diet mainly consisting of other insects.

Wing venation of Meganeura monyi, redrawn after Brongniart (1893, Pl. XLI)

Fossils were discovered in the French Stephanian Coal Measures of Commentry in 1880. In 1885, French paleontologist Charles Brongniart described and named the fossil "Meganeura" (large-nerved), which refers to the network of veins on the insect's wings. Another fine fossil specimen was found in 1979 at Bolsover in Derbyshire. The holotype is housed in the National Museum of

Natural History, in Paris.

Mei Terumi: OCEAN STYLE NINJA ART: MEGALODON!

Mei fired a wave of water and it formed into the largest and most meanest shark ever to swim the ocean and the ancestor of the Great White Shark from 23 million years ago.

---

Megalodon (Carcharocles megalodon), meaning "big tooth", is an extinct species of shark that lived approximately 23 to 3.6 million years ago (mya), during the Early Miocene to the Pliocene. It was formerly thought to be a member of the family Lamnidae and a close relative of the great white shark (Carcharodon carcharias). However, it is now classified into the extinct family Otodontidae, which diverged from the great white shark during the Early Cretaceous. Its genus placement is still debated, authors placing it in either Carcharocles, Megaselachus, Otodus, or Procarcharodon. This is because transitional fossils have been found showing that Megalodon is the final chronospecies of a lineage of giant sharks originally of the genus Otodus which evolved during the Paleocene.

While regarded as one of the largest and most powerful predators to have ever lived, megalodon is known from fragmentary remains, and its appearance and maximum size are uncertain. Scientists differ on whether it would have more closely resembled a stockier version of the great white shark, the basking shark (Cetorhinus maximus) or the sand tiger shark (Carcharias taurus). Most estimates of megalodon's size extrapolate from teeth; with maximum length estimates up to 18 meters (59 ft) and average length estimates of 10.5 meters (34 ft). Estimates suggest their large jaws could exert a bite force of up to 110,000 to 180,000 newtons (25,000 to 40,000 lbf). Their teeth were thick and robust, built for grabbing prey and breaking bone.

Megalodon probably had a major impact on the structure of marine communities. The fossil record indicates that it had a cosmopolitan distribution. It probably targeted large prey, such as whales, seals and sea turtles. Juveniles inhabited warm coastal waters and fed on fish and small whales. Unlike the great white, which attacks prey from the soft underside, megalodon probably used its strong jaws to break through the chest cavity and puncture the heart and lungs of its prey.

The animal faced competition from whale-eating cetaceans, such as Livyatan and other macroraptorial sperm whales and possibly smaller ancestral killer whales. As the shark preferred warmer waters, it is thought that oceanic cooling associated with the onset of the ice ages, coupled with the lowering of sea levels and resulting loss of suitable nursery areas, may have also contributed to its decline. A reduction in the diversity of baleen whales and a shift in their distribution toward polar regions may have reduced megalodon's primary food source. A 2019 study reviewed newer evidence suggesting that competition from the modern great white shark may have also contributed to the extinction of megalodon, coupled with range fragmentation resulting in a gradual, asynchronous extinction as a result of cooling oceans around 3.6-4 million years ago, far earlier than previously assumed. The extinction of the shark appeared to affect other animals; for example, the size of baleen whales increased significantly after the shark had disappeared.

Carol: EARTH STYLE NINJA ART: STEGOSAURUS!

Carol fired a wave of Earth and it formed into the awesome dinosaur from 155 million years ago: Stegosaurus!

---

Stegosaurus (/ˌstɛɡəˈsɔːrəs/), from Greek stegos (στέγος), which means roof, and sauros (σαῦρος), which means lizard, is a genus of herbivorous thyreophoran dinosaur. Fossils of this genus date to the Late Jurassic period, where they are found in Kimmeridgian to early Tithonian aged strata, between 155 and 150 million years ago, in the western United States and Portugal. Of the species that have been classified in the upper Morrison Formation of the western US, only three are universally recognized; S. stenops, S. ungulatus and S.

sulcatus. The remains of over 80 individual animals of this genus have been found. Stegosaurus would have lived alongside dinosaurs such as Apatosaurus, Diplodocus, Brachiosaurus, Allosaurus, and Ceratosaurus; the latter two may have preyed on it.

These were large, heavily built, herbivorous quadrupeds with rounded backs, short fore limbs, long hind limbs, and tails held high in the air. Due to their distinctive combination of broad, upright plates and tail tipped with spikes, Stegosaurus is one of the most recognizable kinds of dinosaurs. The function of this array of plates and spikes has been the subject of much speculation among scientists. Today, it is generally agreed that their spiked tails were most likely used for defense against predators, while their plates may have been used primarily for display, and secondarily for thermoregulatory functions. Stegosaurus had a relatively low brain-to-body mass ratio. It had a short neck and a small head, meaning it most likely ate low-lying bushes and shrubs. One species, Stegosaurus ungulatus, is the largest known of all the stegosaurians (bigger than related dinosaurs such as Kentrosaurus and Huayangosaurus).

Stegosaurus remains were first identified during the "Bone Wars" by Othniel Charles Marsh at Dinosaur Ridge National Landmark. The first known skeletons were fragmentary and the bones were scattered, and it would be many years before the true appearance of these animals, including their posture and plate arrangement, became well understood. Despite its popularity in books and film, mounted skeletons of Stegosaurus did not become a staple of major natural history museums until the mid-20th century, and many museums have had to assemble composite displays from several different specimens due to a lack of complete skeletons. Stegosaurus is one of the better-known dinosaurs, and has been featured in film, postal stamps, and many other types of media.

Beast Boy: EARTH STYLE NINJA ART: TRICERATOPS!

Beast Boy fired a wave of earth and it formed into the fierce dinosaur from 68 million years ago: Triceratops!

Triceratops is a genus of herbivorous ceratopsid dinosaur that first appeared during the late Maastrichtian stage of the late Cretaceous period, about 68 million years ago (mya) in what is now North America. It is one of the last known non-avian dinosaur genera, and became extinct in the Cretaceous-Paleogene extinction event 66 million years ago. The name Triceratops, which literally means "three-horned face", is derived from the Ancient Greek words τρί- (tri-) meaning "three", κέρας (kéras) meaning "horn", and ὤψ (ōps) meaning "face".

Triceratops has been documented by numerous remains collected since the genus was first described in 1889 by Othniel Charles Marsh. Specimens representing life stages from hatchling to adult have been found. As the archetypal ceratopsid, Triceratops is one of the most popular dinosaurs, and has been featured in film, postal stamps, and many other types of media.

Bearing a large bony frill and three horns on the skull, and its large four-legged body possessing similarities with the modern rhinoceros, Triceratops is one of the most recognizable of all dinosaurs and the best-known ceratopsid. It was also one of the largest, up to 9 meters (29.5 ft) long and 12 metric tons (13 short tons) in weight. It shared the landscape with and was probably preyed upon by Tyrannosaurus, though it is less certain that the two did battle in the fanciful manner often depicted in museum displays and popular images. The functions of the frills and three distinctive facial horns on its head have long inspired debate. Traditionally, these have been viewed as defensive weapons against predators. More recent interpretations find it probable that these features were primarily used in species identification, courtship and dominance display, much like the antlers and horns of modern ungulates.

Triceratops was traditionally placed within the "short-frilled" ceratopsids but modern cladistic studies show it to be a member of the Chasmosaurinae which usually have long frills. Two species, T. horridus and T. prorsus, are considered valid today, from the seventeen species that have ever been named. Research published in 2010 concluded that the contemporaneous Torosaurus, a ceratopsid long regarded as a separate genus, represents

Triceratops in its mature form. This view was immediately disputed with examination of more fossil evidence needed to settle the debate.

Linka: EARTH STYLE NINJA ART: TOROSAURUS!

Linka fired a wave of earth and it formed into the ceratopsian from 68 million years ago: Torosaurus!

---

Torosaurus ("perforated lizard", in reference to the large openings in its frill) is a genus of herbivorous ceratopsid dinosaur that lived during the late Maastrichtian stage of the Cretaceous period, between 68 and 66 million years ago, though it is possible that the species range might extend to as far as 69 million years ago. Fossils have been discovered across the Western Interior of North America, from Saskatchewan to southern Texas.

Torosaurus possessed one of the largest skulls of any known land animal. The frilled skull reached up to 2.77 metres (9.1 ft) in length. From head to tail, Torosaurus is thought to have measured about 8 to 9 m (26 to 30 ft) long and weighed four to six tonnes. Torosaurus is distinguished from the contemporary Triceratops by an elongate frill with large openings (fenestrae), long squamosal bones of the frill with a trough on their upper surface, and the presence of five or more pairs of hornlets (epoccipitals) on the back of the frill. Torosaurus also lacked the long nose horn seen in Triceratops prorsus, and instead resembled the earlier and more basal Triceratops horridus in having a short nose horn. Three species have been named, Torosaurus latus, T. gladius and T. utahensis. T. gladius is no longer considered a valid species, however.

In 2010, the validity of Torosaurus was disputed. A study of fossil bone histology combined with an investigation of frill shape concluded that Torosaurus probably represented the mature form of Triceratops, with the bones of typical Triceratops specimens still immature and showing signs of a first development of distinct Torosaurus frill holes. During maturation, the skull frill would have been greatly lengthened and holes would have appeared in it. In 2011, 2012 and 2013 however, studies of external features of known specimens have claimed that morphological differences between the two genera preclude their synonymy. The main problems are a lack of good transitional forms, the apparent existence of authentic Torosaurus subadults, different skull proportions independent of maturation and the assertion that hole formation at an adult stage is not part of a normal ceratopsian maturation sequence.

Paula: EARTH STYLE NINJA ART: NASUTOCERATOPS!

Paula fired a wave of earth and it formed into the ceratopsian from 75.9 million years ago: Nasutoceratops!

---

Nasutoceratops is an extinct genus of ceratopsian dinosaur. It is a basal centrosaurine which lived during the Late Cretaceous Period (late Campanian, about 76.0-75.5 Ma). Fossils have been found in southern Utah, United States. Nasutoceratops was a large, ground-dwelling, quadrupedal herbivore with a short snout and unique rounded horns above its eyes that have been likened to those of modern cattle. Extending almost to the tip of its snout, these horns are the longest of all the members of the centrosaurine subfamily. The presence of pneumatic elements in the nasal bones of Nasutoceratops are a unique trait and are unknown in any other ceratopsid. Nasutoceratops, Diabloceratops, and Machairoceratops are the only three centrosaurine dinosaurs from the American southwest.

Hulk: EARTH STYLE NINJA ART: STYRACOSAURUS!

Hulk fired a wave of earth and it formed into the ceratopsian from 75.5 million years ago: Styracosaurus!

---

Styracosaurus (/stɪˌrækə'sɔːrəs/ sti-RAK-ə-SOR-əs; meaning "spiked lizard" from the Ancient Greek styrax/στύραξ "spike at the butt-end of a spear-shaft" and sauros/σαῦρος "lizard") is a genus of herbivorous ceratopsian dinosaur from the Cretaceous Period (Campanian stage), about 75.5 to 75 million years ago. It had four to six long parietal spikes extending from its neck frill, a smaller jugal horn on each of its cheeks, and a single horn protruding from its nose, which may have been up to 60 centimetres (2 feet) long and 15 centimetres (6 inches) wide. The function or functions of the horns and frills have been debated for many years.

Styracosaurus was a relatively large dinosaur, reaching lengths of 5.5 metres (18 feet) and weighing nearly 3 tonnes. It stood about 1.8 meters (5.9 feet) tall. Styracosaurus possessed four short legs and a bulky body. Its tail was rather short. The skull had a beak and shearing cheek teeth arranged in continuous dental batteries, suggesting that the animal sliced up plants. Like other ceratopsians, this dinosaur may have been a herd animal, travelling in large groups, as suggested by bonebeds.

Named by Lawrence Lambe in 1913, Styracosaurus is a member of the Centrosaurinae. One species, S. albertensis, is currently assigned to Styracosaurus. Another species, S. ovatus, named in 1930 by Charles Gilmore was reassigned to a new genus, Rubeosaurus, by Andrew McDonald and Jack Horner in 2010.

She-Hulk: EARTH STYLE NINJA ART: PACHYCEPHALOSAURUS!

She-Hulk fired a wave of earth and it formed into the ramming dinosaur from 70 million years ago: Pachycephalosaurus!

Pachycephalosaurus (/ˌpækɪˌsɛfələˈsɔːrəs/; meaning "thick-headed lizard," from Greek pachys-/παχύς- "thick", kephale/κεφαλή "head" and sauros/σαῦρος "lizard") is a genus of pachycephalosaurid dinosaurs. The type species, P. wyomingensis, is the only known species. It lived during the Late Cretaceous Period (Maastrichtian stage) of what is now North America. Remains have been excavated in Montana, South Dakota, Wyoming and Alberta. It was a herbivorous creature which is primarily known from a single skull and a few extremely thick skull roofs, though more complete fossils have been found in recent years. Pachycephalosaurus was one of the last non-avian dinosaurs before the Cretaceous-Paleogene extinction event. Another dinosaur, Tylosteus of western North America, has been synonymized with Pachycephalosaurus, as have the genera Stygimoloch and Dracorex in recent studies.

Like other pachycephalosaurids, Pachycephalosaurus was a bipedal herbivore with an extremely thick skull roof. It possessed long hindlimbs and small forelimbs. Pachycephalosaurus is the largest-known pachycephalosaur. The thick skull domes of Pachycephalosaurus and related genera gave rise to the hypothesis that pachycephalosaurs used their skulls in intra-species combat. This hypothesis has been disputed in recent years.

Rarity: CRYSTAL STYLE NINJA ART: PLATEOSAURUS!

Rarity fired a wave of crystal and it formed into the protosauropod from 214 million years ago: Plateosaurus!

---

Plateosaurus (probably meaning "broad lizard", often mistranslated as "flat lizard") is a genus of plateosaurid dinosaur that lived during the Late Triassic period, around 214 to 204 million years ago, in what is now Central and Northern Europe and Greenland, North America. Plateosaurus is a basal (early) sauropodomorph dinosaur, a so-called "prosauropod". As of 2011, two species are recognised: the type species P. engelhardti from the late Norian and Rhaetian, and the slightly earlier P. gracilis from the lower Norian. However, others have been assigned in the past, and there is no broad consensus on the species taxonomy of plateosaurid dinosaurs. Similarly, there are a plethora of synonyms (invalid duplicate names) at the genus level.

Discovered in 1834 by Johann Friedrich Engelhardt and described three years later by Hermann von Meyer, Plateosaurus was the fifth named dinosaur genus that is still considered valid. Although it had been described before Richard Owen formally named Dinosauria in 1842, it was not one of the three genera used by Owen to define the group, because at the time, it was poorly known and difficult to identify as a dinosaur. It is now among the dinosaurs best known to science: over 100 skeletons have been found, some of them nearly complete. The abundance of its fossils in Swabia, Germany, has led to the nickname Schwäbischer Lindwurm (Swabian lindworm).

Plateosaurus was a bipedal herbivore with a small skull on a long, flexible neck, sharp but plump plant-crushing teeth, powerful hind limbs, short but muscular arms and grasping hands with large claws on three fingers, possibly used for defence and feeding. Unusually for a dinosaur, Plateosaurus showed strong developmental plasticity: instead of having a fairly uniform adult size, fully grown individuals were between 4.8 and 10 metres (16 and 33 ft) long and weighed between 600 and 4,000 kilograms (1,300 and 8,800 lb). Commonly, the animals lived for at least 12 to 20 years, but the maximum life span is not known.

Despite the great quantity and excellent quality of the fossil material, Plateosaurus was for a long time one of the most misunderstood dinosaurs. Some researchers proposed theories that were later shown to conflict with geological and palaeontological evidence, but have become the paradigm of public opinion. Since 1980 the taxonomy (relationships), taphonomy (how the animals became embedded and fossilised), biomechanics (how their skeletons worked), and palaeobiology (life circumstances) of Plateosaurus have been re-studied in detail, altering the interpretation of the animal's biology, posture and behaviour.

Azula fired a wave of lightning and it formed into the stegosaur from 152 million years ago: Kentrosaurus!

---

Kentrosaurus (/ˌkɛntroʊˈsɔːrəs/ KEN-tro-SAWR-əs) is a genus of stegosaurian dinosaur from the Late Jurassic of Tanzania. The type species is K. aethiopicus, named and described by German palaeontologist Edwin Hennig in 1915. Often thought to be a "primitive" member of the Stegosauria, several recent cladistic analyses find it as more derived than many other stegosaurs, and a close relative of Stegosaurus from the North American Morrison Formation within the Stegosauridae.

Fossils of K. aethiopicus have been found only in the Tendaguru Formation, dated to the late Kimmeridgian and early Tithonian ages, about 152 million years ago. Hundreds of bones were unearthed by German expeditions to German East Africa between 1909 and 1912. Although no complete skeletons are known, the remains provided a nearly complete picture of the build of the animal.

Kentrosaurus generally measured around 4.5 metres (15 ft) in length as an adult, and weighed about one tonne (1.1 tons). It walked on all fours with straight hindlimbs. It had a small, elongated head with a beak used to bite off plant material that would be digested in a large gut. It had a, probably double, row of small plates running down its neck and back. These plates gradually merged into spikes on the hip and tail. The longest spikes were on the tail end and were used to actively defend the animal. There also was a long spike on each shoulder. The thigh bones come in two different types, suggesting that one sex was larger and more stout than the other.

Andrewsarchus (/ˌændruːˈsɑːrkəs/) is an extinct genus of mammal that lived during the middle Eocene epoch in what is now Inner Mongolia, China. Only one species is usually recognized, A. mongoliensis, known from a single skull of great size discovered in 1923 during the expeditions to central Asia by the American Museum of Natural History (AMNH). Generally classified as a mesonychid since its original description, most recent studies classify it as an artiodactyl, in one study specifically, as a member of the clade Cetancodontamorpha, closely related to entelodonts, hippos and whales.

James (Pokemon): EARTH STYLE NINJA ART: LYSTROSAURUS!

James fired a wave of earth and it formed into the Dicynodont from 255 million years ago: Lystrosaurus!

---

Lystrosaurus (/ˌlɪstroʊˈsɔːrəs/; 'shovel lizard'; proper Greek is λίστρον lístron 'tool for leveling or smoothing, shovel, spade, hoe') was a herbivorous genus of dicynodont therapsids from the late Permian and Early Triassic epochs (around 250 million years ago). It lived in what is now Antarctica, India, China, Mongolia, European Russia and South Africa. Four to six species are currently recognized, although from the 1930s to 1970s the number of species was thought to be much higher. They ranged in size from that of a small dog to 2.5 meters long.

Being a dicynodont, Lystrosaurus had only two teeth (a pair of tusk-like canines), and is thought to have had a horny beak that was used for biting off pieces of vegetation. Lystrosaurus was a heavily built, herbivorous animal, approximately the size of a pig. The structure of its shoulders and hip joints suggests that Lystrosaurus moved with a semi-sprawling gait. The forelimbs were even more robust than the hindlimbs, and the animal is thought to have been a powerful digger that nested in burrows.

Lystrosaurus survived the Permian-Triassic extinction, 252 million years ago. In the Early Triassic, they were by far the most common terrestrial vertebrates, accounting for as many as 95% of the total individuals in some fossil beds. Researchers have offered various hypotheses for why Lystrosaurus survived the extinction event and prospered in the early Triassic.

Kitten: EARTH STYLE NINJA ART: MACRAUCHENIA!

Kitten fired a wave of earth and it formed into the ancestor of the llama from 7 million years ago: Macrauchenia!

---

Macrauchenia ("long llama", based on the now superseded Latin term for llamas, Auchenia, from Greek "big neck") was a large, long-necked and long-limbed, three-toed native South American mammal in the order Litopterna. The genus gives its name to its family, the Macraucheniidae or "robust litopterns". Like other litopterns, it is not closely related to any living mammal, being most closely related to the group containing horses, rhinos and tapirs (the Perissodactyla), from which litopterns diverged approximately 66 million years ago. The oldest fossils in the genus date to the late Miocene, around seven million years ago, and M. patachonica disappears from the fossil record during the late Pleistocene, around 20,000-10,000 years ago. M. patachonica is one of the last and best known member of the family and is known primarily from the Luján Formation in Argentina, but is known from localities across southern

South America. Another genus of macraucheniid Xenorhinotherium was present in northeast Brazil and Venezuela during the Late Pleistocene. The type specimen was discovered by Charles Darwin during the voyage of the Beagle. In life, Macrauchenia may have resembled a humpless camel, though the two taxa are not closely related. It fed on plants in a variety of environments across what is now South America. Among the species described, M. patachonica and M. ullomensis are considered valid; M. boliviensis is considered a nomen dubium; and M. antiqua (or M. antiquus) has been moved to the genus Promacrauchenia.

Tuddrussel: EARTH STYLE NINJA ART: ALBERTOSAURUS!

Tuddrussel fired a wave of earth and it formed into the theropod from 71 million years ago: Albertosaurus!

---

Albertosaurus (/ælˌbɜːrtəˈsɔːrəs/; meaning "Alberta lizard") is a genus of tyrannosaurid theropod dinosaurs that lived in western North America during the Late Cretaceous Period, about 70 million years ago. The type species, A. sarcophagus, was apparently restricted in range to the modern-day Canadian province of Alberta, after which the genus is named, although an indeterminate species ("cf. Albertosaurus sp.") has been discovered in the Corral de Enmedio and Packard Formations in Mexico. Scientists disagree on the content of the genus, with some recognizing Gorgosaurus libratus as a second species.

As a tyrannosaurid, Albertosaurus was a bipedal predator with tiny, two-fingered hands and a massive head that had dozens of large, sharp teeth. It may have been at the top of the food chain in its local ecosystem. While Albertosaurus was large for a theropod, it was much smaller than its larger and more famous relative Tyrannosaurus rex, growing 9 to 10 m (30 to 33 ft) and possibly weighing 2.5 tonnes (2.8 short tons) or less.

Since the first discovery in 1884, fossils of more than 30 individuals have been recovered, providing scientists with a more detailed knowledge of Albertosaurus anatomy than is available for most other tyrannosaurids. The discovery of 26 individuals at one site provides evidence of pack behaviour and allows studies of ontogeny and population biology, which are impossible with lesser-known dinosaurs.

Larry 3000: EARTH STYLE NINJA ART: EDMONTOSAURUS!

---

Edmontosaurus (/ɛdˌmɒntəˈsɔːrəs/ ed-MON-tə-SAWR-əs) (meaning "lizard from Edmonton") is a genus of hadrosaurid (duck-billed) dinosaur. It contains two known species: Edmontosaurus regalis and Edmontosaurus annectens. Fossils of E. regalis have been found in rocks of western North America that date from the late Campanian stage of the Cretaceous Period 73 million years ago, while those of E. annectens were found in the same geographic region but in rocks dated to the end of the Maastrichtian stage of the Cretaceous, 66 million years ago. Edmontosaurus was one of the last non-avian dinosaurs, and lived alongside dinosaurs like Triceratops, Tyrannosaurus, Albertosaurus and Pachycephalosaurus shortly before the Cretaceous-Paleogene extinction event.

Edmontosaurus included some of the largest hadrosaurid species, measuring up to 12 metres (39 ft) long and weighing around 4.0 metric tons (4.4 short tons). Evidence does exist in the form of two fossilized specimens housed at the Museum of the Rockies for an even greater maximum size of 15 m (49 ft) and weighing 9.07 metric tons (10.00 short tons) for Edmontosaurus annectens. Several well-preserved specimens are known that include not only bones, but in some cases extensive skin impressions and possible gut contents. It is classified as a genus of saurolophine (or hadrosaurine) hadrosaurid, a member of the group of hadrosaurids which lacked large, hollow crests, instead having smaller solid crests or fleshy combs.

The first fossils named Edmontosaurus were discovered in southern Alberta (named after Edmonton, the capital city), in the Horseshoe Canyon Formation (formerly called the lower Edmonton Formation). The type species, E. regalis, was named by Lawrence Lambe in 1917, although several other species that are now classified in Edmontosaurus were named earlier. The best known of these is E. annectens, named by Othniel Charles Marsh in 1892; originally as a species of Claosaurus, known for many years as a species of Trachodon, and later as Anatosaurus annectens. Anatosaurus and Anatotitan are now generally regarded as synonyms of Edmontosaurus.

Edmontosaurus was widely distributed across western North America. The distribution of Edmontosaurus fossils suggests that it preferred coasts and coastal plains. It was a herbivore that could move on both two legs and four. Because it is known from several bone beds, Edmontosaurus is thought to have lived in groups, and may have been migratory as well. The wealth of fossils has allowed researchers to study its paleobiology in detail, including its brain, how it may have fed, and its injuries and pathologies, such as evidence for tyrannosaur attacks on a few edmontosaur specimens.

Skipper: EARTH STYLE NINJA ART: DICYNODON!

Skipper fired a wave of earth and it formed into the dicynodont therapsid from 253.8 to 251 million years ago: Dicynodon!

---

Dicynodon ("two dog-teeth") is a genus of dicynodont therapsid that flourished during the Upper Permian period. Like all dicynodonts, it was herbivorous. This animal was toothless, except for prominent tusks, hence the name. It probably cropped vegetation with a horny beak, much like a tortoise, while the tusks may have been used for digging up roots and tubers.

Many species of Dicynodon have been named, and the genus is considered a wastebasket taxon. A 2011 study of the genus found most of the species to represent a paraphyletic grouping, with the only valid members of Dicynodon being D. lacerticeps and D. huenei. A 2019 study named a new species D. angielczyki, but simultaneously transferred D. huenei to the genus Daptocephalus.

Eoraptor (/ˈiːoʊˌræptər/) was one of the earliest-known dinosaurs, living approximately 231 to 228 million years ago, during the Late Triassic in Western Gondwana, in the region that is now northwestern Argentina. It was a small, lightly-built, basal saurischian dinosaur. It is known from several well-preserved skeletons. When first described in 1993, it was considered to be the earliest or one of the earliest known dinosaurs. Eoraptor has heterodont dentition, which suggests that it was omnivorous and that the feeding strategy had evolved early on in dinosaurs.

Liberty: EARTH STYLE NINJA ART: TORVOSAURUS!

Liberty fired a wave of earth and it formed into the theropod dinosaur from 158 million years ago: Torvosaurus!

---

Torvosaurus (/ˌtɔːrvoʊˈsɔːrəs/) is a genus of carnivorous megalosauroid theropod dinosaur that lived approximately 153 to 148 million years ago during the Late Jurassic Period (Kimmeridgian to Tithonian) in what is now Colorado and Portugal. It contains two currently recognized species, Torvosaurus tanneri and Torvosaurus gurneyi.

In 1979 the type species Torvosaurus tanneri was named: it was a large, heavily built, bipedal carnivore, that could grow to a length of about 10 m (33 ft). T. tanneri was among the largest carnivores of its time, together with Epanterias and Saurophaganax (which could be both synonyms of Allosaurus). Specimens referred to Torvosaurus gurneyi were initially claimed to be up to twelve metres long, but later shown to be smaller. Based on bone morphology Torvosaurus is thought to have had short but very powerful arms.

Lyra: EARTH STYLE NINJA ART: THRINAXODON!

Lyra fired a wave of earth and it formed into the cynodont from 251 million years ago: Thrinaxodon!

---

Thrinaxodon is an extinct genus of cynodonts, most commonly regarded by its species T. liorhinus which lived in what are now South Africa and Antarctica during the Early Triassic. Thrinaxodon lived just after the Permian-Triassic mass extinction event, its survival during the extinction may have been due to its burrowing habits.

Similar to other synapsids, Thrinaxodon adopted a semi-sprawling posture, an intermediary form between the sprawling position of pelycosaurs (not unlike current Crocodylia) and the more upright posture present in current mammals. Thrinaxodon is prevalent in the fossil record in part because it was one of the few carnivores of its time, and was of a larger size than similar cynodont carnivores.

Lee: EARTH STYLE NINJA ART: CHASMOSAURUS!

Lee fired a wave of earth and it formed into the ceratopsian from 76.5 million years ago: Chasmosaurus!

---

Chasmosaurus (/ˌkæzmoʊˈsɔːrəs/ KAZ-mo-SAWR-əs) is a genus of ceratopsid dinosaur from the Upper Cretaceous Period of North America. Its name means 'opening lizard', referring to the large openings (fenestrae) in its frill (Greek chasma meaning 'opening' or 'hollow' or 'gulf' and sauros meaning 'lizard'). With a length of 4.3-4.8 metres (14.1-15.7 ft) and a weight of 1.5-2 tonnes (1.7-2.2 short tons), Chasmosaurus was a ceratopsian of average size. Like all ceratopsians, it was purely herbivorous. It was initially to be called Protorosaurus, but this name had been previously published for another animal. All specimens of Chasmosaurus were collected from the Dinosaur Park Formation of the Dinosaur Provincial Park of Alberta, Canada. C. russelli comes from the lower beds of the formation while C. belli comes from middle and upper beds.

Po: WATER STYLE NINJA ART: PROTEROSUCHUS!

Po fired a wave of water and it formed into the Permian reptile from 252 million years ago: Proterosuchus!

---

Proterosuchus is an extinct genus of archosauriform reptiles that lived during the Early Triassic. It contains three valid species: the type species P. fergusi and the referred species P. alexanderi and P. goweri. All three species lived in what is now South Africa. The genus was named in 1903 by the South African paleontologist Robert Broom. The well-known genus Chasmatosaurus is a junior synonym of Proterosuchus.

Proterosuchus was a mid-sized quadrupedal reptile with a sprawling stance that could reach a length of up to 3.5 meters (11 ft). It had a large head and distinctively hooked snout. It was a predator, which may have hunted prey such as Lystrosaurus. The lifestyle of Proterosuchus remains debated; it may have been terrestrial or it may have been a semiaquatic ambush predator similar to modern crocodiles.

Proterosuchus is one of the earliest members of the clade Archosauriformes, which also includes crocodilians, pterosaurs, and dinosaurs, including birds. It lived in the aftermath of the Permian-Triassic extinction event, the largest known mass extinction in Earth's history.

Fluttershy: EARTH STYLE NINJA ART: EUCHAMBERSIA!

Fluttershy fired a wave of earth and it formed into the therapsid from 256 million years ago: Euchambersia!

---

Euchambersia is a genus of therocephalian therapsid that lived during the Late Permian, approximately 255 million years ago, in what is now South Africa. The genus contains a single species, Euchambersia mirabilis, named by paleontologist Robert Broom in 1931 from a skull missing the lower jaws; a second skull, belonging to an immature individual, was later described. It is a member of the family Akidnognathidae, which historically has also been referred by as the synonymous Euchambersiidae (named after Euchambersia).

Euchambersia was a small and short-snouted therocephalian, possessing large canines as is typical of the group. However, it is notable among therocephalians for possessing ridges on its canines and a large indentation in the side of the skull. Under the erroneous assumption that the canines are grooved instead of ridged, it has been proposed that these structures supported a venom delivery mechanism. More recently, the internal structure of the skull of Euchambersia has been used as stronger evidence in favour of the hypothesis that it was venomous; other possibilities, such as the indentation supporting some sort of sensory organ, still remain plausible.

Jimmy Neutron: WIND STYLE NINJA ART: RHAMPHORHYNCHUS!

Jimmy fired a wave of wind and it formed into the flying reptiles from 150.8 million years ago: Rhamphorhynchus!

---

Rhamphorhynchus (/ˌræmfəˈrɪŋkəs/, "beak snout") is a genus of long-tailed pterosaurs in the Jurassic period. Less specialized than contemporary, short-tailed pterodactyloid pterosaurs such as Pterodactylus, it had a long tail, stiffened with ligaments, which ended in a characteristic soft-tissue tail vane. The jaws of Rhamphorhynchus housed needle-like teeth, which were angled forward, with a curved, sharp, beak-like tip lacking teeth, indicating a diet mainly of fish; indeed, fish and cephalopod remains are frequently found in Rhamphorhynchus abdominal contents, as well as in their coprolites.

Although fragmentary fossil remains possibly belonging to Rhamphorhynchus have been found in England, Tanzania, and Spain, the best preserved specimens come from the Solnhofen limestone of Bavaria, Germany. Many of these fossils preserve not only the bones but impressions of soft tissues, such as wing membranes. Scattered teeth believed to belong to Rhamphorhynchus have been found in Portugal as well.

Kick Buttowski: EARTH STYLE NINJA ART: SEYMOURIA!

Kick fired a wave of earth and it formed into the Permian seymouriamorph from 275 million years ago: Seymouria!

---

Seymouria is an extinct genus of seymouriamorph from the Early Permian of North America and Europe. Although they were amphibians (in a biological sense), Seymouria were well-adapted to life on land, with many reptilian features-so many, in fact, that Seymouria was first thought to be a primitive reptile. It is primarily known from two species, Seymouria baylorensis and Seymouria sanjuanensis. The type species, S. baylorensis, is more robust and specialized, though its fossils have only been found in Texas. On the other hand, Seymouria sanjuanensis is more abundant and widespread. This smaller species is known from multiple well-preserved fossils, including a block of six skeletons found in the Cutler Formation of New Mexico, and a pair of fully grown skeletons from the Tambach Formation of Germany, which were fossilized lying next to each other.

For the first half of the 20th century, Seymouria was considered one of the oldest and most "primitive" known reptiles. Paleontologists noted how the general body shape resembled that of early reptiles such as captorhinids, and that certain adaptations of the limbs, hip, and skull were also similar to that of early reptiles, rather than any species of modern or extinct amphibians known at the time. The strongly-built limbs and backbone also supported the idea that Seymouria was primarily terrestrial, spending very little time in the water. However, in the 1950s, fossilized tadpoles were discovered in Discosauriscus, which was a close relative of Seymouria in the group Seymouriamorpha. This shows that seymouriamorphs (including Seymouria) had a larval stage which lived in the water, therefore making Seymouria not a true reptile, but rather an amphibian which was closely related to reptiles. Though no longer considered the most primitive reptile, Seymouria is still an important transitional fossil documenting the acquisition of reptile-like skeletal features prior to the evolution of the amniotic egg, which characterizes amniotes (reptiles, mammals, and birds).

Kendall Perkins: WATER STYLE NINJA ART: HYNERPETON!

Kendall fired a wave of water and it formed into the Devonian creature from 365 million years ago: Hynerpeton!

---

Hynerpeton (/haɪˈnɜːrpətɒn/; from Hyner, Pennsylvania and Ancient Greek ἑρπετόν herpetón, "creeping animal," meaning "creeping animal from Hyner") is an extinct genus of early four-limbed vertebrate that lived in the rivers and ponds of Pennsylvania during the Late Devonian period, around 365 to 363 million years ago. The only known species of Hynerpeton is H. bassetti, named after the describer's grandfather, city planner Edward Bassett. Hynerpeton is known for being the first Devonian four-limbed vertebrate discovered in the United States, as well as possibly being one of the first to have lost internal (fish-like) gills.

This genus is known from few remains discovered at the Red Hill fossil site in Hyner, Pennsylvania. The most notable fossil is a large endochondral shoulder girdle consisting of the cleithrum, scapula, and coracoid (but not the interclavicle and clavicles), all connected into one shoulder bone. The inner surface of this shoulder bone possesses an array of depressions believed to have been attachment points for a unique set of powerful muscles around the chest. This may have given Hynerpeton improved mobility and weight-bearing abilities compared to other Devonian limbed vertebrates such as Ichthyostega and Acanthostega. The cleithrum (upper blade of the shoulder) is fused to the scapulocoracoid (lower plate of the shoulder, in front of the shoulder socket), unlike in most tetrapods, but the shoulder girdle is independent of the skull, unlike in most fish.

Early four-limbed vertebrates are sometimes referred to as tetrapods (using a trait-based definition of the term), although animals like Hynerpeton, Ichthyostega, and Acanthostega are placed outside the crown group Tetrapoda by the vast majority of paleontologists. From a cladistic (relations-based) point of view, a more accurate term would be "stem-tetrapod" or "stegocephalian", indicating that they were part of the lineage of animals that would lead to true tetrapods such as modern amphibians (Lissamphibia), reptiles, mammals, and birds.

Hynerpeton hails from the Red Hill fossil site, which, during the Late Devonian, was a warm floodplain inhabited by a diverse ecosystem of aquatic fish and terrestrial invertebrates. Hynerpeton was one of several genera of four-limbed vertebrates known from the site, although it was the first to be discovered. It has been theorized that animals like Hynerpeton were able to use their amphibious lifestyle to find shallow pools where they could spawn, isolated from predatory fish which inhabited the deeper rivers.

Juandissimo: (Spanish Accent) WATER STYLE NINJA ART: TIKTAALIK!

Juandissimo fired a wave of water and it formed into the Devonian Sarcopterygian from 375 million years ago: Tiktaalik!

Tiktaalik (/tɪkˈtɑːlɪk/; Inuktitut ᑎᒃᑖᓕᒃ [tiktaːlik]) is a monospecific genus of extinct sarcopterygian (lobe-finned fish) from the Late Devonian Period, about 375 Mya (million years ago), having many features akin to those of tetrapods (four-legged animals).

Unearthed in Arctic Canada, Tiktaalik is technically a fish, complete with scales and gills - but it has the flattened head of a crocodile and unusual fins. Its fins have thin ray bones for paddling like most fish, but they also have sturdy interior bones that would have allowed Tiktaalik to prop itself up in shallow water and use its limbs for support as most four-legged animals do. Those fins and a suite of other characteristics set Tiktaalik apart as something special; it has a combination of features that show the evolutionary transition between swimming fish and their descendants, the four-legged vertebrates - a clade which includes amphibians, reptiles, birds and mammals.

It and similar animals may possibly be the common ancestors of the broad swath of all vertebrate terrestrial fauna: amphibians, reptiles, birds, and mammals.

The first well-preserved Tiktaalik fossils were found in 2004 on Ellesmere Island in Nunavut, Canada.

Littlefoot: WATER STYLE NINJA ART: HYBODUS!

Littlefoot fired a wave of water and it formed into the Jurassic Shark from 260 to 66 million years ago: Hybodus!

---

Hybodus ("humped tooth") is an extinct genus of Chondrichthyans. First appearing towards the end of the Permian period, and disappearing during the Late Cretaceous, during the Triassic, Jurassic, and Cretaceous periods the hybodonts were especially successful and could be found in shallow seas across the world. For reasons that are not fully understood, the hybodonts became extinct near the end of the Late Cretaceous period.

Patrick: OCEAN STYLE NINJA ART: LIVYATAN!

Patrick fired a wave of water and it formed into the first ancestral sperm whale from 9 million years ago: Livyatan!

---

Livyatan is an extinct genus of sperm whale containing one species: L. melvillei. The genus name was inspired by the biblical sea monster Leviathan, and the species name by Herman Melville, the author of the famous book Moby-Dick about a white bull sperm whale. It is mainly known from the Pisco Formation of Peru during the Tortonian stage of the Miocene epoch, about 9.9-8.9 million years ago (mya); however, isolated teeth from other locations such as Chile, Argentina, South Africa, and Australia implies that either it or a close relative survived into the Pliocene, around 5 mya, and was present throughout the Southern Hemisphere. It was a member of a group of hyper-predatory macroraptorial sperm whales (or "raptorial sperm whales") and was likely an apex predator, preying on whales, seals, and so forth. Characteristic of raptorial sperm whales, Livyatan had functional, enamel-coated teeth on the upper and lower jaws, as well as several adaptations for hunting large prey.

Livyatan's total length has been estimated to be about 13.5-17.5 m (44-57 ft), similar to the modern sperm whale (Physeter macrocephalus), making it one of the largest predators to have ever existed. The teeth of Livyatan measured 36.2 cm (1.2 ft), and are the largest biting teeth of any known animal, excluding tusks. It is distinguished from the other raptorial sperm whales by the basin on the skull, and how it spans the entire length of the snout. The spermaceti organ, contained in that basin, is thought to have been used in echolocation and communication, or for ramming prey and other sperm whales. The whale may have interacted with the large extinct shark megalodon (Carcharocles megalodon), competing with it for a similar food source. Its extinction was likely caused by a cooling event at the end of the Miocene which resulted in a drop in food populations. The formation where the whale has been found has also preserved a large assemblage of marine life, such as sharks and marine mammals.

Dawn (Total Drama): FOREST STYLE NINJA ART: DRYOSAURUS!

Dawn fired a wave of leaves and wood and it formed into the hadrosaur from 155 million years ago: Dryosaurus!

Dryosaurus (/ˌdraɪoʊ'sɔːrəs/ DRY-o-SAWR-əs; meaning 'tree lizard', Greek δρῦς (drys) meaning 'tree, oak' and σαυρος (sauros) meaning 'lizard'; the name reflects the forested habitat, not a vague oak-leaf shape of its cheek teeth as is sometimes assumed) is a genus of an ornithopod dinosaur that lived in the Late Jurassic period. It was an iguanodont (formerly classified as a hypsilophodont). Fossils have been found in the western United States and were first discovered in the late 19th century. Valdosaurus canaliculatus and Dysalotosaurus lettowvorbecki were both formerly considered to represent species of Dryosaurus.

Mike (Total Drama): FOREST STYLE NINJA ART: ORNITHOLESTES!

Mike fired a wave of wood and leaves and it formed into the theropod dinosaur from 154 million years ago: Ornitholestes.

---

Ornitholestes (meaning "bird robber") is a small theropod dinosaur of the late Jurassic (Brushy Basin Member of the Morrison Formation, middle Kimmeridgian age, about 154 million years ago) of Western Laurasia (the area that was to become North America).

To date, Ornitholestes is known only from a single partial skeleton with a badly crushed skull found at the Bone Cabin Quarry near Medicine Bow, Wyoming, in 1900. It was described by Henry Fairfield Osborn in 1903. An incomplete hand was later attributed to Ornitholestes, although it now appears to belong to Tanycolagreus. The type (and only known) species is O. hermanni. The specific name honors the American Museum of Natural History preparator Adam Hermann.

Fuzzy fired a wave of wood and leaves and it formed into the neornithischian dinosaur from 155 million years ago: Nanosaurus A.K.A. Othnielia!

---

Nanosaurus ("small or dwarf lizard") is the name given to a genus of neornithischian dinosaur that lived about 155 to 148 million years ago, during the Late Jurassic-age. Its fossils are known from the Morrison Formation of the south-western United States. The type and only species, Nanosaurus agilis, was described and named by Othniel Charles Marsh in 1877. The taxon has a complicated taxonomic history, largely the work of Marsh and Peter M. Galton, involving the genera Laosaurus, Hallopus, Drinker, Othnielia, and Othnielosaurus, the latter three now being considered to be synonyms of Nanosaurus. It had historically been classified as a hypsilophodont or fabrosaur, types of generalized small bipedal herbivore, but more recent research has abandoned these groupings as paraphyletic and Nanosaurus is today considered a basal member of Neornithischia.

Magnolia: FOREST STYLE NINJA ART: DAKOTARAPTOR!

Magnolia fired a wave of wood and leaves and it formed into the theropod dinosaur from 66 million years ago: Dakotaraptor.

---

Dakotaraptor is a potentially chimaeric genus of large dromaeosaurid theropod dinosaur that lived in North America during the Late Cretaceous period. The remains have been found in the Maastrichtian stage of the Hell Creek Formation, dated to the very end of the Mesozoic era, making Dakotaraptor one of the last surviving dromaeosaurids. The remains of D. steini were discovered in a multi-species bonebed. Elements of the holotype and referred specimens were later found to belong to trionychid turtles, and further analysis of potential non-dromaeosaurid affinities of the holotype and referred material have not yet been conducted. Phylogenetic analyses of D. steini place it in a variety of positions in the Dromaeosauridae.

Goku: EARTH STYLE NINJA ART: DEINONYCHUS!

---

Deinonychus (/daɪˈnɒnɪkəs/ dy-NON-i-kəs; from Greek: δεινός deinós, 'terrible' and ὄνυξ ónux, genitive ὄνυχος ónuchos 'claw') is a genus of dromaeosaurid theropod dinosaur with one described species, Deinonychus antirrhopus. This species, which could grow up to 3.4 meters (11 ft) long, lived during the early Cretaceous Period, about 115-108 million years ago (from the mid-Aptian to early Albian stages). Fossils have been recovered from the U.S. states of Montana, Utah, Wyoming, and Oklahoma, in rocks of the Cloverly Formation, Cedar Mountain Formation and Antlers Formation, though teeth that may belong to Deinonychus have been found much farther east in Maryland.

Paleontologist John Ostrom's study of Deinonychus in the late 1960s revolutionized the way scientists thought about dinosaurs, leading to the "dinosaur renaissance" and igniting the debate on whether dinosaurs were warm-blooded or cold-blooded. Before this, the popular conception of dinosaurs had been one of plodding, reptilian giants. Ostrom noted the small body, sleek, horizontal posture, ratite-like spine, and especially the enlarged raptorial claws on the feet, which suggested an active, agile predator.

"Terrible claw" refers to the unusually large, sickle-shaped talon on the second toe of each hind foot. The fossil YPM 5205 preserves a large, strongly curved ungual. In life, archosaurs have a horny sheath over this bone, which extends the length. Ostrom looked at crocodile and bird claws and reconstructed the claw for YPM 5205 as over 120 millimetres (4.7 in) long. The species name antirrhopus means "counter balance", which refers to Ostrom's idea about the function of the tail. As in other dromaeosaurids, the tail vertebrae have a series of ossified tendons and super-elongated bone processes. These features seemed to make the tail into a stiff counterbalance, but a fossil of the very closely related Velociraptor mongoliensis (IGM 100/986) has an articulated tail skeleton that is curved laterally in a long S-shape. This suggests that, in life, the tail could bend to the sides with a high degree of flexibility. In both the Cloverly and Antlers formations, Deinonychus remains have been found closely associated with those of the ornithopod

Tenontosaurus. Teeth discovered associated with Tenontosaurus specimens imply they were hunted, or at least scavenged upon, by Deinonychus.

Daspletosaurus (/dæsˌpliːtəˈsɔːrəs/ das-PLEET-o-SAWR-əs; meaning "frightful lizard") is a genus of tyrannosaurid dinosaur that lived in western North America between about 77 and 74 million years ago, during the Late Cretaceous Period. The genus Daspletosaurus contains two species. Fossils of the earlier type species, D. torosus, have been found in Alberta, while fossils of the later second species, D. horneri, have been found only in Montana. A possible third species, also from Alberta, awaits formal identification. Daspletosaurus is closely related to the much larger and more recent tyrannosaurid Tyrannosaurus rex. Like most tyrannosaurids, Daspletosaurus was a multi-tonne bipedal predator equipped with dozens of large, sharp teeth. Daspletosaurus had the small forelimbs typical of tyrannosaurids, although they were proportionately longer than in other genera.

As an apex predator, Daspletosaurus was at the top of the food chain, probably preying on large dinosaurs like the ceratopsid Centrosaurus and the hadrosaur Hypacrosaurus. In some areas, Daspletosaurus coexisted with another tyrannosaurid, Gorgosaurus, though there is some evidence of niche differentiation between the two. While Daspletosaurus fossils are rarer than other tyrannosaurids', the available specimens allow some analysis of the biology of these animals, including social behavior, diet and life history.

Gohan: EARTH STYLE NINJA ART: SINOCERATOPS!

Gohan fired a wave of earth and it formed into the ceratopsian from 73.5 million years ago: Sinoceratops!

---

Sinoceratops /ˌsaɪnoʊˈsɛrətɒps/ is an extinct genus of ceratopsian dinosaur that lived approximately 73 million years ago during the latter part of the Cretaceous Period in what is now Shandong province in China. It was named in 2010 by Xu Xing et al. for three skulls from Zhucheng, China. The name of its type species Sinoceratops zhuchengensis means "Chinese horned face from Zhucheng", after the location of its discovery.

Sinoceratops was a medium-sized, averagely-built, ground-dwelling, quadrupedal herbivore. It could grow up to an estimated 6 m (19.7 ft) length and 2 metres (6.6 ft) height, and weigh up to 2 tonnes (2.0 long tons; 2.2 short tons). It was the first ceratopsid dinosaur discovered in China, and the only ceratopsid known from Asia. All other centrosaurines, and all chasmosaurines, are known from fossils discovered in North America, except for possibly Turanoceratops. Sinoceratops is also significant because it is one of the largest known centrosaurines, and is much larger than any other known basal members of this group.

Sinoceratops was discovered in the Xingezhuang Formation, which was deposited during the late Cretaceous. It lived alongside leptoceratopsids, saurolophines, and tyrannosaurines. The most common creature in the formation was Shantungosaurus, to which most of the material has been assigned. The animals living alongside Sinoceratops and Shantungosaurus were Zhuchengceratops, Zhuchengtitan, and Zhuchengtyrannus.

Me: WOLF FIRE STYLE NINJA ART: AMPHICOELIAS!

I fired a blast of blue fire and it formed into one of the largest sauropod dinosaurs ever discovered from 150 million years ago: Amphicoelias!

---

Amphicoelias (/ˌæmfɪˈsiːliəs/, meaning "biconcave", from the Greek ἀμφί, amphi: "on both sides", and κοῖλος, koilos: "hollow, concave") is a genus of herbivorous sauropod dinosaur that lived approximately 150 million years ago during the Tithonian (Late Jurassic Period) of what is now Colorado, United States. An herbivore, Amphicoelias was moderately sized at about 25 m (82 ft) long-roughly the same length as Diplodocus, to which it was related. Its hindlimbs were very long and thin, and its forelimbs were proportionally longer than in relatives.

The namesake fossil of the type species Amphicoelias altus, American Museum of Natural History 5764, is uncertain in included material. When described by Edward Drinker Cope shortly after its discovery in 1877, Amphicoelias was noted to include many back vertebrae, a single pubis, and a femur. However, after purchase and cataloging of the material by the AMNH, Henry Fairfield Osborn and Charles Mook described that the specimen had only two vertebrae, a pubis, femur, tooth, scapula, coracoid, ulna and a second femur. The additional material, not mentioned by Cope, was found close in proximity to the holotype and was similar to Diplodocus, a relative of Amphicoelias. Their assignment was questioned by subsequent authors Emanuel Tschopp et al. in an analysis of Diplodocidae.

During the description of Amphicoelias altus in 1877, Cope additionally named A. latus, for a femur and tail vertebrae. Following its description, Osborn and Mook in 1921 reidentified the material as a specimen of Camarasaurus, an assignment followed by other

authors who reviewed the material. A year later 1878, Cope named the third species of Amphicoelias, A. fragillimus for a gigantic dorsal vertebra that was subsequently lost. Measuring approximately 2.7 m (8.9 ft) if reconstructed based on Diplodocus, early estimates for the length of the animal in life were between 40 and 60 m (130 and 200 ft) long. Due to the incomplete nature, such lengths-the longest of any known dinosaur and sauropod-were largely ignored. In 2018, Kenneth Carpenter renamed Amphicoelias fragillimus as the new genus Maraapunisaurus, and reclassified it from Diplodocidae to Rebbachisauridae.

Sonic: WIND STYLE NINJA ART: EUDIMORPHODON!

Sonic fired a wave of wind and it formed into the flying reptile from Italy that lived 210 million years ago: Eudimorphodon!

---

Eudimorphodon was a pterosaur that was discovered in 1973 by Mario Pandolfi in the town of Cene, Italy and described the same year by Rocco Zambelli. The nearly complete skeleton was retrieved from shale deposited during the Late Triassic (mid to late Norian stage), making Eudimorphodon one of the oldest pterosaurs known. It had a wingspan of about 100 centimetres (3.3 ft) and at the end of its long bony tail may have been a diamond-shaped flap like in the later Rhamphorhynchus. If so, the flap may have helped it steer while maneuvering in the air. Eudimorphodon is known from several skeletons, including juvenile specimens.

Aylene C: FIRE STYLE NINJA ART: HEILONGJIANGOSAURUS!

Aylene fired a wave of fire and it formed into the stegosaur from 76 million years ago: Heilongjiangosaurus!

---

Heilongjiangosaurus" (meaning "Heilongjiang lizard") is the informal name given to an as-yet undescribed genus of duckbilled dinosaur

from the Late Cretaceous. It possibly was a lambeosaurine, and may in fact be the same animal as Charonosaurus. The fossils were found in Maastrichtian-age rocks in Heilongjiang, China. As a nomen nudum, it is unclear what material it was intended to be based on, but might be connected to the nomen nudum "Mandschurosaurus" jiainensis, informally named in a 1983 publication.

The "type species" is "H. jiayinensis", and it was coined in 2001 in a faunal list by Li and Jin.

Cera: EARTH STYLE NINJA ART: OJOCERATOPS!

Cera fired a wave of earth and it formed into the ceratopsian from 68 million years ago: Ojoceratops!

---

Ojoceratops ( meaning "Ojo Alamo horned face") is a genus of ceratopsian dinosaur which lived in what is now New Mexico, United States. Ojoceratops fossils have been recovered from strata of the Ojo Alamo Formation (Naashoibito Member), dating to the late Cretaceous period (probably Maastrichtian age, 68 million years ago). The type species is Ojoceratops fowleri. It is very similar to its close relative Triceratops, though it is from an earlier time period and has a more squared-off frill. Nick Longrich, in 2011, noted that the squared-off frill is also found in some true Triceratops specimens and that Ojoceratops is probably a junior synonym of Triceratops, while Holtz (2010) noted that it is probably ancestral to Triceratops and possibly synonymous with the contemporary Eotriceratops.

Ducky: EARTH STYLE NINJA ART: GRYPOSAURUS!

Ducky fired a wave of earth and it formed into the hadrosaur from 80 million years ago: Gryposaurus!

---

Gryposaurus (meaning "hooked-nosed (Greek grypos) lizard";

sometimes incorrectly translated as "griffin (Latin gryphus) lizard") was a genus of duckbilled dinosaur that lived about 80 to 75 million years ago, in the Late Cretaceous (late Santonian to late Campanian stages) of North America. Named species of Gryposaurus are known from the Dinosaur Park Formation in Alberta, Canada, and two formations in the United States: the Lower Two Medicine Formation in Montana and the Kaiparowits Formation of Utah. A possible additional species may extend the temporal range of the genus to 66 million years ago.

Gryposaurus is similar to Kritosaurus, and for many years the two were thought to be synonyms. It is known from numerous skulls, some skeletons, and even some skin impressions that show it to have had pyramidal scales projecting along the midline of the back. It is most easily distinguished from other duckbills by its narrow arching nasal hump, sometimes described as similar to a "Roman nose," and which may have been used for species or sexual identification, and/or combat with individuals of the same species. A large bipedal/quadrupedal herbivore around 9 meters (30 feet) long, it may have preferred river settings.

Petrie: WIND STYLE NINJA ART: TROPEOGNATHUS!

Petrie fired a wave of wind and it formed into the flying reptile from 112 million years ago: Tropeognathus!

---

Tropeognathus (meaning "keel jaw") is a genus of large pterosaurs from the late Early Cretaceous of South America. This genus is considered to be a member of the Ornithocheiridae, a diverse group of pterosaurs known for their keel-tipped snouts and large size. Tropeognathus is regarded as the largest pterosaur found in the Southern Hemisphere, only rivaled by the huge azhdarchids. The type and only species is Tropeognathus mesembrinus. Fossil remains of Tropeognathus have been recovered from the Romualdo Formation, which is a Lagerstätte located in the Santana Group of the Araripe Basin in northeastern Brazil.

Spike: (Through translator) EARTH STYLE NINJA ART: DRAVIDOSAURUS!

Spike fired a wave of earth and it formed into the Dravidanidu dinosaur from 90 million years ago: Dravidosaurus!

---

Dravidosaurus (meaning "Dravidanadu lizard", Dravidanadu being a region in the southern part of India where the remains were discovered) is a controversial genus of prehistoric reptile. It was first described as the last surviving stegosaurian, the group of "plated" dinosaurs. With an estimated length of three metres (10 ft), it would have also been the smallest member of the group. More recent studies, however, have shown that the bones actually belonged to a plesiosaurian marine reptile, and that none of the remains are demonstrably dinosaurian in origin.

Dravidosaurus lived in the Late Cretaceous period (Coniacian stage) of what is now India. It is only known from disassociated remains that were originally described as comprising a partial skull, a tooth, a sacrum, an ilium, an ischium, a dermal plate, and a spike. The badly weathered remains were discovered in marine deposits near Ariyalur in the state of Tamil Nadu in South India. They were in 1979 named by P.M. Yadagiri and Krishnan Ayyasami as the type species Dravidosaurus blanfordi, the specific name honouring William Thomas Blanford. The holotype partial skull is catalogued as GSI SR Pal 1, while other specimens are catalogued GSI SR Pal 2-7.

In 1991, Sankar Chatterjee visited the site and claimed, without presenting concrete morphological evidence, that Dravidosaurus was based on plesiosaurian pelvic and hindlimb elements, the species being a nomen dubium. However, this claim was rejected by Galton and Upchurch (2004), who noted that the skull, tooth and plate of Dravidosaurus are certainly not plesiosaurian as illustrated. Galton and Ayyasami (2017) reaffirmed the stegosaurian classification of Dravidosaurus, claiming the remains do not look like plesiosaurian pelvic and hindlimb elements. They announced that stegosaurian remains from the Dravidosaurus type locality are under study by one of the original describers of Dravidosaurus.

Chomper: FIRE STYLE NINJA ART: ZHUCHENGTYRANNUS!

Chomper fired a wave of fire and it formed into the theropod from 73.5 million years ago: Zhuchengtyrannus!

Zhuchengtyrannus (meaning "Zhucheng tyrant") is a genus of tyrannosaurid theropod dinosaur known from the Late Cretaceous period of Shandong Province, China. It belongs to the tyrannosaurinae subfamily, and contains a single species, Zhuchengtyrannus magnus.

Emerald Sustrai: CRYSTAL STYLE NINJA ART: KRONOSAURUS!

Emerald fired a wave of emerald crystal and it formed into the marine reptile from Australia that lived 120 million years ago: Kronosaurus!

Kronosaurus (/ˌkrɒnoʊˈsɔːrəs/ KRON-o-SAWR-əs; meaning "lizard of Kronos") is an extinct genus of short-necked pliosaur. With an estimated length of 9 to 10.9 meters (30 to 36 ft), it was among the largest pliosaurs, and is named after the leader of the Greek Titans, Kronos. It lived in the Early Cretaceous period (Aptian to Late Albian). Fossil material has been recovered from the Toolebuc Formation (middle to late Albian) and Wallumbilla Formations (Aptian) of Queensland and New South Wales in Australia, and from the upper Paja Formation (late Aptian) in Boyacá, Colombia, and assigned to two species.

A massive explosion blasted out of the planet and could be seen all over.

When the smoke cleared Trigon was half of what he was.

Lincoln, Toph, Mai, Frosta, Perfuma, Entrapta, Hilda, Yuna, R. Mikka, Makoto, Ibuki, Menat, Gluko, Jessica, Shantae, Sam, Clover, Alex, Starlight Glimmer: ULTIMATE UNITED ELEMENT STYLE: TRUE OMEGA GRAND CROSS!

They spun in an enneadecagon formation and fired a huge energy blast that looked like a solar system in a rare Grand Cross alignment and it slammed into Trigon and exploded with incredible power!

KRABBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Horri Bull and Blackfire both used the Earth and Tamaran Cyber Planet keys and they enhanced Horri Bull's Concussion Blaster and Blackfire's powers 100-fold.

Winona and Wheelie both used the Earth and Velocitron Cyber Planet Keys and they enhanced Winona's Plant Powers and Wheelie's Fire Stones 100-fold.

Horri Bull and Blackfire: ENERGY CONCUSSION BLAST!

Horri Bull fired a wave of concussion blast and Blackfire fired waves of energy.

Winona and Wheelie: NATURE FIRE METEOR SHOWER!

They fired fire stones and nature fire.

Lobo: Take this one! WOLF FLAME SUPERBLAST!

Lobo fired a massive blast of fire and it formed into a pack of blue fire wolves and the blasts all hit Trigon and exploded.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: Goodbye, Trigon. Things could've really been different between us.

Trigon: **Really?**

Nico: (smirks) No. But why speak ill of the dead?

Trigon: **Oh I'm not the one that's going to die.**

Raven: YOU MAKE ME SICK FATHER! I WILL DESTROY YOU ONCE AND FOR ALL!

Trigon: **You are your friends can never defeat me. You are still no threat to me little girl. I am your creator, your master, you exist only to serve me. You survived only because I allow it. WHAT HOPE COULD A MERE CHILD HAVE OF DEFEATING HER ALL POWERFUL FATHER!?**

Raven then glowed in a white light.

Raven: You may have created me…

She was enveloped in a ball of white light and then she transformed! She was now in a white version of her outfit and her hair was longer!

Raven: But you were NEVER my father!

(Without even a trace of effort, she puts her hands together and fires a broad beam directly into Trigon's solar plexus, driving him back toward the shore. Ground level: Robin begins to pry himself up from the pavement, and the others do likewise as Raven's feet pound past them. Slow pan across the four, now getting to their feet and thoroughly perplexed, then pull back to frame the six combatants in an overhead shot. Trigon has turned away from the reunited Titans, but now swivels to face the approaching Raven with a look of the clearest hate.)

Trigon: **Wretched, insignificant-**

(She blasts him back again and continues forward, steadily, unstoppably, shooing after each sentence in the following line.)

Raven: Fathers are kind! (Blasts him again) Fathers protect you! (Blasts him again) Fathers raise you!

(The last shot leaves him immobilized and straining against the crackling energy that has begun to run up and down his body. Close-up of her.)

Raven: I was protected by the monks of Azarath. (Pull back; the other Titans and all of us are behind her.) I was raised by my friends.

(He screams and drops to his knees. Now the same power is coursing through her as well as the others and gather closer.)

Raven: They are my family. (It spreads briefly to them…) This is my home. (… then retracts back to her and infuses her with Super Hakai energy.) And you are not welcome here!

(She rises into the air on the end of this line, the camera tilting up to follow her as white bolts flash down from her spread arms and her gem flares the same color.)

Raven: **AZARATH METRION ZINTHOS!**

(The light fills the screen and forms into her "soul-self"; pure white and purple rather than black, rearing up in Trigon's face and growing so large that it dwarfs even him. He is slowly and steadily swallowed up by the blinding radiance, finally voicing a scream more agonizing than any he has ever been able to force from the throats of his victims as he was obliterated from existence with super hakai energy. The light forms into a wide column that rapidly spreads outward over the city and the Titans, and when it clears away, the urban center has been restored to its proper, un-ravaged condition. Clear blue sky, buildings and streets as they should be, the team's favorite pizza joint standing in all its angular glory behind them.)

(The wave passes elsewhere in the city, reviving the petrified bystanders Robin found early in Part Two, and one final burst restores the bay and the Tower. Now all of Jump City is back together, and no trace of Trigon or Raven's white "soul-self" is present over the skyline. It is a beautiful day once again.)

(Cut to Raven, still in midair and ringed by that brilliant white corona; tilt down to follow her descent as it fades away.)

Me: **WHOA! THAT WAS INCREDIBLE!**

Starfire: Raven. That was…

Cyborg: Unbelievable!

Nico: Holy shit that was amazing!

Vince: Raven you did it!

Raven: Not just me guys. We ALL did it.

We powered down.

Me: We sure did. We did it guys. WE WON!

We all cheered wildly.

Later we went back home.

Raven: I really am glad you guys helped us today against my father today.

Brain: (smiles) It was our pleasure. And you know what? Maybe me and Pinky will join the Masters of Evil in the future. That way, the world will respect us if we can't take it over.

Pinky: Egad Brain! That's a great idea! Narf!

Me: Awesome!

Nico: Cool.

Lobo: This was really cool helping you all out.

Me: It sure was Lobo.

Vypra (to Lobo): There's alway a place for you in the Masters of Evil, Lobo.

Lobo: Sorry, Vypra. But the Main Man rides solo. (smiles) But… maybe sometime in the future, we can get together for pizza. My treat.

Me: We all would like that Lobo. Thanks again.

We shook hands.

Raven: (To the viewers) Now this was an awesome way to close out 2020. Hope you all have a great New Years.

Me: Yeah.

Another Awesome Fanfic Complete.

Trigon was the most evil villain probably ever known in all of the Teen Titans Universe and it was an epic fight how the Titans beat him. Kevin Michael Richardson did a great job voicing him back then and it was awesome! NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this. Thanks guys. Next up for the start of 2021 and New Years Day is a special recap chapter of our top 10 great adventures of 2020 and we're gonna see which one out of all those is your favorites.

See you all tomorrow next year.

# New Years 2021 Recap

HAPPY NEW YEAR EVERYONE!

---

At Grim & Nergal's Pizzeria we were having an awesome New Year's Day celebration.

Manaphy, Poromon, Horsea, and Poliwag: HAPPY NEW YEARS, EVERYBODY!

Me: Happy New Years to you all too.

Nico: The start of 2021. Its been 5 years almost since we became Team Loud Phoenix Storm.

Me: I know. A half a decade. So awesome. And lets hope that this year will be just as memorable as last year.

Nico: Yeah but I have a feeling that there will be many awesome adventures.

Lincoln: But this is always awesome.

Laney: It sure is.

Nico: Yep.

Arkayna: Cleo, how did you, Emma, Rikki, and Bella get your powers?

Cleo: That is a really unexpected and really amazing adventure.

Emma: When we lived down in Australia we went to an island called Mako Island.

Me: It is a mystical island that contains a very mysterious power. It turned them into mermaids with powers over the elements.

Nico: Yep. It was so cool.

Lincoln: It sure was. Emma, Cleo, Rikki and Bella were chosen to protect the world.

Bella: It's true.

Me: That was a really cool adventure.

Vert: From what I heard, that a girl named Charlotte tried to get revenge on you 4 for losing her powers.

Kevin Levin: And she ripped off Aggregor's mutant form!

Ben: I have to agree with that. She only got mutated with the DNA of 4 of my aliens.

Me: I remember that.

Twilight Sparkle: Who is Charlotte?

Me: You girls would hate her. Her name is Charlotte Watsford and she is in every way like how Cozy Glow is now in Equestria.

Cleo: Yeah. She hates us more than life itself. She wants nothing more than to kill us.

Me: Yep. Here's what she was like.

I went over her history.

---

**Charlotte Watsford** is one of the secondary characters in Season 2 of *H2O: Just Add Water* . Charlotte is the main antagonist of Season 2, predominantly after she became a mermaid. Charlotte is the granddaughter of former mermaid Gracie, and is the daughter of Annette Watsford. She attended the same school as Cleo, Lewis, Emma and Rikkiduring Season 2.

Charlotte is the new girl in town and arrives after the girls were given their new powers. She has a passion for art, and grew an attraction to drawing Mako Island. At her old school of Rosewood Secondary College she was one of the best artists. She also has a sudden crush on Lewis, who was initially Cleo's boyfriend. She draws a picture of him, after Cleo claims she needs space to learn to control her new powers, and uses this time to try to get Lewis to go out with her. In " *Missed the Boat* ", Charlotte comes up with a plan to get Lewis alone, away from Cleo. Following Cleo's poor exam results, Charlotte takes it upon herself to tutor Cleo, forcing Cleo to study at home, while Charlotte gets Lewis to take her to Mako Island. This allows her to kiss Lewis at Mako, forming their relationship.

## Becoming A Mermaid

Charlotte finds a picture of her grandmother at Sertori's House. After that she starts to get suspicious of Lewis and the girls. This leads Charlotte to secretly break into Cleo's room and steal a film, in which she would discover the existence of mermaids, and that her own grandmother was one. She confronts Lewis with this information, only to end in him denying their existence. In " *Then There Were Four*," Lewis, in an attempt to give the mermaid research back to Max Hamilton, Charlotte secretly follows Lewis and asks Max questions about Gracie.

Max confirmed Charlotte's suspicions that Gracie used to be a one of the original mermaids. Max tells Charlotte, that although Gracie was a mermaid, he still loved her, and even more so when she was a mermaid. This may have influenced Charlotte into becoming a mermaid, so that Lewis would love her more than Cleo. Charlotte asks Max "How did this happen?" to which Max responded with "In the right place, at the right time, magic happens." After arguing with Lewis once again, Charlotte runs off and reviews the film of Gracie's transformation, and determines that Mako Island's Moon Poolcould be where the 'magic happens'. She takes a boat and travels to Mako Island, where she goes to the Moon Pool.

Charlotte then discovers that Cleo, Emma and Rikki are mermaids, and overhears them mention "the moon". Once the full moon is up, Charlotte recalls Max's words that this was the 'right place', and the 'right time' for the magic to happen, Charlotte proceeds to jump into the moon pool and becomes the fourth mermaid. The next day, Lewis is ready to make amends with Charlotte, and meets her on the jetty. She calls Lewis out for being full of secrets, but that he needn't worry anymore. Charlotte then dives into the water and transforms into a mermaid. She arises extremely happy, asking a shocked Lewis "isn't this fantastic?!"

## The "Super Mermaid"

Once Charlotte becomes a mermaid, her true colors come out and the girls don't take her in so well. She initially tries to find out what her powers are, but fails. After a while, she finds out that she has Cleo's power, then Rikki's power and Emma's power. This causes her to believe that being a mermaid was meant to happen to her. She titles herself as a "Super Mermaid" and a better mermaid than the other girls, this is due to her mastering her powers faster than the other girls, and having control over all the elements, making her the most powerful mermaid in the entire series. However, this leads to Charlotte becoming egotistical and power hungry.

After a power fight between Charlotte and the other girls over Nate when he attacks Lewis and tries to steal his boat, she stops collaborating with the girls, and starts practicing her powers her own way. At Lewis' birthday party, Charlotte locks Cleo and Emma inside her pool room by freezing the lock shut, and uses hydrokinesis to burst a pipe full of water all over the girls, transforming them into mermaids. Rikki manages to rescue Cleo and Emma by using her powers to free them. This leads Cleo and Emma to backlash against Charlotte, essentially ending their brief friendship. Charlotte in return tells Lewis that he is no longer allowed to talk to the girls, especially Cleo.

Charlotte decides to bully Cleo with her powers. "And you call yourself a mermaid, you're pathetic." Furthermore, Charlotte rips Cleo's locket off of her neck, feeling that it was rightfully hers, since it belonged to her grandmother. Cleo, who is extremely upset, after losing her locket and her friendship with Lewis, and additionally feeling that Lewis doesn't care even a little for her anymore, she runs off to the sea. When Lewis finds that Charlotte has bullied Cleo, and has stolen her locket, he is disgusted and finally breaks up with Charlotte for good and goes off searching for Cleo, ultimately resulting in Lewis and Cleo getting back together as a couple. Charlotte, now bitter and heartbroken, deals with her anger of being dumped by abusing her powers on the girls, after they attempted to warn her of the full moon. Charlotte arrogantly ignores them, after stating that she is the most powerful mermaid, even more powerful than all three of the girls combined, and proceeds to use her power of aerokinesis to push them into the air until Ash comes out, reluctantly forcing her to drop them.

## Losing Her Tail

That night Charlotte intentionally walked outside and looked at the full moon, placing herself under a moonspell trance. On this night, the planets were all aligned with the full moon, which only occurs every fifty years. This occurrence can draw away the powers of any mermaid in the moon pool when the full moon passes over, forever. (This was how Gracie lost her powers, along with the other original mermaids, Louise and Julia). Charlotte, under the moon's spell, caused chaos at Emma's house by using her powers to try lure to out the girls to travel to Mako Island, with the trio being unable to retaliate since Ash was in the house, and additionally using Lewis as bait. Lewis, however, also tried setting up his own trap to remove Charlotte's powers from her by luring her to the moon pool. At the same time, Charlotte wanted to take away the girls powers so that she could be the most powerful mermaid ever, and so that she would be the only special one for Lewis.

Once luring Cleo, Emma and Rikki to the moon pool, the four mermaids engage each other in a fierce power battle, where Charlotte created a three-headed water elemental snake to attack the girls. However the girls destroy the snake with a powerful electric storm. In one final power fight, Charlotte gets overwhelmed by the girls' Combined Atmokinesis; the very power the girls obtained just before Charlotte arrived in town, and results in the most powerful mermaid being dropped into the moon pool, and stripping Charlotte of all of her powers, forever. Charlotte attempts to win Lewis back, or else explain her motivations behind becoming a mermaid for him (she said that all she wanted was for him to care for her), but, though Lewis understands her motivations, she is unsuccessful, and is forced by Lewis, to return Cleo's Locket, and in doing so, she indirectly promises to never tell anyone about mermaids. Since losing her tail, the locket, and Lewis, Charlotte is thought to have moved away in shame and despair, broken by her defeat.

Non-Appearances

Charlotte appeared in Season 2, but was not introduced until the second episode, after the girls got their advanced powers. Charlotte was also absent for the episode " *Moonstruck* ." Charlotte is completely absent from the show after Season 2 and was never seen or mentioned again.

---

They gasped in shock.

Me: Yeah. But she had it coming. Just like Scar when he abused his Power. He had all that power and it went to his head and destroyed his mind.

Eli: Yep.

Me: Yeah. But we have had lots of awesome adventures in 2020.

Nico: Yep. We sure did.

Dante Vale: I especially liked how we destroyed the Royal Defenders. Although their version of Sunder escaped after some of us took down the other John Stewart and Stargirl.

Me: He was an unnecessary prisoner and we got him out of there just in time. But that was a great adventure.

Twilight Sparkle: And you saved our counterparts there from a fate worse than death.

Nico: We sure did.

Lincoln: But they deserved to be destroyed.

Vypra: Yeah. And now they are in the Masters of Evil Prison at the Earth's Core.

Dark Spicer: Yeah they are.

Me: Yep. And they will stay there till they die.

Nico: Yeah. They pissed us off one time too many.

Lincoln: Yeah and they make all heroes everywhere look bad.

Nico: Yep.

Aerrow: I liked how we celebrated Easter with a pirate adventure.

Me: That was so much fun.

Twilight Sparkle: What happened in that one?

Me: We faced Captain Blackbeard from The 4th Pirates of The Caribbean movie and it was one of the most epic battles we've ever had. That's where we came up with the idea to have the Masters of Evil hang out with all of us on the Major Holidays.

Nico: Yep.

Vince: Yeah!

Zick: I liked the Independence Day adventure. We stopped Tavington from causing a lot of bad events there.

Me: We sure did and the ribs and food we had were delicious because of Homer's barbecuer and our great meats.

Nico: That was good food.

Me: You got that right.

Lynn: And we got to have Lena over for the first time.

Lena: I know. That was so awesome! I wish I can stay with you guys but I can't because of my mental condition.

Me: I know Lena. But we'll think of something to help cure your condition so you can stay with us.

Lena: Thanks guys.

Yusei: I liked how Lynn and the Masters of Evil took down Evil Lynn and her team.

Dark Spicer: We barely got to enjoy our road trip due to Lynn worrying about who framed her.

Me: I remember that.

Lynn: Yeah that was crazy.

Twilight Sparkle: I just can't believe your evil self did all that. She was really crazy!

Lynn: That is an understatement Twilight.

Rainbow Dash: No kidding.

Nico: Probably the biggest understatement ever.

Lincoln: Yeah.

Twilight: I liked the day you guys met us.

Me: That was so cool. And it was also where we discovered that humans can get Cutie Marks.

Nico: Yeah that was cool!

Vypra: And we found out that even we can get Cutie Marks too.

Vypra revealed her Cutie Mark and it was a Snake coiled around a black sun.

Me: Wow! That is a cool Cutie Mark.

The Masters of Evil showed us that they had varying Cutie Marks.

Lincoln: Looks like we ALL have Cutie Marks.

Me: Most of us do.

Sunset Shimmer: So cool.

Ruby: I liked Halloween. Because that's my birthday!

Me: Whoa! Your birthday was on Halloween!? Oh man! We didn't know about that!

Nico: Yeah! We were so busy celebrating on Halloween that we had no idea it was also there too.

Me: Boy a double celebration. Sorry Ruby we didn't know it was on there.

Ruby Rose: Oh that's all right guys. We can do both holidays later this year.

Me: Yeah. But Halloween was awesome last year. It was cool that we beat the Scarecrow again especially after all the pain he caused to Lori.

Lori: Don't remind me.

Akira: I liked how we destroyed that Asteroid.

Disk Wars Iron Man: We avoided a major disaster that day.

Me: We sure did. An 801 mile wide asteroid. That is unbelievable.

Nico: It sure was. But we all saved the entire world from impending doom.

Laney: We sure did.

Me: And Harry made the ultimate sacrifice to save the planet.

Sunset Shimmer: He sure did.

Randy Cunningham: I liked the Thanksgiving adventure.

Maria: (to Horsea, Manaphy, Poliwag, and Poromon) That reminds me. Did you 4 eat the turkey that we bought?

Horsea: We sure did. We ate it all in over the course of 5 days.

Poromon: Yeah it was so delicious!

Horsea: Yeah!

Me: We all had a great adventure and a great meal.

Nico: We sure did. Now we can have pizza with Thanksgiving Dinner too.

Tyler Bowman: I liked the adventure where you guys met us.

Double D: (scowls) And we defeated Jock, who ripped off my suit!

Kiyo: I still don't get why you're pissed off about that.

Zatch: They say that imitation is the sincerest form of flattery.

Eddy: Well, Sockhead would never bust people over things like littering or jaywalking!

Me: Agreed. But at least we destroyed the Virus and saved the entire universe from total destruction.

Nico: That's true. Jock is such an idiotic freak.

Me: But in the future we must be ready for him for when Nico gets under the control of the Digimon Emperor.

Nico: Thanks guys.

Tracer: I liked the Christmas adventure.

Nico: We tricked the Armada into turning against Morbucks there.

Troy: I don't think they appreciated Morbucks trying to take over Earth before they could.

Me: That was a genius trap. And now we've seen the last of both Princess Morbucks the Spoiled and the Armada and the Warstar.

Nico: We sure have.

Lincoln: Good riddance.

Eli: Yep. She is now in the Rotten Egg Prison in Azerbaijan.

Me: You got that right. But our adventures are never gonna be over. We have many more journeys coming on the horizon.

Nico: We sure do.

Our adventures will continue.

THE END

# The Tragic Abuse of Brushogun

At Donut Joe's Donut Shop we were having lots of great and awesome donuts as well as tea and pastries.

We laughed.

Me: These donuts are all really delicious as always.

Mary K.: They sure are and they are amazing.

Nico: Yeah they are.

Twilight Sparkle: I always love coming here whenever I get a break from my studies.

Nico: That's cool.

Gabrielle: (British Accent) The tea is good here too.

Lincoln: You said it.

Twilight Sparkle: J.D. how did you all meet Gabrielle?

Me: That is a great and amazing story.

Tara: It was one of the adventures we had when we were testing our Simulator. But back then I was called by my superheroine name Terra.

Nico: I remember hearing about that.

* * *

The Simulator activated and Terra and Lynn found themselves in a cave. It went on for miles and they trekked until they reached an enormous air pocket and it had lots of life and more.

Terra: Oh wow.

Lynn: We're in Journey to The Center of The Earth. One of my favorite stories.

Terra: Mine too.

They explored the pocket and found lots of magnificent wonders. They saw glowing blue birds, enormous fossilized mushrooms, giant plants everywhere. Even some prehistoric life.

Lynn: Terra have you ever seen a place like this?

Terra: No I haven't. But I've read a lot of stories about it.

They continued to explore and they saw a vast ocean.

Lynn: Shall we cross?

Terra: Lets shall.

Terra and Lynn lifted big rocks up and they were on floating rocks and they crossed the ocean.

A blue glowing bird was on Lynn's shoulder and Terra had one too.

They got to the other side in 20 minutes and when they got there they saw mysterious blue plants on the side of the cliff and Lynn spotted a girl with red hair looking at them curiously.

Lynn: Terra, I see someone up there.

Terra: Yeah. I see her too.

Lynn and Terra climbed the cliff and saw the girl heading into a blue plant forest. This was unlike anything they've ever seen before.

Lynn: Whoa. Terra this is incredible.

Terra: Yeah. I've never seen plants like these before. But lets see if we can find that girl.

Lynn: Yeah but stay close. I have a feeling that there's something dangerous in this forest.

Terra: Yeah. I have a feeling you're right.

Terra and Lynn went deep into the Blue Jungle and it was an amazing sight.

There were blue palm trees, ferns, grass, and more.

Keeping their senses on full alert.

Unknown to them, something was watching them with Infrared Vision.

Terra and Lynn were following the forest further and further down and they saw a small village.

Terra: This must be the village where that girl came from.

Lynn: Yeah. Think they're friendly?

Terra: Lets go find out.

Terra and Lynn go into the village and they are approached by the warriors.

Terra: Whoa! Take it easy. We mean you no harm.

The Chief came out.

Chief: You talk with the language of the surface.

Terra: Yes.

Chief: What are your names?

Terra: My name is Tara Markov. But everyone calls me Terra.

Lynn: And I'm Lynn Loud Jr.

Chief: Ralna here says that she saw you two on floating rocks.

Terra: Yes. We have earth powers. Watch.

Terra and Lynn lift up some rocks and threw them into the jungle and one hits something and tumbles down a hill. It was a reptilian man.

Terra: That is one ugly man.

Chief: He is one of the Solaroids.

Lynn: Solaroids?

Chief: Yes. They are evolved ancestral life forms. They hunt by the fire of our bodies.

Terra: They hunt by seeing our heat.

Chief: Yes. Our tribe is at war with them. We've been at war with them for centuries.

Lynn: That's a long time.

Chief: It is.

The Solaroid suddenly woke up and Terra kicked it in the back and Lynn and Terra fired beams of yellow energy and pinned it to the wall and it turned it completely to stone.

Lynn: Whoa! We just petrified it.

Terra: Yeah. I didn't know we could do that.

Chief: You both are indeed very powerful.

They celebrated a feast in their honor 20 minutes later.

There was tribal dancing, singing and more.

Terra: So chief how did you all come here?

Chief: That was a long time ago Terra. It was because of an event call the Spanish Conquest.

Terra: That was back 500 years ago.

Chief: Yes. Our people were dying and when we tried to do human sacrifices to appease the gods it only made things worse. We are what's left of the Mayan's, Incan's and Aztec's of Central and South America.

Terra: But that's impossible! The Mayan's, Incan's and Aztec's were all wiped out by extreme drought, and deforestation back 500 years ago during the Spanish Explorer era.

Chief: That's correct. Because of that and with the arrival of Spanish Explorers we all had no choice but to go deep underground in exile. Never to return.

Lynn: So you went into hiding out of fear?

Chief: No. We did everything we could. But it wasn't enough.

Lynn: It sounds like you all have been around during that time.

Chief: That's correct. These blue plants here have a special property that grants immortality. We have been here for over 500 years.

Terra and Lynn were amazed.

Terra: Wow. That's incredible.

Lynn: That is amazing.

Chief: It is.

Terra: I have so many things I want to know. Have there been any other people besides us that have been here?

Chief: Yes. There is. A girl explorer arrived before you did. She went to that pyramid over there.

The Chief pointed to a pyramid off in the distance.

Terra and Lynn levitated two rock chunks and floated on them and they saw the pyramid.

Terra: That pyramid over there?

Chief: Yes. It's in Solaroid territory.

Terra: Lynn, we got to go see that pyramid.

Lynn: Right.

Terra: Chief, we're gonna go check out the pyramid.

Chief: Be careful my friends.

Terra: We will.

Terra and Lynn were off and they went into the pyramid and saw some incredible statues and hieroglyphics.

Terra: These Hieroglyphics all tell a story.

Lynn: What do you think they say?

Terra: I'm no archaeologist but lets see here. It says "Long ago when the great asteroid crashed into the Earth, many of our ancestors were destroyed and our race went deep underground. We continued to evolve into the people called Solaroids and have lived here ever since the great asteroid."

Lynn: Whoa. So the Solaroids are the descendents of the Dinosaurs from the Chicxulub Extinction.

Terra: It would appear so.

Lynn: So these Hieroglyphics tell us about the history of the Solaroids.

Terra: Yes. The asteroid that killed the dinosaurs slammed into the Yucatan Peninsula in Mexico 65 million years ago.

Lynn: There has to be some kind of connection between the Solaroids and the Mayan's, Incan's and Aztec's that live here.

Terra: There might be. But who knows?

Lynn: Look at this one. What can you make of this one?

Terra: Lets see. It says "We had dug up the asteroid that destroyed our ancestors and found a mysterious crystal inside it that contains a powerful energy that makes us immortal and invincible. We built this pyramid to protect it and the statue that houses it is full of dangerous traps."

Lynn: So the Solaroids have this crystal and the Mayan's, Incan's and Aztecs have the blue plants.

Terra: Yeah. This is so strange.

Terra and Lynn continued exploring and in the main room of the pyramid they saw a huge statue with a big red Crystal in the claws.

Lynn: That is a huge crystal on that statue.

Terra: Yeah. I've never seen a crystal that big.

Lynn: What do you think that is?

Terra: If I had to guess I'd say that's the crystal from the asteroid that crashed into the Earth 65 Million years ago.

Lynn: Wow. It's beautiful.

Terra: Yeah.

The red crystal glowed and fired two beams at Terra and Lynn and it hit them and they somehow got an immense power boost.

Terra suddenly sprouted angel wings.

When it died down Terra and Lynn got up.

Terra: Wha? What happened?

Lynn: I don't know Terra. [Sees Terra's wings and Gasps] Terra you have wings.

Terra saw them.

Terra: [Gasp} I do!

They heard a voice cry out for help.

?: Help!

Terra: Sounds like someone's in trouble.

Lynn: It's coming from down over there.

Lynn pointed to a room with sand waterfalls.

Terra: Lets go!

They flew over and in the room they saw a blonde hair girl sinking in quicksand.

Terra: Hang on! Stay calm and don't move!

Terra and Lynn flew over to her and grabbed her hands.

Terra: Pull!

They pull her out and carry her back to the statue.

Terra: Are you alright?

?: [British Accent] Yes thanks to you.

Lynn: You must bt the explorer we heard about.

?: Yes. My name is Gabrielle. I don't have a last name because I'm an orphan.

Terra: Oh no. I know how you feel. My name is Tara Markov but everyone calls me Terra.

Lynn: I'm Lynn Loud Jr. Call me Lynn.

Terra: How did you lose your parents? I'm sorry if it's too painful to talk about.

Gabrielle: No it's alright. My parents died in a tragic fire. I had no one to turn to.

Terra: That's terrible. I know how you feel. My entire country was destroyed in a destructive war. My people are all gone. I am the lone survivor of the Markovia Genocide.

Gabrielle: I'm so sorry Terra.

Terra: It's okay. I have lots of great friends that call me part of their family.

Gabrielle: That's good news.

Lynn: What are you doing in this pyramid?

Gabrielle: I was looking for that red crystal.

Gabrielle pointed to the crystal.

Terra: That's the Chicxulub Heart. It's a crystal that was inside the asteroid that destroyed the dinosaurs 65 million years ago.

Lynn: The Solaroid's found it and they keep it here in this pyramid.

Gabrielle: That's incredible.

Lynn: We got hit by beams of light from it and it affected our powers somehow.

Terra: I got wings.

Gabrielle: I didn't know it could affect you like that.

Lynn: Me neither.

The Crystal fired another beam and it hit Gabrielle and she got angel wings too.

Terra: Gabrielle you now have angel wings!

Gabrielle saw the wings.

Gabrielle: I do!

A bunch of Solaroids came in and with them was their leader, the King of the Solaroids.

King Solaroid: **You Humans have tainted our sacred pyramid!**

Terra: We did no such thing. We went to find Gabrielle here and we saved her.

King Solaroid: **Kill them!**

All his soldiers charged and Terra and Lynn caused a wave of Lava to explode out of the ground and it melted some them.

Gabrielle flew into the air and fired lightning at the Solaroid King and he ran away.

Terra: You've been given lightning powers Gabrielle.

Gabrielle: I sure have.

They left the pyramid and went back to the Mayan's village and revealed everything.

Chief: I see. I find this hard to imagine. But it's good you all came back safely.

Terra: Me too Chief. I wish we could stay but we got to get back to the surface.

Chief: I understand. Travel safe my friends. Maybe one day we will meet again.

Lynn: I have a feeling we will someday.

Terra, Lynn and Gabrielle left for the surface and a dimension vortex appeared and they went in and the exercise was done. Gabrielle was adopted into the Knudson-Loud Family.

FLASHBACK ENDS

Twilight Sparkle and friends were all amazed and in awe.

Sunset Shimmer: That is so cool!

Twilight Sparkle: It sure is.

Rainbow Dash: That would make for an awesome Daring Do story idea.

Daring Do: I like it Rainbow Dash. I think I'll call that story Daring Do and the Mysterious Temple at the Core.

Me: That's a great story idea.

Nico: It's perfect.

Donut Joe: I think so too. I have always been a huge fan of the Daring Do books myself and they are awesome.

Me: Cool!

Nico: That adventure was awesome from what I was told.

Vince: Yeah it was.

Lemon Zest: Yep.

* * *

Later we were showing Twilight and everyone around Hotel Transylvania and it was an awesome place.

Twilight Sparkle: Hotel Transylvania is awesome!

Future Maria: (Laughs) It sure is, isn't it?

Me: Yes it is.

Lucy Loud: I may consider coming here for a vacation myself.

Brittney: I think all of the Goths of Darkness would love it here.

Haiku: Yes we would.

Mavis: Glad you like it.

Lucy Loud: Me and Rocky were compared to Mavis and Johnny.

Me: It's true.

Twilight Sparkle: Wow! I heard about that. You two look so much like them.

Johnny and Mavis both laughed.

Johnny: Yeah it's true.

Mavis: That is cool though.

Me: It sure is.

Nico: But everyone here is awesome.

Dracula: (Transylvanian accent) Thank you all for that compliment.

Me: You're welcome.

Sunset Shimmer: Wasn't there a video of Dracula teaching Dennis to fly?

Perceptor: It's actually still on the Internet.

Me: Yeah. It has a catchy tune to it.

Nico: Yep.

Blob: And I danced to the music it had.

Lincoln: Yep. But Dracula was just spending time with his grandson.

I pulled up the video on the internet and everyone watched it.

While the MLP girls were watching the video, Horsea was dancing.

G1 Bombshell: (sees Horsea dancing) Look at Horsea doing the booty scooty.

Me: Go Horsea.

Maria: Shake it!

BOOOTTTTTYYYYY!

We laughed and more.

---

Back at the estate we were watching TV and playing card games and more and we were having fun.

Wave Man: (sees Tokyo headline) Tara, I think you should look at the paper!

Tara: What is it?

Tara saw the paper from Japan. But she couldn't read it because it's in Japanese.

Tara: I don't understand it. I can't read Japanese.

Me: Let me see.

I looked at it and saw a picture of the Titans: Robin, Starfire, Cyborg, Beast Boy and Raven as wanted Criminals for a crime they took credit for in killing of a criminal.

Me: "5 Criminals at Large - Claimed they didn't do it!?" What!? We better get over there and fast! We need to uncover some answers.

Tara: That's amazing how you can read Japanese like that.

Me: I know. Thanks Tara. But we got to get over to Tokyo right now.

Robo-Blaze, Red X, Nergal, Mysterio, Waffle Woman and Tar Pit appeared.

Robo Blaze: Can me, Mysterio, Nergal, Red X, Waffle Woman, and Tar Pit come with you guys to Tokyo?

Me: You sure can. Someone is ruining the Titans names and we got to find out who is doing such a thing.

Waffle Woman: We can't have that.

Tar Pit: Yeah and whoever is doing so is gonna be in big trouble.

Me: That's the understatement of the day. When we get there we got to do some detective work and clear the Titans names. Lets go!

We were off to Tokyo, Japan yet again.

We were flying over the Pacific Ocean to Tokyo and we were really concerned for the Titans.

Totally Spies Alice: J.D., you realize that when the people of Tokyo realize that we're friends of the Titans, they're all going to treat us like bad guys, right?

Me: I think they are just targeting the Titans. But you do have a point Alice. We'll have to keep a low profile while we investigate.

Nico: Good idea. But who could be doing all this?

Me: I'm not really sure. But lets find some clues as to find out who is causing this.

Nico: Good idea.

We landed in Tokyo and we looked around.

A few people just ran away after seeing us.

May: (sadly) I liked it better when we were heroes.

Tar Pit: Well, we're used to people treating us like crooks. This is nothing new to us.

Me: Just stick to the mystery.

I then saw what looked to be a puddle of oil on the ground.

Me: What's this?

I pulled out a bottle and eye dropper and picked up some of it and did an analysis on my smart watch. The results found that it was ink.

Me: It's ink.

Inque: It's not my ink.

Me: No this is something else. It's like printer ink. I think this criminal was made of ink.

Nico: So it's a fake. The Titans were framed.

Me: Lets not jump to conclusions but that might be the case.

Fu: Who is doing this?

Me: I think I have an idea. But we need to go to the Tokyo Library. Come on.

We went to the Tokyo Library and did some research on Supervillains that used Ink in battle and one name in particular stood out above them all: BRUSHOGUN.

I pulled up his info and what it revealed was shocking!

---

Brushogun is formerly a Tokyo artist who fell in love with a woman he drew on his picture. He used Japanese dark magic to bring her to life as the same with all his artistic creations, but then cursed his body, transforming him into a dark being with the ability to create live ink drawings. He became Tokyo's first supervillain known as Brushogun. At some point, he was eventually defeated and captured by the proper authorities.

In the present day, Saico-Tek, a creation of Brushogun that was sent to attack the Teen Titans, destroyed their Tower and that reasoned them to find the one who ordered it. Yet upon tracking him down, the Titans discover he is actually an innocent, yet frail man hooked up to a giant printing press and held captive by Police Commander Uehara Daizo, who forced Brushogun to create criminals that Daizo would capture to look like a hero.

When Daizo jumps into Brushogun's vat of magical ink, he absorbs Brushogun and the machine, and becomes a giant ink monster. Robin defeats him by removing Brushogun from the absorbed printing press, causing the ink creature to revert back to Daizo. Finally released from his curse, Brushogun thanks Robin before peacefully and happily dying in his arms by fading into nothingness.

## Powers and Abilities

Brushogun's spell has transformed him into a cursed, paper-skinned being with the power to generate supernatural ink that is used as a constituent form of black matter, that can be formed into shapes, used to create minions, possess and transform objects that it touches, and has other magical effects.

The magic ink that Brushogun generates is mainly used to create false objects and living beings of any shape, size, and color to use as his minions (exploding shuriken, troopers, superpowered criminals, giant monsters, etc.), which are granted special abilities that he imagines for them, and can regenerate from any damage, including lost limbs. Also, his ink's magic was used to send an enchanted card with his name written on it flying to Robin in a police van to be materialized into an exploding shuriken to free him. Because his creatures are made of ink, they all have a fatal weakness to water, which dissolves them.

When his powers are taken to their greatest limit, Brushogun can become a giant monster that is several stories tall and made out of an immense reserve of ink generated from himself, which has enormous strength and resilience, control any machines implanted into its ink body, and create minions in even greater numbers.

## Known creations and their cultural influences

**Saico-Tek** resembles a *Power Ranger* or a *Kamen Rider.* Saico-Tek is the first creation that the Titans encountered.

**Deka-Mido**, a giant green reptilian monster that resembles film monsters *Godzilla* (Japan) and *Gorgo* (Great Britain).

**Timoko**, the yellow sushi-obssessed robot that Cyborg fights is an homage to Boss Borot from *Mazinger* .

**Nya-Nya**, a pink cat-girl (a nod to typical anime catgirls such as Ana Puma from *Dominion Tank Police* ).

**Mecha-Boi**, a blue robot that resembles Astro-Boy ( *Tetsuwan Atom* in Japanese).

**Scarface**, Raven's ghost-like opponent is based on No-Face from Hayao Miyazaki's *Spirited Away* .

The **Tokyo Troopers**, living ink creatures looking like human police troopers.

---

Nico: Brushogun!? Oh man.

Me: You sound like you faced him before Nico.

Nico: I did but I'm having a hard time remembering what happened.

Brittney: He got his powers because of Dark Magic. He was cursed to be like this.

Me: That's what happens when you mess with powers beyond your understanding.

Lincoln: Yeah.

Inque: I don't think I can use my ink to create people. At least, not yet.

Me: I don't think you have that ability yet Inque.

Nico: So Brushogun was an artist that was like everyone else until he messed around with Japanese Dark Magic.

Brittney: He had no idea that messing around with forces no mere mortal would lead to devastating consequences.

Lincoln: Yeah. What kind of monsters can Broshogun make?

Me: Lets see here.

I pulled up the info and it showed that there are 6 types:

Saico-Tek resembles a Power Ranger or a Kamen Rider. Saico-Tek is the first creation that the Titans encountered.

Deka-Mido, a giant green reptilian monster that resembles film monsters Godzilla (Japan) and Gorgo (Great Britain).

Timoko, the yellow sushi-obssessed robot that Cyborg fights is an homage to Boss Borot from Mazinger.

Nya-Nya, a pink cat-girl (a nod to typical anime catgirls such as Ana Puma from Dominion Tank Police).

Mecha-Boi, a blue robot that resembles Astro-Boy (Tetsuwan Atom in Japanese).

Scarface, Raven's ghost-like opponent is based on No-Face from Hayao Miyazaki's Spirited Away

Me: Whoa. These are them.

Nico: Wow. Some of them have familiar characteristics.

Tommy Oliver: Yeah that Saico-Tek one looks a lot like us in the Power Rangers.

Eli: And it bears a resemblance to Kamen Rider as well.

Brittney: And those Scarface monsters look like the black ghost creature from Spirited Away.

Chiriko: It sure does.

Timmy (Totally Spies): And those blue Robot Boys look so much like my Robot Suit. I based him off of Astro Boy.

Me: They do look like it,. And that big green one looks like Godzilla from 1954 here and Gorgo, Britain's version of Godzilla from the late 1960's.

Nico: Very freaky.

Lincoln: For Tokyo's first ever supervillain he sure has a lot of great tastes.

Laney: And his art is amazing.

Vince: Those cat girls he makes are just as amazing as what we have seen on other planets.

Me: Yeah. Lets print this information and give it to Robin and the Titans so we can tell them what we found out.

I printed the info.

Laney: Guys I found this.

Laney came with a book and it was all about Brushogun and how he came into being.

Me: "Brushogun, Tokyo's First Supervillain." This is perfect Laney. Great job.

Laney: Thanks.

Me: But we need to find another villain that would make a great candidate for the Masters of Evil that we need to have help us.

Nico: Who is that?

Me: Emiko Adachi A.K.A. Emiko Queen.

Nico: I know her.

Green Arrow: She was once part of my team before she went rogue.

Me: Lets head over there and then we'll find Robin and the Titans.

We went over to a hidden dojo in the mountains and we found EMIKO QUEEN!

---

**Emiko Adachi**, also known as **Emiko Queen**, is the main antagonist of Season 7 of the TV series *Arrow* and a minor character in Season 8.

She was the estranged paternal half-sister of Oliver Queen and the leader of the Ninth Circle, as well as the third **Green Arrow** following Oliver's incarceration. She was bent on destroying Oliver and Team Arrow's legacy as vigilantes and heroes, and killed anybody who stood in her way.

She was portrayed by Sea Shimooka.

## Early life

Emiko was born to Robert Queen and Kazumi Adachi, she has a paternal half-brother, named Oliver. It is unknown if he is her older or younger half-brother. Robert knew about Emiko's existence, but ultimately chose Moira, Oliver, and Thea over Emiko and her mother. He abandoned them and cut off all contact with one another. Before Robert's death, he wrote a letter to Walter Steele, apologizing for walking out on Kazumi and Emiko and showing a lot of remorse for what he did. He also asked Walter to take care of them. But it was too late, as Walter never received it, and Moira found out about it and hid the letter.

Shortly after being abandoned by Robert, at the age of eleven, Emiko met a man named Dante who began training her on how to protect herself and made her join the criminal organization, the Ninth Circle, which Emiko would become the leader of years later. However, before that, in 2007, Emiko was told by Dante of Malcolm Merlyn's plans to sink the Queen's Gambit, which was funded by the Ninth Circle. Since Robert didn't let Emiko be part of his company and chose Oliver as his predecessor despite his lack of business skills, she didn't tell him about Malcolm's plot and let the yacht get sabotaged. She then destroyed the evidence that the Ninth Circle had helped orchestrate Malcolm's attack on the Gambit.

After Emiko's mother was murdered by an unknown perpetrator, her house in the Glades burnt down, Emiko embraced the darkness and swore to avenge her mother's death. Five months after Oliver Queen's incarceration, Emiko showed up in Star City (seemingly) taking up her half-brother's mantle as the Green Arrow. Little did she know, Dante was the one who hired Kodiak, one of the Longbow Hunters, to assassinate Kazumi.

## The New Green Arrow

Her first known target was Jason Stent, ambushing and delivering him to the Star City Police Department. She then attacked some weapons dealers, saving Rene Ramirez and another kid before leaving. When Stent was released, Emiko went after him again at an arms deal. As she attacked him, Emiko quoted Oliver by telling Stent that he failed the city. However, before she could shoot him, the S.C.P.D., led by Captain Dinah Drake, rushed to the scene, trying to arrest Emiko. However, thanks to Rene, she was able to escape. In a secret location, Emiko crossed Stent's name off a list, similar to Oliver's method from his time as the "Hood" in 2012.

Emiko also stopped thieves from robbing a store. Afterward, when arsonists led by Jon Cortez set fire to a community center in the Glades, she arrived in time to rescue Zoe Ramirez and looked on from the building's roof at her, Rene, and Dinah before leaving. Later, she runs into Rene again and informs him of Cortez. When Dinah appears in an attempt to arrest her, Rene helps Emiko escape again. She returns when Cortez resurfaces to set fire to a movie theater and worked alongside Rene and Dinah stop them. With the fire still spreading, Emiko climbed up a water pipe and pulled it to put out the fire, hurting herself in the process. Rene and Dinah then help her in getting away.

Emiko showed up again to help John Diggle, Dinah, and Rene take down Ricardo Diaz, who was just about destroy all of Star City with a bomb. She struggled against Diaz until Diggle took him by surprise and knocked him out, after which he was finally sent to Slabside Maximum Security Prison for his crimes.

## Meeting Her Half-Brother

After Oliver's release from prison, Emiko became more determined to hunt down names from her list to get revenge for her mother's death, eventually getting wounded and ending up as a partner of Rene Ramirez. Rene and Emiko worked to find the presumed killer of Kazumi and to kill him justly. On her watch she decreased all of the crime and corruption down that Mayor Emily Pollard failed to do on her watch.

Soon after, while visiting her father´s grave, Emiko was confronted by Oliver who asked for forgiveness for his father's sins and his abandonment of Emiko and her mother. While initially rejecting him, Emiko eventually met up with Oliver at S.C.P.D. where she asked to start a better relationship with her half-brother.

While Emiko reluctantly agrees to let Oliver aid her and Rene on her crusade on avenging her mother's death and after some setbacks, Emiko was visited by Dante, who has come to convince her to return to the Ninth Circle as its leader.

## True Colors Revealed

That night, Emiko murders Diaz by pouring gasoline into his cell through the sprinklers and burnt him alive at Slabside Maximum Security Prison, while being seen passing the cell block by Ben Turner. Turner then exchanges information about this to Laurel Lance in exchange for time with his son. When confronted, she arrogantly scolded Laurel about how Oliver would never believe her because of the former's past, and possibly also because of Emiko being his half-sister.

Emiko started doing weekly sparring sessions with Oliver in which they learnt more of each other's pasts, although while Oliver explained he was trained by Talia al Ghul, she did not tell him about Dante training her. Later, she met up with Dante at Palmer Technologies where they stole drones that a technician unwillingly built for them, and then blew up the lab.

Oliver confronted her about it since he was actually following them. She easily convinced him that Dante forced her to help him. She and Dante then later stole sarin gas, and when they were confronted by Team Arrow, he pretended to try and kill her until Oliver intervened which successfully sold her story and allowed her to infiltrate the team and get brought to the Bunker. Learning about the Archer program, she placed a jammer. After Oliver found out about it, she revealed her true colors and they fought, while she also explained that she didn't want to be a part of the Queen family or Team Arrow. She then threw a smoke-bomb and escaped.

Emiko and Dante later tested the drones but was once again confronted by Team Arrow. She ordered Dante to activate the drones, which he did despite hesitation. She then briefly confronted Oliver and then fled the scene after ordering her minions to kill him. Emiko then met with Laurel and taunted her of her predicament, as she was the one who framed her for murder and leaked a photo to the media of her working with Diaz. She later threatened to kill Dante if he ever disobeyed her again. Dante calmly reminded her that other people in the Ninth Circle expected her to deliver on.

## Gaining Her Revenge

A week later, she and Dante lead the Circle to steal the Cygnus X-1 bioweapon from a D.O.D. vault, which would be capable of eating through anything in its path. After the stolen ARCHER program detects Team Arrow, the two of them make their escape with the bioweapon. Emiko sends off Dante with it while she fights off her brother. During their fight, Oliver tells her that Dante was the one who killed her mother just before the latter returns to exfiltrate her. Although she initially didn't believe it, she later shoots him with arrows about it. After he confessed it and that he only did it so she would fully embrace her role and life in the Ninth Circle, she finishes him off and assumes full control of the Ninth Circle's leadership.

Following her revenge on Dante, Emiko continued her plans to enforce the Ninth Circle's plans and also enact her own revenge scheme on her brother. She made her deal with the CEO of Aerodyne, Jason Toth, to collect a device needed to expand the bioweapon. After the Arsenal intercepted, Emiko escaped with the device needed. After they attempted to target the Metro station, Emiko was confronted by Rene, who still refused to believe she had gone too far. Even though this failed, Oliver found the device and destroyed it. However, during this, Arsenal killed two guards due to being secretly resurrected by the Lazarus Pit and now had a blood lust.

After Emiko escaped, she used this as an opportunity for her revenge plans by seizing the footage and erasing it before Felicity could find it. Drawing Team Arrow to an abandoned warehouse, she was confronted by Oliver and revealed she took the footage and sent it to the S.C.P.D., therefore effectively destroying the reputation of Team Arrow. She then revealed to Oliver, much to his horror, that she knew that the Queen's Gambit was rigged to blow and had the chance to warn their father, but didn't and let him die. She declared to destroy her brother's legacy before detonating explosives hidden inside the entire building. As she quickly escaped, she let the building fall on top of the team.

After believing she killed her brother, Emiko arrived at the Bunker to kill Felicity along with her friend Alena Whitlock. However, after learning she was pregnant, she had second thoughts and left. Still wanting to destroy Team Arrow's legacy and continue the Ninth Circle's plans, she led her men to massacre the SCPD precinct and retake the bioweapon. After Team Arrow arrive and stop them, Emiko is confronted on the rooftop by Oliver. After he fails to reach out to her, she tries to tempt him into killing her, only for him to refuse. She then escapes just as Team Arrow arrives.

## Redemption & Death

Emiko's revenge against the Queen family resulted in the Ninth Circle existence being revealed to the public, which lead to the falling of her leadership. Emiko's position was given to Beatrice, who would later kill her for insubordination, believing that Emiko's "family drama" had already ruined the circle itself. However, this betrayal lead to Emiko deciding to protect Oliver, coming to the realization if she had chosen a different path for herself he would been her brother earlier once he knew about her. As Oliver held a wounded Emiko in his arms, she apologized to him and told him that he needed to hide his family from the Ninth Circle. Emiko then stated to her half-brother that despite her hatred, she truly wanted to be part of the Queen family before dying in Oliver's arms.

## New Multiverse

Emiko was brought back from the dead in a new timeline after Oliver saved the multiverse and created Earth-Prime during the Anti-Monitor Crisis in 2019. Several days later, she attended her brother's funeral and got to meet her adoptive sister, Thea Queen and her father's wife, Moira Queen, who tells Emiko she is welcome to the family, for the first time.

## Erased Future

Emiko was buried next to her father's tombstone, as her tombstone read "Emiko Adachi Queen", signifying her redemption; albeit partially.

After Emiko's demise and burial, and under her advice she gave Oliver with her last dying breath, Oliver and Felicity went into hiding into a well protected neighborhood where former federal agents live, because of this, they were safe from the Ninth Circle. Even though Oliver would be later lost in a crisis because of Emiko, Mia Queen, Oliver and Felicity's daughter, would grow up and with allies, she would save Star City.

---

In her dojo she was meditating.

Emiko: (Japanese Accent) I had a feeling you all would be coming Team Loud Phoenix Storm.

Me: Emiko Adachi A.K.A. Emiko Queen. It's an honor to meet you.

Emiko: Indeed. Hello Oliver. Good to see you again.

Green Arrow: You've been doing well ever since you got your revenge.

Emiko: Yes I have. I take it you came to recruit me so that I can help you all clear the names of the Teen Titans.

Me: That's right.

Nico: How did you know about that?

Emiko: I read it in the headlines. Amazing heroes. I may be a Vengeful Terrorist but even I have honor when it comes to helping people. But I will gladly help you all. On one condition.

Me: Name it.

Emiko: That I talk to Vypra after all this is over.

Me: Done.

We got Emiko and we were off. We went to find Robin and the Titans.

In a hidden temple, Robin and the Titans were hiding out when there was a knock on the door.

Robin: Who is it?

Me: Robin it's us.

Robin: Oh. Come on in.

We went into the temple.

Me: We heard what happened and we came to help you all clear your names.

Emiko: What is going on is not right.

Raven: Emiko Queen.

Emiko: I'm not here to fight you all. I'm helping you all clear your names.

Waffle Woman: Robin, everyone in Tokyo are calling you and your team criminals now.

Robin: Well, what do you guys think?

Speedy: I think that you guys are still heroes. And if we have to be fugitives like you guys, then so be it.

Me: That's right Robin. We're gonna help you guys clear your names. But we found out some things you are gonna want to know.

I pulled out a file and showed him.

Robin: So that wasn't blood. It was ink?

Me: Yeah like the kind we use to write with.

Brittney: And Laney found this. All the criminals were made by the same guy.

Raven placed a book she found on the table.

Raven: Brushogun, Tokyo's first supervillain.

(She opens it. Dissolve to a patch of trees, against which a new branch swiftly draws itself in while the foliage thickens considerably. This view is rendered entirely in gray tints; the effect will last unless otherwise noted. Other dissolves move the camera through this forest and place it near a small cottage on the far side of a stream. Zoom in slowly on this and dissolve to a pile of pages that all bear sketches of the same attractive young woman, seen from various angles. Her long, straight hair cascades over her shoulders and kimono. As Raven continues, tilt up to show these sheets on the floor inside the house, along with dozens of drawings of other women and several balled-up rejects.)

Raven: (voice over) Once, he was an ordinary artist who dreamed of bringing his creations to life.

(We have gone into the past, then. On the end of this line, stop on the sunlit far window, against which a topknotted figure kneels over the floor, then cut to a close-up. Young, male, in a kimono, face set in total concentration over the swirling paintbrush in his hand. Extreme close-up of the bristles sliding across the paper to leave their mark, then of his steadily moving eye. He stops, glances critically down toward the work, and holds it up. A slow tilt up the length of the page reveals that he has completed yet another study on womanhood, this one a head-on picture with chin-length hair. The artist gazes reverently upon it and swivels away, the edge of the page passing the camera lens.)

(Behind it, the view changes to show an overhead shot of him kneeling within a large circle drawn on the floor. Eight candles have been set around the edge, spaced evenly at 45-degree angles: black, blue, magenta, yellow, with the flames directly across from each other paired by color. Four diameters have been drawn to connect the pairs, with a square inscribed among them and a smaller concentric circle within that. Our man is positioned at the intersection of a diameter and a side of the square, facing the painting he has set at the center. The camera points in through an opening in the ceiling, then zooms into the room as Raven continues.)

Raven: (voice over) He tried to make that dream come true using Japanese dark magic.

(Streams of wax flow toward the artwork, their hues matching the flames; cut to ground level as the candles rapidly melt down and light blue smoke boils up from the center to hide him from view. This is followed by a great blast of blue-white light that forces him to shield his face, but he is able to see that the brilliance is coming from his painting. Its subject sits up off the sheet, her body waving at first as if it were still paper-flat, but she assumes normal three-dimensional aspects as she gets to her feet.)

Raven: (voice over) His spell worked… (She holds out her hand; he takes it.)… but at a terrible price.

(The little smile she had in the painting gives way to a malicious leer while her hair blows wildly and blackness flows up to cover her entire body. It is as if she has been drenched in printer's ink, which courses down the length of her arm toward his; he starts in fear as it spreads to him, and he finally lets go as all his features disappear beneath the ooze. Pull back as he crumples to the floor and long tentacles shoot forth from his back. Only his silently screaming mouth and eyes, now blind white, are visible to remind us of who and what this new horror used to be.)

Raven: (voice over) The darkness stained him. His skin became paper. (Twisted smile.) Ink flowed through his veins.

(Now his fingertips sprout long deadly claws and he slams one palm flat on the floor, drawing it along to smear bright magenta ink across the boards. The pigment begins to sprout a small forest of unwholesome growths, and the monstrosity grins madly and slaps down a dose of blue that does likewise. In a longer shot, he watches with sick glee as four pinnacles begin to rise from the floor, one in each of his candles' four colors. This is followed by a head-on view of the silhouettes of the four henchmen who came after Robin's four teammates, each highlighted by glints of its respective color. Finally, their master rises among them and floats toward the ceiling. This tableau moves our background idea, that the dark figure in the printing press lair is Brushogun, from conjecture to solid hunch to near-certainty.)

Raven: (voice over) He was transformed into Brushogun.

(A tentacle lashes toward the camera to black out the screen.)

**Robin** : Drawings! That's what we've been fighting! *(Head-on shot: the others are behind him.)* Then I didn't actually hurt anyone! I couldn't hurt Saico-Tek, because Saico-Tek wasn't real!

**Beast Boy** : They were ink.

**Starfire** : All of them.

**Robin** : Then Brushogun created him to frame me!

Me: And make you all look like criminals. Whoever did this will pay big time. But all these monsters he made were all made of Ink because of his curse.

**Cyborg** : Yeah, just like the stains on my armor…

*(Cut to him being chomped by the yellow oven robot that came after him; a smear of that color covers his chest. We next see Raven being menaced by her foe and eyeing the black residue it left on her cloak.)*

**Cyborg** : *(voice over)*… the streaks on Raven's cloak… *(Cut to Nya-Nya as she kicks Beast Boy across his lip-printed cheek.)*… and the lipstick from that girl who kicked BB's butt.

*(Back to the present: Beast Boy is very much put out at this last.)*

**Beast Boy** : She was a cat girl! *(He steams quietly.)*

Tara (glares at Beast Boy): Now, what's this about a Cat Girl kissing you?!

Beast Boy: Guys, a little help?

Trixie: The Great and Powerful Trixie is staying out of this personal matter.

Me: Tara that girl was a fake. Now is not the time for personal matters. Right now we have more important things to take care of like helping Robin and the Titans clear their names. And Robin and the Titans faced Brushogun before. I think it was around the time you were still a stone statue.

Tara: Oh right. Sorry Beast Boy.

Robin: That's right. We have faced this man before. His name is Commander Daizo Uehara.

Me: Wasn't he a Japanese police officer that was disgraced for using Brushogun's powers to rise through the ranks fraudulently?

Robin: Yes.

Nico: I've heard about him! (GASP) I remember now! I helped you all stop him for that when I lived in the Philippines!

Me: You stopped him before Nico?

Nico: Yes. It was before I joined you guys and I helped them take him down the first time. And it was where I saw Robin and Starfire kissed.

Me: Aww.

Everyone: AWW.

Starfire and Robin blushed.

Me: So adorable. But I didn't know you faced him once before Nico.

Nico: Very ugly story.

Robin: You realize that if you guys help us with this, you guys will be on the run as well.

Nergal: (scoffs) Us Masters of Evil members already are criminals to begin with.

Marinette: (bitterly) But I bet Lila Rossi is going to be mocking us for this from her prison cell.

Me: No she doesn't have a TV in her cell. We made sure she doesn't get any special privileges. But before we go after Daizo, we need to know more about him. Nico since you helped the Titans with him before, can you tell us all you can about him?

Nico: I sure can.

Nico told us all about him.

**Police Commander Uehara Daizo** is the main antagonist of Cartoon Network's 4th animated feature film, *Teen Titans: Trouble in Tokyo* .

He resembles a parody of *Lupin the 3rd* character Inspector Zenigata. Daizo was originally called a hero, but in the end, it was revealed that he had captured the criminal Brushogun, who the Teen Titans arrived in Tokyo to search for, and was forcing him to use his powers to create monsters, supervillains and criminals he could capture and imprison in order to be praised as a hero. He also the second archenemy of Robin.

He was voiced by Keone Young, who also played Katarou in *Teen Titans*, Jei in *Teenage Mutant Ninja Turtles* and Silas Sinister in *Return to Halloween* .

Daizo first appeared when he sent his troopers to capture a giant green reptilian monster named Deko-Mida. He later invites the Teen Titans to his hideout to inform them on how he and his organization operate. When Robin asks about Brushogun, Daizo laughs him off and informs him that Brushogun is actually just an urban legend.

Later into the film, Daizo arrests Robin for killing Saico-Tek (fully aware he was actually just one of Brushogun's creations and not a real person) and sent him to jail.

After a wild goose chase from chefs, girls who are in love with Beast Boy, and Brushogun's creations, the Teen Titans entered Brushogun's hideout. Daizo then revealed that he was the real mastermind, and sent his troopers to attack Robin and his friends.

While Daizo tried to flee, Robin confronts him, but Daizo leaped into Brushogun's magical ink vat and fused with Brushogun to turn himself into a giant ink monster. After Brushogun was freed by Robin and died from age and exhaustion, Daizo's giant ink form, along with his powers, disappeared. Daizo was then was (presumably) arrested for his crimes against Tokyo.

---

We gasped.

Me: FUCK! Things went from bad to worse. If framing the titans wasn't bad enough, now we got a renegade corrupt cop running amok and causing trouble by turning Brushogun's powers against him.

Nico: Then we have to free Brushogun.

Me: Yep. Luckily I have a plan. Here's what we do.

I gathered everyone and told them my plan.

Me: Everyone got that?

Everyone nodded.

Me: Good. (Eyes glowed red) Get ready Daizo, there's a new sheriff in town.

But then a bunch of Tokyo Troopers came in.

Tokyo Troopers: Freeze! Put your hands where we can see them!

Tso Lan: I guess our new lives as wanted criminals begin now!

Me: You'll never take us alive you fuckwipes!

I threw a smoke bomb and we vanished in a swirl of fire! We arrived later at a printing company.

Me: Okay here's the plan, you five go in like you did before and confront Daizo and when you discover that the Troopers aren't real, we'll make our entrance.

Robin: Got it.

The Titans went in.

Cyborg: No guards.

(Robin points ahead and all advance toward the heart of the operation. Cut to within an inner lobby; it is even darker than the entrance area and there is no sign of life save the same labored breathing first heard in Brushogun's hideout during Act One. Lightning flashes outside the lobby's wall-to-wall windows and clears to give a slow pan across the quintet, followed by a brief zoom toward the innermost darkness.)

Robin: (whispering) This way.

(All rush ahead. He leaps down a ramp, filling the screen with his masked eyes for an instant, and the dimness bursts into blinding white light as he hurls himself through a closed door.)

Robin: Freeze!

(Pull back; the glare fades as the other four catch up, and we can see more of the new area; boxes and materials scattered about. Cyborg flicks on his shoulder-mounted flashlight and lets it play around the room: more boxes, huge rolls of paper stock, stairways and balconies that give access to the uppermost machinery. As the Titans advance gingerly across the floor of this production facility, a camera shift exposes the sheer size of the main printing press: at least a hundred yards long and twenty tall.)

(Pan ahead of the group to partially expose several of the now-darkened monitors that displayed their progress, then cut to a shot of the steps leading up to them. Cyborg's flash sweeps toward the platform, but picks out only an empty seat among all the hardware, he and Robin step into view for a closer look. The Boy Wonder's hunch appears to be correct; the villain has been using this place as his base of operations.)

Robin: Brushogun! He's not here!

(Another wheezing breath echoes in the silence, drawing both their attention and the camera eye toward the great press. One of its panels flips open, releasing a belch of thick dust that clears to reveal an all-too-familiar silhouette between the rollers. Dark from head to toe, tentacles snaking from the back; it matches the depiction of Brushogun from Raven's book, but there are some noticeable differences. The humanoid frame is badly stooped, the muscles emaciated, and the voice tells right away that he was the source of all those asthmatic respirations.)

Brushogun: I am…

Robin: (from o.c.) Brushogun?

(The apparition grunts softly and lifts his head into the light. Now his worn face can be fully seen, along with the fact that the jet-black tint of his skin has faded into dark gray. The "tentacles" have been replaced by tubes hooked to his back that snake into the guts of the press.)

Brushogun:… so glad to finally meet you. (The Titans approach.)

Robin: You're not the one behind all this, are you? (Cut to him and Cyborg.) You're just-

Brushogun: (from o.c.) -His slave. (Back to him, tilting up slowly past the rollers and down again.) He trapped me in this thing… this cursed printing press that uses my powers against my will. The criminals I create serve him now.

Robin: But you sent the card, didn't you? You set me free. And you sent Saico-Tek to our Tower because-

Brushogun: -It was the only way I could call for help. (Zoom in slowly.) I knew that if one of my creations attacked your home-

Robin: -It would give us a reason to come to Tokyo. (Cyborg steps up.) A reason to find you. (Tilt up to the big man.)

Cyborg: So you weren't the one who framed Robin.

Brushogun: Saico-Tek was printed twice. I sent the first to you as a messenger. (Extreme close-up of his eyes; slow pan.) He sent the second to Robin as a trap.

Beast Boy: "He" who?

Raven: If you're just the brush, who tells you what to paint?

(The camera now points between these two at the control platform; zoom in on it during the next line, which is spoken in the tone of the dark figure we previously took to be Brushogun.)

Voice of Silhouette: That would be me.

(Close-up of the chair, turned around most of the way to present the back of the figure's head.)

Silhouette: I must say, you Titans have proven formidable adversaries. (Extreme close-up of the black face and narrowing eyes.) Once you are destroyed, perhaps I shall print copies of you to serve me.

Starfire: (warming up his hands) Show your face, coward! (Close-up.) Who are you? (Tilt down to Robin.)

Robin: There's only one person who stands to gain from creating criminals, the hero who catches them. (The chair's back again; he continues o.c.) Isn't that right… Commander?

(A swivel puts its occupant in the light: Uehara himself, without his hat and sporting a thoroughly nasty grin.)

Daizo: (Japanese Accent) Very good, my friend. (puts his hat on) But you haven't caught me. (Extreme close-up; he angles his face up a bit.) I've caught you.

(A finger snap brings the noise of a door being kicked in from o.c.; pan quickly to the Troopers who have just burst into the place. Reinforcements arrive in very short order, and the camera pulls back from an overhead view to show still others drawing a bead from every foot of balcony space. A ground-level pan across the besieged heroes only serves to point up the gravity of their predicament, but Beast Boy is concentrating very hard on something else for the moment.)

Beast Boy: So wait. If the good guy was really a bad guy, then that means… (Brainstorm.) Oh, sweet! (laughing) We're the good guys again!

Robin: You're a fraud, Daizo, a fake. (crosses the floor) Brushogun was the only real criminal you ever caught, wasn't he? (Uehara is now on his feet.)

Daizo: One was enough. (Pull back; the Troopers near him close ranks.)

Robin: You used his powers to lie, to make yourself look like a hero. And when I started searching for the truth, you made me look like a criminal! (Behind him, the camera pitching slowly as if seasick.)

Daizo: That's a nice little story, young man, but I doubt anyone will believe it once you're all behind bars. (Close-up.) Troopers! (Pull back.) Charge! (They do so.)

Robin: Titans! Go!

(A flying leap carries him neatly through the Troopers' laser barrage so he can kick one down and somersault over to hurl another into the wall. Just as quickly, Cyborg flattens his man with a left hook; others take their shots at him, but he throws up both arms to cover his upper body. Glare and smoke dissipate around his intact form, and he lets his right do the talking this time. These fellows are barely out cold before another bunch gets thrown back against the wall by Raven's powers. She then puts up a shield to block the fusillade coming her way and turns it into a black wave that sweeps these shooters off their feet.)

(Next, Beast Boy, as an elephant, drops into the middle of the melee, cuts his eyes off toward the Troopers, and instantly becomes a cobra. Lasers pepper the floor all around him as he slithers toward one of them and strikes; by the time he reaches the Trooper doing the shooting, he has transformed into a large bear and has no trouble pinning the man. The cleanup hitter is Starfire, who zooms overhead and takes down two of her own with a pair of supercharged flying tackles.)

(Extreme close-up of Robin, pulling back to frame both his hands and those of a Trooper locked around his fighting staff, which has been pushed up so far as to almost choke him. The Titan gives a bit of ground before throwing the enemy off and delivering a monster spin kick; cut to ground level as the helmet bounces free, then tilt up to frame its staggering owner. Robin's attack has reduced most of his head to Technicolor mush and knocked the rest of his skin and clothing hues out of kilter. The Trooper tries briefly to reconstitute himself, but instead ends up disintegrating into a large puddle of…)

Robin: Ink! (addressing himself o.c.) Titans!

(Long shot of all, pulling back; Beast Boy is in human form, and the other three are variously slugging it out with Uehara's crew.)

Robin: The Troopers! They aren't real!

Cyborg: Which means we don't have to hold back! (He throws off the two who have piled on him.)

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off and blasted a hole in the building and fiery embers rained down as a phoenix cry was heard and the embers incinerated all the troopers into nothing and we landed.

Me: Looks like we're crashing the party!

Daizo: Team Loud Phoenix Storm!

Red X: (to Robin) Just like old times, huh, Robin?

Robin: Indeed it is.

Me: Daizo you are gonna pay for your crimes.

Daizo: We'll see about that J.D. Knudson.

Nico: Daizo, its been a long time.

Daizo: Nicolas Chan. I didn't expect you to be with Team Loud Phoenix Storm especially after you defeated me the last time.

Nico: I'm now their 2nd in Command and they are the greatest friends I know. You framed the titans and I will never forgive you for that.

Daizo: We'll see about that.

Luan had a hidden microphone hooked up to the Tokyo P.A. System and Daizo was telling Nico that he framed the Titans by thinking they killed Saico-Tek and taken the credit for killing him. He framed the Titans for crimes they didn't commit and rose up through the ranks to become a hero and take all the glory for himself.

Daizo: (to the Titans) I must say… I never thought you Titans would actually kill criminals like Slade before today. I thought you actually cared about heroism and justice and all that idealistic nonsense. And now, you're teaming up with villains? The Justice League would be ashamed of you all. And now, you really think you can play the part of heroes again and try to stop me? You all can't erase what the murders you've caused!

Guts Man: Look, I admit that we've killed villains before. But we want to actually kill scumbags before taking credit!

Me: That's right! What you have done shows that you have no honor! We don't kill people for glory and taking all the credit. We kill bad guys only when the situation calls for it. We kill those that ONLY deserve it.

Nico: That's right Daizo and if you think you can win all this with pathetic headgames like you did with me years ago, then think again.

Me: That's right!

Lincoln: YEAH!

Twilight Sparkle: So do us all a favor and SHUT UP!

Twilight blasted him with a magic blast and it hit him in the leg and blew his kneecap off! He screamed in excruciating pain!

Me: Ouch.

*(Daizo presses the blue button on the printing press control panel, causing Brushogun to straighten up with a long, agonized yell as his eyes burn bright blue-white. The Titans stare in total bewilderment; cut to the side of the press and pan toward its front end as the rollers begin to turn, then back to the captive artist and tilt down to the blank white paper before him. All ten fingers are on the surface, and streams of the four ink colors pour ahead, just as they did in Act Two when Daizo forced him to unleash the four strange strongmen.)*

*(Another tilt down; the inks ooze over the last rollers and are transferred to a sheet of paper that slides out onto the floor. In no time flat, they begin to work their way into three dimensions; as soon as he gets an eyeful, Robin leaps high toward Daizo, twirling his staff for a skull-cracking strike. With less than two yards to go, though, a pair of freshly minted Saico-Teks, matching the pink coloration seen during his Act Two reappearance; slide in to protect the commander. The swinger is knocked backward, landing on the steps to the platform; his teammates rush in, only to find themselves facing three duplicates of the blue robot that attacked Starfire.)*

We saw that we were surrounded by numerous ink villains.

Me: WHOA! What an army.

Mysterio just summoned a Twilight Thorn Nobody robot.

Mysterio: Twilight Thorn! Keep these ink creations occupied!

It obeyed and did so.

Me: Good thinking Quentin. That will hold them off while we have our usual battles and our frenemies should be here right about now.

Ranamon, Femme Fatale, Ebon, Evilseed, Dai Gui, and Number 7 then appeared.

Me: Ranamon, Femme Fatale, Ebon, Evilseed, Dai Gui and Number 7. Perfect timing guys.

Femme Fatale: Looks like you guys are up to your necks in trouble.

Me: You might say that.

Ranamon: We had a run in with those Tokyo Troopers earlier.

Maria: Did you guys fight them off?

Femme Fatale: Of course we did.

Ebon: But we also found out that they're fakes! Just like Daizo.

Me: That's because the Troopers are made of ink courtesy of him!

I pointed to Brushogun.

Me: Daizo is using him to make those monsters and troopers. He has turned Brushogun's powers against him to be a false hero.

Evilseed: That's madness!

Mallow: Yeah it is.

?: I agree.

A figure came out and it was WOLFGANG AMADEUS GRILLER from episode 15 of Turbo!

---

**Wolfgang Amadeus Griller** is a musical zombie/loudspeaker monster who uses his conducting stick to control cars and make them fly everywhere. He presented himself like a salesman. He was defeated by a combination laser attack from Red Turbo Ranger and Blue Senturion.

---

T.J. Johnson: Wolfgang Amadeus Griller!

Griller: Been a while rangers.

Me: I remember you! You posed as a Salesman and used cars to make them fly all over the place.

Griller: Good memory on you.

Me: Never missed an episode.

Wolfgang Amadeus Griller just used his conducting stick to make Tokyo cars fly at Daizo's minions.

Wolfgang Amadeus Griller: That should keep those ink stains busy.

Me: Good thinking and we're gonna need a lot of paint thinner and a lot of water.

Ranamon: And I know just the planet where we can fight.

Ranamon snapped her fingers and all of us and the Printing Press with Brushogun in it were on the desert ocean planet: KIUSANA!

---

**Kiusana** is the home planet of the Orishan in the Andromeda Galaxy.

Kiusana is a small, arid planet located in the Andromeda Galaxy. Over sixty percent of this world is desert. Because Orishan are able to extract hydrogen and oxygen from the air and create water as a natural byproduct, not only are Orishan able to thrive in this bone-dry climate, but their species is revered by all others on Kiusana for their "magical" powers.

As a result, one cannot go anywhere on Kiusana without finding statues, monuments, carvings, and cave paintings dedicated to the wondrous, water-producing Orishan. To all other species on Kiusana, Orishans are part village shamans, part rockstars.

---

Me: Whoa! Look at this planet.

Nico: Wow. It's a huge desert and the Ocean is big.

Ranamon: This is the planet Kiusana, Water Hazard and Bivalvan's home planet.

Me: WHOA! So this is Kiusana. I was expecting it to be more completely ocean-like.

Nico: Me too. But this is amazing!

Riley: It sure is. I think this is a cool place.

Ben: And this planet is Water Hazard and Bivalvan's home world? Awesome!

?: (British Accent) Indeed it is.

We saw the last of the Aggregor 5: BIVALVAN!

---

**Bivalvan** is an Orishan from the planet Kiusana in the Andromeda Galaxy. He was one of the Andromeda Aliens captured by Aggregor. His DNA was put in the Codon Stream and provided Ben with the form of Water Hazard.

Bivalvan was first seen in the **Ultimate Alien** episode *Fame* . Every night he would rise out of the ocean and raid NASA, stealing equipment from their secret rocket project. Ben, Gwen and Kevin attempted to stop him, but Ben couldn't transform because the Ultimatrix detected that his Orishan DNA wasn't in the Codon Stream. Kevin and Gwen fought Bivalvan and were beaten. It turned out he only stole because he was working on the damaged escape pod because he wanted to go home.

Ben attempted to fight him without the Ultimatrix, but it didn't work well due to the sampling process. Finally, the Ultimatrix went into Sample Mode and sampled his DNA (Bivalvan commented "What did you do?!"), allowing Ben to transform into Chromastone, who unfortunately, was defeated easily before Bivalvan escaped. It was revealed that he stole the rocket's engine this time, which was a nuclear bomb.

Tracking him to his underwater cavern hideout, Ben and the others realized he was stealing the rocket parts to repair a spaceship to return to his home planet in the Andromeda Galaxy. However, since he was going to use the nuclear bomb to trigger his launch and destroy Florida, along with thousands of people, Ben and the others had no choice but to stop him. With Gwen and Kevin trapped by Bivalvan's welding torch, Ben had to fight him on his own as Spidermonkey. However, Bivalvan still proved too much for Spidermonkey, so he went Ultimate Spidermonkey and quickly defeated him.

Bivalvan then revealed that he and four others (P'andor, Andreas, Galapagus and Ra'ad) were kidnapped by an alien called Aggregor before they escaped to Earth. Ben and the others left him behind while they took the bomb back to NASA, saying they would contact the Plumbers to take Bivalvan home.

However, before the Plumbers arrived, Aggregor came instead, saying that no one escapes him, to Bivalvan's horror. Bivalvan was then heard screaming off-screen.

Bivalvan reappears in *Escape from Aggregor* in Galapagus' flashback with a lighter voice alongside Galapagus, P'andor, Ra'ad and Andreas. During his time as a prisoner, Bivalvan seemed not as violent but a leader of the five aliens while having a fierce rivalry with P'andor. He engineered an escape from their cell by using a device he had either assembled while in the cell or had with him while being captured to unlock the cell door and neutralize the device Aggregor had used to nullify their elemental abilities. He also appears to have a natural ability to lead others and make the right decision, as shown on Aggregor's Ship.

Upon realizing they weren't in a prison but on a spaceship, Bivalvan realized that they couldn't escape because there was nowhere to go. When Galapagus suggested using Aggregor's transmitter to call for help, Bivalvan approved of it, but P'andor opted to overthrow Aggregor and led Andreas in an attack on the bridge while Bivalvan, Ra'ad, and Galapagus went to the radio room.

Unfortunately, P'andor and Andreas' attack alerted Aggregor to the escape of the others and they were all thrown back in their cell just as Galapagus' call was found by Magister Prior Gilhil. The Plumber found them when they were in their cell, only to be attacked and murdered by Aggregor. Bivalvan, P'andor, Andreas and Ra'ad escaped, but Galapagus seemed to betray them in exchange for his own freedom. However, Galapagus revealed that he lied and betrayed Aggregor and his robotic soldiers, impressing Bivalvan (who said "I'm following that guy").

The five aliens stole a shuttle and fled from the ship only to have Aggregor shoot them down and cause them to crash on Earth. Bivalvan opted to stay with the ship as it was their only way off the planet, but P'andor stated they needed to split up. P'andor, Andreas, Galapagus and Ra'ad each went in separate directions while Bivalvan attempted to repair the shuttle through his raids at NASA.

At the end of *Andreas' Fault*, Bivalvan is seen in a stasis pod along with Galapagus, P'andor and Andreas.

In *Ultimate Aggregor*, Bivalvan was possessed to attack Ben's group, though after his headband was removed, he was confused about what happened to him and where he was before being warped back to his capsule. Kevin assumed Max had vaporized him, though he states that Aggregor must had teleported him away. Bivalvan is successfully absorbed by Aggregor at the end of the episode.

As of the end of *Absolute Power: Part 2*, Bivalvan, as well as the other Andromeda Galaxy Aliens, are back to life after Kevin was turned back to normal.

---

Ben: Bivalvan!

Andreas: Bivalvan!

Bivalvan: It's great to see all of you again and Ben it's great to see you again. J.D. Knudson it's an honor to meet you.

Me: Same to you Bivalvan. We were told so much about you.

Galapegus: The Aggregor 5 are all back together.

Andreas: Andreas happy!

Me: Your friend P'andor is part of our frenemies The Masters of Evil.

Ra'ad: That's right. We have so much to catch up on.

?: If you live long enough to catch up!

Gabrielle: Oh no! I thought I was rid of that voice after the last time.

A figure came out and it was none other than the murderous fiend of a school principal: AGATHA TRUNCHBULL!

---

**Agatha Trunchbull**, more commonly known as **Ms. Trunchbull** or simply the **Trunchbull** due to her nasty disposition, is the main antagonist of the 1988 Roald Dahl novel, 1996 film, and musical versions of *Matilda* . She is the former headmistress of Crunchem Hall Elementary School, Miss Jennifer Honey's aunt, and Matilda Wormwood's arch-nemesis. She is also the stepsister of Miss Honey's deceased mother, Mrs. Honey, and is the stepsister-in-law (and murderer) of Miss Honey's deceased father, Dr. Magnus Honey, Mrs. Honey's husband.

She was portrayed by Pam Ferris in the 1996 film adaptation, who also played Marge Dursley in *Harry Potter and the Prisoner of Azkaban* . In the musical adaptation, she is portrayed by Bertie Carvel. In the upcoming film adaptation of the musical, she will be portrayed by Ralph Fiennes, who also played Amon Goeth in *Schindler's List*, Rameses in *The Prince of Egypt*, Dennis "Spider" Cleg in *Spider*, Francis Dolarhyde in *Red Dragon*, Lord Voldemort in the *Harry Potter* film series, Victor Quartermaine in *Wallace and Gromit: The Curse of the Were-Rabbit*, Hades in *Clash of the Titans*, Raiden the Moon King in *Kubo and the Two Strings* and Barry in *Dolittle* .

Beginnings

Her full name is Agatha Trunchbull, and she is 48 years old, 5'7" (170 cm) in height, and about 195 lbs (88 kg) in weight, black hair and bluish-green eyes. She harbors an intense hatred and total distrust of all children for unknown reasons, and thinks nothing of literally hurling them vast distances or confining those who dare to oppose her into a medieval torture-device that resembles an iron maiden called the Chokey. She has a build to back up her overbearing personality, as in her youth she was incredibly muscular, and while she gained some fat as a result of her gorging of cake and chocolates from the stress of managing a school, she still retains the horsepower, agility, and quick reflexes from her time spent as an olympian and would exercise in her spare time.

Her tortures were so extreme that they could easily have been fatal, (though the only person that she is confirmed to have killed is her brother-in-law, Magnus) every child in the book and film she punished survived. In the novel, Matilda Wormwood believed that part of the reason why her tortures and punishments were so extreme was in order to make the stories about how she punished the children absolutely impossible to believe for a reasonable person; that way, nobody (except whoever saw the Trunchbull executing her punishments) would do anything to stop her, for the simple reason that they would think those stories were simply a product of the children's uncontrolled imagination.

She also berates, torments, and orders around a selfless and innocent teacher named Ms. Jennifer "Jenny" Honey, who is actually her niece. The Trunchbull raised Miss Honey, and broke her arm at some point. She was very abusive and manipulative towards Miss Honey, squandering her privileges throughout her education, and when the time came for Honey to go to college, the Trunchbull was so vile that she demanded Honey surrender her family estate to her, thus giving the Trunchbull effective dominion over the woman.

When Honey was frantically searching for another place to live in, she came across an old abandoned shack. The farmer who owned it said that she was absolutely mad, but gave it to her for 10p. Then the Trunchbull was furious that Honey was leaving her and said she would amount to nothing.

As Principal In the book

In the book, the Trunchbull is mentioned in passing by Dahl as the evil headmistress of Crunchem Hall. She is then glossed over by

Miss Honey. However, she is first given a detailed description by a girl named Hortensia, who has been an adversary of the Trunchbull throughout her time at school. Hortensia tells Matilda and her friend about the Trunchbull's cruelty, including her extreme punishments and torture. Hortensia even goes as far as to say many children get "carried out on stretchers screaming, I've seen it often."

Matilda then sees the children in the yard fall silent as the Trunchbull approaches a girl named Amanda Thripp and yell at her about her pigtails. When Amanda feebly protests saying her mother loves them, the Trunchbull yells that her mother's a twit and literally picks up the terrified girl and whirls her round and round, yelling "I'll give you but!" and throws Amanda over the fence into the vegetable garden in an attempt for her to be impaled there. Fortunately, Amanda is physically unhurt, though undoubtedly scarred for life.

The Trunchbull then sent everyone to the assembly room, and called up a boy named Bruce Bogtrotter. She accuses him of being a "vicious sneak-thief" by eating her favorite snack, chocolate cake. As punishment, she forces Bruce to consume an enormous chocolate cake in front of the whole school afterwards. After Bruce devoured the entire cake, the Trunchbull was furious that he won and she punished all of the students for cheering him on by making them stay for five hours after school and copy from the dictionary afterwards.

In a scene from the book, she holds up a boy by his hair because it was too long, while in the film, she instead holds up a similar boy by his leg for not emptying his pockets fast enough.

In the book, she is defeated by her superstitious and ridiculous fear of ghosts. Matilda sees her about to torment a small boy, and Matilda, having enough, yanks up the chalk with her mental power and she uses it to write out a "message" from Magnus, the man whom the Trunchbull murdered. The message cleanly states " *Yes it is Magnus and you had better believe it,* " and " *Give my Jenny her wages, give my Jenny back her house, then get out of here, if you don't, I will come and get you, I will get you like you got me, I am watching you Agatha,* " and then Matilda breaks the chalk. Because the Trunchbull sees the chalk floating and writing on its own, she really does believe it to be Magnus' ghost and she has a panic attack and faints. The children and staff revive her but she storms out of the school the next day, scared out of her wits, and having had enough of the place.

It is unknown what happened to Trunchbull afterward, but she most likely remained in prison for the rest of her life or felt remorse about her actions after hearing of the school's updates.

In the film

In the film, Trunchbull first appears talking to Harry that she needs an inexpensive car and buys it. Harry makes a deal saying that he will give Trunchbull the car if Matilda goes to her school.

On Matilda's first day of school, Trunchbull appears outside the yard, making the kids stand still. She approaches Matilda, and calls her "fresh meat". She then spots another girl named Amanda Thripp, and insults her pigtails. She grabs Amanda's pigtails and tosses her in the flower patch, with the latter also collecting flowers for Miss Honey.

Trunchbull attempted to drive to the Olympics, but the defective car ran out of gas, much to the villainous and argumentative principal's fury and anger. When she entered the house, she angrily called Mr. Wormwood and threatened to sue and kill him. She then went on a rampage, trying to find Matilda and Miss Honey after discovering someone has entered her house. Luckily, Matilda and Miss Honey have escaped from the evil woman's house, greatly infuriating her.

Thankfully, the Trunchbull was toppled by Matilda's quick thinking and magical powers, who tricked her into believing she was being haunted by the ghost of her brother-in-law (who, it is implied, may have been murdered by the Trunchbull in order to inherit his estate) - upon being convinced of this haunting, she fled in terror. However, she soon found Matilda's red hair ribbon and was now convinced somebody did enter her house.

She showed up at school to teach the children a lesson about who was responsible for intruding in her property. Matilda was now fed up with her torturing, abuse, and cruelty, so she used her power to manipulate a stick of chalk, creating a message on the chalkboard from her deceased brother-in-law, which frightens the Trunchbull. Matilda sent two chalk erasers to assault her, knocking her out onto the floor. When she came to, she threw a boy out the window for sneaking up on her, but Matilda's psychic powers sent him flying back at her, causing the Trunchbull to crash onto a globe.

At Miss Honey's silent suggestion, Matilda then made the globe spin around and around, and the Trunchbull went flying off and collapses onto the floor unconscious. After coming to, she attacks Lavender by charging like a bull, but she was saved by Matilda's power, sending the Trunchbull crashing right through the door into the hallway. Matilda then summoned the lunchboxes of all of her classmates and used her powers to pelt the Trunchbull with their lunches. Seeing this, the students in other classes suddenly lost all of their fear of her. Before she knew it, she was being pelted by lunch food by all of the children in her school, as they were all fed up with being abused by the wicked principal. The Trunchbull, fled in her sputtering car in defeat, and she was never seen or heard from again after this, but it's likely that she either moved to another place to start a new life, killed herself out of fear for Magnus' "ghost", or spent the rest of her life in prison and felt remorse for her behavior after hearing of the school's updates. With the Trunchbull's defeat, Miss Honey then adopts Matilda and gets her true home back as well as being promoted into the new principal of the school.

## Musical Adaptation

In Dennis Kelly's musical adaptation of the book, Trunchbull sings two songs; " *The Hammer* " and " *The Smell of Rebellion* ". Some of the themes are different in the musical from that of the film and the book, such as the theme of rebellion and conformity. Because of this, the Trunchbull is portrayed more as an delusional formalist than an adult bully.

In her first song, *The Hammer*, she expressed her inner thoughts about how the world should be run, and likens it to hammer throwing. In this song, she explains how the only way to be successful in life is to obey the rules and the only way to inspire people to be better is to force them to follow the rules. Empathy and kindness are very poor tools for achieving this goal, according to her.

In *The Smell of Rebellion*, she punishes the children through physical education and makes clear her distaste for rebellion, which leads to a decline in the morals of society. When the children arrive to the school, she used some teens students to scare and bully the students in " *School Song* " has them telling the children to wait for . One of them explains that it is the "Trunchbull speciality", meaning that it is how she punished children or put them in the Chokey same if they seem to warn them to be careful, one students always asks why, more to their annoyance.

In the musical, she is more menacing, vituperative, obnoxious, and cruel over the kids and her niece. At the school, when she said that she would make more Chokeys for locking up all of the children, Matilda uses her powers to write a message from Magnus's ghost on the chalkboard. Subsequently, Trunchbull is chased by a bunch of children who told her to run, and she fled away from the school. It is unknown what has happened to her afterwards, but it is most likely that she left the town, because any person of the town never heard something about her after this. In some stage adaptations, it is said she was arrested after, during a panic attack, letting it slip she killed Magnus.

## Abilities

Agatha Trunchbull is incredibly, almost inhumanly strong. She performs incredible feats of strength such as lifting up a boy named Julius Rottwinkle and throwing him out the window, hammer throwing Amanda Thrip and sending her on a trip spanning several yards, above several stories of Crunchem Hall, and can kick a cat high in the air and make it fly several yards. She has been shown ripping a metal chain apart with her bare hands, and can even lift up a car to reposition it and push it along. By far one of Trunchbull's greatest physical feats is when she vaults over a railing, dropping almost twenty feet and landing unscathed, the impact of said landing triggering a small earthquake.

Trunchbull also has a sense of smell superior to regular humans and can identify faint odors and identify who they came off of. She is very skilled at olympic games, such as the Hammer Throw, Shot Put, and Javelin. Being superstitious, her only fears are ghosts and black cats. Her intelligence is relatively high, but her arrogance is easily exploited.

Villainous Acts

In the original book:

Murdered her brother-in-law Magnus to inherit his house (and not even take very good care of the house).

Broken Miss Honey's arm at some point.

Made Miss Honey poor by paying her cheaply and also stole all of her possessions and family fortune.

Verbally abused students and even swore in front of them.

Swung Amanda Thripp around by her hair and tried to impale her on a fence by throwing her towards it (Amanda narrowly missed the fence and landed in a flower bed),

Locked countless kids including Matilda in the Chokey.

Threw Julius Rottwinkle out a window for eating in class.

Forced Bruce Bogtrotter to eat a third of his own body weight in chocolate cake for stealing her snack.

But when he succeeded, she smashed the plate that had the cake onto Bruce's head, and then knocked him out and cursed him.

In the film:

Killed her brother-in-law Magnus just as in the novel; and let his house fall into disrepair

Squandered all of Jennifer Honey's possessions; including her family chocolates, Liccy doll, and the portrait of Magnus.

Verbally and physically abused students and staff.

Assaulted Amanda Thripp by throwing her into the flower garden.

Bought a defective car from Harry Wormwood.

Threatened to murder Harry when she found out his criminal business.

Made Bruce eat an entire chocolate cake many times his body weight.

Held a boy upside down.

Threw a boy out of a two story window.

Attempted to attack Matilda and Jennifer Honey.

In the musical:

Killed Magnus, who was her brother-in law.

She had some teen students to work for her to scare and bully the kids. (They realised she was just using them, by making the kids suffer like they did in their childhood.)

Swung Amanda Thripp for wearing the pigtails and throw her into the air. (Only for her to fall on the ground or in the other students arms to be cheered)

Forced Bruce to eat an entire cake, but when he did finished with the help of his friends, she then put him in the Chokey and made him wear a sign saying "I Got Put In The Chokey" to humiliate him even further.

Me: Agatha Trunchbull!

Matilda: Not her again!

Daizo: (to Trunchbull) Help me against these fools and you will be made my second in command.

Trunchbull: (smirks evilly) With pleasure! But leave Matilda to me.

Gabrielle: Not if I pulverize you like I did before.

Matilda: Save seconds for me. I have a lot of payback on this heartless monster!

Lynn: Same here! Trunchbull you give principals everywhere a bad name!

Tara: Yeah! And this time we're gonna make sure you go back to prison and get the chair!

Rainbow Dash: Yeah!

Qin: Who is she?

Me: That's the former principal of Crunchem Hall Elementary School, Agatha Trunchbull.

Qin: (Gasp) I've heard about her! She was a principal that is a wacko serial killer!

Me: How did you escape from prison!?

Trunchbull: Thanks to my friend here.

She revealed that she had a Number Card and it was NUMBER 49: FORTUNE TUNE!

We gasped.

Eli: Number 49: Fortune Tune!

Nunnally: I hate this witch!

Me: Now she will suffer big time! Lets get them guys!

Ben: (to Bivalvan) I'm glad we came to your planet. Because we need your help.

Bivalvan: With what?

Maria: Well, how do you feel about washing away ink?

Bivalvan: It would be my pleasure.

Me: With ink all around us in the forms of these creatures.

Nico: And ink hates both water and fire.

Me: Yep. Lets get these clods!

Nico: I'll face Daizo while you all take on the usual battles.

Ranamon: Indeed. But before we fight I have a question.

Stacy: What's up?

Ranamon: Does Matilda have a bad history with that big brute of a teacher?

Stacy: "Bad History" is an understatement. That woman with Daizo was Agatha Trunchbull and she was originally the principal at Crunchum Hall Elementary School. She hates all kids and she ruled it with an iron fist and hates all kids with a ruthless vengeance. She made Matilda's life along with all the children that attend that school a living nightmare.

Ranamon: That's horrible!

Mistmane: No kidding! I would never abuse children like that.

Rarity: Me neither!

Skull Man: Yeah.

Fluttershy: Yeah. We also need to help him get his eternal rest after all these years.

Tree Hugger: He needs to rest in peace dudes.

Autumn Blaze: I agree. After we take Daizo down we need to help him get to his eternal rest.

Ebon: I heard he got his Powers from Japanese Dark Magic. Mage Meadowbrook can't you cure him?

Babs Seed: That's right!

AncientTroiamon: And I can never respect anyone that has no honor.

Aussa: Me neither.

Evilseed: Agreed. Lets get it on.

Evilseed summoned his plant creatures. He called out a bunch of Plant Tyrannosaurs and they went at him.

Battle 9: Nico VS Daizo.

---

Nico was facing Daizo by himself next.

Nico: You and I have an old score to settle.

Daizo: We sure do Nico.

Nico went at him and punched him in the stomach and kicked him in the face and knocked him down. Daizo got up and went at him and punched and kicked at him all over the place and more and really was going at him. Nico dodged all his attacks like they were nothing. Nico punched him in the face and gave him a black eye.

Nico: If this is all that you are made of then it is totally pathetic.

Daizo went at him some more and Nico teleported and kicked him in the back and knocked him down.

Daizo: (Chuckles) Give it up my friend. You can't win.

Nico: I'd say I just did.

Daizo: Robin said that very same thing to me.

Nico: Hm. Déjà-vu. But you have no idea what I am do you? I am a Saiyan.

Daizo: What is a Saiyan?

Nico: One of the mightiest races of Warriors in the entire universe. For a long time my race has been called the most feared race in the galaxy because of our terrible crimes. I'm one of the last of my kind because our home planet, Planet Vegeta was completely destroyed. Now I am redeeming the Saiyan Race for all the horrible crimes we did all over the universe and showing everyone how much we have changed. Unlike you as a gloryhog, we Saiyans are a true warrior race that push ourselves to the limit and we love fighting just for the sheer thrill of it. But that was a long time ago. Now we fight to protect the entire universe from monsters and fucking dirtbags like you!

Daizo: So I see. You can knock me down all you like. Destroy me, if you wish. It doesn't change a thing! When this is over, everyone out there will still think you're a criminal. And the people of Tokyo will still call me a hero!

Nico: I know what it means to be a hero. A true hero risks his or her life to protect those they care about and protect those they love. You have none of those things and you only care about no one but yourself.

But then Daizo did something drastic and Daizo ran and Nico and can only watch as the smirking Daizo jumps up and plunges toward the tank and the spinning rollers beneath it. Just before he disappears into the machinery, cut to a close-up of Brushogun, his energy drained by the brigade of creatures he has just had to turn out. Suddenly, he snaps bolt upright with a long, labored scream and electricity begins to crackle over the entire press. Pull back to frame Beast Boy and Cyborg watching nearby, then cut to them and Starfire; jaws drop open and eyes bug out as the sand of the desert begins to tremble beneath all our feet. Mounds of sand crumble near all of us and the assorted enemies, buckled by the breakthrough of ruptured pipes gushing black ink. Many more punch into the sand dunes as if they were tentacles rather than plumbing work, now Brushogun's mouth opens in a choked moan and the dark fluid bubbles out over his chin.

But then…

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The entire printing press exploded.

But then two long hands came out and standing in front of us was a huge blob of ink and it was really Daizo as a monster!

**Daizo** : THE POWER IS MINE!

THUNDERCLAP! THUNDERCLAP!

Lightning flashed in the skies as we saw that Daizo was now a towering and giant ink monster!

Me: HOLY FUCKING SHIT!

Nico: He's massive like he was before!

Lincoln: HE'S HUGE!

**Beast Boy** : That's a lotta ink!

**Cyborg** : Gonna be one heck of a stain when this is over!

**Raven** : He may have Brushogun's magic, but I don't know how long he can control it.

*(Cut to the ebon face on the end of this, then tilt down to the chest; here we see Brushogun's withered head and shoulders protruding from the swampy flesh. Now Uehara raises a dripping hand, which disappears briefly under the glare of more lightning, and lets a few globs of ink splatter on the ground. These swiftly assemble themselves into three-dimensional form and take on details as the camera pans across the courtyard; Troopers and henchmen, but with their colors mismatched in every conceivable way.)*

*(The other hand throws down more ink; cut to a long shot of the Titans and pan across as a new crew takes shape, then to a head-on view of Uehara and his entire contingent. Lightning throws his form into sharp relief for a moment, after which the view shifts to a pan across the heroes.)*

**Starfire** : What must we do? *(Stop on Robin.)*

**Robin** : Erase him.

---

## BATTLE 10: GIANT INK MONSTER DAIZO!

---

We were up against the towering ink monstrosity Uehara Daizo as a giant blob of ink!

Me: I've had it with this fucker!

In a massive swirl of rainbow fire I powered up to my Super Angel-Ebonwu-Phoenix 100,000,000 form and went to his size.

Me: (Divine Elemental Echoing Voice) **You will pay for your crimes!**

Eli: Time to call in the heavy artillery.

Eli raised his hand and called forth Godzilla Jr.!

Troy: For those of you in Japan watching this, you all might recognize this Legendary Mode.

Megaforce Rangers: Legendary Ranger Mode: Sun Flare Squad!

The Megaforce Rangers turned into Denziman Rangers.

Me: **You made your last villain Daizo!**

Eli: It's Butt-kicking time!

We went at him and I punched Daizo in the face and jumped back and fired a blast of fire and it hit Daizo and burned his right arm off and he screamed in excruciating pain! Godzilla Jr. fired his atomic breath and Carol fired atomic blasts and more.

Me: **Looks like these flames will never like you.**

Oceanus Shenron: Time for you to be drenched in atonement!

Oceanus Shenron fired a blast of water and Water Hazard and the Neptune Crusaders fired blasts of water and ice at him and the blasts all drenched him and he screamed in pain.

Emiko Queen fired a massive shower of explosive arrows and they hit Daizo all over the place and exploded all over.

I saw Brushogun in the middle of Daizo's chest.

Me: (In my head) **It was Brushogun that gave him his power and we have to remove him from his body to get rid of his power.**

Quadore and Aimukk fired energy and elemental blasts all over him and burned him all over the place.

Future Maria and Bombshell both used the Earth Cyber Planet Keys and they enhanced Future Maria's powers and G1 Bombshell's cannons 100-fold.

Perceptor and Lucy both used the Earth Cyber Planet Keys as well and they enhanced Perceptor's Concussion Rifle and Lucy's powers 100-fold.

Future Maria and G1 Bombshell: MAELSTROM OF EXPLOSIVE BLASTS!

Future Maria fired a massive wave of water and G1 Bombshell fired a wave of cannon shells.

Perceptor and Lucy Loud: DARKNESS THUNDERSTRIKE CONCUSSION BLAST!

Perceptor fired waves of concussion blasts and Lucy fired waves of black lightning.

Red X: Time for some pain to be dished out!

Lincoln: Big time!

Nico: This is for ruining my friends!

Red X, Robin, Starfire, Nico and Lincoln: TITAN THUNDERSTRIKE BLAST!

They all fired a massive blast of lightning and the blasts all hit Ink Daizo and electrocuted him all over.

Me: **You don't deserve these powers Daizo! It's time for you to have your powers taken away!**

I reached into his chest and then I pulled out Brushogun and he was in my hand.

He saw me in my hand and he was dying.

**Brushogun** : *(with the last of his strength)* You saved me.

Me: **I know. You didn't deserve to be used this way. I'm sorry this all happened to you. Travel safe my friend. You are forgiven for your crimes.**

Brushogun: Thank you. (Dies)

He died on my hand and vanished.

*(The eyes slowly close as he lets out one final, labored breath, and the frail gray body fades away to leave no trace of its existence. I stared down at my now-empty hand and then gobbets of black sludge begin to splat down all around the ground and a pan across the surviving enemies shows them turning into the same stuff. Daizo's wails mingle with the smoke rising from his body, but Raven and Starfire are still firmly caught in his tentacles.)*

**Raven** : Brushogun's spell! It's breaking!

Me: **He's gonna blow! Get clear!**

*(One more groan from the behemoth gives way to a sudden swelling about the head and shoulders. Now Beast Boy and Cyborg are in the clear; they stand up amid the disgusting shower, just in time to see Daizo's entire body bulge out of all proportion. His tortured screams rend the air as the camera pulls back between the nearby dunes to frame his vast, distorted bulk, and after a couple of seconds that last perhaps six months, the dam bursts. Daizo's body comes apart in a flood of ink that douses the entire beach and leaves the three boys smeared and speckled from head to toe.)*

Me: **Yuck!**

Nico: Gross!

Oceanus Shenron: Brutal battle.

Me: **No kidding. You guys okay?**

Nico: We're good.

*(Cyborg leans against Beast Boy for support as Robin straightens up; the big man throws an A-OK salute to the leader, who begins to brush himself off. Raven stands up a moment later, puts down the hood of her befouled cloak, and lets him have a tranquil little smile that sums up her thoughts quite nicely. As Robin returns it from beneath his sodden hair, an arm clad in a lavender wrist guard flops*

*weakly up from a mass of half-congealed ink behind him. It is accompanied by an almost inaudible moan from its still-buried owner, and Robin rushes toward her.)*

**Robin** : Starfire!

*(The fully raised hand trembles a bit before the entire arm drops back into the muck; it has barely settled before he digs in both of his and hoists her up. Close-up of the unconscious Titan's smeared face, supported by one of his hands behind her head.)*

**Robin** : *(from o.c.)* Starfire…

*(Long silence, which finally breaks when she voices a woozy groan and gets her eyes open. The free hand comes up to brush some of the ink off her cheek, bringing a grateful smile to her lips.)*

**Robin** : *(from o.c.)* Are you okay? *(Pull back to frame both.)*

**Starfire** : I am now.

*(Lightning flashes over and over from the storm clouds to mark the start of the long-expected thunderstorm. The ink is washed from Beast Boy, Cyborg, and Raven in an instant, and the changeling tips his head back and opens wide to let the drops go down his throat. A particularly large splotch of the gunk gradually dissolves away under the action of the water, revealing none other than Uehara; his normal self, flat on his back, and in about as bad a shape as Starfire was.)*

Vince: What happened to Brushogun?

Me: **He passed on to the Great Beyond. He's forgiven and redeemed.**

Sunset Shimmer: I'm glad.

Red X: At least he is in a better place.

**Robin** : I think I was wrong before.

**Starfire** : You do? *(Close-up of him.)*

**Robin** : Maybe a hero isn't all that I am. Maybe I could be… maybe *we* could be…

**Starfire** : *(from o.c.)* Robin? *(Pull back to frame both.)*

**Robin** : Starfire?

**Starfire** : *(smiles)* Stop talking.

*(The unspoken words: "and kiss me." For the third time, their two faces lean toward each other, slowly and tenderly, angling themselves just so; but now there is nothing to interrupt them, not even the driving rain. As the camera slowly pulls back and tracks around them, Robin and Starfire share a long, passionate kiss to put the capper on an attraction that has been bubbling as far back as "Sisters." When it finally comes to an end, they trade a quiet smile and the camera cuts to the other three, who thoroughly approve of what they see.)*

**Cyborg** : Well, it's about time.

Me: **Aww. So adorable.**

Nico: Just like when I saw this the first time.

Girl Jordan: They were made for each other.

Gali: They sure were.

Me: **They met when Starfire was held prisoner by the Gordanians and now they are not only heroes but lovers. So awesome.**

I had rainbow tears come down my face in happiness for them.

Red X: I always knew those two had it for each other.

Nico: We all did.

Nico then saw Daizo get up and he went over to him.

Me: **Man even after taking a huge beating he still has a lot of**

**fight left in him.**

Nico confronted him.

Daizo: You think you've all won! When we get back to Earth, I can show everyone the injuries you inflicted upon me! And that will surely insure that you all are sent to prison!

Nico: No, Daizo. It's over for you now. Luan broadcasted everything you said to me to the entire world. And Stewie and Bowser Jr. froze all your bank accounts and destroyed every single asset and source that you possessed. Now you're wanted by your own country that you claim to serve. The whole world now knows of crimes that you've committed against us and the Titans. And now, you have nothing except for the clothing you're wearing and the gun you probably still have. Originally, I was planning to kill you. But I'll let the ACTUAL Tokyo police take care of you. There's no fun in killing a man who's lost everything.

Daizo: We'll see about that!

He pulled out his gun and Nico formed a sword of fire and slashed his hand off and Daizo screamed in excruciating pain as he was holding the stub of his arm!

We were back on Earth and The Tokyo Police came and grabbed him.

I powered down and the Masters of Evil came.

Evilseed: So, how did being fugitives for the first time feel?

Maria: Weird. But honestly, very thrilling!

Dai Gui: We're glad to hear that.

Number 7: It's almost a shame that we're going to tell the entire world what really happened.

Me: I know but I think because of everything that we have been through together I'm sure everyone already knows.

*(It is now the following day, and a helicopter swoops by as the camera tilts down to the sound of a cheering crowd. The movement brings a patch of Tokyo proper into view, then a street packed absolutely solid with jubilant locals. A large stage has been set up near the end of the block, with a giant screen behind this, and a dissolve/zoom toward it presents a good clear view of us and the Titans' images projected on it. Confetti and streamers rain down over the whole scene; cut to Robin and Cyborg on the stage. Starfire is on her new beau's other side.)*

**Cyborg** : *(to Robin)* So I guess you're not a wanted man anymore.

*(Close-up of the couple, framed from waist to knees, and their joined hands.)*

**Robin** : I wouldn't say that.

Me: You and Starfire were made for each other Robin. Tamaran and Earth are perfect friends in Interstellar bonds.

Nico: Just what I was saying.

*(Pull back to frame all but Beast Boy in line; Starfire beams and flashes a V-for-Victory, and most of the city's press corps pops up to get pictures. Now the singing ladies' man struts up and throws his arms wide with a huge grin, only to get a very puzzled reaction from Cyborg. A question mark appears over the big man's head; he gets his answer in the form of a wave of giggling and hordes of karaoke club girls swarm the stage from both sides.)*

**Beast Boy** : One at a time, ladies! There's enough of B to go around!

Tara: Back off you dirtbags! He's WITH ME!

*(Tilt up slightly to the uppermost layers of teens, where Cyborg strains to get himself clear of the crush and ends up tumbling down behind it. Close-up of his supine form on, pulling back slightly to frame a new shadow and a sandal-clad foot right in front of his face; he glances up worriedly, and a from-the-ground view frames the owner of the sushi joint he nearly bankrupted in Acts Two and*

*Three. The little man with the big nose brandishes a meat cleaver as Cyborg sits up with jaw hanging slack, then throws an open hand toward something behind himself. Here comes a truly colossal shadow, which dims the entire screen, and the camera pulls back quickly in an overhead view to frame its source. A hatch has opened up in the stage to allow a colossal, four-level buffet table to rise into view, every tier loaded with enough food to challenge even the bottomless pit that is Cyborg's stomach.)*

**Cyborg** : BOO-YAH!

*(Close-ups show us only a tiny fraction of the delicacies that have been laid on.)*

**Restaurant owner** : All you can eat!

**Cyborg** : *(pumps his fist)* All right!

*(One mighty leap takes him high off the stage with arms and mouth open wide. Sight gag: in a long shot, a red arrow shows the tiny speck of his descending form, and the table disappears in a blast of light and flying food the instant he hits it. Cut to Raven, panning slightly to frame Starfire by her side under a hailstorm of leftovers.)*

**Starfire** : Did you also make the new friends while exploring Tokyo?

**Raven** : No, but I somehow wound up as a mascot for gum.

*(Quick pan down the street, stopping on a big screen set above a storefront and being watched by an attentive crowd. It depicts her showing off a pack of Super Twinkle Donkey Gum, the treat she was given in Act Two, as a donkey's braying is heard as a sound effect. Presently, the display changes to show her against a background of black energy, the pack floating in the foreground. Back to the two girls; the reluctant mascot blows a bubble and lets it pop.)*

Me: You look good doing that Raven.

Raven: Thanks.

*(Cut to the stage screen, which now frames all the Titans in line and all of us, then tilt down to the stage itself. The mayor of Tokyo faces*

*them, as does a second man off to one side who holds something for presentation. He approaches as the others bow; the mayor smiles, and we see the proffered object as a velvet pillow on which a lot of medals have been arranged.)*

**Mayor** : *(placing one around each Titan's neck)* For uncovering the truth, for pursuing justice and protecting our city from a treacherous evil, I present these medals to Tokyo's newest heroes… *(Pull back to frame them all, putting him o.c.)*… the Teen Titans, The Masters of Evil and Team Loud Phoenix Storm!

Me: It was nothing Mr. Mayor. We were just doing what we do best and that is helping people in need.

Nico: Yep.

We had a great time in Tokyo.

Robin: (To the viewers) Hope you all liked this adventure.

Red X: (To the viewers) This was an awesome adventure! I hope you all are excited for the next one when it comes.

Me: I know I will be excited.

Nico: Yep.

Me: Lets go home everyone.

Vypra: And you are right J.D. Emiko Queen will make a great addition to the Masters of Evil.

Me: I'm glad Vypra.

Vypra: Yeah. Titans I'm sorry this all happened to you all.

Starfire: It's all right.

Raven: The important thing is that we have J.D. and everyone else to thank for helping to clear our names.

Nico: Yep.

We later went back home. Agatha Trunchbull was sent back to prison and just like Eli said she got the death penalty for her crimes. She was executed the following morning and we banished her spirit to the Warp. Daizo was condemned to the Uranus Prison for life without parole. But believe it or not most of his enemies were in there and they beat him to death. He was dead and banished to the Warp.

THE END

Another awesome fanfic complete!

Teen Titans Trouble in Tokyo is one of my all time favorite movies and it was so awesome! It aired on TV on September 15th, 2006 and it was so awesome! The Next Number card will be Number 26: Spaceway Octobypass and that one is gonna be in the possession of Marina Del Ray from The Little Mermaid: Ariel's Beginning and she is gonna be out for revenge on Ariel and Eli for taking her down before. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this. Thanks guys. I'm gonna go on break now from tomorrow January 3rd to January 11th. I've been working my brain so much that it is completely overcooked and burned all over. So I need to give my brain a rest before it burns a hole through the back of my head. The next chapter after my break is done will be for the Loud House episode On Thin Ice and we're going to make that evil heartless villain witch Stern Fern pay for her crimes.

See you all on January 12th.

# Hockey Ring Mayhem

It was chaotic in Gotham Royal York as some of the monsters that the Powerpuff Girls faced on a daily basis were wreaking havoc all over the city!

In the city, a bug-eyed monster with serrated pincers for hands is at work. Its body is covered with horizontal stripes in various shades of green. It screams, sounding a bit strangled, and chops through a railroad track. The lead car of an oncoming train is cut loose and stuffed into the creature's mouth, and it starts chewing.)

(Blossom and Bubbles arrive on the scene and try to pull the railcar free, but without success. The monster reaches its pincers toward them.)

Godzilla Jr. blasted the monster with atomic breath and burned it all over in massive fiery explosions and Buttercup then flew in.

*(Buttercup flies in, then does a steep climb to silhouette herself against the sun after the fashion of Batman's emergency signal.* )

Bubbles: ( *relieved* ) Buttercup!

Blossom: ( *impatiently* ) It's about time!

Buttercup: Sorry I'm late.

( *She dives on the monster, ready to deliver a flying punch. She connects with the back of the monster's head, and it spits the train car out. Now she grabs one of its arms and positions it so that the pincer will close on the other one. Flying around the back, she grabs the tail and lays it across the electrified third rail of the train tracks. The resulting shock causes the open pincer to snap shut, cutting off the other one; it falls to the ground, snapping and twitching. Buttercup picks this up and slices the monster neatly along the stripes with it. She is left with a head sitting atop a pile of slices and the tail and legs still attached the bottom end.)*

Devastator then blasted the rest of the monster apart and blew it to pieces and killed it.

Me: YEAH! That did.

Nico: One down 11 to go.

Godzilla Jr.: You got that right.

---

The Cyclops Blob Monster was next and Omega Supreme blasted it all over with lasers and more and really let him have it.

King Ghidorah blasted it all over with Gravity Lightning and blew part of it apart and Eli slashed its arms off and splattered yellow blood all over the place.

Omega Supreme then blasted it all over the place and blew it apart.

Eli: Take that you ugly monster!

King Ghidorah: YEAH!

---

The Flying Mechanical Monster was next and it was ugly.

Pan quickly to a screaming, terrified crowd in the street. A robotic monster towers above them; around it, the city is in flames. The beast has one eye, claws at the end of its arms, and a long, flexible neck - think a giant vacuum cleaner and you get the idea. It roars, sounding as if it could use a little oil, and spits an energy beam at a building. All that is left after it hits is a charred hole in the ground. Another building has its middle section blasted; the upper floors collapse as well, and the monster roars again.

Lori, Menasor and Space Godzilla flew in, with Lori leading the charge. She pounds the enemy mercilessly. She lands a series of kicks to the midsection, working her way up, and Space Godzilla and Menasor blast the creature all over and Lori then delivers a final devastating kick that reduces the monster to scrap metal. The explosion is seen in slow motion.

Space Godzilla: YEAH!

Menasor: (Irish Accent) That was well done lads!

Lori: Now I literally see how much fun the Powerpuff Girls have when they thrash monsters!

---

The Giant Slug Monster was next and it was wreaking havoc in the park.

I then begins pounding on the slug, splattering pink goo everywhere, then grab it by the tail and slam it back and forth against the ground.

Destoroyah fired his Microoxygen ray and blew some of the slug apart in powerful explosions and Superion blew the rest of it apart.

Me: AWESOME!

Destoroyah: That was great!

Superion: YEAH!

---

The Pink Tentacles Monster was next and Carol blasted it all over with an atomic ray blast and punched it all over and Rodan fired an incredible blast of its heat ray and Bruticus blasted the monster all over.

Rodan: Take that you fiend!

Carol: This beats fighting your enemies by a long shot Rodan!

Rodan: It sure does! This makes it much easier!

Bruticus: Yeah it does!

---

The Oil Vapor Monster was next and we hear a punch land, and Buttercup sails into view. She crashes through a building, slams into an oil tank on a roof, and is doused with the contents, which leave her tinged with gray. Wiping her eyes, she dashes back into the fray. Cut to Blossom and Bubbles, floating in midair and eyeing their o.c. adversary; The foe swipes at them with its hand, turning them a brownish-gray from the residue that came off his hand. Camera pans right to show the foe-a creature made of brownish-gray vapor. It has two holes in one of its hands, the result from swiping at them, but these quickly heal. The monster laughs evilly.

Nicole: This guy is filthy!

Mothra: No kidding! Time to light this guy on fire!

Mothra fired laser blasts and ignited him and he exploded into flames and killed it and Nicole and Defensor absorbed the fire.

Defensor: That was easy.

Nicole: It sure was.

---

The Little Monster was next. A reptilian beast, looking something like a cross between King Kong and a largemouth bass, looms up into view. Gibbering and drooling, it looks around as if trying to decide what to attack next.

Sam S.L.: You have got to be kidding me.

Pull back from the monster to show it standing on top of a trash can - it is only slightly bigger than the girls - and a crowd of screaming people around it.

Varan: This little guy is puny. He couldn't be worth our time.

The monster takes a deep breath and roars, spitting out a beam that slices through a row of buildings. Long shot of the city; a mushroom cloud goes up.

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Sam S.L.: WHOA! Big things really do come in small packages.

Varan: No kidding.

Abominus: He packs quite a punch of a little guy.

Sam S.L.: But lets get him!

She hits it with a single uppercut and launches it down the block, then pulls ahead of it to deliver more punishment. Finally, she winds up, spinning her arm so fast that her fist starts to glow from friction and fire with the air. Varan blasts the monster all over the place and Abominus kicked the monster and blasted it all over the place and killed it.

Sam S.L.: YEAH!

Varan: Looks like I was right about him not being worth our time.

Abominus: Yep.

* * *

The Humanoid Bat Monster was next and he was ugly! Lincoln, Moguera and Computron blasted it all over with lightning and lasers and blasted it all over the place and knocked him down.

Computron: Probability of Monster Victory: 0%.

Moguera: MOGUERA!

Lincoln: You got that right.

* * *

A large, greenish-brown elephant beast with several eyes rears up, trumpeting loudly. It begins to shoot globs of snot from its trunk, splattering several buildings. YUCK AND VOMIT CITY!

Gigan: YUCK! This guy needs a huge handkerchief!

Predaking: A really big one.

Blossom: Ugh! This is gonna get nasty! (Buttercup flies up between them.)

Buttercup: (eagerly) It sure is! (She charges.)

(The elephant grabs hold of the top of a building and blows into it. Snot floods from all the windows and into the street. As Buttercup approaches, it fires a glob at her, knocking her down. The other girls are hit by the splatter.)

Blossom/Bubbles: Ewwwwww!

Predaking: GROSS!

Buttercup peels herself up off the ground, licks the snot off her face, and spits it away-now she is tinted yellow-green. She grins wickedly and flies up toward the sun, silhouetting herself against it in the manner of Batman's emergency signal. Now she begins a spinning descent toward the elephant, and she catches it in the eye with a flying kick. The eye ruptures and releases a torrent of goo, and the beast falls backward in slow motion and Predaking, Gigan and Blossom blast the monster into oblivion! Gigan slashes the monster in half with his belly saw and laser eye and splatters its guts all over.

Gigan: That's it for him.

Blossom: Yep.

* * *

The Cyclops was next. It throws two punches, but they dodge and it hits buildings instead. Roaring, it throws another punch; Bubbles jumps onto the fist and runs up the arm toward the head. She throws several punches and finally knocks it off with a right hook. The head sails away in slow motion; close-up of it as it hits the ground and bounces a time or two. The eye opens and looks back nervously, and the head sprouts a pair of small legs and runs away.

Baragon ate the head and it belched.

From her perch on the shoulder, Bubbles watches it being eaten, but her reverie is interrupted by a great shaking and cracking. Pull back quickly to show the body splitting down the middle. The hands slam together and turn her into a pancake, and she crashes to the ground. When she comes to, she sees each half of the body open a pair of eyes at the shoulder and a mouth under the arm.

Sky Lynx: Uh oh!

They begin slamming their fists down to try to crush her as she dashes away, and they hop after her in pursuit. One half spots a tanker truck parked by a row of portable toilets; the side reads "BOB'S SEPTIC WORLD-We're full of it!" A septic worker in a hazmat suit watching the detail soon notices the half of the Cyclops' body that saw the tanker truck approaching and runs for his life. It smashes the tanker, releasing a gush of sewage that knocks Bubbles flat. When she stands up amid the muck-now with a brownish tone all over her-she looks back and sees one of the halves bearing down on her, with the other close behind. She dodges swing after swing in midair until the two arms are tied in a knot. Pull back to show her hovering above them; they pull at each other in an attempt to get free, but end up tearing their arms off instead.

RIP!

Baragon: That's gotta hurt!

Bubbles: No kidding! But yuck!

Sky Lynx: That's the understatement of the day. Lets finish it off.

They blast it into oblivion and killed the Cyclops.

---

The Pink Octopus monster was next and it was ugly!

Manda fired a wave of energy from its mouth and blasted some of its tentacles off and Trypticon and Brittney fired blasts of darkness and energy and blasted it all over and knocked it down.

Brittney: Taste darkness you walking slab of calamari!

Manda: Yeah you tell him Brittney!

Trypticon: Yeah!

---

The Black Pincer Monster was next and Metroplex, Kamacuras and Laney were really slashing and smashing it all over the place.

Laney blasted it with fire and energy and Metroplex smashed it with his axe and Kamacuras slashed it all over with his mantis claws and more. Knocking it down.

Laney: Take that monsters!

Metroplex: (Scottish Accent) You said it lassie!

Kamacuras: That will show them!

We regrouped. But then.

A laser blast from o.c. catches Bubbles by surprise and makes her scream in pain; pan and pull back to show the Humanoid Bat, Cyclops Blob, Pink Tentacles, Pink Octopus and Black Pincer monsters back for more! The Humanoid Bat is the one that fired the shot, and it screeches in triumph.

Me: Uh oh!

Cut to Bubbles, her back to the camera. Close-up of her face as she turns around; there is a drop of blood at the corner of her mouth. Extreme close-up of this as she wipes it away and screams in fury. Bubbles now goes on the attack against all four monsters at once, showing no mercy whatsoever. She tears a spike from the Bat's head and throws it as a spear, impaling the creature through the mouth, possibly in payback for the cheap shot it pulled on her while she was distracted. Eyes and appendages are torn loose or knocked off in rapid succession and blood and guts were splattering all over the place. The battle ends with her flying toward the camera at ground level and the monsters falling in a row behind her, battered, bruised, bloody, and beaten and ripped apart and dead. She lands, panting hard, and the camera pulls back slowly.

Bubbles: WHO ELSE WANTS SOME?! (ECHOING!)

Me: HOLY SHIT! SHE KILLED ALL FIVE OF THOSE MONSTERS ALL BY HERSELF!

Nico: UN-FUCKING-BELIEVABLE!

Lincoln: No kidding!

Laney: No kidding but that was intense!

Me: But we defeated a lot of monsters. This was a first for us in facing the monsters that the Powerpuff Girls face on a daily basis.

Blossom: Not bad for all your first try guys.

Me: Thanks girls.

In another part of the world in the jungles of the Congo, a bunch of kids were fighting a ruthless man that was part snake. It was AVE and he was fighting the heroic TAI CHI CHASERS!

---

**Ave** is a member of the Dragonoid race and one of the major antagonists in **Tai Chi Chasers** . He is a vicious fighter who loves to torment Tigeroids using whips (real and Tai Chi influenced). He speaks in an eccentric tone, never hesitating to attack his foes. His voice actor in the 4kids dub is Wayne Grayson.

His favorite Tai Chi card lets him conjure up hordes of green whips, using them to lash out at enemies.

Ave was first introduced alongside Jahara, sent by General Vicious to bring Luka back to the base. At the moment, Luka was locked in a fight with his enemy Rai, not being able to be a threat due to not using his Tai Chi symbols. Though Luka quietly returned with Jahara, Rai's dares for a fight brought Ave in Luka's place. He maliciously beat down on Rai using his Tai Chi whips to deal heavy damage. But his torment ended when the other Chasers made the scene and, after giving him back his Hwa card and a new Geom card, Ave lost to the Chasers and fled.

He next faced off against Rai and Donha alone inside a church to capture the Tai Chi bell symbol. He used a group of Dragonoid robots in this next fight, soon putting Donha's rock Tai Chi against him by weighing it down and doubling its size with his own Tai Chi. Rai was unable to help due to being trapped in a cage by the enemy. But the symbol both sides were fighting for reacted to Rai and he used it to not only help Donha, but defeat Ave once again.

Ave's next fight against the Chasers came when Rai was with Finn trying to save an unconscious Tori from the Dragonoid's clutches. In return for his freedom, Ave demanded all their Tai Chi symbols. But Finn was able to divert Ave's attention away with arrogant bragging, causing him to become angered and attack a non attacking Finn. That gave Rai enough time to free Tori and turn the tables on Ave with Finn.

As of late, Ave has been apart of the Dragonoid's joint efforts to attack their ship and was seen cutting down trees around Rai's hometown and used them to slam down on the ship when it was pulled close to a waterfall (the water carrying the logs down and they slammed into the ship as they came down the falls). But Rai came on the scene again and helped give the Chasers what power they needed to drive away the Dragonoids.

He again was seen with Jahara when the Dragonoids attack General Aidan and his ship. But, like before, Ave and the other Dragonoids were defeated. It seemed all their failure caused the Dragonoids to turn away from their general, not wanting to be pulled into any sort of punishment the emperor gave him (as Ave described it).

After Vicious was taken from the other Dragonoids, Ave had a cocky idea of taking over in his place, taking Durah with him and going after the Chasers alone in a new Dragonoid air ship. He found the Chasers in a forest that had been supersized by the effect of a nearby symbol. He previously used one of his Tai Chi cards to turn a swarm of giant beetles into his own malice servants, turning on their leader who teamed with Rai. Rai and the beetle thought they had chased Ave away after he was knocked out of the area by a head on charge, but he returned and snagged the Tai Chi card with his whip. However, the card's effect backfired on Ave and started to make him bigger, taller and soon inflated like a balloon. The Chasers used a new card given to Rai by Komorka, the Unification symbol, to combine their strengths and send Ave away, getting the symbol and sending Ave flying out of sight like a popped balloon. He was later seen, his clothes wrecked and his face bruised, when General Mischa came on the scene.

## Transformation into a Monster

Ave was automatically against the new general, causing him to use Tai Chi sound to torture him with excruciating pain by multiplying sound around his ears. He was sent on a mission by Mischa to use one of his plans to defeat the Chasers. Though Ave himself considers it brilliant, the Chasers defeat him again. But rather than punish Ave the way he did Jahara, Mischa sent Ave back to their homeworld though a glowing orb, causing Garnia to wonder if it was just a set-up to get rid of him.

That was not the last of Ave as he was called back by Mischa, but now he is under the influence of the Monstrous Tai Chi character, a forbidden symbol that can make the target almost invincible, able to grow more powerful but could destroy the victim's mind. As described by Mischa, he has become the "ultimate Dragonoid warrior" as he was sent back against the Chasers alongside Jahara to take the Tai Chi cards. Ave proved more powerful this time, able to deflect Rai's Slice Tai Chi and shatter Donha's Stone attack with a super powered Whip attack. He eventually turned on Jahara when she refused to obey Mischa and the general ordered him to kill her. But the Chasers teamed up and drove Ave away before Jahara used a Tai Chi symbol to warp them away from the Chasers, just as Ave was using the Tai Chi symbol to bulge his muscles and power, glowing pitch black.

He is sent by the general again after Rai and Luka, trapped inside another dimension. This time, his power grows even worse as he is attacking both Rai and Luka with no mercy. But eventually, the two work together to defeat Ave.

Finale of Ave

His "last mission" involved him attacking the Chasers within a town holding the Time Tai Chi card, which caused a convergence that threw him and the Chasers back through time. Now in the past, Ave's transformed state is seen to be considered a "monster" amongst the locals. He later appears towards the end of the episode to attack

Rai's father is amazingly able to recognize the symbol on Ave's forehead and uses his own Tai Chi card (of which there is no explanation as to how he got it) to free Ave before his mind was completely destroyed by the card. He was returned to normal, confused as to what happened, before he tried to get the Time card before Rai did. Though he got it, the card converged again and flung them back into the future, where he loses the card and it is with Rai.

Though everything seems to be the same, we see Ave at the end of the episode transformed into a young boy. Its unknown what became of the Tai Chi cards that Ave owned.

---

He was fighting Rai Gherba, Sena, Finn, Donha, Tori and Hak.

Ave: I will kill you all and your Tai Chi Characters will all be ours!

But then I swooped in behind him and kicked him down and I had my sword up against his neck.

Me: The only characters you are getting will be Demons in the fire of Hell! Go back to Hell and stay there with your forked tongue you asshole snake!

I slashes his head off and killed him instantly and banished his spirit to the Warp.

Sena: WOW! J.D. Knudson of Team Loud Phoenix Storm!

Rai: It's such an honor to meet you.

Me: Same to you. Looks like he won't be bothering you anymore.

I took his Tai Chi Characters and saw that they were interesting.

Me: These Tai Chi Characters are interesting. Looks like we're gonna have another hell of an adventure.

Donha: We sure are. Thank you for taking care of him.

Me: You're welcome. And it looks like your enemies are now my enemies. But we'll meet again probably in March.

Rai: I can tell. Thanks again J.D.

Me: Anytime Rai. I'm sorry about what happened to your mother. But later on when we meet again I'll bring her back. That's a promise. See ya round.

I flew off.

Hak: That was incredible that J.D. did that.

Finn: It sure was.

Tori: Yep it was.

Later at Sugarcube Corner, Pinkie Pie was really frosting a lot of cupcakes.

**Pinkie Pie** : Five hundred and sixty-six, five hundred and sixty-seven, five hundred and sixty-eight… phew! (Slides down a ladder) Look at *that*, Pound Cake! I am *so* close to breaking my personal cupcake-icing record!

She frosted a huge stack tray full of green frosted cupcakes.

Mrs. Cake came in and she had Pumpkin Cake on her back and had a letter in her hoof.

**Mrs. Cake** : My goodness! I can't believe what I'm seeing here!

**Pinkie Pie** : Pretty impressive if I do say so myself.

**Mrs. Cake** : Pinkie, would you mind watching the counter while I pop to the supply room? We've just received a very special order, and the ingredients need to be perfect.

**Pumpkin Cake** : [squeals]

**Pinkie Pie** : Okie-dokie-lokie.

**Mrs. Cake** : Thanks, dear!

[zip]

She sped by and Pinkie Pie spun around and fell to the floor onto the letter.

[thud]

She picked it up and read it and what she read was a mondo huge surprise!

**Pinkie Pie** : Another baby?! Shining Armor and Princess Cadance are having another baby?! [squeals] This is the best news ever! I can't wait to tell Twilight and Flurry Heart!

**Mrs. Cake** : Oh, em, Pinkie, uh… [whispers] it's a top secret surprise.

**Mrs. Cake** and **Pumpkin Cake** : [prolonged shushing]

Oh boy. This was a surprise that was so big that it was massive!

They went into the kitchen.

[door closes]

**Pinkie Pie** : A top secret surprise?! That means I have to keep the exciting news… [gulps]… to myself!

Later Pinkie Pie was walking down the street to Twilight's castle.

**Pinkie Pie** : Even though I didn't *technically* make a Pinkie Promise to Mrs. Cake, I can't tell Twilight or *anypony* the big news! That would make me a… a… a big old surprise ruiner! Right, Gummy?

**Gummy** : [sucking on pacifier]

**Pinkie Pie** : Did you take that from Pound Cake again? Don't you know it's wrong to steal from a baby?

Rarity then appeared.

**Rarity** : What's all this about a baby?

**Pinkie Pie** : What? Who? What? Who said something about a baby?!

**Rarity** : You did, Ms. Pie, just now. What were you talking about?

She took the pacifier out of Gummy's mouth.

---

**Pinkie Pie** : [sucking on pacifier]

Me and all of the team came.

Me: Hello Rarity.

Rarity: Oh hello everyone.

Nico: Did Twilight call for you too?

Rarity: She sure did. Twilight said she had some news to tell us.

Me: Well we better go check it out.

We went to the castle. In the castle we all gathered at the table.

**Twilight Sparkle** : Great! Everypony's here.

Me: And us too.

Nico: We heard you have news to tell us.

Twilight Sparkle: That's right. Now I don't have to wait any longer to tell you all the wonderful news! Somepony special is coming to visit Ponyville, and I need your help getting everything ready! [main cast and us chattering]

Me: We'll gladly help out Twilight.

Nico: Yep.

**Twilight Sparkle** : It's…

**Pinkie Pie** and **Twilight Sparkle** : Shining Armor and Princess Cadance!

[beat]

Me: Wow!

**Twilight Sparkle** : Yes, and they're coming-

**Pinkie Pie** and **Twilight Sparkle** : Tomorrow!

[beat]

Me: Ooh!

Nico: That special.

**Twilight Sparkle** : Yes, on the-

**Pinkie Pie** : Friendship Express rather than the Crystal Empire train so as not to cause too much of a scene when they skip town to come visit? [squeal]

**Twilight Sparkle** : Yes.

**Pinkie Pie** : Annnnnd?

**Twilight Sparkle** : And that's it.

**Pinkie Pie** : Oh.

Me: That must be pretty much the whole thing in a nutshell.

Vince: Indeed.

Lincoln: Yep.

**Rainbow Dash** : Uh, how did *you* know all that?

Sunset Shimmer: That's what I would like to know.

**Pinkie Pie** : [nervous laugh] Uh… Pinkie Sense? [stretching noise]

**Rainbow Dash** : So, you said you needed our help with something?

**Twilight Sparkle** : Follow me.

We followed Twilight to a room and it was decorated in a little boys bedroom.

Me: Wow. Nice room.

Lincoln: Just as nice as my room.

Laney: It sure is.

**Rainbow Dash** : Sweet posters! Is that Smash Fortune?

**Twilight Sparkle** : It sure is! When Shining Armor said he wanted to come to the castle and visit, I started collecting things he liked when he was a colt as a surprise!

Me: Like a blast from the past.

Nico: It sure feels like it.

**Pinkie Pie** : Surprise?! [nervous laugh]

She turned a knights helmet on her head around.

**Twilight Sparkle** : I've been so excited that it's been hard to keep it to myself!

**Pinkie Pie** : [slightly muffled] I have no idea what that's like!

Lightning Dust: I think it's a great idea Twilight.

Me: I agree.

Varie: Me too. This is a great way to show the fun times your brother had a long time ago.

Nico: Indeed.

**Fluttershy** : Aww, look at the cute little ant farm! [ant screeches]

Lana: Those ants are cool.

Edd: Reminds me of my ant farm that I have in my room.

Linka: I remember seeing that Double D. How many ants are in yours again?

Edd: Why I have 7,284 ants now Linka.

Me: That's a lot of ants.

**Spike** : And check out all these old comic books!

Nico: Ooh that's one of my favorites.

Me: Mine too. My dad has a bunch of comics like these back home.

**Twilight Sparkle** : Be careful! They're mint-in-bag!

**Spike** : [blowing] (He blew out fire and burned the comic) [nervous whistling]

Me: Looks like we have two of them burned. Don't worry I can fix this.

I snapped my fingers and made them good as new.

**Pinkie Pie** : What's this?

**Twilight Sparkle** : This is Brutus Force. Shining Armor used to carry him around like his baby!

Lola: He's so adorable!

**Pinkie Pie** : Yeah! [nervous laugh] Really cute! [nervous laugh]

**Rarity** : It is a bit juvenile for castle décor, but it is very sweet of you.

Me: I think it's really cool though. It's like he'll be a kid again.

Twilight Sparkle: I think so too.

**Fluttershy** : I'm sure Shining Armor will love it.

**Twilight Sparkle** : Me, too. But there's a few more things I'd like to add before he gets here, and I could really use a hoof collecting them.

**Applejack** : Whatever you need, sugarcube, we'll help you get it.

**Rest of main cast sans Twilight** : [various agreements]

Me: And we'll gladly help you too.

**Twilight Sparkle** : Thanks, everypony! Thanks guys. I just can't wait 'til they walk in and see everything!

**Rainbow Dash** : *Totally* understandable. Watching somepony else be surprised with something is almost better than being the one who's getting the surprise!

**Pinkie Pie** : But… eh… what if the surprise is something so incredibly exciting that a pony can't keep it in any longer, and she has to tell the pony standing next to her what it is or she might *explode* ?!

**Fluttershy** : I would say… no.

I looked at Pinkie Pie suspiciously like she was hiding something. But it was probably nothing serious.

**Rarity** : The pony who ruins a surprise for somepony else has to live with that guilt *forever* !

Me: (Gulp)

**Pinkie Pie** : [nervous laugh] Gotta bounce! [pinball noises]

She was ricocheting and bouncing off the walls like a bullet fired from a gun as pinball noises were heard.

[crash]

She crashed through the wall.

**Rainbow Dash** : So, I know the bar is set pretty high, but does anypony else think Pinkie Pie was acting weirder than usual?

Me: Yeah. But I suddenly have a craving for playing some pinball after seeing Pinkie do that.

Pinkie Pie ran back to Sugarcube Corner.

[zoom]

[door shuts]

**Pinkie Pie** : [heavy breathing] Phew, that was close! Too close. I almost spilled the beans. Beans that would be *really* hard to clean up! I obviously can't be around my friends right now. Or anypony for that matter! Hmmm… That's it! If Shining Armor and Cadance are coming tomorrow, then all I have to do is lock myself in my room away from everypony until they arrive! Then I won't ruin anything!

Mr. Cake came back.

**Mr. Cake** : Oh, good, you're back! Mrs. Cake needs my help, but these deliveries can't wait! I can't thank you enough for agreeing to be my backup delivery pony, Pinkie!

**Pinkie Pie** : I… did?

---

Mr. Cake was loading a bunch of cakes and pastries for delivery.

**Mr. Cake** : Maybe I should hire somepony to be my backup delivery pony.

**Pinkie Pie** : I'll do it!

Pinkie Pie was making something in a bowl.

**Mr. Cake** : Really?

**Pinkie Pie** : Sure! There's no possible way that I could ever have anything that might interfere with doing that task, like a gigantic, emotionally exhausting surprise that would make it super hard to be around other ponies.

**Mr. Cake** : Great! Uh, you're sure you won't change your mind?

**Pinkie Pie** : No way! Cross my heart and hope to fly, stick a cupcake in my eye!

FLASHBACK ENDS

**Pinkie Pie** : Oh, yeah. I Pinkie Promised I'd do it. And I never break a Pinkie Promise! Never!

**Mr. Cake** : Well, thanks again! You're a real cake-saver!

**Pinkie Pie** : [deflates, sighs] Hm. Maybe it'll be a quiet day and I can just avoid everypony!

Pinkie looked outside and saw that everyone was out and about.

[cart squeaking]

Later Pinkie Pie was off to make those deliveries. She was wearing the funny Groucho-Marx Glasses and mustache with a clown nose on. But then she got a visit from the Cutie Mark Crusaders.

**Apple Bloom** : Hiya, Pinkie Pie!

**Sweetie Belle** : Heard any good gossip today?

**Scootaloo** : Yeah, we're bored. Please say you have some interesting news.

**Pinkie Pie** : Nope!

She ran off.

I came up.

Me: Oh hello girls.

Apple Bloom: Hiya J.D. Pretty crazy week huh?

Me: No kidding. Especially with all the monsters we've been facing.

Scootaloo: Those monsters were scary. But it's great that you all took them down.

Sweetie Belle: Yeah they sure were. But great job guys.

Me: Thanks girls.

Apple Bloom: You're welcome.

[thump]

Pinkie Pie accidentally bumped into Fluttershy.

**Pinkie Pie** : Ugh! Fluttershy, what a surprise! I mean, *not* a surprise! [squee]

**Fluttershy** : You were in such a rush earlier. Twilight wanted me to ask you if you would bring some snacks to the castle for Shining Armor and Cadance's visit.

**Pinkie Pie** : Definitely! Got it! Pinkie Promise! Yeah! Heh.

**Fluttershy** : You know, maybe some baby carrots…

She backed the cart up.

**Pinkie Pie** : [nervous laugh] What did you say?!

**Fluttershy** : Baby carrots! They're Shining Armor's favorite.

**Pinkie Pie** : Mine too! Baby carrots are kinda like big carrots but smaller, kinda like how foals are tiny versions of their parents but smaller and cuter and- Albino squirrel!

**Fluttershy** : Where? Is it Albert?

Pinkie Pie zoomed off.

**Pinkie Pie** : It's time to kick this operation into hyper-hoof (Puts a helmet on) and avoid all ponies by any means necessary! [cart squeaking]

Pinkie Pie knocked on a door.

[knocking]

[door opens]

The door opened and Berry Punch saw a cake on her doorstep and brought it in.

[zoom]

Pinkie Pie zoomed by Applejack.

[sewing machine clicking]

An arrow with a line attached to it flew through Rarity's window as she was sewing and stuck to the wall and a cake came in on the line. Pinkie Pie fired the arrow with a crossbow from a tree. She zoomed passed Rainbow Dash. At the lake, some kids were at a birthday party and a toy boat with a cake with lit birthday candles on it. Pinkie Pie emerged from the water and went back to the cart and she ran past everyone.

**Pinkie Pie** : It didn't feel good ignoring my friends like that… (She saw a purple pegasus at a restaurant) Maybe I can tell just *one* little pony the surprise?

**Rarity** : [flashback] *The pony who ruins a surprise for somepony else has to live with that guilt forever!*

**Pinkie Pie** : You're right, spooky-reflection-of-Rarity-that-I-know-is-actually-my-own-imagination. I can't tell anypony at all! [sighs] Then they would tell Twilight, and she wouldn't be surprised, and it would be all my fault.

Later Pinkie Pie went back to Sugarcube Corner.

**Pinkie Pie** : [sighs] (Lands on her bed) Finally, I'm all aloney on my owney. [paper rustling]

Gummy was chewing on a paper.

**Pinkie Pie** : Wow, great idea! I'm starving too! [chewing] (She ate an apple) [with mouth full] This apple is delicious! [swallows] What are you having, Gummy? (The paper unrolled and it was a list) Oh, no! It's the list that Twilight helped me make yesterday so I wouldn't forget all of my Pinkie Promises *today* ! And I have three more things to do! Aw, four if you count bringing those snacks to Twilight's castle! I've been getting liberal with those Pinkie Promises lately…

Later at the Schoolhouse, Pinkie Pie was making balloon animals for the kids and they were awesome.

[balloons squeaking]

Pinkie made a giraffe for Boysenberry.

**Sweetie Belle** : Ooh! I want a flamingo!

[balloons squeaking]

She made a flamingo for Sweetie Belle.

**Apple Bloom** : I want a goldfish!

[balloons squeaking]

She made a goldfish for Apple Bloom.

**Scootaloo** : Surprise me!

[balloons squeaking]

A mare walking her baby came down the street.

[baby crying]

**Scootaloo** : Is that a… baby bottle?

She saw that she made a baby bottle.

**Pinkie Pie** : [screams] No! It's a… a… puppy! Ha ha, woof woof, ha ha! Eh…

**Scootaloo** : Are you sure? Because it *looks* like a-

She stuck it in her mouth.

**Pinkie Pie** : Next!

**Featherweight** : Uh, a baby pony, please! Uh, unless of course that would be a royal pain…

**Pinkie Pie** : Interesting choice of words, Featherweight.

**Featherweight** : Was it?

**Pinkie Pie** : I don't know. Was it?

**Featherweight** : Uh, maybe you'd better just make me a giraffe.

Later at Town Hall, Pinkie had 4 file folders and she fanned them like shuriken and threw them into file cabinets.

[filing cabinets closing]

**Mayor Mare** : My, your friends weren't kidding when they said you had a great filing system, Pinkie! You are Ponyville's best kept secret!

**Pinkie Pie** : No, I'm not!

**Mayor Mare** : [hushed] Speaking of secrets, have you ever known somepony else's secret? [papers rustling]

**Pinkie Pie** : Noooooo…

**Mayor Mare** : [hushed] A surprise that was so big and exciting that it was all you could think about?

**Pinkie Pie** : Nope!

She ran off.

**Mayor Mare** : [strangled sigh] Me neither…

Later at the furniture store, Pinkie Pie was inflating a balloon mascot.

[balloon inflating]

**"Wooden Legs"** : [laughing] That's just what I wanted. Thanks, Pinkie!

**Pinkie Pie** : You're welcome!

**"Wooden Legs"** : Oh, by the way, can you help spread the word about the big crib sale I'm having?

**Pinkie Pie** : [reading] "Treat your foal like… royalty"?!

She fell to the ground.

[thump]

**"Wooden Legs"** : [laughing] Pretty good slogan, huh? I came up with it all by myself!

**Pinkie Pie** : [screaming]

She ran off.

**"Wooden Legs"** : Oh. I thought it was clever. [balloon deflates]

We were getting everything spick-n-span.

Me: Everything is looking great girls.

Nico: It sure is.

Varie: Those flowers are perfect Rarity.

Rarity: Thank you darling.

Pinkie Pie came in with some snacks.

**Twilight Sparkle** : Those look yummy, Pinkie! Let me help you!

She used her magic to put the plates on the table.

Twilight Sparkle: But we better cover them up so they don't get spoiled.

**Pinkie Pie** : Why would they get spoiled? We're all gonna eat them super soon!

**Applejack** : Oh, didn't anypony tell you? Shining Armor and Cadance are held up. They may not arrive 'til Saturday.

Me: Oh that stinks.

**Pinkie Pie** : *Whaaaaaaaaaat?!* [hyperventilating]

Me: Pinkie Pie calm down. What's wrong?

Pinkie Pie: You mean… [breathes] I have… [breathes] to wait… [breathes] another whole day?! I don't know if I can!

Me: Pinkie Pie just calm down. You're overreacting.

**Twilight Sparkle** : Pinkie Pie, do you have something you need to say? You seem like you've been keeping something in.

Varie: Yeah it sounds like you got something you want to get out.

**Pinkie Pie** : [inarticulate yell]

Me: That yell sounds inhuman.

**Fluttershy** : We're here to listen.

Fluttershy flew up to her.

**Applejack** : Well, go on then, sugarcube.

**Rarity** : We're not going to judge you, darling.

**Spike** : You'll feel so much better once you get it off your chest!

**Pinkie Pie** : [breathing heavily into balloon]

**Rainbow Dash** : Come on.

[balloon pops]

Sunset Shimmer: You can tell any of us Pinkie.

**Rainbow Dash** : Yeah. Whatever it is, you can tell us! We're best friends!

Pinkie then has a hallucination of her friends as balloons tempting her to tell the Top Secret Surprise.

Rainbow Dash: [with reverb] *Friends! Friends! Friends!*

**Twilight Sparkle** : [with reverb] Tell!

**Rainbow Dash, Sunset Shimmer** and **Twilight Sparkle** : [with reverb] *Tell! Tell!*

**Main cast sans Pinkie Pie** : *Friends! Friends! Friends! Tell! Tell! Tell!*

**Pinkie Pie** : Okay, okay, you win! [inhales] Shining Armor and Cadance are gonna have a-

But Shining Armor, Cadance and Flurry Heart came in just in time.

**Shining Armor** : An awesome weekend with the best little sister in all of Equestria!

**Princess Cadance** : [giggles] Hi, everypony.

**Pinkie Pie** : [exhales]

**Twilight Sparkle** : Shining Armor, Cadance, Flurry Heart! You're early!

Flurry Heart: Aunt Twilight!

They went up to each other.

Twilight Sparkle and Flurry Heart: Sunshine, sunshine, Ladybugs Awake! Clap Your Hooves and Do a Little Shake!

They laughed.

Me: (Laughs) That's really cute.

Nico: It sure is.

Me: That must be the greeting they did back when Twilight was a filly.

Nico: Yep.

Twilight Sparkle: I thought something had come up and you weren't gonna make it until Saturday!

Me: Yeah.

**Princess Cadance** : So did we. Turned out we weren't needed in Maretonia until *next* week. And the summit we were supposed to attend today had to be rescheduled, so… we got here even sooner than planned!

Me: Well you have a lot of free time as a result.

**Shining Armor** : Surprise!

**Princess Cadance** : It's wonderful to see you all again!

**Fluttershy**, **Sunset Shimmer**, **Rainbow Dash** and **Rarity** : [chattering]

**Applejack** : Well, the pleasure's all ours, Princess.

Me: Absolutely. You're part of the team and we love each other like family.

**Twilight Sparkle** : I'm so glad you're here! I have a big surprise for you!

**Shining Armor** : Oh, yeah?

We went down the hall.

**Us, Main cast sans Pinkie Pie** and **Shining Armor** : [chattering]

**Shining Armor** : [hushed] Lucky we came when we did, huh? I'm guessing you saw the scroll we sent to Mr. and Mrs. Cake? Hey, I'm impressed you've been able to keep our secret *this* long!

**Pinkie Pie** : So you're gonna tell Twilight now?! [honk]

Shining Armor hushes her.

**Us, Main cast sans Pinkie Pie** and **Shining Armor** : [chattering]

**Shining Armor** : [hushed] You're gonna have to wait just a little bit longer. We have something special planned. It'll be worth it, I promise.

**Pinkie Pie** : It'd better be.

**Applejack** : So, do you think Shining Armor liked his surprise?

**Twilight Sparkle** : Didn't you see him? He couldn't stop raving about it!

Me: You girls should've seen it. He was like a kid in a candy store.

**Shining Armor** : [excited horse noises]

He was having so much fun with all the stuff he had as a filly and as a colt. It was awesome!

**Rainbow Dash** : Where did Shining Armor and Cadance say they'd meet us? [stomach rumbling] I'm *starving* !

**Twilight Sparkle** : In the town square. I wish they'd waited to walk over with us, but they said they had something to take care of first!

Me: I know.

**Pinkie Pie** : [through gritted teeth] They're gonna have a lot more to take care of soon…

**Twilight Sparkle** : What?

Sunset Shimmer: Huh?

**Pinkie Pie** : Nothiiiiiiing! [zoom]

**Twilight Sparkle** : That's odd. Usually they're quite punctual.

Me: Yeah they said they would meet us here.

**Rainbow Dash** : Ughhh! I need a hayburger in my belly *right now* !

Me: I know. (Sees something) Hey there's a scroll in that statue's mouth.

**Twilight Sparkle** : What's this?

I picked the scroll up and handed it to Twilight and she read it.

Twilight Sparkle: [gasps]

**Rarity** : What does it say?

**Twilight Sparkle** : A scavenger hunt! Shining Armor used to set these up for me when I was a filly! At the end, there was always a big prize, like a new book, or several new books, or-

**Pinkie Pie** : We get the picture! You like books!

Me: Ooh a Scavenger Hunt! I love scavenger hunts!

Nicole: Me too dad! They are just as exciting as treasure hunts.

Me: They are awesome.

Flurry Heart: This is gonna be fun!

**Applejack** : So what's the first clue?

**Rainbow Dash** : I hope it's something about eating lunch!

**Pinkie Pie** : [reading quickly] "You've got a scroll, you're on a roll, why don't you take a peek where young ones spend their week? A piece of paper will continue this caper."

**Twilight Sparkle** : I've got it! "Where the young ones spend their week."

**Applejack** : I'm not quite followin'.

Me: I know where the first clue will take us!

[school bell ringing]

We were at the schoolhouse.

**Twilight Sparkle** : It's the Ponyville Schoolhouse!

**Pinkie Pie** : Good enough for me! Now where's the next clue? [panting like a dog] [sniffing] [sneezes]

She was searching.

**Featherweight** : Extra, extra! Get your Ponyville news! Read it in the paper! Extra, extra! [continues repeating under]

**Twilight Sparkle** : "A piece of paper will continue this caper." [gasps] It's in the *Foal Free Press* !

Me: Cool!

We got a newspaper from Featherweight.

[paper rustling]

**Rarity** : Ooh, look at that dress Mayor Mare is wearing in the social report! Why, it's stunning!

**Applejack** : Uh, didn't *you* make that, Rarity?

**Rarity** : Yes, what is your point?

Lori: That dress is literally beautiful.

Me: Very dazzling.

Laney: I think this might be the clue right here. (Points to something in the paper.)

**Twilight Sparkle** : [reading] "Though this hall is rather small, in it you'll find files of all kinds. Take a look on the back of the birth certificate of Applejack."

**Applejack** : I don't like where this is goin'.

Me: Looks like we're heading to Town Hall.

Later we were off to Ponyville Town Hall. Pinkie Pie zoomed in.

[zoom]

[knee-knocking noises]

We went in.

**Mayor Mare** : Baby! A *royal ba-* !

**Pinkie Pie** : A- *hem* ?

**Twilight Sparkle** : Does anypony know where the birth certificates are kept?

Me: Pinkie Pie might know.

**Pinkie Pie** : Ooh! I do, I do! Go down that hall, then you take a left, then a right, then another right, then a slight left, and it's the third door from the right!

**Fluttershy** : Wow, Pinkie. I never knew you knew so much about town hall.

Sunset Shimmer: You sure do.

**Pinkie Pie** : There's a lot of things I know! That you don't know I know!

Nico: We'll follow you.

We went to the files and Laney pulled out a file and it was the birth certificate of Applejack.

[folders rustling]

Laney: Here we are.

We looked at it and it showed a beautiful and adorable picture of Applejack when she was a foal.

Me: You were so adorable Applejack.

Lola: So cute!

Lily: Yeah!

Flurry Heart: Yeah you were cute.

**Fluttershy** : Oh, you're so cute.

**Fluttershy** and **Twilight Sparkle** : [giggling]

Applejack blushed and turned the certificate over and on the back was the next clue.

**Twilight Sparkle** : [reading] "This next place is where you can buy a table or chair, or some comfy beds to rest little heads"?

Lana: I know where that is. It's the furniture store!

Sunset Shimmer: I was just about to say that.

Me: Lets go then.

We went to the furniture store and stopped.

Pinkie Pie: Go in, go in, go in!

**Twilight Sparkle** : I don't know…

**Pinkie Pie** : Daagh, fine! [rumbling and commotion] (A crib came out and it had a note on it.) [crash]

**Rainbow Dash** : Wow, you're scary good at this, Pinkie Pie.

Me: But here's the next clue.

**Pinkie Pie** : [reading quickly] "It seems we've saved the best for last. We hope that you have had a blast. Now it's time to take a break where you can get a slice of cake!"

**Us, Main cast sans Pinkie Pie** : Sugarcube Corner!

**Pinkie Pie** : [scoffs] That was an easy one.

Me: That one was too easy.

Flurry Heart: It sure was.

[door opens, bell rings]

We went in.

**Shining Armor** : Surprise! Twily, did you like the scavenger hunt?

**Twilight Sparkle** : It was perfect! Just like old times, except even better because this time I got to share it with my best friends!

Me: And all of us. We had a lot of fun with this.

Nico: We sure did.

Lincoln: It was really fun.

Flurry Heart: We loved it dad. And it was cool having it with Aunt Twilight.

Shining Armor: I'm glad you all did.

Twilight Sparkle: There's just one thing missing, isn't there?

**Shining Armor** : What's that?

**Twilight Sparkle** : Mmmm, the book prize at the end!

**Shining Armor** : [laughs] There's still a prize, but it's a little different this time.

**Twilight Sparkle** : Oh. I don't understand.

**Pinkie Pie** : [giggles quietly]

**Princess Cadance** : All the places we sent you today had something in common.

Me: So it provides clues to the grand finale.

**Twilight Sparkle** : First we went to the schoolhouse…

**Pinkie Pie** : [trembling]

**Laney** : And then we read the *Foal Free Press*…

Nico: After that we found Applejack's birth certificate…

Lana: And then the last clue was under a crib.

**Pound and Pumpkin Cake** : [giggling]

**Twilight Sparkle** : Hmmm… School… foal… birth certificate… and crib…

Pinky Pie was about to go nuts!

Flurry Heart and Twilight Sparkle: [gasps] Can it be? Are you two…?!

Shanan: I don't believe it!

Nicole: Me neither!

**Princess Cadance** and **Shining Armor** : We're having another *baby* !

They stepped back and showed a cake with 2 strollers on top.

**Pinkie Pie** : Another baby, Twilight! It's another baby! Woo-hoo!

Flurry Heart: You mean… I'm gonna have a little brother or sister!?

They nodded.

**Twilight Sparkle** : This is the best prize ever!

Flurry Heart: OH WOW! I'M SO HAPPY!

**Princess Cadance** and **Shining Armor** : [laughing]

**Twilight Sparkle** : (Twilight and Flurry hugged them) Oh, I love you guys! And I can't wait to meet your 2nd little foal!

Flurry Heart: And I can't wait to meet my little brother or sister!

**Shining Armor** : Neither can we. [chattering]

We cheered for them.

Me: Congratulations to you both!

**Pinkie Pie** : I did it, I did it, I did it, I did it! [squee] [pop] (She fell to pieces) Go, Pinkie.

Me: I'm so excited for both of you Cadance.

Cadance: Thanks J.D.

Me: And I heard from Spike that you had Flurry Heart go through an awesome thing called a Crystalling.

Cadance: That's right.

Me: Boy this is gonna be really exciting. I've never seen a Crystalling before.

Star Swirl: Its been over 1,000 years since we saw one of those.

Mistmane: Feels like forever.

Me: It sure has. But this will be cool to see one.

Nico: It sure will.

Starlight Glimmer: It's gonna be so cool though.

Me: Yeah.

[chattering]

**Princess Cadance** : [giggles] You did it, Pinkie Pie! You kept it a surprise! Thank you! Was it much trouble?

**Pinkie Pie** : Piece of cake! [squee]

We had a great time.

---

Later we were watching TV. We had a really awesome 8 Days and it was really memorable. Ruby, Weiss, Blake and Yang were with us.

Alister: So you and your team want to become the same species as our mascots, Ruby?

Ruby Rose: Yep! We want to see the world from their point of view.

Horsea: Yay! We'll have new friends!

Poromon: Awesome!

Poliwag: This is gonna be awesome! I can't wait to have some friends.

Manaphy: Me too!

Me: I think it's gonna be so cute. Lets do it.

Ruby: AWESOME!

Me: You ready girls?

R.W.B.Y.: Ready!

The girls were in excruciating pain.

Colonel Hathi: Are you girls okay?

Weiss: (groans) We're shrinking! And I think I'm losing my legs!

Me: It will be over shortly girls.

Nico: You'll be fine.

Laney: Yeah.

Ruby turned into a Horsea, Weiss turned into a Poromon, Blake turned into a Poliwag and Yang was now a Manaphy!

Thunderblast: How do you girls feel?

Ruby: We feel good.

Me: Let me show you.

I formed a mirror and they saw themselves. Ruby was a Horsea, Weiss was a Poromon, Blake was a Poliwag and Yang was a Manaphy!

Yang: We look so cute!

Blake: We sure do!

Horsea, Poliwag, Poromon and Manaphy: CUTIE GREETING HUG!

They hugged them.

Horsea: This is so cool! Ruby you look awesome!

Poliwag: Yeah Blake you look amazing!

May: (Laughs) That is so adorable!

Nico: It sure is. This is gonna be so cool.

Me: Well they are gonna be like this for the day. It's gonna be so cute for them and all that.

Optimus Prime: Are you 4 feeling any pain?

Yang: Of course we are! (regrows her blonde hair) I missed my hair.

Lincoln: You always have the most beautiful hair Yang. You all do.

They blushed.

Me: Aww. So cute.

Lynn: Hey guys! I have great news!

Me: What is it Lynn?

Lynn: I got us all tickets to a hockey game with the Jellyfish!

Me: COOL!

SpongeBob: There's a hockey team called the Jellyfish? That's cool!

Nico: It sure is.

Jungle Fury Jarrod: So we're going to a hockey game?

Me: This is Lynn's favorite team's hockey game. It's her favorite team.

Lynn: That's right. The Jellyfish are playing.

Nico: This is gonna be so cool!

Femme Fatale, Ranamon, Ebon, Evilseed, Dai Gui and Number 7 then appeared.

Femme Fatale: Can me, Ranamon, Ebon, Evil Seed, Dai Gui, and Number 7 come with you guys to the hockey game?

Me: You all sure can. This is gonna be so much fun.

Laney: Yeah it is! Especially with Lynn not performing all those stupid luck rituals.

Lynn: Don't worry guys. I've learn my lesson about that.

Twilight Sparkle: What does she mean about that?

Me: Oh that's right you don't know about this. It's a strange story.

I revealed everything.

Twilight Sparkle: WHOA! That's crazy.

Me: Yeah it is.

Natilee: Yeah. It was crazy.

Femme Fatale: Sounds like it. But I heard that Princess Cadance is having a second baby.

Flurry Heart: I know! I'm so excited!

Nico: We all are.

Me: Lets head over to the stadium.

Ticket Clerk: Team Loud Phoenix Storm! Welcome.

Me: Hello there.

We went in.

Nico: How does everyone let us in for free?

Me: Hero pass.

I pulled out a hero pass.

Me: It's an awesome thank you gift for all the deeds we did. But we don't like to brag.

Ranamon: That's amazing y'all!

Me: It sure is.

We sat on our seats and we saw the game.

Me: Wow.

Ebon: Who do you guys think will win?

Me: My money is on the Jellyfish since we are rooting for them.

Stern Fern: Don't count on it you fuckwipes!

We saw a woman that Lynn hates with a powerful and hateful vengeance. It was STERN FERN!

---

**Stern Fern** is a villain of *The Loud House* .

Biography

Stern Fern appeared in the episode "On Thin Ice". In the episode, she served as the main villain where she kicked out and later locked up Lynn Loud Jr. because of her superstitions for her favorite hockey The Royal Woods Jellyfish to win, while Stern is a fan of The New Jersey Gaba Ghouls.

---

Lynn: Stern Fern!

Stern Fern: Lynn!

They glared at each other with extreme hate and daggers flew from their eyes and realistic fire burned ferociously in the background!

Me: WHOA! Sounds like those two hate each other.

Margo: You have no idea! Lynn and Stern Fern hate each other so much that if looks could kill they would be dead 10,000 times over. Fern is a fan of the New Jersey Gaba Ghouls.

Me: Whoa! She sounds like she is bad news.

Paula: No kidding.

Me: (To Fern) You better watch who you are dealing with here you bitch.

Emerald Sustrai: (takes out Thief"s Respite) Back off, bitch! Self defense!

Stern Fern: Make me you fuckfreak!

KROW!

Emerald kicked her in the face and sent her crashing into the stands.

Stern Fern: (GROWLS) I WILL KILL YOU ALL!

She got up and charged and Lynn kicked her in the chest and Varie kicked Fern in the face and knocked out some teeth!

Me: YEAH!

Ranamon: Sugar, can you go back to your team? We'd really like to watch the game in peace.

Stern Fern: Fine! BUT YOU FUCKWADS ARE DEAD AFTER THE GAME!

Me: Fuck you bitch!

She left.

Me: Man that woman has a major problem.

Lynn: No shit and I HATE HER!

Nico: We all do. If she crosses us again she is dead meat!

Naruto: Yeah!

Elec Man: (to Lynn) I think something crazy will happen in place of your luck rituals.

Lynn: Don't worry. Usually I want them to win with luck. But not anymore.

Lincoln: Good.

Me: Yeah after what happened with the Bad Luck Incident that we prevented, that will never happen.

Nico: That's a relief.

Evilseed: I hate that woman.

Me: Me too.

But then Evilseed saw the four mascots of cutieness eating something dangerous that is REALLY familiar!

Evilseed: (to Horsea, Poromon, Poliwag, and Manaphy) Are you 4 eating what I think you're eating?!

Me: Uh oh.

Poliwag: We sure are. We're eating Bananaquats.

Horsea: And they are good!

We gasped in shock!

Eddy: What?

Nebula: (to Eddy) Eddy, why in God's name would you give Horsea, Poromon, Poliwag, and Manaphy bananaquats?!

Eddy: What? Stern Fern assaulted us, so it's time to assault her.

Me: Payback time!

Horsea, Poromon, Poliwag, and Manaphy: BANANAQUATS!

Dai Gui: You've created 4 monsters, Eddy!

Me: NOT GOOD! Luckily we still have the cure that Vexen made.

I pulled out a big bottle full of the Anti-Bananaquat medicide.

Nico: Vexen really came through for us.

Sora: He sure did.

Lana: That's my awesome archenemy for you.

The 4 Mascots saw Stern Fern.

Horsea, Poromon, Poliwag and Manaphy: BANANAQUAT CUTIE ASSAULT!

They jumped on Stern Fern and pulverized her all over with incredible fury and more and really let her have it.

Horsea, Poromon, Poliwag, and Manaphy went berserk on Stern Fern and her team.

Trent Fernandez: Ok. No one make a sound. Let's head to the exit quietly before Stern Fern realizes what we've done.

We tip-toed quietly to the exit.

But Stern Fern got up and saw us going and she had eyes glowing red with blazing hatred and she was growling ferociously!

Me: Oh you want a piece of us do you!?

Nico: YEAH! Come and get some!

Number 7: I assure you. Eddy was the one who direcrtly gave Horsea, Poromon, Poliwag, and Manaphy the bananaquats.

Eddy: Thanks for throwing me under the bus!

Me: Now is not the time for accusations guys. We got a fight on our hands. Lets take it onto the ice!

Varie: Gladly!

Varie kicked Fern in the face and sent her onto the ice.

Me: Everyone! Hope you like watching one of our fights for some side-entertainment.

Referee: We will J.D. Besides it's half-time anyway.

Me: Perfect.

Eli: It's butt-kicking time!

Me: Fern, you need a lesson in humility and anger management, TLPS style! (Cracks Knuckles)

Beautiful Gorgeous, Xaldin, Dr. Viktor, Molten Man, Beetle and Whiger appeared.

Me: Beautiful Gorgeous, Dr. Viktor, Molten Man, Beetle and Whiger.

Beetle: Hectic week for you all huh?

Me: That's an understatement.

Beautiful Gorgeous: Hey, guys. How was the hockey game?

Maria: Actually, it isn't finished yet.

Xaldin: It's not?

May: It's half-time right now because of a few reasons.

Dr. Viktor: Do we even want to know?

Me: Well (Points to Stern Fern) Her.

They saw Stern Fern and she came at us and I kicked her in the stomach and sent her sliding on the ice.

Me: She's trying to kill us.

Lynn: Me and Fern hate each other with a merciless vengeance! She wants to kill me and destroy the entirety of the Jellyfish.

Everyone gasped!

Nico: We have to throw her in jail.

?: What a fiend!

A figure came out and it was WASPICABLE from episode 10 of In Space!

---

**Waspicable** is a wasp themed monster who served as one of the two main protagonists of the episode "The Wasp with a Heart," the other being Cassie.

A kind-hearted wasp monster who was bullied by his brother Sting King, as well as Ecliptor, Waspicable desired to be evil and nasty to the core. To this end, he attacked Bulk, Skull, and Professor Phenomenus but Cassie interrupted the attack and they battled. He actually overpowered her and was ready to destroy Cass but, as much as he tried, he couldn't act against his nature. In spite of this, the other Space Rangers arrived and T.J. and Andros took him down with some jump kicks, forcing him to flee before Cassie could explain what was going on. He then went to a cafe and attacked people, despite apologizing for upsetting some cans at which point he left after becoming dejected. He was then confronted by Ecliptor who forced him to attack the birthday party that Cassie was currently at. He was then joined by Sting King and some Quantrons before the Rangers arrived. Wasp King overpowered them but, when forced to destroy Cassie, Waspicable blasted a Quantron beside her instead and fought alongside them before fleeing once the Rangers went to take out Sting King. As he was convinced by the Rangers to be good, he became dispirited at not fitting in as either a good or an evil monster. However and fortunately, Waspicable loved flowers and returned balloons to a little girl, which was the last the Rangers saw of him.

---

Waspicable: Hey, Rangers! Did you miss me?

Andros: Waspicible!

Me: I remember you! You were one of the monsters that is good hearted!

Notacon: Looks like we have some more friends with us.

Dash (Time Force): We sure do.

Rico the Robot: So awesome!

Nico: Yeah.

?: He's not the only one that you have to face!

A wave of water came in and on it was Ariel and Eli's old nemesis that they threw in jail in Atlantica: MARINA DEL REY of 2008's The Little Mermaid: Ariel's Beginning!

---

**Marina Del Rey** is the main antagonist in the third and final 2D-animated sequel/prequel Disney film *The Little Mermaid: Ariel's Beginning* .

She was voiced by Sally Field, who also played Valdine Wingfield in the 2001 comedy film *Say It isn't So* .

Marina Del Ray is a mermaid and the governess of King Triton's seven daughters, in charge of enforcing Triton's distant and formal parenting style following the death of his wife Queen Athena. She feels that she has been stuck as the governess for too long, and her primary motivation in the film is to take over Sebastian's job as the King's attaché by any means necessary.

She temporarily succeeds after getting Sebastian, Flounder, and their entire secret music band sent to prison (music was banned from Atlantica at the time), but upon learning of the gang's escape with Triton's youngest Ariel to find Athena's music box (the only object that will get Triton to change his mind), Marina resolves to kill to them where she plans to make Ariel's death look like an accident.

While the eels battle the gang, Marina takes on Sebastian, who outsmarts her every move and ultimately gets her trapped inside a coral spike. Marina does not give up, however, and still tries to kill Sebastian by crushing him, but Ariel pushes her away. Marina is arrested and later sent to prison for her crimes.

Marina is extremely interested in clothing and fashion, and is the only merperson in the series who is seen wearing clothing over her fin to change its color and appearance.

---

Eli: Marina Del Rey!

Ariel: I thought you were in prison!

Marina: I'm back now. And little Eli its been a while.

Me: Weren't you the former governess and attaché of King Triton's Daughters?

Marina: That's right.

Maria: (to Marina Del Ray) You really think you're that dangerous like Ursula and Morgana? At least they almost destroyed Ariel's family. What have you done?

Eli: She tried to replace Sebastion as King Triton's right hand man!

Nico: You fiend!

Ariel: Daddy should've never trusted you at all!

Me: That's right! How are you even here anyway!? This rink is frozen solid.

Marina: Thanks to this.

She pulled out a card and it was NUMBER 26: SPACEWAY OCTOBYPASS!

We gasped!

Eli: Number 26: Spaceway Octobypass!

Ariel: You are a monster Marina!

Nico: In my opinion King Triton should've killed you like we did to Ursula.

Vypra then appeared.

Vypra: Hey guys. You have been busy fighting those monsters huh?

Me: All that and more Vypra.

Flurry Heart: I'm also so excited because I'm gonna be a big sister! (Squeals in excitement)

Vypra: Wow! Congratulations!

Flurry Heart: Thank you.

Vypra: I came here because I have 4 stallions here that want to test their skills out against you as part of an initiation test sort of. Come on out guys.

4 Stallions came out and it was four villains that the Mane 6 faced long before joining us. It was THE FEARFUL 4: FREEZING FRIGHT, THUNDER TERROR, MAGMA GLOOM and TOXIC HORROR!

The girls gasped!

Twilight Sparkle: Freezing Fright!

Applejack: Thunder Terror!

Rainbow Dash: Magma Gloom!

Fluttershy: Toxic Horror!

Freezing Fright: Long time no see princess.

Thunder Terror: Thought we could have some fun by joining the fray as your frenemies.

Me: You girls know these 4?

Twilight Sparkle: We sure do.

Twilight went over their history.

This is a terrifying street band, a group of teenage ponies who attacked Ponyville and parts of Equestria, four brothers with a lethal talent. This band was feared by all of Ponyville, each one as a different type of pony and each one older than the other, they are:

Freezing Fright, The First and oldest brother (18 Years Old)

Thunder Terror, The Second Brother (17 Years Old)

Magma Gloom, The Third Brother (16 Years Old)

and Toxic Horror, The Fourth and youngest Brother (15 Years Old)

They revealed to have a youngest brother. His name is Louie PoisonSea, who they said, he betrayed them, because of his dislike to their wicked hobbies. Thanks to them, a poor little filly lost his left wing, and not only that, they gained his brother's hatred too.

Not only did these actions make them famous, They were known by half of Equestria for their crimes, such as:

Assault and robbery of pies in Appleloosa

Conspiration against the Dukes of Maretonia

Property Damage in Manehattan

Littering Inside the Everfree Forest

Sudden extinction of the last, rare and unique fish species in the Crystal Empire; the Diamond Sturgeon (accidentally committed by Louie PoisonSea)

Sale and Purchase of weaponery to the black market in Canterlot.

We gasped in shock!

Me: WHOA! So these guys are all trouble in capital letters!

Vypra: They are but I figured they would be perfect for us.

Magma Gloom: Yeah but it is a living.

Toxic Horror: It's an honor to meet the famous Team Loud Phoenix Storm though.

Me: Same here. I didn't know you 4 had such an insidious reputation.

Nico: Yeah.

Lincoln: But this is gonna be interesting.

Nico: So who are you four being the archenemies of?

Freezing Fright: We chose the Cutie Mark Crusaders and Diamond Tiara.

The Cutie Mark Crusaders and Diamond Tiara gasped in excitement!

Apple Bloom, Sweetie Bloom, Scootaloo and Diamond Tiara: WE ALL GET ARCHENEMIES! AWESOME!

Nico: Looks like they are excited.

Linka: Yep.

Vypra: It's part of a bunch of initiations I have planned for you all.

Me: Cool! This is gonna be fun.

Nico: It sure is.

Me: Lets give everyone a great show.

We powered up and went at them.

## Battle 1: Beast Boy, Fluttershy, Tree Hugger, Zecora, Mage Meadowbrook, Discord, Ranamon, Jarrod and Camille VS Xaldin

Xaldin was up first.

Xaldin: (to Beast Boy) How long has Stern Fern hated Lynn for?

Beast Boy: Don't know but I can tell that they hated each other for a long period of time.

Camille: I think they might have hated each other ever since Lynn was in kindergarten. But that is my guess.

Fluttershy: That is my guess too.

Tree Hugger: A hatred like that is really unhealthy and gives off really bad vibes.

Zecora: A hatred like that is most unhealthy for one to enjoy. And someone like Fern cannot be under their employ.

Mage Meadowbrook: I think she has lots of psychological issues.

Ranamon: I agree y'all. That is awful.

Discord: Someone like Fern is an absolute menace to society. And take it from me, I know that feeling because I am the embodiment of chaos.

Xaldin: I can see that. Lets get it on.

He summoned his Wind Spears and his Pokemon and they went at him.

Fluttershy: Lets get it on! Here's one of my favorites. NATURE FLAME STYLE NINJA ART: A QUESTION OF LUST!

Fluttershy floated into the air and green fire with the spirits of nature swirled around her as she sang A Question of Lust by Depeche

Mode.

Fragile

Like a baby in your arms

Be gentle with me

I'd never willingly do you harm

Apologies

Are all you seem to get from me

But just like a child

You make me smile when you care for me

And you know

It's a question of lust

It's a question of trust

It's a question of not letting what we've built up

Crumble to dust

It is all of these things and more

That keep us together

Independence

Is still important for us though (we realize)

It's easy to make

The stupid mistake

Of letting go (do you know what I mean?)

My weaknesses

You know each and every one (it frightens me)
But I need to drink more than you seem to think
Before I'm anyone's
And you know
It's a question of lust
It's a question of trust
It's a question of not letting what we've built up
Crumble to dust
It is all of these things and more
That keep us together
Kiss me goodbye
When I'm on my own
But you know that I'd rather be home
It's a question of lust
It's a question of trust
It's a question of not letting what we've built up
Crumble to dust
It is all of these things and more
That keep us together
It's a question of lust
It's a question of trust
It's a question of not letting what we've built up

Crumble to dust

It is all of these things and more

That keep us together

It's a question of lust

It's a question of trust

It's a question of not letting what we've built up

Crumble to dust

It is all of these things and more

That keep us together

It's a question of lust

It's a question of trust

It's a question of not letting what we've built up

Crumble to dust

It is all of these things and more

That keep us together

Zecora: A technique of wind one can't deny. But this one must be topped to help it apply. VOODOO STYLE NINJA ART: SKULLS OF

MAJESTY!

Zecora spun around in a powerful vortex of darkness and fired skulls of dark fire.

Mage Meadowbrook: This is gonna be so fun! NATURE FLAME STYLE NINJA ART: FURY OF THE EAGLE!

Mage Meadowbrook formed a powerful blast of fire and fired it and it formed into an eagle.

Discord: This is gonna be so much fun! CHAOS STYLE NINJA ART: CHOCOLATE MILK ICICLE SHOWER!

Ranamon: (Echoing) DARK VAPOR!

She fired a wave of black acid.

Stormy Weather: You are a great mother Rita.

Everyone in the Stadium agreed with Stormy Weather on that one.

Dr. Viktor: That's interesting.

Applejack: I think it's really cool that they get to experience what that's like.

Apple Fritter: I agree with you. It's cool and cute for them.

Big Mac: Eeyup.

Granny Smith: And they are having so much fun like that.

Rockhoof: (Scottish Accent) They sure are lassies.

Emerald Sustrai: I think it's so adorable that they are like that.

Dr. Viktor: Same here. Lets do it.

Dr. Viktor called out his Pokemon and charged up his lightning powers and they were ready. They went at him. Dr. Viktor fired a massive blast of purple lightning and Will fired a blast of blue lightning and the blasts collided. It was electrifying.

# A Town Where Robots and Humans Live

In the rural forested mountains of Equestria, I was flying towards the old village of Mistmane.

Me: Mistmane needs you Sable Spirit just as much as you need her.

I flew into the mountains.

---

Me: So Mistmane, what was it like for you during the time before you were trapped in Limbo with the rest of the Pillars?

Mistmane: It is all a really interesting story.

Rarity: I know Mistmane's story by heart and it is so beautiful.

Me: I would like to hear it.

Rarity: Not only is Mistmane a very powerful sorceress like a lot of people you know but she is also the most beautiful unicorn in all of the land.

---

Mistmane is a talented sorceress renowned for her beauty and kindness. The love and attention she gets from her friends and family causes her best friend, Sable Spirit, to become jealous. While Mistmane is away at magic school, Sable casts a spell to make herself beautiful, but it backfires and makes her hideous instead and it also warps her mind. As a result, she decides to take beauty away from everyone and everything else, making herself empress and leading the village into a state of decline.

When Mistmane returns home and finds her friends suffering, she confronts Sable Spirit on her oppression and challenges her to a magic duel, eventually defeating her. Wanting to do more for her friend, Mistmane casts a spell that restores Sable and the village's beauty while sacrificing her own. Sable, moved by her friend's sacrifice, rules with kindness and compassion from then on, and Mistmane dedicates her life to spreading beauty throughout Equestria.

---

I gasped.

Me: Oh man. That is an amazing story.

Mistmane: Thank you J.D. And I'm honored that I have someone that knows my great deeds.

Rarity: Thank you Mistmane.

Me: But thank goodness that Mistmane helped Sable Spirit. But I can tell that you two were both really close eons ago and I can tell that you miss her.

Mistmane: I sure do.

I got up.

Rarity: Where are you going?

Me: I'm going to Mistmane's old village and I'm going to resurrect Sable Spirit. Mistmane needs her friend back more than ever.

Mistmane: I would like that J.D.

Me: I'll be back.

I was off to Mistmane's villages.

FLASHBACK ENDS

I flew and landed in Mistmane's village. It was so beautiful and Lori and Rarity did a great job sprucing it all up.

Me: Wow. Mistmane's village is so beautiful.

I walked around.

Me: Wow. I would consider this a great vacation spot. Lori and Rarity did a really great job here making it beautiful.

I then saw Lotus Petal.

Me: Excuse me.

Lotus Petal saw me.

Me: My name is J.D. Knudson, leader of Team Loud Phoenix Storm.

Lotus Petal: Oh it's an honor to meet you.

Me: I'm looking for the tomb of Sable Spirit, the empress of this village that lived eons ago and was the best friend of Mistmane.

Lotus Petal: Mistmane? She's a legend.

Me: No she is 100% real and she is now on my team. I came here to resurrect Sable Spirit. She knew Mistmane all too well eons ago. They were close like sisters.

Lotus Petal: I see. Follow me.

We went to the tomb of Sable Spirit and she lead me to a mausoleum and inside was a coffin and it had Sable Spirit's cutie mark on it.

Me: This is it all right. Here we go.

I stood and waved my hands and chanted a powerful incantation and in a powerful flash of light, a pillar of orange light erupted out of the ground and out of it came Sable Spirit!

---

**Sable Spirit** is a legendary villain from *My Little Pony: Friendship is Magic*, being one of Equestria's threats in the ancient past and the main antagonist of the *Legend of Mistmane*, she is also one of the earlier examples (in-universe) of a redemption, which would become a more recurring theme in the modern era of Equestria.

History

Mistmane was once one of the most beautiful unicorns in all of Equestria and spent much time in a magic school, one day she received a letter informing her about her best friend, Sable Spirit, who had become the empress of their old village.

Delighted at the prospect of visting her friend again Mistmane returned to the village only to find that Sable Spirit ruled the village as a cruel and dystopian ruler who forced other ponies into miserable lives of poverty and hard labor while stealing anything of beauty for herself : she also took to dressing in a sinister black robe that hid her face.

Mistmane confront Sable Spirit over her cruelty and the former best-friend revealed that she had always envied Mistmane's beauty and tried to make herself beautiful, which backfired and caused her to become hideously disfigured : driven mad by her appearance and jealousy she stole the position of empress and enforced her will on the ponies of the land in order to steal beauty from everyone else, believing if she could not have beauty then no other being should have it.

Sable Spirit then engaged Mistmane in a magic duel in which her fiery hatred manifested as a large serpent while Mistmane formed a watery serpent of her own, eventually Mistmane overpowers Sable Spirit and traps her in a plant cocoon.

The ponies of the village rejoice in the defeat of Sable Spirit but Mistmane decides to take pity not just on her former friend but the entire village, sacrificing her own beauty in order to restore the village to its former splendor and also heal Sable Spirit's disfigurement.

Touched by the kindness of her friend Sable Spirit reformed and ruled the village as a peaceful and kind ruler, having learned the true meaning of beauty from Mistmane and her selfless actions.

---

Sable Spirit opened her eyes and she saw me.

Sable Spirit: What happened?

Me: Are you Sable Spirit?

Sable Spirit: I sure am. (Gasp) You're J.D. Knudson! The famous Leader of Team Loud Phoenix Storm!

Me: That's right. It's a pleasure to meet you even though it's 1,000 years too late.

Sable Spirit: I know. Its been so long.

Me: Yeah. Lots of things have changed over the eons. But I brought you back because Mistmane misses you.

Sable Spirit: Mistmane. I haven't heard from her since she disappeared.

Me: It's a very long story.

I went over everything that happened with everything that went down over the course of 1,000 years and how Mistmane and the Pillars of Harmony sealed the Pony of Shadows in Limbo with them and were trapped there for over 1,000 years until we brought them back and banished the Pony of Shadows to the Dark Dimension and saved Stygian from the Pony of Shadow's influence.

Sable Spirit: Wow! You all have done so much for Equestria.

Me: Not just Equestria but numerous planets all over the universe. Mistmane is now part of my team and she loves you like a sister.

Sable Spirit: I know. I love her too. I want to go see her.

Me: Okay.

I took her hand and we beamed back to the estate and Sable Spirit was now a human and she was beautiful.

Me: This is where I live. You are on Earth and it's home to my kind, Humans.

Sable Spirit: Wow. Your castle is amazing.

Me: Yeah we did a lot of remodeling over the years.

I taught her how to walk like us and we went in.

Me: Here we are.

Mistmane: Sable Spirit?

Sable saw Mistmane for the first time in 1,000 years.

Sable Spirit: Mistmane?

Mistmane: Sable Spirit!

Sable Spirit: Mistmane!

They went and hugged each other for the first time in eons.

Nico: Wow.

Laney: Such a great reunion.

Me: They have over 1,000 years of stuff to catch up on.

Mage Meadowbrook: They sure do.

Homer: Hey guys! I have a big surprise for you!

Nico: What is it Homer?

Discord: What is it you want to show us, Homer?

Homer: This is a video I made after pilfering it off the web.

Me: I remember seeing that on TV and Marge ratted you out on that.

Bart: THANKS A LOT "MOM!"

We laughed at what Bart said.

Me: That was funny.

The movie we were watching was Radioactive Man Re-Rises (Season 25 Episode 9).

It was awesome.

Dexter: I actually find nothing wrong about this movie.

Me: Me neither. It's great!

Nico: It sure is.

Lincoln: Yeah it is!

Linka: So awesome!

Mixmaster: Bart's right, Homer. All you did was pirate a movie. It's not the worst thing anyone's done.

Me: Yeah.

Homer: The worst things that were done were by Mr. Burns!

Me: You got that right. But I just thought of something. I think instead of having us kill Mr. Burns, we should've use the Indigo Lantern's method of lobotomizing criminals.

Nico: Which is?

Me: They drain them of their emotions except for compassion and turn them into catatonic husks of their former selves.

Vince: That sounds like a dangerous way of rehabilitating criminals.

Laney: Yeah I would call it a fate worse than death.

Me: Exactly.

We continued watching the movie and it was awesome! When it was done we cheered wildly.

Me: Awesome!

Nico: YEAH!

Jazz: So Marge turned you in to the FBI when everyone in Springfield actually enjoyed the movie you pirated? That's not right at all!

Me: She is a fucking snitch! She also has no right to call herself your wife. Especially after helping a heartless bastard like Burns for destroying Springfield.

Nico: You got that right.

Laney: In all honesty I don't know what you and Artie Ziff were thinking dating that monster Marge.

Homer: Yeah I know. I'm starting to regret marrying Marge.

Me: I can tell.

But then I got a telepathic message in my head. It was a very familiar voice to me and it was that of a girl that I know.

?: J.D. can you hear me?

Me: (In my head) That voice. I haven't heard that voice in over 150,000 years. Shion it's great to hear your voice again.

Shion: You too J.D. I need your help. I'm afraid the world is in terrible danger.

Me: Oh no. I have a feeling HE and THEY are back.

Shion: Yes and we have to stop them.

Me: We're on our way Shion. We'll be right over to pick you up so you can help us.

Shion: Okay.

The message ended.

Stalker: So we're going to Bubble Town next?

Me: We sure are. But before we go we have to make a little pit stop.

Nico: For what?

Me: Shion is calling me telepathically.

Naruto: Shion is calling you?

Sakura H.: Is she all right?

Me: We'll find out when we get there. She wouldn't call me like this unless it was a dire emergency.

Beautiful Gorgeous, Whiger, Beetle, Xaldin, Molten Man and Dr. Viktor then appeared.

Beautiful Gorgeous: Can me, Whiger, Beetle, Xaldin, Molten Man, and Dr. Viktor go with you guys?

Me: You sure can. But first we're going to the Okefenokee Swamp in Florida. Shion is calling me.

Xaldin: And who pray tell is Shion?

Me: The High Priestess of the Land of Swamps. Me, Naruto, Sakura, Neji and Lee met her in 150,000 years hence. Her mother was a very dear friend of mine and we have to see what's up.

Nico: We better get over there.

Me: Lets roll!

We were off to the Okefenokee Swamp in Florida.

SHION'S TEMPLE, OKEFENOKEE SWAMP, FLORIDA

We arrived at Shion's Temple and it was beautiful.

Me: It's just as beautiful as I remember.

Naruto: It will be great to see Shion again.

Me: I know. Its been eons since I saw her last bro.

We went into the temple and we saw Shion.

Shion: J.D., everyone!

Me: Hello Shion, it's great to see you again.

Shion: I missed you so much.

Me: I know.

We sat down.

Shion: There's a reason why I called you all here. I'm afraid that Yomi, Mōryō and the Gang of Four are back.

Some of us gasped.

Me: I knew it!

Qin: Who is Yomi and the people that she said?

Me: Oh that's right you guys don't know about this. It's a really bad history. 150,000 years hence, Mōryō was a dangerous and deadly demon of darkness.

I went over their history.

---

Yomi

**Yomi** (黄泉, *Yomi* ) was an evil medical-nin and the secondary antagonist in *Naruto Shippūden the Movie* .

Yomi came from a long line of followers of Mōryō who had spent generations perfecting a dark form of medical ninjutsu. A very long time ago, there was a member of his clan that made an attempt to utilise Mōryō to take over the world, but was stopped by Miroku after she sealed Mōryō away.

Mōryō

**Mōryō** was the main antagonist of the first *Naruto Shippuden* film.

He was voiced by the late Seizō Katō in the Japanese dubbed version, and by Daran Norris in the English dubbed version.

## Role

In the movie, Mōryō had attempted to take over the world using his Ghost Army many years ago, but was sealed away by a high priestess. Many years later, a man by the name of Yomi attemped to bring Mōryō back from the dead by unsealing and reuniting his body and soul. Mōryō ended up possessing Yomi to complete this mission and released his Ghost Army once again.

When he reached the Land of Swamps where his body was sealed, he left Yomi and was reunited with his body. Upon being free, he fought and defeated Naruto Uzumaki and attempted to absorb Shion into his own body. However, before the absorption process could be complete Naruto grabbed Shion and the two killed Mōryō using an Ultra Chakra Rasengan.

# GANG OF FOUR

The **Gang of Four** (四人衆, *Yonin-shū* ) were a group of four shinobi, who served under Yomi and appeared in *Naruto Shippūden the Movie* .

## History

The Gang of Four followed Yomi in attacking the location in which Mōryō was sealed, easily killing the guards with their enhanced technique via Yomi's Strengthening Prescription: Chakra Injection.

After taking control of a good portion of the territories they pass by via Mōryō's Ghost Army, Yomi assigned the group to assassinate Shion, a priestess who has the ability to reseal the demon. Kusuna, the medical-nin, was the only one capable of utilising the chakra snakes of Yomi's technique, and was designated as the group leader, responsible for giving the other three their special chakra.

Upon attacking Shion's compound in the Land of Demons, the three fighters proved themselves to be abusive of the enhanced chakra, using overly powerful techniques to deal with even the most minor matters, and Gitai even drank the chakra directly, which killed him when the unstable power led to a self-detonation. Their tendency to abuse their chakra became their downfall, as it resulting in rapid drainage and requiring replenishment; upon using too much chakra in an attempt to flush out Shion, the opponents took advantage of this moment of weakness and took down the remaining three members of the Gang while refusing to let them restock.

## Kusuna

**Kusuna** (クスナ, *Kusuna* ) was a shinobi who hailed from the Land of Demons and appeared in *Naruto Shippūden the Movie* .

Kusuna was Yomi's second-in-command of their team in their quest to destroy Shion and to release the demon, Mōryō. Before the mission began, Kusuna was infused with Yomi's dark medical ninjutsu so that he could act as a catalyst for his team. After ploughing through the temple's defences, Kusuna and his team confronted Shion and prepared to kill her, but were stopped by Naruto. His sudden arrival and production of a large amount of shadow clones drove them back, until Kusuna ordered Gitai, Setsuna, and Shizuku to use their multi-element combination to get rid of Naruto. After Neji, Sakura, and Lee showed up to save Naruto, however, Kusuna had his team make a diversion while he went after the fleeing Shion.

Kusuna caught up with Shion, but, before he could land the killing blow, Neji grabbed hold of him and blasted him into a wall. Seeing that the odds were against him and that he wouldn't have an opening to replenish his team's chakra, Kusuna fled along with his team.

Later, after formulating a new strategy, Kusuna and his team attacked again, working to separate Naruto and the others from Shion. As the plan seemingly worked, with each of Shion's bodyguards being forced to fight separately, Kusuna chased after Sakura, who was holding Shion. Kusuna caught up with Sakura and incapacitated her before going after Shion. With his target now alone, Kusuna took the opportunity to kill her, unaware that he had actually killed Shion's bodyguard, Taruho, who had disguised himself with a special transformation technique.

After learning from Yomi that Shion was still alive, they returned to finish the job. While going out to find Shion, and destroying the forest to do so, Neji correctly deduced that Kusuna was the reason for their opponents' unusually high prowess in multiple elements. After tricking Kusuna's team to use up their dark chakra, Neji ambushed Kusuna and unleashed his Eight Trigrams Sixty-Four Palms, taking away the enemy's main source of power and thus finishing off Kusuna.

Gitai

**Gitai** (ギタイ, *Gitai* ) was a shinobi who hailed from the Land of Demons and appeared in *Naruto Shippūden the Movie* .

Gitai was a member of Yomi's team who were on a quest to release the demon Mōryō. In the beginning of the movie, he teamed up with Setsuna to kill the guards of Mōryō's prison. Later, during the attack on the temple Shion resided in, he and his team ran into Naruto and his team. During the fight, he made good use of his earth chakra to adjust the terrain to his team's advantage. After the group was chased away by Sakura and Lee, Setsuna ordered Gitai to track Kusuna down with his nose.

During Gitai's second battle with Naruto's team, Gitai fought Lee. He quickly began pushing Lee back with his earth-based ability to shift the ground and transform into a huge rock statue using his Earth Release: Hardening Technique. After he began mocking Lee's taijutsu abilities, Lee began opening the Eight Gates, enabling him to destroy Gitai's stone armour. He went from the third to the fifth gate, but it was not enough to defeat Gitai. Then Gitai ingested some of the chakra snakes from his arm, after which he transformed into a giant six-armed three-headed demon. Every time Gitai would hit the ground with his arms, bombs would be launched at Lee. If Lee were to land on that spot, the bombs would detonate. Lee was forced to start using the Drunken Fist (brought on by taking a whiskey-laced chocolate given to him by Might Guy), with which he was able to break through Gitai's defences. His body became unstable because of the transformation, Gitai exploded and died leaving a purple cloud in the sky. Kusuna was disappointed in his effort.

Setsuna

**Setsuna** (セツナ, *Setsuna* ) was a shinobi who hailed from the Land of Demons and appeared in *Naruto Shippūden the Movie* .

Setsuna was a member of Yomi's team, who were on a quest to release the demon Mōryō. During the beginning of the movie, he played a big part in killing the guards of Mōryō's prison. Later, he, along with the rest of his team, were sent to kill Shion, a priestess who was the only person alive who could stop Mōryō. However, the attempt on Shion's life failed thanks to interference from Naruto. He joined his team in a group combo attack that nearly killed Naruto. Upon fighting Naruto and the rest of his team, he ended up using all of his extra chakra given to him by Yomi, forcing him to retreat with the rest of his team. Later, during the second battle, Setsuna went up against Neji, holding his opponent at bay with his Wind Release: Rotating Shuriken. Eventually, Neji realised that this was a diversion to keep him away from Shion.

Later, during another attempt to kill Shion, Setsuna and Shizuku began to demolish the entire forest by turning into a thunderstorm and dispersing lightning. Unfortunately, this reckless manoeuvre used up all of his extra chakra. Then, almost immediately after Kusuna was killed and Shizuku was spotted by Sakura, Rock Lee took advantage of this opportunity thanks to Neji's plan, and finished him off with a powerful taijutsu attack. Setsuna was then killed by a falling tree.

Shizuku

**Shizuku** (シズク, *Shizuku* ) was a kunoichi who hailed from the Land of Demons and appeared in *Naruto Shippūden the Movie* .

Shizuku was the lone female member of Yomi's on a quest to release Mōryō. During the first encounter with Naruto and his team, she demonstrated impressive fire chakra skills that nearly killed Naruto. During the second battle, Shizuku performed the initial attack to separate Shion from her protectors by attacking them with an enormous Water Dragon. Neji was surprised to see that she has such tremendous mastery of water-chakra because he detected no such chakra in her during the previous fight.

After Naruto's team separated, Shizuku faced off against Naruto. Immediately, Naruto was forced on the defensive from her incredible water-based attacks. Whether he took to the sky or hid in the forest, he could not shake Shizuku. Eventually Naruto managed to outmanoeuvre her through his shadow clones and hit her with Rasengan, only to see her laugh it off by turning into water. She then revealed that her goal was simply to separate him from Neji before escaping. Later, after Neji deduced the secret behind the enemy's unusual power, Shizuku and her team get tricked into using up their enhanced chakra. While weakened, Sakura attacked by punching her in the face throwing her into a tree which fell and killed Setsuna. As the tree hits the ground, she was thrown off it and lands on her face, after which she struggled to get up but succumbs to her injuries and was left laying on the ground defeated.

---

Everyone gasped in shock!

Nico: Whoa! These guys are bad news.

Me: Yeah. I helped Shion's mother Miroku defeat Mōryō the first time and destroyed his physical body and sealed away his spirit and soul inside a tomb in the Land of Demons. But the ritual that Miroku used came with a heavy price. Miroku sacrificed herself doing so. I honored her final wish by helping Shion should the need arise and that day came 13 years later after I went to the Leaf and met Naruto. When we faced Yomi and his gang, I sensed that Mōryō was inside Yomi and that Mōryō was using him as a vessel. We easily overwhelmed them and when they were defeated I used a powerful spell that I learned from my travels to create an alternate pocket dimension to imprison them for all eternity as well as keep Mōryō sealed inside Yomi forever. Before they were sucked in, Yomi and the Gang of Four swore to come back one day to get revenge and now that day has come after all these years.

Nico: That's intense!

Vince: Wow! I didn't know you did that to him!

Lincoln: That's incredible.

Laney: And now Mōryō and his cult have come back after all these millennia to destroy the world again.

Me: Yes. Now I have a chance to finish them once and for all.

Eli: But how did they come back after so long?

Shion: I saw that they had a strange card on them.

Me: I had a feeling it was a Number Card.

I showed Shion the Number Cards.

Me: These are the Number Cards we got.

I went over what they were.

Shion: I see. Wow.

Naruto: Yeah it's a weird story. But Shion, I understand what you meant about passing your line on and I will gladly have children with you.

Shion: Thank you Naruto.

Me: Aww. So cute bro.

Shion: Thank you Naruto.

Me: Lets head out guys.

Shion: Let me go get ready.

She went and got ready and came out wearing a white tank top, pink pants and she had a sword on her.

Me: Just like old times huh Shion?

Shion: It sure is.

We went to Bubble Town.

---

BUBBLE TOWN, NORTH DAKOTA

---

We arrived in Bubble Town in North Dakota and what we saw was amazing. It was really a town where humans and robots live together and work together in harmony and it was amazing.

Me: Wow! So this is Bubble Town.

Nico: Wow! Look at all the robots.

Mega Man: Almost as many as Mega City.

Me: Or any city we can think of that has as many robots.

Lincoln: Yeah.

We walked around.

Me: Wow. Look at all these robots.

My data eyes were gathering data and information on all the robots as they scanned them.

Me: They are just amazing.

Elec Man: Not nearly as cool as all of us but just as cool.

Linka: They sure are cool though.

Nico: So who are we looking for here?

Me: A boy named Connor and he lives here with his dad.

Lola: This is really cool though.

Lori: It literally is.

We arrived at a cool garage and we saw Connor and Abby.

Connor: WHOA! Team Loud Phoenix Storm!

Me: You must be Connor.

Connor: I sure am.

Abby: And my name is Abby.

Sinestro: It's nice to meet you, Connor.

Me: And you too Abby.

Connor: Same here and it is an honor to meet the famous Team Loud Phoenix Storm.

Abby: We love all of your adventures. They are awesome!

Me: We get that a lot. But this whole town is amazing. It's like Robots and Humans all are one together.

Connor: It sure is and it's awesome.

Me: It sure is.

Nico: Yeah.

We later went to Connor's house.

Connor: Sorry if where we live isn't much.

Whiger: We actually don't mind at all.

Me: We have been to many places all over. But your house is amazing.

Connor: Thank you.

We went in and his house was awesome.

Me: Your house is amazing.

Laney: It sure is. Very advanced in technology.

Lisa Loud: I could get used to these accommodations.

Connor: I know. But it's home.

Me: It sure is spiffy.

Connor: Yeah and it's an honor to meet some of the Masters of Evil with you.

Whiger: Pleasure is all ours.

Xaldin: We get that a lot.

Connor: (to Horsea, Poromon, Poliwag, and Manaphy) I'm surprised you 4 don't have archenemies yet.

Blackfire: Horsea, Poromon, Poliwag, and Manaphy are too cute to have archenemies!

Me: Yeah they are.

May: But if I were to choose some for them I would pick those evil Cute People that Finn and Jake met.

Nico: That's not a bad idea.

Me: Yeah.

We later went to his garage and we met Cubix!

Me: WHOA! Is that Cubix?

Connor: It sure is.

Whiger: Cubix looks like a Megazord.

Me: He sure does! Wow!

Nico: It's amazing!

Lincoln: So cool!

Lori: Literally amazing!

Cubix: It's an honor to meet you all.

Me: Same here.

Cubix was an awesome robot.

Mr. Boss: Abby, are you and Connor a couple?

Abby and Connor blushed.

Abby: Yes we are.

Connor: After we defeated Dr. K the first time we got close.

Me: Dr. K?

Connor: He's a mad scientist that wants to destroy all our robots and use his inventions to destroy the world.

We gasped!

Me: Tell us all about him.

Connor: Okay.

He went over his history.

---

**Dr. K** is the main antagonist of *Cubix* . Dr. K used to work for RobixCorp, but lost his arm in a lab explosion and now as a rogue robot inventor uses his smarts for evil.

He is voiced by the late Maddie Blaustein, who also voiced Meowth, Lt. Surge, Takuma Saiou, Damian (Pokémon), Dario (Pokémon) and Bruno.

In Season 1 he's after a substance called Solex to build the ultimate robot and destroy Bubble Town. His main robot is Kolossal, but he has his own line of evil robots such as Katastrophe, Kannon, Krab, Klawber, and Kilobot.

In Season 2 It is unclear what happened to Dr. K at the end of the series finale, though it is plausible that he became a force for good as he is last seen running from his blimp after it goes haywire..

---

We gasped.

Me: Just what the universe needs. Another fucked up mad scientist running amok.

Eli: Now we have 7 bad guys causing trouble.

Abby: What do you mean by 7 bad guys?

Xaldin: Well, they're not bad guys you two have faced.

Me: We have Dr. K that you all know and we now we have 6 enemies that I have a major bad history with that I faced from 150,000 years hence.

Shion: Yeah. They are Yomi, Mōryō and his minions the Gang of Four: Getai, Setsuna, Shizuku and Kusuna.

Me: These guys are bad news and their goal is to destroy EVERYTHING.

They gasped.

Connor: That's horrible!

Me: Yeah.

Connor: We'll gladly help you all out.

Cubix: Yeah they have to be taken down.

Beetle: Do you two have any friends that can help us out?

Abby: We sure do. We have lots of them.

Connor: Yeah. We have Chip, Mong and Hela Nemo and our robots.

Me: Awesome. We'll need all the help we can get to take down Dr. K, Yomi and Mōryō. But we're gonna have to take the battle to another planet so no people will get hurt.

Connor: You guys have been to other planets?

Me: Many times before. It was awesome.

Connor: COOL!

Me: You lead the way to Chip.

Connor: Okay.

They took us to Chip and we met him.

Chip: Oh hey there.

Aria Blaze: Chip, right? Nice to meet you.

Chip: Wow! Team Loud Phoenix Storm! It's an honor!

Nico: Same here Chip.

Me: Pleasure to meet you.

Chip: I love all your adventures and they are awesome!

Me: We get that all the time.

Connor: We need your help Chip.

Connor revealed everything and Chip was shocked!

Chip: Whoa man! I'll gladly help you all.

Me: Awesome.

Later we went to Mong's garage and saw him working.

Molten Man: Are you Mong?

Mong: I sure am. (Sees us) WHOA! Team Loud Phoenix Storm!

Wow! It's such an honor to meet you all.

Me: Same to you Mong. We heard so many great things about you.

Nico: Yeah and they are great.

Mong: I know.

We explained everything and we got ready to face Dr. K.

Ratbat: I'll fly over the area and locate Dr. K's hideout.

Connor: Wait Ratbat. Dr. K's hideout is a floating fortress. Finding it is gonna be like looking for a needle in a haystack.

Nico: Lisa can you use the satellites to find it?

Lisa Loud: Affirmative.

Me: We got to find him before he can strike again.

Lisa used the Satellites and found him over the Canadian Rockies.

Lisa Loud: His flying airship is over the Canadian Rockies. Coordinates: 54.1522° N, 120.1585° W.

Me: That's not far from the border between Alberta and British Columbia.

Nico: Lets head for Canada.

Me: But we have to sneak up on him. Lets roll.

We were off to Canada.

We were using the clouds to hide as we snuck up to Dr. K's ship and we found it.

Me: Target sighted.

We got to the roof hatch and went in. We stayed quiet and got to a big steel door.

Me: He sure likes big doors.

Dr. Viktor: A steel door? (cracks knuckles) Allow me to destroy it.

Dr. Viktor pulled his fist back.

Dr. K: (Laughs Insanely) Soon this whole planet will be mine!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive explosion blasted the door down and a massive torrent of purple lightning illuminated the ship and then we made our entrance and we saw DR. K!

Me: Dr. K, I presume?

Dr. K: Team Loud Phoenix Storm!? What the hell are you doing here!?

Me: What else? To stop you and kill you!

Dr. K: You think you can kill me!?

Me: We're going to make sure that you never hurt another innocent soul again and we're going to make sure you pay for your crimes!

Laney: Yeah!

Then Common Cold, Saïx, The Springfield Bullies, Knightbrace, Evil-Lyn and the U-Foes then appeared.

Me: Common Cold, Saïx, The Springfield Bullies, Knightbrace, Evil-Lyn and the U-Foes.

Jimbo: That's right guys.

Evil-Lyn: Fancy seeing you all here.

Me: Yep.

Connor: Are you more Masters of Evil members?

Jimbo: We sure are.

Saïx: But not to worry. We're not helping Dr. K.

Common Cold: (to Cubix) That Cubix robot of yours is huge!

Cubix: I sure am.

Me: We have bigger problems besides Dr. K. An old enemy from my time 150,000 years into the future is back and we have to stop them.

?: Do you mean us?

5 figures came out and it was YOMI AND THE GANG OF FOUR!

Me: Yomi.

Yomi: You are gonna pay for everything you did to us J.D.

Me: You brought all that on your self you fuckmongering monsters!

Nico: And you four must be the Gang of Four. Getai, Setsuna, Shizuku and Kusuna.

Getai: That's right.

Shizuku: This time we will win.

Me: Don't count on it you fucking bitch. I killed you all before and I can kill you again.

Mōryō: **You thought you could get rid of me that easily did you?**

Me: Mōryō.

A purple dragon head on a long neck emerged from Yomi's back.

Mōryō: **Its been a long time J.D. Knudson.**

Me: I'm still haunted by everything you did in 150,000 years and I will never forgive you for killing Shion's mother Miroku.

Nico: I can't believe you are that ruthless.

?: Me neither.

A figure came out and it was LOYAX from episode 27 of Lost Galaxy!

---

**Loyax** is a monster and aged warrior sent to fight the Galaxy Rangers on Terra Venture. While he is evil, he follows a code of honor similar to Villamax's and believes in the archaic rule that women are unworthy opponents in battles because of their gender.

Background

In his youth Loyax once fought for the forces good, however, as his youth and the belief that good would triumph over evil began to wain, he eventually decided to join the forces of evil. Loyax had lived his whole life as a cunning and mighty warrior, winning battles in every corner of the universe and his name bringing fear everywhere, but now his strength was beginning to fade. Villamax regarded Loyax as a honorable legend, worthy of Trakeena's time, while Deviot didn't think much of him.

Trakeena offered him the chance to battle the Power Rangers as his last worthy opponents. When he arrived on the Terra Venture, the Rangers arrived to battle him, however, it's Maya that reaches him first. At first, refuses to fight her, disregarding her prowess because she happened to be a girl. However, as the Rangers continue to fight him, Maya refuses to back off, even when Leo attempts to draw Loyax away from her. Eventually, Maya and Loyax fall from a cliff, into the ocean. When they came to, they were inside a dark cave and Maya discovered she'd injured her knee.

Loyax lamented over his recent defeat at the hands of the Rangers, Maya, specifically ashamed he failed to carry out his mission. However, he and Maya eventually come to a agreement, putting their differences aside to help one another out of the cave (Maya being Loyax's eyes as his eyesight was poor and Loyax their legs because Maya's injury hindered her ability to walk).

Once they escaped the cave their short-lived alliance was ended, Loyax insisted Maya fight him to honor his last wishes for a final battle. Maya believed that he didn't have to fight for evil, but return to the side of good and refused to fight him. Deviot attacked, deciding to finish the fight himself, but Loyax was determined to fight with Maya fairly and fought with her against Deviot and the Stingwingers. After escaping, Loyax insisted on having his last battle and Maya reluctantly gave it to him. Loyax admired Maya's fighting skill, stating that she was as good as he was at the peak of his strength, but didn't believe she could win. Maya eventually defeated Loyax with a charged strike from her Quasar Saber but refused to finish Loyax, asking him to turn back to good. As he seemed about to take her hand in agreement, Deviot hit him with a poisoned growth formula and Loyax grew and attacked.

The Rangers called upon the Galaxy Megazord and later the Centaurus Megazord to battle him, but were unable to defeat Loyax. Loyax, who could speak but not control his actions, asked the Rangers to destroy Deviot's control device on his left wrist. Heeding his wishes, the Galaxy Megazord fired a few energy blasts that destroyed the device. Freed of Deviot's control, Loyax turned his attack on Deviot, declaring that no one could make him be evil ever again. Deviot found that he could no longer control Loyax, but the battle was too much for the old warrior who started to die of his injuries from the Galaxy Megazord's energy blasts, allowing Deviot to flee. Dying, Loyax turned to the Galaxy Megazord and thanked Maya, saying "thank you for showing me the truth Yellow Ranger. You are truly a noble warrior." Moments later, Loyax succumbed to his injuries, fell over and exploded to Maya's great sadness.

In the aftermath of their battle, Maya placed his sword in the sand as a symbol of remembrance. She stated that in the end, Loyax won his final battle by proving that in his heart, he was still good.

---

Maya: Loyax!

Loyax: Been a long time Yellow Ranger.

Me: I remember you! You are another one of the Honorable Legends and you fought valiently against Maya and all that. Not only that but you turned on Deviot and Maya got you to redeem yourself.

Loyax: That's right. Good memory on you. Vypra was right about you J.D.

Me: Never missed an episode.

Loyax: (to the Lost Galaxy Rangers) I must thank you all for killing Deviot and his followers. Except Villamax, of course.

Leo Corbett: Think nothing of it.

Me: That was a rough battle. But Deviot, Trakeena and Scorpius all got what they deserved.

Nico: Yeah.

Eli: But which Number brought you back Yomi!?

Yomi: It was this.

He pulled out a Number Card and we saw that it was NUMBER 5: DOOM CHIMERA DRAGON!

We gasped.

Eli: Number 5: Doom Chimera Dragon!

Vypra then appeared.

Vypra then appeared.

Vypra: Hey guys. Looks like you all have your hands full.

Luan: That's an understatement.

Nico: Yep.

Vypra: I have a perfect archenemy for Tifa Lockhart. You can come out.

A figure came out and it was COUNT MARZO!

In the 2002 version of the series, both his origin and look are somewhat different. Years ago, Count Marzo attacked the Hall of Wisdom. Fortunately for Eternia, Captain Miro, father of King Randor, and his army managed to defeat Count Marzo. He was imprisoned in the form of an old man and exiled to the Dark Hemisphere, while the Amulet, the source of his magical power, was placed far beyond the reach of man. He returns and tricks Mekaneck into getting him the Amulet in exchange for a wish. When the Amulet is retrieved, Count Marzo reverts to his normal form and plans his revenge on the Royal Palace and uses his hounds to emit knock-out gas throughout the palace. It takes Mekaneck and He-Man to defeat him as He-Man throws the Amulet far into the seas of Eternia as Mekaneck captures Count Marzo and imprisons him.

Skeletor later frees him and returns his Amulet to him when he is recruited into the Council of Evil. He captures Mekaneck and assists Evilseed in restraining He-Man. Of the entirety of the Council of Evil he is the only one to outwardly attack Skeletor after it becomes clear he is unwilling to share any power from Grayskull. His attack is however completely ineffective on Skeletor, despite its obvious strength. In the battle at Castle Grayskull, he is one of the few who stays and fight, however, Stratos swipes his Amulet and The Sorceress of Castle Grayskull and Zodak use the Elders' powers to revert Count Marzo back into an old man form.

Count Marzo returns when his old man form steals from a horde of Barbarians and Evil-Lyn returns his Amulet to him in exchange for his help into releasing Hordak from Despondos through the Well of Darkness. In the end, He-Man intervenes and Count Marzo takes back his Amulet and flees.

Marzo is portrayed as extraordinarily powerful in the 2002 series revival, having single-handedly dispatched both He-Man, the Masters of the Universe, and everyone else in the Royal Palace of Eternos using a combination of might and magic to render the entire kingdom incapacitated. Another show of power being after Evil-Lyn, she herself being a formidable sorceress, unleashed an immense barrage of dark energies on the Count. Marzo simply walked through the blast, totally unaffected and (in a particularly vile moment) incapacitated the exceptionally strong Evil-Lyn by striking her across the face, not even needing to use his magic.

---

Me: Count Marzo!

Nico: Oh man!

Count Marzo: Didn't expect to see me again didn't you?

Me: We still have your amulet on our Trophy Hall.

Nico: We sure do.

Me: Looks like we're having an awesome warmup battle as well. Cool.

Me: You and I have an old score to settle Mōryō.

Vypra: And I know just the planet to have you all duke it out on.

Vypra snapped her fingers and we were on a mountain planet. It was the home planet of Echo-Echo and his kind the Sonorosians, SONOROSIA!

---

**Sonorosia** is the home planet of the Sonorosians.

Landscape

Massive, majestic gorges and immense, breath-taking canyons displaying beautiful layers of multi-colored strata from their gradual formation over the ages can be found all over Sonorosia.

Life on Sonorosia

Sonorosians are the only natives with the innate ability to manipulate sound waves, but other creatures on Sonorosia are able to take advantage of Sonorosia's cavernous topography, utilizing different specific locations on the landscape as whisper chambers or to generate echoes as a defense mechanism. They use the immense gorges to use echolocation to find each other.

---

Me: WHOA! Look at this planet.

Nico: Wow. The mountains are amazing.

Vypra: This is Echo-Echo's home planet Sonorosia.

Me: WOW! So this is Sonorosia.

Maria: (Squeals) I always wondered what Echo-Echo's home planet was like.

Ben: Me too. This is an awesome planet.

# The PLOOP Princes Cometh

At the estate we were getting ready to watch another awesome Robot Chicken segment. We found out that there were a bunch of segments based on Toy Story

Woody: You know there are other Robot Chicken sketches of us, right?

Koichi: We'll get to those in the future. For now, enjoy this one where you guys meet Pinko.

Me: Okay. This one sounds interesting. Lets watch.

I pulled up the video and played it.

(Scene opens with Woody, Buzz, Rex, and Mr. Potato Head from "Toy Story", plus a block of wood with pieces of string attached to it)

**Woody:** Guys, look what Andy's aunt got him from Gwyneth Paltrow's website. Say hi to Pinko!

**Pinko:** Hello.

**Mr. Potato Head:** What are you?!

**Pinko:** I'm a Swedish creativity object designed in conjunction with freespace theory, which encourages cognitive freedom. For instance, your cowboy concept restricts imaginative thinking, where as I am conceptually neutral. Andy chooses what I am, not the manufacturer.

**Mr. Potato Head:** I already hate this prick.

**Buzz:** Hey! Stop that! We're all friends here, Mr. Potato Head! Pinko, let me be the first to welcome you and shake your hand!

**Pinko:** How can I shake your hand?

**Buzz:** Uh, with your hand, right there!

(He points to a string extending from Pinko's body, where an arm would be).

**Pinko:** Who said that's a hand? Maybe I'm a magical train, and that hand is a wheel. Maybe I'm a candy-making machine, or a hotel for tiny clowns. My concept will come from Andy's brain, not yours.

**Buzz:** Whoa, no need to get upset, man!

**Pinko:** Man? How dare you! Maybe I'm a woman. Maybe I'm an asexual space creature. Andy should decide, and not be forced into your narrow, violent worldview.

**Woody:** Violent? We are *not* violent toys.

**Pinko:** Really? What's that holster used for? Probably not organic fruit snacks. (Points to Buzz) And I bet that laser isn't meant for pointing to things in a classroom setting. (Points to Rex) That's a Tyrannosaurus Rex. A.K.A. nature's perfect killer. (Points to Mr. Potato Head) And you're the most frightening toy of all.

**Mr. Potato Head:** What, because of my acerbic point of view?

**Pinko:** You keep body parts in your trunk. You know who else did that? Jeffery Dahmer. And didn't you strap a bear to the grill of a truck to teach him a lesson? Who *are* you, the mafia?

**Woody:** Hey! Shh! Andy's coming!

**Pinko:** I can't wait to begin growing creatively with Andy!

(They all fall limp. Andy walks in and picks up Pinko)

**Andy:** (Reading, somewhat in disbelief) "I'm Pinko. You decide what I am." (scoffs) Okay, you're trash!

(He throws Pinko into a wastebasket)

**Pinko:** Hey, can someone give me a hand?

**Buzz** (to Woody): Who says these are hands?

(They laugh and give each other high fives)

We were shocked.

Potato Head: Who does that asshole think he is? Comparing me to Jeffery Dahmer!

Sunset Shimmer: We all know you're not like that.

Me: Yeah! Jeffery Dahmer was a monster that got what he deserved when that inmate beat the living shit out of him.

Nico: You got that right. Besides this clip was not nearly as funny as the other clips we saw before.

Me: I know.

Nico: That Pinko guy was a jerk!

Varie: Big time jerk.

Woody: We are not like the mafia!

Shrapnel: Of course you're not.

Fat Tony: (embarrassed) Though me and my boys do still play with toys.

Me: Well they mean no offense Tony but this is just a silly clip.

Louie: Yeah we know.

Legs: Yeah.

Me: Good.

Maria: Also I saw this really silly Robot Chicken Segment where SpongeBob found out the truth about Krabby Patties. Nico you remember that one right?

Nico: I sure do.

SpongeBob: What is the Truth about Krabby Patties?

Me: Well this might be a big time shock to you even though it's not true.

I played the segment.

*(At the Krusty Krab restaurant, SpongeBob SquarePants bursts open the kitchen door.)*

SpongeBob: Krabby Patties are made out of *CRABS! (The customers gasp in horror. A green fish retches and spits out his bits from his Krabby Patty.)*

Mr. Krabs: Hah! Everyone knows Krabby Patties are me family's secret recipe, boy.

SpongeBob: Then, explain this! *(holds out a box with the label "Crab Legs" in it with some crab legs in it and everyone gasped at him and a box of crab legs)* You said you fired Carl the night janitor, but this is his tattoo! *(Holds a crab leg that says "Born 2 Lose" and the camera zooms in on it. Mr. Krabs grabs him by the shirt.)*

Mr. Krabs: You little yellow traitor… I've treated you like a son, me boy!

(SpongeBob pushes him aside)

SpongeBob: And it's not just crabs… *(turns to Squidward, eating calamari rings)* Squidward, those calamari rings are SQUID! *(Squidward quacks and Mr. Krabs was disgusted to see him scream)* And your Creature-of-the-Sea salad?! Hah! Tuna! Chicken-of-the-Sea is TUNA! *(A yellow fish gasps in horror and pushes the bowl just out of her reach. The angry customers mob around Mr. Krabs.)*

French Green Fish: You fed us to us!

Orange Fish: We gotta pay you to kill us?! *(points at Mr. Krabs)*

SpongeBob: You're disgusting!

Mr. Krabs: No… I'm the last honest man in Bikini Bottom. We're all sea creatures, boys and girls. Eating the Krabby Patties is what they intended. *(The customers fight him, and the camera pans away to SpongeBob.)*

SpongeBob: *(sighs)* I'm just glad nothing disgusting ever happens to a sponge.

*(At a hospital, an extremely obese man sits on a bed with a nurse at his side.)*

Nurse: Okay, just gotta scrub deep within your rolls of fat and we're done. *(Does so, as SpongeBob abruptly pushes the scene aside)*

SpongeBob: I said "Nothing disgusting ever happens to a sponge!"

*(The nurse is heard in the background)*

Nurse: Ughh… I hope that's pudding in there… *(SpongeBob is seen with a weird look on his face)*

*(We end with static as always)*

We laughed at that one.

Me: That was really funny!

Lincoln: Yeah it was!

Pinkie Pie: That sure was funny!

Hamm: I agree with whoever typed up this clip's summary. Someone oughta chuck that blockhead into Sid's yard!

G1 Bumblebee: Assuming Sid even still lives there.

Me: I don't think he does anymore. But we'll have to find out later. SpongeBob I hope you and everyone aren't too shocked about what you saw.

SpongeBob: I'm not shocked. I know it's all a silly cartoon. But now I know what you all did when we faced that evil Krabs. You used something similar to the Robot Chicken gag featured in that cartoon.

Maria: We sure did and it was a really good plan.

Me: Wow! Maria that was genius.

Varie: We all came up with it actually.

Me: It was a great plan though.

Nico: Yeah it was.

Lincoln: Yep.

Laney: But that was great though.

Lana: Yeah. J.D. can I ask you a question?

Me: Sure.

Lana: How did you bring back a legendary pony like Clover the Clever?

Me: That is a great question and I had a feeling you were gonna ask me that one.

---

Me: (Narrating) **After Princess Celestia and Luna showed us the restricted section in the Canterlot Library and we learned all about the Memory Stone and how Clover the Clever pursued that evil sorceress that had it, I figured why not recruit the legendary Clover the Clever in the future. So with the information I learned in the scroll, I retraced the steps of her.**

I flew through the forest where Clover followed the evil sorceress.

Me: This looks like the same path that leads to the portal that goes to Canterlot High School.

I went through the forest and found the portal and went through it and I wound up in a forest in another part of Earth. My scans show that this was the forest near Canterlot High School. I followed the map and found the statue where the Memory Stone was sealed away.

Me: This must be the statue where Wallflower found the Memory Stone.

But that wasn't the only thing that I saw that was there. I saw the skeletons of Clover the Clever and the evil sorceress. But the bones of the evil sorceress were all turned to stone.

Me: Clover defeated the evil sorceress but at the cost of her own life here on Earth. She is a true hero. But she needs to be reunited with everyone she knows. But first.

I fired an energy blast at the petrified bones of the evil sorceress and blew them apart in a fiery explosion.

Me: Good riddance.

I walked over to the bones of Clover the Clever and chanted a powerful incantation and fired a beam of light and it hit the Skeleton and brought Clover the Clever back to life! She was a girl with green hair and purple eyes and she had white robes and her brown cloak that had quills and scrolls in it.

Clover opened her eyes for the first time in 1,000 years and she saw me.

Clover: What happened?

Me: I brought you back from the dead Clover. My name is J.D. Knudson, leader of Team Loud Phoenix Storm.

Clover: I've heard so much about you! I was told by a man named Ra's Al Ghul all about your achievements.

Me: I had a feeling it was Ra's that told you all about me.

Clover: How long was I dead?

Me: Its been over 1,000 years. But you succeeded in taking down that evil sorceress and the Memory Stone was destroyed.

Clover: Wow. I have so much to catch up on. But where is Star Swirl?

Me: He's back at my estate. This is the Human World that you are in, Planet Earth.

Clover: Wow. I can't wait to see Master Star Swirl again after all these years. I heard he disappeared.

Me: That is a very unusual story.

I told her everything.

Clover: (Gasp) So he and the other 5 Pillars of Harmony were trapped in Limbo after all these years?

Me: Yeah. It was an amazing adventure and we freed them from Limbo.

Clover: I can't thank you enough. I have so much to catch up on.

Me: 1,000 years worth of catching up. Lets head back.

We teleported back.

Me: (Narrating) **We teleported back to the estate and went in and found Star Swirl writing more spells down.**

In his study, Star Swirl was writing many spells down.

I knocked on his door.

Star Swirl: Come in.

I opened the door.

Star Swirl: J.D. hello.

Me: Sorry to bother you Star Swirl. But I have a special someone here to see you.

Clover came in and Star Swirl gasped in shock.

Clover: Hello Master Star Swirl.

Star Swirl: Clover! Oh Clover!

They hugged for the first time in 1,000 years!

Clover: I've missed you so much Master!

Star Swirl: I missed you too Clover.

I was happy for them.

Star Swirl: How did you come back?

Me: I brought her back Star Swirl. It's a very interesting story.

I told him everything.

Star Swirl: So Clover sacrificed herself to destroy the evil sorceress.

Me: Yeah. It was over 1,000 years ago. It would've been in 11th Century A.D. in Earth Standard Times back then.

Star Swirl: I can see that. My goodness.

Me: Ra's told her everything we did when she was up in Heaven and she knows about everything we do. But she has a lot of catching up to do.

Clover: I sure do. But I'm just so happy to be back.

Me: I think you all are.

FLASHBACK ENDS

Nico: Wow! That's amazing.

Me: It sure is.

Ra's: Yes I remember that and I remember also telling your friend Pierce about everything that happened.

Me: I remember that too.

Nico: Wow. J.D. that was amazing that you brought Clover back.

Clover: And I'm so glad to be back. I'm also now the 9th Pillar of

Harmony: Diligence.

Me: Wow. That's cool.

Lincoln: It sure is.

Me: Yeah.

---

Later we were getting ready to go to Japan yet again.

Bleez: Where are we headed now?

Me: To Tokyo, Japan yet again. We're going to meet an awesome group that knows how to fight with these.

I held up a deck of cards.

Bleez: Cards?

Me: Not just any cards. These are Kaijudo cards.

Nico: AWESOME! We're gonna meet Shobu and his friends.

Me: Yep. And it's gonna be awesome.

Lincoln: Cool! What monsters are in these cards?

Me: All kinds. Bolshack Dragon, Ultimate Galaxy Universe, and many more.

I showed everyone what they looked like.

Nicole: Wow! I remember playing with those and they are awesome.

Eli: They look just like Duel Monster Cards.

Me: They do don't they. But this is gonna be really cool meeting Shobu and his friends. This is something I'm looking forward too.

Lincoln: Me too!

The Springfield Bullies, U-Foes, Evil-Lyn, Common Cold, Knightbrace and Saïx appeared.

Jimbo: Can me, Kearney, Dolph, Evil Lyn, Common Cold, Knightbrace, the U Foes, and Saïx come with you guys?

Me: You sure can. This is gonna be awesome.

Dolph: I remember playing Duel Masters. Good times.

Me: You played Duel Masters too Dolph?

Dolph: It was a Hobby. Good times.

Vapor: Wow

Eli: That's amazing.

Me: Yep. Lets head out everyone.

We were off to Tokyo, Japan.

---

TOKYO, JAPAN

---

We arrived in Tokyo, Japan once again and it was as busy as ever.

Me: Here we are guys. Welcome back to Tokyo, Japan.

Laney: Wow. It's so busy as ever.

Clover: It sure is.

Lola: Wow.

Me: Lets find Shobu.

We walked around and we saw something going down in the park.

Beekeeper: Is that them?

We looked and in the park we saw Shobu and his friends being picked on by a thugish kid name Onsen.

Me: That's them. Not on my watch.

I went over.

Onsen: I'm gonna make you wish you were never born.

He pulled his fist back and I grabbed it.

Me: How about you pick on somebody your own size?

I threw him and he crashed into a trash can.

Shobu: WHOA! J.D. Knudson!

Me: That's right.

Ironclad: (picks up Onsen by the throat) Say the word, Vector, and I'll snap this kid's neck!

Me: No guys! Let him go. He went through enough already.

Vector: J.D. is right. Let him go.

Ironclad: Oh all right.

He did so and the kid ran away.

Me: What a wuss.

Shobu: It's such an honor to meet you all!

Me: Same here Shobu. We heard so many awesome things about you.

Shobu: Not as much as all of you. You guys did it all over the years and did an amazing job.

Me: We do what we do.

Nico: That kid was a monster picking on you like that.

Me: Yeah what a thug. If he tries anything he'll wish he was never born.

Vince: Yeah.

Shobu: Let me show you all where I live.

Me: Okay.

We went to Shobu's house and it was amazing.

Shrednaught: So, this is where you live?

Shobu: Yep. My father is over in the Nature Civilization right now so he'll be back later.

Me: I heard so much about your father Shori Kirifuda. He is the greatest Kaijudo master of them all.

Shobu: That's right and thanks to the help of my friends I was able to become like him.

Me: Their support in you is amazing.

Twilight Sparkle: That is true friendship right there.

Me: It sure is. Also your Kaijudo cards are amazing.

Nico: They sure are.

Saïx: Those Duel Master Cards are similar to Duel Monster cards.

Yugi Moto: I was just about to point that out.

Me: I know. The design is much different than what we see in Duel Monster Cards though. But they are both amazing.

Shobu: They sure are. But I'm glad you all are here because I need your help with something.

Me: What is it?

Shobu: An evil organization called P.L.O.O.P. is attacking the civilizations and we have to destroy them.

Me: What does P.L.O.O.P stand for?

Brittney: Oh no! The Powerful Loyal Order Of Princes!

Shobu: Do you have a history with them Brittney?

Brittney: You could say that Shobu. The Goths of Darkness are not only called that just for show but we are also Bounty Hunters.

Ingrid Third: We go after the most dangerous criminals and organizations in the world and turn them over for huge profits.

Raven: It's really good money. The pay is really good.

Brittney: Yep. And P.L.O.O.P. is one of our most elusive enemies.

Me: Can you tell us all about them?

Brittney: I sure can.

Brittney went over their history.

We gasped in shock!

Me: So we got a bunch of evil monarchs that want to take over the world. Not on our watch!

Octane: That organization needs a better name.

Me: Yeah I think that name is really stupid. But we'll gladly help you take them down Shobu.

Shobu: Thank you guys so much. We're gonna need the help of all my friends too.

Me: All right lets go. Who do we need to find?

Shobu: Hakuoh, Rekuta, Sayuki, Mimi, George, Dr. Root and Knight.

Me: Okay lets go.

We went out to get Shobu's friends.

First we found Dr. Root.

Knightbrace: Are you Dr. Root?

Dr. Root: I sure am. (Sees us) Team Loud Phoenix Storm! WHOO! It's an honor to meet you all.

Me: Same to you doctor. Shobu told us a lot about you.

Dr. Root: I can tell. You need my help to destroy a member of P.L.O.O.P.?

Me: Yes that's right. We're gonna need all the help we can get to take them down.

Nico: Yeah.

Dr. Root: I'll gladly help you.

Next we found Mimi in her garden meditating and she got up.

Onslaught: Hi there! Mimi, right?

Mimi Tasogare: That's me. (Sees us and gasps) WOW! Team Loud Phoenix Storm. It's such an honor to meet you all.

Me: Same here Mimi.

Nico: We were told so much about you from Shobu and how you and he are starting to date.

Mimi Tasogare: (Blushes) We sure are.

Shobu: (Blushes) Yeah we are perfect for each other.

Me: Aww. We're going after P.L.O.O.P. and we're going to take down Princess Pollyana first.

Mimi Tasogare: Awesome! Let me help you guys.

Me: Cool.

Common Cold: Maybe after we kill Pollyana, you two can go on a date.

Me: I think we can arrange that.

Shobu: AWESOME!

Mimi Tasogare: We would like that.

Me: Gotham Royal York is full of great things to do and lots of awesome restaurants. And you all can have fun at our awesome amusement park Phoenix Land.

Shobu: COOL!

We got all of Shobu's friends.

Me: Great we're all together. Now it's time to dethrone a princess.

Long John Silver: Now, where do we find Pollyana?

Mimi Tasogare: In the Nature Civilization.

Shobu: She's heading for my dad!

Me: We got to get there fast. Come on!

We went to a mine that Shobu told us about and it was a doorway into the world of Kaijudo, the planet where the Duel Masters

Creatures come from. We were in the Nature Civilization and it was breathtakingly beautiful!

---

Dense jungle covers the largest continent, home to the Nature civilization. Here in the hot, humid climate, vegetation grows tall and thick and little sunlight is able to penetrate the vast canopy above.

The World Trees have grown so tall and store so much energy, they almost touch the cities in the Light world. Their stored energy has resulted in a distortion of gravity on the Nature world, creating an overpowering gravitational pull. Creatures from other civilizations are unable to function freely in this unrelenting atmosphere.

Although there are many races in this unique ecology, there are no cities and no one race governs. Instead it is a society where "might makes right," and even Beast Folk, the most advanced of the races, possess only a rudimentary level of technology.

To survive the oppressive gravity on this continent, Nature creatures have developed extraordinarily muscular physiques.

The more advanced races practice the art of body tattooing. Designs often represent religious icons, based on their belief in animism or spiritual worship. The most commonly used symbol is an "eye."

In the past, Nature inhabitants paid little attention to the other civilizations. Now the search for more hospitable surroundings by Darkness and Water civilizations poses a serious threat to the Nature lifestyle. Avoidance of inter-civilization war is no longer an option in the struggle for survival.

Dragon Saga

Unlike the original peace-loving Nature Civilization, this Nature Civilization plays an antagonistic role and seeks to control all other civilizations including a part of itself.

Their leader was Sasoris, Dragon Edge.

Their main races were the Beast Folk Go and Jurassic Command

Dragons.

The Jurassic Command Dragons were born when Sasoris, Dragon Edge hit other creatures with Judaina. As at that time the acorns offered were not enough, it spawned poisonous dragons.

As Acorns are used as food, constant offering of acorns to summon the Jurassic Command Dragons has caused the food supply to be depleted and Sasoris started to enter extreme hunger. In this state when Sasoris used Judaina it caused a Dragon known as Domitius, Evil Emperor of Five Dragonskind to appear who wants to rule the world and is on a rampage that the Beast Folk Go cannot control. The witches known as "Haraguro X" (Erikatchu, Diva Style, Saepoyo, Charming Faerie and Marinyan, Dragon Edge) were sent to calm the dragons with their music. However Sasoris saw the power of Gaiglen and wants more power, and thus it decided to strike Domitius with Judaina twice. From striking Domitius Imen=Bugo, Dragon Edge was born, who did not awaken to the power of the primitive dragons when struck by Judaina, but striking it with Judaina awakened Imen=Bugo's primitive desires and this caused it to betray Sasoris. In order to resist Imen=Bugo, Sasoris decided to hit other Dragons with Judaina. This time, it succeeded and Juran Kuruga, Growthkind was born.

Since then, the Nature Civilization broke into a war between Imen=Bugo and Sasoris.

However, the hidden mastermind behind "Duel Masters", the original Draguner, The=Deadman, Dragon Edge had appeared from hidden inside Nam=Daeddo, Bronze Style.

He had stole Judaina, used the power of all civilizations to create "Paras" dragons, and has made a surprise appearance in "Duel Masters" along with his dragheart Niga=Abushumu, Invasive Mystery. He attempts to seal the winner of the competition and his dragheart into a new Dragheart.

Now, Sasoris, whose only friend was lost, starts to ask Glenmalt for help.

While getting Judaina back, Sasoris knew that The=deadman took away Malt's Father and is looking to help his friends, Ohginga and Gairaioh. Sasoris, however did not have it's difficulties. That was Judaina being used by The=Deadman, and It can't defeat The=Deadman. Then it started gathering acorns.

Now it continues to get acorns and produced more Jurassic Command Dragons. Then it heard Judaina saying "You need more acorns." and guided by Judaina's voice, it became angry and hit itself with it. This anger has spread to Judaina and it became the king of the ancients: Sauzaurupio, Terror Ancient King.

Then after defeating The=Deadman, Sasoris releases Sauzaurpio's soul. Sasoris said: "If I don't have you, the price of acorns decreases." Sauzaurpio said: "You like too much acorns so half is enough." After this, Sasoris heads to the goal.

As compared to the landscape of the original Nature Civilization, this Nature civilization is mostly consisted of tropical forests, tribal ruins and a few snowy grounds where Snow Faeries and Mammothdon, Proboscidean live and the trees there seem to be not as tall and dense as the original world.

After the fallout in Revolution Final, the Nature civilization is ruled by Insect like creatures known as Gransect. Due to the lush soil and bountiful natural resources, the Gransect are capable of planting large vegetables. While these vegetables are delicious, they can be used as weapons, and when an animal gets hit by it they become part plant. This has caused the nature civilization to research them in order to create advanced weaponry, causing the Fire Civilization below them to mimic them using hamster tanks. However, the nature civilization is a peaceful civilization and it is completely unknown why they are arming themselves, and the reason is unknown save for a few Gransect warriors. The Gransect also nurtured nature for Snow Faeries which had mostly disappeared after the fallout. Recently gransects had also disappeared en masse so the civilization is put on guard.

---

Me: WOW! Is this the Nature Civilization?

Mimi Tasogare: It sure is. Isn't it beautiful?

Me: It sure is.

Laney: Wow. It's like everything in nature is one with the world.

Nico: It sure feels like it.

Naruto: Yeah it does.

Me: I sense Pollyana down in that forest. Lets go.

We flew down to the forest.

Pollyana was terrorizing a bunch of creatures.

Pollyana: Soon you all will be mine for the world to be ours.

An energy blast then went at her and she saw it coming and dodged it and it hit a mountain and exploded.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Pollyana landed on the ground.

Pollyana: What was that?

We landed in front of her.

Me: Princess Pollyana of Green Gables. So we meet at last.

Pollyana: Team Loud Phoenix Storm.

Evil Lyn: Can you give us one good reason why we should let you live?

Pollyana: Because me and my group can help J.D. kill Barodius.

May: Say what now?!

Pollyana: That's right. (to J.D.) If you ditch your friends and join P.L.O.O.P., we'll make sure Barodius is taken out permanently.

Maria: If it weren't for the fact that you're trying to convince J.D. to abandon us, that offer would be legit.

Me: And to that offer I'm gonna have to say no thanks! As much as I find that to be tempting, I have my own ways of taking out Barodius. So thanks but no thanks!

Nico: Yeah! If you think J.D. will abandon us then you have another thing coming!

Vince: That's right!

Lincoln: YEAH!

Rich Texan, Box Ghost, Absorbing Man, Professor XXXL, Mr. Mittens and Private H.I.V.E. then appeared.

Me: Rich Texan, Box Ghost, Absorbing Man, Professor XXXL, Mr. Mittens and Private H.I.V.E.

Professor XXXL: Yes it is us for I, PROFESSOR XXXL, am here to have fun!

Rich Texan: Well, howdy there, Shobu!

Shobu: Lemme guess. You 6 are part of the Masters of Evil as well.

Box Ghost: Of course we are.

Absorbing Man: I gotta say. Those Duel Master Cards of yours are the best. Especially that Rothus guy.

Me: They are amazing aren't they and they have incredible artwork.

Eli: I find them most amazing too.

Lincoln: We all do.

Nico: We sure do.

Me: You all picked a really bad time to have usual battles with us. We're going up against an evil organization that Brittney and the Goths of Darkness are trying to destroy.

Brittney: It's called P.L.O.O.P. It stands for Powerful Loyal Order Of Princes and they are dangerous.

Mr. Mittens: What is their goal?

Brittney: To gather an army of creatures from this world to take over the Earth. They are a terrorist organization like HYDRA.

Rich Texan: That's horrible!

?: (Three Voices all together) We think so too.

A figure came out and it was the fusion of Demonite, Falkar and Thunderon from episode 16 of Lightspeed Rescue - TROIKA!

---

**Troika** was a three-headed super monster that is the combination of Demonite, Falkar and Thunderon's crystal-like forms, this monster appeared in the episode "The Cobra Strikes".

After the initial defeat of Demonite, Falkar, and Thunderon, Diabolico collected their crystal-like forms and merged their likenesses together, creating Troika (pronounced as *Troy-kuh* ). Troika attacked Mariner Bay and fought the Power Rangers. Troika was a powerful opponent, taking out the Lightspeed Rescue Rangers in record time. Due to his immense abilities thanks to the combination, the Rangers were forced to retreat. While Miss Fairweather was working on a project that can help the Rangers, Troika himself went out on a rampage through Mariner Bay. The Rangers returned during his assault and battled this fusion creature, but he was still able to initially beat them into submission. The Rangers were then equipped with the new Battle Boosters, which enhanced their abilities. With this new power, the Red Ranger then charged at Troika, and successfully punched off Demonite's sword on Troika's right arm. Troika was surprised, and distracted long enough for the Red Ranger to give him a right jab, which countered Troika's own jab and punctured his chest. As much as he tried, Troika was no match. The Rangers then activated their Booster Beams, which blasted Troika, killing him.

---

Kelsey: Troika!

Troika: Long time no see rangers!

Me: I remember you! And I know you all too well. You are a combination of all of Diabolico's most powerful monsters and he turned Thunderon, Falkar and Demonite into crystals and combined all three of them into what you are. Creating a powerful Super-Monster. Wicked Awesome!

Troika: Impressive that you know that. We're impressed that you remember that.

Me: Never missed an episode.

Troika: (to Carter) You haven't used your Battlizer for a long time, Red Ranger. Maybe you should use it again in this battle against me.

Carter Grayson: Oh I plan to.

Me: And he's not the only one with a Battlizer. But my version is called Megabattle.

Laney: Yeah! It's awesome!

I then sensed a massive Negative Energy surge.

Me: WHOA! Do you guys feel that?

Nico: Yeah that is a Massive Negative Energy surge. Where is it coming from?

?: That would be from me.

I recognized that voice.

Me: Oh no! Its been 150,000 years since I saw your fucked up face, Shinno.

A figure came out and it was my old nemesis of the Hidden Sky Village, SHINNO!

**Shinnō**, also known as **Dr. Shinnō**, is the main antagonist in the second *Naruto Shippuden* film *Naruto Shippuden: Bonds* .

He was voiced by the late Unshō Ishizuka in the Japanese version, and by Jamieson Price in the English dubbed version.

## Past

It was revealed that in the past, he taught Orochimaru forbidden reincarnation ninjutsu. He also took in an orphan girl named Amaru that was terribly ill. After saving her, he raised Amaru like she was her own. Secretly however, Shinno had plotted to gather up dark chakra with the Zero Tails for several years.

## Plot

After sky ninja attacked the Hidden Leaf Village, Shinno and Amaru appeared for help for their village. After healing a group of villagers, Shinno insisted that Naruto, Sakura, and Hinata would escort them back to their village. There, when Amaru accidentally sets off a trap, Shinno jumped in and sacrificed himself to save her life.

Later, inside the floating structure, it turned out that Shinno was completely fine by using the illusion of death. He revealed that he was with the sky ninja and that he only portrayed as a doctor just to have Amaru's trust. He used up the Dark Chakra that he harvested from the villagers and gained the "ultimate body", which gave him superhuman strength and the ability to freely manipulate his chakra. He repeatedly demolished Naruto a few times, due to Amaru having negative emotions. After Amaru let go of those feelings, Naruto was able to gain the upper hand. Before he could deliver the final blow, Sasuke appeared and told Shinno that he had to go to Orochimaru.

After refusing him, Sasuke used Chidori Senbon to disrupt Shinno's chakra flow, which stripped him of his dark power and made him into an old man. During the final battle, Shinno merged with the Zero Tails to kill Naruto and Sasuke once and for all. After he emerged and taunted them, the cocoon bursted, killing him once and for all.

Shinno: I'm flattered that you remember me after all these years J.D.

Me: And you are still just a fucking old man that I'm glad I took down?

Nico: Is he another one of your enemies that you faced in the future?

Me: Yeah that's right. His name is Shinno and he's a Medic Ninja from the Hidden Sky Village.

Nico: The Hidden Sky?

Me: It was a village that I completely destroyed single-handedly during the 2nd Great War.

---

Me: (Narrating) **Before I joined the Hidden Leaf Village around 30 years prior, I participated in the 2nd Great War and it was a brutal battle. I then saw a flying fortress that was heading towards the Battlefield and that flying fortress was that of the Hidden Sky Village. I flew out to face it and a bunch of Sky Ninjas told me that they were gonna take over the 5 Great Nations.**

Sky Ninja 1: We're taking over the 5 Great Nations so that everything can be a Sky Empire!

Future Alternate Me: Over my fucking dead body you motherfucking bastards!

I then fired a massive energy blast all at the Hidden Sky Village fortress and obliterated all of the Sky Ninja's in one fell swoop and destroyed the entire village all at once.

Me: **The Hidden Sky Village met its demise that day. I dealt an incredibly devastating and crippling blow to their entire fighting spirit and destroyed it completely.**

FLASHBACK ENDS

Me: Or so I thought. Lady Tsunade got word that the Hidden Sky was planning to resurface after such a humiliating defeat at my hands. She sent me, Naruto, Sakura and Hinata to go and stop it. That's when we met Shinno and our friend Amaru and we found out that Shinno was doing a really diabolical plot.

Nico: Which was?

Me: He was gathering Negative Energy and Dark Chakra to feed a malevolent creature called the Zero-Tails. It's an ugly and repulsive Masked Leech that feeds off the Negative Energy within everything.

Lincoln: Whoa! Did you kill that creature?

Me: I sure did and I did it by sucking all of its Negative Energy out of it and gaining a massive energy increase as a result. I then turned to Shinno and pulverized the living shit out of him. After that, I banished him to the same pocket dimension where I imprisoned Yomi and Mōryō.

Nico: WHOA!

Me: Yeah and now I'm going to make sure this monster suffers. But how did you come back.

Shinno: Thanks to this.

He pulled out a card and it was NUMBER 36: CHRONOMALY CHATEAU HUYUK!

We gasped.

Eli: Number 36: Chronomaly Chateau Huyuk!

Jessie: That card is based on and designed from the ancient neolithic city Çatalhōyük in Turkey. That city is over 9,000 years old.

Eli: That's amazing!

Nunnally: It sure is.

Vypra then appeared.

Vypra: Hey guys.

Me: Hey Vypra.

Vypra: I have a new archenemy that I think will be perfect for Numbuh 1.

Numbuh 1: Ooh I wonder who it will be?

A man in a cloak came out and it was our old friend of our days in the Brave 12: THE GENTLEMAN!

---

**The Gentleman** is a one-shot antagonist of the animated TV series *Samurai Jack* . He is a bounty hunter who was paid by Aku to assassinate Jack.

He is part of a group of other bounty hunters, paid for the same goal. He is described to have murdered many people in the past, and who eventually takes the challenge of killing Jack. Despite his violent and malevolent career, he is actually a very calm, polite, eloquent, and persuasive individual who speaks with verbosity (that is, he uses long and complex words and phrases in his everyday speech with a voice tone resembling that of Huckleberry Hound), which is shown to confuse those around him of less intelligence.

He was voiced by Daran Norris, who later voiced another *Samurai Jack* villain, X-49 and Anti Cosmo and Jorgen Von Strangle in Fairly OddParents.

---

Me: The Gentleman!

Gentleman: (Posh Accent) It is good to see you again J.D. Knudson. How have things been with you after you all defeated Aku and saved the world?

Me: Doing great now that Aku is out of the picture.

Qin: Isn't he one of the Bounty Hunters that tried to come after you all when you were on your journey as the Brave 12?

Me: That's right.

Gentleman: You are indeed correct my dear Qin. We were originally hired by Aku to kill the Brave 12. But after Aku was killed we were all freed from his evil. As for me, Jojunga, I & Am, Boris and Princess Mera, we were all hired by the Masters of Evil to participate in what you all call your usual battles as well as collect profits for them by turning in criminals and villains.

Me: Ah so kill two birds with one stone in a sense.

Fluttershy: Oh please don't say that.

Me: It's just a figure of speech Fluttershy. It means get two or more things done at the same time.

Fluttershy: Oh that's a relief.

Me: Yeah. Lets get it on!

We powered up and went at them.

Battle 1: Becky, Ink Rose, Moonlight Raven, Firecracker Burst, Starlight Glimmer, Trixie, Juniper Montage, Clover the Clever, Bleez and Frightwig VS Rich Texan

Rich Texan was first.

Rich Texan: (to Becky) One of those pirated movies that Homer showed was based on Star Wars.

Becky: That's interesting and I'm a huge fan of Star Wars.

Ink Rose: That's a great movie series and it's one of our favorites too.

Moonlight Raven: It sure is.

Firecracker Burst: I'm a huge Star Wars fan and it is so cool.

Starlight Glimmer: It sure is.

Rich Texan: Yeah it is!

Trixie: Always get a great thrill out of that movie.

Juniper Montage: We sure do and it's awesome how they did all that.

Clover: I think so too and it was clever that Luke outsmarted so many enemies over the years.

Bleez: That was most fun.

Rich Texan: Yeah. I agree with you on that. Lets get it on!

Rich Texan called out his Pokemon and they went at him.

Box Ghost: (to Omi) So, you guys watched another Robot Chicken segment this morning?

Omi: (Tibetan Accent) We sure did and it was a most unpleasant one.

Fluttershy: Yeah I didn't like it at all because of its Mob-like nature.

Mage Meadowbrook: Yeah it was too dark for me.

Discord: I found it to be most enjoyable and as the embodiment of chaos I find things all unamusing amusing to my tables.

Danny Phantom: I figured that you would find it funny.

Dani Phantom: Yeah only you would.

Box Ghost: I know. Lets get it on!

Box Ghost was ready.

Danny Phantom: We're going Ghost!

Danny Fenton and Dani turned into Danny and Dani Phantom!

Cat: In all honesty no I don't think it's a match for Barodius at all. J.D. told us all about the kinds of crimes he did and Barodius would destroy P.L.O.O.P. in an instant with just a flick of his finger.

Dog: Yeah that's what I think too Cat.

Applejack: I believe it too. Barodius is a monster that must be stopped.

Apple Bloom: Yeah and he will too!

Rockhoof: (Scottish Accent) That's right lads!

Mr. Mittens: I can't argue with that. And I agree with all of you. Lets get it on!

Mr. Mittens called out his Pokemon and they went at him.

Applejack: Lets put this cat out to pasture!

Apple Bloom: Yeah!

Rockhoof: Lets do it lads!

Applejack, Apple Bloom and Rockhoof: VALKNUT STYLE FORMATION ART: TRINITY OF LIGHTNING AND APPLES!

They spun in a triangle formation and fired waves of lightning and apples and the blasts formed into a Valknut of lightning with apples of different kinds on it.

Cat fired waves of energy and so did Dog and Beekeeper and Doofenshmirtz fired waves of bees and energy and the blasts all hit Mr. Mittens and his Pokemon and knocked them down.

Cat: That was awesome!

Applejack: YEEHAW! That was awesome!

Rockhoof: I really had fun with that one lads!

---

---

Absorbing Man was next.

Absorbing Man: (to Ladybug) What do you think I can absorb around here for this battle?

Marinette: There's a bunch of trees around here and you can absorb those.

Absorbing Man: Good idea. But I am amazed that J.D. knows so many enemies from his travels.

Rarity: We all are.

Juleka: What he has experienced in his travels is amazing.

Adrien: It sure is.

Rarity: Indeed it is. All of his adventures are amazing.

Sassy Saddles: (British Accent) They sure are and I find all of them most incredible.

Mistmane: We sure do.

Absorbing Man: I can see that. And I see that J.D. brought your friend back to life.

Sable Spirit: He sure did and I'm so happy to be back with Mistmane.

Mistmane: Me too.

Absorbing Man: I know how you both felt about losing friends. I just wish my awesome wife Titania can be with me in the Masters of Evil.

Marinette: Maybe Vypra can recruit her later on in the future.

Absorbing Man: Maybe. Lets get it on.

He touched a tree and turned into solid wood and went at them and they went at him.

Levi: Your snow cones are some of the most scrumptious we've ever had and everyone would love them.

Pinkie Pie: I agree. You make the most perfect Snowcones EVER!

Maud Pie: (Monotonous) I agree. They are some of the best ever.

Emerald: No arguments there on that.

Rainbow Dash: You got that right. What Pollyana does is evil to the core.

Lightning Dust: Well said and she needs to be stopped.

Scootaloo: Yeah and she will pay for trying to tempt J.D. like that.

Flash Magnus: She has no honor when it comes to everything she does.

Barbossa: Aye maties! That she would.

Long John Silver: Yeah she would.

Private H.I.V.E.: Well said soldiers! Lets do it!

Private H.I.V.E. went at them and they went at him.

Rainbow Dash: Lets show him how the Wonderbolts do special formations.

Lightning Dust: You don't have to tell me twice.

Scootaloo: Yeah!

Rainbow Dash, Lightning Dust, Scootaloo and Flash Magnus: WONDERBOLTS STYLE FORMATION ART: NIMBOSTRATUS THUNDERSTRIKE FORMATION!

---

Battle 8: Me, Naruto, Eli and Sasuke VS Shinno & Number 36

---

Shinno was next and I was not happy to see him.

Me: You're gonna pay for your crimes you fuckfreak!

Shinno: We'll see about that! (LAUGHING INSANELY!) AFTER I DESTROY EVERYTHING ON THIS ENTIRE PLANET, I WILL REIGN SUPREME OVER A VAST SKY EMPIRE!

Me: YOU ARE MAJORLY FUCKED UP IN THE HEAD IF YOU THINK I'M GOING TO LET THAT HAPPEN YOU SHITFUCKING MOTHERFUCKER!

I then transformed into my Super Angel-Ebonwu-Phoenix 100,000,000 form.

Me: (Divine Echoing Fiery Voice) **You will never win! I killed the entirety of the Sky in 150,000 years and I should've destroyed all of them. Now I'm going to correct that mistake and finish what I started all those years hence.**

Shinno: Then come and get me!

Eli: Yeah you know you are defeated!

Naruto: Yeah!

Shinno then walked up to me.

Shinno: You may be the lone survivor of the once mighty Team Loud Phoenix Storm, (To Sasuke) You might be the lone survivor of the once mighty Uchiha Clan, (To Naruto) And you may indeed be the 9-Tails Jinchuriki. But you're still just a bunch of worthless brats who don't have any idea what they are doing.

Me: **And you are just a worthless shitsucking fucked up old man that should've died all those years ago.**

I held up an energy blast to his face.

Me: **Enjoy being erased from existence. SUPER HAKAI!**

I fired a massive Hakai energy blast and obliterated him from existence forever.

I powered down.

Me: That takes care of him. You mess with a god and you get divine punishment.

Bumblebee: Lets tear this bitch apart!

Sunset Shimmer: Yeah!

Bumblebee used the Autobot Cyber Planet Key and Sunset Shimmer used the Equestria Cyber Planet Key and they enhanced Bumblebee's Photon Rifle and Sunset Shimmer's fire powers 100-fold.

Shrapnel and Koichi used the Decepticon and Digimon Cyber Planet Keys and they enhanced Shrapnel's lightning antennae and Koichi's powers of darkness 100-fold.

G1 Bumblebee and Sunset Shimmer: FIRESTORM PHOTON BLAST!

Bumblebee fired a photon blast and Sunset Shimmer fired a massive blast of fire.

Shrapnel and Koichi: DARKNESS LIGHTNING MEGABLAST!

Koichi fired a massive blast of darkness and Shrapnell fired a wave of lightning.

Brittney: This bounty is as good as ours! And Shobu is gonna use that money.

Shobu: Yeah!

Brittney, Lucy Loud, Haiku, Ingrid Third, Moonlight Raven, Ink Rose, Gwen, Raven, Mimi Tasogare, Shobu, and Carly Atlas: DARKNESS DUEL FIRESTORM BLAST!

They fired massive blasts of darkness fire, fire and nature blasts and the blasts all hit Pollyana and exploded with incredible power!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Pollyana was knocked down and beaten and she got up and she was just as badly beaten up as Shinno was.

Ingrid: (to Shobu) How about using Rothus to kill this bitch?

Shobu: With pleasure.

Me: And I summon Ultimate Galaxy Universe and Exodia!

I summoned said monsters.

Eli: I summon SLIFER THE SKY DRAGON!

Yugi Moto: And I summon GANDORA THE DRAGON OF DESTRUCTION!

They summoned said monsters!

Me: OBLITERATE!

They fired powerful blasts of energy, Stars and lightning and the blasts all hit her and obliterated Princess Pollyana into nothing. She was banished to the Warp.

All that was left of her was a bracelet she wore.

Brittney picked it up.

Brittney: That bounty is ours. Whenever we defeat a villain we have to show proof that they are dead or alive.

Shobu: That makes sense.

Brittney pulled out a wanted poster with a picture of Princess Pollyana on it and it had a bounty of $726,983,856,286,477,384,937.00 on it.

Shobu: WHOA! That's a lot of money.

Me: Bounty Hunting is very profitable.

Gentleman: Indeed it is J.D.

Shobu: It's really gonna be nice fighting alongside you guys.

Private Hive: Glad to hear it, cadet!

Mr. Mitten: Now to get you ready for your date with Mimi.

Professor XXXL: And you can have some of my snow cones as well.

Brittney: And Pollyana's bounty will be given to you and your friends Shobu.

Shobu: Thanks Brittney! Wow!

Mimi Tasogare: YEAH!

Shobu: Awesome!

Me: Lets get you all ready back home.

We went back to Gotham Royal York and helped him get ready.

We had him and Mimi ready and we went to Grim and Nergal's Pizzeria and that was where they were having their date and it was great for them. Then they went to an awesome movie. It was for The Little Mermaid from 1989 and it was great. Eli loved it too and he had an awesome date with Nunnally too. For their lunch they went to Sweet Apple Acres and it was a great time for them. We later went back home.

Shobu: (To the viewers) This was an awesome adventure and it will be even more awesome as we help Team Loud Phoenix Storm on all their adventures.

Me: It sure will be fun Shobu.

We had a great adventure. One member of P.L.O.O.P. down and 6 more to go.

# Taking Down A So-Called Tyrant Father

We were over in the Fire Nation and it was doing really well after the fall of Ozai. It was doing so well that it erased all traces of Ozai from existence forever.

Killer Frost: Another day at the Fire Nation.

Me: Yep. Looks like things have gotten much better now that Ozai's reign of terror is over.

Nico: It sure is.

Zuko: And I'm glad my devil of a father is gone for good.

Azula: Indeed.

Azula was in a trench coat and fedora hat to hide herself.

Me: Azula, I know a lot of people still don't trust you yet, but we'll protect you.

Azula: Thanks J.D.

Laney: So what are we here in the Fire Nation for?

Me: We're going to recruit Zuko's friend and bounty hunter June.

Aang: I know her. She was hired by Zuko a while back to capture us.

Me: I remember that. But that because Zuko was on a path towards evil.

Laney: What can you tell us about her Zuko?

Zuko: She is a bounty hunter.

Zuko went over her history.

**June** was a bounty hunter who traveled around the Earth Kingdom and Fire Nation. Of all the bounty hunters in the world, she was the best and most expensive of her time. She was a mercenary and had no allegiance to any nation, only to the highest bidder for her services.

She was a confident and self-assured woman who possessed a dry, sarcastic wit. She was also considered beautiful, in a dangerous sort of way, and had incredible physical strength. June would arm wrestle men in bars on a bet, before squandering her winnings on a round of drinks. June wore a band with a skull motif around her top-knot.

She tracked her prey with the help of her mount, Nyla, a shirshu. Though blind, it *saw* by means of its powerful scent receptors, reportedly sensitive enough to "smell a rat a continent away". To capture her targets, June depended on her shirshu to use its long whip-like tongue coated in paralyzing toxins to stun them.

June originated from the Earth Kingdom where she spent her childhood traveling with her father, who was also a bounty hunter. It was from him that she adopted the tracking and fighting skills she employed. June's father received a shirshu from a rare animal collector in payment for a bounty, and gave it to her. The shirshu become June's inseparable companion.

Early in 100 AG, June tracked a fleeing target who had stowed on board Zuko's ship and captured him while inflicting mild damage to the ship. Iroh developed an immediate interest in her while Zuko was angered, though quietly impressed, with her proficiency and skill. After finding the huntress, they employed her to track down Aang by following his trail after obtaining Katara's scent from her necklace. They successfully found Aang at a nearby abbey where she was largely occupied with an angry Appa. Eventually Nyla was "blinded" by a large quantity of perfume that Katara had waterbent over it. As the shirshu lashed out in confusion, June and Zuko were both temporarily paralyzed. Iroh caught and supported her and was content to feign paralysis simply to get close and hold her. Although the act clearly annoyed her, she could not do anything about it.

At summer's end, a reformed Zuko and Team Avatar went in search of her hoping to use her shirshu to find the unaccounted-for Aang. Initially, June was not interested until Zuko gave her some encouragement, mentioning "the end of the world". However, Aang's scent could not be found, as if he did not exist. Instead, Zuko suggested they search for Iroh, hoping he would know; she soon led them outside the broken walls of Ba Sing Se, saying that Iroh was just on the other side of the large pile of debris and with her job complete, she wished the group good luck before riding off.

After the Hundred Year War, Zuko hired June in one of his many attempts to track down his long lost mother; to no avail.

---

Me: Whoa! She must be a really good Bounty Hunter.

Brittney: I can tell that she and the Goths of Darkness are gonna have a lot of competition.

Lincoln: Yeah me too.

Nico: But Bounty Hunting is a great profession and it's very profitable.

Me: Yes it is. Really good money.

We arrived at the local bar and found her having some drinks.

Male Lynn: Hi there! June, right?

June: That's right. Who wants to know?

Me: Team Loud Phoenix Storm that's who.

She spit out her drink and turned and saw us.

Me: It's a pleasure to meet you June.

June: Wow! I've heard so many incredible things about you. It's an honor to meet you all.

Me: Same to you June.

Brittney: Looks like we're gonna have some competition in the world of Bounty Hunting when we go after certain criminals.

June: So you are a bounty hunter too.

Brittney: I sure am. All of the Goths of Darkness are.

June: Always a pleasure to meet fellow bounty hunters.

Nicole: Same here. I'm a bounty hunter too. But I hunt down bullies.

Nicole pulled out wanted posters of bullies and showed them to her.

Nicole: These are all my targets.

June: Very impressive. They must've been tough targets for you.

Nicole: Not really. Didn't put up that much of a good fight. But their pay was good.

June: I see.

Bludgeon: Weren't you after a criminal just a few minutes ago?

June: I was. Just finished catching him. He was wanted for trying to assassinate Fire Nation Soldiers.

Me: Impressive. Obviously he didn't get the memo that the war ended a long time ago.

June: Probably not. And Aang, Katara, congratulations on your marriage. You two should be very proud.

Aang: We sure are.

Katara: And it's one of the greatest feelings ever.

Me: Yes it is and the Air Nomads Restoration Project is doing really well.

Nico: And so is the Southern Water Tribe Restoration Program as well.

Me: Yep. The Fire Nation under the tyranny of Sozin, Azulon and Ozai all have caused so much damage that it's almost completely irreparable.

Vince: Yeah. What they have done is awful.

Laney: And they all paid the ultimate price for their crimes.

June: I'm glad they did. Ozai especially.

Ironhide: June, would you be interested in joining the Redemption Squad?

June: What's in it for me?

Me: To redeem yourself after all the things that happened when you went after Aang and everything that went down under the tyranny of Ozai.

Zuko: And you would be joining it for a good cause like me and Azula have.

June: I see. So Azula is out now?

Me: Lily and Eion here cured her of her problems.

Eion: My aunt had Homicidal Schizophrenia and she was made that way because of events that happened in her life.

Me: Most of them were triggered by Ozai. But when he dies he will be Super Hakaied. I placed a terrible curse on him a few days ago that will Super Hakai him in 6 months.

June: Well that's good. His influence will be erased forever.

Me: Yeah.

June: I'm glad. But you all drive a hard bargain and I will gladly join you.

Me: Awesome!

Nico: Cool!

June was gonna have a lot of fun with us in both bounty hunting and in the team.

---

Later back at the estate we were getting ready to head out to Remnant because we got word that Jacques Schnee, Weiss's so-called father has been causing a lot of trouble in Atlas.

Me: That monster is gonna rue the day he messed with us.

Private H.I.V.E., Absorbing Man, Professor XXXL, Rich Texan, Mr. Mittens and the Box Ghost then appeared.

Private H.I.V.E.: Permission for me, Absorbing Man, Professor XXXL, Rich Texan, Mr. Mittens, and Box Ghost to come with you all to Atlas, sir?

Me: Granted soldier! Granted.

Nico: We're heading back to Remnant again?

Me: Yep. Weiss's partners in Atlas have informed us that her so called father Jacques Schnee escaped from prison during our battle with Salem and he's up to his old tricks again. This time we're going to hunt him down and kill him.

Lucy H.: He gives all fathers everywhere a bad name.

Me: Just like your so-called father Lucy.

Lucy H.: Yeah.

Rich Texan: So what's happening over in Atlas?

Me: Don't know. But we need to find out. Whatever it is it obviously isn't good.

Weiss: Yeah. We need to stop my so-called father and make sure he suffers for his crimes.

Me: Yep. Lisa, deploy the U.S.S. Valorous Phoenix.

Lisa Loud: You got it!

We got into the ship and we were off to Remnant.

---

The U.S.S. Valorous Phoenix was flying through the endless voids of space.

Me: Captain's Log, Stardate 2912.4: We are en route to the planet Remnant for a battle to take down Weiss Schnee's tyrannical so-called father Jacques Schnee. Our sources found out that during our battle with Salem that Jacques busted out of prison and is back to causing trouble again. Our mission is to stop him and rectify all the damage he caused to Atlas.

Nico: I hate that guy.

Eli: Yeah me too. After causing so much pain to sister Weiss's name and all that. He deserves nothing short of death.

Naruto: Yeah. He deserves the worst kind of punishment we can dish out.

Me: Well said bro. But I have a bad feeling that he has turned all of Atlas against us somehow.

Eli: You're right bro. I sense it in the Force.

Nunnally: Uh oh.

Me: Better stay on guard when we get there everyone.

Everyone agreed.

Lisa Loud: We have arrived at our destination.

Me: On screen.

On the view screen was planet Remnant.

Me: We're here guys. Lets land.

We engaged the landing procedures and we landed on the outskirts of Atlas.

Me: Everyone stay alert.

We went out and went into the city.

Clawful: (sees the people of Atlas glaring at us) Guys, I have a feeling that we're not welcome here anymore.

Me: I have that exact feeling myself.

Nico: (In his head) Oh no. Jacques what have you done!?

Lincoln: I've got a bad feeling about this.

I looked at a man glaring at me.

Me: What are YOU looking at you fuckwipe!?

Eli: (In my head) He turned them all against us.

Me: Lets find Ironwood and talk to him.

We agreed and went inside a building and found Ironwood.

Ironwood: Team Loud Phoenix Storm, good to see you all again.

Me: You too General Ironwood. What is going on?

Ironwood: It's worse than you think guys. Jacques turned all of Atlas against you guys.

Me: We can see that.

Rich Texan: Ironwood, you wanna tell us how in Tarnation Jacques pulled this off?

Winter: See for yourselves.

Winter then showed us a video on her Scroll. In the video, we saw our ship about to fire the superlaser at Atlas.

Maria: I knew that moment was going to be used against us sooner or later.

Me: It was all Jacques' doing! That fiend!

Nico: Yeah! He will pay for his crimes.

Naruto: In worse than blood.

Me: Evil always finds a way to win and we won't let it break us anymore.

Lynn (bitterly): Why should we even bother helping Atlas after its' people just turned against us?

Mindwipe: Because it's the right thing to do.

Lori: Lynn, we're not going to abandon Atlas. But… maybe we should just go face the citizens of Atlas and accept our consequences. It's better then making things worse.

Me: No Lori, we're going to tell everyone what Jacques did and he will pay for his crimes in blood.

Weiss: You will pay for your crimes "Father." I've had it with you.

Box Ghost: Lori's right about one thing. We can't afford to make things worse. If we end up being reckless and angry at this, it'll give the Atlas citizens more reasons to turn against us.

Me: I agree. But we're not going to let Jacques break our spirits any further. Especially after everything we went through.

Nico: That's right.

Laney: Yeah!

Me: We're gonna fight fire with fire. We're going to turn the citizens against Jacques. First we need to gather some evidence and then broadcast it all to the people enough for them to see Jacques true colors.

Ironwood: I like it.

Waspinator: Waspinator go out there and draw soldiers' fire. After all, Waspinator come apart lots of times!

Me: Be careful out there.

Waspinator: Waspinator prepared for this.

Waspinator flew out.

Me: Lets get him.

Mr. Mittens: Hold on. This time, you guys can't be reckless and angry about this. Especially since all of Atlas is out for your blood.

Me: I have a plan. But I'll need some supplies.

Vine Zeki: Such as?

Me: A microphone and a wire.

Me: I see what you're about to do. Okay then.

Luan: I taught you well Nico.

May: Yeah.

Vine Zeki got him said supplies.

Joe Swanson: This reminds of when me, Quagmire, and Peter foiled a plot by terrorists to blow up the Quahog Bridge.

Discord: That was probably before Quahog was destroyed.

Me: Yes it was. That was a very heroic deed. But it still doesn't redeem Peter for all the terrible things he did to Meg and all of Quahog in General.

Nico: Yeah what a freak.

Lincoln: Yep.

Me: Nico, you, Slash Man and Weiss go to Jacques and gather the evidence we need.

Nico: Right.

Me: We'll go out and face everyone.

Nico: Okay. Be careful guys.

Me: We will.

We went outside and Nico, Weiss and Slash Man went up to Jacques' office. We found Waspinator in pieces.

Professor XXXL: You alright, Waspinator?

Waspinator: Waspinator fine. But some assembly required.

Me: Lisa and Optimus Primal will fix you up.

Nico: Yeah.

Lisa and Optimus Primal got to work on him.

In his office, Nico, Slash Man and Weiss met JACQUES SCHNEE!

---

**President Jacques Schnee** is a major antagonist of the American animated webseries *RWBY*, as well as its Japanese manga adaptation/prequel of the same name. He is the President of the Schnee Dust Company, the husband of Willow Schnee, and the father of Winter, Weiss, and Whitley Schnee.

He is voiced by Jason Douglas, who also voiced Beerus in the English dubbed version of *Dragon Ball Super*, and Aokiji in the English dubbed version of *One Piece* .

In his youth, Jacques married Willow, the daughter of Nicholas Schnee, founder and head of the Schnee Dust Company. After Nicholas' health began to fail, Jacques convinced Nicholas to allow him be his successor, taking the Schnee surname as his own and inheriting the company.

Jacques later became the father to his daughters Winter and Weiss and his son Whitley. Winter left to join the Atlesian military as a Specialist. His second daughter named Weiss left for Beacon Academy to study and become a Huntress.

It is stated that Jacques was displeased with Winter and Weiss for their decisions. Winter joined the military and Weiss going to Beacon rather than Atlas. At some point he retaliated against Winter by cutting her off from the family fortune.

Under Jacques' leadership, the company operate began in a "moral gray area". It soon became infamous for its "questionable business partners" and the continued use of Faunus slave labor, despite the fact that it had been made illegal. This caused the company to become a target to the Faunus group known as the White Fang, who began terrorizing, kidnapping and killing the board members of the company and sabotaging shipments and projects.

## Manga

Jacques appears in Chapters 3 and 4 of the manga. According to Weiss, as a child, Jacques always had extremely high expectations on Weiss to test her worth. When Jacques learned that Weiss wanted to move away to study at Beacon Academy instead of Atlas, he and his Secretary tested Weiss' skill by forcing her to fight in a dangerous battle with an Arma Gigas.

## Volume 3

At the Vytal Festival, Jacques calls Weiss, but she refuses to answer. Later on, Jacques cancels Weiss' credit card, cutting her off from the family fortune.

After the following attack in Vale and Beacon, Jacques then goes to Vale to bring Weiss back to Atlas where he believes that it is safe.

## Volume 4

Weiss is called to meet Jacques in his study, Weiss enters the room seeing her father arguing with James Ironwood about his embargo of exporting Dust. After Ironwood left, Jacques tells Weiss that she will be performing vocals at the charity event for the SDC.

Jacques is present at the charity concert and the after-party where he debates with other party guests about politics and Faunus discrimination. After Weiss overhears one of the guests mocking what happened to Vale, she loses her temper and accidentally summons the avatar of a Boarbatusk, disrupting the party and endangering the guests.

After the charity event, Jacques then scolds Weiss for her temper. Weiss than tells her she wants to leave Atlas, but Jacques denies her. Weiss then tells her father that the Schnee name is her responsibility, and that he just married into the name. This causes Jacques to get angry and discipline Weiss by slapping her across the face. After they argue, Jacques grounds Weiss and tells her that Whitley will be the new heir to the Schnee Dust Company. Weiss, determined to help her friends, escapes and heads to Mistral, and Jacques has her declared missing.

Volume 7

Weiss meets up with her friends and saves Mistral, then they make their way to Atlas to deliver the Relic of Knowledge to General James Ironwood, who promotes them all to official Huntsmen and Huntresses. Jacques is angry that Weiss is siding with Ironwood, but continues to allow it in order to keep Ironwood at bay. Jacques is in competition with local vigilante Robyn Hill for a spot on Atlas' council, and shifts the blame for any of the unjust acts he commits to Ironwood and Hill in order to keep his status and chances of winning the election. He is soon approached by Arthur Watts, who offers to rig the election for Jacques if the latter gives him access to Mantle's computer systems. Jacques agrees, not knowing that Watt's plans are far more sinister than just rigging the election.

On the day of the election, Watts and Tyrian Callows stage a massacre of Hill's supporters, blaming the Atlas military, and hack the election and make it so Jacques won. In order to celebrate his victory and to try and finally interrogate Ironwood as to his secrets, Jacques invites Ironwood, Hill, and the council over to Schnee Manor for a party.

Weiss sneaks away, and finds that her mother Willow has been spying of Jacques with hidden cameras, and knows about the rigged election. Weiss presents the footage to Ironwood, Hill, and the council, and Jacques tries to flee, but Weiss arrests him. When she explains that Watts has shut off the heat and security systems in Mantle, Jacques is shocked and disturbed, saying that all he wanted was to win the election, not cause death or chaos. Weiss goes to fight the incoming Grimm, and Jacques is handcuffed and taken away by Atlas police.

Volume 8

Sitting in a prison cell next to Qrow, Robyn, and Watts. Jacques is reprimanded by Robyn, telling him it's his fault for the misdeeds he partook in. Jacques defends himself saying he was duped and used a pawn in someone else's game. He then states he is not a murderer. Jacques arrogantly boasts that Whitley will have his team of legal advisors to spring him from prison, only to be met with Robyn furiously telling him to shut up. He then watches as two guards open Watts' cell, knock the Atlesian scientist out, and drag his unconscious body away.

---

Nico: Jacques Schnee, so we meet at last.

Jacques Schnee: The famous Nicolas Chan or do you prefer Nico? I suppose we all have you to thank for killing Salem.

Nico: Skip the pleasantries.

Jacques Schnee: (smirks at Weiss) Hello, daughter. Having a terrible day?

Weiss: (glares at him) You're no father of mine.

Slash Man: Before we gut you, I want to know how you got that footage of Watts trying to blow up Atlas with our superlaser.

Jacques: That's easy. I paid him a good sum of money to use your own technology against you and blow up atlas!

Everyone in Atlas gasped in shock!

What Jacques didn't know was that Nico had a microphone hidden behind his back and was broadcasting the whole thing to the city.

Sneaky dog. Back outside we were confronting the citizens of Atlas.

Fluttershy: (uses her stare on the people of Atlas) You have a lot of nerve talking to us like that! We helped save your lives and this is how you all thank us!? You all should be ashamed of yourselves! If I were all of you, I would apologize right now!

Atlas Soldier: (not intimidated) I lost most of my buddies in Beacon. Your stare won't get you out of this one. (fires at Fluttershy)

The shot was easily blocked by Absorbing Man, who absorbed another soldier's gun just in time.

Absorbing Man: Wasting your ammo, fellas. I just absorbed the metal of your gun!

Me: You bastards! Jacques lied to you! He is using all of you!

Vine Zeki: Yeah! Weiss's so-called father is poisoning your mind with lies!

Me: Yeah!

Jack Spicer: We can't fight all these innocent people now. We need to find Ironwood and the others so we can find a way to prove our innocence.

Lola: (Glares at the people of Atlas) No. They think we're criminals. So, why don't we give them what they want?!

Me: If they want a fight, we'll give them a war! FIRE STYLE NINJA ART: FIRE RUN!

I entrapped all the soldiers in a ring of fire with massive walls of flame!

Nico: EVERYONE STOP!

They saw Nico.

Me: Nico?

Nico: You were all deceived! Jacques planned all this!

Everyone wondered what he meant.

Nico came down and Weiss was with him.

Weiss: This tape we have will show you everything!

Weiss played it and it showed Jacques in his prison cell and he was scheming.

Jacques: Soon my plan will be complete! I will turn all of Atlas against Team Loud Phoenix Storm and blame the destruction of Beacon on them and they will all die! And once all the pawns have served their purpose I will kill all of them!

Everyone was duped and and they turned against us all for a lie! They were all pawns in an incredibly futile attempt to destroy us!

Nico: Now do you see!? You all were used as pawns to try and break our spirits. But we were on to Jacques' scheme the whole time.

Eli: Yeah!

But then everyone in Atlas fell asleep as we saw a purple energy bolt fly around the area.

Me: What the? Everyone fell asleep.

Greiger, Tala, Cantwell, Dirty Bubble, Arbormon and See-More appeared!

Me: Greiger, Tala, Cantwell, Dirty Bubble, Arbormon and See-More.

Cantwell: Thank goodness you're all safe.

Greiger: We heard what happened. Are you guys okay?

Maria: We're fine. But did you guys run into angry citizens and soldiers as well?

Cantwell: Of course we did.

Dirty Bubble: But don't worry. They're taking a nap right now.

We saw that they were all asleep.

Tala: (Medieval Accent) I used a hypnotic spell on them that caused them to fall asleep.

Me: But we succeeded in turning the whole town against him.

Nico: We sure did.

Lincoln: Now Weiss's so-called dad is going to pay for his crimes in blood.

Weiss: Big time.

Me: Yeah.

?: I agree with you on that.

A figure came out and it was KLAWLOX from episode 16 of Time Force!

**Klawlox** is a horshoe Crab themed mutant kidnapper with a Crab claw for a right hand who helped Nadira to kidnap Doctor Michael Zaskin. He is the main antagonist of the episode "Bodyguard in Blue".

Klawlox like all other mutants, was created in the science accident. Before the events of the season, he was captured by Time Force rangers. In the sixteenth episode, Klawlox was released by Ransik to help Nadira to kidnap Dr. Michael Zaskin from Bio-lab of Mister Collins and make him tell them the secret of Quantum morpher. Klawlox kidnapped Doctor Zaskin with Cyclobots and brought him to Nadira. Doctor Zaskin didn't tell the villains about the secret of

Quantum morpher, so Nadira ordered Klawlox to catch his daughter Holly and brought her to force doctor Zaskin to tell everything. But Holly now hired Lucas to protect her, so it was a difficult job. While other rangers saved doctor Zaskin, Klawlox persuaded Lucas and Holly and Lucas now had to fight the villain. At first Lucas tried to fight Klawlox handly, but the mutant was too powerful for him. Then Lucas activated his Time morpher and fought with criminal with his power, but even now he couldn't defeat the villain. Klawlox wanted to kill Lucas, but Holly interrogated and tried to protect her friend. Klawlox made him great mistake, when threatened the girl and broke her Teddy bear and made her cry. Lucas went to battle again and now the Blue ranger used all his power and finally defeated the villain. Then other rangers came and mutant removed chain of his DNA and fought the Zords. In the giant form, Klawlox was too powerful and even defeated Shadow Force Megazord Mode Red, but Eric summoned Quanta Rex. Rangers combined powers of their Megazords to finally defeat and freeze the mutant.

---

Lucas Kendall: Klawlox!

Klawlox: Been a while Blue Ranger.

Me: I remember you! You were sent by Nadira to kidnap Dr. Michael Zaskin to find out the secret of the Quantum Morpher.

Klawlox: That's right. Good memory. Mistress Vypra was right about you J.D. You really have watched us all on TV.

Me: Never missed an episode.

Klawlox then saw Jacques come out.

Jacques was shocked to see everyone asleep and we turned to Jacques with eyes blazing red with hatred!

Klawlox: (to Jacques Schnee) You've got some nerve trying to turn Atlas against Team Loud Phoenix Storm. Especially when they and the Rangers have risked their lives many times against guys like me!

Jacques: That's rich coming from a monster like you!

Klawlox: (growls) Well, maybe I'm not the monster in this situation!

Lucas Kendall: For once, you and I are in complete agreement!

Me: Absolutely! You Jacques are no better! YOU FUCKING DISGUST ME!

Nico: YEAH! I HATE YOU MORE THAN LIFE ITSELF!

Vince: We're gonna kill you right where you stand you fucking bastard!

May: Everything you did makes my blood boil!

Me: We'll have our usual battles later. Right now lets kill this motherfucking shitsucking piece of crap!

?: After you all deal with me!

Lucy Heartfilia: Oh no! That voice still haunts me.

A figure came out and it was none other than Lucy's so-called father that we hate with a vengeance, JUDE HEARTFILIA!

---

**Jude Heartfilia** (ジュード・ハートフィリア *Jūdo Hātofiria* ) was the husband of Layla Heartfilia, the father of Lucy Heartfilia, and the former owner of the Heartfilia Konzern.

Jude is revealed to be responsible for requesting a job from the Phantom Lord Guild to find his missing daughter, Lucy. Jose Porla, Phantom Lord's Guild Master, planned to use Jude's job request to cut Fairy Tail's ever-increasing power short by kidnapping Lucy.

After the defeat of the Phantom Lord Guild, he is visited by Lucy, where he tells her that he wants her to marry Duke Sawarr Junelle to merge the Heartfilia's wealth with that of the Junelle's, although Lucy only met Sawarr as a child. Lucy rejects his command and states that she can make her own decisions and live her own life, and she will not forgive him if he attacks Fairy Tail again before destroying her fanciful clothes in an effort to prove that she has cut all ties with him. When Lucy runs off with her friends, Jude sadly looks out the window of his study at his smiling daughter.

---

Lucy: Dad?!

Natsu: Great! Now we've got two asshole fathers to deal with!

Me: Oh fuck!

Arixam: He's the monster that killed me!

Lucy H.: What the hell are you doing here!?

Jude: To kill you for betraying the Heartfilia name!

Nico: You brought that on yourself!

Me: All you are is nothing but a heartless and tyrannical murderer! You tried to kill Fairy Tail with Phantom Lord and you murdered Arixam when she has done nothing wrong! You did so many terrible things that Hell is too good for you!

Qin: That's right! Who is he actually?

Me: This is Lucy's so-called father Jude Heartfilia. You know that Lucy came from a rich family background right?

Qin: I do know that part. So this is Jude Heartfilia. You heartless Sycophant!

Qin fired a blast of fire and it hit Jude in the face and burned it! He was screaming in excruciating pain and covering his face with his hands!

Nico: Nice shot Qin.

Jude: YOU BITCH! I was brought back by this!

He showed that he had one of the Barian Numbers with him and it was NUMBER 2: NINJA SHADOW MOSQUITO!

We gasped!

Eli: He has one of the Barian Numbers with him! Number 2: Ninja Shadow Mosquito.

Me: Is that a real Number that we were searching for?

Eli: No it's a fake Number and it's one of the Numbers created by Don Thousand.

Me: He must be getting desparate.

Arixam: This is for killing me! MAELSTROM DRAGON STRIKE!

Arixam fired a massive wave of water and it formed into a Dragon!

Lucy H.: You are no longer worthy of the Heartfilia name "Father!"

She glowed in a powerful aura.

Lucy H. (Chanting an incantation)

*Survey the Heavens, Open the Heavens…*

*All the stars, far and wide…*

*Show me thy appearance…*

*With such shine.*

*Oh Tetrabiblos…*

*I am the ruler of the stars…*

*Aspect become complete…*

*Open thy malevolent gate.*

*Oh 88 Stars of the heaven…*

*Shine!*

***Urano Metria!***

She fired a massive barrage of planets and stars that turned into energy blasts and the blasts all merged with the dragon and obliterated him forever and banished him to the Warp for all eternity!

Me: YEAH!

Natsu: Nice job.

Eli picked up the fake Number and he looked at it.

Eli: Looks like this Number could be put to good use.

But then the card crumbled to dust and was destroyed.

Me: Guess not.

?: What a pathetic waste of a life.

Me: Oh no! I thought I was rid of that voice after 4 years have passed!

A figure came out and it was none other than my old Nemesis, KUYŌ!

---

**Kuyou** is a major antagonist in the anime/manga series *Rosario +Vampire* . He is the leader of the Public Safety Commission until his defeat at the hands of Tsukune Aono, Moka Akashiya and their friends, after which he moves on and becomes a member of Fairy Tale. He is a kitsune, an S-Class species of monster who are amongst one of the most powerful of all Yōkai who live in Japan, and they have even known to be worshipped as divine beings.

He is voiced by Shūichi Ikeda in the Japanese version of the anime and Jason Douglas in the English version, the former of whom also voices Masayoshi Shido.

**Kuyō** (九曜, *Kuyō* ) is the head of the Public Safety Committee at Yōkai Academy. Kuyō enforces the group's rules with a tyrannical and sadistic iron fist, going so far as to state if someone goes against him, they are against the school. He is a Yōko, an S-Class species of monster who are amongst one of the most powerful of all Yōkai who live in Japan, and they have even known to be worshiped as divine beings. Kuyō believes that yōkai and humans will always remain enemies, claiming friendship between the two only occurs in fairy tales. After Kuyō had been defeated by Tsukune, he joined Fairy Tale and became the 3rd Subdivision Leader.

Year One

Kuyō first appears when the Newspaper Club begin publishing articles relating to a scandal involving former teacher Hitomi Ishigami. Believing the Public Safety Committee could intimidate them enough to collect a bribe, he threatens them by outlawing the 'illegal' Club and destroying their newsstand. Kurumu Kurono's indignant outburst causes his second-in-command Keito to get angry - Kuyō orders her to monitor the club's activities. Moka later defeats her after Keito finds Kurumu trying to sell newspapers despite the Committee's imposed ban.

Kuyō reluctantly allies himself with the very teacher who was scandalized, Hitomi Ishigami, to destroy the Newspaper Club once and for all. Based on Ishigami's claims that Tsukune is a human, Kuyō detains both Moka and Tsukune and takes them to the headquarters of the Public Safety Committee. Kuyō forces Tsukune to transform, but as he naturally cannot, Kuyō throws a fireball at Moka and Tsukune. Tsukune nearly faints from the attack, and cannot remove Moka's seal. Kurumu, Yukari Sendo and Ginei Morioka show up; while Yukari helps Tsukune heal, Ginei transforms into wolf form and punches Kuyō several times. During this time, Ishigami hides behind a wall and watches the ongoing events.

Enraged, Kuyō initiates his own transformation, revealing his true nature to his opponents, much to their surprise and horror. After a brief onslaught of threats, Kuyō launches his signature attack, the Vortex of Fire, at the group, which Ginei blocks before collapsing. At this point, he taunts the group even more, and transforms into his Battle Form, and unleashes a swift barrage of attacks which incapacitates the rest of the group, and shakes the entire building and the immediate surroundings like an earthquake.

With only a horrified Tsukune left standing, Kuyō attempts to kill

Moka and the others, but Tsukune pleads for him not to, willing to sacrifice himself for the sake of his friends. Upon hearing this, Kuyō briefly pauses, and feigns compassion, before mocking Tsukune once again and firing a blast to kill Moka. In response, Tsukune takes the blast instead, and succeeds in removing the Rosario from Moka's neck as he collapses. As she awakens, she moves to help her fallen friend.

Upon witnessing Moka's transformation, Kuyou recalls his knowledge of the Vampire race before declaring that he will be able to kill her easily while unleashing a surge of his Yōki, which Moka answers in kind, surprising her opponent and demonstrating her superior power level. Rather than attacking, she instead injects a considerable amount of her blood into Tsukune in order to save his life, surprising everyone, especially Kuyō and Ishigami, neither of whom had ever seen nor heard of this.

At that point, she immediately explains the drawbacks of this procedure to her allies and moves against Kuyō, who had been bracing for the inevitable assault. As he is attacked in earnest, Moka warns him that if Tsukune dies, then she will kill him. Surprised and horrified by this, Kuyō barely manages to block Moka's onslaught before she forcefully drives him into ground. However, it soon becomes clear that despite the speed and force that she employed, her attacks lacked the necessary stopping power to defeat her opponent, who immediately recovers without issue and counterattacks.

Because she had given Tsukune so much blood, she has lost a significant amount of her strength, which Kuyō immediately capitalizes on, unleashing his own high-speed, high-intensity hand-to-hand barrage, wounding her and smashing her into the ground with a swift lash of his tails. He taunts her on her weakness before attempting to kill her, but is immediately distracted Tsukune's subsequent revival, fully unharmed with the blood and power of a vampire flowing through him.

Stunned by this development, a now frustrated and fearful Kuyō assumes that Ishigami had tricked him, and incorrectly identifies Tsukune as a monster. By dropping his guard, Moka is given to opportunity to capture Kuyō in strong grapple, with which she takes without a second's thought. She then tells him the final problem of the blood transfusion procedure; in the case of success, the results are unpredictable. She then squeezes Kuyō's chest so hard that she breaks some of his ribs and forces him to spit blood.

Kuyō recoils in pain and struggles to free himself, all the while refusing to face defeat. He makes one last defiant statement just as Moka lets go and Tsukune uses all of his remaining power in a headbutt to Kuyō's jaw, breaking it, shattering teeth, and propelling him into the ground with tremendous, explosive force. This immediately renders Kuyō unconscious, who is left to lie in the rubble as the other student police members find his comatose form.

### Year Two

When Tsukune and the group enter the Floating Garden to recover Moka, Tsukune encounters Miyabi Fujisaki and Kiria Yoshii, members of the 1st Subdivision of Fairy Tale. Kiria casts a spell teleporting Tsukune and Ruby Toujo to a seemingly different dimension filled with shrine-styled buildings and a long walkway. Tsukune soon realizes that the architecture and the view are familiar to him - belonging to that of the former headquarters of the Public Safety Committee. Suddenly, a fireball is launched at them, and while they dodged the attack, Kuyō appears and declares himself a Subdivision Leader of Fairy Tale. It is revealed that Kuyō had also been spying for Fairy Tale during his time at Yōkai Academy.

Soon afterwards, Tsukune attacks Kuyō in earnest, who easily nullifies the incoming attacks. During the fight, Kuyō launches a large fireball attack at Tsukune, and not only continues to overwhelm him, but also taunts him as well. During the fight, Ruby notices that despite his best efforts, Tsukune's body is recalling his near-death experience at the Yōko's hands, and is in turn subconsciously retreating in fear from Kuyō.

Realizing that Tsukune will lose the fight if he continues like this, Ruby intercepts an otherwise disabling blow meant for Tsukune, which significantly wounds her and renders her unconscious. When Tsukune goes to help her, Kuyō gleefully tells him that Fang-Fang and Yukari had been killed by Gairen, another subdivision leader, and continues to taunt him about his weaknesses. At that point, he breaks into hysterical, manic laughter, declaring that he had wanted to witness and savor Tsukune's fear and face of despair, and moves in for the kill.

However, upon realizing what has to be done, Tsukune overcomes and masters his fear, which in turn enables him to gain proper control of his sealed vampiric abilities, and stops Kuyō's attack cold. Surprised, Kuyō drops his guard long enough for Tsukune to a deliver an explosive left-hook to Kuyō's face, stunning him and causing him to spit blood. Overcoming this shock, a frustrated Kuyō is unable to understand how he was so easily repelled.

At that point, Tsukune states that he must let go of his fear and focus on saving his friends, and begins to tap into his vampiric powers in earnest. This immediately horrifies Kuyō, as he witnesses Tsukune's transformation, who in turn warns that if Kuyō doesn't retreat, Tsukune will kill him. Tsukune then re-engages Kuyō, headbutting him and knocking Kuyō into the flames below. Kuyuo refuses to believe that Tsukune can defeat him and,in a rage, transforms into his battle form. He then gains a flame suit, that burns anything that comes near him. He then tells Tsukune how he will kill him and climb to greater heights. Tsukune then releases the first seal of his holy lock, and punches several holes in Kuyō before the flames could reach Tsukune. Kuyō then collapses, still in disbelief that he was defeated. Later it is revealed that he had survived the attack, escaped, and trapped Ruby and Tsukune in a space called "The Masked King".

After Alucard's demise, Kuyō is seen holding Kahlua Shuzen's body standing along side with Kiria holding an unconcious Hokuto Kaneshiro as they make their escape to rebuild Fairy Tale once again.

Later in the Rosario Vampire II chapter 67 Extra II, Kuyo reveals that Kahlua was revived by Miyabi injecting her with his Shinso blood and asked him to look after her before going into battle. Kuyo asked about Hokuto's condition when he was being held by Kiria and afterwards left with the hybrid to rebuild Fairy Tale.

Anime Rosario+Vampire

Kuyō first appears in the Committee's office learning about Keito's defeat by Inner Moka and Kurumu as he goes over the files on the members of the Newsclub. Everyone's monster identity is listed except for Tsukune. Kuyō then remarks that they will soon have something interesting happen for the first and longest time at Yōkai, burning the files with a sneer.

The next day, Kuyō comes to Ms. Nekonome's classroom and tells Tsukune that he is under suspicion of being a human. When Moka, Kurumu, and Mizore defends Tsukune with the fact that humans could not even be at Yōkai Academy, Kuyō sees them as possible accessories to Tsukune hiding his identity. With this, Kuyō takes Tsukune and the three girls to the shrine that serves as the Committee's headquarters.

In the shrine, Kuyō shows Tsukune where the teachers, students, and his friends are being questioned about his identity. Kuyō then brings out the Fan Club Collation which he had beat up the trio badly and Kuyō explains that they told him all about how Tsukune never fought back against them and how weak he was. Having his men pin Tsukune to the ground, Kuyō tells Tsukune that he could change into a monster and free himself of the guards holding him down, clearing the charge. When Kuyō hears from Tsukune that he's human, Kuyō simply laughs maniacally. Kuyō tells his men to let Kurumu and Mizore leave, but keep Moka locked up as she was an accessory to hiding Tsukune's human identity. Kuyō coldly tells Tsukune the Committee finds him guilty of being human and he is to be put to death. Kuyō announces through the speakers that Tsukune is a human who infiltrated the Academy, and that he will be put to death, inviting other students to watch him die.

Kuyō puts Tsukune on a big cross for his execution with a bloody sign saying "I'm Human". Kuyō asked Tsukune if he's lost his mind in fear. Tsukune proves him wrong by calmly asking him to promise one thing is to spare the rest of the Newspaper Club. Kuyō is surprised that someone being put to death would make such a selfless request. Kuyō says they will not suffer unnecessary harm, but saying that he plans to kill them. Kuyō announces that the time has come to kill Tsukune and lights him on fire, however, it's put out by Mizore's ice as Ruby and Kurumu fly down to free Tsukune.

Moka, Mizore, and Yukari arrive, yelling for them to Tsukune to safety while they handle things there. As Kurumu and Ruby flee with Tsukune, a surprised Kuyō asks if the girls know what they've done is a crime against the Academy. Moka, Mizore, and Yukari tells him that it doesn't matter so long as they save Tsukune. Kuyō explains that Gin said something similar to him the previous year saying that the Security Committee's corruption needed to be exposed which matters more to him than the Academy. In retaliation, the Security Committee killed every member of last years Newspaper Club, except for Gin. Kuyō then orders his top three minion to kill the Newspaper Club as punishment. Kuyō looks up to see Kurumu and Ruby still flying away with Tsukune, gloating that they can try to running, but against someone of his power, they don't stand a chance so Kuyō heads off after the trio.

Kuyō eventually catches up to them on the roof and throws an arrow of fire which pierces Tsukune's heart and engulfs him, burning him badly. Kuyō comments that the execution could sadly not be shown to the students, but has none-the-less been carried out. Before passing out, Tsukune was able to release Inner Moka and with Inner being enraged, she kicks Kuyō across the roof. Kuyō has assumed to his monster form, that of a fox that has control over fire and is also a S-ranked monster. He fires a blast at them but Gin blocks his attack to save his fellow members. Kuyō didn't seem to care if Gin did that since he plan to kill him anyways. Kuyō battles Kurumu, Mizore, Yukari, and Ruby in order to by some time for Moka to inject her blood into Tsukune to save him. Kuyō has proven himself superior in power as he has beaten the four girls as he had changed into his final form. When Moka fights Kuyō, he noticed that her kicks are weak due to the amount of blood she injected into Tsukune. Kuyō beats Moka back to where Tsukune's at and fires a blast seemingly destroying the two for good.

However, Kuyō is shocked to see that Tsukune survived who dodged his attack while holding Moka. Kuyō tries to attack Tsukune and Moka, but Gin grabs him from behind. Kuyō expresses shock at Gin getting into a position to immobilize him, to which Gin reminds him about Werewolves are known for their speed. Moka tells Kuyō that he's became intoxicated with power from being the justice of the school and becoming corrupt and he needs to learn his place. With a jump kick, Moka hammers Kuyō into a room below the roof, ending his ways of justice.

Shortly before the other students arrive, Moka reattaches her rosary and collapses; seeing Kuyō and Moka unconscious and Tsukune shirtless, the others assume that Tsukune himself defeated Kuyō and rejoice at the Yōko's defeat, declaring Tsukune their new hero.

We were back in Remnant in Atlas and Ironwood went up to the broken, battered and bruised and burned Jacques. Everyone that was asleep woke up and they saw what was happening. They remembered what happened and they were infuriated with Jacques. They believed the lies of a monster.

Ironwood: It's over for you Jacques. Your lies will never be heard from again.

Jacques: Oh, come now, James. You're not really going to allow them to kill me, will you?

Ironwood: James is what my friends call me, Jacques Schnee. To you, it's General.

The last thing Jacques Schnee ever saw was Ironwood taking out his gun and shooting him in the head.

BANG!

His entire head was blasted clear off his shoulders and splattered all over the street. Killing him instantly. Jacques headless body fell to the ground and blood poured out all over the place. His evil spirit then appeared and Weiss went up to him.

He was banished to the Warp for all eternity!

Weiss: It's over.

Lincoln went up to her and Weiss broke down crying and she hugged him and cried hard into his chest. She was bawling and wailing hard and seeing her cry like that really made our hearts hurt. Eli pat Weiss's back. Everyone all over the city of Atlas expressed great guilt towards their treatment of us.

Me: Good riddance to that monster.

Ironwood: J.D. I'm so sorry that everyone here treated you so harshly.

Me: It's all right James. But what Jacques did was unforgivable and he will never terrorize this world ever again.

Nico: That's right. He got what he deserved.

Me: He sure did.

Dew Gayl: Yeah and I'm glad he's gone.

Linka: We all are.

Me: I hope he learns how to enjoy the psychic powers of the Warp since he will be there for all time.

Nico: Yep.

Eli: The Warp I think is too good for him.

We later went back home and Weiss was still crying hard. It was heart-wrenching to see her cry hard like that.

Me: Poor Weiss.

Twilight Sparkle: I know. She really went through a nightmare.

Naruto: It's a kind of nightmare that I wouldn't wish even on my worst enemies.

Nico: Yeah.

We arrived back a Earth and went into the Estate at the Gym. Weiss was still crying hard and Lincoln and Eli were comforting her still.

Me: Poor Weiss.

Nico: I don't know how much longer I can stand seeing her cry like this.

Vince: She went through Hell, Nico. It's best for her to just let it all out.

May: Yeah.

Vypra then appeared.

Vypra: Hey guys. I heard about what happened and I'm really sorry that happened to all of you.

Me: It's all right Vypra. But there will be many incidents like this probably in the future.

Vypra: I can tell. But I have a new member for you all to meet for Numbuh 2 to have as his archenemy.

A didgeridoo was heard and out came a very familiar face and it was the second bounty hunter of the Bounty Hunter 5 as I call them: JUJUNGA!

---

**Jujunga** was a character who only appeared in "The Princess and the Bounty Hunters".

Jujunga was an Aboriginal Australian bounty hunter. He, along with the Gentleman, I and Am, Princess Mira, and Boris traveled to the icy regions to capture/kill Samurai Jack. Jujunga's plan was to distract Jack by playing his didgeridoo, and, while Jack was distracted, he would fire an poison dart on Jack's neck since his didgeridoo also doubled as an blowgun. Mira criticized his plan, telling him that Jack's senses were too sharp and he would simply dodge the dart. Later, after Mira told the other bounty hunters of her plan, Jujunga was among the other bounty hunters digging the trap. While they were waiting for Jack, Jujunga was playing his didgeridoo and when told that Jack was coming, he along with the others fled to the trap. When the trap was sprung, Jujunga fired his blowgun only for Jack to quickly defeat him. According to Genndy Tartakovsky, Jack fought humans and sentient creatures in the original series, but never killed them, meaning Jujunga and the others who were defeated were likely unconscious as of the end of the episode.

It is unknown how the past Aku's destruction affected his existence in the future.

---

Me: Jujunga.

Jujunga: It's good to see you again J.D. and Brave 12.

Me: Same to you Jujunga.

Numbuh 2: It's gonna be awesome having you as my archenemy.

Jujunga: I am honored to be your archenemy Numbuh 2.

Numbuh 2: Cool.

Laney: I've always had a very strong fascination with the world of the Aboriginies in Australia. They are amazing at what they do and the culture they have is amazing.

Jujunga: I am honored.

We got the usual battles underway.

Battle 1: Boris, Ink Rose, Moonlight Raven, Starlight Glimmer, Trixie, Juniper Montage, Clover the Clever, Clawful and Ultra Humanite VS Greiger

Greiger was first.

Boris: No he didn't. That's why he gives all fathers everywhere a really bad name.

Ink Rose: I may be dark and gloomy but I love all my friends like my own family. Brittney taught us that.

Moonlight Raven: Yeah. We goths may find life always depressing but we love our families no matter what.

Starlight Glimmer: Thank goodness my father isn't like that. But look at Weiss.

They saw Weiss still crying hard and Lincoln and Eli were comforting her. Weiss went through hell because of her so-called father.

Greiger: Poor girl. She went through hell.

Juniper Montage: That's an understatement.

Trixie: Yeah. My dad is never like that thank goodness.

Clover: I'm glad for that.

Clawful: Me too.

Ultra Humanite: Indeed.

Greiger: I know. My family in my village was never like that to me thank goodness. After I'm done here I'm going down to Peru to see my family again and tell them how much I love them.

Boris: That's great Greiger.

Clawful: Good idea.

Greiger: Lets get it on! I summon EARTHBOUND IMMORTAL CHACU CHALLHUA!

He summoned the Whale Earthbound Immortal, Chacu Challhua!

Starlight Glimmer: So cool! Lets see how the Numbers we got help us in battle. I summon NUMBER 83: GALAXY QUEEN!

In a vortex of stars and nebulonic gas came Number 83!

Galaxy Queen: I see you have decided to summon us for this.

Starlight Glimmer: We sure did.

Trixie: Very impressive!

Juniper Montage: It sure is. Wow!

Clover: The Number Cards will make great assets for all of us.

Boris: Yes they will.

Moonlight Raven fired waves of darkness and they formed into dark bramble vines.

Boris, Clawful and Ultra Humanite fired waves of indigo fire, water and energy and Galaxy Queen fired waves of stars and the blasts all hit Greiger and Chacu Challhua and knocked them down.

Boris: All right!

Starlight Glimmer: That was awesome!

Trixie: Yeah! That was fun!

Lisa Simpson: It's all right. But it just goes to show that concrete evidence and proof can help turn people around.

Twilight Sparkle: That's a true fact.

Shining Armor: You said it Twily. Thank goodness our parents aren't like that.

Flurry Heart: Me too dad. Grandma and Grandpa would be appalled if they saw Jacques doing all that.

Princess Celestia: I'm sure they would. So would our father and mother.

Sideshow Bob: (British Accent) I most agree with all of you. I would hate someone like Jacques forever to the Nth Power if I found out about all that.

Jack Spicer: Me too.

Princess Luna: I know. What Jacques did makes him the most evil monster of all. Not as evil as Salem was but almost right up there.

Princess Cadance: That is exactly right. What Jacques did makes all us loving parents look bad on so many levels.

Princess Amore: That's right.

Star Swirl: I would never allow someone like that to walk on Earth in a million years.

Cantwell: Me neither. I may not be a parent myself but I agree with you all. But poor Weiss. I feel really bad for her.

Lisa Simpson: We all do.

Nokama: Figured he might need some fresh air after everything that happened. Besides, if J.D. can forgive Squidward and Rotwood and his group for everything they did, then the Neptune Crusaders can do so too.

Rarity: It was a most selfless deed that J.D. did for them.

Sassy Saddles: (British Accent) It sure was.

Squidward: It sure was and I love it. But I have a strong feeling that it's gonna be a long time before everyone in Bikini Bottom trusts me and accepts me back.

SpongeBob: I know Squidward. But we'll think of something for you to do till then.

Sandy: That's right partner. You helped us many times in the past and that's a start on the road to redemption.

Patrick: I can finally touch my toes! [stretches his toes over the back of his body and to his hands]

Mistmane: That's really cool!

Sable Spirit: It sure is.

Nokama: Indeed. And no Sandy that outfit does not make you look fat.

Sandy: Thanks.

Dirty Bubble: Good times huh?

Barnacle Boy: I was just going to say that.

Mermaid Man: Just as long as they don't mess up like last time.

Nokama: Yeah but that was because they couldn't control their powers right.

Squidward: I guess so.

Nokama: And like I said Sandy that outfit does not make you look fat. You look awesome in it.

SpongeBob: I was just about to say the same thing.

Sandy blushed.

Dirty Bubble: Yeah. Lets get it on.

Mermaidman: First lets do this.

Kari: I don't think she's the business type. Especially after everything her father did, I don't think she will even touch that company.

Angewomon: I agree with Kari. Weiss deserves much better after all that.

Applejack: Well if she wants a job I know the perfect place she can work at.

Apple Bloom: Sweet Apple Acres?

Applejack: Exactly Sugarcube.

Apple Fritter: I think Weiss would make a great helper on the orchard.

Arbormon: I agree with you completely on that. As the spirit of Wood, I think that's a great idea.

Granny Smith: (Younger voice) And how.

They saw Granny Smith and she was 65 years younger. She looked like as she was during the first Apple Family Reunion back 75 years ago.

Applejack: Granny!? Is that you!?

Apple Bloom: You look like you are a kid again!

Granny Smith: I sure am! I have my youth back and I feel amazing!

Me: I gave her youth back to her. I figured why not make her young again after all these years.

Warmup: Numbuh 2 VS Jujunga

---

Numbuh 2 was facing Jujunga in a warmup battle.

Numbuh 2: This is gonna be very interesting. I heard that your flute is also a blowdart gun with darts that are poisonous.

Jujunga: You heard right. The poison is only used to paralyze my target so that I can bring them in alive.

Numbuh 2: That's amazing. Lets see how you fair.

Numbuh 2 got ready and he had a Water Balloon shooter and Jujunga fired darts at Numbuh 2 and he dodged them and he fired water balloons and knocked him down.

Numbuh 2: I know it's gonna take more than water balloons to knock you out.

Jujunga: Indeed. Good shot on you.

Numbuh 2: Thank you.

Numbuh 2 fired blue fire blasts and knocked him down.

Numbuh 2 won.

Numbuh 2: YEAH!

Numbuh 2 helped him up.

Jujunga: You are a truly worthy adversary Hoagie P. Gilligan. You will make a great archenemy for me.

Numbuh 2: Thank you.

Me: Boy this was a crazy adventure. But at least another one of Salem's lackies was dealt with.

Arbormon: This is actually the second time the public's turned against you guys.

Tala: And I doubt it'll be the last.

Weiss: That's something I'm not looking forward to.

See More: Well, if that happens again, just now we've got your backs like always.

Me: Thanks guys. That means a lot to us. But now we've seen the last of two of the most hated parents in our lives.

Lucy H.: Yeah. My father doesn't deserve to go to Heaven and I think Hell is too lenient for him. Being banished to the Warp is fitting for him.

Natsu: You said it Lucy.

Me: He brought all that on himself.

Vypra: He sure did. And I would never recruit that Kuyo guy.

Me: I wouldn't either. Especially after how he ruled all of Yokai Academy with an iron fist of fear.

Nico: Yeah.

Me: But at least we got a Number Card and destroyed a fake Number card.

Eli: We sure did.

Weiss stopped crying.

Me: Are you feeling better Weiss?

Weiss: (Sniffles) I'll be all right. (Resumes crying)

Eli comforted her.

Me: Poor Weiss. I'll speak to the viewers on her behalf. (To the viewers) Don't believe an evil man's lies. It's never healthy for anyone that believes lies like that. Or there will be serious consequences.

Nico: You got that right.

---

At the estate everyone was watching TV and having fun.

Volcana: Guys, there are a flock of pigeons outside the estate!

Everyone got to the windows and they saw a huge flock of pigeons all outside covering every inch of the yard.

Lola: They're all over the place!

Lisa Simpson: (Quivering) I hate pigeons! They are like rats with wings!

Nico: There's hundreds of them!

Manaphy: WE'LL TAKE CARE OF THIS!

The 4 mascots went at the Pigeons and threw lots of rocks at them and sent them flying.

Poliwag: YEAH GET OUTTA HERE YOU FREELOADERS!

Horsea: YEAH!

But then the Pigeons came back ready to fight!

Horsea: Uh oh.

Poromon: Lets get our robot!

They ran back inside and came out with their robot and it was made with cardboard and aluminum!

Rio Kastle: (to Horsea, Poromon, Poliwag, and Manaphy) What did you 4 do?!

Poromon: We pissed off a lot of pigeons!

Poliwag: Yeah and they want a fight!

Horsea: Yeah!

The robot drove the pigeons away successfully however!

Horsea: YEAH YOU ALL BETTER RUN YOU RATS WITH WINGS!

Hook: Seriously? That's your robot?

Manaphy: It sure is.

Poliwag: What do you guys think?

Everyone had unimpressed looks on their faces.

Laney: It's a good try.

Pinkie Pie: (Trombone WUA WUA WUA WUA)

Ratchet: Against stronger villains, that would be destroyed easily.

Lincoln: Indeed it would.

Poromon: You're right.

Laney: You did a good try and it's the thought that counts.

Horsea: Thanks Laney.

Everyone came back in and I came down to the living room looking horrible and I sat on the couch. My eyes were all baggy from lack of sleep and I had a sad look on my face. I had a really horrible nightmare about an evil version of myself that destroyed everything in the entire universe and it was one of the worst nightmares that I've ever had. I then teared up and bursted into tears crying my eyes out!

Me: (CRYING HARD!)

Eli: J.D.?

Nico: J.D.?

Varie: Honey?

Everyone came over to console me.

Varie: Honey what's the matter?

Eli: Bro why are you crying?

Me: (Crying hard)

Nico: Oh man. He must've had a horrible dream.

Natilee: Dad did Nico.

Natilee showed him the dream on her scepter and it was shocking!

Nico: WHOA MAN!

Naruto: That's horrible.

Varie comforted me as I was crying hard.

Twilight Sparkle: Poor J.D. That nightmare really scared him.

Sunset Shimmer: Yeah it really did.

Princess Luna: For J.D. to cry this much it must've been a nightmare of unimaginable horror for that to happen.

Princess Celestia: It sure was. I may not know all about the dream world like you do but that must've been awful for J.D.

Natilee: It was Princess Celestia.

Princess Cadance: Poor J.D. I hope he gets better.

Princess Cadance had a big belly.

Twilight Sparkle: Wow. Your baby is coming fast.

Princess Cadance: I found out on an ultrasound that I'm actually having twins.

Twilight and Flurry Heart gasped in joy!

Flurry Heart cheered!

Twilight Sparkle: Twins!? Oh wow!

She hugged Cadance gently.

I was still crying.

Lemon Zest: We're going to take you 4 to see someone who can help you build an ACTUAL robot.

Manaphy: COOL! Who is it?

Nico: I have a feeling I know who we're going to see. We're going to meet Ikki and his friends and the Medabots!

Lemon Zest: You got that right Nico! It's gonna be so awesome! Before we joined Team Loud Phoenix Storm, I helped Ikki and his friends and the Medabots take on some of their enemies and we made sure some of them paid for their crimes big time and I also learned so much about Robot Repairs and Robot Engineering.

Nico: That's cool!

Indigo Zap: Yep. We learned so much about robots and how they work when we were with Ikki in Japan.

Nico: That's so cool!

Dirty Bubble, See-more, Cantwell, Greiger, Tala and Arbormon appeared.

Dirty Bubble: Can me, See More, Cantwell, Greiger, Tala, and Arbormon come with you guys?

Nico: You sure can.

Greiger saw me crying.

Greiger: J.D. what's wrong?

Natilee: He had a really horrible nightmare about an evil version of himself destroying everything. It scarred him bad.

Me: (Crying hard)

Dirty Bubble: Oh poor guy. How long has he been crying like this?

Natilee: An hour.

Varie: We're trying to calm him down and cheer him up but nothing is working. That nightmare must've been a really bad one.

Natilee: From the looks of things mom it was.

Tala: (Medieval Accent) Poor guy.

Cantwell: He needs help if he wants to go on this mission with us.

Natilee: I know.

I continued crying hard and for over 3 hours I kept on crying until I calmed down.

Varie: There. Better?

Me: (Sniffles) I think so.

Nico: We're sorry you had that horrible nightmare J.D. That must've been awful for you.

Me: (Sniffles) It was. I've never been so horrified in all my life.

Eli: You're gonna be all right bro. Remember what you taught me before our worlds merged?

Me: (Sniffles) What did he teach you?

J.D. 3: I taught him that all nightmares are part of fear and Fear is Your Strongest Enemy and you must do all that you can to conquer your fears to win in battle.

Eli: That's right.

I then realized that my Immortal Caveman self was right and I was letting fear take hold of me. I was feeling better.

Me: I remember that now! You're right guys! I won't let fear take hold of me ever again!

Nico: Yeah! Welcome back buddy.

Me: Thanks guys.

I took some tissues and blew my nose and wiped my face.

Hunter then came in.

Hunter: (German accent) Guten morgen everyone.

Me: Oh hey Hunter.

Hunter: I've got two new friends for you all to meet. Meet Jasmin Leko of Croatian and Miranda Sancho of Peru.

In came two of Hunter's new friends. One was a boy Jasmin Leko from Croatia and the other was a girl named Miranda Sancho of Peru!

Jasmin Leko, 20 year old Croatian male, slightly more height than Bobby, has turquoise eyes, broad nose, narrow ears, medium rounded low-arch eyebrows, straight jet black hair, heart-shaped face, long chin, and wears a white shirt, blue jeans with belt, wears blue plaid jacket, brown shoes, and has powers of Water, Earth, Ice, and Wind Release.

Miranda Sancho, 18 year old Peruvian female of Quechua descent, same height as Lori, has dark brown hair, fair tan skin, jade green eyes, grecian nose, thin soft-angled high arch eyebrows, heart-shaped face, short chin, and wears red and white tricolor tea shirt, a small leathery green and brown backpack, blue jean shorts with black and brown belt, red and green sandals, and has powers of Earth, Fire, Volcano, Amazon, and Water Release.

Jasmin: (Croatian Accent) (Speaking Croatian) Pozdrav svima. (Hello to you all)

Me: Oh Pozdrav i tebi. (Hello to you too)

Jasmin: It's an honor to meet you all. Hunter told us so much about you all.

Miranda: (Peruvian Accent) It's an honor to meet you all.

Me: Pleasure to meet you both. And it's an honor to have you two with us.

Jasmin: We are honored.

Greiger: It's an honor to meet a fellow countrywoman.

Miranda: Same here Greiger.

Me: It's gonna be great having you two with us.

Nico: It sure is. Lemon Zest told us our next mission.

Me: I heard. I didn't know that you and the Shadowbolts know Ikki and his friends over in Japan, Lemon Zest.

Lemon Zest: It's a big history.

Me: Well we better get over there. (To Our Four Mascots) You four did a great job fighting those pigeons. I heard what happened and you did your best and that's all that matters.

Poliwag: Thanks J.D.

Me: Lets head over to Japan.

Nico: YEAH!

We were off to Tokyo, Japan once again.

---

TOKYO, JAPAN

---

Once again we were in Tokyo, Japan and we were there to find a kid named Ikki Tenryou and it was gonna be so cool to meet him.

Me: I heard so much about the Medabattles and what they do. They are supposed to be awesome.

Nico: I know. They are so cool from what I was told.

Applejack: This is gonna be really exciting. I didn't know y'all helped Ikki and his friends before Sugarcoat.

Sugarcoat: It's a long history like Lemon Zest said.

Applejack: This is gonna be really interesting.

Me: It sure is.

We walked around and saw a young boy and a gold robot.

Me: Excuse me.

Ikki and Metabee saw us.

Krankenstein: (to Ikki) You Ikki?

Ikki: I sure am. (He sees us) OH WOW! Team Loud Phoenix Storm! It's such an honor to meet you all.

Me: Same here. We heard so much about you.

Ikki: I know.

Me: But it's an honor to meet the greatest Medafighter of all.

Ikki: Aw thank you.

Me: And this must be Metabee.

Metabee: I sure am. It's an honor to meet you all.

Nico: Same here.

Lincoln: Your robot is so cool!

Metabee: I'm more than just a robot. I'm actually what's called a Medabot.

Me: Cool!

Lemon Zest: Long time no see Ikki and Metabee.

Ikki: Lemon Zest!

Ikki hugged her and the Shadowbolts.

Indigo Zap: Lookin good kid.

Sunny Flare: You've grown a lot since the last time we saw you.

Ikki: I know. Things have changed for me.

Lemon Zest: Lets head to your house so we can talk.

Ikki: Sure thing.

We went to his house and Lemon Zest told him everything when we were at his garage.

Ikki: So you want me to teach Horsea, Poromon, Poliwag, and Manaphy how to build a robot?

Metabee: What's wrong with the one they made?

Cantwell: See for yourself.

They saw and it was very poorly built.

Lemon Zest: See what I mean?

Ikki: Oh yeah. I definitely see what you mean Lemon Zest. But I'll be more than happy to help them.

May: Awesome!

Metabee: Cool.

Me: Hey Nico, I've been thinking.

Nico: What is it?

Me: I was thinking that after we help our four mascots get their robot done, we should all get our own Medabots.

Nico: That's not a bad idea!

Agony: Wait. We can all get Medabots?

Me: We sure can. Lemon Zest told me so much about the Medabots and I learned so much about what they do and learned about there being so many different models and types.

Mega Man: They have just as many Medabots as the robots in Mega City.

Proto Man: They sure do.

Me: And it's so cool that they have amazing powers and abilities. Just like how each of the Mamodos have many kinds of abilities.

Lemon Zest: Yep. Every Medabot is unique and different. And this is their power source.

She pulled out a hexagon shaped gold medal and it had a phoenix on it.

Me: These must be the medals that power them.

Lemon Zest: Yep. Some of them are powerful and they have the ability to evolve. The more experience a Medabot gets every time they battle, the more powerful they become.

Nico: That's so cool.

Lisa Loud: A most amazing and most fantastic feat of mechanical engineering.

Nicole: It sure is.

Miranda: This is really interesting.

Hunter: Ja, und we're just learning a lot about Medabots.

Greiger: I should call Number 7 over so she can see this.

Me: Go for it.

Number 7 then came.

Number 7: I believe you called me.

Greiger: I was just about to.

Android 21: You are in for quite an interesting experience Number 7.

Lemon Zest: Yeah and I have experiences with this.

Lemon Zest told her everything.

Number 7: Amazing! I didn't know that you know so much about these Medabots and all that.

Lemon Zest: Before I joined Team Loud Phoenix Storm, me and the Shadowbolts all came here and learned so much about Medabots and what they can do and how they act and how they fight and what they are capable of.

Nico: Which we thought was really cool.

Eli: And I think it's really amazing.

Me: It sure is. And I figured that if we all can have Pokemon then why not all of us have Medabots too.

Number 7: That's a great idea.

Lemon Zest: Lets get to work everyone.

We got to work on the mascots robots and I later got my own Medabots.

Elena Validus: (to me) Congratulations, J.D. You got your own Medabot!

Me: 2 of them actually. Meet Blazing MetaPhoenix and Chilling CirnoFairy.

Chilling CirnoFairy: Hello everyone.

Blazing MetaPhoenix: Nice to meet all of you.

Nico: Hello. This is my Metabot, Bananatron.

Bananatron: (Hoots) How's it going.

Eli: Here's my Angel Medabot, Lightwing.

Lightwing: Hey there.

Nunnally: Meet my Fairy Medabot, Flowerfly.

Flowerfly: Hey there everyone. It's an honor to meet you.

May: And here's my awesome Mermaid Medabot, Oceanius.

Oceanius: Greetings to you all.

See-More: (to Nico) What Medabot did you get?

Nico: A Monkey Medabot.

See-more: Isn't that offensive because of you being a Saiyan?

Nico: Nah. I'm used to it.

Me: But we sure did a great job on the mascots robot.

Poromon: Thanks guys.

We saw that he was a really cool human-sized robot that looked like a miniature version of MEGAS and he was made of Solid Indestructible Neutronium Metal and he looked amazing!

Coop: WOW! Now THAT is an awesome robot!

Kiva: It looks like a miniature version of MEGAS.

Me: I was just about to point that out.

Nico: Me too. It looks awesome.

Starscream: If you have any enemies, I'll look for them in the air.

Ikki: I have many enemies. But our biggest one is the Rubberobo Gang.

Lemon Zest: I remember them. They are also one of the biggest enemies of the Shadowbolts.

Indigo Zap: Yeah they are a nefarious organization of terrorists that want to use all Medabots to take over the world.

Sunny Flare: Yeah. They are also responsible for a horrible event that happened 10 years ago called the 10 Days of Darkness.

Me: Whoa! That sounds like something out of an Apocalyptic War Movie.

Apple Bloom: Yeah it sounds awful.

Me: What was that event like?

Lemon Zest: It was terrible.

Lemon Zest went over everything that happened during that time and it was a nightmare from Hell 1,000-fold.

---

The Ten Days of Darkness is an event that occurred in the Medabots anime.

Background

Eight years prior to the Medabots anime during a World Robattle Championship in a match later referred to as the Forgotten Robattle, Hikaru Agata (A.K.A Henry) was Robattling with Team Japan using a Medabot named Metabee, outfitted with Arcbeetle's Medal in a Metabee body. Hikaru's Metabee Robattled so fiercely that its Rare

Medal energy caused the whole world's Medabots to go berserk, having their memories of being rulers of the earth and warmongers awakened by the energy. They rioted for 10 days before Hikaru made the painful decision of ending his Metabee's functions to stop the transmission of the energy, thus calming the world's Medabots down.

---

When it was done we were shocked and horrified!

Me: I remember all that! And that was one of the fiercest battles I've ever been in. And I was just starting out in learning all about my powers back then. I stopped a massive rampage of Medabots from destroying the entire planet back then.

Nico: WHOA!

Lemon Zest: That's not the worst of it. 2 years ago, me and the Shadowbolts all found out that the 10 Days of Darkness was really caused by a powerful antenna that was built in the World RoboBattle Colosseum and it was used by the Rubberobo Gang. We destroyed that antenna and made sure history never repeated itself. But the Rubberobo Gang swore to get revenge against all of the Shadowbolts that day.

Me: WHOA!

Nico: That's horrible!

Naruto: Yeah. But it looks like we found our next target here.

Me: Yep. But we don't know much about them. Lemon Zest, Ikki, can you tell us all about them?

Lemon Zest: We'll do my best.

Lemon Zest and Ikki told us all about them.

**The Rubberobo Gang** (known as the **Roborobo Gang** in the

Japanese version) is a gang of thieves who wear rubber suits.

History

The Rubberobo Gang are known for targeting rare Medals. They are always being thwarted by Ikki Tenryou.

They are sworn enemies of the Select Corp. Although in the past, there was a scandal where the Select Corp were involved with the Rubberobos behind the scenes. This has led to the Select Corp trying to save face by chasing after the Rubberobo Gang more vigorously than before.

While the Rubberobo Gang uses an assortment of Medabots, they are shown to use the Noctobats as their foot soldiers.

After Dr. Armond disappeared into a flying saucer with Dr. Hushi, the Rubberobo Gang aren't seen again when the Kilobots come into view.

Known members

**Dr. Armond** (a.k.a. Dr. Meta-Evil) - The official leader of the Rubberrobo Gang.

**Seaslug** - The dimwitted and immature leader of the Rubberobo Gang. His real name is Seymore Slugbottom.

**Gillgirl** - The female leader of the Rubberobo Gang. Her real name is Gilda Girlnikova.

**Shrimplips** - The young leader of the Rubberobo Gang. His real name is Shrimpy Lipowitz.

**Squidguts** - The tough leader of the Rubberobo Gang and the largest of the bunch. His real name is Guido Gudalucci.

**Ms. Starfish** - Seaslug/Seymore's girlfriend, who joined the group after failing to convince him to leave it. She is also known as Ms. Caviare, but her given name is unknown.

There is also an assortment of generic Rubberobo Gang members that assist the known members in various plots.

Known enemies

Ikki Tenryou

Erika Amazake

Karin Junmai

Koji Karakuchi

The Screws

Select Corp

Phantom Renegade

Dr. Armond A.K.A. Dr. Meta-Evil

**Dr. Armond**, also known as **Dr. Meta-Evil** or **Dr. Hebereke** in Japan, is the true leader of the Rubberobo Gang.

In the anime

In the anime, Dr. Meta-Evil is trying to get his hands on Rare Medals which he can use to take over the world. He first appears on a TV screen in the headquarters of the Rubberobo Gang. During his first appearances, his face isn't visible but his cat is. Once one of the 4 Rubberobo leaders got his/her hands on a Medal, they summoned Dr. Meta-Evil, who then appears as a spiraling cloud in the sky. After a while he realizes that the Rubberobo Gang isn't functioning well enough, so he sends down Mega-Emperor to get his hands on Metabee's Medal. He succeeds getting Metabee, and uses Metabee's Rare Medal to control all the Kabuto Medal-powered Medabots in the world.

When Ikki and his friends break into his base, he reveals himself and also that he is part human and part Medabot; a cyborg. After he is defeated in Robattle, his cat, who reveals himself to be sentient, removes his Medal and places it inside Mega-Emperor. After Mega-Emperor is defeated, Meta-Evil appears again when Ikki and Victor fight in the World Robattle Championship. He reveals that the stadium is in fact a giant resonator that he wants to use to turn all Medabots against humanity. His plan almost succeeds if it wasn't for the friendship between Ikki and Metabee. With his second plan thwarted, he summons a giant Babbyblu. His giant Medabot is defeated by a giant Metabee, piloted by the real Metabee. After his defeat, Dr. Hushi descends from outer space and tells Meta-Evil that the Medabots don't want to rule humanity. He offers to take Meta-Evil with him, and Meta-Evil then leaves for outer space.

---

We gasped in shock.

Me: Just what the world needs. Another fucked up mad scientist running amok. Looks like we're going to have to kill all of them.

Arbormon: How about we test out the new robot Horsea, Pormmon, Poliwag, and Manaphy made?

Me: That's a good idea Arbormon.

Nico: Yeah! But J.D. how come you didn't remember that?

Me: I still have aftereffects of Amnesia.

Lincoln: J.D. hit his head 8 years ago and got total amnesia.

Laney: Yeah he told us all about it and after he got hit in his head again his memory came back.

Me: Yeah but some of my memories are still buried in my mind. It's still foggy.

Nico: Right I remember you said that. That's bad.

Me: Yep. This is gonna teach a big time lesson to all villains everywhere, nobody takes over Earth without a fight from Team Loud Phoenix Storm.

Nico: You got that right.

Poromon: What about the first robot we made?

Mixmaster: That one's going to be used as a decoy.

Me: Good idea Mixmaster. Ikki, we're going to need the help of all your friends and everyone you know. And get ready for an awesome fight. You guys saw all our adventures and what we do right?

Ikki: We sure did and you guys are awesome at what you all do!

Metabee: You do all kinds of amazing adventures!

Blazing Metaphoenix: That's J.D. for you. He is awesome.

Me: Thanks guys. But don't give me a swollen head. But when we face the Rubberobo Gang, it's gonna be one helluva bloody battle. And I'm not just talking a regular fight, I'm talking a savage bloodbath of carnage.

Ikki: We'll take our chances J.D.

Me: Okay. Get ready Rubberobo Gang and Dr. Meta-Evil, (Eyes Glow Red) Team Loud Phoenix Storm is coming for all of you.

Nico: Yeah!

Then Tri-Klops, Cavalier, Technus, Vulture, KGBeast and Iron Lung appeared.

Me: Tri-Klops, Cavalier, Technus, Vulture, KGBeast and Iron Lung.

Vulture: Looks like you all have new friends.

Tri-Klops: I see you guys have a Medabots now.

Maria: We sure do. Do you like them?

Technus: Well, I sure do! I am the Master of Technlogy, after all.

Cavalier: I myself probably will not get a Medabot.

Me: We know. But that's all right. We're gonna have our usual battles at the gym. After we take care of the Rubberobo Gang and its leader for trying to destroy the planet 10 years ago. Have you all ever heard of an apocalyptic event called the 10 Days of Darkness?

Technus: That horrible event where the Medabots all ran amok!?

Me: Yep.

Lemon Zest: It was because of the Rubberobo Gang here that they caused such a nightmarish 240 hours of Hell.

Tri-Klops: That's terrible!

Vulture: No one tries to take over the world on our watch.

Me: You got that right.

?: And I agree with you on that.

A figure came out and it was BARBED WIRE ORG from episode 2 of Wild Force!

---

**The Barbed Wire Org** is (as his name implies) a barbed wired-themed Org that serves as the primary villain of the episode "Darkness Awakening".

The Barbed Wired Org was one of the ancient Orgs that worked with the Master Org to take over the Earth 3,000 years ago.

In the modern day, he took the form of barbed wires which he found under a bridge. He then attacked a police man in his car and went off and attack Turtle Cove, he went to a harbor and is found by Toxica and Jindrax, were Toxica gives him a shell-like cup that he can use to release an army of club welding goo-like monster foot soldiers called Putrids to aid him in battle, he then attacked people in his tendrils at a cafe. When Cole and Alyssa faced him, the Org send the Putrids after them, the Cole manages to by pass them all and talk with the Org, he tried to reason with him, thinking that he was like a frightened animal. However, much to his shock, he sensed that Org doesn't have heart. The Barbed Wire Org then went head first and attempted to strike at the Red Ranger, but the White

Ranger pushed the Red Ranger to the side, which cause her to get badly hurt. He land hard hitting blows on the two Rangers, he laughs over his victory until someone through a chair at him, the Yellow, Blue and Black Rangers came to help out, Cole then realized that fighting is the only way, so the Rangers morphed and did battle with all of the Putrids, Cole and Taylor converted the Org, the Barbed Org couldn't defeat the team and with the Jungle Sword's Savage Slash, he was destroyed.

Toxica revived him as a giant and the Rangers summon the Wildzords to fight him, the Lion Wildzord tried to fight back, but the Org was too powerful, the Red Ranger realized that they need to combine the Zords, the five Wildzords combined and formed the Wild Force Megazord, The Barbed Wire Org tried to fight back, but he couldn't defeat the Megazord, the Wild Force Megazord had the victory, thanks to the Fin Blade, the Shark Serge and the Tiger Fury, the Barbed Wire Org was destroyed for good by the Mega Roar.

---

Cole Evans: Barbed Wire Org!

Barbed Wire Org: Been a while rangers.

Me: I remember you! You were made by Jindrax and Toxica and sent to attack the city. You were also the first ever monster destroyed by the Wild Force Megazord when it made its debut.

Barbed Wire Org: Very impressive that you know that J.D. Mistress Vypra was right about everything about you.

Me: I don't like to brag but I never missed an episode.

Barbed Wire Org: (to the Wild Force Rangers) You Rangers should get Medabots too. They'll get along well with your Zords.

Cole Evans: I'm sure they will.

Me: Not a bad idea.

Tri-Klops: We'll have our battles in the gym like we agreed. Lets go get those punks.

Me: With pleasure. Lets get them!

We went to get Ikki's friends and we went to the Rubberobo Hideout.

---

Their hideout was in an abandoned carnival in northern Tokyo and the Shadowbolts and Tala went into the Hideout to face them.

Once they were inside, the Rubberobo's came out in the tens of thousands and they were all very pissed to see them.

Rubberobo Gang member: (to the Shadowbolts) You whores are going to get it for humiliating us all those years ago!

Tala: (laughs) You think you all are the biggest enemies the Shadowbolts have faced. Well, we're happy to disappoint you fools!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMM

A massive explosion of darkness and lightning and fire exploded through the roof of the hideout of the Rubberobo Gang and a dragon roar was heard and in came us and we were ready for a fight!

Me: CHARGE!

We charged and went at the Rubberobo Gang and they all went at us and we were roaring at the top of our lungs with incredible fury. Then a massive battle and bloodbath ensued. I slashed a member in his chest and ripped his heart out of his chest and shoved it down another member's throat and ripped his throat open and slashed his stomach open. Nico then plunged his hand into another member's stomach and ripped his intestines out and used them as a lasso and grabbed a member and pulled him towards him and ripped his head off and then he took his sword and slashed another members throat and Lincoln blasted a bunch of members with lightning and electrocuted them all over and Laney and Applejack made powerful hammers and smashed a bunch of members heads in and splattered their blood and brains all over the place with incredible fury. Pinkie Pie made an axe and hacked a bunch of member's chests open and Lucy drank all their blood and Brittney slashed and ignited a bunch of members into pillars of black fire.

Karin: I've killed 12 so far!

I slashed 157 more.

Me: I've killed 2,323 so far!

Nico: And the death toll is counting.

The bodies were all piling up all over the place with incredible fury.

Me: (Slashes a members head off and slashes a member's leg off) 26,352!

Nico: (Kicks a members head off with incredible fury) 3,239 for me!

May: (Freezes a bunch of members and shatters them into a million pieces) 14,529!

We were really tearing them apart and really making sure they all suffered horrifically.

Rarity stabbed a bunch of members through their black hearts.

Rarity: 30,293! And their outfits are just horrible looking.

Laney slashed a bunch of members and they disintegrated from poison. Kileron was blasting and smashing all the members left and right.

We killed all the members and all that was left was Dr. Meta-Evil!

Me: It's over Meta-Evil! You're through!

Ratchet: Lets get him!

Rio Kastle: Yeah!

Ratchet and Rio both used the Earth Cyber Planet Keys and they enhanced Ratchet's Photon Blaster and Rio's Ice Powers 100-fold.

Hook and Volcana both used the Earth Cyber Planet Keys as well and they enhanced Hook's rocket launcher and Volcana's fire powers 100-fold.

Ratchet and Rio Kastle: SUBZERO PHOTON BLAST!

Ratchet fired a massive photon blast and Rio fired an ice blast.

Hook and Volcana: FIRESTORM ROCKET MEGABLAST!

Hook fired a massive barrage of rockets and Volcana fired a massive blast of fire.

Me: Lets make this monster suffer!

Ikki: With pleasure!

Ikki & Metabee, Erika & Brass, Karin & Neutranurse, Me & Blazing Metaphoenix and Nico & Bananatron: METAFORCE ULTRA SUPERBLAST!

We fired massive blasts of energy, fire, light and more and the blasts all hit Dr. Meta-Evil and obliterated him in an instant and the whole hideout exploded in a massive fiery explosion.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

We got out and the Rubberobo Gang was all defeated and banished to the Warp.

Me: Good riddance to them. Now lets head home.

Vulture: Maybe we should get Medabots as well.

May: I don't see why not.

KGBeast: And we never have to see the Rubberobo gang again.

Iron Lung: I think this is the dawn of a new age.

Me: Yep. Not only do we have awesome Pokemon, but now we have Medabots. and soon we're gonna have more than that.

Eli: We're gonna have Bakugan and maybe Digimon soon.

Nico: Yep.

Me: Lets head home.

We went back home and we went to the Gym.

* * *

In the gym we got ready.

Vypra then appeared.

Vypra: Hey guys.

Me: Hey Vypra.

Vypra: I have a new member of the Masters of Evil for Numbuh 3 as her archenemy.

Numbuh 3: YAY!

2 Figures then came in with incredible acrobatic moves and it was I & AM - THE TWIN BOUNTY HUNTERS!

* * *

**I and Am** are twin bounty hunters who only appeared in the episode "The Princess and the Bounty Hunters".

I and Am are twin Siamese cat-like humanoids that talk in the same monotone voice, often finishing each other's sentence in rhyme. Due to the nature of their almost perfect coordination a rumor was spread which claimed that the two of them shared the same mind.

They, along with other bounty hunters, told their plans of claiming the bounty on Jack by disarming the samurai of his sword and finishing him with mines thrown from above the sky. But Princess Mira pointed out their flaws in their plan, but complemented their plan for being on the right path. When Princess Mira reveals to the bounty hunters her plan to join forces, Am was put on the lookout for Jack while I was digging traps with the rest of the bounty hunters. After finishing the trap I was taking a "catnap" when Am informs his brother, via telepathy, that "He's coming." Am immediately warns the other hunters and begins covering their snow tracks. Am hides in the woods while I hides in on of the traps. When Samurai Jack finally approaches the hidden holes I was the first to pop out and using his chain to snatch Jack's sword only for Jack to grab tighter onto his sword, pulls I towards him, incapacitates the hunter with a single sword slash. Am throws the mines at Jack only for him to grab them and throw the mines at Boris. Later, Am enraged over I's seemingly death lunged at Jack only for Jack to slice into Am, incapacitates the last twin.

Given that Genndy Tartakovsky himself officially confirmed that Jack never kill human beings (and likely sentient creatures), it is assumed that both I and Am are simply unconscious and injured.

It is unknown how the past Aku's destruction affected their existence.

---

I: It's an honor for both of us to be here.

Am: We have fun for the thrills sheer.

Me: I & Am. The Bounty Hunter Twins. The third members of the Bounty Hunter 5.

I: It's good to see you again J.D. in times like all.

Am: You've gotten stronger in your journeys that made you tall.

Me: Can't argue about all that. This is gonna be interesting.

?: I once agree with that.

A figure came out and it was the legendary Battōsai Samurai, MAKOTO SHISHIO!

---

**Shishio Makoto** is the primary antagonist of the Kyoto arc and a former Ishin Shishi hitokiri known within the ranks as the Battōsai's successor. But after his "comrades" in the government attempted and failed to assassinate him, Shishio Makoto spent the next decade slowly amassing power and developing an anti-government militia headed by his own private group of elite warriors - the Juppongatana.

After the death of Yukishiro Tomoe, Himura Kenshin was relieved of secretive assassination missions and was to fight the Shinsengumi in the open to protect members of the Ishin Shishi, who were being hunted by the Shinsengumi, Shishio Makoto became his successor as a serial killer and was responsible for the assassination/murder of I'izuka, the man who had betrayed the Chōshū party. The next Meiji government was more secretive about Shishio than Kenshin; many members of the Chōshū and Satsuma clans (the members of the next Meiji government) had very little information on him. However, unlike Kenshin, who was nobler and was focused on the well-being of innocent people, Shishio only cared for power, having decided to take the country for himself after his first job of killing, murdering, and slaughtering Iizuka. As a result, the Meiji government decided to use Shishio as a means to an end then kill him off.

Later, the new Meiji government believed it would be in their best interests to eliminate Shishio. While they had found Kenshin Himura to be an idealistic servant of the Imperialist cause, Okubo and other Meiji officials correctly concluded that Shishio was an opportunistic sociopath, who would undoubtedly use his vast knowledge of government secrets to plunge the country into turmoil for his gain. Thus, during the Boshin War, Shishio was knocked out from a blow to the head, then doused in oil and burned alive by the Ishin Shishi. He survived, sustaining severe damage to his entire body to the point that he must wear bandages day and night to cover his disfigured skin, giving him an appearance similar to that of a mummy. It also limited the time he could fight. Any battle that surpassed fifteen minutes placed him in jeopardy of undergoing spontaneous combustion due to his lack of sweat glands and abnormal rising body temperatures (although it is unlikely that a human would survive long enough, in that condition, to spontaneously consumed by fire).

Shishio, with the aid of a man named Sadojima Hōji, assembled a group of the best fighters in Japan, called the *Juppongatana* (Ten Swords), to overthrow the Meiji government. He envisioned a Japan ruled by him, enforcing the principles of Social Darwinism. Using this belief, Shishio ran a campaign against the Meiji government, as he felt it was too weak to lead the country effectively. Using his motto, "The weak are food for the strong," he molded an ideological disciple out of Seta Sōjirō, who served as his right-hand man and the strongest of the Juppongatana. He planned to strengthen the economy with petroleum once he took over the country. At some point, he met Komagata Yumi, whom he shared a romantic relationship with.

## Kyoto Arc

Kenshin and Saitō Hajime both spend a considerable amount of time looking for Shishio, meeting him once in Shingetsu Village. However, Shishio left soon after they found him. After the ordeal in Shingetsu village, Kenshin ventured onward to Kyoto, where they would have their duel. Upon arriving in Kyoto, Kenshin searched for the swordsmith Arai Shakku to forge a superior sakabatō. Shakkū died during the ten years that Kenshin had last seen him, and found his son Arai Seiku as head blacksmith instead. Kenshin instead sought after his former mentor Hiko Seijuro XIII but discovered Seikū's predicament, which involved one of the members of the Juppongatana (Ten Swords): Sawagejo Cho.

After defeating and arresting Chō, he revealed that Shishio had planned to have the Ten Swords burn down Kyoto. However, Kenshin and Saitō find that the plan to burn down Kyoto was just a diversion, and Shishio's real intention was to use a steel-plated battleship, *Rengoku* ("Purgatory") that Hōji had purchased for him to attack Tokyo. Kenshin, Saitō, and Sagara Sanosuke pursue and intercept Shishio in a harbor not far from his target; And using a set of explosives Sanosuke obtained from his long-time friend, Tsukioka Tsunan, destroys the *Rengoku* . However, Shishio, Sōjirō, Hōji, and Yumi, escape.

Although his plan was foiled, Shishio was still not beaten, and instead arranged a duel to the death at Mount Hiei. He knew that Kenshin, Saitō, and Sanosuke travel there the next morning. While they were doing so, however, Shishio sent most of the Juppongantana out to kill Kenshin's friends at the Aoi-Ya, keeping only his most reliable subordinates with him, and Shinomori Aoshi who had allied himself to Shishio to get to Kenshin. The members of the Ten Swords sent to the Aoi-Ya, however, were all defeated.

After defeating Aoshi and Sōjirō, Kenshin faced Shishio himself. Kenshin had been worn out and injured from his consecutive fights with Aoshi and Sōjirō, and Shishio knocked him out fairly quickly. Saitō entered and ambushed Shishio, attempting to kill with a blow to the head. However, Shishio's hachigane (a headband containing a metal plate to cover the temple) stopped the attack, after which he quickly blocked every move Saitō used against him and defeated him. Sanosuke also entered to fight Shishio, but lost and could not even injure Shishio, despite landing a direct Futae no Kiwami to the face. Finally, Aoshi came and managed to stall Shishio long enough for Kenshin to regain consciousness.

The two continued their fight to its climax, and to the point that Kenshin unleashed his most powerful attacks. After the overwhelming blow that was the *Amakakeru Ryu no Hirameki*, Shishio's body started to overheat to dangerous levels, convulsing and becoming physically ravaged internally. At that point, Yumi intervened, standing in the way of a blow from Kenshin. Taking advantage of his moment of vulnerability, Shishio ran his sword through Yumi in an attempt to hit Kenshin, and Kenshin, critically wounded on the floor by the stab, became appalled at Shishio for betraying his lover. Still, Shishio remarked that he understood that he did what Yumi wanted of him, which was, in fact, the case. As he held his lover in her final and last moments, Shishio barked back that he has no right to judge them, and that even though the two are seriously hurt, the first who would stand back up and dealt the next attack would be the day's victor.

While Kenshin laid on the floor, bleeding heavily and weakly, Shishio sat in delirium and intense heat, unaware that his blood was boiling into fine vapor. As Shishio got back up and was to kill Kenshin, they clashed in a final standoff, as Kenshin refused to let go of the will to live. Retorting back that all are for himself to feast upon and appearing to have the upper hand, eventually, Shishio's body heat rose to the point where his blood evaporated, and the fat and oils in his body ignited. Screaming out in pain and surprise in his death throes, Shishio laughed in hysteria and defeated madness at how time chose Kenshin as the victor. The result as Shishio was ultimately consumed by his flame and continued to burn until all that became of him, and Yumi, was ash.

He is later seen in hell with Yumi and Hōji (who committed suicide in jail), commenting that the spirits of the times and the world took away his victory in fear of his ambitions; now in hell, they would try and take it over soon as the next best thing.

He is once again seen in the Jinchuu arc, as one of Kenshin's illusions of hell, where the latter offers him his life, after the supposed death of Kaoru. In response, Shishio tells Kenshin that before he kills him, Kenshin must discard everything he believes in and fight for.

Shin Kyoto Hen

In this incarnation of the series, Shishio's hometown is revealed to be Shingetsu Village. Having taken over his hometown to enact his ambitions after disillusioned by the Meiji Government's act of rule and his assassination, it is one of force and subjugation through violence, being still the way he sees the world truly acting its wills on and hiding through the facade of goodwill and benevolence.

Having fled back to the Shrine of the Six Torii, Shishio and Yumi proceed to embrace the act of fornication. Still, they are interrupted by an opportunistic Usui who attacks them in the middle of their romance. The next day, Shishio is agitated, knowing that Usui killed fifty police officers handpicked by Saitō. Hearing that Usui has killed, murdered, and slaughtered that many to prove himself now worthy of taking on Shishio, he ultimately rips his armaments apart in the heat of battle and viciously strikes at all openings, and proceeds to grip Usui's head with his searing hot hands to burn the image of him into his mind as a reminder of his failure to defeat him before passing into the afterlife.

At the end of the episodes, he chooses Anji to be his guard and boards the Rengoku with Yumi. Learning of Saitō's arrival by infiltration, he urges Yumi for their prey to make their way straight to their trap. He engages in a fierce duel with him, but easily overcomes Saitō in battle, and declaring him not of worth to kill, awaiting only the Battousai.

As Himura makes his way through the depths of the Rengoku, Shishio engages his predecessor and tells him of blades that they wield are both of the same maker. Unlike the manga and anime incarnation, he faces off against Kenshin Himura at full strength and unhindered by any previous combatants. Learning that his trump to rule Japan now faces irreversible jeopardy upon its demise, being bombarded with cannon fire by the military, he plans to kill Kenshin with the flames of hell that burn within him. Still, his limits come to the surface as his head begins to rupture violently due to the hot steam within his body boiling to where it will burst out of him. Continuing fighting to the death with Himura, he delivers a deadly attack by impaling Kenshin's shoulder with the Mugenjin but is ultimately defeated when Kenshin performs a variation of the Amakakeru Ryu no Hirameki, slamming his hilt onto Shishio's forehead to where it splits his head apart while aggravating his condition. Now wholly thrown off his guard, forcibly putting his split head back together in a great deal of pain, Yumi rushes to his aid and pushes him out of the way, before the boiler explodes, ending the duel entirely. After the explosion that has rendered the Rengoku useless, Shishio has died, and his remains are lost in the last blast that sinks the ship completely.

Battle 8: Jared VS Makoto Shishio & Number 20.

---

Jared was facing Makoto Shishio next.

Jared: May I say that it is a great honor to face one of the legendary and mightiest of the Battōsai Samurai.

Shishio: I will not disappoint you.

Jared: I have a feeling you won't.

Jared pulled out a hilt and it ignited with fire and a blue samurai katana blade formed on it.

Jared: I thought I was never gonna get an opportunity to use this. Lets do it.

Shishio: Gladly.

Shishio unsheathed his deadly serated Katana and they went at each other and Jared and Shishio struck their blades on the ground like matches and ignited them and they clashed violently massive sparks flew all over the place and ignited the arena in the gym in a massive wall of fire and it was intense. They were really going at each other ferociously and Jared demonstrated a massive number of techniques. They stopped and looked at each other.

Jared: You definitely are everything I've read about. All those years ago you've proven to be an awesome challenge and a worthy adversary to the legendary Kenshin Himura, one of the legendary and invincible Battōsai samurai that I have idolized for years. He was my source of inspiration that lead me to become an honorable warrior and lead me to protect those that I care about and kill only when it's necessary.

Shishio: I'm honored that you respect the ways of the samurai but it's only the laws of nature that we all must follow. If you're strong you live, if you're weak you die.

Jared: That is not part of the Samurai code of honor. It's the weak that we have to defend and it's the strong villains that we protect the weak from. That's part of the way of the Samurai. Its been that way for centuries. Even though over 150 years have passed you should know all that.

Shishio: That's right and I admire that in you Jared. You have an amazing swordsman spirit as well as the true heart of the samurai. Looks like you're going to have to go at me at full strength. There's no better way to do that then by breaking your limits. Now lets see if you can make the tremendous heat of my flesh and blood even hotter and make this a fight to remember!

Jared: You want it, you got it.

Jared then flared up his massive fire aura and it exploded high into the air and into the voids of space as a massive vortex of fire and it formed into a huge phoenix and it screeched powerfully as its power was incredibly intense! When the vortex of fire faded Jared was standing in a circle of fire forever changed! His black hair turned red, orange and yellow and it was in a cronmage and he had a phoenix with the kanji of Fire emblazoned in the middle of his forehead and he had flame earrings. His eyes were red and had fire burning in the sclera. He had an orange shirt with fire on it and he had yellow pants with red flames on them and he had orange shoes. He had a sleeveless trench coat with flames and a phoenix on it and he had the kanji for JARED TYRONE KNUDSON, MASTER OF THE FLAMES, INFERNO AND HONOR OF THE SAMURAI AND THE PHOENIX on the back. His wings were made of pure fire and it was burning intensely and his power was incredible! He was now a SUPER ANGEL-PHOENIX 25,000,000 INFERNO PHOENIX SAMURAI!

Me: WHOA! Look at Jared!

Nico: WHOA!

Allenby: Unbelievable! Is this Jared's full power!?

Jared: (Divine Echoing Fiery Voice) **Yes Allenby, this is my full power. And this is my ultimate transformation. Shishio called out my full power and who am I to deny such a worthy adversary.**

I was really proud of Jared.

Me: That is my son. He is a true warrior of honor.

Jared went at Shishio and they resumed clashing with incredible fury and fire was swirling around the arena in massive amounts at an unbelievable level!

Me: WHOA!

?: This can't go on!

Me: Huh?

A woman came and it was Ms. Yumi Komagata, Shishio's lover.

Me: Yumi Komagata?

Yumi: That's right! J.D. you have to stop the fight!

Me: Why? What's wrong?

Yumi: Its already been 15 minutes! Its too dangerous to fight any longer!

Me: Why?

Yumi: After being burned alive, Lord Shishio completely lost the ability to regulate his body temperature through sweating. And he's cursed with a normal temperature that's unbelievably hot!

Me: WHAT!? Let me see here.

I turned on my infrared vision and looked at Shishio and what I saw was horrifying! It said that Shishio's temperature was 1,100˚Fahrenheit and rising fast!

I gasped in shock!

Me: 1,100˚!? That's insane! Jared you have to stop fighting Shishio! He's a living tinderbox and if he keeps fighting like this he'll erupt into flames!

Jared: **What!?**

Me: He lost his ability to cool himself down through sweating and it was because he has burns all over his body.

Jared: **That explains what those burns are.**

Shishio: J.D. and Yumi are right. Thanks to the burns I received 10 years ago in my time, nearly all of my sweat glands have been completely destroyed.

Jared: **That explains how you got all those bandages.**

Shishio: Yes. Since then the tremendous temperature of my body has continued to burn higher than most normal human beings. You might say The Fires of Hell burn ferociously inside of me.

Jared: **That's crazy! But that explains everything. But I have a feeling that you probably want it this way.**

Shishio: Yes. To face a worthy adversary and to put me out of my suffering.

Jared: **That's understandable. But like I say, I always give my opponents what they want when it comes to a good fight. Lets get it on!**

Jared clashed with him more and then slashed him in his side and Shishio belched up a huge amount of blood and Jared kicked him in the face and knocked him down. Then Shishio got up and he was screaming in excruciating pain.

He was really in a lot of pain!

Jared: **Let me see here.**

Jared turned on his infrared vision and what he saw was horrifying! His body temperature was now at 1,725˚Fahrenheit and rising.

Jared: (GASP!) **WHOA! Dad and Yumi were not kidding! Ms. Yumi, I'm sorry I have to do this but I think he wants it this way.**

Yumi: (In shock) I… I… I understand.

Jared: **I know you love him Yumi. But he has to die to ease his suffering. He's beyond the point of no return.**

But then red steam came out of Shishio's body.

Me: What's that red steam?

Varie: It's his blood. It's evaporating.

Jared: **He's about to explode into spontaneous combustion. This means that he's almost at his limits.**

Shishio snarled in fury.

Jared: **I'm amazed that he lasted this long against me in my full power. But it's time for me to end this.**

Jared then went at him and clashed again with him.

Jared: **Shishio, I'm sorry this has to happen for you, but I will be the victor of our battle. My will to help protect my friends and help them live is strong and it's stronger than anything else!**

Shishio: YOU'RE WRONG! THE ONLY THING STRONGER THAN ANYTHING IS ME! ONLY THE FITTEST SURVIVE IN THIS WORLD IN THE END! IF YOU'RE STRONG YOU LIVE, IF YOU'RE WEAK YOU DIE! AND I'M THE ONE WHO DESERVES TO LIVE!

They clashed some more!

Shishio: THE WEAK SHALL BECOME FOOD FOR THE STRONG! SO DIE AND LET ME FEAST!

Jared: **I don't die that easily! I'm IMMORTAL!**

Jared kicked him in the face and then…

WHOOOSH!

Shishio bursted into flames and he was screaming in excruciating pain as he was totally on fire!

Me: WHOA! HOLY SHIT!

Jared: **OH MAN! When he hit 2,100˚ his temperature ignited all the fat and oil in his body!**

He was screaming in excruciating agony and pain as he was being burned all over the place with incredible heat.

Jared: **Even I have a heart when it comes to something like this!**

Jared fired a blast of water but the fire was too strong. Shishio looked at Jared with his final breaths.

Jared: **Shisho. I…**

Shishio: Tell J.D. to take care of Yumi, Jared. Have Eli use my sword.

Jared: **I will. You have my word of honor. It was an honor to**

**fight you and it was an honor to test my skills against you Makoto Shishio of the Legendary Battōsai.**

Jared was given Shishio's sword and hilt and Shishio then disintegrated in a pile of ashes.

Jared powered down and absorbed all the fire.

Yumi then broke down crying and I comforted her over her grieving.

Jared then picked up the Number Card and walked over to Eli and gave it to him.

Maria then picked up Shishio's ashes and put them in an urn.

Allenby: Honey you were awesome!

Allenby and Jared's kids hugged him.

Jared: I know everyone. I know. But Shishio wanted it this way.

Isabelle: I know dad. I know.

Nathaniel: But you were awesome dad. You put up an amazing fight.

Jared: Thanks Nathaniel. I'm sorry you all had to see him die in such a terrible manner.

Vypra: I know Jared. But you did really well.

Jared: Yeah.

Warmup: Numbuh 3 VS I & Am

---

Numbuh 3 was facing I & Am in a warmup battle.

Numbuh 3: This is gonna be an awesome battle!

I: It looks like you are in for a fun battle to be.

Am: But we are more than happy to make sure your battle with us will succeed.

Numbuh 3: Lets dance.

I threw a chain and she dodged it and Am threw numerous bombs and she dodged them all and they exploded behind her.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Numbuh 3 fired freeze rays at them and froze the twins.

Numbuh 3: YAY! I WON!

Me: AWESOME! They passed the test.

Vypra: Great! These battles were fun!

Me: Lets get some rest and get some food.

Ikki: Good idea. (To the viewers) This is gonna be so awesome! And this was a most memorable battle! Hope you all love our adventures with Team Loud Phoenix Storm.

Lemon Zest: (To the viewers) It's gonna be awesome having Ikki and his friends with us.

Me: Yep.

We rested and ate.

Later that night, I was asleep and then I had the same nightmare as before.

Me: I WON'T LET YOU DESTROY EVERYTHING!

Evil Me: EVERYTHING IN THIS UNIVERSE IS GONNA DIE! (LAUGHS MALEVOLENTLY!)

He fired an energy blast at me and then a blue force field protected me as the blast hit.

Princess Luna: ENOUGH!

The Evil Me was obliterated in an instant as Princess Luna appeared out of the full moon and so did Natilee in a Celtic Triquetra.

Me: Princess Luna, Natilee. Boy am I glad to see you.

Princess Luna: Looks like we got here just in time.

Me: I had a feeling this was a dream

Natilee: That's right dad. And we know the reason why you had the same dream again. You are still dealing with leftover hatred and rage because of everything that Jacques Schnee did.

Me: That explains why I had the same nightmare. It's my bottled up fury. I need to start meditating again.

Natilee: That would be a wise idea dad.

Princess Luna: I agree too. You did really well when you were meditating and you can do so again.

Me: That's true.

Princess Luna: I too know just how you feel J.D. You know how I became Nightmare Moon right?

Me: I sure do.

Princess Luna: Yes. And I showed great resentment towards her and that's what lead me to turn into Nightmare Moon. And I have struggled to cope with everything after I was freed from the monster I turned into.

Me: I see. Then I can learn from this and make sure it doesn't happen again. I was so pissed at Jacques for everything he did that I was afraid that I would snap.

Natilee: I know dad. But you're fine now.

Me: Thank you both.

I woke up in the morning and I was better.

Me: Ahh. After breakfast I'll go meditate.

# War With An Evil Emperor

At Team Loud Phoenix Storm Estate we were getting ready for the ultimate war with the most evil monster ever to terrorize the universe: BARODIUS!

---

**Emperor Barodius** (possibly known as **Koutei Barodius** in the Japanese version), later known as **Mag Mel** is the main antagonist of *Bakugan: Gundalian Invaders*, and later the main antagonist of the first arc in *Bakugan: Mechtanium Surge* . His Bakugan partner is Dharak.

Later, he and Dharak were imprisoned by Code Eve when they refused to accept defeat and were transformed into the beings called Mag Mel and Razenoid. Barodius is the arch-nemesis of Dan Kuso.

He was voiced by Shawn Meunier.

*Bakugan: Gundalian Invaders*

Barodius first appeared in Dan Kuso's vision, ordering the rest of the Twelve Orders Bakugan to destroy the Neathian Bakugan. Later, Barodius is seen on Gundalia asking the other Twelve Order members what they found out about the powerful Bakugan on Earth. Hearing about the unknown Bakugan's strength and power, he ordered Gill to make sure they came to their side instead of their enemies', the Neathians. It was then that he sent Sid Arkale and Lena Isis to learn more by visiting (and ultimately brawling) in Bakugan Interspace.

The next day, Barodius spoke to Gill briefly about how the recruitment of human battlers was coming along, and told Dharak that his services are not yet required. He watched the progress of the human recruits with the rest of the Twelve Orders. While Dharak noted that they weren't too bad, Barodius wasn't satisfied, ordering Ren Krawler to gather more brawlers by any means, having become more eager to obtain ultimate power and something he referred to only as "The Element".

Later, Barodius, Gill and Kazarina demanded to know why Ren had failed to bring the Battle Brawlers over to their side. Kazarina mentions a rumor going around that Ren has come to sympathize with their enemies to which Barodius warns Ren that if he finds out he has betrayed him, he will be punished severely. He also appeared in a flashback about Ren's past when Barodius chose him to lead his team to Earth. When Sid returns after failing to defeat Dan Kuso and losing the Element, Barodius was furious and punishes Sid and Rubanoid for their failure. He gave Ren one last chance to set things right, and warned him not to mess it up.

A few days later, Barodius and the rest of the Twelve Orders were furious with Ren's Team for their constant failures and ordered a preemptive strike on the Neathians. He and the other Twelve Orders fought the Battle Brawlers on Neathia in order to get the Sacred Orb. Barodius formed Dharak Colossus and used him to break down the Neathian's Second Shield. He then met Dan and Drago for the first time and battled against them. In the middle of Dharak and Drago's fight, the Sacred Orb sent Dharak and Barodius, along with all the other Gundalians, back to Gundalia. He wondered what powerful object could send all the Gundalians off of Neathia, and later suspected that the Element was responsible.

In a flashback, when Nurzak comes to visit Barodius and warns him again about why his father refused to possess the power of the Sacred Orb, but he responds by cruelly insulting his late father by calling him a "superstitious old fool" and they should embrace the Sacred Orb and gain the ultimate power for himself. Nurzak secretly gets disgusted by Barodius of always speaking ill of his late father and insulting his memory.

Barodius tortures Kazarina as punishment for letting Mason Brown escape and then failing to get him back, seemingly turning her against him. Gill informs Barodius of Nurzak and Kazarina's rebellion and he managed to stop Nurzak before he could make a peace treaty with Neathia and attempt to overthrow him. They argue over the views of Barodius' father who respected and feared the Sacred Orb's power, as does Nurzak, who offers Barodius one last chance to call off the war on Neathia or face the consequences, but he selfishly refuses, once again calling his father nothing more than a superstitious old fool. Nurzak has finally had enough of Barodius' tyranny and the way he always treated his father and not caring about him at all. However, Nurzak knew Barodius would refuse to stand down and orders Kazarina and the soldiers to capture Barodius, but they refuse. It was then revealed that Barodius sent Kazarina to spy on Nurzak to prevent his betrayal. Barodius battles Nurzak and defeated him with Dharak's AirKor (while killing the soldiers in the process) but he was thought to have killed Nurzak, but he was simply banished to the space in between dimensions. Afterwards, Barodius cruelly laughs at the destruction of his father's portrait.

Barodius reveals to Ren that he was only keeping him around because of the Forbidden Power that Linehalt possesses. He promised Ren that he would have the life in the sun he always dreamed of after they defeated the Neathians. He then launches a campaign to permanently destroy the renewed Second Shield. He easily defeats Dan and Drago and then pierces a hole in the Second Shield. After ordering Ren to finish Dan and Drago off, by promising to reveal the secrets of Linehalt's Forbidden Power, Ren decides to switch sides and betrays Barodius.

He fights Ren and was winning until he taunted Ren for not being worthy enough to posses a Bakugan as powerful as Linehalt and admitting that he never intended to give them true freedom, causing Linehalt to unleash his Forbidden Power, which briefly takes out Dharak and threatens to destroy the planet. The Sacred Orb then summons it's last line of defence, Dragonoid Colossus, which defeated Linehalt and disappeared in Dan's BakuMeter. After seeing this, Barodius decided to retreat but swore to get his hands on Dragonoid Colossus.

Later back in Gundalia, Barodius sees that Dan is the one in possession of Dragonoid Colossus and ordered Gill and Airzel to separate him from the others so that he could battle him and take it personally. He later tells the hypnotised Jake Vallory that he is going to help him destroy the Battle Brawlers. Barodius later confronts Dan when he stumbles across the throne room.

Barodius challenges Dan for the power of Dragonoid Colossus, saying that Dharak was the only one worthy of possessing it's powers, and called Dan pathetic for putting his friends before himself. They then battled, but despite Drago's new powers, Dharak easily overpowered him. Just as he was about to win, Dan restored Drago's confidence and a brand new ability was unlocked which he used to defeat Barodius. Dan demanded Jake to be returned, to which he complied, but Jake is still under the effect of Gundalian hypnosis and he knocked Dan out. Barodius enjoys Dan's suffering and orders Jake to take Dan and Drago to Kazarina's lab.

In Kazarina's lab, Barodius watches Dharak evolve into Phantom Dharak alongside Kazarina and Gill, although Lumagrowl does attack when he spotted Shun, who does escape. and when Kazarina asked Barodius if he wanted to rename Dharak and he renamed him Phantom Dharak. After Dharak evolves, Barodius says to Kazarina that he is going to Neathia and promotes her as his new second-in-command and leaves her charge of Gundalia while he is gone, much to Gill's jealously and dismay.

When Barodius arrives on Neathia, he uses Phantom Dharak to destroy the 3rd Shield and he was successful. Barodius unleashes his massive army of Gundalian Soldiers and a brainwashed Lena, Jesse Glenn and Zenet Surrow to attack Neathia after Phantom Dharak destroyed the 3rd Shield. Barodius enjoys watching the Neathians suffer and many Castle Knights dying in his onslaught.

However, Dan and the other Battle Brawlers arrive just in time to help the Castle Knights. Dan warns Barodius it's the end for him. Stoica and Airzel arrive to help Barodius, but note the absence of Gill and Kazarina. Stoica reports that Kazarina is still brawling Princess Fabia, and that Gill's ship was damaged by the Brawlers and needs repair. Later after Kazarina's death, Barodius overhears Airzel and Stoica's conversation that Gill really stayed behind to get revenge on Kazarina and killed her out of jealously. Lena, Zenet and Jesse are free from Kazarina's mind control and join the Brawlers and Castle Knights in battling Barodius, Airzel and Stoica. When Dan tells Barodius to surrender as he is outnumbered, he and Dharak are not bothered by this threat and with one attack, they defeat all of the Castle Knights and their Bakugans.

Fabia, Nurzak and Mason return to help, but Barodius easily defeats them and the rest of the Brawlers one by one; leaving only Dan and Drago. Just before entering the castle, Gill arrives to help Barodius in the battlefield, and claims Kazarina was taken down by Fabia in their battle. But Barodius reveals he had been listening to Stoica and Airzel's conversation and knows that Gill killed Kazarina. Barodius and Dharak attack Gill's ship and killed him along with Krakix, Airzel and Strikeflier in cold blood. Next Dharak sacrifices both Stoica and Lythirus to destroy Dragonoid Colossus. When Barodius reaches the castle, he wipes out the Neathian guards and goes to confront Queen Serena personally. In the throne room, when Dan is about to tackle Barodius and stop him from killing Queen Serena, the Sacred Orb teleports them (along with Drago and Dharak) to the space in between dimensions for them to face off in their final battle. The four of them are greeted by Code Eve, who is the Sacred Orb and the source of all Bakugan DNA.

Barodius and Dharak face Dan and Drago in their final battle for control over the Sacred Orb and the fate of the universe. At first, Barodius has the upper hand and plans to kill Dan and Drago while they are down, but Drago regains consciousness and defeats them and Code Eve returns back to Neathia. After Barodius loses his battle against Dan, he refuses to surrender and summons Dharak again to steal the Sacred Orb and take all of it's power for themselves. But they are both seemingly destroyed by an overload of vast energy and power from taking too much from Sacred Orb. Everyone celebrates Barodius' defeat and presumed death and peace is restored to both Neathia and Gundalia. Plus Gundalia is finally free from Barodius' tyrannical rule.

*Bakugan: Mechtanium Surge*

In *Bakugan: Mechtanium Surge*, it is revealed that Barodius and Dharak are not destroyed but mutated into Mag Mel and Razenoid and imprisoned into the dark reverse dimension of Bakugan Interspace by Code Eve. They are restrained by some webbing that causes them to share their pain. Mag Mel creates Anubias and Sellon and send them to Bakugan Interspace to make generate amounts of Chaos Energy which would make him and Razenoid stronger. he also uses the Tri-Twisters and the Bash Brothers to give him more power. After he is freed from his prison, Mag Mel tries to conquer Gundalia by killing all Gundalians but Dan shun Raife Paige and Marucho defeat him and his mechtogon Braxion, Smasheon, Rockfist, Deezall, Venexus, and Miserak with help from Spectra Phantom and Helios. Once they outlived their usefullness Mag Mel kills Sellon and soon after Anubias when he do not need them after they give him the Key and the Gate's powers, and when him and Razenoid resurrect, he send out 96 Dreadeon Titan clones to the five corners of the Earth to destroy it and its destruction will destroy Vestal, Gundalia, Neathia and New Vestroia, (9 Titans Dreadeon in the first wave and 87 in the second wave). Whereas his mechtogan Dreadeon and Dreadeon Titan are killed along with Zenthon and Zenthon Titan, Razenoid is killed once and for all by Drago evolved as Fusion Dragonoid thanks to the gate and the key's power. Mag Mel dies soon after and tries to kill Dan with him but fails.

Along with his partner Bakugan, DHARAK.

---

**Dharak** is the Bakugan of Barodius and the secondary antagonist in

*Bakugan: Gundalian Invaders* .

He was voiced by Takaya Kuroda in Japanese and Tony Rosato in English.

*Bakugan Battle Brawlers: New Vestroia*

Dharak was first shown in a video Professor Clay received, showing Dharark fighting the Castle Knights alongside Lythirus, Strikeflier, Sabator, Kraxix, and Lumagrowl.

*Bakugan: Gundalian Invaders*

Dharark first appeared in Dan's vision battling the Castle Knights under the command of Barodius.

He later appears in a flashback attacking Nethia with his team.

He later appears with his master, where he tells him his services aren't needed. Dhark tells his master he will serve him whenever the time comes. He later says the Brawlers that Ren Krawler got from Earth seemed to be useful. After a talk with Ren, he also comments that Drago will be tough for Linehalt to beat.

When the Brawlers help out the Nethians, Dharark meets Drago for the first time, already talking disliking towards him. They battle, but the orb transports all Gundalians away, leaving the battle without an outcome.

Kazarina then tells Bardious she will make Exsokor for Dhark, which makes him feel excited.

When Nurzak betrayed Bardious, he battled against Sabator and his Battle Gear Chompixx. He lost in the first round due to Sabator using a Level 3 Class Battle Gear Ability Card, but in the second round, he defeated Sabator, who managed to survive due to the Sacred Orb transferring him between dimensions.

When Sid Arkale escaped from Kazarinas lab Dharak found him and shot at him causing sid to fall to his death and give Rubanoid to Ren.

Barodius and Dharak messed with many planets and more and they are the very personification of Evil Incarnate and for their crimes they will pay the ultimate price. This time we're not going to let Barodius try to blow himself up like he did before. This time we're going to make sure both Barodius and Dharak pay as they are both Super Hakaied.

Me: Almost ready.

Nico: Yeah. This is gonna be a deadly battle. We're going into battle against a very dangerous foe.

Naruto: I know but we are ready for anything.

Eli: Always have been and always will be.

Nunnally: You said it Eli.

Me: I agree with you on that.

Lincoln: YEAH!

Computer: ALERT! Spatial Anomaly in progress.

Me: Uh oh.

We went outside and we saw a small tear in the fabric of space and out of it came a figure and he had wings of pure fire and had a green version of my suit on and he was wearing a helmet on his head and he had green gloves and scars all over and a powerful sword and a deadly blaster on both hips. He got up and I recognized the emblem on his outfit and it was the Royal Defenders!

Me: (Gasp) ROYAL DEFENDERS!

We stood ready for a battle!

Man: Hold on! I'm not here to fight you.

He took off his helmet and we saw that he was really the Royal Defenders version of Me! It was Royal Defenders J.D. Knudson!

Me: (Gasp)

Everyone gasped in shock!

Me: You're… You're… You're… Me.

R.D. Me: That's right and yes I am you but from my universe. I'm sorry to appear like this in your universe.

Ed Cowart: J.D. You're alive! We all thought you were dead!

R.D. Me: No I am not dead. I was only incapacitated.

Centaur Man: So you're J.D.'s Royal Defenders counterpart? How the Hell did we not see you when we placed the rest of the bombs on their bases?

RD Me: Because I was imprisoned.

Me: Imprisoned? How?

RD Me: They overpowered me and locked me in a Power Neutralizing Crystal.

Ed Cowart: Those monsters.

RD Me: There was a reason why. I was trying to save them. From themselves.

Nico: What do you mean?

RD Me: An evil force corrupted them and turned them into the tyrants that you all fought and imprisoned.

Me: An Evil Force? What was this force?

RD Me: His name is Sindri Myr.

---

**Sindri Myr** was a Chaos Sorcerer of the Alpha Legion, and the main antagonist of the original *Dawn of War* campaign who came to the world of Tartarus under the cover of an Ork invasion with the Alpha

Legion warband commanded by the Chaos Lord Bale to search for a powerful Chaotic artefact known as the *Maledictum* .

During his time on Tartarus, Sindri used his potent psychic powers to subvert the Blood Ravens Librarian Isador Akios to the service of Chaos, in return for the promise of enhancing his psychic abilities so that he could become a more powerful Librarian. Sindri himself killed, or had the Chaos Space Marines under his command kill, numerous Imperial citizens, Imperial Guardsmen, Space Marines, Orks, his own Traitor Marines, and even his own commander Lord Bale, to accumulate blood sacrifices for Khorne, the Blood God. After gaining the *Maledictum* he chose himself as the new host for the Chaotic relic's powers, transforming into a Daemon Prince who was subsequently vanquished by Captain Gabriel Angelos of the Blood Ravens Space Marines, thus providing the last sacrifice required to release the Bloodthirster Greater Daemon from the *Maledictum* .

---

Some of us gasped when we heard that name.

Nico: Sindri Myr?

Hunter: (German Accent) Mein Gott! The Chaos Sorcerer from Warhammer 40K?

RD Me: That's right. He poisoned them with a mysterious form of dark magic that made them into power-hungry tyrants out to conquer their universe.

Me: Whoa man!

RD Me: Yeah. After I was released when my version of Ben sacrificed his memories to reset the universe as Alien X, I hunted down Sindri Myr and obliterated him from existence. Then I set out to find you all and journeyed to your universe.

Me: Wow. That's incredible.

Nico: So you came to our universe to tell us that?

RD Me: I sure did and I apologize for all the pain and suffering that my friends caused to all of you. If I was strong back then as I am now, I would've done everything I could to stop my friends and prevent the war that you all went through with them from happening.

I put my hand on his shoulder.

Me: It's not your fault. Rukia told me all about Sindri Myr and all the horrible deeds he did on the planet Tartarus and all that. But we are forever grateful that you stopped him and saved us the trouble of having to kill him.

RD Me: Thanks J.D. (Chuckles) It feels like I'm talking to myself.

Me: I know. It's like I'm looking at myself in the mirror and it's like I have a twin brother.

RD Me: (Laughs) It does feel that way.

Nurse Joy: Let me heal any injuries that you may still have.

RD Me: Thanks Nurse Joy.

Me: We didn't know about the Royal Defenders being under the influence of Sindri Myr's dark influence.

RD Me: His magic is totally undetectable. Luckily thanks to what I learned from Lisa before she went rogue, I made this.

He handed me a black liquid with sparkling blue crystal specs in it.

RD Me: This is the antidote for his spell. It will revert the Royal Defenders back to normal.

Nico: Wow.

Me: Yeah you really came through. But why did Lincoln and your friends trap you in that crystal?

RD Me: Because Sindri Myr told them to. He new that I was the one capable of stopping his dark magic.

Lincoln: That's awful.

Me: Yeah.

Shockwave: I think it's time for us to meet the Brawlers.

Iron Lung: Me, Cavalier, Tri Klops, Technus, KGBeast, and Vulture will go with you guys.

Nico: Okay. We're gonna be in for a really rough battle now. Barodius is sure to know we're coming.

Me: Yeah and he will pay for every one of his crimes 100,000,000-fold in blood.

Lincoln: All that and more.

Laney: Yeah.

RD Me: I've heard about him. He was a Gundalian Emperor of the worst kind.

Me: All that and more. He makes the worst emperors in all of history look like tame kittens compared to his evil.

I went over his history.

RD Me and the Masters of Evil all gasped.

RD Me: That's terrible!

Me: Yeah. You guys go on ahead. I want to do some bonding with my Royal Defender self.

Wheeljack: You sure you don't want to go with us, J.D.? You've been looking forward to his battle for a while.

Skywarp: Wheeljack, that might no be the best option at the moment.

Wheeljack: How come?

Thundercracker: No offense, J.D. But as long as you're pissed at

Barodius for his crimes, we'll all end up being punching bags for your anger.

Me: I understand and none taken. But this will give me a good opportunity to get to know myself from the very universe where we defeated the Royal Defenders and I want to also take him down to the Earth's Core Prison so that he can help his friends.

RD Me: That's right and if it's possible, I want to maybe have the Royal Defenders help Team Loud Phoenix Storm as a token of gratitude for saving them from themselves.

Nico: It will take us a while for us to forgive the Royal Defenders for everything they did. But okay.

Me: Thanks guys. Be careful.

Nico: We will. Lets fly!

They flew out and I went into the house and showed my RD self around. I was also telling him and showing him everything that his friends did while under the influence of Sindri Myr and all that. He was shocked! His friends had turned their friends into slaves and ruled so much of their universe with an iron fist. It was horrible.

RD Me: Oh Lincoln, everyone. What has happened to you all?

Me: We will find a way to save them and this antidote you gave me may be the answer.

RD Me: Okay.

Me: I better call in Vypra so we can go down to the Earth's Core prison to help.

Vypra then appeared.

Vypra: You called?

Me: I was just about to Vypra.

RD Me: It's a pleasure to meet you Vypra.

Vypra gasped.

Vypra: You're the Royal Defenders version of J.D.!

Me: Yes he's my Royal Defenders Counterpart. But let him explain himself. He wasn't in the war because he was imprisoned in a Power Neutralization Crystal.

RD Me: That's right.

He explained everything and Vypra was shocked and all that.

Vypra: My god! I've heard so much about Sindri Myr and the kind of terror that he has wrought to parts of different universes and all that. But I didn't know he got to your friends.

RD Me: I know and I am so sorry for all the pain and suffering that my friends caused to you all.

Vypra: I accept your apology.

Me: Good. We need to head down to the Earth's Core Prison and see the Royal Defenders.

Vypra: Okay.

We went down to the Earth's core prison.

Me: This is the Earth's Core Prison. It was built by the Masters of Evil to house the most dangerous of all criminals.

RD Me: Wow. You guys have really been busy. I know some of these guys.

Me: Busy is an absolute understatement. Our job is just as massive as ever.

RD Me: I see.

We got to the Royal Defenders room and we saw RD Lincoln.

RD Lincoln: Oh it's you!

Me: Yes it's me and Vypra here.

RD Lincoln: Haven't you done enough damage to me!? Just kill me and get it over with!

Me: Like I told you before several times, I'm not going to kill you. But I believe you know this face.

I moved and RD Me came.

RD Lincoln gasped.

RD Lincoln: J.D.!? You're still alive and how did you escape!?

RD me: That's for another time. Right now saving you is my top priority.

RD Lincoln: I don't need saving!

RD Me grabbed his arm.

RD Me: Hold still.

He pulled out a shot syringe and it was full of the antidote and he injected it into him and then a black energy figure came out of him and I destroyed it.

Me: WHOA!

Vypra: That's the dark magic of Sindri Myr for you. How did your RD version make an antidote like that?

Me: I guess we both have a lot of things in common.

RD Me: We do.

Me: He learned how to make it from what Lisa taught him in his universe.

The RD Lincoln was exhausted and he saw that he was on the ground and he got up and was disoriented.

RD Lincoln: What the? What happened? (Groan) I got a massive and splitting headache.

RD Me: That's because you were under the influence of dark magic.

RD Lincoln: J.D.? Is that really you?

RD Me: Yes Lincoln. It's me and it's good to have you back.

RD Lincoln then bursted into tears and hugged him for the first time in what felt like an eternity. RD Lincoln was crying hysterically!

RD Lincoln: (Crying) I'M SO SORRY! I'M SO SORRY!

RD Me: I know Lincoln. I know. It's not your fault. You were under the control of the Chaos Sorcerer, Sindri Myr.

RD Lincoln: (Sniffles) Sindri Myr?

RD Me: He was a monster that messed around with your minds.

Me: Yeah and he was the reason you turned into monsters and tyrants hellbent on ruling your universe with an iron fist.

RD Lincoln: What have we done!?

Me: It will take a while for all of us to trust you. But lets get your sisters and family cured.

RD Lincoln: But I can't feel my legs.

RD Me: I'll fix that.

RD Me gave him the ability to walk again and healed him and gave him back his powers. We cured them and the Loud's and their friends and they got their powers and their free will back as well as back to their normal selves and I destroyed Sindri Myr's influence forever. It was a bittersweet reunion. But it was good for them to be back to normal.

I told them everything that happened and more and all that and it was horrible. But the damage was already done.

Me: You still have a chance to redeem yourselves despite all the damage you caused and you can help people here like you did in our universe.

RD Me: That's right guys.

RD Lori then went up to him and hugged him.

RD Lori: J.D. thank you so much for literally not giving up on us! You freed us from ourselves! We are literally forever grateful!

RD Me: I will always be there for you guys no matter what.

Me: I'm happy for all of you. You're gonna get your shot right now guys. Lets head out to join Nico and everyone on the team.

RD Lincoln: Okay!

Vypra: I'll get all the Masters of Evil and Numbuh 4's archenemy and meet you all to where you want to have your usual battles.

Me: Okay. Lets roll!

We were off.

---

20 minutes Earlier in another part of the city, Dan Kuso and his friends were walking around and enjoying the sights.

Dan Kuso: WOW! This is an amazing place.

Runo: It sure is. J.D. and all of his friends really did a great job in turning all of this city into a paradise and full of plants.

Marucho: They sure did.

Nico and everyone else landed.

Nico: (to Dan Kuso with a smirk) Hey, Dan! Hope we're not interrupting anything.

Dan: Nico! Team Loud Phoenix Storm! It's great to see you guys again.

Lori: Same here Dan.

Vince: Looks like you're having a good time with Runo and your friends.

Runo: We sure are.

Nico: We owe you guys one for helping to take down Zabas and Galliont.

Julie: No problem.

Shun: It's an honor to meet all of you.

Nico: Same here Shun.

Storm Skyress: We were told so many amazing things about all of you and how you all get the job done.

Drago: Yeah you guys are true heroes to everyone.

Tigrerra: That's right.

Nico: We don't like to brag.

Eli: It's great to see you all again.

Runo: Eli! Wow! It's great to see you too.

Julie: You are now part of the team too?

Eli: It's a long story.

Nunnally: But it's awesome to be part of the team.

Then an explosion was heard and they saw a Gundalian and his Bakugan that were familiar to Dan and his friends, AIRZEL AND STRIKEFLIER OF VENTUS!

---

**Airzel** (エアゼル, *Eazeru* ?) was a Gundalian from *Bakugan: Gundalian Invaders* . His Guardian Bakugan was Ventus Strikeflier, and his Battle Gear was Battle Turbine. He was the Ventus Brawler for the Twelve Orders, and he was also the captain of the Gundalian Forces and was Gill's disciple and student.

Airzel first appears consulting with Emperor Barodius along with the rest of the Twelve Orders. He doesn't seem to get along too well with Stoica as he is seen telling him to take things seriously for once.

He later appeard again when the twelve orders discuss the element.

He appeared again overseeing a battle on Neathia against the Castle Knights, saying that the children Ren captured from Earth had proven themselves useful. He, Gill, and Kazarina joined in the battle, reminding Strikeflier and Lumagrowl that their goal to take the Element is serious; before they succeed in destroying Neathia's first security shield. He and Strikeflier then confront Captain Elright, demanding to know where the Element is.

He reported to Barodius that the Element was nowhere to be found after their battle and that he has captured Captain Elright, but states that he has refused to break under torture and reveal the whereabouts of the Element.

He, along with the rest of the Twelve Orders, chews out Ren and his team for not convincing the Battle Brawlers to join them instead of the Neathians. He then battled along with the other Twelve Orders against the Castle Knights and hipnotised kids, but not before ordering Captain Elright to be disposed of, having outlived his usefulness. When the Battle Brawlers arrive to turn the tide, he brawled against Shun; the battle was going either way as they both countered each other's moves. Airzel admitted that Shun was good, but seemed to turn the tide in his favor, however, they were not able to finish their battle due to the Sacred Orb sending all Gundalians away.

He vows to destroy Neathia's third security shield himself, to relieve Gill, who he states has more pressing matters to attend to. He takes Mason as a brawling partner, reminding him that he has been given a rare opportunity to redeem himself and not to mess it up. He initially lets Mason battle Marucho and Jake alone, despite

Strikeflier's doubts. Still, when Marucho and Jake use their Battle Gear to defeat him, he steps in himself. Airzel quickly defeats them both single-handedly utilizing a combination of Strikeflier's ability to mirror his opponent's abilities and his Battle Gear. In the second round, he quickly turns the tide of the battle in his favor, telling Marucho and Jake to stop wasting his time as their defeat is imminent and becoming suspicious as to why Dan and Drago aren't the ones he is fighting. When it becomes apparent that Marucho and Jake will lose, Marucho activates an ability that freezes Strikeflier and Avior, ending the battle without an outcome, allowing Marucho and Jake to escape.

He, Kazarina, and Stoica are forced to retreat to Gundalia when Dan and Shun reactivate the second shield generator to avoid becoming trapped on Neathia.

He, along with Gill, Stoica and Ren overhear Barodius and Nurzak's battle. He later appears before Barodius with the remaining Twelve Orders to reaffirm his loyalty to the emperor.

He is sent to Neathia along with Gill and Stoica to keep the Battle Brawlers busy while Kazarina upgrades Dharak's Colossus Armour. When Stoica complains about their job, Airzel tells him to be quiet as Kazarina might overhear. Still, Gill calms his apprentice by reminding him that they are on a secure communication channel.

He, along with the rest of the Twelve Orders, fight the Battle Brawlers personally while Barodius and Dharak Colossus destroy the renewed second shield. He and Kazarina battle Shun and Fabia and appear to have the upper hand.

He and Strikeflier managed to defeat Shun and Hawktor using their Battle Gear after they were distracted by attacking Lumagrowl, mocking them for being foolish enough to think that they'd ever run away from a fight. When Linehalt finally revealed his Forbidden Power, he was amazed at how destructive it was. He was later forced to retreat to Gundalia with the others when the Forbidden Power severely damaged their flagships.

He, Barodius, and Gill watched the Battle Brawlers arrive on Gundalia thanks to Dragonoid Colossus. He remarked on how robust Dragonoid Colossus was when the Sacred Orb's guardian managed to breach the Gundalian palace. Barodius then sent him and Gill to separate Dan from Shun and Marucho, which they succeeded in doing before battling them. Airzel and Gill proved to be a powerful duo as they quickly overpowered Shun and Marucho. Although Shun and Hawktor managed to knock Airzel and Strikeflier out of the battle, Gill defeated both of them using a Gate Card that removed Hawktor and Akwimos' Battle Gear and activated Krakix's Level 2 Class Ability.

He was seen demanding a status report when Ren and Linehalt attacked the palace to provide a distraction for Shun, Marucho, and Fabia. He later corners them as they head towards the elevators and battles Marucho when he stays behind to buy Shun and Fabia time to rescue Dan.

His fight with Marucho had no outcome as Marucho retreated once Dan and Jake were rescued. He later regrouped with the rest of his team, eager to fight the Battle Brawlers now that they had them all where they wanted them. When the Battle Brawlers tried to return to Neathia on Dragonoid Colossus to stop Barodius and Phantom Dharak, they quickly pulled out their Bakugan to stop them.

He fought the Battle Brawlers with the rest of the Twelve Orders. He seemed impressed by Blitz Dragonoid's new powers but managed to stop Dragonoid Colossus from helping them escape by having Strikeflier freeze his legs in place. He was later defeated by Dan and Drago, allowing Dragonoid Colossus to break free of Strikeflier's ice and escape with the Battle Brawlers to Neathia. Gill ordered him and Stoica to accompany him to Neathia to stop them, but only himself and Stoica left for Neathia. When questioned about it by Stoica, Airzel said that Gill's ship had been damaged when the Brawlers attacked, and he was having it repaired, but he told them to go on ahead to help Barodius and that he would join them later.

He and Stoica arrive on Neathia to assist Barodius. He apologizes for being late and explains the reasons behind Gill and Kazarina's absence. He later fights Dan and Shun along with Stoica to prevent them from reaching Barodius and Dharak, saying the only way they'll get to them is through him. After Kazarina's control of Ren's teammates is broken, Stoica forces the real reason behind Gill's absence out of Airzel by revealing that he saw the two of them talking in the hanger before they headed off to Neathia. They mentioned that he heard Kazarina's name spoken before Gill headed back into the central city. He correctly guesses that it was Gill who killed Kazarina and not Fabia, as had been initially thought. Airzel confirms this, coldly stating that Kazarina deserves everything that is coming her way after all of her ridicule and betrayal, however, unknown to Airzel, Barodius had overheard the entire conversation thanks to Stoica.

He fights Jake and Coredem, but just then, Gill arrives on Neathia and tries to pin Kazarina's murder on Fabia, but Barodius reveals that he knows it was him who killed Kazarina. A shocked Airzel is at first unable to understand how Barodius found out, but he quickly realizes that it was Stoica who told him. When Barodius orders Dharak to attack Gill's ship, he desperately says to Gill to run and orders Strikeflier to help him. Strikeflier tries to block Dharak's attack, but he and Airzel are killed along with Gill and Krakix. He dies with Gill's name on his lips.

---

Dan Kuso: Airzel and Strikeflier!

Nico: They must be part of Barodius's forces!

Shun: But how are they back? They died!

Nico: It's not just them that are back. Barodius is back too and we are going to make sure he pays for his crimes.

Optimus Prime then recognized the equipment they had and they saw that it was all from Cybertron!

Optimus Prime: That's Cybertronian Equipment they all have!

Nico: (To Airzel and Strikeflier) HEY! STOP THAT!

Airzel: Butt out! This has nothing to do with you!

Strikeflier: Relax, Airzel. It seems they don't have their angry leader with them right now.

Nico: You steal from Cybertron, you steal from both me and Optimus Prime!

Optimus Prime: That's right! That equipment you have is Cybertronian Property! Give it back!

Airzel: Make us!

Nico: Well then, you asked for this!

Nico fired energy blasts and they hit Airzel and Strikeflier and exploded and knocked them both down!

And if that weren't bad enough, STOICA AND LYTHIRUS OF AQUOS then appeared!

---

**Stoica** (Japanese version **Scotia** (スコーティア, *Sukōtia* ?)) was the Aquos brawler for the Major Twelve Orders. He used Aquos Lythirus.

Stoica made his first appearance in *Revelation*, he and the other Twelve Orders members were talking about Linehalt and Drago and also about how Drago is too strong. Airzel berates Stoica, saying that he should take things seriously for once.

He reappeared once again in *Hostile Takeover* talking about getting the element

In *The Sacred Orb*, he appeared along with Lythirus to battle Marucho and Awkimos. He was doing fine until the Sacred Orb transported all Gundalians the away.

In *The Secret Switch*, he and Lythirus appeared with Jesse and Plitheon. They battled Fabia and Aranaut and later Dan and Hawktor. Despite his ingenuity, he did not realize that Dan and Shun switched their Bakugan before the battle. He and Jesse ultimately lost, even when Stoica pulled out his Battle Gear.

He appeared in *Battle For the Second Shield*, saying that Kazarina would have problems with a smirk on his face.

In *Curtain Call*, he appeared alongside Kazarina trying to decide who else they can blame for their failures in stopping the brawlers. He decide to blame Jesse but before they can punish him he escapes. Once Ren brings Jesse back, Stoica and Kazarina eliminate him and use Lumagrowl and Lythrius to defeat Plitheon after he turns on Jesse. Then on their way to tell Barodius of Jesse's elimination, Nurzak berates them for needless punishment of a fellow operative, Nurzak even claims he can "smell" their treachery.

In *Mobile Assault*, Stoica goes with Ren to Bakugan Interspace changing into a human disguise. Then he says he wants to hunt humans in their natural habitat and heads to Earth where he brings Koji to Gundalia to be hypnotized by Kazarina.

In *Colossus Dharak*, Stoica and the rest of the Twelve Orders invade Neathia to destroy the Second Shield. Stoica battles Marucho.

In *Dragonoid Colossus*, he defeats Marucho while Gill defeats Jake. He retreats with the rest of Twelve Orders when Linehalt uses his forbidden powers.

He reappeared in *True Evolution* with Kazarina conforting Nurzak and Fabia.

In *Redemption*, he teamed up with Kazarina to battle Nurzak and Fabia. With the help of their Battle Gear, they broke a hole in the floor and defeated them, but later rematched them. This time, Kazarina hypnotized Ren's old team to help them, but Stoica used an Ability Card that flooded the entire arena to attempt to kill Nurzak and Fabia. Somehow, he talked underwater like he could breathe it.

In *Final Strike* and *Dream Escape*, he battled Shun to no result.

In *Gundalian Showdown*, he battled the brawlers on Gundalia with the rest of Twelve Orders. He alongside Gill and Airzel were supposed to go to Neathia to help Emperor Barodius but only he and Airzel left because Gill's ship was supposedly damaged and although Airzel didn't suspect anything Stoica seemed suspicious about why Gill hadn't gone with them.

In *Broken Spell*, he reveals that he overheard Gill talking with Airzel about Kazarina and forces Airzel to admit that the reason that Gill stayed behind was to kill Kazarina himself. When Airzel was confessing that, Stoica turned on the speakerphone so Barodius can overhear it.

In *Code Eve*, he helps Emperor Barodius attack Neathia to get the Sacred Orb. He and Lythirius blind Dragonoid Colossus so Dharak could attack him, but Dharak betrays them and all three of them are killed by Dharak's attack.

Marucho: Stoica and Lythirus!

Shanan: So they are Gundalians!

Marucho: Evil ones!

May: Time for you 4 to go to the Warp!

Lythirus: Not going to happen!

Lythirus used a Cybertronian blaster to shoot a billboard. It began to fall towards some civilians.

Stoica: What's it gonna be, "heroes"? Go after us? Or save those poor civilians?

Strikeflier transformed into a MH-53J Pave Low III SpecOps Heavy-Lift Helicopter and Lythirus transformed into a 2007 Saleen S281E Police Cruiser. Stoica and Airezel got into their respective Bakugan as they got away.

The billboard fell and just as it was about to crush them, Me and my RD self appeared and caught the board just in time!

Me: WHOA! That was a close one!

RD Me: Are you all okay?

Woman: Yes we are. Thanks to you guys.

Me: Anytime ma'am.

The woman and the civilians got away.

We landed by everyone after fixing the Billboard.

Me: So those four were two of Barodius's followers and their Bakugan.

Nico: Yeah.

Me: (punches the ground in anger) DAMMIT! THOSE ASSHOLES GOT AWAY!

Skywarp and Thundercracker were watching this in concern.

Me: GRRRRRR!

Nico: Take it easy J.D. We'll get them next time.

Me: (Sighs) Yeah you're right.

Dan: J.D. is that you?

Me: Dan. Wow. It's great to see you again and Runo, Shun, Marucho, Alice, Julie it's a great pleasure to meet you all.

Julie: Same here J.D.

Runo: We were told so much about you.

Eli: That's my brother for you. But it's great that you all are here.

Marucho: I know. Eli you're looking awesome.

RD Me: He sure is.

Eli: I'm still shocked that my brother now has another version of him now.

RD Me: I know. It's gonna take a while to get used to.

RD Lincoln: Yeah. Guys, we're so sorry we did all those terrible things to all of you.

Lori: We know Lincoln. And we forgive all of you.

Nico: Yeah. We accept your apology.

RD Lincoln: Thanks Nico.

Nico: But I still don't trust you all even after what you did. It will take me a while to trust you completely.

Me: They know that Nico.

Dan: (To me) Didn't you guys go to war with them almost a year ago?

Me: We did but there was a reason that we overlooked.

RD Me: That's right. I'm the Royal Defenders version of J.D. here. It's a long story.

He revealed everything.

They gasped in shock.

Drago: WHOA MAN! I've heard about Sindri Myr and all the terror he caused. But I didn't think he was in their universe.

Tigrerra: Yeah he was a menace to many universes all over. (To RD Me) You have our thanks for destroying him.

RD Me: Anytime.

Dan Kuso: But what were those weapons that Stoica and their Bakugan used?

Teresa: How about we go to Marucho's mansion? And then, we can explain Strikeflier and Lythirus' new looks and weapons.

Me: Good idea.

Nico: I agree.

We all agreed and we went to Marucho's mansion.

We arrived and it was a beautiful and amazing mansion.

Me: Wow! Your house is amazing Marucho.

Marucho: It's not as nice as yours but thanks J.D.

Lori: Wow! Marucho I didn't know your family was rich like us.

RD Lori: Yeah it's really beautiful.

Marucho: Thanks Lori's. My family is really rich. Not as rich as J.D. but almost.

Me: True.

We sat down in the living room.

Butler: (To me) Would you care for some tea?

Me: Oh thank you. That would be lovely.

He poured me some and I drank it.

Me: Ah. Good tea.

Marucho: Thanks. It's Tea from the Edo Region of Japan.

Samurai Jack: That's interesting. I am familiar with Edo. My family and I would spend our summers there.

Ashi: That's right.

Maruchu: Wow.

Dan: So, what's the deal on Strikeflier and Lythirus' new upgrades?

Triggerhappy: Well, to make a long story short, two Bakugan named Lumagrowl and Dryoid stole Cybertronian technology. Do those two names ring a bell to you guys?

Dan: Yeah they sure do!

Runa: Lumagrowl is Kazarina's partner Bakugan!

Me: Kazarina is the chief brainwashing scientist under Barodius's employ from what I recall.

Eli: Yeah and she is dangerous.

RD Me: Oh man. If Lumagrowl is there then that must mean that Kazarina probably is too.

Dan: Maybe: But Dryoid is also Hydron's Bakugan partner.

Me: Wasn't Hydron part of the Vexos?

Dan: That's right he was.

Me: So Barodius has all of his minions back. We are in for one helluva battle then. This time we have to make sure they don't come back ever.

Dan: We'll gladly help you all out.

Drago: That's right.

Me: And you helped us before so we'll gladly help you guys out to call it even.

Runa: Thanks J.D.

Nico: But first can you tell us how you all met your Bakugan?

Dan: We sure can. I'll tell you guys how it happened from when it started from my point of view.

Dan told us everything.

**Daniel "Dan" Kuso** (Japanese version: **Danma "Dan" Kūsō** (空操弾馬 (ダン), *Kūsō Danma (Dan)* ?)) is the main protagonist of the anime series *Bakugan Battle Brawlers* and its three following seasons: *New Vestroia*, *Gundalian Invaders*, and *Mechtanium Surge* .

He is partnered with a Pyrus Dragonoid named Drago (who eventually evolved into Fusion Dragonoid). After his actions in the first season, he has become a legend among brawlers from Earth, Vestal, Neathia, and Gundalia.

For the first two seasons, he lived in Wardington with his parents, Miyoko Kuso and Shinjiro Kuso, near his friends Runo Misaki, Marucho Marukura and Shun Kazami. He moved to Bayview in *Gundalian Invaders*, as did Julie, who became his neighbor.

He was the #1 Brawler in Bakugan Interspace until he was disqualified in a brawl against Anubias. He moved to Bakugan City in Arc 2 of *Mechtanium Surge*, and now lives in the Battle Brawlers Headquarters.

In *BAKUGAN THE BATTLE BEGINS*, when Dan first appears, he is seen riding his bike to the park, where he is supposed to battle Shuji. He managed to defeat him with ease. Later he was challenged to a rematch, which he accepts. Drago tries to make him stop fighting with him. After the vision was over, Drago and Fear Ripper appeared in the field and Drago was able to defeat him, giving Dan the victory. Dan was surprised hearing Drago talking to Fear Ripper and he decides that he was imagining that he was talking.

In *Masquerade Ball*, Dan then tried to get Drago to talk but to no avail. After hearing from Runo that there is a man named Masquerade who was sending people's Bakugan to the Doom Dimension, Dan decides to battle him. When he went to the meeting point, he found Shuji and Akira waiting for him for another rematch. Dan unwillingly accepted and defeated Shuji's Ventus Bakugan with ease. After the battle, he ran into Masquerade and battled him. After losing two of his Bakugan to Reaper, he sends out Drago and he was losing the battle until Dan tried to activate an Ability Card, which Drago was able to exceed and cause the battle to end in a draw. However, as Masquerade left, he revealed that he was holding back, making Dan realize that Masquerade was much stronger than he had anticipated, and that he could have lost Drago.

In episode 3, Dan started training for when he would encounter Masquerade again. Around this time Drago started accepting him as his partner, hoping that with Dan's help he can stop Naga. However, during the battle against Rikimaru Drago was constantly trying to warn Dan to be careful and to come up with a strategy but Dan did not listen. So he just threw in a random Bakugan until Rikimaru threw in Siege, and using his ability that requires two more Aquos Bakugan was able to send all of Dan's Bakugn, as well as his own, to the Doom Dimension. Although he was able to win in the end by anticipating Rikimaru's moves, he was angry at Dan because of his reckless actions that cause four Bakugan to be sent to the Doom Dimension. Because of this Dan threw Drago into the river, saying they were done.

He later regreats throwing Drago after losing to Ryo and after getting Drago back he deafts Ryo in a rematch

Later he learned that Runo moved in his town and was seen hanging with her even doing a tag brawl with her against two twins.

He is later present when Alice visits the team.

He admitted he didn't want Shun Kazami to join the team because of problems hes been having with him but after Shun helps Dan beat Masquaerade and his bakugan Hydranoid he weclomes him to the Bralwers.

While travling in Bakugan valley he battles the number 3 player Chan Lee. its a tough fight but he comes out the victor.

He later tags with Runo to battle Julio Santana after she follows marucho to get pryeas back. Tentaclear proves to be a tough oppontent but drago and Tegrara emerge the winners.

During Lars Lion's test for Runo, a younger, illusionary Dan was used to make Runo realize that she can't be so stubborn and rash. He was the first person that Runo met when she moved into his town. They played baseball, but when Dan left Runo never caught his name.

During his test with Apollonir, he brawls against a clown on the moon. He wins by using a Fusion Ability Card, D-Strike Extreme. When Drago doesn't evolve like the others, he is told that he needs to defeat all of his friends in order for Drago to evolve. He defeats Julie and Hammer Gorem, although he hesitates because he doesn't want her to fall off Gorem. He then defeats Marucho, Preyas, and Angelo/Diablo Preyas. While he planned on defeating Shun next, Blade Tigrerra requested that she and Runo brawl first, which he accepted and won. Finally, he battled Shun. Drago evolved after Dan won.

After Drago finally evolved, Masquerade sent a battle request to Joe Brown for the Infinity Core, only to have Dan come to battle in his place. Alpha Hydranoid and Drago, now an Ultimate Dragonoid, finally brawl. He wins and finds out that Masquerade was actually a secondary personality created within Alice Gehabich, one of the Battle Brawlers.

When the Brawlers went to Vestroia, Dan caught the eye of the Bakugan hybrids Tricloid and Rabeeder, which started to freak him out. He was given a clay heart by Tricloid, which actually turned out to be a key to allow Dan and Drago access into the world of Pyrus and Darkus. When in the Pyrus-Darkus world, he and Drago fought the Pyrus-Darkus hybrids Druman and Centorrior. They were saved by Nova Lion, an elderly Pyrus Tigrerra. He then decides to take them to the center of the universe. They were stopped by the hybrids again and beat them, however Nova Lion died. Dan then wishes Nova Lion was back during another battle with the hybrids, but somehow, Alice overheard him, but didn't know who he was talking about Alice then decided to become Masquerade one more time to save them, which she does, and thanks to Masquerade's plan, the hybrid Bakugan are defeated.

Although constantly arguing with each other, Dan and Runo are in love but don't confess until the end of the series, where they are seen going on a movie date together. Also, during this date, both Dan and Runo seem to have changed clothes. After seeing Drago in Spirit Form telling him to take care of himself, he says: "Everything perfect" while doing his signature nose flick.

Bakugan Battle Brawlers: New Vestroia

In *Bakugan Battle Brawlers: New Vestroia*, Dan, now 15 years old, is reunited with Drago, who was separated from the Perfect Core with the help of the Legendary Soldiers of Vestroia. Drago took him and unknown to their knowledge, Marucho, to New Vestroia, where they were found by Mira Fermin and battled two members of the Vexos, Volt Luster and Lync Volan.

After they won, he and Marucho were taken back to the Resistance's base to meet Ace Grit and Baron Leltoy. While Mira and Baron were accepting of him, Ace wanted him to prove himself in a brawl, which ended in a draw. He agreed to help the Resistance free the Bakugan by destroying all the Dimension Controllers that are keeping the Bakugan in their ball forms.

Later he helps Baron get his confidence back be teaching him about Brawling and trying to find Maruhco when he goes missing.

In episode 5, he received a Trap Bakugan, Scorpion, from Mira. He later brawls Gus Grav and easily loses.

Dan and Gus had a rematch which Spectra Phantom and Shun joined. Dan used a perfect core ability and defeated Spectra and Gus in a brawl along with Shun.

While in Aplha city Dan helped destroy the detention controller by using drago to hit the controller Dan, along with Mira and Baron, followed Runo as well as Gus lync and Spectra. into the dimensional gate to Earth. Once they arrive Spectra takes Runo as his hostage and offering Dan an ultimatum: join the Vexos or risk Runo's safety. The Brawlers split up to pursue their foes, Spectra revealing that he is actually against Prince Hydron's rule and wants to team up with Dan to take him down. In a show of good will, he released Runo. Meanwhile, Dan refused to believe Spectra's intentions, and Alice soon warped in using Masquerade's warp card. She took Spectra, Gus, and Dan back to the lab, where Dr. Michael sent Spectra and Gus back to New Vestroia. Unfortunately, the transporter needed to be repaired before another trip could be made. This left Spectra, Gus, Lync, Mira, and Baron trapped on Earth. Since then he has been worrying for Ace shun and Marchou, who were being captured by the Vexos.

He is challenged by Spectra while on Earth and agrees to battle with him. However, Spectra acquires Drago when he used a Forbidden

Ability Card to boost Helios' strength. Dan trains in hopes of winning back Drago, and talks to the Legendary Warrior of Vestroia, Apollonir, and they successfully defeat Spectra, restore Drago back to normal, and win Drago back. Mira however betrays them saying she wants to be with her brother which is Spectra. When they get back to New Vestroia, Dan and Baron face Mylene Farrow and Shadow Prove in Beta City and smashed the Dimension Controller there.

He destroys the last Dimension Controller by beating Gus and Mira alongside Ace in Gamma City with the reward of mira joining the team again,but when they try to get to Hydron's Palace, he activates another Dimension Controller, sending him, Baron, and Ace back down to the ground, where he is then challenged by Spectra. Spectra decided to use Maxus Helios, but Dan used Maxus Dragonoid to even the playing field although the brawl ended in a tie.

6 months later the brawlers get a visit from the Legendary Soldiers who lost their atrbute energies and gave them to the resistance bakugan with this dragon evolves into Cross Dragonoid When he hears about the Vexos return by Ace Barron and Klaus he rushes to Vestail to stop them alongside Mira and Marucho. Later the 3 of them brawl Spectra with his new evolved Helios even though it is a long battle with Mira and Marucho getting eliminated he still beats Spectra. After hearing about Shadows attack on Alice he and the Restance Rush back to earth hoping to keep Runo and Juile safe.

When Marucho and Preyas sneak out to find Elfin, he is with Shun, Ace and Baron sleeping through a romantic movie that Runo, Mira and Julie are watching.

When Spectra comes to earth to get the prefect core Dan defeats Spectra in a brawl, in which Dan agreed to give up the Perfect Core if he lost, while Spectra would take the Resistance to the Mother Palace if he lost. Dan wins, and Spectra agree to his terms. At the Mother Palace, Dan and Mira fight Zenoheld and Hydron with Spectra helping his rival due to Gus loss however they lost to Zenoheld and drago lost his attribute energy and the BT system is full. So, Cross Dragonoid flies into the sky with the BT system and destroys it, absorbing all of the attribute energies and becoming

Helix Dragonoid.

Later he and the Restance meet new unkown Bakugan which Baron and Nemis brawl against but lose to

With the Vexos seemingly out of the way, Spectra challenges Dan to one last battle to see who is number one. It is a close battle, but Drago won by bending Helios's battle gear and defeating him. Helios MK2 then admitted his defeat to Drago; he was the ultimate Bakugan, and Spectra decide to give up his mask and work with the resistance as Mira's brother, Keith. Together Dan and Keith create a battle gear for Drago called JetKor. Him and the brawlers learn about the Alternative thanks to Lync leaving behind evdance.

When the Alternative is complete, Dan and the other brawlers battle and destroy it. Dan used only Helix Dragonoid in this battle. Keith, Gus, Mira, Ace and Baron return to Vestal, while Dan, Shun and Marucho head back to Earth. In the Japanese Ending of Episode 52, he is seen eating curry at Runo's family restaurant as Drago, Julie and Runo watch. Three weeks later, Bakugan Interspace is completely repaired. During this time, a person named Ren Krawler appears, asking Dan, Marucho, and Shun if they are the Bakugan Battle Brawlers.

Bakugan: Gundalian Invaders

After moving to Bayview, Dan befriends Jake Vallory, the Battle Brawlers' new Subterra brawler. Dan brings Jake to Bakugan Interspace and brawls against Ren, but the battle gets cut off when the power levels become too high for Bakugan Interspace. He and Marucho battle two "Neathians" (really Gundalian), Sid Arkale and Lena Isis. Marucho lost, but Dan and Drago beat both of them.

In their first encounter, Fabia Sheen accidentally throws Dan. To see if he was the one who picked up her Phantom Data, she brawls Dan, and loses. Believing Ren's story about the Neathians attacking Gundalia, Dan tells Fabia to leave and to stop using Bakugans for war. Angered by his ignorance, Fabia throws Dan and leaves.

Later he is helping coach Jake who is having confidence problems.

Dan battles Sid and Zenet Surrow in a tag battle with Ren. Unknown to him, Ren lost on purpose, forcing Dan into a two-on-one brawl. When Dan is challenged by Jesse Glenn, Fabia returns to Bakugan Interspace and fights Jesse, but loses. Dan notices Fabia about to cry for her loss. Feeling sympathy for her, Dan challenges Jesse to a fight, but Ren tries to dissuade him. Shun and Fabia then expose Ren as a Gundalian agent, revealing that the Gundalians are the invaders, not the Neathians. Ren escapes, followed by Marucho, who believes that Ren is innocent. Dan and the Brawlers are told by Fabia about what really happened in the war between Neathia and Gundalia. Ren is found by Marucho and challenges him to a fight. However, Marucho defeats him and chooses to remain with the Brawlers.

Dan and the Brawlers were challenged by Gundalians Mason Brown, Sid Arkale, and their new brainwashed brawlers Taylor and Casey. Dan and Shun had to battle Mason and Taylor while Marucho and Jake challenged Sid and Casey. They won with their new, real versions of their digital Bakugan, Hawktor, Coredem and Akwimos, but they were all tricked and sent out of Bakugan Interspace when Ren hacked into the system and forced the brawlers out, causing Bakugan Interspace to be under Ren's control.

Dan and Jake faced off against Sein Pam and Lewin Pam and won. After Neo Ziperator is taken by Jesse, Dan promises Linus Claude that he will rescue him. When they break into Interspace, they are lead into an arena by Sid and challenged to a battle. Dan is easily doing well but then Sid brings out Neo. However, Neo gives Drago The Element, knowing he will protect it better. This caused Drago to evolve into Lumino Dragonoid, giving him great powers to win the battle. Drago stated that he could feel in tap with the universe during the battle. He and Drago later battled and defeat Zenet.

He and the other Brawlers follow Fabia back to Neathia. He meets Fabia's sister, Queen Serena, and allies with the Neathians. Fabia then shows the Brawlers the Sacred Orb, the item that the Gundalians are after. Soon after, they receive a report that the Gundalians are attacking. Dan ends up battling Emperor Barodius and Dharak, but just as Drago and Dharak were about to attack each other, the Sacred Orb sends all of the Gundalians back to

Gundalia. After the battle, he and the other Brawlers are awarded the position of Castle Knights.

Dan, Shun and Fabia are traveling through the jungle while coming across a few obstacles. A while later, Stoica and Jesse appear to stop the Brawlers. Before they battle, Shun escapes while Fabia and Dan battle. Fabia fights most of the battle while Dan is silent. Stoica later figures out that before the battle, Dan and Shun switched their Bakugan, so he has Hawktor while Shun has Drago. Dan proves himself a good Ventus brawler, whose strategy revolves around beating down his opponent with swift, heavy attacks via his Ability Cards, and he and Fabia win the battle.

Heading towards the second shield generator, he arrives just in time to help out Shun, who was getting beaten badly by Kazarina. Dan and Shun then switched their Bakugan to their respective owners, and Dan took Shun's place in the battle, giving Shun enough time to activate the shield while Dan defeated Kazarina. They and the Neathians celebrate their victory as the Gundalians retreat. While doing construction, he tries to tell Jake that they need to rebuild so they can be ready. Later, Dan went and helped Shun in his battle against Zenet and Gill, and won.

While trying to fight off against a group of hypnotized kids, Dan battles Koji with a Mobile Assault vehicle. Seeing that Dan was losing, Captain Elright gave him his own Assault vehicle, Raytheus, which Dan uses to defeat Koji. After fighting enemies with Raytheus, Dan is confronted by Ren. He asks Ren why he fights for the Emperor and once he hears his reason he said that he was better friends with the brawlers. While he was fighting Ren, Sid joins the battle to fight Dan, but the two still lose.

He and Drago battled Dharak Colossus but lost. In episode 25, he obtained Dragonoid Colossus, but was not aware of it. Dan and Jake met Robin, a hypnotized kid from Bakugan Interspace, but they did not know he was hypnotized. When Robin ran off, he tried to stop Jake from running after him but got mad and gave up.

Dan witnessed Jake's return from Gundalia, but is suspicious of his nature since his return. He sets a trap for Jake and the two end up battling. Dan struggles against Jake and his new Ability Card given to him by Kazarina. Luckily, Shun arrives and helps him defeat Jake.

Dan is transported to the space in between dimensions to be tested by Dragonoid Colossus to see if he is worthy of wielding the Sacred Orb's power. With the help of Explosix and Jakalier, they manage to defeat him. As a reward for winning, Dragonoid Colossus evolves Drago into Blitz Dragonoid and takes him back to Neathia along with Nurzak and Mason who were trapped there.

In episode 30, he utilized Dragonoid Colossus' Battle Gear to break in to the Gundalian castle. Once inside, he got separated from Marucho and Shun and ended up in a strange room and is confronted by Barodius, so they battle. Dan struggles a bit against him until Dragonoid Colossus gives him an Ability Card to defeat him. After the battle, Dan demands that Barodius return Jake, only to have him tackle Dan, showing that he is still hypnotized by the Gundalians.

From episodes 32 to 35, he was locked up by Jake and was knocked out by Kazarina, who was going to vaporize him. However, Jake snaps out of his hypnosis and saves Dan.

In episode 36, he battles Kazarina, Airzel, Stoica, and Gill alongside Fabia, Ren, Shun, Jake, and Marucho. He wins against Gill, Stoica, and Airzel, but they must leave Fabia behind to finish the battle with Kazarina.

In episode 37, he tries to get to Barodius and Phantom Dharak, but is blocked by Strikeflier.

In episode 38, he is about to battle Phantom Dharak when he is warped to a space in between dimensions.

In episode 39, he battles Barodius and Phantom Dharak. He wins and Blitz Dragonoid evolves into Titanium Dragonoid. Later in Bakugan Interspace, he battles Koji.

Bakugan: Mechtanium Surge

One year after defeating Barodius, Dan and Drago have returned to Bakugan Interspace and help Marucho expand it. Two rival teams, Team Anubias and Team Sellon have emerged and are trying to challenge the Brawlers' status as top-ranked battlers. Also, the two of them have been having visions of a masked man named Mag Mel and a Bakugan named Razenoid demanding that they give him their power. The next day, Dan was challenged by one of the members of Team Anubias, Ben. Dan manages to defeat him, but Drago loses control of his powers and nearly destroys the arena.

In *Mechtogan Mayhem*, he and Drago are off training at an abandoned arena in order to control Drago's powers. However, when activating " **Dragon Hard Striker** " - Drago goes insane and "spawns" Zenthon. They comment on how strong Zenthon is and try battling him but are unsuccessful. Later, they are seen among the arena debris commenting that Drago's powers are not the only things that need to be controlled.

In *Disconnect*, he was trying to hide the problems with Drago from Shun and Marucho, but it is not working well. Later, he is seen being forced by Dylan to participate in a "meet and greet" even though he rejects it while trying to act like he has a big ego problem. Later, he battles Anubias and he won the first round but lost the second and the third round due to him trying to keep Drago's powers under control and making him run away. He was last seen watching a fan that supported him then rejected him for losing.

In *Fall From Grace*, he alongside his friends battled Zenthon briefly before he disappears. Later, he and Shun battled Sellon and Chris and won but only due to Sellon throwing the match.

In *Tri-Twister Take Down*, the Brawlers discuss Dan and Drago taking a break from brawling in order to make sure the people inside Interspace are safe. Dan gets angry and leaves in order to continue training with Drago. Having trouble focusing on training due to the argument, they begin to agree that they need to take a break. Later, they watch Shun and Marucho's battle and after seeing what the Tri-Twisters are doing - he wants to help but feels conflicted and does not help them out.

In *Agony of Defeat*, he still refuses to listen to his friends when they tell him to take a break from battling. Even though he is still plagued by nightmares about Mag Mel and Razenoid, Dan doesn't mind battling Anubias with the winner being crowned the official number one brawler of Bakugan Interspace. During the fight, a vision of Mag Mel and Razenoid appears, and Dan and Drago think they are fighting them instead of Anubias, causing them to lay waste to the field and endanger the crowd. To make matters worse, Zenthon reappears. Once Zenthon leaves, Dan and Drago's vision are returned to normal. The battle is declared over and Dan is disqualified for illegally using Zenthon and Anubias is crowned number one of Bakugan Interspace. Unable to face his fans that have turned against him, let alone his friends, Dan packs up his things and leaves.

In *BakuNano Explosion*, he went back to New Vestroia, to learn to control Drago's powers in safety.

In *Return to New Vestroia*, he and Drago were wondering why so many Bakugan had never seen a human before even though the Brawlers saved Vestroia many times. Later, they meet up with Preyas and Amazon at one of Drago's training grounds. At first, he and Drago are reluctant to battle due to their problems but Dan theorizes that maybe in the real world, Drago can control his powers better. So, they battle Amazon but lose control during the battle and are defeated. They later faint from exhaustion while Preyas and Amazon leave. Dan and Drago are seen later talking about what happened and Dan admits that he has no idea what to do.

In *Chaos Control*, he and Drago split up after the last one said he has to be alone for a while. But Anubias in his Gundalian form (unknown who he is to Dan and Drago), sent by Mag Mel to get Dan and Drago, arrived in New Vestroia and started attacking Drago and Preyas with a Chaos Bakugan gifted to him by Mag Mel, Darkus Iron Dragonoid. Drago took a hit and Preyas stepped in protect him. Anubias called his own Mechtogan, Venexus (which is also gifted by Mag Mel). Preyas lost and Drago went into rage and lost control again and started destroying the area and summoned Zenthon until Dan and Amazon came and brought Drago came back to control. They battled Zenthon who started to obey Drago after he got shot by Drago's **Revolution-O** ability. Dan and Drago battled Anubias and Iron Dragonoid while Zenthon battled and defeated Venexus. Dan and Drago won and Anubias flew back.

In *A Royale Pain*, Dan and Drago are briefly seen at the end of the episode climbing a mountain in New Vestroia. They are seen to be more positive and Dan claims that they will control their powers and get back on top again.

In *Back In Sync*, Dan and Drago are shown to be taming/training against Zenthon. After, they try to fly up a cliff with a strong wind against them. They fail once, being out of sync, but after a few words of wisdom from Wavern, they succeed and begin to hunt the entity haunting them.

In *Mind Search*, Wavern leads him and Drago to a cave which will solve their nightmares. They enter the cave only to find a rainbow light. They look in the light and they see Mag Mel and Razenoid. After, they get flashed out of the cave and gain a symbol on their bodies. Then, Dan realizes that the light was Code Eve.

In *Re-connection*, Wavern lets Dan and Drago look through their memories to find the source of all their troubles. They find the source after evolving at the end of *Gundalian Invaders* . The feeling they had was the same feeling when they lost control. After, they decide to train as Wavern leaves the group.

In *Trople Threat*, he and Drago are still training on New Vestroia. He receives violent visions of Bakugan Interspace and Bayview being attacked by Razenoid and they face Sellon (in her Neathian form) and this time, since Dan and Drago are back in sync, they summon Zenthon and are able to control him. Then they become in sync with Zenthon and summon Zenthon Titan and win the battle.

In *Interspace Under Siege*, he and Drago returns to Bakugan Interspace alongside Spectra Phantom and Infinity Helios after sensing danger within the Interspace.

In *A Hero Returns*, he attempts to take on all of the Chaos Bakugan himself to prove that he and Drago have control of his powers and of Zenthon to the brawlers. However, he sees another vision of Mag Mel and loses control yet again. Later, he sees a vision of Gundalia being attacked by the Chaos Bakugan and warns the others. Paige then receives a distress signal confirming that Gundalia is being attacked, and the brawlers decide to go help out Gundalia.

In *Gundalia Under Fire*, Drago opens a portal and the battle brawlers head to Paige's home, Gundalia. When they arrive they meet up with Ren (who changed into his Human Form) and takes them to a secret base. Dan has a vision of Mag Mel and his plan to attack the capital of Gundalia. Marucho forms a strategy but Mag Mel launches a sneak attack of his own. Dan gets the BakuNano Sonicanon from Rafe and uses it against Razenoid. Mag Mel reveals that he uses the connection they share to gain the upper hand on the brawlers as Dan gets closer to him, their psychic connection grows stronger. The battle gets more intense forcing Dan to call Zenthon but Mag Mel calls his own Mechtogan with each side using their strongest attack with Drago losing the battle as Razenoid was too powerful which forced the Brawlers to retreat.

In *Battle Lines*, Dan is still arrogant since his return. He constantly insisted on battling even though he was dissuaded by Marucho, Rafe, Trister, and Shun. He gets angered to the point of grabbing Marucho by the collar and flipping Shun. He then gets attacked by Anubias and Sellon along with Shun. They manage to win with the help of Marucho's Cannongear but is yelled at for not listening to stay at the base. He then falls into the chasm along with the rest of the brawlers.

In *Unlocking the Gate*, he went off after Mag Mel, but Rafe convinces him to trust his friends, mentioning that they were just trying to help him. He apologized about his attitude beforehand. After some struggling, he beats Mag Mel and is welcomed back as the Leader of the Battle Brawlers.

In *True Colours*, he and the brawlers return to the Bakugan Interspace. There, they are attacked by the Chaos Bakugan that were sent by Anubias and Sellon. He and the brawlers also find out that Anubias and Sellon are working for Mag Mel. After the fight, they find out that they are trapped inside Interspace.

In *Unfinished Business*, he is seen battling against the Chaos Bakugan alongside Shun. Later, he receives a message from Anubias, telling him that he has kidnapped Noah and he want to fight him. When he finds him, they begin to battle each other but are evenly matched. Later, when Mag Mel absorbs Anubias, he is very angry and wants revenge against him.

In *Behind the Mask*, he is seen talking to the brawlers about how Mag Mel wants to invade Earth. He then tells the brawlers that the only way to defeat him is to use their link. They then say that it is a bad idea but he says that it is their only hope and that all of his friends have got his back. All of them then agree with him and he starts to focus to link up with Mag Mel. He then appears in the dark reversed dimension of Bakugan Interspace and battles against Mag Mel, Razenoid, Dreadeon and Razen Titan alongside Titanium Dragonoid, Zenthon and Zenthon Titan. During the battle Dan cuts off a portion of Mag Mel's mask, revealing him to be Barodius, the former emperor of Gundalia. The battle ended in a draw as their powers were too much for the world to handle. Dan later reveals how he lost his link with Mag Mel and his identity to the brawlers which shock Paige and Shun.

In *Interspace Armageddon*, he is seen battling Chaos Bakugan and Dreadeon clones. He, along with the other Brawlers (except Spectra and Infinity Helios), escape Bakugan Interspace as Marucho deletes Bakugan Interspace.

In *Dark Moon*, he battled the Razen Titan clones with the rest of the Brawlers and they succeeded in defeating the Razen Titans. Dan and Drago then went into the Dark Moon with Mag Mel and Evolved Razenoid right behind them.

In *The Final Takedown*, he and Drago defeated Mag Mel and Evolved Razenoid, seemingly once and for all and Drago evolved into Fusion Dragonoid.

He battled Shun in *Evil Arrival* and won. He also battled against the Rogue Mechtogan, who fused into Mechtavius Destroyer, and won using the newly spawned Dragonoid Destroyer.

In *Wiseman Cometh*, Dan fought Wiseman along with Shun and Marucho. Drago summon Dragonoid Destroyer which allowed Reptak and Jaakor to be launched from it and increase their attack power. Drago finished them off with his power combined with Dragonoid Destroyer.

In *Mysterious Bond*, Dan tried to help Reptak find his missing partner but ran into Wiseman. He used Battle Suit, Doomtronic, and combined Drago and Reptak to form Aeroblitz to defeat Gliderak.

In *Combination Impossible*, Dan is with Shun and Marucho talking about how Wiseman is targeting the members of the battle brawlers. He wanted to talk with Marucho in forming a strategy along with Shun but Marucho declined as he needed to talk with Radizen alone.

In *Enemy Allies*, Dan is seen catching Mira who collapses due to exhaustion from working on the new battle suits. He and the other brawlers would then take on Wiseman and his Bakugan. The brawlers were winning at first until they summoned their Mechtogan. The Mechtogan fused together, before Dan could call Dragonoid Destroyer the Mechtavius Destroyer attacks him, but Drago blocks most of the blow but it knocked Dan out. Dan would wake up after hearing Runo's voice that would then transfers Drago's new battle suit. Together the brawlers defeat Mechtavius Destroyer forcing Wiseman to retreat.

In *Battle for Bakugan Land*, Dan shows Runo around the amusement park. Later, Wiseman shows up to battle him. After a tough time with the Nonets, thanks to fusing, the battle turns in Dan's favor when Runo sends him the battle suits. This allows him to defeat Wiseman.

In *Gunz Blazing*, Dan suspects that Gunz may be Wiseman after he shows up one stormy day. Then, the Brawlers receive a report that Wiseman is terrorizing the city. When they arrive, they find that Wiseman is a hologram! The real Wiseman steals the battle suits and Dan chases after him. Then, Wiseman confronts him, taking off his mask, revealing Gunz! They brawl, and Dan wins thanks to Dragonoid Destroyer. Dan returns to headquarters and discusses the possibility that Gunz could be brainwashed.

In *Battle Suit Bash*, Dan, Marucho, and Shun head to the mountains for some training. Wiseman appears and battles the brawlers with their own battle suits! The fighting gets pretty intense, and Dan even fights Wiseman hand-to-hand! After that, Wiseman teleports away, leaving the brawlers.

In *Countdown to Doomsday*, Dan and the brawlers are looking at all the data they have on the Nonets, the evil Mechtogan, and Wiseman himself. They don't have enough information on any of these things, so they look to anyone who could help. Skytruss and Orbeum locate Wiseman and alert the brawlers about him. When they meet, a fight ensues with both sides giving everything they've got! However, the brawlers get defeated, and Coredegon issues them a threat: the brawlers must get rid of their Bakugan, if they do it when the Mechtogan return, only they will be destroyed. If they don't the human race will be annihilated!

In *The Eve of Extermination*, Dan learns that Dragonoid Destroyer has 30% of power reserved. Dan asks Mira why, but she says she doesn't know. Dan tells the brawlers that they can't defeat the Nonets without him, but Marucho and Shun get mad at him. Runo breaks it up though. Later, she comforts Dan, while Mira and Kato do the same to Shun and Marucho. This brings the brawlers back together. Then they head to a stadium to meet Wiseman. Dan tells Wiseman that they'll brawl for the Bakugan's freedom, which starts the battle. The battle goes smoothly until Wiseman summons the evil Mechtogan. After Mechtavius Destroyer forms, Shun and Marucho try to defend from a powerful attack when Dragonoid Destroyer uses 20% of its energy to summon Mechtogan for Radizen and Jaakor: Flytris and Thorak. Through the two Mechtogan forming into Duomechtra, the brawlers are victorious. When they return to the HQ, Dan wonders what he'll use the remaining 10% for.

In *Jump to Victory*, Dan gets annoyed by Runo showing him Aerogan. He tells her that Aerogan is her problem. Later, he apologizes to her as Wiseman comes up to challenge him. Dan, Drago, and Reptak have trouble with the Nonets combination's cyclone ability. He and Drago then call Dragonoid Destroyer just when Runo throw Aerogan as well. Dragonoid Destroyer sends Aerogan up into the air to strike the Nonets above the vortex. They use this tactic again and again until they defeat Wiseman.

In *Enemy Infiltration*, Dan, Marucho, and Shun get the signal from Skytruss and Orbeum to Wiseman's hideout. They battle Exostriker, Mandivor, and Slycerak through the jungle. They later fall into the ocean from an attack.

In *Gunz Lives*, Reptak tells Dan a story about Gunz. Gunz got very angry that he lost to Dan when he was a rookie. Then, Gunz and Reptak made a vow that they will win if they just train hard. After the story, Mira said that she made replicas of the battle suits Wiseman stole. They headed back to Wiseman's hideout and started to fight. Then, Gunz showed up. Dan and the brawlers got angry at him because they thought he was Wiseman. Then, the real Wiseman teleports Gunz away. The brawlers get very mad that he was pretending to be Gunz. After a long fight, Wiseman reveals his true identity: Coredegon. He then shot a blast that turned all of the brawler's Bakugan to ball form.

In *Evil Evolution*, Dan and the brawlers escape Coredegon due to the Nonets' interference. Later, they get back into the fight when Coredegon turns into Mechtavius Destroyer. The battle is fierce, but the brawlers lose. Coredegon then creates a portal to the Doom Dimension, and pulls the brawlers into it.

In *Evil vs. Evil*, Dan and the other brawlers are in the Doom Dimension. Dan suggests that Drago create a portal to get them out of there but it doesn't work. Later, they are confronted by Gunz and Betadron.

In *Doom Dimension Throwdown*, Dan and Drago battle Betadron and Gunz. The battle is very fierce, as Betadron wants to destroy Drago because the original Dragonoid sent the Nonets to the Doom Dimension, while Gunz wants revenge on Dan for turning Reptak against him. The battle ends with Gunz turning back to his old self, and Betadron joining the brawlers to fight a common enemy: Mechtavius Destroyer. Then Worton appears, telling them about the destruction of Bakugan City.

In *Blast From the Past*, he along with the other brawlers went though the Current of Time and saw Bakugan City and New Vestroia destroyed. They also saw that Mechtavius Destroyer intends to destroy Neathia, Gundalia, and Vestal. After that, he witnessed Betadron and Worton sacrifice themselves to keep the portal open. Dan activated **Dragon Eternal Force** to ensure they all made it through. They then confronted Mechtavius Destroyer.

In *Beginning of the End*, he and the other brawlers battled against

Mechtavius Destroyer, but were overpowered. Later, Dan learned from Mira that Dragonoid Destroyer was only functioning at 90% efficiency. After that, he watched as Gunz was seemingly hit by Mechtavius Destroyer, but was instead protected by Chromopod.

In *End of the Line*, all Bakugan around the world (according to Mira) spawned Mecthogan, fueling Dragonoid Destroyer and increasing his power level. He then talked to Genesis Dragonoid (Original Dragonoid) who told them about Mechtavius Destroyer's past, and congratulated Dan and Drago for winning. Later in Bakugan City, Dan and Drago have a rematch with Gunz and Reptak, with Dan and Drago eventually winning. After that, Marucho, Shun, Gunz, Runo, Julie, and Mira, host Dan and Drago a victory party, but they decide not to show up, and they take Kato's boat. Then the series ends with Dan saying they'll let someone else take over for them, and that they'll go where adventure takes them.

We gasped and we were amazed!

Me: WOW! That's incredible!

Nico: You guys have done it all over the years.

Goku: Wow.

Me: You all have had a tremendous impact on 4 different planets.

Runo: Yeah we sure did.

Me: And you brought 4 planets together as well

Shanan: Yeah. The planets Neathia, Gundalia and Vestal. You all have been through it all.

Lincoln: Yeah.

Shun: We sure have.

Julie: But we haven't been to as many planets as you all have but we have seen a lot.

Alice (Bakugan): That's right.

Marucho: Yep and I have a bunch of new villains that the Masters of Evil can all recruit.

Me: Really?

Marucho: Based on my calculations, the following villains can be recruited immediately into the Masters of Evil without the need for warmup battles.

Maria: And those villains are?

Marucho: Plastique, Multiplex, Black Spider, El Diablo, Girder, Cluemaster, Roxy Rocket, Turtle, Enchantress, Dr. Polaris, Evil Star, Key, Major Disaster, Cheshire, Multiple Man, Titanium Man, Firebrand, Overdrive, Boomerang (Marvel), Silver Samurai, Spot, Red Ghost, Madame Masque, Spymaster, Whiplash, Griffin, Firepower, Scorcher, Biowulf, and Skalamander.

Me: Wow! Those are all perfect!

Nico: (To Dan) Looks like you guys are getting future archenemies when the time comes.

Dan: This is gonna be awesome!

Lincoln: It sure is.

Superman: I think so too.

Me: Yeah I think so too.

Iron Lung: Do you think it's possible for us to get Bakugan as well?

Runo: I'm not really sure about giving an entire team of villains Bakugan.

Technus: I, Technus, am not that bad!

Me: Runo I understand your suspicions towards our frenemies. But I assure you they are good friends. The Masters of Evil have done so much for us ever since they helped us with looking after Lincoln, Laney, Clyde and Lily during a terrible storm.

Lincoln: That's right.

Clyde: That was really cool.

Runo: Wow.

Me: Also the Masters of Evil helped us take down some of our most dangerous enemies in the past like Anti-Aqua.

Tara: And my evil tyrannical father.

Raven: And my evil father.

Me: And many more enemies that were out to destroy the world and the entire universe. As well as save the Earth from impending doom when a huge asteroid was on a collision course with it.

Julie: Wow! That's incredible!

Nico: It sure is.

Me: Yep and we even have them come over to hang with us on the major holidays.

Skyress: That's really cool.

Shun: it sure is.

Thundercracker: (to me) Me and Skywarp paid very close attention to you when you got angry over Stoica, Airzel, and their Bakugan getting away.

Skywarp: And given what's been going on over the last few days, we're worried it's only the beginning.

Me: The beginning of what?

Thundercracker: It's like I told you before. As long as you, Lori, Lynn, and Lola are pissed at Barodius, we're all your punching bags for your anger.

Lynn: Care to repeat that statement?!

Lola: I can't believe what we're hearing right now!

Me: Look, after the usual battles, the rest of Dan's friends will get here and we can go after Barodius.

Lori: (sighs) We're literally asking for a little faith.

Thundercracker: That's hard to do considering that you guys still want to go after Barodius by yourselves.

Lola: (to Skywarp) Do you feel the same way, Skywarp?

Skywarp: Of course I do.

Lynn: (to Nico) What about you, Nico?

Nico: Don't look at me. You 4 are the ones who won't stop being pissed at Barodius.

Lola: Well, if that's how you all feel, none of you guys aren't being forced to continue on this mission with us. It's always voluntary for you guys.

Thundercracker: The mission is to go afte Barodius together.

Me: And that's not going to change.

Skywarp: Sure looks like it's going to change from the way things are going right now.

Lori: Fine. Leave, if that's what you literally want to do right now.

Thundercracker: It's been a blast, guys. Have fun blowing up Barodius and the entire planet in the process.

Skywarp: And tell Airzel and Strikeflier I said kiss my ass.

With that, Skywarp and Thundercracker left the room.

Lynn: (to Nico) What about you, Nico?

Nico: I'm staying. Someone's gotta make sure you guys don't do anything stupid.

Lori: Well, it's literally better then you ditching us as well.

Me: We're a team and we work together.

Nico: That's right.

Lincoln: Yeah!

RD me: That's right guys. I know you all have had a lot of disagreements in the past and I know how you all feel.

Lori: You do?

RD Me: I sure do. My team always fought and fought and fought and it was rough. That's when I decided to become the enforcer of my team like Nico is the enforcer of your team.

Nico: Looks like you and I both have something in common.

RD Me: We sure do. Except I don't have a traumatic background like you do. I'm sorry I brought that up but J.D. told me everything and you have my sincerest of condolences for what happened to you.

Nico: Thank you. That means a lot to me.

RD Me: You're welcome.

Later back at the estate, Skywarp and Thundercracker were there.

Thundercracker: Now let's get the hell out of here before J.D. and the Trinity of Violence get any ideas.

But when they got to the room where they put the teleporter pods, all they found was Double D standing there.

Skywarp: What'd you do, Sockhead?!

Double D: What do you mean?

Thundercracker: The teleporter pods! Where are they?!

Double D: (nervously) I take it you both want to return to Cybertron.

Skywarp: Got it in one!

Double D: I gave them to three of us so we'll be able to recruit Dan's friends from Neathia, Vestal, and Gundalia. All we can do now is hope that J.D. and the others don't give in to their rage!

Skywarp: Aw man!

Thundercracker: Looks like we're stuck here!

* * *

Lana Loud was on the planet Vestal located 4,212 light-years from Earth.

* * *

**Vestal** (Japanese version: **Home Country of Vestar** (ヴェスター本国, *Vu~esutā Hongoku* ?)) is a planet in an alternate dimension, and the overpopulated home planet of the Vestals. It is a highly advanced technological planet, with large quantities of life existing alongside the Vestals.

Vestal is a planet in a dimension different than both Earth and New Vestroia. Likewise, Neathia and Gundalia are in other dimensions. The planet is apparently very Earth-like, having the same size and features as Earth including its life-forms, which strikingly resemble those of Earth, however, the planet is undergoing a dangerous overpopulation crisis. Some offworlders, including the human Klaus von Hertzon and several Bakugan, including Infinity Helios, are among the planet's numerous inhabitants. King Zenoheld tried to destroy this planet that he once ruled with the Alternative Weapon System (most likely because of the Vestals that were against Zenoheld), but the Brawlers prevented this plan from happening.

* * *

Lana: Wow! So this is the planet Vestal. This is amazing and it looks so much like Earth.

Lana walked around and she was looking for the Brawlers friend Mira Fermin, a Subterra Battle Brawl and the first extraterrestrial friend that helped Dan and company out.

Lana walked around and found her in a palace.

Lana: Are you Mira?

Mira: I sure am. (Recognizes her) Lana Loud of Team Loud Phoenix Storm. It's an honor to meet you.

Lana: Same here.

Mira: What brings you here to Vestal?

Lana: My team needs your help to take down Barodius.

Mira: I thought he was dead.

Lana: No. He's back and J.D. and my team along with Dan and his friends are getting ready to go after him. We need all the help we can get if we want to destroy him once and for all.

Mira: You came to the right person Lana. I will gather everyone and help you all.

Lana: Awesome!

Next Mallow was on the planet Neathia and it was a beautiful planet located 12,321 light-years away from Earth.

---

**Neathia** (Japanese version: **Roteldia** (ローテルディア, *Rōterudia* ?)) is the Neathians' home world in *Bakugan: Gundalian Invaders* . The Queen is currently Fabia Sheen while the former queen was her older sister, Serena Sheen, but she gave up the throne to become the Ambassador for Neathia and Gundalia. Also, there was a powerful object called the Sacred Orb and the "Element" within the city of Neathia. As shown by Linus, Neathians have an ability that allows them to look exactly like a human. Their real forms have diamond-like eyes and blue skin. Most of the Neathians are weak brawlers, because they got wiped out by the Gundalians. It is also the home planet of several powerful Bakugan whom ancestors come from Old Vestroia. It seems that most Neathian brawlers use Haos attributed Bakugan. Nearly all objects are chrome. Neathia and Gundalia were initially one planet.

The Sacred Shrine is the place where the Sacred Orb used to be held (now located in New Vestroia). The entrance was guarded by a menacing gargoyle to frighten off burglars (which was Dragonoid Colossus in a stone statute).

---

Mallow: Wow! So this is Neathia. It's beautiful.

She went into the palace and she stood before Princess Fabia Sheen, the Haos ruler of Neathia.

Mallow: (bows) Princess Fabia. It's an honor to meet you.

Princess Fabia: It's a pleasure to meet you too Mallow.

Mallow: I came here to Neathia because my team needs your help. Barodius is back.

Fabia and all of Neathia gasped!

Fabia: But Barodius is dead isn't he?

Mallow: No he's not. He's back and he's out for revenge. Mostly on Dan. We are gathering all the help we can get to stop him once and for all.

Fabia: You came to the right person Mallow. I will gather all my forces to help Dan and all of Team Loud Phoenix Storm take that monster down for good.

Mallow: Thank you Princess.

---

Skyla was on Gundalia, a dark planet located at the very edge of the Galaxy at 100,200 light years away from Earth.

---

**Gundalia** (Japanese version: **Gundaldia** (ガンダルディア, *Gandarudia* ?)) is the Gundalians' home world. The city is underground and has been ruled by Emperor Barodius' family for several generations. It is a wasteland, most of which appears to be a swamp. This is also home to some breeds of Bakugan, born from ancestors that left Vestroia; most of these Bakugan are of the Darkus Attribute.

Gundalia seems to have been at relative peace with Neathia prior to the events of *Bakugan Battle Brawlers: New Vestroia* . However, at some point during or before that time, Barodius ascended the throne and promptly overturned his father's laws. Soon afterwards, he and the Twelve Orders invaded Neathia, beginning the Neathian-Gundalian War. With the tide in Gundalia's favor, Princess Fabia of Neathia sent out the Phantom Data as a distress signal, which was received by Marucho Marukura, Spectra Phantom, and Professor Clay.

As of the end of the war, the Gundalians are no longer enemies of Neathia. Ren Krawler, Nurzak, Mason, Lena, Zenet, and Jesse later become allies of Neathia and the Brawlers.

It also appears that the Gundalians and Neathians are very good friends now, seeing how well Paige and Rafe battle and work together. However, it appears that a few, like Anubias, still have evil and dark intentions.

In *A Hero Returns*, Barodius (reborn as Mag Mel) started to attack Gundalia to get his revenge against his former servants.

Also, prior to *Mechtanium Surge*, Gundalia was a monarchical government ruled by Emperor Barodius and his ancestors, but from Mechtanium Surge onwards, it appears to be a parliamentary democracy in the vein of most of Europe, Asia, and Africa along with Australia. Now its government, with Prime Minister Nurzak at charge, manages the planet.

She was there to meet Ren Krawler, A Darkus Brawler and very close friend of Dan. She saw him.

Skyla: Ren Krawler, right? Nice to meet you!

Ren Krawler: It's an honor to meet you too Skyla.

Skyla: I came to Gundalia because Team Loud Phoenix Storm and Dan and his friends need your help. Barodius is back and he's out for revenge.

Ren and the Gundalian's all gasped!

Ren Krawler: That monster is back!? But he should be dead!

Skyla: I would like to believe it myself but unfortunately it's all true. J.D. is so pissed that he wants to blow up an entire planet just to kill Barodius for all his crimes.

Ren Krawler: You called the right people Skyla. We'll gladly help out!

* * *

Back on Earth, Skywarp and Thundercracker came back.

Pain Yatta: Thanks for not bailing on us, guys.

Thundercracker: It's not like we had a choice.

Skywarp: (to Double D) I hope you're happy, Double D. Now, J.D. and the others are free to sacrifice anyone of us. And that means the three of us as well!

Double D: J.D. would never do that! (to me, Lori, Lynn, and Lola) Right, guys?

We shook our heads for no and said no we would never!

Me: Never in a million years.

Dan: YEAH!

Me: I'm sorry guys. But I would never blow my stack at you like that after everything we went through over the last 5 years. I'm sorry. I'm just so pissed off about everything that Barodius did that it makes the Royal Defenders crimes look as harmless as raw sewage. (To RD Me) Uh no offense.

RD Me: None taken. But yeah I know what you mean.

RD Lincoln: Yeah but I'm glad we were saved.

Me: Yeah. Everything Barodius did leading up to now makes my blood boil and I'm so mad that I probably want to rip a criminals head off and then eat his brains.

Lincoln: EW!

Nico: YUCK!

Me: Okay that was a little too extreme. But I'm really mad.

Nico: I know.

Me: But maybe some usual battles will help me blow off some steam.

Marucho: And I have just the place for that.

Marucho took us to an awesome teleporter room and it opened a portal. We went through it and we saw that we were in an awesome city dimension. It was called Bakugan Interspace.

---

**Bakugan Interspace** (爆丸インタースペース, *Bakugan Intāsupēsu* ?) was a virtual dimension that was designed by Marucho and appeared in three seasons of the anime. It is upgraded every season it is in, but was eventually deleted in the *Interspace Armageddon* . The "players" actually get transported into cyberspace to brawl, and when it upgraded, now includes multiple arenas to brawl.

Bakugan Interspace was introduced in *Virtual Insanity*, and it is originally designed to give the Brawlers the ability to practice brawling instead of waiting for the Vexos, but this was later withdrawn after Shadow and Mylene find out their hideout. It is where Ace fought Julie and Billy and won.

In *Phantom Data Attack*, four Bakugan called Aranaut, Hawktor, Akwimos, and Coredem appeared due to some Phantom Data. Also, it was shown to be able to create Avatars and possibly virtual Bakugan, though the latter is can only be created when Bakugan data is available.

In *Fusion Confusion*, Dan and Keith had a battle there in order to test Helix Dragonoid's abilities and create a Bakugan Battle Gear for him, and the test is finally successful in *Volt's Revolt* . In the Baku-Con New York live coverage it shows a preview of Gundalian Invaders and it shows Dan throwing Helix Dragonoid and a Battle Gear into the field in Bakugan Interspace.

In *Mylene's Meltdown*, Keith and Mira lured Mylene and Shadow into the Interspace to keep them away from the Phantom Data. They successfully defeated Mylene and Shadow. After that, Mylene attempted to send Keith and Mira to another dimension using a Death Bomb, but it ended up adversely interacting with the programming of Bakugan Interspace instead, thus destroying it, and sending Shadow Prove and Mylene to a different dimension in the next episode.

At the end of *Final Fury*, Marucho was able to repair it along with the mysterious Bakugan, just in time for Bakugan: Gundalian Invaders. Shun and Marucho were able to claim the Bakugan for their own. However Ren appears, apparently wanting to help with Interspace's final development, claiming that they needed his help due to the lack of available Bakugan, he gives Marucho a more complete copy of the Phantom Data, which allowed Marucho to create the desperately needed Synthetic Bakugan and finally make Bakugan Interspace available to everyone. Bakugan Interspace is a place that kids from around the world can battle.

Bakugan: Gundalian Invaders

In the third season, Bakugan Interspace has been highly upgraded and has finally been released to the entire world. It is a free worldwide service run by Marucho who is spokesperson and CEO, and Ren, who is the data manager. In this season Interspace is a major component. The new battle system revolves around Interspace and is quite similar to that of New Vestroia's, however Gauntlets have been replaced by BakuMeters and the "field open" has made its return. Interspace now uses many large domed facilities and is open to the public free of charge. To get in you must receive an entrance card and make a password or be brought in with an existing member (which is shown in *Twin Attack* by Dan). When a person first logs in they will receive a BakuMeter with a different color depending on the person's preferred attribute. They will also receive a Synthetic Bakugan of their choice of type and attribute to use; the Bakugan they are able to choose from are Snapzoid, Luxtor, Spidaro, Jetro, Fangoid, Ramdol, Ziperator, Megarus, Gren, Nastix, Scaboid, Farakspin, Damakor, Lumitroid, Clawsaurus, Glotronoid, Splight, Raptorix, Merlix, Longfly, Volt Elezoid, Buz Hornix, and Venoclaw. People with their own real Bakugan are allowed to use them instead. There are many servers used for the battle rooms, designated by a letter and a number; for example F12, the server where Shun and Shuji first battled. Players may freely move between servers to witness battles and when it is their turn they will be notified in the server that they are on.

However, it was eventually infiltrated by the Minor Twelve Orders to attempt to recruit the battle brawlers to their side and when that failed, Ren took control of Bakugan Interspace and anyone who entered it would be brainwashed and recruited into the Gundalian Army. Under Ren's leadership, it has been shown that all of the buildings are enveloped in thorns. Outside, it looks like Dragonoid's closed ball form.

Bakugan: Mechtanium Surge

During the year after the end Neathian/Gundalian War, Bakugan Interspace was fully revamped with new structures and upgraded battlefields with advanced stands, which now move out of the range of battle while still providing an optimal view of the fight. The battlefield can also project a "solid vision" battle field.

It was also stated in *Interspace Showdown* that it has become open source.

Mag Mel had also begun to infiltrate Interspace, using Team Anubias and Team Sellon. As his power grew the golden armored stranger began to send Chaos Bakugan into the virtual reality world, As of the end of *Triple Threat*, Mag Mel's forces invaded Bakugan Interspace in the form of a swarm of Chaos Bakugan.

In *Interspace Armageddon* it was deleted by Marucho, nearly killing Dylan, Spectra, Helios, and Slynix.

Bakugan Interspace Grand Prix Bakugan Tournament

The new Interspace has now become host to the new competition; the Bakugan Interspace Grand Prix which will be a major plot point for the fourth season. So far the current 1st place brawler in the competition is Shun, followed by Anubias, Sellon, Marucho, and Dan in 5th. The competition also seems to have a team system.

Mechtogan were not originally accepted since Dan got disqualified for using Zenthon but since episode 10, it appears Mechtogan can be used without breaking the rules.

Me: WHOA! What is this place?

Marucho: This is Bakugan Interspace. It's a virtual dimension I made where we can duel with Bakugan.

Me: This is so cool!

Nico: WOW! This is amazing!

Lincoln: It sure is! This is incredible!

May: Yeah!

We arrived at the stadium and it was huge!

Me: Wow! Look at this stadium.

Tri-Klops: So, does this stadium have snacks and drinks?

Marucho: It sure does. Right over there.

He pointed to a snack stand and it was perfect.

Me: Wow! This is so cool! I think we might have found a perfect arena where we all can have our usual battles.

Nico: It sure is cool!

Eli: I'll say! This is amazing!

RD Me: It sure is.

Nunnally: Yeah!

But then ALL of the Masters of Evil then appeared.

Me: WHOA! Are we gonna fight ALL of you guys!?

The Wrecking Crew, Leonard, LeGrange, Mr. Fizz, Merman and Snake then stepped forward.

Wrecker: Nope you're gonna fight just us.

Lord Drakkon then stepped forward.

Lord Drakkon: And you'll be fighting with me because you need to blow off some steam J.D.

Me: I appreciate that.

Thunderball: Man, it was really hard to find this place.

Maria: Did you guys see Strikeflier and Lythirus' vehicle modes?

Leonard the Pig King: We did, actually.

LaGrange: But by the time I called my car to chase after them, they were long gone.

Me: That's all right. But look on the bright side. We found an awesome new arena where we can give everyone an awesome and entertaining show for having our usual battles.

Bulldozer: But you got to admit, this is an awesome place.

Piledriver: It sure is. I would love having our usual battles here after we do EVERY adventure.

Nico: We all would like that.

Me: It's gonna be fun.

Snake: It sure is. (To me) And Dude is that another version of you?

Me: This is the Royal Defenders version of me. He wasn't part of the war because he was locked in a Power Neutralization Crystal.

Snake: Whoa!

Lord Drakkon: And you guys have the Royal Defenders out!?

RD Me: There's a reason for all of that. They were under the influence of the evil Chaos Sorcerer, Sindri Myr.

Vypra: It's true guys. Sindri Myr is a monster that even I feared a long time ago.

Hydro Man: WHOA MAN! That's terrible.

Fu: It sure is.

?: It sure was.

3 figures came out and it was THE WOLFBLADES of Episodes 28 & 29 of Ninja Storm!

---

The **Wolfblades** are a trio of werewolf-like monsters that serves as the primary antagonists of the two-part episode "Shimazu Returns".

The Wolfblades are ancient creatures who used to terrorise the villagers thousands of years ago. They were summoned by their master Shimazu to battle the Power Rangers. They were first seen chasing civilians around outside of Blue Bay Harbor. The Red, Yellow, Blue and Green Rangers tried to battle, but these monsters were more then a match for them, right before they could finish them off, the Thunder Rangers came to the rescue, firing on the Wolfblades with the Crimson Blaster and forcing the trio to retreat. They later returned and the Red, Blue, Yellow and Navy Rangers did battle with the Wolfblades, with Shimazu adding them in battle, all of them were too much for them, and they were forced to retreat. While the Red Ranger does battle with Motodrone, the four Rangers did battle with the Wolfblades, they land a major beat down on the Yellow Ranger and were about to land a finale strike until Tori blasted them with her Ninja Blaster, they then did the samething with the Blue Ranger until being blasted again by the Yellow and the Navy Rangers, the Wolfblades were still more then a match for the Rangers, Shimazu use his whistle to make them more and more aggressive, but when he used the whistle the third time, it made the Wolfblades fight each other, allowing the Ninja Storm Rangers to finish them off with an almighty energy slash into thier bodies. The victory was short lived when the Wolfblades combined and formed a massive three-headed wolf monster called: **The Wolfblade Conglomerate** .

The Rangers summoned the Storm Megazord and Thunder Megazord to battle the monster, but they were out matched. They then formed the Thunderstorm Megazord and used the Lion Blaster attack on the Wolfblade Conglomerate, but even it wasn't enough and was left unscratched. The monster then jump and made a complete beatdown on the Megazord, forcing the Rangers to retreat which made the Wolfblades seperate and retreat, Shimazu then later returned with the Wolfblades and noticed the Samurai Star Chopper. Determined to not let the Green Samurai Ranger find out about the secret weapon, he had the Wolfblades form the Wolfblade Conglomerate to take out the Samurai Star Chopper, although Cam manages to escape. He then sent it into the city where it did battle with the Hawk Zord, Lion Zord, Dolphin Zord, Crimson Insectizord, and Navy Beetlezord. It was hit by the Flame Attack. Lion Tornado Blast, Dolphin Water Wall, the Crimson Insectzord's cannon blasts and the Navy Insectzord's antlers but none of these the Rangers had the upper hand, but they were quickly out match, Cam came in and unleashed the new Mammothzord. The Ninja Rangers form the Thunderstorm Megazord to battle this monster and had the upper hand with the Serpent Sword and the Ram Hammer and Turtle Mace combination. They then combined with the Mammothzord to form the new Thunderstorm Ultrazord and destroy the Wolfblade Conglomerate once and for all.

Shane Clarke: The Wolfblades!

Wolfblade 1: Been a while rangers.

Me: I remember you guys! You three were summoned to destroy the rangers by Shimazu.

Wolfblade 2: That's right. We're impressed you remember that.

Wolfblade 3: We were told so much about you and everything you know about us.

Me: Like I said, Never missed an episode.

Wolfblade #1: (to the Ninja Storm Rangers) In case you're wondering, Vypra gave us the ability to talk. Just like with the monsters the RPM Rangers fought.

Shane Clarke: We can see that.

Me: Three monsters in one Power Ranger battle. This is gonna be so awesome!

Lincoln: It sure is.

Eli: This is gonna rock!

Vypra: And I have a new archenemy for Numbuh 4.

Russian Theme Music played as a big armored man came out. It was BORIS THE BIG BAD RUSSIAN BOUNTY HUNTER!

---

**Boris** is a bounty hunter who only appeared in the episode "The Princess and the Bounty Hunters".

Boris is a tall, wide bounty hunter with a Russian accent. He along with others were after the bounty on Jack. When he described his plan, it was simple: charge at Jack, Jack's sword breaks on Boris' belly and then Boris "Breaks him, Breaks him, Breaks him!" Mira criticized Boris's plan because he highly underestimated Samurai Jack's abilities. Later when Mira tells the other bounty hunters her plan Boris was among the others to dig the trap. Boris was among the other bounty hunters to charge at Jack and he was defeated when Jack threw Am's mines on Boris, causing an explosion. According to Genndy Tartakovsky, Jack fought humans and sentient creatures in the original series, but never killed them, meaning Boris and the others who were defeated were likely unconscious as of the end of the episode.

It is unknown how the past Aku's destruction affected his existence.

---

Me: Boris!

Boris: (Russian Accent) That's right! Boris, Biggest, Baddest Bounty Hunter of all.

Numbuh 4: AWESOME! I get a big bad Russian Bounty hunter as my archenemy! This is gonna be fun!

Boris: Boris will not disappoint little man!

Me: Lets give them a great show everyone.

We powered up and went at them.

---

Battle 1: Lok Lambert, Applejack, Apple Bloom, Rockhoof, Slugslinger and Triggerhappy VS Wrecking Crew

---

The Wrecking Crew was first.

Wrecker: (to Lok) Is it wrong that I'm getting concerned about J.D.?

Lok: Not at all. But he would be grateful for your concern.

Applejack: Yeah. J.D. is just doing his best as a great leader for this whole team and he treats all of us like family.

Apple Bloom: That's right. He loves all of us like family and treats us all equally.

Piledriver: That's good he does.

Rockhoof: (Scottish Accent) Aye. Back when I lived in the days of the Mighty Helm, I loved everyone like my own brothers and sisters.

Slugslinger: Powerful bond they had back then.

Triggerhappy: It sure is.

Wrecker: I can tell. Lets do it!

The Wrecking Crew went at them and Lok and his group went at them!

Applejack: Lets get them Sugarcube!

Apple Bloom: With you all the way sis!

Lori: I know but it's literally hard to not get mad after we were told about everything that Barodius did.

Flurry Heart: I know. Barodius did so many horrible things that it's incomprehensible.

Twilight Sparkle: What he did is unforgivable and it makes the crimes of Chrysalis, Cozy Glow, King Sombra and Tirek seem like stealing cookies.

Star Swirl: That is a good way to put it.

Twilight Sparkle: It was the best way to describe it.

Leonard: I can tell. Where's Cadance by the way? Usually she participates with the battles with you guys?

Flurry Heart: My mom is on maternal leave. I'm gonna have twin brothers or sisters! (Squeals in excitement!)

Leonard: WOW! Congratulations to you for being a big sister.

Flurry Heart: Thank you.

Princess Celestia: We're so excited to see them.

Princess Luna: And it will be the first ever Crystalling that J.D. and all of Team Loud Phoenix Storm ever see.

Princess Amore: And it will be the first one I've seen in 1,000 years. I've been dead for 1,000 years because of Sombra.

Leonard: I'm happy for all of you but if Sombra comes back, he will pay for his crimes. We'll have to see if we all can go to see the Crystalling too. Lets get it on!

---

---

Mr. Fizz was next.

Mr. Fizz: (to Gwen Tennyson) What Bakugan attribute do you think you'll have?

Gwen T.: That's a really good question. With 6 attributes of Bakugan to choose from we have to have one that matches what our powers are.

Pinkie Pie: I think it's gonna be so amazing that we get to have Bakugan too!

Alizarin Bubblegum: I think so too! This is gonna be so cool.

Maud Pie: (Monotonously) I think so too. I'm a geologist so I would choose the Subterra attribute.

Marble Pie: Same here. Subterra for me because we live on a rock farm.

Somnambula: (Egyptian Accent) I would choose Haos because I represent the Pillar of Hope.

Pain Yatta: That's a great idea!

Krankcase: I agree. I would represent Darkus because I represent tech and there are no Tech Element Bakugan.

Mr. Fizz: Good idea. Lets do it! But first, (To the audience) anyone want some soda?

The Audience all cheered and he gave them all sodas!

Gwen T.: Awesome. Lets do it.

---

---

Snake was next.

Snake: (to Fiona) It's gonna be hard to find the Twelve Orders considering their Bakugan can turn into vehicles now.

Fiona: Just like Transformers.

Rainbow Dash: But something tells me that this battle is gonna be a big one.

Lightning Dust: I have that feeling too and it's gonna be big.

Scootaloo: Yeah. I love battles like this. They are so challenging.

Battle 5: Yumi Ishiyama, Sunset Shimmer, Wallflower, Cayenne, Pepperdance, Gusty the Great, Ink Rose, Moonlight Raven, Alister and Rafael VS Merman

Merman was next.

Merman: (to Yumi) We shouldn't just take out Barodius and his goons. We should also take out their Bakugan as well.

Yumi: I was just about to suggest the same thing.

Sunset Shimmer: I was just about to say that too.

Wallflower: But learning all about Bakugan is really something. Eli taught us about what they can do and how big of an impact they had on so many worlds.

Cayenne: Yeah it's really cool.

Pepperdance: Yeah and it's amazing that there are so many kinds of Bakugan.

Gusty: But it's awful that there are those that want to use their power to destroy all life as we know it.

Ink: That is terrible. I would never use the power of Bakugan for that purpose.

Moonlight Raven: Me neither. There's no honor in it in times of darkness.

Alister: I second that motion. Me and Rafael here may have done terrible things when we were brainwashed by Dartz but now we don't do that anymore.

Rafael: That's right especially after we were given a second chance by Heidi.

Merman: I know. Lets do it!

Merman went at them and they went at him.

---

LaGrange was next.

LaGrange: (to Vert) Good thing this arena has room for our cars.

Vert: I don't think they've ever seen a racing Bakugan Battle before. But that would be so cool.

Fluttershy: We're still learning so much about all this and it's really amazing.

Tree Hugger: It sure is radical dudes.

Mage Meadowbrook: I like learning so much about all this as I like healing people and ponies.

Zecora: Learning always must help one be ready for all to see. But journey must be ready to bring you it's challenges and bounties.

Thunderblast: That's interesting advice.

Lugnutz: It sure is.

LaGrange: Indeed. Lets get it on.

They got into their cars and drove and flew.

Vert: This is amazing!

Fluttershy: It sure is! Lets get wild on him!

Tree Hugger: Lets do it dudes.

Fluttershy, Tree Hugger, Mage Meadowbrook and Zecora: MYSTIC NATURE STYLE FORMATION ART: FIRES OF MAGIC AND NATURE!

---

Battle 8: Me and RD Me VS Lord Drakkon

---

Lord Drakkon was up next.

Lord Drakkon: I heard so much about Barodius and all the amount of terror he has caused to everyone.

Me: Yeah and I'm so pissed about everything he has done that I want to grab a criminal and rip him in two.

Lord Drakkon: Yeah I feel the same way.

RD Me: What Barodius did is probably the most unforgivable of all. He did it all from what we were told.

Me: Yeah.

Lord Drakkon: I know. Lets dance shall we.

We went at him and punched and kicked and he was putting up an incredible fight as he fired powerful energy blasts and we did the same thing as powerful explosions were going off all over the arena. Everyone was getting a great thrill out of it. We were punching and kicking some more and all that until we clasped hands.

Me: (Grunts) I heard from Mary that you had a run-in with your worlds version of Kimberly that was out to kill you.

Lord Drakkon: Yeah it was awful.

Me: Well at least the Rangers and Mary beat her.

RD Me: Yeah.

I kicked him in the face and knocked him down and I had some steam relieved.

Me: Whew! That was good.

RD Me: Feel better. Yeah.

---

Battle 9: Boris

---

Numbuh 4 was facing Boris and he was really excited.

Boris: Lets see how you fair against me little man.

Numbuh 4: Oh I'm more than just a match for you.

Boris got his clubs out and went at him roaring and Numbuh 4 jumped into the air and kicked him in the face and Boris slammed his clubs on him and Nmbuh 4 dodged him all over the place as he smashed the ground and Numbuh 4 kicked him in the face and knocked him down and knocked him out.

Numbuh 4: YEAH! That was awesome mates!

---

We had the usual battles done and Lana, Mallow and Skyla came with all the Brawlers friends from the 3 worlds they touched.

Dan: Mira, Ren, Princess Fabia!

They went over and hugged them.

Mira: It's great to see you all again and J.D. it's an honor to meet the famous leader of Team Loud Phoenix Storm.

Me: Same here Mira. Dan told us so much about all of you. And Princess Fabia and Ren Krawler it's an honor.

Princess Fabia: Same here J.D.

Ren Krawler: We were told so much about you all too.

Me: I can tell.

Dan's cell phone rang.

Dan: (picks up his cell phone) Hey, Mom. What's up?

?: I'm in your house, Kuso.

Dan: (eyes widen in shock) Barodius?!

Barodius: Come home and say your goodbyes. Once you've had time to turn grief into anger, you'll be ready to face me.

Dan: You son of a bitch!

Barodius: I've left enough life in her for some final words. If you hurry. (laughs evilly and hangs up)

Fuse Man: (sees the look on Dan's face) Dan? You alright?

Dan: It's Barodius. He's attacked my mom!

We gasped!

Me: Lets get over there and fast!

We flew over to Dan's house.

Later on the world of Barodius he was mobilizing his forces.

Gill was in a silver F-22 Raptor.

Gill: This is Gill and Krakix! All Twelve Order members mobilize!

In the city, Lythirus, in his police car form, goes through the streets like mad with Stoica in him.

Stoica: Stoica and Lythirus En-Route.

At another military base, a green M1 Abrams Tank broke through the gates and leaves sinisterly with Zabas and Galliont in him

Zabas: Zabas, Galliont, and Dryoid reporting.

A tan Buffalo H mine protected vehicle drives through another base with Kazarina inside it.

Kazarina: Kazarina and Lumagrowl rolling.

And in the air, Strikeflier, in his black MH-53M Pave Low IV helicopter flies fast with Airzel in him.

Airzel: Airzel and Strikeflier incoming. All hail Emperor Barodius!

They were off.

---

At Dan's house we found it in total shambles and we found his mom Miyoko on the ground and badly hurt and dying.

Dan: MOM!

He went over and picked her up.

Me: My god. What the hell happened here?

Nico: Barodius did this. That monster is gonna fucking get it.

Me: Big time.

RD Me: Yeah.

Dan: Mom! Hang in there! You're gonna be ok!

Miyoko Kuso: (weakly) It's alright, Dan. I'm not afraid to die.

Cavalier: You will not die at all, fine lady! (to Electrocutioner) Electrocutioner!

Electrocutioner: Right! (to Dan) Might want to get back.

Dan did so and Electrocutioner charged up his powers.

Electrocutioner: CLEAR!

He placed his hands on her chest and shocked her back to life. Miyoko coughed violently.

Me: I didn't know you could use your powers like that Lester.

Electrocutioner: I saw it on TV and figured it would be very handy.

Me: Like an emergency difibrilator.

Varie: Yep. You would be very helpful at the hospital.

Electrocutioner: Thanks guys.

Dan: MOM!

He hugged her and Varie was healing her.

Varie: Barodius really did a number on you.

Me: Are you gonna be all right Mrs. Kuso?

Miyoko: Yeah I'll be fine J.D. Thanks to you and all your friends.

Electrocutioner: Sorry I had to touch you in an inappropriate place Mrs. Kuso.

Miyoko: It's all right.

Me: But the important thing is that you're gonna be all right.

Laney: That's right.

Mira: Barodius has really gone off the deep end.

Ren: That's an understatement. He's now ultimate evil incarnate.

Me: Yeah.

Miyoko: Well, Dan. It looks like you know what to do now.

Dan: (sadly) How can I even stop Barodius this time? I couldn't even protect my own family.

Rafael: Look, I know how you feel, Dan. But if you give into anger and fight Barodius like that, you'll lose.

Nico: (to me, Lori, Lola, and Lynn) Same goes for all of us as well.

Me: That's right Dan. You have done so much for not just everyone on Earth but for all of your friends and many planets as well.

Lori: You literally brought 4 worlds together and that is a big achievement for all of you.

Lola: Yeah and if that doesn't spell Team Loud Phoenix Storm Material then I don't know what does.

Lynn: Yeah! You guys are not only the greatest of friends, you and Runo are also dating and awesome but you also risked your necks to save all worlds from total destruction like we have.

Me: That's right. You are more than capable of being part of the team.

Ed: Just like mustard and ketchup!

Eddy: Shut up Ed.

Me: It's true. But you shouldn't let a monster like Barodius come between you ever again. Now come on Dan. It's time to make that monster pay for his crimes.

Dan: (Determined) You're right! I will never forgive Barodius for everything he has done!

Me: We all won't. Barodius has now crossed the line beyond the point of no return. Now it's time for us to make him suffer!

Nico: Big time!

Vulture: Where can we even find Barodius and his goons? They could be anywhere by now.

Me: My scans show that they are in a castle on a moon next to the planet where we banished Cinderella's evil stepmother.

Nico: Then that's where we're heading.

Me: Get ready Barodius, your date with death is coming and we are your executioners. YOU HEAR THAT BARODIUS!? WE'RE COMING FOR YOU!

We were off to the moon I said he was at.

---

We later arrived at the moon they were at and we saw Barodius's castle dead ahead.

Me: There it is. Barodius's castle. I've waited a long time for this.

Dan: I will never forgive that monster.

Me: Lets go!

We went at the castle and we were stopped by ANUBIAS AND HORRIDIAN!

---

**Anubias** (アヌビアス, *Anubiasu* ?) was a character in *Bakugan: Mechtanium Surge* . He battled with the Darkus Attribute. His Guardian Bakugan was Darkus Horridian. He was an artificial Gundalian created by Mag Mel to serve him.

In *Interspace Showdown*, he beats an unkown battler and gets into a quarrel with Ben about his brawl with Dan Kuso.

In *Mechtogan Mayhem*, he watched the battle between Jack and Marucho. Later, when Zenthon appeared, he challenged him but was not doing very well until Sellon helped him out.

In *Fall From Grace*, he is seen with his team getting ready for a "meet and greet". He later criticizes Dan for not going out to meet his fans. He then battles Dan and although he loses in the first round, he wins the second round. Dan, fearing that Drago could lose control of his powers, orders Drago to run away, causing Anubias to strike and defeat Drago when he questions Dan's orders and doesn't pay attention to the battle, meaning that Anubias wins the third round. After the battle, Anubias tells Dan even though they are rivals; he still had respect for Dan. However, he was disappointed that Dan did not think the same way and felt insulted that Dan brawled like an amateur. He advises Dan that "If your heart's not in it, then maybe you should just quit."

In *Tri-Twister Take Down*, he was seen giving advice to Dan about having "periods of fear and doubt" and if he didn't push forward - he would be stuck in neutral. Later, he is seen watching Shun's and Marucho's battle against the Tri-Twisters and disliking the tactics and strategies they were using. He then intervenes along with Sellon, and takes all three of their Cyclone Percivals out.

In *Agony of Defeat*, He faced up against Dan in the finals of the Bakugan Interspace Championship. He was doing well until Zenthon appeared and Mag Mel took control of Dan and Drago. He lost and was about to be killed by Drago until Dan took his body back and stopped Drago and Zenthon. Dan was disqualified and Anubias was named Champion. After the battle, Anubias met up with Sellon and she told him that his performance will make Mag Mel pleased.

In *BakuNano Explosion*, he won against the Bash Brothers after using Aeroblaze and stated that the only one who could satisfy him in battle was Dan. He appears again after Shun proclaimed himself as the Battle Brawlers' new leader, and thought that Shun has fallen into their trap and once again, wondering where Dan is.

In *Chaos Control*, Anubias is shown speaking with Mag Mel about Dan and Drago's location. He is then given Darkus Iron Dragonoid and Aquos Venexus, as a gift from Mag Mel in order to destroy Dan and Drago. On his way to New Vestroia, he reveals that he is a Gundalian. He battled against Drago and Preyas with his Chaos Bakugan, Darkus Iron Dragonoid and his Mechtogan, Venexus. He has the upper hand for most of the battle until Zenthon is tamed by Drago and Drago regains control of his powers. After his defeat, he comments that he shouldn't have lost with the Bakugan that Master Mag Mel gave him. As he is traveling through the dimensional portal, he yells out Dan's name in anger as a strange crescent symbol glows on his forehead (as a result of being hit by a rock due to the blast created by Drago's attack against Iron Dragonoid, the scene being cut in the English dub).

In *A Royale Pain*, He uses a different Mechtogan, Smasheon, who ends up wiping out the competition with 1 hit. After his match, he recruits Noah to Team Anubias and leaves to think about how Dan was able to control Zenthon. He later watches the Battle Royale and comments that Shun's new Mechtogan is not as powerful as Dan's.

In *Back In Sync*, he was seen sitting with Sellon, listening to her compare a wilting rose to the Battle Brawlers., but showed very little interest, only caring about being the one to take down Dan, no matter what the cost.

In *Mind Search*, he was seen giving his team the Bakugan they need. However, he didn't participate in the Capture the Flag competition to observe the battle.

In *Re-connection,* Anubias battles Shun in the championship battle. He unwillingly throws the battle. Later, he gets rejected by Mag Mel to get the key from New Vestroia, sending Sellon instead.

In *Triple Threat,* Anubias takes on Shun and Marucho with Robin in Bakugan Interspace for the sake of their leading title in Interspace, but the battle is suddenly interrupted when a mass of Chaos Bakugan start invading Bakugan Interspace and destroying everything. He states to the Brawlers that "This is the end."

In *True Colours*, Anubias, Sellon, and Dylan show their real faces to the Brawlers and teams leaving Noah in tears by calling all the helpless battlers "Worthless insects who you should forget about saving".

In *Dangerous Beauty*, he's happy that Sellon has "disappeared" because he can now go after Dan to take his revenge.

In *Unfinished Business*, he kidnapped Noah and held him hostage so Dan would fight him. They had a long, intense battle in which Anubias used almost all the Bakugan and Mechtogan he had, including Venexus Titan. Before the battle could finish, an image of Mag Mel's eyes appeared, absorbed Anubias' powers, and killed him in the process.

In *The Final Takedown*, he appeared as a vision to Noah, stating that he has grown and he inspired him to keep battling on Earth.

---

Dan: Anubias!

Anubias: That's right Dan!

Me: Weren't you killed by Barodius when you outlived your contract to him?

Anubias: Yes I was.

But then a team of six heroes appeared! It was a boy and 5 monkey heroes!

Thunderblast: (to Chiro and the Super Robot Monkey Team Hyperforce) Who are you guys?

Chiro: I'm Chiro. This is Antauri, Gibson, Otto, Sparx, and Nova. And We're the Super Robot Monkey Team Hyperforce!

Maria: (giggles) Sounds like a mouthful.

Otto: The name might be long but we can still kick some ass!

Antauri: You all go find Barodius. We'll handle Anubias and Sellon.

Me: Thank you to all of you. We owe you guys one.

Chiro: No problem.

We ran fast.

The SRMTHF fired energy blasts and obliterated Anubias and Horridian in an instant!

Chiro: That was a good one.

Otto: Indeed it was.

Chiro: (To the viewers) See you all on February 12th.

The vanished.

---

We continued on and then in our path was DHARAK!

Me: WHOA! So that's Dharak!

Lynn tried charging at Dharak.

Dharak: (grabs Lynn) Come here, you little cretin!

Lynn: You want a piece of me, asshole?! Huh? You want a piece of me?!

Dharak: (Evilly) No! I want two!

KGBeast: Have a piece of this!

KGBeast fired his cybernetic gun at Dharak's face, making him drop Lynn.

ynn: Thanks Anatoli.

KGBeast: No problem Lynn.

Dragonoid: You make me sick Dharak! How can you sink so low to attack innocent people?

Dharak: Because I want you to suffer for everything you did to me!

Dragonoid: Well now I'm ending you once and for all. This is our final battle! And only one of us will be standing and it's not gonna be you!

Kazarina: Then you'll face us too!

We saw The 5 Major Members of the Twelve Orders: KAZARINA AND LUMAGROWL, GILL AND KRAKIX, AIRZEL AND STRIKEFLIER, STOICA AND LYTHIRUS, AND ZABAS AND GALLIONT!

---

Kazarina

**Kazarina** (カザリナ, *Kazarina* ?) was the Haos Brawler of the Twelve Orders. She was partnered with Haos Lumagrowl. She and Emperor Barodius were responsible for most of the events that occurred in *Gundalian Invaders* .

After helping Dharak evolve, she was the second in command, thus replacing Gill. At the end of *Gundalian Invaders*, she was murdered by Gill and her corpse was taken by Lumagrowl to an unknown location.

Kazarina first appeared in *Revelation* by Barodius' side, amazed by the strength of the unknown Bakugan who caused the explosion that hit Gundalia. Gill was surprised to see that she didn't even know if a Bakugan that powerful could exist.

She is capable of hypnotizing people, as seen in *Confrontation*, usually displaying this skill on new human recruits. Ren disapproves of this practice, claiming that it hinders a brawler's skills to only 75% when they needed 100%.

She was seen in *Hostile Takeover*, by Emperor Barodius's side watching the new recruits.

In *Escape From Darkness*, she appears alongside Barodius and Gill, talking to Ren about his failure to bring the Battle Brawlers to their side. Barodius warns Ren that if he found out that Ren betrayed him, he would be punished. She again appeared in *The Secret Package*, entering the battle with Gill and Airzel after seeing their recruited brawlers weren't doing well.

In *The Element*, she talked to Ren about Neo Ziperator belonging to the Castle Knight. She chose to get Ren back to Gundalia with The Element, but failed due to Sid Arkale's battle. After Sid is disposed of, she takes Rubanoid for later experiments.

She appeared again in *The Sacred Orb*, fighting against Neathian Bakugan. She then battled Fabia Sheen with the battle at a stalemate until the Sacred Orb sent all of the Gundalians away.

In *Decoy Unit*, her ship, along with Airzel and Stoica's ships were seen heading for the third and final Neathian shield.

In *Battle For the Second Shield*, she battled against Shun Kazami after Lena's quick defeat and is able to defeat him in the first round. Later in the second round, Dan steps in and she loses the battle. When she calls up Lena for her punishment, she is ambushed by Phosphos, but Lumagrowl defeated Phosphos with ease. Kazarina then transported Lena into a stasis tube. She then tells Gill how Lena knew about the punishment, to which he responds that *"no one can be trusted"* . Unbeknownst to them, Ren overheard this, and quietly gives his condolences to Lena for her fate.

In *Curtain Call*, Kazarina plots with Stoica to eliminate Jesse so that they would not get punished by Barodius. After they do so, they head to Barodius's chamber to give their report, but Nurzak intercepts them and berates them for disposing of yet another team member.

In *The Secret of the Orb*, Kazarina is ordered by Barodius to go with Nurzak on a reconnaissance mission. She was partnered with Mason, but he escaped, and Barodius punished her with electric shock torture. Afterwards, Gill was made the emperor's official number two. At the end of the episode, Kazarina and Nurzak strike a deal, as they both don't like the emperor and they become *"partners in crime".*

In *Partners 'Til the End*, Zenet disguises herself as Nurzak under Gill's orders and figures out that he and Kazarina plan to betray Bardious.

In *Divide and Conquer*, Nurzak orders her to lead an army of brainwashed soldiers to attack Barodius, only for her to turn on him and reveal herself as a double agent for Barodius. She then watches the battle between Nurzak and Emperor Barodius. She then continues on a job to make Exokor to strengthen Dharak.

In *Mobile Assault*, Kazarina reassured the Emperor after the latter questioned the loyalty of the other Twelve Orders. Later, while she was working on Exokor, Gill called her, to tell her they needed more battlers. Annoyed by the distraction, she sent Ren to get more battlers from Earth. Gill remarked that Ren was the only one left, and admonishes her for disposing of her subordinates for her own mistakes. She retorts that he was the one who was disposed of Zenet Surrow.

In *Sid Returns*, continues to work on Exokor's upgrades.

In *Colossus Dharak* and *Dragnoid Colossus* she battled Fabia and Shun alongside Airzel. She beats Fabia and fails to defeat Shun, but Airzel succeeds in taking him down, thus winning them the battle.

In a flashback in *Forgiveness*, she defeated and killed Fabia's fiancé, Jin, and wins Aranaut in the battle. She took him back to her lab to experiment on him, but he was rescued by Fabia.

In *Into the Storm*, she lures Jake Vallory into a trap using an Earth boy named Robin. She wanted to brainwash him instead of using the Earth children (who were all sent back to Earth sometime before or during the battle). She succeeds in defeating him and takes him back to Gundalia.

In *Jake Returns*, she hypnotizes Jake and Coredem to deactivate the third shield, but the plan fails due to Dan's intervention. Nevermore, she retakes Jake, saying that he will be a great fighter in the Gundalian army.

In *True Evolution*, she is in her lab, laughing as she asks herself who would want to save "these vermin" (Lena, Zenet, and Jesse). Later, she and Stoica intercept Fabia and Nurzak.

In *Redemption*, she and Stoica managed to defeat Nurzak and

Fabia by knocking them in a pit. In a rematch, she hypnotized the rest of Ren's team to use against them, but the four of them had to retreat after Stoica used an ability to drown their opponents. Later, she hypnotized Dan and Drago when they were in jail to put them to sleep.

In *Jake's Last Stand*, she brought Barodius and Dharak to her lab to show them that how Drago's DNA is similar to Dharak's, and that Drago's power stems from his many evolutions. She concocts a plan duplicate Drago's DNA and transfer it to Dharak to evolve him, which Barodius approves. After Shun and Hawktor are spotted in her lab but escape, Barodius orders her to hunt them down. Kazarina warns Jake and Gundalian soldiers that the Brawlers infiltrated the Palace, and relays Barodius' order to them.

In *Final Strike*, she used Blitz Dragonoid's DNA to evolve Dharak into Phantom Dharak, and is rewarded with the position of Barodius's number two, replacing Gill again, because of the evolution of Dharak will allow to the Twelve Orders to cross the third shield to win the war. She then decides to kill Dan to send a message to the Neathians. Just as she is about to do so in *Dream Escape*, Jake finally breaks free of her control and saves him. She later joins the rest of the Twelve Orders in a four-on-six brawl with the Bakugan Battle Brawlers.

In *Gundalian Showdown*, she continues her battle with the Brawlers alongside Gill, Stoica and Airzel. After her comrades left to pursue the other Brawlers, who left with Dragonoid Colossus to Neathia, she battled Fabia and almost won with her reinforcements, but Mason and Avior (along with Nurzak and Sabator) interrupted the battle.

In *Broken Spell*, she continued her battle with Fabia, only to be confronted by Nurzak, after Lumagrowl destroyed her reinforcement and fought Aranaut alone. In a melee battle against Nurzak, he disarmed her, and as she ran to retrieve her weapon, she finds herself confronted by Gill. He tells her that "words have consequences," and then kills her with her own weapon. Nurzak finds her dead on the floor as he was looking for her. After Kazarina's death, all the Brawlers, as well as Lena, Zenet and Jesse, were released from her hypnotism.

# Gill

**Gill** (ギル, *Giru* ?) was the top Pyrus brawler for the Twelve Orders. He used Pyrus Krakix as his Guardian Bakugan and his Battle Gear was Vicer. He was Airzel's mentor. He was the former second in command of Barodius, until Kazarina replaced him. He was killed by Phantom Dharak under Barodius' orders after the latter overheard that he killed Kazarina.

Gill first appeared in *Revelation* beside Emperor Barodius. He seems to want to be close to him, and make sure he's safe. He inquires about Nurzak's study on the dimensional shift.

He then appears again in *Confrontation* telling Sid Arkale to not battle the Brawlers anymore and let Ren handle it. He, Emperor Barodius and Kazarina were talking to Ren about not bringing the battle brawlers to their side and Barodius said that if he finds out that Ren betrayed him he will get punished and Gill also said what Ren is trying to do still doesn't go upon the fact the Battle Brawlers had sided with the Neathians.

He appeared again once in *The Secret Package*, seeing that bringing battlers from Earth wasn't going that well and he, Kazarina and Airzel joined in the battle and all seemed to be very good brawlers.

In *The Element*, he used Krakix to stun Rubanoid from behind because he was disrespecting Emperor Barodius. Kazarina then disposed of Rubanoid and Sid to do an experiment.

In *The Sacred Orb*, he assisted the other Twelve Orders and brainwashed kids in brawling the Neathians. He battled Captain Elright, who was able to escape from the Gundalians. The battle was going either way until the Sacred Orb sent all Gundalians away.

In the early beginning of *Battle For the Second Shield*, before Lena and Kazarina battle Shun and Dan, he gave Lena some advice: watch her back around Kazarina as she may attempt to use her as a scapegoat if the mission was a failure. At the end of the episode, he has a conversation with Kazarina regarding how Lena seemed to know her plan, implying that she knows he warned her. Gill remarks that in these hard times, barely anyone can be trusted, while Ren is eavesdropping.

In *Partners 'Til the End*, he set off to the second shield to analyze its data so it can be destroyed for good. Ren was supposed to go with him to distract the Neathians but Zenet copied his appearance and went with him, leaving Ren behind. When "Ren" was acting strange Krakix bumped him on the forehead, forcing Zenet to go back to her true form. After saying she just wanted another chance Gill agreed to let her help. While Zenet was brawling against Shun he was gathering data from the Second Shield. He only succeeded in getting 76% of the data due to Shun tricking Contestir to fire on Krakix. This forced Gill to fight against Shun. He had the upper hand but due to Shun turning all of Zenet's attacks back at Gill and with Dan showing up to lend a hand, Gill and Zenet lost. As he was about to punish Zenet Contestir came up with an idea to Zenet spy on the other Twelve Orders for him. After reporting that Nurzak and Kazarina were going to overthrow Barodius, Gill eliminated her.

At the end of *Divide and Conquer*, Gill says to himself in his mind that he will take Kazarina down one way or another.

In *Mobile Assault*, he, Airzel, and Stoica stalled the Brawlers by using kids from Bakugan Interspace to fight them. After the Brawlers defeated all the forces, he call Kazarina to get more battlers from Earth. After Kazarina called him out for distracting her, Kazarina send Ren to Earth. Gill remark that Ren was the only one left, and he criticized Kazarina for disposing her subordinates for her mistakes, which Kazarina countered by saying the he was the one who disposed of Zenet, which he decided to send one member (Stoica) to help Ren on Earth.

In *Colossus Dharak* and *Dragonoid Colossus*, he battles Jake and Coredem and defeats them, then retreats when Linehalt unleashes his power.

In *Into the Storm*, he was seen briefly at the beginning trying to destroy the third shield. However, he finds that the third shield has a DNA barrier and retreats to Gundalia to report that to Emperor Barodius.

In *Infiltrated*, he separates Shun and Marucho from Dan under Barodius' orders and he and Airzel battle them. Although Shun manages to defeat Airzel, Gill still defeats the two of them by utilizing Vicer and a Gate Card that removed Shun and Marucho's Battle Gear.

In *Final Strike*, he becomes frustrated over the fact that Kazarina became Barodius' second-in-command, replacing Gill, thus angering him because he had been loyal to Barodius for many years. He later ends up brawling Ren and Linehalt. During the process, Ren told him about Barodius's lies and true motives to keep him underground; which marks Gill didn't know about it.

In *Dream Escape*, he battled Ren Krawler to no result.

In *Gundalian Showdown*, he battled Dan, Fabia, Marucho, Ren, Jake and Shun on Gundalia with the rest of Twelve Orders. He, along with Stoica and Airzel, was supposed to go to Neathia to help Emperor Barodius, but he stayed on Gundalia supposedly because his ship was damaged.

In *Broken Spell*, he reappeared when Kazarina is defeated by Nurzak. After she insulted him, he assassinated Kazarina, with her own weapon, freeing all who were hypnotized by her. Nobody knows that he was the one who killed her except Barodius, Airzel, Stoica and possibly Nurzak because he had his suspicions.

In *Code Eve*, he tried to prevent Fabia, Mason and Nurzak from returning to Neathia, but was held off by Aranaut and Avior. He later got on his ship and returned to help Barodius attack Neathia, he tried to claim that Kazarina was killed by Fabia, but Barodius knew that Gill killed Kazarina from overhearing Stoica and Airzel's conversation. Barodius told Dharak to attack his ship and Gill died from the attack alongside Krakix, Airzel and Strikeflier.

Zabas and Galliont

**Zabas** (ザバス, *Zabasu* ) and **Galliont** (ガリオント, *Garionto* ) are minor antagonists that only appear in episodes 37 and 38. Zabas's abilities revolve around **Flight** and **Wind** .

Zabas and Galliont invaded Li Pakron's fortress due to Zabas sensing a Mamodo's presence there. When they landed, they made to head towards the cage where Wonrei was locked up, only for Zabas to sense another demon coming up the elevator. When the elevator came up, they challenged Zatch and Kiyo, but Zakeru was unable to harm Zabas past his wing armor and he knocked them both down with his Garuk spell. As they persisted, he used Oru Wigar, which Kiyo attempted to counter with Rashirudo only for Zabas to redirect it, leaving them down for the count.

Wonrei attempted to reject Li-En for her own safety, but she stood to protect him as Zabas and Galliont drew nearer. Zatch and Kiyo disparaged Wonrei for hesitating, and Zabas and Galliont mocked them for the speech before casting Garuk. With his resolve restored, Wonrei broke his restraints and tossed his partner the spellbook, then knocked Zabas back with a Go Boren spell that broke off Zabas's helmet where it covered his right eye. Angered, Zabas attempted to confound Wonrei with Oru Wigar but found himself confounded when Wonrei used martial arts to fend off the spell before dispelling it with Rerudo. Zabas tried Garuk again, and Wonrei fended him off with only his bare fists, Zabas incredulous about the unknown style he was using. Finally, Wonrei used another Go Boren to put Zabas and Galliont down for the count, then left with Li-En.

Zabas angrily forced himself to his feet, intending to chase after Wonrei and thinking nothing of Zatch and Kiyo standing in their way again, and Galliont cast Garuk. But having noticed the book glowing earlier, Kiyo cast his newly awakened fifth spell, *Zakeruga* . The concentrated beam of lightning penetrated Zabas's wing armor, sending him flying back into his partner and sending both of them flying back into the jail cell. The resulting burst of lightning incinerated Zabas's book.

Drago was facing Dharak.

Dharak: You foolish Bakugan! Humans don't deserve to live!

Drago: They deserve to choose for themselves!

Dharak: Then you will die with them! JOIN THEM IN EXTINCTION! (fires a blast at Drago)

Drago dodged the blast and he fired a massive blast of fire that hit Dharak and it exploded with incredible power!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

It blew a huge hole in Dharak's chest.

Dharak's black heart was totally exposed to the open!

Drago: It's over Dharak. Just accept your defeat and your punishment will be reduced.

Dharak: NEVER! I WILL NOT STOP UNTIL YOU ARE DESTROYED!

Drago: Then you brought all this on yourself!

Drago kicked him down.

Drago: You will always lose Dharak! You think of nothing but destruction. None of your victories last. You care about nothing but yourself and no one cares about you. At the end of this day, one will stand…

Dharak: AND ONE WILL FALL!

Drago: And that one will be you.

Drago fired a massive blast of energy and it blew Dharak apart and killed him in an instant.

Drago (to Dharak's corpse): You gave me no other choice, Dharak.

He closed Dharak's eyes in respect.

Drago: But you were a worthy adversary.

Dharak turned back into a marble and he fell apart into pieces. Dead.

Drago: Better go help out Dan.

He flew towards Dan.

Battle 2: Pyrus Brawlers, Alice and the Darkus Brawlers, Eli, Shane Clarke, Tracer and Vert VS Gill and Krakix

---

It was a battle of fire as Gill and Krakix was first.

Shane: It's over for you Gill!

Shane slashed him all over.

Eli: Scorch Skyress tear this monster apart!

Tracer: (British Accent) You will pay!

Alice: Alpha Hydranoid lets get him!

She summoned Alpha Hydranoid!

Eli summoned Scorch Skyress and they went at him and viciously blasted and pulverized and slashed him all over the place. The Pyrus Brawlers and Darkus Brawlers blasted and smashed him all over.

Alice: DARKNESS STYLE NINJA ART: UTUMNO!

Alice fired a wave of darkness and it formed into an army of Utumno and they slashed and pulverized Gill all over and Vert punched and kicked him all over and Alpha Hydranoid blasted Krakix with a massive blast of dark fire and obliterated him by destroying his head. He returned to Bakugan form and broke apart. DEAD!

Gill: NO!

Eli then struck his sword on the ground like a match and ignited the blade and slashed Gill in half and then he bursted into flames and reduced him to ashes!

Alice: WOW! Eli how did you learn how to do that?

Eli: I have a really great teacher.

Gill's spirit then appeared.

Eli: You are never welcome in our dimension! HAKAI!

Eli banished Gill to the Warp.

---

Battle 3: Julie and the Subterra Brawlers, Dustin Brooks, Reinhardt and Agura VS Zabas, Galliont and Dryoid

---

Zabas, Galliont and Dryoid were next.

Julie: You will never terrorize the worlds we know again!

Dustin Brooks: YEAH!

Dustin slashed Galliont all over and Reinhardt kicked his heard in. Agura punched and kicked him all over and Mira smashed his face in.

Julie: Gorem, smash Dryoid apart!

She summoned Gorem and the Subterra Brawlers summoned their Bakugan!

Julie: EARTH STYLE NINJA ART: GREAT WALL OF CHINA!

Julie fired a wave of earth and it formed into the Great Wall of China and it smashed Zabas down.

Julie fired a wave of lava and incinerated Galliont's book and banished Zabas to the Warp!

Gorem then blew Dryoid into a thousand Pieces! Killing him and he turned back into his Bakugan Marble form and fell apart. DEAD!

Julie: TAKE THAT!

Galliont was arrested.

---

Battle 4: Haos Brawlers, Hunter Bradley, Zarya (Overwatch) and Stanford VS Kazarina and Lumagrowl!

---

Kazarina and Lumagrowl were next.

Runo: You will never brainwash anyone ever again!

Runo kicked Kazarina down and blasted her with a stream of light.

Later in the Early Morning Hours, at 1:42 AM, I was having an interesting dream. I was flying over the Frozen North in Equestria and I saw something interesting on a high mountain amidst the whiteout conditions, subzero freezing temperatures and the freezing cold. I saw Princess Luna talking to a young white pegasus filly that was blind named Snowdrop and Princess Luna told her that she was gonna freeze her because she feared that Princess Celestia will banish her to the moon for a long time. She loved the filly like her own daughter. She promised that she would come back one day and froze the filly in ice till then.

I woke up at 2:32 AM and I knew what that dream meant. It was a message. A vision into the past. The dream was a vision into the past 1,000 years ago and it was telling me where to find Snowdrop.

Me: (In my head) I got to find that filly.

I got up and put on my cloak and Laney came down and she was getting a glass of water.

Laney: Huh? J.D. what are you doing up?

Me: Oh Laney. I was about to ask you the same thing.

Laney: I was just heading down to get a drink of water.

Me: Oh. Well I had an interesting dream.

Laney: What was it?

Me: It was a vision into the past. It was a message from the past. I saw Princess Luna and a young white Pegasus Filly named Snowdrop with her. My dream was showing me where she was.

Laney: (Gasp) I should go with you just to be safe.

Me: Okay then.

Laney went and got her warm clothes on and we went out and left for Equestria to the Frozen North. We flew over the freezing cold lands to the mountain I saw in my dream. The light of the moon showed us where it was.

Me: That's it right there.

We flew to the mountain and saw the block of ice still standing after 1,000 years have passed.

Laney: Is this it?

Me: Yeah this is it.

We uncovered the block of ice.

Laney gasped.

Laney: Whoa! J.D. your dream was right.

Me: Lets get her back to the estate and thaw her out.

Laney: Okay.

Laney formed vines and picked up the block of ice and we carried it back to the estate.

At sunrise, at 7:00 AM everyone got up and it was time for breakfast.

Nico: What a great night.

Nico saw me and Laney by the fireplace and melting the block of ice.

Nico: What's with the block of ice?

Me: Oh hey guys. I had a really interesting dream. My dream was really a message and a vision into the past.

I revealed everything.

Nico and everyone except Princess Luna gasped.

Princess Celestia: Snowdrop is alive!? We haven't seen her for 1,000 years.

Me: But we found her frozen in a block of ice for 1,000 years.

I fired a blast of fire and melted the ice and Snowdrop was thawed out and we put her on the sofa and put a blanket on her.

She woke up.

Princess Celestia: Snowdrop are you all right? It's me Princess Celestia.

Snowdrop: (Shivering) Princess Celestia? What happened?

Me: You were frozen in a block of ice for over 1,000 years.

Snowdrop gasped.

Snowdrop: Who are you?

Me: My name is J.D. Knudson and I'm the leader of Team Loud Phoenix Storm. Me and Laney found you thanks to a dream I had.

Snowdrop: A dream?

Me: It was a vision in the past and it told me where to find you in the Frozen North.

Princess Luna then came in and she was tired.

Princess Luna: (Yawns) Oh morning everyone. (Sees Snowdrop and Gasps) Snowdrop!? Is that you?

Snowdrop: Luna?

Princess Luna hugged her and Snowdrop hugged her for the first time in 1,000 years.

Princess Luna and Snowdrop hugged what seemed like an Eternity. It was beautiful.

Princess Luna: Snowdrop? You're alive. Where have you been?

Snowdrop: Oh it's a long story, I was frozen in a block of ice.

Me: She was frozen for over 1,000 years. It was thanks to a dream that me and Laney found her. My dream was a vision into the past.

Princess Luna: That's incredible. Dreams have been known to sometimes be visions into the future and the past and show one what happened back then.

Me: That's right. The block of ice she was in was completely untouched in the Frozen North for over 1,000 years.

Princess Luna: That's amazing. Snowdrop, you're the only one who ever truly knew my night and I'm so sorry I forgot about you. I've missed you so much.

Snowdrop: I missed you too Luna.

Princess Luna: Welcome back and welcome to the future and you found some new friends too.

Me: All of us.

Snowdrop: It will take a while for me to get used to but I'm so happy to be back.

Me: We all are too.

We got our day started. But I have a feeling that there are a bunch others that Luna knows from all those years ago and someday I will find them for her. I just got to know where to look.

Another awesome fanfic complete.

Bakugan has been one of my favorite shows back when I was in High School and it was awesome! The adventures Dan and all his friends went on were amazing! It was awesome! NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this. Thanks guys. Next up is the most dangerous and most powerful Time Alien of all as we go into battle against Ben's most dangerous and most powerful and ruthless enemy: EON! And we're going to make sure that we kill him and his entire race as well as blow up all of Chronia. The next Number will be Number 72: Shogi Rook and that one is gonna be in the possession of Temple Fugate A.K.A. The Clock King and his time will be up as we send him to Saturn's Arkham Asylum section.

See you all tomorrow.

# An Evil Time Alien

At the estate, we were resting after having our huge battle with Barodius and ending his reign of terror once and for all.

Me: Man we sure have been busy these last few weeks. We've been really going at some of the most dangerous villains in the universe.

Nico: We sure have. But they have been an amazing challenge to all of us.

Eli: They sure have and we have really dominated all of them.

RD Me: I know. So awesome.

RD Lincoln: Yeah they sure have been tough but you all have prevailed every time.

Me: Yeah we sure have. Lincoln, I'm sorry we also used you as bait during those missions during those Zombie Apocalypse Battles.

RD Lincoln: I know J.D. and I accept your apology.

Nico: That's a relief. But I'm still keeping myself on guard when that happens.

RD Lincoln: I know. But we want to prove that we are on the road to redemption.

William: That's right Nico. We want to give them a chance like any villain that we've recruited.

Dragon (Skunk Fu): They do deserve that chance like I do.

RD Lana: That's true.

Then a flash of light appeared and it was Professor Paradox.

Me: Professor Paradox.

Paradox: Hello James and hello everyone. How have things been for all of you?

Me: We have been doing great.

Paradox: I wish I could say the same for myself. I'm afraid I have bad news guys.

Ben: Don't tell me. Is it…?

Paradox: I'm afraid so Ben. It's Eon, he's back.

Ben and his team gasped!

Ben: Eon is back!?

Riley: Oh man!

Me: Who is Eon?

Ben: Oh that's right you don't know about him J.D. Eon is a Chronian.

Shanan: The Chronians of the Planet Chronia? Weren't they banished to another dimension centuries ago when they began to misuse all their power?

Paradox: That's right Shanan and they are all bad news. But Eon is the worst.

Paradox told us all about his history.

**Eon** is the main antagonist in *Ben 10: Race Against Time* . He is a time-traveling villain and the archenemy of Professor Paradox.

He was voiced by Yuri Lowenthal when he was masked and Sean Donnellan when he was unmasked in in Ultimate Alien, and Judd Nelson in Omniverse. And portrayed by Christian Anholt in Race Against Time.

Eon was originally a member of an alien race known as Chronians, whose homeworld, the planet Chronia, was banished out of time as a result of their folly with their powers. After escaping this fate and landing on Earth, he seeks a rare object known as the Hands of Armageddon that can free his people and start a war against Earth. However, he was taken into custody by the Plumbers and was frozen in a cryogenic cell for 200 years before finally thawing out and aging his guardian to near death. He then recruits ape-like henchmen to help him reach the Hands.

The events in *Ben 10: Race Against Time* have been retconned when Eon reappeared in *Ben 10,000 Returns*, now being an alternate version of Ben Tennyson from another timeline.

*Ben 10: Race Against Time*

Eon first appears when he starts blasting energy at objects in the town of Bellwood. Later, when Heatblast appears and then the police appear. Heatblast stops Eon's Servants and later seemingly defeats Eon.

Later, Eon appears at a clock tower. When Eon gets a headache, one of his servants try to help him but he kills it with an energy blast revealing its face. Eon informs the rest of his servants to "let him die", as they are here to serve him, not each other and threatens them to put them back in their cold cages. Eon views his home planet and the ships of the fleet of his race who are trapped outside of time and space. He says that nothing shall thwart him once Ben Tennyson is dead.

Eon appears in an image that Gwen Tennyson has taken. When Max Tennyson appears he tells Ben and Gwen about Eon. Later, Ben, Gwen and Max Tennyson meet up with a plumber who was in charge of Eon, Constantine Jacobs that was aged by Eon to the point that he was old in the blink of an eye. After the plumber finishes explaining about Eon, he dies.

Eon later appears, trying to activate the Hands of Armageddon but he's to old to do so. When Eon sees Ben Tennyson, he malfunctions his Omnitrix. Ben Tennyson tries to get away but Eon gets him cornered. Eon is stopped by an old plumber.

Later, Eon appears at the hall of Ben's school. Ben fights Eon as Diamondhead. Eon reminds Ben that when an alarm sounds, the entire school gathers to the hall. Eon teleports away and Ben hides.

Eon appears with Ben, Gwen and Max, chained, after being kidnapped by his servants. Eon tells Ben, Gwen and Max about his race, planet, the Hands of Armageddon, the Omnitrix and he also tells Ben that he is him. Eon turns Ben into a younger version of himself and teleports away as two cannot exist in one world.

Later, the real Eon appears and stops time, except from Ben. When he throws Ben, Ben turns into Wildmutt and fights him. Eon is whacked into the Hands of Armageddon by Wildmutt using frozen Gwen, defeating Eon.

*Ultimate Alien*

In "Ben 10,000 Returns", it is revealed that **Race Against Time** was just an alternate timeline. As it turns out, Eon survived the battle against the Ben of that timeline and had been hunting down alternate versions of Ben, stripping them of their powers and placing them under his control. He is first seen battling Ben 10,000 at his headquarters. His servants join in when Eon points out that he didn't come alone like Ben 10,000 anticipated. Ben 10,000 traps Eon's Servants in Diamondhead crystals and blasts Eon away with Clockwork's time ray, seemingly destroying him in the process. However, Professor Paradox arrives and reveals that Eon actually tricked Ben 10,000 into sending him to the Main Timeline where another version of the Hands of Armageddon can be found. The duo also travel to the Main Timeline and encounter present-day versions of Ben Gwen and Kevin, who already found the Hands before Eon does. After explaining cross times to the gang, the team carry the Hands into the desert where both Bens begin destroying it using Way Big and Clockwork respectively. Unfortunately, this turned out to be a ruse planted by Eon to get them to open a bridge for him and his minions to pass through. During the battle, Eon destroys Way Big Swampfire and Ultimate Swampfire by aging them to dust with his powers. Gwen then uses a spell to freeze time where it is revealed that Eon's servants are all alternate versions of Ben. Eon also unmasks himself showing an identical face to that of Ben 10,000's, revealing his reason for hunting down the alternate versions of Ben so that he can be the one and only Ben in the space-time continuum. Just then, the real Ben uses Jetray to destroy the Hands and both Eon and his servants vanish much to Eon's dismay. According to Professor Paradox, the alternate versions of Ben are now restored to their respective timelines and the Hands of Armageddon is destroyed in not just one timeline but in all of them.

*Omniverse*

Eon reappears in the episode "Ben Again", having been trapped in the main timeline by Professor Paradox. Wanting the freedom to travel multi-dimensional once more, he tries to lure the time-walker into showing up by switching 16 year-old Ben's mind with that of his 11 year-old self. Knowing that Paradox wouldn't show up in the present (as the 11-year-old Ben doesn't know him), he goes to 11 year-old Ben's time zone and manages to capture Paradox taking him to his own dimension for interrogation. Eon demands the possession of the Chrono-navigator, but Paradox claims he doesn't have it. Aware of the time-walker's inability to lie, Eon discovers that his robotic hand (which he sliced off of Paradox during their battle) was his Chrono-navigator and manages to retrieve from 11 year-old Ben in the present day. Eon decides to use it to control all timelines, but misuse over the device angers him to the point where he decides to destroy all reality instead. Paradox urges both Bens to use their parallel versions of Clockwork to banish Eon back into his own dimension while he is freed by both 11 and 16 year-old versions of Gwen. Paradox reunites with his Chrono-navigator and undoes the damages Eon caused in the episode.

In "And Then There Were None", Eon joins forces with Vilgax to create an army of evil versions of Ben (which is made up of Albedo, Bad Ben, Nega Ben, Mad Ben and Benzarro). Together, they travel to the No Watch Timeline to target No Watch Ben, who is the only Ben in the universe to have never received an Omnitrix. Luckily, Ben Prime and Professor Paradox also travel there to rescue No Watch Ben and bring him to Los Soledad where Professor Paradox explains cross-times to No Watch Ben. After Paradox leaves to investigate, Eon shows up and tries to kill No Watch Ben. To make matters worse, Vilgax and the evil Bens find them and surround them. Just then, Professor Paradox manages to gather his own army of good Bens: Ben 10,000; Ben 23 and Gwen 10. As both armies struggle in battle, Vilgax betrays Eon and uses a Chronosapien Time Bomb to destroy all timelines in reality with the exception of the No Watch Timeline, thus wiping out every Ben Tennyson who ever had an Omnitrix including Eon himself.

In "And Then There Was Ben", Eon appears in a past battle against Ben 23 attempting to recruit him. Unbeknownst to him, Professor Paradox Gwen 10 and No Watch Ben (who acquired the Omnitrix from Ben Prime before the latter's death) were also in Dimension 23. The three manage to secretly help Ben 23 without being caught by Eon, causing him to leave. Later, Eon and the other alternate versions of Ben were resurrected when No Watch Ben used Clockwork to restore the timelines that Vilgax destroyed earlier. Eon angrily attacks Vilgax for his betrayal, but was stopped by Ben 10,000 as Atomic-X. Eon and the evil Bens were then sent back to their respective timelines by Clockwork.

Eon reappears in "Let's Do The Time War Again" where he sends Exo-Skull and Subdora to distract Ben and Rook while he hatches one of the Time Beast eggs hidden in Undertown and ages it to a fully grown adult monster that goes on a rampage nearly destroying Bellwood and sucking into a black hole. Professor Paradox and Ben 10,000 catch on to Eon's plan and rewind time multiple times to help Ben and Rook stop the Time Beast before it goes into flux. While they successfully capture the Time Beast and shrink it back into an egg, Eon steals two more eggs and presents them to Maltruant.

In "The End of an Era", Eon was summoned to Ben 10,000's Timeline by Maltruant, bringing with him a Time beast-pulled chariot. Maltruant pushed Eon off the chariot, telling him that his services were no longer required. Eon was angered, saying they had a deal. Maltruant responded by nonchalantly sending Eon back to his own timeline.

We gasped in shock!

Me: WHOA! Eon is really dangerous.

Nico: No shit. But if he is here on Earth then anyone that gets in his way will die.

Lincoln: No kidding. We're in serious trouble when we face him.

Me: We had to deal with The Darkness, Then Trigon, then Barodius and now we're dealing with Eon. We've been busy a lot with Universe-Destroying Villains.

Nico: We sure have. I better get the Masters of Evil over here.

Nico called them and they all came.

Vypra: We got here as fast as we could.

Nico: We have another planet-destroying bad guy on the loose. His name is Eon.

Shanan: He's a Chronian from the planet Chronia.

Shanan told them everything and they gasped in shock.

Vypra: WHOA!

Bane: (Spanish Accent) This Eon guy is muy loco!

Myotismon: I think that's an understatement.

Me: We have to stop him no matter what.

Numbuh One: Just like with the Darkness and Trigon, we'll need to recruit 10 villains. And I'll recruit an old friend.

Numbuh Two: What are you talking about, Numbuh One?

Numbuh One: Remember that tie incident?

Numbuh 2: You mean Vin Moosk! Oh wow!

Me: Who is Vin Moosk?

Numbuh 1: It's a long story.

He told us everything.

---

**Vin Moosk** was an accountant working at Accounting and Son (let alone the best one there) who one day realized he hated his job because of the tie he had to wear. He decided to rebel against the oppression of his employers and ripped off his itchy tie. His boss was furious and sent living ties after Moosk to subdue him, as Moosk was his best accountant, but Moosk defeated them and from then on became a "Tie Hunter". He always refers to himself by his surname in the third person.

Biography

When Gallagher Elementary School began making all boys to wear ties, Moosk enlisted the aid of Nigel Uno, who after some hesitance agreed to join Moosk and his other two tie-hunting allies Froggy McDougal, an insane, imp-like man with a vendetta against ties for eating off his finger in the 1970s, and Windsor, a mysterious boy in army fatigues who refused to share his history with Moosk. The group went to the Tieland Commons Shopping Mall, home of the Queen Tie, to destroy it.

When they entered the Queen's lair and were preparing to blow up all the tie eggs, Windsor took away the detonator and revealed that he was actually the son of Moosk's former boss and was secretly working with the ties to make Moosk an accountant again. Windsor's father wanted Moosk back because without him, the company's stock plunged. Numbuh 1 and Moosk fled and were conveniently greeted outside by Hoagie and Wallabee in a S.C.A.M.P.E.R. However, Moosk decides not to run away and instead makes a suicide attack against the Queen Tie, jumping into its mouth and clamping it shut just as it began to attack the S.C.A.M.P.E.R. and destroying it. Moosk tells Nigel that as long as he stopped the queen ensured that kids would never be forced to wear ties again, he will have done good.

Afterward, Moosk became an accountant again. While working, Windsor gave Moosk a package that had arrived as the office addressed to him and told him to keep working. When Moosk opens the package, he finds a can of spray starch, reawakening his tie-hating personality, and begins destroying the office. Outside, the mailman takes off his disguise, revealing himself to be none other than Nigel.

---

We gasped.

Me: WHOA! So he's a Tie Hunter.

Nico: I didn't think ties would act like that.

Yuko: You would be surprised about that. We saw all kinds of weird things when we were with the Kids Next Door in our adventures.

Nico: That's true.

Lola: Yeah and Moosk is a true hero and a brave man.

Zarya (Overwatch): (Russian Accent) It'll be great having a fellow comrade of Russia be with us too.

Nico: It sure will.

Andropov: (Russian Accent) Indeed comrades.

Vypra: And we also are going to recruit Unicorn, Killer Shrike, Beast Man, Titanium Toenail, Top, Gearhead, Abra Kadabra, Jack O Lantern, Mole Man, and Batroc the Leaper.

Me: Wow! That's a lot of awesome people. But Abra Kadabra lives all the way in the 64th Century.

Nico: Wow! That's over 4,000 years from now!

Lincoln: No kidding! That's so cool! But Beast Man is dead and you aren't talking about the Jack O'Lantern that Grim, Billy and Mandy know right?

Vypra: No this is a different Jack O'Lantern.

Me: That's a relief. The last thing you would want is to have an immortal pumpkin-headed prankster on your team. But they will be perfect for you guys. Okay we need volunteers to head out and go recruit them.

Sheila, Rice, Nanette, Timmy, Ant Man, Thor, Hawkeye, Green Arrow, Martian Manhunter, and Captain America raised their hands and agreed to go get each of them and some of us will go with them.

Me: All right guys lets roll!

Everyone was off.

In New York City, Twilight Sparkle and Sheila Castille were there to recruit the archenemy of Iron Man, Milos Masaryk A.K.A. Unicorn.

---

**Milos Masaryk**, also known as the **Unicorn**, is a supervillain in the *Marvel* comics.

Milos Masaryk was a Soviet intelligence agent assigned to security duty at the private laboratory of inventor Anton Vanko. Vanko was engaged in the development of advanced technological weaponry and armament. His first completed project was a full body suit of armor which he himself would later wear as the Soviet operative code-named the Crimson Dynamo. His second finished project was a helmet and harness into which offensive radiation beam weaponry called a "power horn" was integrated. Vanko offered this invention to Masaryk, and with government approval, began to instruct the Soviet agent on its use.

Some time after Professor Vanko defected to America, the Soviet government dispatched Masaryk to avenge the disgrace caused by the inventor. Masaryk was given a special, heavily insulated costume and code-named the Unicorn because of the head-mounted discharge cone of the weapons system he wore. The Unicorn confronted Iron Man, the person instrumental in getting Vanko to defect, and coerced him into accompanying him back to the Soviet Union where the secrets of Iron Man's armor could be unlocked. Iron Man escaped, however, and permitted the enemy agent to go free.

He was among the many costumed menaces assembled by Doctor Doom to disrupt the wedding of Reed Richards and Susan Storm.

The Unicorn then entered a short-lived alliance with Count Nefaria in hopes of acquiring some funds for his subversive activities. Their scheme, however, was thwarted by the X-Men. Returning to his native Czechoslovakia, Masaryk voluntarily underwent a special treatment by the experimental "hyper-activator" device designed by the government to augment physical strength. Masaryk's several month delay in reporting back to his superiors had raised suspicions as to his loyalty, and so he was forced to undergo weeks of brainwashing before serving as a test subject for the hyper-activator device. The treatments not only endowed him with superhuman strength, but it also undid the effects of his brainwashing. Thus, as soon as the treatments were finished, Masaryk turned on the scientists who had empowered him and destroyed their machine so they could not create any more such as him. Donning a redesigned version of his power-horn weaponry he fled, hoping to find a means to cure himself of an unfortunate side-effect of the treatment, accelerated cellular deterioration.

Returning to America, the Unicorn first tried to coerce the Congress of the United States into giving him funds to finance the investigation of the causes of his advanced aging. Iron Man managed to thwart this plan, but the Unicorn once again eluded capture. The Unicorn then sought the help of the renegade Soviet scientist, the Red Ghost. The Red Ghost attempted to use the Unicorn as a mere henchman, but the Unicorn ultimately managed to overpower him. When the Ghost proved incapable of curing his ailment, the Unicorn left him and sought the Mandarin. The Mandarin turned the Unicorn into his "body-slave" and used him in one of his many attacks on Iron Man. Through a mind transference device he had devised, the Mandarin was even trapped in the Unicorn's body for a short time.

The Unicorn then contacted the Titanium Man, who promised to find a cure for him if he defeated Iron Man. The disease having begun to affect his brain, the Unicorn readily agreed. For the first time Iron Man managed to apprehend his longtime foe. Iron Man placed the

Unicorn in a cryogenic cylinder and gave him a chemical bath designed to arrest his cellular deterioration. By the time the Unicorn was accidentally freed months later, the treatment was apparently successful. However, the disease had damaged the Unicorn's mind enough so that he was now insane. After yet another battle with Iron Man, the Unicorn (deprived of his rocket belt) escaped. He was last seen heading out to sea, hoping to rendezvous with the Titanium Man, who, unknown to him, had been deported to the Soviet Union months before.

The Unicorn eventually popped up again in a Siberian prison. Inside the prison he was used as a combatant in illegal fights run by the inmates. In a fight with "Bucky" Barnes, he was tricked into blowing up a large part of the prison by igniting the sewer system with his eye-beam. Bucky escaped, apparently leaving Unicorn behind.

Heist

Unicorn later returned to the United States and was one of the many villains of Iron Man gathered by Spymaster in his plan to assault the Stark Tower after the Avengers left Earth to battle the Builders.

Once in the Stark Tower, Spymaster used teleporter discs to teleport some Iron Man Armors to his buyers, but he escaped and left Unicorn and the rest of his accomplices to be discovered by the heroes which were using the tower as a base. They managed to defeat the heroes, and they were offered to be taken to Spymaster by Titanium Man. When they arrived to a spaceship where Spymaster was, they were ambushed by him and Titanium Man, who revealed himself as Captain Atlas of the Kree, the buyer.

They managed to escape custody and started fighting Spymaster, Titanium Man and the army of Iron Men, controlled by the first. The actual Iron Man arrived to the spaceship, after having tracked down the armors, and helped Unicorn and his allies defeat the enemies. After winning, Blizzard froze himself along with Iron Man in order to let his friends escape.

Television History 1966 Marvel Superheroes cartoons

Unicorn appears in the Marvel Superheroes cartoons episode "Dr.

Doom's Day/The Doomed Allegiance/Tug of Death". He was seen for a brief moment attacking the city along with other supervillans.

Iron Man: Armored Adventures

Unicorn appears in the Iron Man: Armored Adventures episode "Secrets and Lies" voiced by Michael Daingerfield. He and Killer Shrike are enforcers for the Maggia. They kidnap Tony Stark, Pepper Potts, and Gene Khan, in order to send a message to Khan's stepfather, Shin Zhang, and the rival Tong gang by boss Count Nefaria. However, Tony escapes their capture, and defeats the Maggia agents, Killer Shrike, and Unicorn as Iron Man. At the end, Unicorn and Killer Shrike are held captive and tortured by Khan as the Mandarin. The Mandarin later returned Unicorn and Killer Shrike to the Maggia in the episode "Pepper, Interrupted". They again appeared in the episode "Don't Worry, Be Happy" in an attempt to rob the Tongs with Quantum Bombs they had acquired from Mr. Fix. In the episode "Hostile Takeover," Unicorn and Killer Shrike are present as Mr. Fix 2.0 tries to "dissect Iron Man." Killer Shrike and Unicorn then get into a fight which recharges Iron Man until Justin Hammer breaks up the fight. With a super-speed enhancement to his armor, Unicorn fights Iron Man until he manages to predict where Unicorn is going to pop up and defeats him. In the episode "The Hammer Falls," Killer Shrike and Unicorn are attacked by Justin Hammer in his Titanium Man armor where Justin suspects them of blackmailing. Unicorn is badly injured by Titanium Man. Iron Man later radios the ambulance to come pick up Unicorn while a pleading Killer Shrike is taken to jail by Iron Man.

---

In a local bar, Unicorn was having a drink and he saw them.

Unicorn: (Russian Accent) Twilight Sparkle and officer Sheila Castille of Team Loud Phoenix Storm. It's a pleasure to meet you.

Twilight Sparkle: Same here Milos.

Unicorn: (to Sheila) What do you want, officer? I haven't committed any crimes today.

Sheila: Take it is. We came to recruit you.

Twilight Sparkle: That's right. We came to ask for your help against a dangerous alien with time powers.

Unicorn: What is this Alien?

Sheila: His name is Eon and he's a Chronian.

Sheila told him all about him and all that. Unicorn was shocked and he couldn't believe it.

Unicorn: That is big. But I will gladly help you comrades.

Twilight Sparkle: Thank you Milos.

At a local bank, Azula and Rice were there to find and recruit another one of Iron Man's archenemies and former member of the Thunderbolts, Simon Maddicks A.K.A. Killer Shrike.

---

**Simon Maddicks**, also known as **Killer Shrike**, is a member of Thunderbolts and a supervillain who appears in stories published by *Marvel Comics* . Having faced a number of heroes in his career.

Simon Maddicks, a military man turned mercenary was selected by the Roxxon Oil Company to be a special agent in covert operations. Sent to the Mutagenics Laboratory of Roxxon's subsidiary Brand Corporation, Maddicks underwent extensive conditioning to increase his strength and endurance, and surgery to implant a miniature antigravity generator in the base of his spine. Given a special baffle-suit with electrical offensive weaponry, Maddicks was assigned the code name Killer Shrike. For his first mission, he was sent to infiltrate the subversive organization called the Conspiracy, which Roxxon learned about through major purchases of technology from the Brand Corporation.

For his initiation, the Conspiracy sent Killer Shrike to capture the monster called Goram. Instead, he found himself engaged in battle with the adventurer Ulysses Bloodstone and was defeated. Injured by the short-circuiting of his electrical weaponry, the Shrike was taken to a New York hospital by Bloodstone's agents. There he lay comatose for several weeks. Upon awakening he had temporary amnesia, but was soon contacted by one of the Brand scientists, Dr. Stephen Weems, who operated upon him. Weems, calling himself the Modular Man, had been the victim of a microwave experiment that backfired, and sought the Shrike's help to acquire more power. In return, Weems promised to disclose to the Shrike knowledge of his past. In battle with Spider-Man and the Beast, Weems was killed before he could uphold his end of the bargain. The Shrike escaped and was soon contacted by agents of the Brand Corporation. They helped restore his memory, and assigned him to undercover work as bodyguard to Brand president James Melvin. With Brand's public dissolution, Killer Shrike became a free agent.

Shrike was upgraded by the Tinkerer. He was caught by the Avengers and detained by SHIELD. After leading them to a location though, Shrike was electrocuted. Discoveries of passports and other schematics in the building led to Nick Fury conducting a 'secret war' in Latveria.

## Powers and Abilities

Enhanced reflexes, Enhanced agility, Enhanced endurance, Enhanced resistance, He can fly by means of a surgically implanted antigravity generator located at the base of his spine. This generator, activated by neural link, emits a steady stream of anti-gravitons (theoretical particles that are of the opposite charge to gravitons), and enables him to fly. Killer Shrike can attain speeds up to about 80 miles per hour and can support up to 450 pounds (including his own weight) while in flight, although this diminishes his speed and endurance. Killer Shrike has had extensive training in hand-to-hand combat and a number of Oriental martial arts such as kung fu. He is also very proficient at the use of hand weapons such as knives and guns.

## Paraphernalia

Killer Shrike wears a head-to-toe body suit made of insulated steel alloy mesh capable of protecting him from flight turbulence and small caliber firearms.

Weapons

His major weapons system is the twin power-blasters worn on each wrist. Each bracelet has two curved titanium talons, capable of slashing flesh, wood, cinder block, and light metals. The bracelets can discharge a high-frequency lightning-like bolt of electricity with a maximum charge of 35,000 volts. His maximum range of normal bolts is about 35 feet, or about 50 feet for double-handed bolts.

Killer Shrike and a robber associate of his were robbing a bank. But then, the robber shot in the shoulder a cop chasing them.

Killer Shrike: You idiot. We were in the clear.

Robber: He was going after us.

Killer Shrike: On foot. You shot him, and wasted ammo.

Robber: Cops are coming. You want to yell at me some more, or should we both get out of here?

Killer Shrike: Neither.

Killer Shrike killed the robber with electro bolts from his power-blasters. That's when he saw Azula and Rice.

Killer Shrike: (groans) Oh, great. Look, if it's about that wounded cop, it was the other guy who did it.

Rice: We know and I'll heal him.

Rice got to work.

Azula: We came here to recruit you actually.

Azula told him everything and he was shocked!

Killer Shrike: Oh man! Be right back.

Killer Shrike went back into the bank.

Killer Shrike: Sorry I took your money. But right now I have more important things to take care of.

Killer Shrike gave back the money and went with Azula and Rice after she was done healing the cop.

In the backyard, Jared and Nanette were gonna resurrect Beast Man.

---

Beast Man makes his debut in Mattel's very first illustrated books as Skeletor's closest and most loyal follower in the then quite small band of Evil Warriors. As the toyline expanded, he stayed at Skeletor's side as a ferocious man-beast who can summon most of the wild creatures of Eternia to aid Skeletor's schemes.

Beast Man appears frequently in the toy line's accompanying cartoon series by Filmation, introduced in the first episode "Diamond Ray of Disappearance". Although toned down slightly for the younger-child friendly series, as were many of the characters, his cartoon portrayal is generally consistent with his mini-comic portrayal, although in some early episodes the show's writers added extra dimensions to his character in that despite his loyalty, he clearly resents being bossed around by Skeletor and secretly desires to someday overthrow his master. This side of his character is brought to the forefront in the episode "Prince Adam No More", in which he is finally thrown out of Skeletor's crew. Feeling useless without the power of Snake Mountain behind him, he sets out to prove his worth by capturing King Randor by himself and bringing him to Snake Mountain. Although he succeeds in capturing the King, when He-Man comes to the rescue he is subjected once again to Skeletor's wrath and admitted back into his ranks purely so Skeletor has someone to vent his anger on. But his final line in the episode "It's kind of nice to be home" indicates he now feels he belongs as Skeletor's underling, and subsequent episodes portray him mostly for comedy value, willingly succumbing to Skeletor's abuse and constantly bungling his schemes. Notable episodes for Beast Man in the show's later stages include "The Shadow of Skeletor" and "Orko's Return" which restore him to his original, darker portrayal, working independently and craftily to achieve his aims. The powers of Beast-Man are shown effective in some earlier episodes, such as "Creatures From The Tar Swamp", "A Beastly Sideshow" and "The Dragon Invasion". His ability to control animals is not impeccable, however. For instance, he cannot control Cringer, Battle Cat, or Panthor.

Beast Man remained a fairly regular character throughout the run of the 1980s series, while some other earlier figures like Zodac, Mer-Man, Tri-Klops and Stratos gradually dropped out of sight when newer characters were released. He generally held his position as Skeletor's right hand man thoughout the cartoon's run, although in some later second season episodes this position was occasionally filled by characters such as Clawful or Whiplash, as writers attempted to promote newer characters more prominently. Beast Man was often teamed up with Trap-Jaw, one of the other earlier characters to remain consistent through the show's life.

Beast Man's background is never mentioned in the cartoon, although the series bible states a surprising origin for him, explaining he was once a thuggish human from Earth called Biff Beastman who owned a farmyard on which he constantly abused the animals. He was recruited as chief technician on the spacecraft piloted by Marlena Glenn, which crashlanded on Eternia, but he wound up on Skeletor's homeworld of Infinita, where he was mutated into Beast Man and recruited by Skeletor. This origin story appears in a storybook entitled "New Champions of Eternia" but was unpopular with most of the show's writers and therefore excluded from the series.

Jared snapped his fingers and a bolt of lightning hit the ground and Beast Man rose from the ground back from the dead!

Beast Man: What the? I'm back?

Jared: That's right Beast Man. I resurrected you.

Nanette: That's right. And we need your help.

Beast Man: (to Nanette) You guys must be very desperate to bring me back to life.

Nanette: Because an evil Time Alien out to destroy the Earth is on the loose.

Jared: His name is Eon and he poses a tremendous threat to everyone.

Beast Man: Whoa. He must be dangerous.

Jared: More dangerous than Skeletor.

Jared told him everything and he was shocked.

Beast Man: Oh man!

Jared: Yeah and the universe is in terrible danger.

Beast Man: I'll gladly help out.

Jared: Good and Vypra will be a much better leader for you than Skeletor ever was. Plus some of your teammates are with her.

Beast Man: Wow. Okay then.

In Chincinnati, Chazz, Timmy and his Fairies were there to recruit the Crimson Chin's enemy the Titanium Toenail.

---

The **Titanium Toenail** is a toenail-themed supervillain that appears in the Crimson Chin comic books. He has the power to shoot toenail clippings which can cut through metal.

Character Description

The Titanium Toenail wears a titanium-colored suit that resembles a toe. A large " **T** " resides on top of the toenail of this suit.

---

Titanium Toenail (to Timmy): It's been a long time since I last saw you, Turner. Have you seen Iron Lung, Brass Knuckles and Bronze Kneecap? I can't get in touch with them.

Timmy: Yeah they are now part of our frenemies The Masters of Evil.

Chazz: And they are having a much better time with them than with Nega-Chin.

Titanium Toenail: Oh wow. But how come you came to me?

Wanda: An evil Time Alien named Eon is causing trouble.

Cosmo: Yeah and he is from any eon.

Wanda bashed him on the head with a frying pan.

CLANG!

Chazz: He sure is stupid. But we'll tell you all about him as we head back to the Estate.

Titanium Toenail: Okay.

They went back.

Superman and Ant Man were in Metropolis to recruit Roscoe Dillion A.K.A. The Top!

---

The **Top** ( **Roscoe Dillon** ) is a fictional supervillain appearing in comic books published by DC Comics.

Top makes a live appearance as a female version named Rosalind Dillon on the CW television series *The Flash* played by Ashley Rickards in the third season and seventh season.

**Roscoe Dillon** is a small-time crook who turns his childhood obsession with tops into a criminal persona. Roscoe taught himself how to spin around fast enough to deflect bullets and produce other semi-useful effects. Top soon discovers that the spinning somehow increased his intelligence as well, allowing him to create a variety of trick tops. He tried to blackmail the world with an atomic top that would destroy half the world when it slowed down and imprisoned the Flash inside it, but the Flash vibrated out of it and sent it into space. His unique gimmick and moderate success in crime soon makes him a respected member of the Flash's Rogues Gallery. The dates Golden Glider, Captain Cold's sister, while coaching her on ice skating. Eventually, Top develops immense psionic powers, as years of spinning moves dormant brain cells to the outer areas of his brain, endowing him with mental powers.

However, the newly activated brain cells are destroyed by close proximity to the Flash's superspeed vibrations. Top dies within days from the injuries sustained by his brain, but not before he plants a series of powerful bombs to destroy Central City as a final revenge. In addition, he prepared a recording explaining his terminal condition and scheme to spitefully challenge his comrades to attempt to find and defuse the explosives which must be done by gathering them all and stacking them on top of each other, knowing that the Flash would surely stop at least one of the attempts and doom the city. Knowing that neither the superhero nor the police would believe them if they tried to warn either of the crisis, the Rogues desperately attempt to find the bombs despite the Flash's unwitting opposition. Fortunately, the Flash eventually realizes the situation and aids in stopping the scheme in time.

When Barry Allen's parents were in a car accident, Dillon's spirit is somehow able to take possession of the vacant body of his father, Henry. Realizing who Barry Allen is, he, along with Golden Glider, plot to kill the Flash and take over his body. He fails when he tries to take over the Flash's body while Flash is alive, leaving Henry's spirit to repossess his body.

Brainwashing

About a week after, Roscoe Dillon takes possession of another comatose body and begins wreaking havoc on anyone Barry Allen knew. The final straw comes when he digs up the grave of Iris Allen (who was dead at the time). After knocking him out, Barry takes Dillon to the Justice League Watchtower and asks Zatanna to alter his mind to make him a hero. It works at first, but Dillon is soon driven insane with guilt for all the trouble he has caused. His villainous nature comes into conflict with the spell Zatanna put on him, driving him mad. During that time, he uses his mental powers to "fix" the other rogues by implementing mental programs to make them reform. Some of them are able to reject the programming altogether, such as Captain Cold, Weather Wizard, and Captain Boomerang, while others, including Pied Piper, Heat Wave, and the original Trickster, either seem to remain under the programming or truly reform, at least until Dillon reveals his reprogramming.

Dillon apparently returns to his villainous ways after inhabiting a new body, one of Senator Thomas O'Neill, a vice-presidential nominee. He plans to become president by setting Piper up to assassinate his running mate after they win, but is stopped by the new Flash, Wally West. Dillon is imprisoned after this, causing him to become more disoriented and insane than before. His "mind-over-matter" powers evolve to where Top can induce vertigo in others.

During the events of *Identity Crisis,* Wally receives a note from Barry about what he did to Top's mind and asks Wally to restore Top's mind back to its original state. With Zatanna, he manages to find Top behind an old toy factory and repair his mind. Now sane, Top tells them about his "fixing" of the Rogues and swears to remove their mental programming and return them back to their villainous ways.

While Captain Cold and his Rogues are warring against Trickster and the reformed Rogues, Top appears with his set of Rogues consisting of Plunder, Murmur, Tar Pit, Girder, and Double Down, having altered their brains. He removes his programming from Piper and Trickster (although Wally is apparently able to return Piper to his better nature by reminding his friend of his secret identity). After removing Heat Wave's programming, he declares himself the new leader of the Rogues and has his group of reprogrammed Rogues attack Flash. Captain Cold flash-freezes Top and shatters his body in retaliation for manipulating the Rogues' minds and setting them against one another, grimly informing Top that his superior cultural and culinary knowledge did not make him better than the rest of the Rogues.

## Blackest Night

In *Blackest Night* #1, Top's grave is approached by a black ring. Later, he joins his fellow Black Lantern Rogues in an attack on Iron Heights prison.

## The New 52

In The New 52 (a 2011 reboot of the DC Comics universe), a version of Top exists under the name of **Turbine** . **Roscoe Hynes** was a Tuskegee Airman who led a squadron of prototype planes on its first combat mission during World War II. During the battle Hynes breaks formation to test the prototype plane's flight capabilities, and disappears into thin air. It is later revealed that Hynes was absorbed into the Speed Force dimension and trapped there for about seventy years. Driven insane due to isolation, he tried desperately to escape using his new found ability to control the wind, but this only served to create massive wormholes that pulled people and objects (including an entire ship) into the Speed Force. The Flash, trying to save the ship's passengers, enters the Force. Turbine confronts him, and their battle ends with both being sent back to Earth. An amnesic Hynes later reappears in Central City; he recovers his memories upon hearing The Flash being mentioned and promises to tell Patty Spivot (who believes Barry Allen is dead) where Barry is.

A separate character named Roscoe Dillon appears later in The New 52 as one of the Acolytes of Zoom. This character does not use the codename of his Pre-New 52 counterpart. This version also has the ability to control centrifugal force, having created a tornado in his hometown prior to being found by Zoom.

In the *Watchmen* sequel *Doomsday Clock*, Top and his fellow Rogues are among the villains that attend the underground meeting held by Riddler that talks about the Superman Theory.

## Powers and abilities

Top is able to spin at incredible speeds. The spinning for some reason also gave him increased intelligence. The Top's spinning eventually gives him powerful telekinetic and telepathic powers due to the stimulation of his brain cells. Since his soul returned from Hell, he has developed a new mental ability that allows him to induce severe disorientation and vertigo in his victims. Top also uses spinning tops with gimmicks to them such as glue, explosives, oil and gases. He once built a massive "atomic grenade top" that could have destroyed half of the world.

---

Top (to Ant Man): Considering that Eon has the same powers as Chronos and Kang the Conqueror, helping you guys against him is probably the right decision.

Ant Man: I'm glad you think so.

Superman: Eon poses a tremendous threat to all people on Earth and the Universe and he messed around with everyone in the Space Time Continuum.

Top: Oh man. I'll gladly help you all.

Nico and Thor were in Gotham City to recruit Batman's enemy, Nathaniel Finch A.K.A. Gearhead.

---

*Gearhead* is a recurring villain in *DC Comics* who is mainly a foe of Batman. Gearhead first appeared in *Detective Comics #712* .

Originally named Nathan Finch, he was an engineer at General Robotics who held a crime boss' daughter for ransom and was stopped by Batman.

He was thought to be dead, but a man called Doctor Bascomb found Nathan's body. Bascomb placed cybernetics into Nathan's body, and then Nathan was trained to use his cybernetics to become Gearhead.

Gearhead called the same person he had captured before to meet him at the Babylon Towers. Batman again confronted Gearhead on the towers. Batman pushed Gearhead next to the grinders of the towers, and although Batman got a hold of Gearhead's arm, the criminal ran away.

Gearhead then got hired to cause chaos in Gotham under the order of Nicholas Scratch. His partners are Dynamiteer and Tumult. Nightwing and Robin defeated Gearhead, Dynamiteer, and Tumult.

---

Gearhead (to Thor): Of course I'll help you against Eon. But first, I'll need to get some cars first.

Thor: Taketh thou time.

Nico: We owe you one though.

In the 64th Century, Harry Potter and Hawkeye were there to recruit Abhararakadhararbarakh A.K.A. Abra Kadabra

---

**Abra Kadabra** is a villain in the third season of *The Flash* .

Although he poses as a magician, Abra Kadabra is in truth using technology of the future for his tricks and "sorcery". When Abra Kadabra is captured by The Flash, he offers to reveal the identity of the evil speedster Savitar to him if Barry lets him go.

He is portrayed by David Dastmalchian, who also played Dwight Pollard, Thomas Schiff, and Murdoc.

Abra Kadabra hails from Earth-1 of the 64th century. Due to the technological in his time, Abra has some kind of nanotechnology built into his body that allows him to perform extraordinary feats. However, to the people of 2017 his powers seem like magic.

In 2014, Abra Kadabra started a string of robberies on Earth-19, resulting in the deaths of many civilians, including Gypsy's partner. This actions put him on top of the Collector's most wanted list. Eventually, Abra resurfaced and robbed more technology companies before fleeing to Earth-1.

## Central City heists

At Central City, Abra Kadabra turns up at Stagg Enterprises, intending to steal some of the technology that has been stored there after Simon Stagg's death. When he reveals himself to two security guards, they draw their guns and ask Abra how he got inside the facility. Abra arrogantly states that that was the least impressive of his skills. As the security guards open fire, Abra teleports himself into one of Stagg's devices which holds the bullets at bay. He then swiftly switches places with the two security guards, trapping them inside the device while he stands outside. With another snap of his fingers, Abra causes the device to fill with water. While the men drown, Abra leaves the facility.

While investigating the security guards corpses, Barry is informed that Kord Industries is being attacked at the same time. He speeds off to Kord where he finds Abra Kadabra walking through the premises. He confronts Abra Kadabra who immediately identifies Barry as The Flash. Barry asks whether Abra did not believe he would turn up. Kadabra claims that while he expected the Flash to come, he did not expect him to be so young. Furthermore, he correctly identifies the Flash as Barry Allen. Abra reveals that he is from the future and, in order to prove it, names events that happen in 2017. He also mentions Barry's quest to save Iris, who is supposed to die by the hands of the evil speedster Savitar in the near future. When Abra claims to know everything about Savitar and Barry, Barry attempts to grab him. Abra, however, tricks him and Barry only holds a fake arm in his hands. As Abra turns to flee, a breach opens near both men and Gypsy jumps out of it. She attacks Abra with an energy beam and Abra acknowledges that she is still seeking revenge. He then draws a deck of cards and hurls it at Gypsy and Barry. While Barry speeds through the cards, the cards manifest around Abra Kadabra as a barrier and Kadabra is gone when Barry reaches him.

Cisco eventually locates Abra Kadabra at Mercury Labs. There, he is confronted by both Barry and Wally and his retreat is cut off by Cisco and Gypsy. The group urges him to surrender and Gypsy claims that he cannot trick all of them. However, the Abra they are confronting is revealed to be a hologram which vanishes after smugly claiming, "I think I just did!". The real Abra manifests inside S.T.A.R. Labs, much to the horror of Julian, Joe and Caitlyn. When Joe draws a gun, Abra turns it into a water pistol. With another move of his hand Abra blasts away all three, causing them to retreat. They run to the armory where Joe grabs an energy gun. However, when Abra turns up he causes the energy beam to fly right past him. He then teleports next to Joe, knocks him out and takes the rifle from him. Julian and Caitlyn surrender and Kadabra claims that he can take what he came for now. However, before he can do so Barry speeds into the room and cuffs him with special handcuffs that prevent him from using his powers. Realizing that he is trapped, Abra offers Barry a deal. Barry lets Abra go and in return, Abra will tell him the true identity of Savitar.

## Prisoner

Barry knocks out Abra and imprisons him in one of S.T.A.R. Labs' cells. Although Gypsy wants to take Abra back to her earth immediately, Barry manages to convince her to allow them to talk to Abra first, as Savitar's identity could be the key to saving Iris' life. Before she leaves Abra to Team Flash, Gypsy furiously screams at Abra that he will die for his crimes and that she will enjoy watching him executed. After Gypsy has gone, Barry asks what Abra knows about Savitar. Abra describes Savitar as the god of speed and claims that he is unstoppable. Although Barry will defeat Savitar in the future, he will not do so until after Savitar has taken from Barry what he loves the most. Iris and Barry then urge Abra to reveal Savitar's name to them but Abra instead taunts them, claiming that they all know that Iris will die unless Abra tells them about Savitar. He sums up their situation once again - if they let him go, Abra will give them Savitar's name; if they hand him over to Gypsy, Iris will die. After leaving Savitar, each team member broods over how to deal with the situation.

Meanwhile, Kadabra is approached by Joe, Iris' father. Kadabra claims that he knew Joe would come as Joe is the only one willing to do something. Joe claims that Kadabra came to this earth with a purpose but Kadabra brushes it off, claiming that it is beyond Joe's understanding. Joe then claims that he is willing to accept Kadabra's deal for Iris' sake. After making sure that he will murder Kadabra should he make just one step before revealing Savitar's identity, Joe then opens Kadabra's cell. Kadabra then tries to tell Joe who Savitar is but an alerted Gypsy show up, causing Kadabra to teleport away.

Now free, Kadabra enters the Time Vault from which he obtains a glowing sphere. After stealing the sphere, Kadabra moves towards the elevator. Joe confronts him and once more demands Savitar's name. However, Kadabra claims that their deal is nullified due to Gypsy's interference and instead throws a sphere at Joe and the arriving Julian and Caitlyn. The sphere explodes, destroying the entire room and impaling Caitlyn on a pipe. In the chaos, Kadabra escapes.

## Time Machine

Team Flash eventually realizes why Kadabra has been stealing all the technology - he intends to build a time machine to return to the future. Indeed, Kadabra has built a time machine, with the sphere he stole from the Time Vault functioning as the last missing piece and the time machine's energy source. The team realizes that Kadabra would need a temporal wormhole to return to his time and that opening that wormhole would mean that the team can track him down.

Meanwhile, Kadabra is steering his timeship through Central City and eventually opens a wormhole. As he steers towards it, he sees Barry and Wally speeding towards him and changes his course. This time, Gypsy and Cisco step in his way. A race through the city ensues in which Kadabra desperately attempts to shake off his pursuers. He eventually opens up another wormhole free of any interference but Barry manages to speed fast enough to jump into the air and onto Kadabra's time ship. He grabs Kadabra and jumps out of the ship with him just in time to see the now uncomandeered vessel fly through the wormhole into the 46th century. On the floor, Gypsy arrests Kadabra for mass murder. Kadrabra smugly tells Barry to let Gypsy arrest him, claiming that Barry will never learn what Kadabra knows and that Iris will die because of it.

When it is time for Gypsy and Kadabra to return to Earth-19, the entire Team Flash confronts both in the breaching chamber. Flash tells Kadabra that none of them will stop Gypsy from bringing Kadabra back to his earth. Barry adds that he won't offer Kadabra any escape because Kadabra has done terrible things but adds that Kadabra is still a man with family and friends. Appealing to the good side in Abra Kadabra, Barry begs Kadabra to tell him who Savitar is. Kadabra is amused and claims that in the future, Savitar and Barry have been enemies for years and that, despite Barry fighting other enemies like Zoom, Thawne and DeVoe, Savitar was the one to truly break Barry. Kadabra then coldly states that he has his own execution to attend and Barry steps out of the way. Gypsy and Abra then walk through a breach back to Earth-19 where Kadabra is presumably executed for his crimes.

Harry Potter: (British Accent) Wow! So this is the 64th Century.

Hawkeye: It's far more advanced than anything we are familiar with.

Abra Kadabra: (to Hawkeye) Clint Barton. Or do you prefer Hawkeye? What brings you and Harry Potter to the 64th century?

Hawkeye: It feels weird being in this time but it's really amazing.

Harry Potter: Indeed. But we need your help.

Abra Kadabra: Let me guess. An evil time-travelling alien named Eon has come to destroy you all.

Hawkeye: That's right.

Abra Kadabra: Say no more. I will gladly help you all out.

Harry Potter: That was easy.

In San Venganza, The Grim Reaper and Green Arrow were there to recruit Jack O' Lantern, the enemy of Ghost Rider.

---

**Jack O'Lantern** is the name of the five supervillains who appeared in *Marvel Comics* . He is a member of Thunderbolts. Some incarnations were known as **Mad Jack** .

The original Jack O'Lantern was disgraced ex-CIA Agent **Jason Macendale, Jr.**, who assumed the identity after several years working as a freelance mercenary. Macendale was primarily a foe of Spider-Man and during his time under the alias, formed a working relationship with Hobgoblin.

A second Jack O'Lantern, named **Steven Mark "Steve" Levins**, was introduced in *Captain America v2 #396*, who fought Captain America and Spider-Man while in the employ of the Red Skull.

Following the death of the second Jack O'Lantern at the hands of the Punisher, **Daniel Berkhart**, who previously operated as Mysterio, became the third Jack O'Lantern and worked primarily for Norman Osborn, once again as an enemy of Spider-Man, as well as Daredevil. Beckhart also worked with **Maguire Beck**, the cousin of Quentin Beck, who wanted to eliminate anyone who did wrong to her cousin. Jack O'Lantern was later revived by Lucifer and had new abilities such as reanimating the dead to do his biding and became an enemy of Ghost Rider.

It was revealed that the resurrected Jack O'Lantern was Steve Levins, and he begins to terrorize his hometown, Sleepy Hollow, Illinois.

An unnamed man who claimed to be Steve Levins's brother has since been caught by the police. This man was shown to be able to transform into a Jack O'Lantern-headed villain using the powers of a mystical demon. The police interrogated the man, but he was later released by Norman Osborn who wanted this Jack O'Lantern in his army.

After Osborn's fall, a new Jack O'Lantern appears working for the third Crime Master. As a child, the kid that would become Jack O'Lantern has disobeyed his parents and maltreated animals. When going as Jack O'Lantern for Halloween, he came across a house that Crime Master was in and gassed. Crime Master took the boy under his wing and trained him to be an assassin. It was with this training that Jack O'Lantern had killed his parents. Jack O'Lantern claimed that he had killed anyone that has used the Jack O'Lantern mantle. One of his jobs brings him into conflict with the government operative Venom. During this conflict Flash threw a live grenade into his mouthpiece and it dislocated his jaw.

Even after the explosion he was still able to run and retreat. Later, Crime Master is able to use contacts to discover Venom's true identity, and has Jack O'Lantern kidnap Flash's girlfriend, Betty Brant, in exchange for Venom letting Crime Master get his shipment of Antarctic Vibranium. When Venom leaves to rescue Betty, he is distracted by Spider-Man's appearance, which drives the symbiote into an uncontrollable rage.

Eventually Betty is rescued at the last second by Spider-Man, with Venom then trying to recapture Crime Master. However, Venom is attacked by Jack O'Lantern, who proclaims Flash as his first real arch-nemesis, and desiring revenge for the disfiguring grenade explosion, also mockingly calling Flash by his first name, "Eugene". While it has not been confirmed, this new Jack O'Lantern claims to have killed every other person to go by the name in an effort to "clean up the brand". Jack O'Lantern is a member of the Crime Master's Savage Six.

Jack O Lantern: (to Green Arrow) Alright. I'll help you guys against Eon. But only if I can participate in this year's Halloween celebration.

Green Arrow: Deal.

Grim: (Jamaican Accent) Indeed. As long as you aren't like the immortal prankster that took me scythe and had a pumpkin for a head.

Jack O Lantern: Don't worry Grim. I'm not like that mischievous mockery of Halloween.

---

Martian Manhunter and Tara were in a cave to recruit Harvey Rupert Elder A.K.A. Mole Man.

---

**Mole Man** (real name: **Harvey Elder** ) is a villain from *Marvel Comics*, and an occasional enemy of the *Fantastic Four* .

Born in the late 1910s, Harvey Elder possessed a genius intellect but was shunned because of his homely appearance. Hearing rumors of an underground kingdom where he might find acceptance or at least solitude, Elder spent years searching the globe for it, without success. In 1956, he tried to join the Explorers Club on the basis of his exploits, but he was disbelieved and ridiculed. Fuming, he chanced to observe a gathering of adventurers by the Eternal Makkari, who sought a team of Monster Hunters to aid him against the Deviant Kro and his monstrous Mutates; believing the group's efforts would lead them to his subterranean goal, Elder stowed away on their plane and was separated from the heroes in the course of the battle.

Washing up on the shores of Monster Island, he explored a series of caverns until he at last discovered Subterranea, a network of tunnels running beneath the surface of much of the Earth; however, he was caught in an earthquake and almost blinded in the mysterious Valley of Diamonds. Undaunted, Elder explored the vastness of Subterranea and carved out a kingdom of his own. His early activities may have influenced various subterranean monster incursions that plagued the U.S. and other nations during the late 1950s and early 1960s.

He discovered and mastered Deviant technology, proving himself a rival to the underground reigns of the monstrous Two-Headed Thing and the immortal Tyrannus, and later fighting Spragg the Living Hill. Slowing his own aging through unknown means, **the Mole Man** eventually won rulership of the so-called Moloid race, docile servants abandoned by the Deviants, as well as of many of the Mutates once used for conquest or sport by their former masters.

In recent years, having achieved a satisfactory power base, the Mole Man launched his first known attack on the surface world, dispatching his Mutates to destroy power plants in preparation for an all-out invasion; however, his campaign had only begun when he attracted the attention of the newly-formed Fantastic Four, who entered Subterranea via its Monster Island entrance and defeated the Mole Man and his monsters, destroying the entrance in the process. Regrouping, he led the Fantastic Four into a trap while he prepared to continue his assault on humanity by sinking entire cities, but was again defeated. He next sank buildings in New York City, successfully taking the Invisible Girl hostage to prevent the Fantastic Four from opposing his intended world conquest; the Fantastic Four rescued her, though she suffered a head injury and was only saved by emergency surgery.

He was also one of the villains that Doctor Doom used to attack Reed and Sue's wedding. He burst through the floor with his Moloids, but was driven back when Professor X called his X-Men to fight them, along with the Thing's help.

The Mole Man subsequently battled the Avengers, both alongside the communist Red Ghost and assisted by his giant Minotaur. A closer enemy was his rival Tyrannus, who ruled a second servant race, the Tyrannoids, and sought the Mole Man's territory for himself. Both underground rulers used surface heroes, such as the Hulk and X-Men, as pawns in their war, but the Mole Man soon turned his dimmed eyes back to conquest; he sought to blind humanity as he imagined it had been blinded to his accomplishments. Mistakenly assuming Project: Earthdig, intended to bury nuclear waste deep within the planet, was an assault on him, the Mole Man joined forces with Dr. Erik Gorbo (the Monster-Ape) against Captain America and plotted another surface assault before learning the truth. The Mole Man formed an alliance with the Netherworld's Queen Kala, whom he hoped to romance, and even managed to enslave Tyrannus; but Kala ultimately betrayed him to Tyrannus, who betrayed her in turn, leaving the Fantastic Four to triumph over the trio.

Seeking to spare others the scorn he had suffered, the Mole Man united his old and new worlds by welcoming some of surface society's rejects into Subterranea as his Outcasts, empowering four of them - Boulder, Digger, Landslide, and Water Witch - as Super-

Outcasts. When Kala led the fiery Lava Men in an attack on his kingdom to regain access to the Fountain of Youth, the Mole Man agreed to a contest between his Outcasts and her operatives, Olympic athletes whom she granted high-tech weaponry and forced to assist her. The conflict drew the Hulk and Spider-Man into the fray, fighting for Kala and the Mole Man, respectively.

Kala failed and was abandoned by her army, but the Mole Man took pity upon her and renewed their relationship. His struggles continued against the likes of the Galadorian Spaceknight ROM and the alien Dire Wraiths, as well as Heroes for Hire Power Man (Luke Cage) and Iron Fist. Mellowing somewhat, he soon took Tyrannus' abandoned Tyrannoids under his wing as well. He and Kala ruled peacefully until would-be Messiah Alden Maas, in his mad attempt to expand the Earth, unleashed magma flows in Subterranea, killing many of its inhabitants.

Abandoned by Kala and half-mad with grief and rage, the Mole Man sought to raise a new continent for his people, regardless of the devastation such a tectonic shift would cause. The Thing briefly joined the Outcasts during a period of extreme depression, befriending the Mole Man and remaining unaware of his secret agenda, but he left with the Fantastic Four after learning the truth. Lost in holographic illusions of the surface society that had rejected him so long ago, the Mole Man barely noticed when the Fantastic Four halted the tectonic procedure, burying him and his equipment beneath tons of rock.

Months later, having regained his sanity, the Mole Man decided it was time for peace with the surface world, only to be attacked by Fantastic Four clones created by Aron the Rogue Watcher, renewing his desire for war. Following an encounter with the Skrull De'Lila and the replacement Fantastic Four - Ghost Rider, Hulk, Spider-Man, and Wolverine - he found his Moloids and Tyrannoids under attack by the Lava Men, all of whom had been attacked in his absence and partially sterilized by the High Evolutionary's forces; with the Fantastic Four's help, he put an end to the hostilities and eventually united the tribes under his rule. During a battle with old foe Spragg, he sought to claim She-Hulk as his bride, but was instead briefly turned into an actual mole. When the Deviants began to exert their power in Subterranea once more, he protected his domain alongside the returned Tyrannus and Grotesk, last survivor of the Gor-Tokians, yet another underground race. Disaster was averted by the Avengers, and Kala returned to the Mole Man's side as his fiancée. Hoping to win more allies, he offered Monster Island as sanctuary to the misfit heroes of the short-lived Infinity Watch, but an immense tidal wave caused him to withdraw from Monster Island, severing his ties with the Watch.

When the Fantastic Four and other heroes vanished during the Onslaught crisis, the Mole Man, evidently bored by protracted peace, laid plans for yet another invasion; but when word of the heroes' return reached him, he chose practicality over ego and abandoned the effort. The long-suffering Moloids faced yet another crisis when they were absorbed into a host body for the alien Terminus, but the Mole Man freed his subjects through cooperation with the Fantastic Four, who defeated Terminus. The Mole Man subsequently stole a sewage treatment plant to save his Moloids, sensitized during recent exposure to the surface world, from pollution trickling into his domain. After years of failed conquest attempts, the Mole Man established an uneasy neutrality with the Fantastic Four and other surface heroes, providing occasional aid when it suited his interests and fighting them only out of misunderstanding or manipulation. Kala's seeming disappearance from his side may foretell further upheavals within the Subterranean nations. Recently, however, using a sample of his DNA obtained during an aborted plot of the Mad Thinker, the Fantastic Four ambushed and captured the Mole Man, placing him in stasis aboard the S.H.I.E.L.D. Helicarrier as part of their efforts to preemptively imprison all of their foes.

Tara was using a ball of fire as a torch.

Mole Man: (to Martian Manhunter) Why should I care to help the surface world after all it's done to me?

Tara: Because Eon doesn't just pose a threat to us, he poses a threat to everyone and everything all over the space time continuum.

Martian Manhunter: That's correct. Eon is a time-traveling alien of pure evil and malice and he will not stop until he brings his race to Earth.

Mole Man: Oh man. I will gladly help you.

---

Raven and Captain America were over in New York at Stark Tower to recruit Georges Batroc A.K.A. Batroc the Leaper.

---

**Batroc the Leaper**, real name **Georges Batroc**, is a fictional villain from *Marvel Comics* . His first appearance was in *Tales of Suspense #75, 1966*

He is a French costumed mercenary who specializes in savate (also known as "La Boxe Française"), a form of kickboxing. Although he is mainly an enemy of Captain America, he has also faced off against the Punisher, Spider-Man, Deadpool, Hawkeye, Iron Fist, and Gambit. Batroc has occasionally led his own team, "Batroc's Brigade", whose membership has changed over time. The group has primarily fought Captain America. He has functioned as a member of Baron Zemo's Masters of Evil (one of the stronger recurring villain teams that plague the heroes of Avengers).

---

Batroc (to Captain America): Of course I know about Eon. Why do you think I'm about to break into Stark Tower? Iron Man must have some kind of weapon that can easily destroy him.

Captain America: Looks like you and us have the same ideal to destroy him.

Raven: Yeah.

---

Over in Moscow, Numbuh 1 and Vince were there to recruit Vin Moosk.

Moosk (to Numbuh One): (Russian Accent) So you want me to help you fight a villain with time travelling powers?

Numbuh One: It's really your decision. I'm not forcing you to help us if you won't want to.

Vince: That's right. It's your choice and we need all the help we can get.

Moosk: Moosk will gladly help you all and Moosk loves danger.

Vince: Awesome.

Moosk: Anything for comrades.

* * *

Later we all grouped and we were getting ready.

Me: All right we're all here. Now this is gonna be one of the biggest fights we have ever have. Without a doubt we have to be ready for anything that Eon throws at us.

Lincoln: Yeah.

Francis: Alright. If any of you guys want to get something off your chest, now's the time.

Shun (to the rest of the Brawlers): Well, in case we die, I'd like to say that I may not show it most of the time. (smiles) But I really am glad to have you guys as my friends.

Dan: Don't worry Shun, We won't die.

Runo: Yeah we're not gonna die.

Everyone agreed.

Ben: Eon is gonna be a difficult challenge for all of us so we have to hit him with everything we got.

Me: That's probably gonna be an understatement.

Elesa: Alright, Ben. How did you destroy Eon the first time?

Ben: Well we destroyed him twice actually. The first time was back when I was 10 and I turned into Wildmutt and sent Eon out of the timeline by having him crash into the Hands of Armageddon. The second time, I turned into Jetray and blasted the Hands of Armageddon and destroyed them and Eon and restored the Timeline.

Gwen T.: And that was when Ben 10,000 from the Future helped us.

Paradox: I remember that. That was a most amazing adventure.

Me: I can tell. This is gonna be a dangerous adventure. But we have to be ready for anything.

Brawl: Eon might be able to age ordinary people into dust. But all he'll ever do is severely injure us!

Me: That's right. His time powers may be strong but they are nowhere near as strong as our powers. They won't work on us because we're immortal.

RD Me: That's right. Eon may be from one of the most dangerous race's in the universe but he is nowhere near as powerful as us.

RD Lincoln: That's right.

Everyone agreed.

Prowl: Where can we even find Eon?

Me: That's a really tough question. He could be anywhere all over the space-time continuum. And we have 13.7 billion years of history to cover in the past if we travel forward it's ∞.

Nico: Yeah. It'll be like trying to find a needle in a haystack as big and long as the entirety of the Space Time Continuum. He could be in any time period and any part of history.

Me: Yeah. But the best place to look for him would be in the last spot where you all battled him before.

Ben: In the desert.

Me: Lets head out over there.

We went to the Arizona Desert.

---

We arrived and we were in the desert.

Me: He could be anywhere so stay sharp everyone.

Nico: (to Paradox) Paradox, I just want to say that you've been a great friend to us.

Paradox: Thank you all so much Nicolas.

Me: We've been through a lot and it will take more than a Time Travel Alien to take us down.

Firefly: I'll go find Eon in the air.

Firefly flew into the air.

He came back 20 minutes later.

Robo-Blaze: (to Firefly) Did you find him?

Firefly: Nothing.

Me: He's in the Space Time Continuum.

Ben: That's probably it but look here. The pieces of the Hands of Armageddon are missing!

Shiv: He's got the Hands of Armageddon as well?!

Me: Oh man! He's trying to finish what he started in the past!

Lincoln: We got to stop him and fast!

Paradox then came back and he had Ben 10,000!

Ben: Future me!

Ben 10,000: Good to see you all again.

Me: Same to you Ben 10,000. Wow. You are always looking great.

Ben 10,000: Thanks J.D.

Me: I have a feeling I know where he's heading. Lets go!

We were off to the warehouse where the Hands of Armageddon were originally kept.

We arrived and we saw EON in the warehouse.

Me: That's him. Lets do it.

Snake: Dude, Eon's time is about to be up!

Me: And more! Lets get him guys!

Eon was about to activate the hands when suddenly…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted through the roof of the warehouse and a phoenix cry was heard and we landed and we were facing EON!

Me: Eon of Chronia.

Eon: (British Accent) Team Loud Phoenix Storm and Ben Tennyson. So glad of you to join me.

May: Hands where we can see them, Eon!

Me: So we meet at last Eon. We've heard so many big things about you and how you've been a major problem to many people all over the space time continuum.

Eon: Perhaps. But your problems are getting worse.

Eon held J.D.'s baby self hostage.

We gasped in shock.

Eon: Take another step and I age baby J.D. to dust. And that will cause present day J.D. to stop existing as well!

Maria: Eon, let's just talk about this.

RD Lincoln then kicked him in the back of the head and knocked him down ad he caught my baby self.

RD Lincoln: WHOO! That was a close one.

RD Lincoln brought my baby self over.

May and Maria: Aww.

May: J.D. you looked so cute as a baby.

Maria: You were so adorable.

Me: (Blushes) Yeah I was cute back then wasn't I?

Luxord: I'll take your baby self back home.

Luxord took my baby self back to his time and came back 3 seconds later.

Me: You have absolutely no shame picking on little kids! ESPECIALLY LITTLE ME!

I transformed into my Super Angel-Ebonwu-Phoenix 100,000,000 Form and I snapped my fingers and we were on the planet Glaren once again.

Me: (Divine Fiery Echoing Voice) **Your time is up Eon! in the name of Team Loud Phoenix Storm…**

We fired massive energy blasts and more and all that and the blasts all hit Eon and exploded with incredible power!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: **You will pay for your crimes Eon!**

Gwen T.: That's right! You are not taking Earth without a fight!

Ben, Gwen, Kevin, Professor Paradox, Ben 10,000, me, Nico, Clyde, Luxord: EXTRATERRESTRIAL MEGABLAST BURST!

We fired a massive blast of energy and the blast hit Eon and exploded with incredible power!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Eon was beaten and knocked down and badly hurt all over.

Me: It's over Eon!

Eon: I still have one more trick up my sleeve. (snaps his fingers)

Lincoln: What the Hell did you just do?!

Eon: (chuckles): I just erased some minor memories of yours.

Eon then disintegrated into dust in an instant and his evil spirit then appeared.

Me: You and your Chronian scum are not welcome here or in any timeline! (Holds hand out to his face) SUPER HAKAI!

He was obliterated and erased from existence forever.

Dark Spicer: I don't know why Eon snapped his fingers. But it didn't save him from biting the dust.

Eddy: You said it. Now, let's go and celebrate at Burpin Burger.

Me: Good idea. Now guys did he erase your memories on the Digimon Emperor Returning?

Nico: That's impossible! He's not gonna return!

Me, Eli, my kids, The Royal Defenders and the Masters of Evil all gasped!

Me: Looks like he erased those memories. Oh man.

Nico: What are you talking about?

Me: I'll explain later Nico.

We later were back on Earth and went to the Burpin Burger.

Ben: (To the viewers) This was one amazing adventure and we are now free of Eon and this time he will never return.

Me: No he won't.

The timelines and everything was saved and Dark Spicer used the Superlaser after Lucy cut open a portal to Chronia and he blew Chronia and the Chronians apart and killed them all. Freeing the entire universe from their crimes.

THE END

Another awesome fanfic complete.

Eon was the main bad guy from Ben 10: Race Against Time, the live action movie from 2007 and Christian Anholt did a great job portraying him in that movie. It was awesome! NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this. Thanks guys. Next up is a funny superhero chapter where we meet and help the funny superhero The Tick deal with one of his enemies. We're going to take on Lava Man and he is gonna be too hot to handle. Plus were going to face Temple Fugate A.K.A. The Clock King and he will have Number 72: Shogi Rook.

See you all tomorrow.

# Meeting the Tick and Arthur

In the kitchen, Me and Nico were eating the most deadliest sandwich ever known to modern man. It was a 10-decker Chicken and Beef Sandwich topped with garlic sauce, Flatchup, Onions, Refried Beans and more. It was a sandwich called the Toxic Garlic Flatulator, a sandwich so lethal that not even the weakest of stomachs could handle its potency. Mordecai and Rigby told us about it and it was a lethal sandwich. Benson told us that he tried one and he couldn't stop farting for over a week. It must've been THAT lethal.

We finished eating the sandwiches.

Me: Ahh. Man those were delicious.

Nico: You said it. Now we wait.

Me: Yep.

We went to join everyone.

Batman: You know there are other Robot Chicken sketches featuring me, right?

Ground Man: We know. But we thought we would show you this one first.

Me: This is one of my favorites.

Nico: Mine too.

I pulled up the sketch and it was a good one.

*[Scene: On a street, at Christmas time as snow falls with a Santa ringing a bell for charity in the background, three young boys sing a holiday favorite… ]*

**Boys** : *(singing)* Jingle Bells, Batman smells, Robin laid an egg! The Batmobile lost its…

*[One of the boys, Dougie, turns and bumps into someone… it's the Caped Crusader himself alongside his partner Robin.]*

**Dougie** : Batman?

*[Santa turns, sees the duo and flees in a panic]*

**Batman** : Keep singing boys, we were learning a lot.

**Robin** : Yeah, I never knew Batman had an odor problem.

**Batman** : *(he sniffs under his armpits)* Hmm… weird, I don't smell anything. Do you Dougie?

*[Batman grabs Dougie's head and stuffs the boy's face into his armpit. Dougie's muffled screams can be heard]*

**Batman** : I can't hear you.

*[Batman throws Dougie back to his friends]*

**Dougie** : *(starting to cry)* I want my mommy!

**Batman** : Yeah, me too.

*[Batman and Robin high-five at this, before Robin steps forward towards the now frightened boys]*

**Robin** : I may be named after a bird, but that doesn't mean I'm dropping eggs.

*[The Boy Wonder suddenly grabs Dougie's head and starts slamming it into his ass-cheeks]*

**Robin** : You wanna check these for some eggs? Huh, you see any fucking eggs in there?!

*[Robin lets Dougie go]*

**Boy:** We gotta go! Run! Get out of here!

*[The three boys start to run down the street]*

**Robin** : They're getting away, Batman.

**Batman** : Not on my watch.

*[Batman presses a button on his glove. Suddenly, as the three boys run for it the Batmobile (which certainly hasn't 'lost a wheel') arrives and runs them all over]*

**Batman** : The rats are scattering.

**Robin** : *(pulling out and swinging his Bolo Whip)* Holy, these motherfuckers aren't going anywhere!

*[Robin throws the Bolo Whip which wraps round one of the boys feet, tripping him up and causing him to land on his face, causing gruesome injuries.*

*Batman then throws a Batarang, which lodges itself firmly in Dougie's back causing him to fall. As the boy struggles for life, Batman walks over and throws a few more in his back and a final one in his head, finishing him off.*

*As the final boy climbs onto the kerb, Robin walks up]*

**Boy:** *(desperate)* Sorry!

**Robin** : You can tell your dentist *I'm* sorry.

*[Robin raises his leg and kerb-stomps the boy… and as he does, we cut to reality, as a music teacher is telling this story to one of the young boys in his class as his horrified classmates listen on]*

**Music Teacher**… and the police didn't even investigate the children's disappearance because Batman is above the law. But please Troy, keep singing your hilarious version of 'Jingle Bells' and fucking up my Christmas program. No? All right then, from the top.

We laughed hysterically.

Robin: All that over a Christmas song?!

Aylene: To be fair, it can be annoying sometimes.

Me: Well the Joker sang it and it was a stupid taunting song.

Nico: I remember that! That was crazy.

Lincoln: Yeah. But that song is silly and funny.

Me: Yeah. But it's very insulting to the great Batman and Robin.

Batman: I know.

Robin: It sure is.

Me: If the Joker comes back you can kill him and banish him to the Warp for making that song.

Nico: Yeah.

Robin: Good idea.

Starscream: I wonder where Batman and Robin hid the bodies of the children in that sketch. (everyone stares at him) What? I'm still a Decepticon, you know.

Me: That's true. But it was just a cartoon you know.

Nico: Yeah we know and Starscream is still a Decepticon yes. Violence is what they do still even under my leadership now that Megatron is dead.

Lincoln: Yeah.

RD Girl Jordan: That's true.

Me: Yep.

Batman: The scary part? I may have to do that to a villain eventually.

Jetfire: Just don't do it on kids, okay?

Batman: I won't.

Me: That's why he's only doing it on those that are lost souls like The Joker, Scarecrow and villains like that.

Nico: Yep.

Later we were getting ready for another awesome adventure.

Gluko: Where are we going this time?

Me: We're going to New York City again.

Nico: I love New York City.

Me: We all do. But the reason we're going there is to meet the iconic funny hero The Tick.

Lynn Sr.: The Tick!? He's one of the goofiest Heroes that I know!

Lincoln: You know him dad?

Lynn Sr.: I watched the show before you guys came and I was laughing my head off silly.

Kick Buttowski: Sounds like he is one funny hero. How he is as daring as me.

Me: He is funny!

FFAAAAAAAAAAAAARRRRRRTTTTTT!

Me: (Blushes) Oops! Pardon me!

Lincoln: WHEW! That was ripe!

Me: Sorry. That was that sandwich that me and Nico had.

Benson: You guys are gonna be farting for a week.

Me: I know.

Mr. Fizz, LaGrange, Leonard, The Wrecking Crew, Snake and Merman then appeared.

Fizz: (Spanish Accent) Can me, LaGrange, the Wrecking Crew, Snake, Leonard, and Merman go with you guys?

Me: You all sure can and I must warn you guys. Me and Nico ate a lethal sandwich that Mordecai and Rigby told us about called the Toxic Garlic Flatulator. It's a lethal 10-decker sandwich with the worst kinds of gas inducing foods ever known. So we're going to be really gassy.

FFFFAAAAAAAAAAAAARRRRRTTTT!

Me: Pardon me. See what I mean?

Leonard: We sure do!

Wrecker: WHEW! Man that is rank!

Snake: Dude! When you said it was that dangerous you weren't kidding.

Me: Yeah.

We were off to New York City.

---

NEW YORK CITY, NEW YORK

---

We arrived in New York City and it was just as busy as ever.

Me: New York City. Such an awesome place.

Leni: I totes can't wait to start shopping here.

Me: I know Leni. This city has everything.

Nico: And they don't call it The City That Never Sleeps for nothing.

Lincoln: Yep.

Chompy Mage: Is that them?

We saw The Tick and Arthur fighting criminals at a local bank and they were beating the crap out of Arthur.

Me: Lets go help them out!

We went and jumped in.

Me: Hey robbers! Take a whiff of this!

I aimed my butt in their faces and let loose a deadly fart.

FFFFAAAAAAAAAAAAAAAARRRRRRRTTTTTTTTTTT!

The fart was so toxic that it knocked out the robbers and Lori tied them up and Lynn, Lori and Lola were beating the living shit out of the robbers.

The Tick: Team Loud Phoenix Storm! Wow! It's an honor to meet you!

Me: Same here Tick.

Arthur: Thank you all so much for saving me.

Lucy Loud: Anytime Arthur.

Laney: Are you all right?

Arthur: I'll be all right.

Bulldozer: (growls at the robbers) Run. Make it interesting.

Nico: YEAH!

The robbers ran and Wonder Woman lassoed them with her lasso.

Sunset Shimmer touched them and saw into their pasts. She saw that they were stealing all that money to win the girls of their dreams.

Sunset Shimmer: You don't need to steal all that money to impress girls you like.

Then the robbers broke down crying.

Robber 1: (Crying) I'm SORRY!

Me: Wow! Those powers of yours are amazing Sunset. But it looks like these three will have all the time in the world to think about their crimes.

Rainbow Dash: In jail!

Nico: For the next 20 to 40 years.

We loaded the robbers into the Paddy Wagon and they were crying.

Tick: Thank you all so much for helping us.

Me: Anytime Tick. But it's an honor to meet the great heroes that make us split our sides.

Arthur: We do make people laugh with our adventures.

Nico: You sure do.

Toad Man: Is there somewhere where we can talk more?

The Tick: In my apartment. We can go there.

We went to his apartment and it was an average size apartment.

Me: Nice place.

Nico: Yeah.

Me: You guys are awesome at what you all do and you have to be one of the funniest heroes ever.

Tick: Thanks guys.

Snake: (to Arthur) Dude, why do you let people pick on you all the time?

Arthur: Well, I'm not really much of a fighter. But I'm good at other things.

Lynn: Well, we respect that. But maybe it's time that some of us teach you how to defend yourself.

Me: That's right. Being a superhero is dangerous work and we have been doing it for 5 years now. Even before we became Team Loud Phoenix Storm. But our three girls of the Trinity of Violence can get you ready and help you out.

Arthur: Really? Wow! Thank you guys.

Lola: No problem.

Lori: Lets get to it girls!

Tick: Arthur, if you told me you always had some trouble in battle, I would've been happy to train you.

Plant Man: Well, either way, he's getting the training he needs now.

Me: That's right. And he is doing much better now.

Lori, Lynn and Lola were really whipping him into shape and the sweat he had was coming out of him like Niagara Falls.

Gwen (TD): I don't think I've ever seen anyone sweat that much before.

Lincoln: Usually it's Lynn that sweats that much.

Lynn: True. But yeah.

Lori, Lynn and Lola got to work in helping Arthur. A montage played of them helping him and they were pushing through his workout like how Jillian Michaels does. They were really helping him all over with jumping jacks, running, lifting weights, punching bag, protein breaks and more.

Later after a painstaking workout, Arthur was better than ever before. He had bigger muscles and he lost his big gut and he looked like he was ready to take on the toughest bad guys.

Me: Wow! You look great Arthur!

Arthur: Thanks guys! I look awesome!

He did pushups with one finger.

Me: Whoa! He is ripped.

Nico: YEAH!

Merman: Are there any bad guys of yours that are active right now?

Tick: I have lots of bad guys and all of them are stupid!

Me: Looks like your enemies are now our enemies.

FFFAAAAAAAARRRRRTTTT!

Me: Oops! Pardon me.

Nico: We had a lethal sandwich that was loaded with stuff that makes you fart like bats out of Hell and it is not pretty.

Me: Yeah.

Tick: But there is one enemy we need your help with: The Lava Man.

He told us all about him.

---

The **Lava Man** is a nameless assassin from a race of lava men. He appears in one episode of *The Tick* animated series in its first season. He does not speak any lines of dialogue in the episode, so his motives have to be explained by other characters.

Despite having no speaking parts, he was voiced by Townsend Coleman.

Crime report

The Lava Man is first shown emerging to the surface of the Earth shortly after the arrival of the Mole King, who is drawn to the surface by the desire to court a supermodel named Mindy Moleford. The lava man sheds his overcoat and proceeds to silently and deliberately seek the Mole King. He attempts to kill the Mole King.

His advisor tells the Tick that the lava people are a hostile race who wish to start a war between themselves and the mole people, and who planned to spark the tension by having their assassin commit regicide. The Tick incapacitates the assassin, and sends him to the mole guard force to be arrested, and that is the last that is ever heard about him.

---

We gasped.

Me: WHOA! Sounds like this guy is too hot to handle.

Nico: No kidding.

Laney: Yeah. Sounds like he would fry anything he touches.

Lana: Yeah.

Tick: He would.

Clayface: That Lava Man guy probably can't shapeshift like I can.

Me: I don't think he has that kind of power. But that would be something if he did.

Nico: That would be cool.

Lola: Or hot you mean.

FFFAAAAAAAAAAAAAAAAAAAAAAARRRRRRRRTTTTTTTTTTT!

Nico: Sorry.

Lola: You're excused Nico.

Leonard: Why can't you use your powers to cure you and Nico of your farting problem?

Me: Mordecai and Rigby said that this sandwich would cause uncontrollable flatulence.

Nico: We knew what we were getting ourselves into when we ate it.

Abby: Yeah we saw that the sandwich also had Flatchup in it.

Nico: Wasn't that the ketchup Fartor made?

Ty: Yeah it was.

Me: No wonder we have been really gassy.

Abby: Here's the stuff.

She handed us a bottle of Flatchup and we read the ingredients.

Me: Lets see. Broccoli, beans, cauliflower, Brussels Sprouts, prunes, bran extract, garlic, whoa! Lots of stuff in here! And it's all mostly roughage.

Nico: That is lethal ketchup! I can't believe Fartor made this.

Me: After this, I have a feeling I'm going to be sitting on the toilet for quite a long time.

Nico: Me too.

Me: Lets get going.

FAAAAAAAAAAAAAAARRRRRRRRRRTTTTTTTTTT!

Me: Pardon me!

We went out to find the Lava Man.

Thundercracker: Me and Skywarp will look for Lava Man in the air.

Skywarp: (to me, Lori, Lynn, and Lola) Look, I know me and Thundercracker attempted to leave the team the other day. But… no hard feelings about that?

Lori: No hard feelings.

Lynn: Yeah we're cool.

Lola: Yep.

Me: That's good.

FFFAAAAAAAAAAARRRRRTTTTT!

Nico: Scuse me!

Skywarp and Thundercracker left and they came back 10 minutes later and they had news.

Skywarp: We found him! He's in Central Park!

Me: Lets get over there!

LaGrange: Tick, if you want, I can give you and Arthur a ride in my car.

Tick: Thank you LaGrange.

Me: Lets get moving.

Lincoln: Yeah!

Applejack: This is gonna be exciting!

We were off to Central Park!

We later arrived and we saw some trees on fire and we saw the Lava Man and he was burning the park all over.

We absorbed the fire.

Me: Hey you freak of Lava!

He saw us.

Me: Time for you to cool down!

I fired a wave of water at him and it hit him and cooled down his right arm. He screamed in pain as a huge cloud of steam came out of him and his arm turned to solid rock.

Me: WHOA! He's made of pure lava from the Earth's core!

His arm cracked and a new lava arm formed back.

Me: He's gonna be hard to beat.

Nico: But he is too hot to handle.

Vanitas, Skulker, Riddler, Comic Book Guy, Shiv and Katnappe then appeared.

Me: Vanitas, Skulker, Riddler, Comic Book Guy, Shiv and Katnappe.

Comic Book Guy: Looks like you guys are sweating as much as we are.

Me: No kidding and the steam coming off of this guy is big.

Nico: No kidding.

Vanitas: We also heard we have been farting up a storm.

Me: We sure have and it is rank.

Skulker: (to Nico) So, how long have you and J.D. been farting?

Nico: Ever since we ate those sandwiches!

Vanitas: That must've been disgusting.

Riddler: You two probably shouldn't have eaten those sandwiches.

Me: Well we were doing it as part of a dare. Eat it and go the longest without ripping one. Didn't work out one bit.

Nico: Yeah. Made us fart almost immediately.

Lincoln: And they are just as bad as Lori's farts.

Lori: I do not fart! It was my shoe!

We rolled our eyes.

?: You're gonna wish it was your shoes when I make you suffer with my pranks!

A figure came out and it was RUDE ELF from episode 33 of Dino Thunder!

---

**Rude Elf** is reindeer/Mistletoe/Santa themed monster created by Elsa's dream machine. He appears in the episode *In Your Dreams* .

Conner is consumed with dread on having to do early Christmas shopping with his mother, when he dreams of Rude Elf. Rude Elf is being chased by the Power Rangers on their Raptor Riders, when he summons the Triptoids as his little helpers. Rude Elf proves to be very powerful with his holiday magic, but when the other Rangers realize that Conner is still under Elsa's dream spell, they use their Dino Gem power to strengthen him. The Red Ranger uses this energy to become the Triassic Ranger and takes Rude Elf into the Christmas Triassic Dimension, where he destroys him. Rude Elf grows and captures the Mezodon Megazord in his bag of toys. Unfortunately for him, the Black Ranger comes riding in on the Brachiozord and uses his Brachio Staff to take him down long enough to free the Megazord. The Triceramax Megazord destroys Rude Elf, foiling Elsa's plan.

---

Connor McKnight: Rude Elf!

Rude Elf: Long time no see Red Ranger!

Me: I remember you! You were made by Elsa to destroy the rangers while Connor was asleep because of her.

Rude Elf: That's right. Good memory on you for a freak.

Me: Easy for you to say you repulsive freak. And another thing, Christmas ended last month last year.

Rude Elf: (to Eddy) Before we fight, here's a present from me. (gives Eddy present)

Eddy: Thanks!

But when Eddy opened the present, it was revealed to be a bomb.

KABOOM!

It exploded in Eddy's face!

Me: Man that gag is old.

Eddy: (Coughs) No kidding!

Eddy was covered in black soot.

Me; Hey Rude Elf, Sniff on this! Light me Nico!

Nico: Right!

FFFFAAAAAAAAAAAAAAAAAAAAARRRRRRRRRRRTTTTTTTT!

Nico lit my fart gas on fire and turned it into a deadly flamethrower and I burned Rude Elf all over the place.

Lincoln: YEAH!

?: But your time is about to run out.

A figure came out and it was Temple Fugate A.K.A. THE CLOCK KING!

---

**The Clock King** is a villain in *Batman: The Animated Series*, recreated for the show as Temple Fugate. His name is a reference on the Latin phrase *tempus fugit*, literally meaning,"time flies".

Temple Fugate is the head of a time and motion study consulting company who is being sued for all its funds-he is more tense than usual because he has one appeal left-if he loses he's bankrupt. Fugate is an odd, lonely man obsessed with time and punctuality; His every waking moment is pre-planned, on a "to do" list broken down into a precise schedule. When urged by then-lawyer Hamilton Hill to take a coffee break at 3:15, later than usual, Fugate initially refuses, as he does not want to ruin his schedule. After reflection on

Hill's words, Fugate takes the coffee break later. During the break, just when Fugate starts to relax, everything that could go wrong does, as Fugate loses documents and is late for his court appointment. As punishment for being late, the judge throws the case out, Fugate unjustly loses the case with no trial, and goes bankrupt. Fugate swears revenge on Hamilton Hill and later finds out that Hill's firm was the plaintiff for the court date Fugate was late for (though Hill apparently had nothing to do with that case). However, Fugate later claims that Hill's actual crime was making him LATE.

## The Clock King

Seven years later, Fugate becomes the Clock King, using his keen knowledge of the element of time, he turns to a life of crime and revenge. Swearing revenge because he believed Hill had done it on purpose, Fugate returned seven years later, now going by the name "Clock King", causing havoc and running afoul of Batman. However, Fugate had prepared himself well for this by studying news footage of Batman and learning his every move, making him a worthy adversary of Batman. After nearly succeeding in trapping and killing Batman, Clock King kidnaps Mayor Hill and ties him to the hands of a giant clock on the 7th anniversary of his bankruptcy so the Mayor would have an appoiment with the Grim Reaper at 3:15. His first attempt to kill Mayor Hill ends in a climatic battle with Batman inside the wheels of a clock tower, which Fugate accidentally jams with his clock-hand-like sword. The machinery collapses, and Fugate disappears in the fray laughing insanely claiming there is always a way out. He is presumed dead, but Batman has his doubts, and is convinced that Fugate is still alive and it is only a matter of *time* before he strikes again.

Fugate eventually resurfaces unharmed, now armed with a device he uses to travel at near-light speed (stolen from a scientist named Dr. Wakati, for whom he works as a butler by the name "Harold"). This time, Fugate plants a bomb at Mayor Hill's dedication to the new court house, planning to blow it up and kill dozens of people. Batman and Robin, having learned Fugate's secret from Dr. Wakati, use a similar device to slow down the bomb's explosion while throwing it into the river. Fugate, his plans foiled, tries to escape, but

Robin catches him and destroys the device, rendering him unable to flee. He is subsequently arrested and imprisoned in Stonegate Penitentiary.

---

Batman: Temple Fugate.

Me: A.K.A. The Clock King. Weren't you a prominent defense attorney that was driven by revenge to kill Mayor Hill for ruining your case?

Clock King: That's right J.D. my good man. You always were right on time for making those assessments.

Me: Read a lot of comics and watched TV and all that. But I find it very pathetic that you are driven by revenge because you lost one little case.

Nico: Wasn't that case thrown out?

Me: I think so but I don't know the full extent of the story.

Clock King: (to the Masters of Evil) You will pay for not even thinking of recruiting me!

Comic Book Guy: Considering how not dangerous your reputation is, can you blame us?

Me: They didn't recruit you because you are mentally unstable Temple!

Nico: Yeah and you turned to a life of crime and revenge just because you lost one little case. How pathetic.

Eli: You are a disgrace to all lawyers everywhere!

Me: Yeah! By the way how did you find us all the way here?

Clock King: This told me.

He pulled out a Number card and it was NUMBER 72: SHOGI

ROOK!

We gasped in shock!

Eli: Number 72: Shogi Rook.

Jessie: That card's name is based on the Rook in Shogi.

Shikamaru: I like playing Shogi but this is such a drag.

Nico: Yeah but still a Number is a Number.

Me: Yep.

Vypra then appeared.

Vypra: Looks like you guys are busy and really sweating up a storm.

Me: And me and Nico are farting up the storm clouds to go with it.

FFFFFFAAAAAAAAAAAAAAAAAAAAAAAAAAARRRRRRRRRRRRTTTTT

Me: Excuse me!

Nico: We had lethal sandwiches that Mordecai and Rigby told us about and they are ravaging our digestive tracts.

Vypra: Whoa I can see that. But I have the last member of the Bounty Hunter 5 for Numbuh 5 to face as her archenemy. And here she is now.

A woman dressed in a Darth Vader Style outfit came out and she took off her helmet and it was a woman with orange hair and blue eyes. It was PRINCESS MIRA OF THE ANDALUVIANS!

---

**Princess Mira** is an intergalactic bounty hunter and the former ruler of the Andaluvian nation. She made her only appearance in Episode XLIV: The Princess and the Bounty Hunters.

Her backstory is somewhat similar to Jack, though her goal strays from his. Princess Mira was once ruler of the Andaluvians, but when

Aku enslaved her people, she became a bounty hunter. She garnered an impressive reputation for herself, though nobody reveals any exact details. Her ultimate goal was to claim Jack's bounty as a ransom for her people's liberty. In Episode XLIV, "The Princess and the Bounty Hunters," she met up with the bounty hunters Jujunga, I and Am, The Gentleman, and Boris. Jack was traveling through the snow regions at the time, and all of them sought to claim his bounty. Mira listened to each of the bounty hunters' plans to kill Jack, and pointed out their flaws in each one, finishing by denouncing all of them as powerless against the samurai. Boris attacked her in rage, but she easily defeated him, upon which she revealed her identity, and said that as strong as she was, Mira knew that she was incapable of defeating Jack. She told them of her plan, combining all of their intended strategies with a plan to ambush him in the snow, snatch his sword, and finish him off with Am's bombs. She promised that in exchange for their cooperation, she would pay them the sum of Jack's bounty plus tenfold. All of them agreed though Boris did so somewhat reluctantly. Mira sent Am to keep a lookout for Jack and supervised the remaining bounty hunters when they were digging for the trap, compelling Boris to continue by her mere presence. After they finished preparing, she whiled the time away by practicing *iai* slashes on water drops from a melting icicle. Soon, Am sent word to I that Jack was approaching, and when I passed on the news, they all fled to the trap. They waited for several tense minutes as Jack approached. When they sprung the trap, the fight ended in only a few seconds; Jack effortlessly defeated I, Jajunga, The Gentleman, and Am with a single sword slash each, and defeated Boris by catching and then throwing Am's bombs at him. Mira fell with identical ease, Jack using his sword to shatter hers, kicking her in the abdomen and destroying her helmet with a punch, sending her flying into a nearby tree trunk. Mira got up as Jack sheathed his sword, and she saw that the others were defeated. Discouraged but unwilling to give up, she drew her dagger and prepared to attack as Jack stood by impassively, his back to Mira. Ultimately, she knew that it was a futile effort; shedding bitter tears, she dropped the dagger and fell to her knees in defeat. Jack neither spoke nor looked at her, not even turning to face her again, as he continued his journey. After the past Aku's destruction, her kingdom was presumably spared from the oppression by Aku. However, how it affected her existence is unknown.

Abilities and equipment

**Physical Power:** Mira is lithe, agile, and has significant physical capabilities, allowing her to defeat the much larger and bulkier Boris easily.

**Metal Suit:** Mira wears a suit of metal armor over her entire body, which seems to offer significant protection against her enemies. Her helmet contains a speech modifier that significantly deepens her voice, allowing her to masquerade as a male if need be.

**Tactical Skill:** Mira is a skilled tactician, correctly knowing that she would not be able to defeat Jack on her own and coming up with a formidable plan to beat him. However, she ultimately made the same mistake that she pointed out to each of her fellow bounty hunters: underestimating Jack's capabilities.

**Weapons:** Mira is an expert swordsman and staff fighter. The sword that she carries resembles a bo staff when sheathed, allowing her access to both fighting styles. The material that composes the blade pales before the strength of Jack's sword, however. She also carries a dagger as a last resort.

**Swordsmanship:** Despite being easily bested by Jack, Mira is still an excellent swordsman, as she is able to repeatedly slice falling drops of water in half with her blade in a single motion.

---

Me: Princess Mira!

Princess Mira: Good to see you all again J.D.

Me: Same here. How have your people been ever since we killed Aku?

Princess Mira: We've all been doing great and much better than ever thanks to all of you.

Me: Glad we could help you all.

Shanan: You're one of the Andaluvians from what I recall.

Princess Mira: That's right.

Qin: What are the Andaluvians?

Shanan: One of the most powerful warrior races in the galaxy. They are a race of intergalactic bounty hunters that go after the toughest and most dangerous prey. Very powerful too. But they are friendly to everyone and fierce to their enemies.

Me: That's right Shanan and she and the rest of the Bounty Hunter 5 did a really amazing ambush trap on us during our journeys as the Brave 12.

Samurai Jack: I remember that. That was very well planned out.

Me: It sure was. And I commend you all for trying to get the drop on us like that.

Princess Mira: Thank you all kindly.

Me: You're welcome.

Shanan: Not only are the Andaluvians powerful warriors but they are also very skilled master tacticians. Their tactical skills put even the greatest of military strategists to shame.

Qin: That's amazing.

Nico: It sure is.

Princess Mira: Glad you all think so.

Me: Lets get it on shall we?

**Polar stratospheric clouds** ( **PSCs** ) are clouds in the winter polar stratosphere at altitudes of 15,000-25,000 m (49,000-82,000 ft). They are best observed during civil twilight, when the Sun is between 1 and 6 degrees below the horizon, as well as in winter and in more northerly latitudes. One main type of PSC is made up mostly of supercooled droplets of water and nitric acid and is implicated in the formation of ozone holes. The other main type consists only of ice crystals which are not harmful. This type of PSC is also referred to as **nacreous** or mother of pearl, due to its iridescence.

---

We went at him and fired powerful blasts of water and ice and they hit him all over and steam was really coming off of him like mad.

Luna: Take this! METAL STYLE NINJA ART: KINGDOM OF PRUSSIA!

Luna fired a wave of metal and it formed into the armies of the Kingdom of Prussia and they slashed and cut the Lava Man all over.

Maria: It's gonna take more than metal to get him. WATER STYLE NINJA ART: PARROT FISH!

Maria fired a massive wave of water and it formed into a school of Parrot Fire.

Girl Jordan: Try this too! SOLAR STYLE NINJA ART: TEMPLE OF THE SUN!

Girl Jordan formed the Temple of The Sun in her hands and fired a beam of light from it.

Oceanus Shenron: Time for a bath! OCEAN STYLE NINJA ART: DORUDON POD!

Oceanus fired a wave of water and it formed into a pod of Dorudon.

Marucho: This will hurt. WATER STYLE NINJA ART: WATER WHIP TSUNAMI!

Marucho formed a whip of water and a massive wave of water erupted out of the ground when he hit it.

Zap: (Gurgling Voice) Lets get him!

Chill: (Russian Accent) Lets do it comrades.

Water Skylanders: WATER STYLE NINJA ART: GREAT FLOOD OF ATLANTIS!

They fired a massive wave of water.

Hunter: (German Accent) Take this one! MARSH STYLE NINJA ART: MARINE SPINOSAURUS!

Hunter fired a wave of swamp water and it formed into a Marine Spinosaurus from 112 million years ago.

Syd Chang: This is gonna be fun! WATER STYLE NINJA ART: NAIADS!

Syd fired a massive wave of water and it formed into the Water Nymphs of Greek Myth, The Naiads.

Laney: And this too! CELTIC STYLE NINJA ART: CRAFTWORLD ELDAR!

Laney fired a wave of green energy and it formed into the Craftsworld Ship.

The blasts all hit Lava Man all over and exploded in a huge splash of epic power.

KRASSSSSSSPPPPPPPPPPLLLLLLLLAAAAAAAAAAAAAAAAAAAAAAAASS

Starscream: Lets show some teamwork!

Ground Man: Lets do it!

Starscream used the Decepticon Cyber Planet Key and his Laser Cannons popped out from under his arms and Ground Man used the Earth Cyber Planet Key and it enhanced his Earth Powers 100-fold.

Jetfire used the Autobot Cyber Planet Key and he had his back cannon pop out and Aylene used the Earth Cyber Planet Key and it enhanced her fire powers 100-fold.

Starscream and Ground Man: NAIL GROUND BLAST!

Starscream fired an energy blast and Ground Man fired waves of Earth.

Jetfire and Aylene: PYRO ENERGY FIRESTORM!

Jetfire and Aylene fired waves of energy and fire.

Tick: Time for you to feel the Hammer of Justice!

Me: And that hammer is Water!

I fired a massive blast of water and cooled down the Lava Man.

The Tick, Arthur, Lincoln, RD Lincoln and Girl Jordan: MAELSTROM OF JUSTICE!

They fired a massive blast of water and it slammed into the Lava Man and he was turned into Solid Rock!

Me: He's solid rock now. Just to be sure.

I used my magic to make sure he never returns.

Me: And he will be going to jail.

Laney: Along with the Clock King.

Me: Good.

I beamed the Lava Man to the Uranus Prison and the Clock King to the Arkham Asylum Section in the Saturn Insane Asylum.

Tick: This was awesome!

Everyone cheered wildly for all of us. Even the Tick.

Me: You're welcome everyone!

Katnappe: It was great meeting you, Tick.

Tick: The pleasure was all mine, ma'am.

Shiv: What do you guys say we eat somehwere to celebrate?

Me: Good idea and I know just the place.

We went to Grim and Nergal's Pizzeria.

We were having an awesome smoked sausage and cheddar pizza. Shaggy and Scooby were having a Pretzel and Whipped Cream Pizza with chocolate sauce on it.

Me: Still the same Shaggy and Scooby that I remember.

Nico: Yep.

Tick: (To the viewers) Be careful when playing with fire and messing with lava men. They are dangerous and you will get burned.

Me: Yep you will.

Lincoln: Good advice.

RD Me: Yep. (To the Royal Defenders) So how does it feel to be on the road to redemption?

RD Lincoln: It's awesome and I know words can't atone us for everything we did. But we can redeem ourselves.

RD Me: That's right and I will gladly help you all be forgiven for everything.

FFFFFFFAAAAAAAAAAAAAAAAAAAAAAAAAAAAARRRRRRRRRRTTT

Me: Oops. Scuse me.

We laughed.

Later in the early morning hours, I was asleep. It was 2:21 AM and I was having an interesting dream. I was flying over the site of where the Tree of Harmony is at and I went into a cave and saw the restored Tree of Harmony and I went behind it and saw a seed.

Me: A seed?

But then an astral image of Twilight Sparkle appeared to me.

Me: Twilight?

Astral Twilight: J.D. you have been chosen to give all of Equestria and your World a gift. This seed is the Seed of Grand Harmony. It can be planted in Ponyville and the way for it to grow is to sing it a song from your heart. You can make the world of Equestria and Earth a grand and better place.

I was confused.

Me: A Grand Tree of Harmony?

Astral Twilight: Yes. It's the supreme Tree of Harmony and it's 10,000 times more powerful than the original tree of Harmony. Plant the seed at Sunrise and sing the song and you will see.

Me: I understand.

I woke up and it was nearly the crack of dawn at 5:20 in the morning.

Me: (In my head) Another message. But this time from Twilight. I better get over there.

I went to Equestria where my dream told me to go and I went into a cave that lead to underneath Celestia and Luna's old castle and I saw the Tree of Harmony.

Me: Wow. So this is the Tree of Harmony. Wow. Its power is amazing.

I went behind it and saw the Seed of Grand Harmony.

Me: The Seed of Grand Harmony. Just like Twilight said. I know just where to put it.

I picked it up and took it to Ponyville and I went to the top of a beautiful hill not far from Twilight's Castle and School. At sunrise, I put the seed on the hill and I stood back.

Me: Okay here we go.

I sang Within Temptation's The Last Dance as the sun was rising.

Me: (Singing Divinely)

She sang for you last night, she heard you were calling

Drowning in tears a thousand times

Your spirit was floating, your spirit was searching

On a cloud of dreams

A moon beam shines bright in the city of angels

Guiding the dreamers back to life

And they'll do the same every tomorrow

Till the pain subsides

Don't be scared now

Close your eyes

She holds guard tonight

Go forward

No remorse

Life will take its course

She danced with you last night so you will remember

All you have shared, a lifetime

The angels were watching and death will be waiting

Until the time is right

Don't be scared now

Close your eyes

She holds guard tonight

Go on forward

No remorse

Life will take its course

Hold on to memories

See what lies ahead

Life will go on and we are one

With every step you take

Suddenly the ground rumbled and then the seed sprouted and exploded in growth and a massive crystal trunk surging with magic grew fast and it was unbelievable! It grew fast that it was unbelievable! It had all the symbols of the 12 Elements of Harmony on the trunk: Honesty, Generosity, Loyalty, Laughter, Kindness, Justice, Valor, Empathy, Hope, Humility, Forgiveness and Magic. It grew Rainbow Leaves of every color and had fruit of every color on it and it was amazing! The tree was 2,000 feet tall and it dwarfed every building in Ponyville and Canterlot and it was just as tall as the Estate. When it was done, bells rang and angels were heard singing. The tree was breathtaking and extremely beautiful.

Me: WHOA! What a beautiful tree! I didn't know it would grow so tall and huge! But how is this possible?

Twilight's spirit then appeared again.

Spirit Twilight: Because of you J.D.

Me: Because of me?

Spirit Twilight: The spirit of all harmony lives on because of you and your selflessness in giving the Tree of Harmony new life in the form of the Supreme Grand Tree of Harmony. You now have the power to spread friendship everywhere through your gracious gift and whenever you need Solace, you can always come here. Your friendship with everyone you know all over the universe and everyone on Earth and in Equestria will be preserved for many generations to come.

Spirit Twilight vanished and the tree grew an amazing new treehouse and it was more beautiful than all of the Kids Next Door treehouses combined.

Me: Wow.

Twilight Sparkle and her friends all appeared and so did all of Team Loud Phoenix Storm.

Twilight Sparkle: We felt an incredibly massive burst of magic from the Estate!

Nico: Yeah and its power was amazing!

Twilight Sparkle: Are you all right J.D.?

Me: Don't worry Twilight, I'm fine.

Twilight Sparkle gasped as she saw the huge tree.

Twilight Sparkle: Where did this come from?

Me: A spirit version of yourself showed it to me in a dream and I followed your spirit self's instructions on how to plant it and this grew. It's called the Supreme Grand Tree of Harmony and it's the ultimate tree of the 12 Elements of Harmony.

Trixie: Wow!

Nico: This tree was made by you and a dream? Amazing!

Laney: Wow! It's beautiful!

Lola: I didn't you did this.

Me: The friendship in my heart towards all of you is stronger than what you all think. Because of my deeds with all of you and all the planets and people we all brought together, we are all strong in terms of friendship and bonds than you originally thought.

Twilight Sparkle: That's right J.D. and the tree has always been good at surprises.

Me: It sure has.

Twilight Sparkle: When Star Swirl planted the Tree Seed, he didn't know what it would grow into let alone give new seeds.

Me: And I found one of those seeds in a dream and followed the instructions your spirit self gave me. But now the Elements of Harmony are all with us in every way because we fight for everyone and help save them from our enemies.

Twilight Sparkle: That's right.

Nico: Wow.

Me: And together we can make a difference in the world and the universe. Always and forever.

RD Lincoln: That's right!

Lincoln: YEAH!

Everyone cheered wildly.

Things just got a whole lot better for all of us.

# A World of MTG Wonder and Amazement

In Equestria, I was enjoying some relaxation at the awesome new treehouse I made from the new Supreme Grand Tree of Harmony and it was a perfect way to enjoy some relaxation.

Me: Ahh. This is the life.

I was watching the clouds and they were beautiful and I picked an apple and ate it.

Me: (Eating) Mmm. Good fruit.

The birds were chirping and the sky was beautifully clear as I was watching the clouds while eating. I saw a cloud that looked like Spike farting fire.

Me: (Chuckles) That cloud looks like Spike farting fire.

Then Nico appeared.

Nico: Hey J.D.

Me: Oh hey Nico.

Nico: Boy you look like you're having fun up here.

Me: I sure am. The relaxation up here is amazing.

Nico: Boy from the way you're lounging up here it sure is.

Me: It sure is. That dream I had was amazing.

Nico: I can tell. How long were you up here?

Me: About 1 hour. I was watching the clouds and eating the fruit and listening to the sounds of nature. It was really relaxing.

Nico: Wow. This treehouse IS a perfect relaxation spot.

Me: Yep and I feel awesome. Lets head back to the Estate.

Nico: Okay.

We went back to the Estate and watched some TV. Shun was with us.

Swift Foot: Shun, don't take this very personally but what can you tell us about your mom?

Dan Kuso: That's a little personal, don't you think?

Shun: No, Dan. It's okay. They deserve to know.

Shun took a deep breath and sighed. He told us all about his mother Shiori Kazami and it was sad.

* * *

Shiori Kazami (風見 栞, Kazami Shiori?) is the mother of Shun Kazami and the reason for his grimness.

She lived in Wardington with Shun in a flat, before she became too ill to look after Shun and was hospitalized. Shun had to move in with his grandfather. In the English version, she is in a comatose state but she dies in the Japanese version.

In Bakugan Stall, before sleeping, Shiori waited to see Shun. After Shun thinks his mom is dead, the doctor says she is just tired, which turned out to be true. After Shun's initial relief, he finds a strong and rare Bakugan in his mother's hand. She gave this to Shun because she knew that Shun was interested in Bakugan, and not in ninja lessons. Skyress was given to Shun to look after him since Shiori could not look after him herself.

In A Place Far From Home, while in the Doom Dimension, Oberus gave Shun his test, using an illusionary form of a young Shiori who always wanted to play with Shun; the final game she wanted to play with him was Bakugan. She made Shun almost want to stay with her since he wanted his mother to be healthy again and he wanted to stay with her. Skyress reminded Shun that he needs his friends and he learned his lesson, causing a tear to fall on Skyress' ability and she evolved.

In Last One Standing, Shun makes an indirect reference to his mother, saying that he does not need anyone and can do things on his own. Ingram responds by saying that he is not alone. This moment shows that Shun has tried to deal with his mother's condition/state in his own way, but misses Shiori as well as Skyress.

---

When it was done we were shocked and saddened.

Me: Oh no.

Lori: Shun we're so sorry.

Me: Yeah. Your mother needs to be a part of you.

Nico: Yeah. We need to get you your mother back.

Shun: How?

Me: You haven't been told about this but I helped a lot of people get a second chance at life. I sacrificed my own heart so that Penny Marko, Sandman's daughter and again so that Sky's sister Misty can live too.

Shun: You sacrificed your heart twice!?

Me: Immortality and invincibility has its perks.

Nico: J.D.'s organs regenerate.

Naruto: They do.

Laney: J.D. has done so much for so many people all over the universe and more. It shows how pure his heart is.

Shun: That's amazing. I didn't know you did all that.

Me: I don't like to brag.

Varie: That's J.D. for you.

Lincoln: How come we weren't told about Shun's mom?

Runo: Now that you guys mention it, Shun hasn't mentioned his mom since we took out Naga.

Ruby: (Land Before Time) It's understandable considering all the stuff that happened after that.

Me: That's true and you all were saving the world from a lot of threats over the years. And just joined up with us earlier this week. I think she might be still in a coma.

Shun: We better get over there and see.

Me: Good idea.

Nico: Lets head out.

We were off to Tokyo Hospital.

We arrived in Tokyo, Japan yet again and we were at the hospital.

Me: Well here we are guys.

Nico: Yep.

We went to Shiori's room and we saw her still at the hospital and still in a coma after 7 years.

Swindle: She's still in her coma even after all these years?!

Me: Life Support really helped her out. But it's not the longest time anyone has been in a coma.

Laney: I know. The longest time anyone was in a coma was Elaine Esposito. She was in a coma for 37 years.

Nico: Whoa! That's a long time.

Me: I remember reading about that. Okay here we go.

I went into her room and Shun grabbed my hand.

Shun: J.D. do you know what you are gonna do?

Me: I sure do. I've done this many times before. All will be well.

Nico: I haven't heard you say that before.

Me: Being a Blue Lantern has been really a really powerful obligation for me.

I showed my Blue Lantern ring on my finger and went into her room and walked up to her.

Me: Hang on Shiori. Shun needs you now more than ever.

I touched her hand and concentrated and glowed in a blue aura and channeled a healing and curing energy into her and in a flash of light it was done. Shiori then woke up and opened her eyes for the first time in 7 years.

Shiori: (Weakly) What happened?

Me: Welcome back to the land of the living Shiori.

Shiori: Who are you?

Me: My name is J.D. Knudson and I'm the leader of Team Loud Phoenix Storm. You were in a coma for 7 years I think.

Shiori: Where's Shun?

Me: He's with us now.

Shun then came in and Shiori saw Shun now a grown man.

Shun: Mom? (Crying)

Shiori: Shun.

Shun: MOM!

He hugged her for the first time in 7 years.

He was crying and hugging her happily.

We came in.

Sunstreaker: Welcome back to the land of the living, Mrs. Kazami!

Shiori: It's good to be back. I missed out on so much.

Me: I know. But Shun and his friends all did so much while you were in a coma. You wouldn't believe everything that happened.

Dan: I know Mrs. Kazami. Things have been really awesome lately.

Dan and everyone told her everything.

Shiori was amazed and shocked at the same time.

Shiori: My gosh. I've missed out on so much. Shun I'm so proud of you.

Shun: I know mom. I missed you so much.

Shiori: I missed you too.

The doctor came in.

Doctor Tanaka: J.D. will have you all at his estate for you to recuperate.

Shiori: Thank you doctor. I have a lot of catching up to do with Shun.

Me: I can tell.

We had her moved to the estate and in a wheelchair. Robo-Lori and Maria Santiago were gonna help her go thru rehab to help her walk again and more. Shun and his friends all caught up with her and more. Miyoko was there too because of recovering from her injuries.

Ashi: Where are we going this time?

Me: This time is a little bit different. We're going into the world of Magic The Gathering.

Luna: Rockin! That awesome trading card game!

Lincoln: How do you know that game Luna?

Luna: Be right back.

Luna went up to her room and came back with a huge book and it was full of Magic The Gathering Trading Cards.

Me: Whoa! You have all these!?

Luna: It's a little hobby of mine dudes. I like collecting the Magic The Gathering Cards.

We looked at all of them and they were all from 1993 on and ongoing.

Me: Wow! Most of these cards were made long before you were born. Long before I was born too.

Luna: I know. It's amazing dudes.

Me: And the Artwork on these cards is phenomenal.

Nico: I know. It's amazing.

Vince: It sure is.

Eli: I like all kinds of trading card games. But it's Duel Monsters that I'm most familiar with.

Me: That's all right bro.

Laney: Got to admit though, the artwork on the Magic The Gathering cards is amazing.

Lincoln: It sure is.

Lola: Yep.

Me: Yep.

Skulker, Riddler, Vanitas, Comic Book Guy, Shiv and Katnappe then

appeared.

Skulker: Can me, Riddler, Vanitas, Comic Book Guy, Shiv, and Katnappe come with you all?

Me: You sure can and Jeff, Shiv, I think you all know about this but we're going to the world of Magic The Gathering.

Shiv: That awesome trading card game!? COOL! I used to collect cards like those before The Big Bang.

Comic Book Guy: Wow! This is gonna be amazing!

Whitney: Is that excitement coming from you?

Comic Book Guy: I may be a big jerk but I'm a huge fan of many things.

Me: We can see that. Anyway are we all set?

Everyone nodded.

Me: Lets go.

## FORESTS OF MIRRODIN, WORLD OF MAGIC THE GATHERING

In the forests of Mirrodin, a portal opened up and we arrived in the world of Magic The Gathering.

Me: Here we are guys.

Ty Lee: Is this the place?

Me: Yep. Welcome to the world of Magic The Gathering.

We saw that we were in an amazing and incredible alien world unlike anything we had ever seen before and it was a combination of fantasy, myth, history, science-fiction, demonology and more.

Nico: Wow! This whole place is amazing!

Lori: It's literally breathtaking.

Vanitas: You weren't kidding about this place, Luna.

Luna: Told you all it was amazing dudes.

Razorclaw: (to Luna) It's just as beautiful as you described it.

Luna: It sure is dudes.

Laney: Wow! This world is so much different than what the cards have shown us.

Lincoln: This is so cool! And real life makes it so awesome!

Clyde: It sure does.

Luna: I am in paradise!

Shiv: This is amazing! I can't believe that it's so beautiful and so amazing like this.

Apple Bloom: Wow! It's so incredible.

Nico: So who are we here to look for?

Me: We're going to find a Planeswalker named Nahiri the Lithomancer.

Luna: WHAT!? Dude are you crazy!? She is dangerous.

Me: Don't worry Luna. I collected the cards myself too and we can help her out. Lets roll.

We set out into the forests of Mirrodin to find her and it was so vast and filled with many kinds of creatures and more. The plants and trees were all very alien-like and more.

Me: Wow. Look at this place.

Nico: The Forests of Mirrodin. They are amazing.

Shiv: They sure are. I like these trees.

Laney: They are unlike any tree we've seen on Earth or on any planet.

Sam Manson: They sure are.

We then saw a figure up ahead and it was NAHIRI THE LITHOMANCER.

Me: That's her come on.

We went up to her.

Katnappe: (to Nahiri) Hi. Don't bite my head off but are you Nahiri?

Nahiri: (Scornful) That's right.

Me: We're Team Loud Phoenix Storm. We came looking for you.

Nahiri: (Harshly) Why? What the fuck do you want with me!?

Me: Whoa take it easy. We only want to help you.

Nahiri: I don't need your help. I work alone.

Nahiri walked away.

Me: What the hell is up with her?

Nico: No idea but she looks like she has a major vendetta out for someone.

We walked up to her again.

Me: Nahiri you have a major vendetta with someone and it's obviously a massive one.

Nahiri: You wouldn't understand.

Lori: Look, we literally know how you feel?

Nahiri: What do you know?!

Lynn: Well, we know what it's like to be angry at villains. But we've gotten over that.

El Tigre: Really? (to Lori) Because I seem to remember you three yelling at me for sending El Oso to jail the first time. Even though that was before I met you guys.

Lori looked sad at this.

Zak: (to Lola) And don't think I've forgotten how you three yelled at me when I suggested you throw Van Rook in prison so we could get information out of him.

Lola looked away in guilt.

Adrien: (to Lynn) And I remember that you tried to strangle me when I tried to calm you guys down on the day we first met.

Lynn looked down in shame.

Gabriel: Adrien, I think you three have said enough.

Terrosaur: No. I think the three of them have said points. (to Lynn, Lori, and Lola) Have you three really changed? Or is fighting bad guys really just a good excuse for you girls to get pissed off? (to me) And I don't care if you send me to the Warp for saying this. All this needs to be said!

Me: Terrorsaur that was totally uncalled for and you guys are not helping by bringing back bad memories.

Adrien: Sorry.

Terrorsaur: Sorry.

El Tigre: Sorry.

Zak: Sorry.

Me: But Nahiri, you are not the only one who wanted to get revenge.

Nahiri: What do you know!?

Sasuke: I know what it was like to be like you. My entire clan was killed by my older brother Itachi, but I found out later that it was because of the corruption of my village's council that was the cause of it. I was hellbent on getting vengeance and I didn't care about anyone or anything. Until I realized that vengeance was never the answer.

Katara: And I know that feeling as well. My entire tribe at the South Pole was annihilated by the Fire Nation and when I found out who did it, I wanted to kill them in vengeance.

Me: I almost fell prey to vengeance when I found out that 12 years ago, a malevolent alien blossom was out to destroy the entire universe. I vowed that I would get revenge for all the countless people and planets it destroyed in the name of hatred.

Nahiri was shocked. She didn't know that others were like her.

Nahiri: You were like that?

Nico: That's right and luckily they realized that revenge is never the answer. Justice is.

Me: Nahiri revenge is a double-edge sword. If you get your revenge, it will kill you in the end.

Nahiri: What do you mean?

Me: Revenge is a one-way ticket to your own destruction. All it will only do is destroy you.

Nahiri: I think you should be less concerned about me and more concerned about the tension among your team.

Shiv: She's right. How many times have Lori, Lynn, and Lola caused problems because their anger issues? (to me) Terrorsaur, Adrien, El Tigre, and Zak didn't say all that just to hurt the three of them. The last thing we need are repeats of incidents where we first met Mondo and when Nico temporarily left the team.

Me: That's true. But we're doing everything we can to control all that. But that's besides the point. Right now we have to make sure Nahiri doesn't make a terrible mistake and make sure she doesn't go down the same path as some of us once did.

Nico: J.D. is right. Helping Nahiri is top priority.

Lynn: Yeah! We have to help you out.

Lori: That's right. We're not letting those bad memories affect us ever again.

Lola: YEAH! They need to be buried and forgotten.

Lincoln: That's right!

Me: Yeah. Nahiri, we're trying to save you from this vengeance-seeking monster that consumed you. You need to realize that vengeance is never the answer.

Nahiri then felt something stir inside her from what we said. It was like she was seeing that we were right.

Nahiri: You all may be right. But, for all I know, when the time comes, you may not take your own advice.

Headstrong: She's got you there. And given what we just argued about and how some of you guys tried to take out Barodius out of anger on your own, we need to come up with a good plan this time.

Me: First we don't know all about Sorin's background and history. We need to know more about him him before we decide any course of action.

Shun: J.D. is right. We don't know about him and we don't know all about you Nahiri.

Me: That's right. I'm sorry we didn't ask about what drove you to revenge in the first place.

Nahiri: You're right sorry. I'll tell you all about it.

Nahiri told us all about herself and Sorin's history too.

# Nahiri

## The Three Against the Eldrazi

After her spark ignited, Nahiri met the vampiric Planeswalker named Sorin Markov and the two soon became close friends. Sorin saw Nahiri as a metaphorical daughter and the two traveled the Multiverse together and Sorin taught Nahiri how to defend herself. During their travels, they found the Eldrazi Titan Ulamog devouring a forgotten Plane. Seeing the Eldrazi as a threat to the Multiverse, Nahiri and Sorin joined forces with the Spirit Dragon Planeswalker Ugin to stop them. To do this, they planed to imprison the Eldrazi on a plane and someone would have to prevent them from escaping. It was decided that Zendikar, Nahiri's home Plane would serve as a prison of the Eldrazi.

The Three as they called themselves begun to use their magic to deal with the Eldrazi. Sorin used his magic to enhance the appeal of Zendikar's mana to attract the Eldrazi, Ugin used his colorless magic to weaken the Eldrazi, and Nahiri used her lithomancy to bind the Eldrazi. Their plan worked and Ulamog, Kozilek, and Emrakul were imprisoned and the Multiverse was safe. The Three met in the Eye of Ugin and put certain fail-safes to ensure the Eldrazi wouldn't escape. After this, the three parted ways.

## Guarding Zendikar

While Sorin and Ugin left Zendikar, Nahiri stayed and guarded the Eldrazi and would alert Sorin and Ugin if the Eldrazi attempted to escape. She also managed to commune with the other kor and she was content. She also taught the kor how to fix the hedrons. Zendikar's mana managed to attract other Planeswalkers and the demon planeswalker Ob Nixilis came to Zendikar to cause chaos and to cure himself of his demonic curse. Nahiri interfered with Ob Nixilis's plan by inserting a hedron on his head. This item severly weakened the demon and Ob Nixilis retreated.

After centuries of guarding the Eldrazi, Nahiri began to long for death. She trapped herself in a cocoon made of stone and slept for many more centuries. During this time her teachings were misinterpreted and she and the Eldrazi Titans were viewed as gods.

When vampires made a shrine on the hedrons, some of the Eldrazi brood managed to escape. Nahiri activated the signal, defeated the Eldrazi, and fixed the hedrons. To her suprise, Sorin and Ugin never appeared. Fearing that her friend was in trouble, Nahiri Planeswalked to Innistrad to find Sorin.

## Imprisoned on Innistrad

After arriving on Innistrad, she discovered that Sorin was fine. She asked why she didn't come to her aid and Sorin told her that the signal never reached him and was blocked by the Helvault. Not happy with the truth, she tried to convince Sorin to help her monitor the Eldrazi. Sorin however wanted to protect his home Innistrad first and told Nahiri to find Ugin(whom Nahiri didn't trust). Now angry and feeling betrayed, Nahiri threatened Sorin with violence if he didn't help. Sorin's angel Avacyn intervened and the two briefly fought each other. The battle ended with Sorin imprisoning Nahiri in the Helvault.

For 6,000 years, Nahiri was trapped in the Helvault with numerous demons who tortured her and drove her insane. Ironically, Avacyn was trapped in the Helvault as well thanks to the demon Griselbrand. She would eventually escape when Liliana Vess forced Thalia to destroy the Helvault to free Griselbrand. Nahiri planeswalked to Zendikar only to find the Eldrazi free and devouring her world. At that moment, Nahiri vowed to have her revenge on Sorin and on Innistrad.

## Revenge

Once she returned to Innistrad, she went to Markov Manor and tore it apart. She also imprisoned all of the vampires in the manor's wall. They were still alive, but they were forced to suffer eternal pain. While executing her revenge, she was worshiped by many of Innistrad's humans(some of which thought she was a vampire). She created artifacts called cryptoliths to channel Innistrad's mana to summon Emrakul. She even recieved help from Gisa and her zombies. When Avacyn was unmade by Sorin, Emrakul came to Innistrad and started transforming the inhabitants into Eldrazi mutants. Sorin went on a campaign of vengeance to stop Nahiri permanently and hired the vampires of the Voldaren bloodline to help him. Sorin and his vampires fought against Nahiri and her cultists. Sorin and Nahiri clashed and were evenly matched. Sorin thought he claimed victory when he subdued Nahiri and drained her blood but Nahiri used her magic to bind Sorin to a wall. With her victory, Nahiri Planeswalked away.

## Ravnica

Nahiri was summoned to Ravnica because of Nicol Bolas. To her surprise, Sorin escaped from her wall and the two clashed yet again. While the two didn't play a major role in the story, it is known that Sorin and Nahiri managed to put aside their feud and fought against the Dreadhorde. They were present during the final stand against Bolas and both survived the war. It is unknown what became of their relationship after the war.

## Zendikar Rising

During the events of *Zendikar Rising* Nahiri decided to sponsor the Sea Gate Expeditionary House, as means to acquire artifacts found in the Skyclaves. She intends to use them to stop the Roil, Zendikar's perpetual storm that serves as its defense mechanism. She would eventually find a useful artifact in the lithoform core.

Initially she asked for Nissa's assistance in retriving the core of the Akoum Skyclave. But after Nissa witnessed its effects on organic life, she feared the core's power. Fearing that Zendikar's plants, animals, and elementals would be harmed, she turned on Nahiri and they fought until Nissa Planeswalked to Ravnica. Reading the runes in the Skyclave revealed that in order the unlock the core's full power, she must obtain the other portion in the Murasa Skyclave. Figuring she would need a team for the this mission, she traveled to the Sea Gate Expeditionary House to gather the greatest adventurers she could find.

Her party consisted of the skilled kor climber Akiri, the trickster merfolk Zareth san, the fire wizard Kaza, and the knowledgeable kor Orah. The group made the arduous climb to the location of the core. Once she found it, the group was immediately attacked by an elemental. After trying to escape, Nahiri used the core to destroy the elemental, but Zareth was killed in the process. Mourning the death of her friend and heeding his warning about Nahiri, Akiri attempted to take the core so Nahiri couldn't harm others. Nahiri paralyzed Akiri with a nearby hedron, reclaimed the core, and pushed Akiri to her death. Little did she know that Akiri was saved by Nissa and Jace.

Nahiri's next task was to bring the core to the Singing City to escape Nissa and Jace. It became known how the city got its name when Nahiri was overwhelmed by the melody played throughout the city. Thanks to Jace, the song was muted enough to not be a problem and the two came to some kind of agreement. Nahiri explained that the city had a focal point where should use the core's power to terraform Zendikar with the use of the Plane's leylines. Jace proposed a deal to not interfere with Nahiri's plans if Jace could study the core on Ravnica to see how it worked. He was intrigued by the core and wanted to know if it could heal other Planes was well.

Nissa arrived shortly after and destroyed the focal point with her elementals. Believing her friend had betrayed her, she prepared her elementals to battle her former friends. Nahiri, started to reshape the world to her desire which was an action that the others felt emulated the Eldrazi. The two fought and Nahiri was surprised at Nissa's elemental prowess. She was captured by element griffins and other beasts which kept Nahiri on the defensive. Even after forging over 50 swords, Nahiri was seemingly overwhelmed by Nissa's forces. Realizing that brute force would end poorly, she decided to retreat back to the city to save herself. Jace fallowed her back and once again tried to reason with her. But nothing was going to change her mind and she immobilized Jace. Jace figuring that this would happen conjured an illusion of Sorin to distract her while he controlled Nahiri's mind. He took the core from Nahiri and forced her to allow Nissa into the city. Jace attempted to make amends with Nissa but she took the core and planned to destroy it. Before she could, the core spoke to her and told her to used it's power. While using elemnetal to keep Nahiri at bay, Nissa used the core and the desolate regions of Zendikar were quickly starting to heal. Wanting to see how her world looked now that Plane was finally being restore, she set off to explore the Plane. After Nissa left and used up the power of the core, Nahiri was upset that Nissa used it instead of her. Jace felt terrible for his actions wanted them to apologize but

Nahiri shifted the blame to Jace. After this bitter discusion, she Planeswalked away.

## Sorin Markov

Sorin is a white and black-aligned vampire planeswalker from the plane of Innistrad and a master of sangromancy, a dark corner of black magic.

Thousands of years ago Sorin's grandfather, Edgar Markov, was an alchemist. Famine in the land that would become Stensia forced Edgar's hands and lead him into dark experiments, areas that he eagerly explored.

Making a deal with the demon Shilgengar for the secrets of sangromancy, Edgar created a blood ritual which granted agelessness and the ability to subsist on blood. When Edgar anointed Sorin with the same vampiric state the trauma of the transformation caused Sorin's planeswalker spark to ignite.

## Creation of Avacyn

Over the centuries, as vampires spread further into human lands, Sorin spent more and more time away from his homeworld, sometimes disappearing for years at a time. Vampires became disdainful of the race from which they had spawned, hunting mortal humans more and more boldly, and Sorin became distant from his own lineage. From his world-hopping perspective, he could see the changes on his homeworld. As the vampires gained more and more power, the humans were being driven further and further back, suffering under the boots of his grandfather's legacy, and it would only be a matter of time before the vampires wiped out their former kin.

In order for humanity to survive and to keep vampires from cannibalizing each other once humanity perished, Sorin committed something that forever marked him as a traitor to his race. Borrowing from long-held beliefs about the moon and the afterlife, Sorin forged a warrior who could hold back the vampires and other threats that threatened the extinction of humanity on Innistrad.

He named this creation Avacyn and tasked the angel with protecting the plane in his absence. Through her, the magic of faith would create true power to fend off the darkness. So, the church was born from Sorin's act, and while some of the vampires understood, most reviled him as a traitor.

## Imprisoning the Eldrazi

At some point in the long distant past, Sorin's attentions were drawn to the Eldrazi, aether-born monstrosities that consumed one plane after another. Sorin decided to ally with two other planeswalkers and defeat these abominations. An unnamed lithomancer would force the Eldrazi to take physical form, Sorin would use his life leeching magic and Ugin would defeat them with his own brand of colorless magics. But the plan went awry; the Eldrazi were forced into physical form, but the three planeswalkers weren't powerful enough to defeat them.

The three were forced to compromise. Instead of killing the Eldrazi, Sorin lured them onto Zendikar where they imprisoned them. Unfortunately, this doomed the plane and its inhabitants but saved the multiverse. The three agreed that if the results of their ritual were ever disturbed, all three would return to Zendikar, and they departed.

## Return to Zendikar

Some millennia later the Eldrazi managed to free themselves from their prison ethereally but not physically. Unable to depart, they started to consume Zendikar from within. Feeling the seal weakening, Sorin returned to the plane to imprison them once more. However, his fellow planeswalkers were nowhere to be seen.

Unbeknownst to him, Ugin had been captured or killed at the hands of Nicol Bolas, who was eager to see who would answer the call of Ugin after the Eldrazi Brood were freed by Sarkhan Vol, Jace Beleren and Chandra Nalaar. Sorin was forced into action and allied himself with Nissa Revane, an elven planeswalker shortly after arriving on Zendikar. Almost immediately he was beset by the Eldrazi Brood and after dismissing them with a simple spell, he liberated the vampiric slave Anowon and demanded that the two take him to the Eye of Ugin.

Sorin and companions traveled to the nearby Graypelt Refuge to meet with a compatriot of Nissa's, a merfolk named Khalled, and gain supplies for their long journey to Akoum. Khalled gave them what support he could, including a piece of the puzzle tower Tal Terig so that they could find their way. The trio descended into the Makindi Trench and after avoiding The Roil several times, encountered an enormous band of Kor refugees. Shortly thereafter, they encountered a Kor of another kind. A babbling Kor woman traveling with a large group of goblins. Sorin and company shared their camp fire with the woman, who would only speak in bursts of ancient languages which fascinated both Sorin and Anowon. The Goblins told them that the woman was named Smara and that she was a "witch vessel" for a spirit trapped in the crystal she was carrying. They were also on their way to the Eye of Ugin, and Sorin suggested they travel together.

Eventually the mismatched group came to the Piston mountains and Zulaport beyond that. The trio decided to stay the night in Zulaport and find some way to cross the ocean in the morning, but a vampiric death attributed to their group led to them fleeing to the sea. Nissa stole a boat and summoned a massive behemoth to swim the ocean and pull the boat behind it. The party soon regretted their hasty departure, as whatever food was on the boat was soon exhausted and the goblins traveling with them began to vanish one by one. Nissa could not sleep without allowing the behemoth to be dismissed and with no food or sleep, she was forced to repeat her hard learned Joraga fasting mantras to survive. During this time, Sorin finally told Nissa the nature of their mission as well as admitting to being a walker much like her. Sorin told her that the great gods of the past, and the progenitors of the brood, the Eldrazi Titans were bound beneath Akoum long ago, and it was his mission to make sure they stay that way. The next morning, they approached the beaches of their destination.

It was a hazardous landing as the compatriots were to learn. The bays of Akoum were littered with shipwrecks and crystal reefs, but the greatest threat came from the Moon Kraken that ruled those waters. Brinelin demanded tribute from their boat, and Sorin casually killed one of the remaining goblins to satisfy the great creature. That tribute was found lacking, and Sorin had to reveal more of his true nature to the creature. Brinelin remembered Sorin, and was somewhat terrified to find him returned after so long, but would not let them pass. Since Sorin's intimidation had failed, Nissa gambled that her diplomacy might work. She spoke of Sutina, who had been friends with the kraken, and told Brinelin of her death. Greatly saddened by the news of his friend's death and discouraged by the return of the brood, Brinelin finally acquiesced to lead them safely through the crystal reefs.

The party soon approached Tal Terig, which was surrounded by brood, and found themselves captured by elves Nissa had never seen. They were the keepers of Ora Ondor and planned to sacrifice the group so that their sacred Kolya fruits would grow. In their madness, they had underestimated the brood, and Ora Ondor came under siege by the brood. Nissa and what remained of their party, now greatly diminished to a single goblin who travelled with Smara and the trio, escaped during the confusion and as they fled, Ora Ondor fell.

The goblin, whose name was Mudheel agreed to lead them all to the Eye, for his knowledge of Akoum was better than that of Anowon, but without supplies the group soon fell to dire straits. They were saved, after finally collapsing in the wastelands, by a water scout who altruistically shared his spoils with the group. Anowon killed the man with Sorin's permission to satiate his hunger which left Nissa aghast. The small band became aware that they were being followed after this incident, and they were finally ambushed by an army of Nulls under the direction of two vampires later that night. Nissa fell during the combat, and awoke as a prisoner of the vampires. They told her that they were hunting the Mortifier, who Nissa mistakenly believed to be Anowon. They carried her for several days, all the while leaving Nissa wondering why they had left her alive, before her allies rescued her. When she tried to approach Anowon about what she had learned, he told her that she was mistaken and the true extent of Sorin's nature came to light.

Once the group arrived at the Eye of Ugin, Sorin's plans abruptly changed from what Nissa had promised. Instead of helping Sorin reinforce the spell containing the Eldrazi, she shattered the main Hedron and released the enchantment imprisoning the titans. Nissa thought the titans would flee, that they would leave Zendikar far behind them. She was wrong, and Sorin washed his hands of the foolish elf and the entire plane, choosing to go about his own business once more since Nissa wouldn't heed his instructions.

Search for Avacyn

Sorin, after having lost Nissa's dogged trail, returned to the dark world of Innistrad where his family resides. What he found upon his return shocked him. While away, his guardian, his hopes made flesh, had vanished. Now, the world he sought to protect so long ago has turned on itself, tearing apart the institutions Sorin himself had helped to establish. With only grim determination, Sorin has begun searching for his lost angel, slaying any who would stand in the way of his answers.

---

We gasped in shock!

Me: Sorin did all that to you!?

Nahiri: Yeah.

Me: Okay I'm confused. It says that Sorin is a good guy but he's also a mortally conflicted guy.

Nico: Boy that is confusing.

Lincoln: Yeah.

Lola: Maybe he is having problems with darkness in his heart like some others we know.

Lori: He just might be.

Me: That must be the case. But maybe we can destroy the darkness in him like we did to so many others.

Starlight Glimmer: That's a good idea.

Nico: Yeah!

Riddler: Riddle me this: where do we even find Sorin?

Nahiri: I know where he's at.

Luna and Nahiri: Shivan Gorge.

Lola: Isn't that place a volcanic gorge flowing with lava?

Luna: It sure is.

Me: This is gonna be rough.

?: Looks like you all need some help.

A woman landed and it was Kaalia of The Vast!

She had red hair and dressed in black clothes and had 2 sets of wings. One set was an angels wings and the 2nd set was demons wings.

Me: Whoa! Kaalia of the Vast.

Kaalia: It's an honor to meet the famous Team Loud Phoenix Storm. I've heard so much about you all.

Me: Pleasure is ours.

Kaalia: Looks like you all need help taking down Sorin Markov.

Nico: We sure do.

Kaalia: I'll gladly help you all.

Me: Awesome. Lets head out.

We were off to Shivan Gorge and it was gonna be a big and deadly fight.

Heckyl: Look, Nahiri, if you want to hug one of us to let out all your emotions right now, you can.

Nahiri had tears going down her face and for the first time in thousands of years she hugged me and cried hard into my chest.

I comforted her.

Eli: Poor girl.

Nico: Yeah. She went through hell.

Laney: When we kill Sorin, she will get her justice.

She was really crying hard.

Varie: Poor girl.

Rainbow Dash: Yeah.

Kaalia: Sorin will pay big time for his crimes 100-fold.

Vince: Worse. He will be Super-Hakaied for his crimes over the eons.

Carol: You got that Vincey.

Nico: First we have to purify him by relieving him of his darkness and then we'll Super Hakai that.

Kaalia: That's a good idea.

Carol: It sure is.

We later arrived at Shivan Gorge and it was a really dangerous volcanic gorge and it was really scary.

Me: Whoa. So this is Shivan Gorge. It looks so much like planet Mustafar.

Anakin: I was just about to point that out.

Laney: It sure looks scary.

Lana: Yeah.

We saw a figure on a rock overlooking the river of lava.

Me: That's him. Okay here's my plan.

I had everyone huddled and my plan was for Comic Book Guy to face Sorin and talk to him and distract him long enough for us to make an entrance.

Comic Book Guy went up to him and talked to him.

Sorin: So you came with Team Loud Phoenix Storm.

Comic Book Guy: Yes I did.

Sorin: Do you really think you can trust your new friends? One day, when we wake up, they're going to end up in charge.

Comic Book Guy: Look around. Do you see anyone in charge? We're just doing our job to help people.

Sorin: Really? You think you can beat me all by yourself? I have more skills than 500,000,000 of you.

Comic Book Guy: Oh really? We'll see about that when my friends take you down.

Sorin: You and what army?

Comic Book Guy: Me and THIS army!

KRRAAAAABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

In a massive explosion of light, darkness and fire with a phoenix cry, angel song and a dragon roar that followed we landed by him.

Me: Sorin Markov, so we meet at last.

Sorin: The famous J.D. Knudson of Team Loud Phoenix Storm.

Me: You will pay for all your crimes. Justice is inevitable.

Nahiri: You ruined my life Sorin!

Me: And you will face the divine light of justice for Nahiri's misfortunes. But firstly this.

I fired a wave of light and it hit Sorin and he screamed in pain as a blob of darkness came out of him and separated from him and the good version fell to the ground exhausted and Kaalia took him over to us. The blob of darkness turned into another Sorin but with red eyes. It was EVIL SORIN!

Me: Now we can destroy you for good.

Lady Shiva, Aqueduct, The Dark Turtles, Mojo Jojo, Man Ray and Ssserpent then appeared.

Me: Lady Shiva, Aqueduct, The Dark Turtles, Mojo Jojo, Man Ray and Ssserpent.

Dark Leo: Hey guys.

Man: Good to see you all here.

Shiva: It really is amazing that we're in the world of Magic the Gathering.

Maria: (laughs) It sure is, isn't it?

Aqueduct: I used to collect those cards before I met you all back when I was a kid.

Dark Mikey: (to Nahiri) Sorry about what happened to you, babe.

Dark Raph: I hope you snap Sorin's neck for what he did!

Me: It's the Evil Sorin we want to kill.

Nahiri: It'll take more than snapping his neck to kill him.

Me: We have to kill him through Total Obliteration.

Evil Sorin: (To the Masters of Evil) Hey I thought you all were villains! Not friends!

Dark Leo: We wouldn't help you even if we wanted to.

Dark Donny: That's right you fucksack so just shut up!

Me: Yeah and let us kill you!

Gineka, Chiaggo and Delapoo appeared.

Me: Gineka, Chiaggo and Delapoo. The Gentleman Trio.

Delapoo: Indeed chap.

Jack Landors: (to Gineka, Chiaggo and Delapoo) Thanks for helping us take Clockwerk down.

Gineka: No problem.

Chiaggo: (to Bridge) Did you take my advice on drinking coffee to stay awake, Green Ranger?

Bridge: I sure did. Even though I don't like coffee it helps a lot.

Me: It takes a while for you to get used to it.

Lori: Yeah it's an acquired taste.

Laney: Yeah.

Eli then senseds something.

Eli: LOOK OUT GUYS!

We saw bombs coming and we got out of the way as they hit the ground and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOMMMMMMMMMM!
KRABBBBBBBOOOOOOOOOOOOOOOOMMMMMMM!
KRABBBBBBBOOOOOOOOOOOOOOOOOOOMMMMMMMM!

We then heard maniacal laughter!

Batman 2039: I know that laughter!

A figure came out and it was Batman 2039's enemy Stanley Labowski A.K.A. MAD STAN!

---

**Stanley Labowski**, or better known as **Mad Stan**, is an antagonist in the *Batman Beyond* episodes "Rats", "Eyewitness", and "Countdown". Mad Stan is also mentioned in the *Batman Beyond* episode "Babel". He is a parody of extreme activism - prone to insane rants about how corrupt society is he seeks to "improve" the world by (in his own words) "blowing it up".

He was voiced by Henry Rollins.

Past

At some point in the futuristic Gotham, Stanley Labowski became convinced that the system had become corrupted by bureaucracy, and people inhibited by technology and information overload. Stan figured that the only solution was to start anew by blowing it all up.

He armed himself with a wide spectrum of explosives and ran amok against the "Man". However, despite Stan's maniacal personality, he did have a softer and caring side. He adopted a pet Chihuahua which he tenderly cared for. Stan befittingly named the dog "Boom-Boom" and used him as an early warning system.

According to Bruce Wayne, Mad Stan was unstoppable when on a rant, which was generally triggered by something on the news.

*Rats*

Mad Stan appears later in the episode causing chaos in the Gotham Public Library and comes into conflict with Batman. Mad Stan tells him that he believes that Gotham is falling apart due to an information overload and then fights Batman. However, he is eventually defeated.

*Eyewitness*

Mad Stan would later reappear during the re-election campaign of D.A. Sam Young. He makes his appearance known as he barged into the ball room, where Police Commissioner Barbara Gordon was hosting the gala, and attempts to detonate the entire facility. Batman confronts Stan and fights him. Stan had rigged the entire facility with explosives, and blew up a few in his getaway. In the rooftop parking lot, he threatened to detonate the entire floor, but Batman promptly disarmed the bomb and knocked Stan unconscious. However, Spellbinder, who was lurking, generated an illusion that made Barbara Gordon see Batman murdering Stan in cold blood. Then, while Batman was being hunted down by the GPD, Spellbinder took Mad Stan's unconscious body and trapped him in a VR Room. There, Stan experienced his long sought dream: demolishing the Gotham City Hall. Eventually, he was found by the Police and presumably taken into custody.

*Countdown*

Eventually, Stan went back to his usual agenda. He assaulted the World Science Symposium and caused havoc. He was intercepted by Batman but in the midst of the confusion, Stan eluded capture. Later that night, he stumbled upon Agent Bennett and some federal agents who were in pursuit of Zeta. However, deceived by its human disguise, Stan intervened and saved Zeta from the government's grip. Stan headed back home, where he found out, thanks to Boom-Boom, that Zeta was in fact a robot. Paranoid, Stan deduced that it was part of a conspiracy to get him. Decided to turn the tables, Stan strapped a time bomb to Zeta's back and led him to the Department of Health. Stan wanted to blow it up to hinder the planned raise of taxes for pet licenses.

Stan had anticipated that Batman would track him down, so he left him a message and sedated himself, in order to avoid any kind of interrogation. In the recording, Stan gloated and taunted Batman, daring him to find Zeta until midnight, when the time-bomb was set to explode. Stan's plan was almost successful, but Batman eventually managed to thwart it. Afterwards, Stan was never seen or heard from again, making his ultimate fate unknown.

---

Mad Stan: (Laughing Maniacally)

Me: Stanley Labowski A.K.A. Mad Stan, the most fucked up mad bomber next to the Mad Bomber that terrorized New York back in the 1940s and 50s!

Mad Stan: That's right and I'm gonna blow you all up!

Me: Now if we fuck you up first you explosive fuckmonger!

RD Lincoln: Yeah!

Mad Stan: Why are the Royal Defenders with all of you?

Akira: (sighs) You know what? I'm actually still asking myself that same question.

Me: Because they were possessed by dark magic Stan and it's none of your fucking business you fucked up freak!

Mad Stan: What the fuck did you call me!?

Eli: You heard him you anarchist monster!

Me: Also we're going to kill you Mad Stan and how did you know we were here?

Mad Stan pulled out a Number Card and it was NUMBER 45: CRUMBLE LOGOS THE PROPHET OF DESTRUCTION!

We gasped!

Eli: Number 45: Crumble Logos the Prophet of Destruction.

Kaalia: I've heard about the Numbers and how dangerous they are.

Eli: They are really dangerous.

Kaalia: And I brought some friends to help out. (Whistles)

Akroma the Angel of Wrath, Lightning Angel, Angel of Condemnation, Angel of Fury, Angel of Destiny, Angel of Light, Angel of Salvation and many angels.

Me: Whoa! Many Angels from all over!

Nico: So cool!

Me: Lets get them guys!

Dark Don: (to Hulk) You can answer this question in your own way but… is it possible for Ross to come back as a Red version of you?

Hulk: Hulk think it strong possibility.

Applejack: Who will come back now?

Scorponok: Oh that's right you weren't told about this but Betty Ross's father General Thunderbolt Ross has been trying to kill Bruce Banner for a long time and he would stop at nothing until he did.

Terrorsaur: Yeah but luckily we caught him before that happened.

Apple Fritter: Why does General Ross what to kill the Hulk so bad?

Scorponok: Because he thought he was a danger to the entire country. Nico told us all about it. But it was before he joined us and we became Team Loud Phoenix Storm.

Julie: Wow! That's crazy! But wait wasn't he executed for Treason?

Terrorsaur: Yes he was. For hiring HYDRA to kill try and kill Bruce and for going against the President's back several times.

Another awesome fanfic done.

Magic The Gathering has been one of my favorite card games since I was a kid and the artwork of the cards is incredible. The people that drew all that art really deserve 10 stars for great artwork. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this. Thanks guys. Get ready for an awesome and incredible undersea rescue adventure as we help Merryn of the popular PS4 game Song of The Deep rescue her father in an incredible underwater adventure. We're going to have an awesome time of our lives with that one. It's all about exploration before the war with King of Rave Master.

See you all tomorrow.

# Rescue From The Deep

In the estate we were getting ready for a special treat. We were gonna get our very own Bakugan. After seeing the Bakugan in action and how Dan and his friends did it with their Bakugan and learning so much from them and more, it was gonna be so cool for us to have our own Bakugan.

Alternate Chrysalis: Are you guys excited to get your own Bakugan?

Me: We sure are and it's gonna be so cool!

Eli: I already have an awesome Bakugan. Scorch Skyress.

Shun: I'm amazed that you have a Pyrus version of Storm Skyress, Eli.

Eli: I know. It's a long story.

Nico: This is gonna be so cool!

Laney: It sure is and I can't wait to see which Bakugan I'll get.

Lana: Me too!

Lola: Same with me.

Everyone nodded in agreement.

Me: This is gonna be awesome.

Eli: Who wants to get a Bakugan first?

Me: I will since I'm the leader.

Nico: Okay then.

Dan threw one to me and it opened and it was PYRUS ALPHA HYDRANOID!

Me: WHOA! A Pyrus Alpha Hydranoid.

Pryus Alpha Hydranoid: That's right. Pleasure to meet you J.D. It's gonna be so cool to work with you.

Me: Same here.

Dan gave me an awesome Ability Bracelet and it was gonna be so cool.

Julie: Here's your Bakugan, Nico.

Julie threw him new Bakugan and he got a Darkus Robotallion and Subterra Mantris.

Nico: WOW! A Robotallion and a Subterra Mantris!

Me: So cool!

Offroad: Maria, which Bakugan do you want?

Maria: A Sirenoid.

Marucho gave her a Sirenoid.

Maria: Awesome!

Sideswipe: What about you, May?

May: An Aquos Monarus.

Marucho: That's a good choice. Here you go.

Marucho gave her an Aquos Monarus and it was beautiful.

May: Awesome!

Nico: Cool.

Nico kissed her on the cheek.

Manaphy: Yay Mama!

We got lots of awesome Bakugan and it was amazing. Everyone will show them off when the times come.

---

Later, some of Twilight Sparkle's students Yona the Yak, Smolder the Dragon, Gallus the Gryphon, Silverstream the Hippogriff, Sandbar and Ocellus the Changeling were leading us to a special that was right inside the ruins of the castle of the two sisters.

Sandbar: You guys are gonna love what we have at the Castle of the Two Sisters.

Yona: We almost there.

We arrived at the castle ruins and inside the castle was an unbelievable sight. It was a beautiful and magnificent crystal treehouse.

Me and everyone: Whoa.

Nico: Wow! What a treehouse.

Smolder: This is the Treehouse of Harmony. It's our special hangout.

Gallus: It was formed after we tried to make our own clubhouse from the destroyed Tree of Harmony.

Varie: Wow! That is amazing.

Laney: It sure is. It's so beautiful.

Lola: It sure is.

Silverstream: Thanks to us the spirit of the Tree of Harmony will live on for many generations to come.

Me: That's amazing! Just like us, your friendship will go a long way.

Ocellus: It will.

Me: Yes it will.

We went inside and we were shown around and it was amazing. It had everything they liked and needed for fun and all that.

---

We were in our special submarine as it was going 50 feet below the surface of the water.

Threatpack: So, who are we killing this time?

Me: We're not killing anyone this time. We're rescuing someone.

Threatpack: That's just as good.

Me: Our Oceanic Scanning Radar picked up a distress signal coming from the bottom of the Atlantic at coordinates 14.5994° S, 28.6731° W.

Nico: All the way down there? So that's why we're in our special submarine.

Me: Yep.

Varie: I hope whoever it is can survive down at that depth.

Me: Me too.

Mojo Jojo, Aqueduct, Shiva, Dark Turtles, Man Ray and SSSerpent appeared.

Mojo: Can me, Aqueduct, Shiva, Dark Turtles, Man Ray, and SSSerpent accompany you all?

Me: You all sure can. This is the first ever underwater mission you all ever did and Man Ray knows the sea very well so he doesn't need to be in a submarine.

Man Ray: That's a good point.

Me: Open the hatch.

Nico opened it and Man Ray dove into the water.

Me: That's so cool. Neptune Crusaders, Eli, Ariel, you can go with him.

Varie: Roger that.

They jumped into the ocean and were swimming beside the submarine.

Lincoln: That's so cool.

Me: It sure is.

Andrina: We better go too.

Arista: Good idea.

Ariel's sisters went too.

Nitro Man: (to May, Yumi, Gwen, Sarah, Tara, and Jen) The 6 of you should shark out for this.

Gwen: Good idea.

They took off their clothes and had only their leotards on and then they dove into the water and turned into their Shark Gene-Slammer forms.

Tara: So awesome!

Gwen: Yeah!

Me: Ocean Gene-Slammers, you can go with them.

Olga: Okay.

Dayna: Lets do it!

Yuna: Yeah!

The Ocean Gene-Slammers followed and they turned into creatures of the ocean. Yuna discovered that because she is part Viperfish that she has bioluminescent patches on her sides.

Yuna: Wow! I didn't know my sides could glow.

Dayna: Those are bioluminescent patches on you. Heidi taught about that to me.

Yuna: Wow!

They swam beside the sub and it was awesome!

Aqueduct: I think my powers could come in handy here.

Aqueduct dove into the water and we saw that he can breathe underwater too.

Me: Wow. So awesome.

Nico: We have a lot of us that can breath underwater.

Lola: We sure do.

Lola was watching the radar and she saw a sonar blip.

Lola: There's a small submarine vessel 300 meters below us.

Me: Lets get closer and bring it aboard. Take her down.

The dive alarm sounded and we went down. We were down at 900 feet down.

Riku: It's quiet. Too quiet.

Me: We're close to the bottom of the sea.

Lola: We're right on top of the small submarine.

Me: Open aqualock port.

Luan: Aye aye captain.

Luan opened the door on the bottom of the sub and the little submarine went in and the door closed.

Me: Drain water. Nico, Lincoln, come with me.

Nico: Right.

We went to the Aqualock and went in after the dock was drained and we saw the submarine we have inside and it was a makeshift crafted submarine.

Me: Wow. Someone made this sub by hand.

Nico: Whoever did it crafted it really well.

The hatch of the sub opened and our came a girl at 12 years old ad she saw us.

Girl: (Scottish Accent) Oh hello there.

Me: Hello there.

Girl: (Gasp) Wow you are Team Loud Phoenix Storm! It's an honor to meet you lads.

Me: Pleasure is ours.

Merryn: Sorry my name Merryn and I came down here to find my father. He disappeared and I'm trying to find him.

Me: Pleasure to meet you Merryn and we can gladly help you find your father.

Merryn: Thank you all so much.

Me: You're welcome.

We went back to the bridge and Merryn told us everything that happened.

Nico: So your father didn't come home and went missing?

Lincoln: That's awful.

Merryn: I know. But I'm trying to find him so we can be a family again.

Me: We'll do our best for you.

Laney: Don't worry Merryn we'll find him.

Me: Lets dive further.

Jared: Aye aye dad.

Jared had the sub dove further and we went further down into the abyss.

Man Ray: I knew me living in Bikini Bottom would pay off!

Varie: It sure did Man Ray. Wow.

Ariel: It feels good to be back in the water.

Melody: I'm loving it mom.

Eli: It's so awesome.

Varie: I'm still amazed that you are able to breathe underwater like this Eli. Your Ferine heritage is amazing.

Eli: I know. It's so cool.

Girl Jordan: It sure is.

Luna: It's rockin dudes.

Gali: What is really amazing is that we're swimming next to a submarine we built.

Nokama: That is so cool.

We were amazed at how beautiful the ocean is at this depth.

Heat Man: I just hope my powers can still work this deep underwater.

Me: Well you do represent fire but I remember using my powers to make all fire robots waterproof.

Lola: Captain J.D. we have a huge blip off the port bow 100 meters southwest.

Me: Open viewing window and turn on lights.

Jared: Aye aye dad.

Jared opened the dome and turned on the lights and we saw a magnificent sunken ship. It was an old 18th Century Pirate Ship.

Me: Wow!

Jessie: It's an old pirate ship from the 18th Century.

Me: Lets get closer.

We did so and we saw that the ship was the Ivory Web, an old British Pirate ship that was sunk over 300 years ago and it was the ship of the notorious Black Jack Lee.

Jessie: I don't believe it! It's the Ivory Web.

Laney: Wasn't that an old British Pirate ship that was sunk back in the 1700s?

Jonny Quest: It sure was and Black Jack Lee sunk it.

Jessie: Black Jack Lee!? He was a infamous pirate captain for this ship over 300 years ago.

Jonny Quest: That's right and his ship had a huge treasure and he vowed to make sure no one got his treasure.

Me: I remember reading about that. Neptune Crusaders, see if you can go get this ships treasure and bring it all aboard.

Varie: Got it.

The Neptune Crusaders went on board the ship and it was amazing.

Pip-Squeak: (British Accent) Wow. This is so cool seeing all this underwater.

Twilight Sparkle: You should see what the land of Seaquestria is like. It's amazing.

The Neptune Crusaders came back and got the treasure of Black Jack Lee on board the submarine and it was loaded with gold, jewels, silver and more.

Applejack: Wow! What a find!

Me: And it's a priceless find from 300 years ago. Amazing.

Laney: A treasure like this belongs in a museum.

Lincoln: Yeah!

Me: We'll have to give this to the the national history museum.

Laney: I remember reading about Black Jack Lee. His last words before he perished at sea were "In Life or Death, No one shall have what is Black Jack Lee's."

Me: Those were ominous words.

Nico: Yeah. Black Jack Lee was the most ruthless pirate from England.

Jack Sparrow: And a really dangerous one too mate.

Lincoln: Sounds like it.

Dark Leo: I agree with Riku. It's almost too quiet. Maybe there are sea monsters waiting to attack us here.

Me: If we see any we'll know.

Laney: J.D. the underwater microphones are picking up something unusual.

Me: Lets hear it.

Laney put it on speaker and we heard it and it sounded like a pod of whales.

Me: That sounds like a pod of whales.

Nico: I don't think that's whales.

Merryn: It's weird whatever it is.

Lana: And I think we found the source of that sound! Look!

We saw an incredible and mysterious amphibious quadrupedal creature that had a whale fin at the end of its tail, had lightning coming out of its whiskers, and it can breathe underwater and it had spines on its back and had sonar powers.

Me: WHOA!

Nico: Wait a second. I know those creatures! They are the creatures from Surface.

Shanan and me gasped.

Me: I remember watching that show with my mom. It was really freaky.

Shanan: I remember hearing about that dad and those creatures are really Metriornycan Sea Dragons.

Qin: What is a Metriornycan Sea Dragon?

Shanan: They are aquatic amphibious creatures that come from the distant planet of Metriornyca in the Cartwheel Galaxy. They are a powerful race of sea dragons that have incredible powers. They can control the weather, breath underwater, heal instantaneously from any injury, and even bestow their power to another creature.

Me: WHOA!

Lincoln: We have a creature from over 500 million light-years away from Earth here in our oceans!? That's incredible!

Lola: Amazing!

Dreamcatcher: Don't make a sound. If we stay quiet, it won't spot us.

We stayed quiet and the submarine went by them. But the creatures weren't even paying attention to us as we drove the sub by. We got by them safely.

Me: Whew. That was a close one.

Shanan: No kidding. It's just so cool seeing them here on Earth in our oceans.

Laney: Wait a second. Wasn't the entire town of Wilmington, North Carolina completely submerged underwater when a massive tsunami that came ashore.

Me: As a matter of fact it was and that was terrible.

Shanan: Not only that but these creatures put an incredible strain on the planet's ecosystem back then.

Me: I remember that. That was rough.

Ssserpent: We still have to find Merryn's father.

Me: I know. Lets keep searching.

Merryn: Oh dad. Where are you?

Laney put her hand on her shoulder.

Laney: We'll find him Merryn. We'll find him.

Then all of a sudden we heard singing. It was divine singing.

Me: Hear that guys?

Nico: Yeah I sure do.

Vince: That singing is divine.

Scotsman: (Scottish Accent) Sounds like someone stepping on a cat. Sounds like someone stepping on a lot of cats.

Carol: Oh no. It's the legendary call of the sirens. I've read about this.

Merryn: Yeah I know this call.

Me: And my mermaid sense is going haywire.

Jared: And I see where they are.

Jared pointed and we saw 4 mermaids singing divinely.

Merryn: Wow! Mermaids.

Merryn got close to the viewing dome.

Shanan: What's she doing?

Me: Shh.

A mermaid came up to Merryn and the Mermaid put her hand on the window and Merryn put her hand on the window where the Mermaid's was and Merryn heard the mermaid's thoughts.

Merryn: She knows where my father is!

The mermaid told us to follow her.

We followed the mermaid and she lead us to a massive ruined city at the bottom of the sea! It was really the REAL Lost City of Atlantis. After 10,000 years we found it!

We gasped!

Me: WHOA!

Nico: I don't believe it!

Brittney: It's the REAL Lost City of Atlantis!

Me: But that's impossible! This is completely different from the Atlantis we know.

Nico: Yeah. And from the one that you all saw when you killed Dartz.

Chomp Chest: I can't believe we're in the actual Atlantis!

Me: This is THE Atlantis.

Brittney: After 10,000 years we found it.

Kida: This is not the Atlantis you all know.

Brittney: And it's not the Atlantis we saw when we killed Dartz.

Valon: (Australian Accent) This is completely different.

Me: This is Earth's Atlantis and it was down here for over 10,000 years.

Nico: What do you think caused it to sink like this?

Me: All I remember is that is was hit by a sudden cataclysmic event. It could've been anything.

Lincoln: A volcanic eruption.

Lynn: A massive megatsunami.

Linka: A meteor impact.

Merryn: Wow. It's so amazing. I hope dad is here.

Me: Lisa scan for human lifeforms in these ruins.

Lisa Loud: Affirmative.

Lisa scanned for human lifeforms and found one in the main castle 500 meters north.

Lisa Loud: Human signature found at 500 meters north in the main castle building.

Merryn: Dad!

We went to the main castle and we went down to him.

Shiva: (to Merryn's father) You must be Merryn's father.

Merryn's father: (Scottish Accent) Yes I am. I'm so glad you all came.

Merryn: Father!

Merryn put on her scuba gear and swam to him.

Merryn's father: Merryn? What are you doing down here?

Merryn: I came to rescue you.

Me: We all did. We'll get you out of there. Activate crane system.

Lisa Loud: Activating now.

Lisa activated it and it grabbed Merryn's father's sub and pulled it into our submarine.

Me: Mission accomplished. Lets get out of here.

Merryn: Right.

Jared: Aye aye dad.

We went back home and helped Merryn's father get better from being down at that depth. But we saw an incredible menagerie of stuff. We solved the legend of the Ivory Web and we saw alien sea dragons and we saw mermaids and we found the REAL Lost City of Atlantis after 10,000 years.

We made it back to the surface and Merryn was reunited with her father.

Merryn: Thank you all so much!

Me: Anytime Merryn. It was so awesome going underwater and to try our awesome new submarine out.

Nico: We sure did.

Merryn's Father: You all sure had a great knack in piloting it.

Me: We sure did. It was amazing. We modeled our submarine after the Typhoon Class Submarine in the Russian Navy.

Merryn: So amazing.

Nico: It sure is.

We later went back home to the estate and we had lunch and then El Oso, Duff Killigan, Webstor, P'andor, Brain Freezer and Trumbipulor appeared.

Me: El Oso, Duff Killigan, Webstor, P'andor, Brain Freezer and Trumbipulor.

Duff: How was the underwater trip?

Maria: It actually went well.

El Oso: Considering that you guys found Atlantis, I have to agree on that.

Brain Freezer: And you found someone's father.

Me: We sure did. It was the first ever underwater rescue mission we've ever had and we also had an incredible encounter with the awesome sea monsters from the show Surface.

Shanan: They are really Metriornycan Sea Dragons

P'andor gasped.

P'andor: (Russian accent) You saw the legendary Metriornycan Sea Dragons?

Me: Yeah do you know those creatures P'andor?

P'andor: There are many legends about them told on my home planet Prypiatos and they are not pretty. They are said to be the very creatures that stablize the worlds weather and how they wreak havoc when their harmony is disturbed.

Me: Wow! So that's how they caused mayhem and pandemonium in Wilmington, North Carolina.

Laney: Their harmony was disrupted!

Twilight Sparkle: That's horrible.

Me: Yeah. Lets head to the Bakugan Interspace for our usual battles.

Marucho: AWESOME!

We did so and we got ready.

Everyone was in for an awesome show like last time.

?: This is really cool!

A figure came out and it was SKULLINGTON from episode 10 of Mystic Force!

---

**Skullington** is a three-faced skeleton warrior and is one of the many monsters of the Underworld. He serves as the primary antagonist of the episode "Petrified Xander".

After the Rangers had found and retrieved the Fire Heart chest, Necrolai was desperate for help. She begged Koragg to help her. To do so, Koragg sent Skullington to find and steal the Fire Heart Chest. When Skullington arrived in the city, Nick, Madison and Chip stopped him, Skullington then summons an army of Hidiacs to aid him in battle. They morphed and they took on the Hidiacs, but there were to many of them, with Nick, Chip and Madison, the Rangers distracted, Skullington had the chance to steal the chest. When Vida and Xander showed up, the Green Ranger went to stop Skullington. Xander was able to defeat Skullington once with his Magi Staff Earth Attack by binding him up with vines, lifting him up, and dropping him hard on the ground which made his body explode. However, this undead monster was able to regenerate himself back to normal. With the battle heating up, Xander used the new Spell Code he had obtained, and summoned his Mystic Force Fighters. With the fighters, Xander transported Skullington to another dimension and gained the upper hand in the battle and was able to destroy Skullington completely, the finishing strike involving him jumping into the air and then punching the ground to make a large crevice full of fire erupt in the ground that made Skullington fly into the air and explode.

---

Xander: (Australian Accent) Skullington!

Skullington: Been a while Green Mystic Ranger.

Me: I remember you! You were sent by Koragg to steal the Fire Heart Chest.

Skullington: That's right J.D. Good memory on you.

Me: Never missed an episode like I told all your friends.

Skullington: (to Xander) How did you get your Mystic Force Fighters, Green Ranger?

Xander: (sighs) It was because of the incident where I almost turned into a tree.

Nick Russell: Okay. I admit that when we first found out about it, we found it funny. But that was before we found out that you were going to die because of it!

Luan: Though I will admit that those tree jokes were funny.

Me: I don't think they were funny at all. And I wasn't laughing when I heard those.

Nico: Me neither.

Laney: Yeah.

Xander Bly: Thanks guys.

Me: You're welcome.

?: You will not think so when I kill all of you.

A figure came out and it was QUATTRO!

---

**Quattro** is a character appearing in the *Yu-Gi-Oh! ZEXAL* anime. He is a participant in the World Duel Carnival and the Champion of Asia. He was involved in Reginald Kastle's sister's accident which resulted in her being hospitalized, and is the most brutal out of the Arclight Family. He is the second son of Vetrix (formerly Byron Arclight). He is the younger brother of V and older brother of III.

He was voiced by Yoshimasa Hosoya in the Japanese version, and by Michael Smith in the English version.

In his younger days, IV along with his brothers and their father, Byron, lived a happy life with their dog, where he was innocent. One winter night, their father gave III a Duel Monsters card - "OOPArts Aztec Mask Golem", which III showed to IV. IV was jealous because only III received a card and tried to take "Mask Golem" from III. Chris told them to stop or their father would scold them and then promised to teach both of them how to Duel.

His father became involved in Dr. Faker's experiments, but Faker eventually betrayed both him and Kazuma Tsukumo, sending them to another dimension as sacrifices to open the door to alternate dimensions. As Byron didn't return from the trip, III and IV were sent to an orphanage, while Chris remained at Dr. Faker's facility in an attempt to learn of their father's fate. However, after learning Kite and Hart Tenjo were Faker's sons, Chris left Heartland with his brothers. Their father returned years later, but his form warped into that of a child. He took the name "Tron" and began plotting revenge, with IV and his brothers aiding him.

As part of Tron's plan, IV was told to Duel Rio Kastle. He played a card called "Flaming Hell Blessing", which somehow set the building on fire. IV carried Reginald's sister to safety, with his face being scarred in the process, but she was critically injured in the blaze.

IV participated in the National Duel Circuit, where he faced Reginald Kastle in the finals. He set Reginald up to be disqualified by planting his Deck on top of a pot, so that it would fall and end up scattered on the floor in the break room. That way, IV ensured Reginald would see it, though Reginald himself was unaware of that until IV himself told him later.

World Duel Carnival Preliminaries

IV reappeared to Reginald and lured him to a building in construction by throwing a "Mirror Force" card at him. Shark asked why he did that, and IV responded that it was just a form of greeting before the World Duel Carnival. Shark responded that he won't participate in the tournament, and IV asked if Shark is still influenced by what happened at the Duel Circuit. He revealed that he knows about Shark's sister, who got into an accident. He told Reginald that he intentionally got him disqualified, and even implied that he caused the accident that injured Shark's sister. Shark was enraged by this, and IV taunted him, saying that on that day, he became the Duel Champion of the Far East. IV threw a Heart Piece to Shark, telling him to try to defeat him in the World Duel Carnival.

After that IV approached Tron, who was watching cartoons. He told him that he did as he was ordered - Shark will participate in the WDC. IV asked why Tron wanted Shark to enter the World Duel Carnival as he already has given up on being a Duelist. Tron responded that he is needed for when all the "Numbers" cards are collected. IV stated that he doesn't care as long as he can drag Shark into hell again. IV functioned as the Number Hunter for the Tron Family, collecting "Numbers" by luring and defeating his own fans, who he considered to be terrible Duelists. During the morning of the second day of the World Duel Carnival, IV continued to do this by studying the opponents which are available within the WDC via sheets, which contain information on them and their signature cards. Here, he throws cards at them in order to choose an opponent. Seeing this, V commented that he is too brash and suggested he treat the "Numbers" he's collected better. Angered by V challenging his ethics, he suggested V try collecting "Numbers" himself and challenged him but is quickly shot down by V being reinforced by III and Tron. After insulting Tron, V rises to his feet and tells him he won't tolerate that, IV then quickly backs off.

Later on in the day, IV agreed to meet Bronk Stone and Caswell in order to sign their Duel Disks, but had an ulterior motive to entice them to a hidden location so he can Duel them with his "Numbers" and reveal his real personality without allowing the public to see him as his true self. He suggested a Battle Royal, which they agreed to. During the Duel, he allowed them to get the upper-hand by Summoning their aces, "Vaccingale" and "Tinplate Archduke". This was all a ploy as he lured them into Xyz Summoning so he could perform two One Turn Kills with his "Number 15: Gimmick Puppet Giant Killer" and "Gimmick Puppet - Baby Face". His personality changed at this moment from the friendly and noble champion of the East, to a merciless and evil person who enjoyed the pain of others, laughing when his monster hurt Bronk and Caswell. After the Duel, Shark arrived on his motorbike, making IV smirk.

IV intended to Duel Shark then and there, but was stopped when III snared Reginald with a Duel Anchor, telling IV that Tron's orders are absolute - III is to Duel Shark first. IV revealed that he already had a full Heart Piece, and told Reginald he'll be waiting in the finals and then departed. After V brings Hart Tenjo to an abandoned gallery, IV watches as Tron begins his ritual in order to transfer all of Hart's powers and memories to himself. As the ritual continued, Hart began to feel more and more pain, which amused IV as he watched intently. After Yuma Tsukumo and Kite Tenjo break into the gallery, V sends IV and III to stop them from reaching the ritual in order for it to complete. They then appear before the pair, attaching their Duel Anchors to them, initiating a Tag-Team Duel. As the Duel began, IV instantly targeted Kite as he sees him as the bigger threat. When Yuma Summoned "Number 39: Utopia", IV and III instantly know that they have to win this Duel rather than merely stall for Tron's ritual to finish. After Yuma Summoned "Utopia", IV began to target him, destroying "Utopia" straight after it was Summoned via "Number 15: Gimmick Puppet Giant Killer". After seeing that Yuma and Kite were beginning to work together, IV decided to anger Kite to break those bonds by showing him a video of Hart being tortured through Tron's ritual. Angered by this, Kite continued to damage Yuma through "Photon Pressure World" in an attempt to rush the Duel and beat them as soon as possible. This, however, was quickly stopped as IV and III had a strategy to stop Kite's "Galaxy-Eyes Photon Dragon" through "Stonehenge Shield", allowing III's "Number 33: OOPArts Super Weapon - Machu Mach", to inflict 3000 damage to Kite. As the Duel continued, Yuma constantly kept intercepting IV's and III's attempts at defeating Kite, causing IV to get extremely angry with Yuma. Yuma managed to Summon his "Number C39: Utopia Ray" and defeated IV's ace, but IV struck back by Xyz Summoning his other "Number" card, "Number 40: Gimmick Puppet Heaven's String". Despite this, Kite managed to Summon "Neo Galaxy-Eyes Photon Dragon" and defeat the brothers in one attack.

[4] After the Duel ended, Kite tries to steal IV's soul and "Numbers" using Photon Hand, but was unable to as IV's crest protected him. He vowed to get revenge on Kite and Yuma and departed with III and Tron.

## World Duel Carnival Finals

After Yuma and Astral defeated III, resulting in him falling unconscious, IV implored that Tron gave him new powers so he could defeat Yuma. Tron responded that he's disappointed in both III and IV. IV angrily replied that III fought against the Original Number for Tron and ended up bedridden. Tron responded that what he wants are results and if III and IV can't give them to him, he has other options - like Shark. He told IV that their role was to lure him out, which angered IV, who proceeded to confront Shark at the World Duel Carnival Finals party, who told him he would gamble everything he has to defeat IV.

The next day, the Duel Coaster began, IV witnessed Shark defeating an opponent with his "Jawsman" and complimented him, saying he's Dueling magnificently. Shark vowed not to let IV get away, to his amusement, and defeated his own opponent with "Gimmick Puppet - Bomb Egg". IV sped off afterward, with Shark chasing him. The chase continued into the underground section of the Duel Coaster, with IV and Shark both defeating opponents while taunting one another. IV attempted to lure Shark to the Magma Field, which would part Shark at a disadvantage. However, Shark was prepared to counter the field, "Magma Ocean" by using cards such as "Plate Salvage" and "Adapting to Adversity". Shark brought out "Submersible Carrier Aero Shark" on his first turn, inflicting 1200 damage to IV before the latter even got a turn. IV countered with "Number 15: Gimmick Puppet Giant Killer", which Shark countered with "Number 32: Shark Drake". IV was shocked to see this card, not being aware that III gave the card to Shark. He knew that Tron and V were planning something, but he didn't know what. Tron appears before him, saying that he told IV nothing about this, since he may have leaked the plan if he knew. He insisted that everyone had their own role in this - III had his, V had his and IV is fulfilling his now. IV asked what his role is; Tron told him that it is to make Shark fall to the darkness of his heart, and told him he's doing quite well so far. Tron later revealed that he wanted to use Shark as an assassin who would defeat Dr. Faker. IV is hurt, saying that he, III and V did everything for Tron, and asked why Shark was chosen as the assassin and not them. Tron responded that they all have their role, and Shark fits the role of assassin better than IV. IV set out to prove Tron wrong and continued the Duel. He then managed to Summon "Number 40: Gimmick Puppet Heaven's String" and due to "Destiny Strings", he attacked Shark a total of eight times. Tron chided IV for being reckless, saying he was always like that and suggested he try to be calm instead, as he can't be trusted. IV remembered when his father used to be kind, but after returning, he was only a demon of revenge. However, IV said he and his brothers still obediently followed his orders despite this. Shark responded that he didn't care if Tron used IV - IV was still responsible. IV believed that if he defeated Dr. Faker, his father would surely return to normal. IV told Tron he did inhuman things for his sake and yet Tron cannot trust him. Tron responded he can only trust himself and the Barian World, but IV insisted he is not a pawn like his brothers were - he is the Asian Duel Champion. Tron then supported Shark during the Duel, insisting that he had a way out as he could think calmly. This hurt IV, but Tron said he had already fulfilled his role. IV attempted a comeback with "Number 88: Gimmick Puppet - Destiny Leo", which would allow him to declare an Automatic Win on his next turn. Shark finally accepted "Shark Drake" and was able to perform a Chaos Xyz Evolution to create "Number C32: Shark Drake Vice" and defeat IV. He apologized to Shark after the Duel, but told him not to blame Tron for it and implored Shark to defeat his father and save him. IV then disappeared through a portal, adding that Shark should tell his father that his sons will wait for him. Later, IV fell unconscious afterward, but unlike his brothers, he didn't lose his "Numbers", and is shown sleeping alongside his brothers, being rendered comatose. However, his numbers were taken by Tron and it would later be revealed that he was just a puppet of Tron's revenge, having been given a crest. Quattro would later be revived by Tron after he lost to Yuma in the World Duel Carnival finals and later watched Yuma's duel with Kaito, along with his brothers and Tron before going home.

## Yu-Gi-Oh! ZEXAL II

Quattro and his brothers later returned to Heartland via submarine where they decided it was time to make their move in the ongoing war between the Astral World and the Barian World.

After Kurage poisoned Rio and disappeared in search of Shark, Yuma, Tori and III planned to go in search of him, IV met up with them in the hospital. III asked IV to deal with Kurage, while Yuma returned "Number 15: Gimmick Puppet Giant Grinder" and "Number 40: Gimmick Puppet of Strings" to him. Later, IV appeared on the roof just as Kurage poisoned Shark, teasingly calling himself Shark's "Number one fan", and challenged Kurage to a Duel. He partnered up with Shark, stating that he was fighting not only as a favor to his brother but for Rio's sake as well. After Kurage reduced Shark to 400 Life Points with "Number 4: Stealth Kragen the Deadly Poisonous Jellyfish", IV took the third turn to Xyz Summon "Giant Grinder" and used it destroy "Stealth Kraken". As the poison continued to worsen Shark's condition, IV Summons "Gimmick Puppet of Strings" to deal massive damage to Kurage, but had its abilities blocked by Kurage's "Jelly Bind". Working together with Shark, the two were able to defeat Kurage and IV received the "Stealth Kraken" card. One night, IV called III to checked on Yuma and asked if he would be alright after losing Astral, but III reassured him that Yuma would be fine. He'd witness Yuma's victory dueling Heartland and watched Heartland die along with his younger brother and their fellow witnesses to the duel. He'd discover Shark was now Nash the leader of the barians and dueled him to restore his friend though he lost and was sent to barian world where his brothers joined him dueling Mizar. The brothers were revived in the spots they lost to Nash and Mizar and went to fight the new threat to Astral world at the end of the series along with Yuma and his friends.

Lucy and the Goths took the dead body of Quattro to the Morgue and banished his spirit to the Warp.

Reginald: (To the viewers) Justice has been served me and Rio. Good riddance to that monster.

Rio: You said it.

We then got a nice rest. But I was sick to my stomach after that gruesome act caused by Nico.

THE END

Another awesome fanfic complete.

Song Of the Deep is a very popular Playstation 4 Game that came out in 2016 and the plot and story was awesome. Never played it myself but I heard it was really good. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts gave me the ideas for this. Thanks guys. The next chapter is gonna be an explosive one as we go into the world of Rave Master to take down King Gale Raregroove and the entirety of the Dark Hand and make sure they pay for their crimes. ---

At Sugarcube Corner in Ponyville, Pinkie Pie was showing us the most amazing cake she and the cakes have ever made. It was a magnificent quadruple-decker stacked cake with golden frosting and flowers on it and it was supported by pillars under each cake.

**Pinkie Pie** : Marzipan Mascarpone Meringue Madness.

Me: Wow! What a cake!

Mary K.: (Drooling) That cake looks so incredible!

Laney: (Slurps) I could eat that whole cake in one bite.

Sunset Shimmer: Me too.

Pinkie: You've *really* outdone yourselves, Mr. and Mrs. Cake. This is sure to be the winning entry of this year's national dessert competition!

**Mrs. Cake** : Oh, thank you, Pinkie!

**Mr. Cake** : And thank you all for transporting it all the way to Canterlot for us.

**Pinkie Pie** : Absolutely!

Me: It's our pleasure to you both.

Pinkie Pie: It's my honor and I-

**Applejack** : Uh, beg pardon, but could we maybe move things along? This here cake's a mite heavy. Right, Big McIntosh?

**Big McIntosh** : [grunts] Eeyup… !

Me: Whoa. We better hurry before Big Mac hurts himself again.

**Pinkie Pie** : Alrighty then, Big Mac! (Puts on a siren hat) To the train depot!

Me and Eli got on both sides of the cake to make sure it doesn't fall.

Pinkie Pie: That's it, Big Mac, nice and slow. This is precious cargo you're carrying.

**Mr. Cake** : Yes, it took months of planning and testing.

Me: Wow! I didn't know you put so much work into this cake.

Eli: Yeah. It must've taken a lot of trial and error.

Mrs. Cake: It sure did. I would hate for it to-

**Big McIntosh** : [grunts]

**Mr. Cake** and **Mrs. Cake** : Fall!

Me: WHOA!

Me and Eli used the Force to hold it up.

Mr. Cake fainted and Laney used smelling salts to wake him up.

**Pinkie Pie** : Don't worry, Mr. and Mrs. Cake. Rainbow Dash, Fluttershy, a little pegassistance?

Me: Yeah this Cake is for the Canterlot Dessert Competition.

Rainbow Dash: We're on it.

Rainbow Dash and Fluttershy tied ropes to each side of the cake dish and held the cake up.

Me: Man just looking at that cake is making my mouth salivate.

Nico: I know. It looks so good.

**Pinkie Pie** : I'll get it there safely, you'll see!

**Mrs. Cake** : Ahahah, oh… of course, Pinkie.

Me: We all will Mr. and Mrs. Cake.

**Mr. Cake** : We never doubted you.

The cake was starting to lose balance and Fluttershy and Rainbow Dash pulled on the ropes.

Me: WHOA!

Me and Eli used the Force again to hold it up.

Mr. Cake fainted again.

Laney: Geez that's twice.

She used smelling salts on him again.

**Pinkie Pie** : Twilight, can I see you a second?

Twilight was reading a book and drinking a smoothie.

Me: We need your help with this cake. It's for the Canterlot Dessert Competition and the Cakes are entering it in it.

Twilight: Sure thing.

Twilight formed a protective bubble around the cake with her magic.

**Pinkie Pie** : A nice protective spell as extra insurance. [laughs] Better safe than sorry.

The Cake's were really nervous and were looking back and forth.

Pinkie Pie: AJ, Rarity, one last thing?

Applejack and Rarity were holding a safety trampoline.

**Pinkie Pie** : All right, everypony, we're in the home stretch here.

**Mr. Cake** : [wheezing]

Sunset Shimmer: Calm down Mr. Cake. It's gonna be fine.

We arrived at the train depot.

**Pinkie Pie** : See, Mr. and Mrs. Cake? I got it here without a hitch! Now all we have to do is get it… in?

We saw that the cake was too big to fit with Big Mac.

Me: Not a problem. We can handle the rest from here Big Mac.

Mr. Cake fainted again.

Laney: Oh for the love of Pete.

We took the side of the traincar off and got the cake in through it and Big Mac put it back on.

[squeaking]

[banging]

**Pinkie Pie** : [sigh] Thank you all for helping me get the cake safely on the dessert car.

Me: Anytime Pinkie.

Eli: This was cool.

**Twilight Sparkle** : Thank *you* for inviting us all to go with you to Canterlot for the National Dessert Competition.

Mary K.: That sounds like my kind of competition and you all know that I am a world famous chef.

**Rarity** : Indeed and I'm sure the festivities will be just lovely.

**Applejack** : Phooey on the festivities! I can't wait to try all those tasty treats!

Applejack was about to snag a bite of the cake the Cake's and

Pinkie made but Pinkie Pie slapped her hoof away.

[slap]

**Pinkie Pie** : Well, the tastiest treat of all is sure to be the Cakes' Marzipan Mascarpone Meringue Madness. All that rich *creamy* goodness of the marzipan, combined with the tart tanginess of the mascarpone, blended perfectly with the smooth, silky sweetness of the meringue. That's why I call the Marzipan Mascarpone Meringue Madness the "MMMM".

**Rest of main cast** and us: MMMM.

Me: (Drooling) Now I REALLY want to eat that cake!

Lola: Me too!

Laney: Me three!

**Pinkie Pie** : Exactly. It's the *most* delicious delectable delightful de-lovely cake in Equestria, and it's sure to win first prize.

Me: Your cakes and the treats that the Cake's make at Sugarcube Corner are all first prize winners.

**Gustave le Grand** : (French Accent) Zis is not so, (we see a French Gryphon) for I, Gustave le Grand, do challenge your *crude* cake to a duel of delectable delicacies against *my*…

**Main cast** : [gasp] (Light shines on them)

**Gustave le Grand** :… exceptionally Exquisite Éclairs!

Laney: Oh those look delicious!

Lana: Boy they sure do!

Gustave le Grand: Merci. (Light turns off) They will undoubtedly strike down all ze competition, winning first prize and crowning me *le champion* .

**Donut Joe** : Not a chance, le Grand.

We saw a familiar face that Twilight Sparkle Knows. It was Donut Joe.

**Twilight Sparkle** : Donut Joe!

Me: Hey Joe. Are you fully recovered from being controlled by a Number?

Donut Joe: I sure am J.D. Thanks to all of you.

Me: Just happy to help you out.

Twilight Sparkle: What are you doing in Ponyville?

**Donut Joe** : Picking up the final all-important ingredient for my contest entry, Donutopia!

He showed us an awesome city he made out of donuts and it looked amazing!

Me: Oh wow!

Homer and Lily: MMMM! Donuts. (Drools)

Me: Oh wow! That is really well made!

Nico: You better keep those away from Homer and Lily, Joe. They go crazy for donuts.

Donut Joe: (Laughs) I can see that and I remember that. And with these super-sprinkles, (Sprinkles sprinkles on the city) my donuts are going to dunk all the other lousy desserts, steal first prize, and make my donut shop famous *forever!* [laughs]

Me: Your donuts will always be famous in our eyes. Especially Homer and Lily's.

We laughed.

**Mulia Mild** : Oh, Joe… [laughs] Your dippy donuts could never out-rival *me* . [laughs]

A moose made of pure chocolate mousse came in.

Me: Wow! That is a great chocolate moose.

**Pinkie Pie** : Hello. What's your name?

**Mulia Mild** : I am Mulia Mild. Behold, my Chocolate Mousse Moose.

Laney: (Drools) Oh wow! That moose looks amazing!

Luan: (Drools) That is one Mousse that I can sink my teeth into! (Laughs to Rimshot) Get it?

Most of us laughed while everyone sighed.

Eddy: (Laughs) Good one Luan!

Me: (Laughs) That was funny!

Mary K.: (Whispers to Luan) I honestly think it's missing a flying squirrel

She laughed at that remark.

Mulia Mild: Thank you. It will trample all your treats, be given first prize, and make me the greatest chef in Equestria.

**Gustave le Grand** : Madame Mild, you and your mousse moose are mistaken.

**Donut Joe** : Your frou-frou éclairs will never defeat my donuts!

**Pinkie Pie** : The Cakes' Marzipan Mascarpone Meringue Madness is going to win!

**Mulia Mild** : Your simple cake could never take my moose. [gasp]

Me: The competition sure is really fierce.

Mary K.: Indeed, Gustave is well known for his culinary expertise in pastries. Mulia is a well-known chocolate sculptor. I'm a big fan of her work since you know how much I love chocolate and sweets. If she's got the right amount of artistic merit as well as the perfect blend of chocolate taste and creamy texture. She's got a fighting chance. Same with Gustave if he's got the perfect ratio of puffed pastry to cream to even the right amount of chocolate glaze.

Me: Wow.

[train whistles]

The train was off.

Me: And we're off.

Nico: Yep. This is gonna be awesome.

Me: Yep. But I think all their desserts look amazing.

Mary K.: I think so too dad.

Qin: Me too. I could eat all of them in one sitting.

**Twilight Sparkle** : Well, it sure looks like we're in for a delicious competition tomorrow.

Me: We sure are and I can't wait for some of those awesome desserts.

Mary K.: Me too. Especially Pinkie's cake.

Twilight Sparkle: Maybe we should all settle in for a good night's sleep.

Me: Good idea.

We went to our cabins.

**Donut Joe** : Hmph.

**Mulia Mild** : Nyahh.

**Gustave le Grand** : Huh! [mumbles]

[doors slam]

**Rainbow Dash** : [yawns] I gotta admit I'm pretty beat.

**Applejack** : Yeah, I'm gonna hit the hay myself.

Sunset Shimmer: Yeah.

**Pinkie Pie** : Wait! Didn't you hear those chefs? We have to protect "MMMM".

**Rarity** : MMMM?

Me: She means the cake.

**Pinkie Pie** : Mmm-hmmm. I know for super sure that "MMMM" is the best dessert in all of Equestria, and I know that they know it too.

**Rainbow Dash** : So…

**Pinkie Pie** : So… one of them is going to sabotage the Cakes' cake tonight! You have to help me stand guard!

**Twilight Sparkle** : Pinkie… you're overreacting.

**Applejack** : Yeah, those chefs aren't going to do your cake any harm.

**Pinkie Pie** : But they are! I just know it.

**Rainbow Dash** : Fine! If you want to stand guard, go for it. *We're* going to bed.

Rainbow Dash flew over her. We turned in for the night.

Pinkie Pie got up on the table of the cake.

**Pinkie Pie** : I'll show them. I'll stay up all night and protect you. Nothing and nopony will stop me from keeping you safe.

Later that night, Pinkie Pie was walking back and forth like a guard dog and was watching out for the cake. Constantly on the alert. But she was starting to get tired.

A zip was felt.

**Pinkie Pie** : Huh? Stop, you saboteur! (The door closed and she chased after it) (Went from car to car) I have you now! (She got to the caboose) Wha?

She went back to the front and saw a figure and chased after it. At the front of the train she saw a figure.

Pinkie Pie: A-ha!

It was the conductor shoveling coals.

She went back and saw the cake.

Pinkie Pie: Ahh?! Oh! Thank Celestia you're okay! But one of those bakers is mixing up something bad, so I'm not leaving you again no matter what.

[blinds snap shut]

The blinds snapped shut all by themselves.

**Pinkie Pie** : Huh? Who turned out the moon? Don't go near that cake, thief!

[galloping]

It was too dark to see anything.

**Pinkie Pie** : Stop, thief!

[clang]

**Pinkie Pie** : Oh, are you okay, thief?

The blinds came back up.

She looked in the cabins

Pinkie Pie: [growls] (A picture was crooked) Huh… Overreacting, my hoof. I knew I was going to have to keep a close eye on you, and that's just what I'm gonna do. [snores]

Pinkie Pie fell asleep.

The next morning.

[rooster crows]

**Pinkie Pie** : [snores] Huh? What? [gasp] The cake! Oh, MMMM, you look mmmm-marvelous.

**Twilight Sparkle** : Whoa!

**Pinkie Pie** : I *know* . I think some congratulations are in order for a job well done.

**Twilight Sparkle** : Um, you better hold off on giving yourself an award just yet, Pinkie. Look.

**Pinkie Pie** : Look at what? Huh?

[gasp]

PARTS OF THE CAKE HAD BEEN EATEN OFF!

**Pinkie Pie** : [screams like there was a murder]

We all came!

**Applejack** : What is it?

Me: WHAT WHAT!?

Lincoln: What's wrong!?

**Rainbow Dash** : What happened?

**Pinkie Pie** : It's the Marzipan Mascarpone Meringue Madness, it's been [crying] mutilated!

We gasped in shock!

Me: Boy someone took a huge bite out of it!

**Pinkie Pie** : Now we just need to find out who done it.

**Twilight Sparkle** : You mean, who *did* it.

**Pinkie Pie** : Exactly. Who did-done-dood it.

**Twilight Sparkle** : Well, having read many mystery novels, I know that the only way to discover the culprit is to investigate.

**Pinkie Pie** : Exactly.

She put on a Sherlock Holmes hat and had a bubble pipe.

Laney: And I'll help you guys!

Laney spun around and she had a Sherlock Holmes outfit on.

Laney: Detective Laney on the case!

[bubble pops]

**Pinkie Pie** : And as chief detective, that's exactly what I'm gonna do. Firstly, Who ate my cake?! (to Thorax) Was it you, Thorax?!

Thorax: I would never eat anything of yours without your permission!

**Applejack** : Uh, *you're* investigatin'?

Me: Yeah Pinkie! And besides that cake was really the Cake's cake.

Mary K.: Even though it really looks so tantalizing I would never eat it.

Pinkie Pie: Did you eat my cake Mary!?

Mary K.: If I did then my aura would be active. Whenever I eat sweets, my aura would be active.

Pinkie saw that she was right.

Pinkie Pie: You're right.

Me: And I know how to control myself.

Nico: Qin, did you eat Pinkie's cake?

Qin: I was sitting next to you the whole time.

Pinkie Pie: A likely story!

Me: Do you have any proof she did it?

Pinkie Pie: No.

Qin: And besides, I know that cake is important to all of you so I was sitting by you the whole time. I was meditating as you were asleep.

Motormaster: (to Drag Strip) Drag Strip, did you eat Pinkie's cake?

Drag Strip: Of course not. I'm not suicidal.

Me: I don't think you guys can eat cake anyway because you're machines.

Motormaster: You're right about that.

Drag Strip: We don't eat food like humans do.

Nico: True.

Optimus Prime: Hound, did you eat Pinkie's cake?

Hound: Of course not. I was busy looking outside at the area around us.

Me: It is pretty isn't it?

Nico: It sure is.

Me: Yep.

**Pinkie Pie** : Lets focus! And Twilight shall be my lowly assistant who asks silly questions with obvious answers. Laney, J.D. you can help me out.

Me: Cool!

**Twilight Sparkle** : Fine, Pinkie. Should we start looking for clues?

**Pinkie Pie** : Perfect silly question, my dear Twilight, because the obvious answer is…

**Twilight Sparkle** : Yes?

**Pinkie Pie** : No! 'Cause I know who did it.

[gasp]

Me: How can you know who did it if you don't have any proof?

**Twilight Sparkle** : Yeah Pinkie, how could you possibly know?

**Pinkie Pie** : How could I possibly *not* know? Clearly this dastardly deed was done by the baker who knew their dessert could not measure up to the mastery of the Marzipan Mascarpone Meringue Madness. I guess you feared your éclairs lacked flair, Gustave!

[silent film music]

An Old 1900's Silent Movie played and it showed Gustave dressed up as a stereotypical villain from the old days. He was wearing a black hat and cape and he swooped in and went to grab for the cake and Pinkie Pie slapped his talon away.

OUCH!

Pinkie yelled at him.

GET YOUR CLAWS OFF THAT CAKE YOU CUR!

Gustave grabbed Pinkie and tied her to the railroad tracks like back in the old days and he laughed malevolently as he ran and left Pinkie to be ran over by the train.

OH GOODNESS!

On the train, the cake was on a conveyor belt as Gustave pulled a lever and it was coming towards a giant spinning sawblade and Gustave tweaked his mustache as he laughed.

MUHU HA HA!

The cake splattered all over him as it was cut.

**Pinkie Pie** : Thus, destroying the cake and the Cakes' chance of winning the National Dessert Competition.

Me: Boy that felt like we were in an old Silent Film from the turn of the 20th Century.

Nico: It sure did.

Vince: Yeah.

**Twilight Sparkle** : But it makes no sense!

**Pinkie Pie** : What do you mean, lowly assistant?

**Twilight Sparkle** : Well, first, if you were tied to the train tracks, how are you now here?

**Pinkie Pie** : Huh… Guess that isn't a totally silly question.

Me: We haven't seen that kind of scenario in over 100 years.

Laney: Yeah and that was a common scenario used in the Silent Film Era.

**Twilight Sparkle** : And second, the cake hasn't been sliced. It's been bitten. Just look at the teeth marks!

Me: She's right. Someone took a really big bite out of it.

**Pinkie Pie** : Hm… You're right, my fine fellow. Gustave le Grand is clearly in the clear, which means the "MMMM" was destroyed by another baker. A baker who's donuts are do-nots. That's right, it was Joe!

[spy music]

A James Bond Style Donut was seen going across the screen and Donut Joe came on in a black tuxedo in the middle of the donut's hole.

**Pinkie Pie** : [voiceover] Or as he's known the spy world, Mane. Con Mane.

He bit into a donut and jelly covered the camera. On a moonlit night as the train was heading to Canterlot, there was a swank party on board the train and Donut Joe dressed in a James Bond Style Tuxedo was quite a charmer with the ladies as he was drinking a good shake.

[giggles]

His top secret gadget watch beeped

[beeps]

It showed that he was gonna put a bomb inside the big cake. But he saw Pinkie Pie guarding it like a watchdog.

He got up to the door and put a glass cutter device on the window which cut a circle in the window and he threw something in. It was a ball and Pinkie saw it and it sprayed her with knockout gas.

[spraying noise]

[thud]

She was asleep.

Donut Joe stretched his bowtie and it sprayed something and revealed a laser grid.

[laser noise]

He used a mirror to cut the cake with its lasers and it fell to pieces. The ladies came and it was a successful mission for Joe, Donut Joe.

**Pinkie Pie** : Crushing the Cakes' chances to win!

**Twilight Sparkle** : Pinkie! There is no laser beam security system! And Joe is not sleek, stealthy Con Mane! He's big, gruff, and messy!

**Donut Joe** : Hey!

Me: But that sounded like a really cool spy story.

Vince: It sure did. And I love spy movies and they are awesome.

Laney: Me too and they are awesome.

**Rarity** : Although, you would look rather dapper in a tuxedo.

**Pinkie Pie** : Huh… You may be right, lowly assistant.

**Twilight Sparkle** : *May* be?

**Pinkie Pie** : Now that I'm taking a closer look at these desserts, I see that *one* simply cannot look me in the eye.

**Twilight Sparkle** : Pinkie… that moose is a mousse!

Me: It's pure chocolate.

**Pinkie Pie** : Yes, and the mule behind the moose panicked when she saw the mastery of the "MMMM".

**Twilight Sparkle** : So you're saying that the culprit is…

**Pinkie Pie** : Mulia Mild!

[flute and percussion sounds]

[clang]

Mulia dressed in a black ninja outfit landed on the train car and using the superior stealth and skills of the black ninja from the feudal Japan era was one with the darkness of the shadows. She used the shadows to blend in and when Pinkie wasn't looking she was hit on the head with a frying pan from behind and Mulia took out a katana.

[cutting sounds]

And she slashed and cut the cake into pieces and slices with incredible speed and skill.

**Pinkie Pie** : Putting an end to the Cakes' dreams of taking first prize. Huh, I hope you're proud of yourself, *Mulia* .

**Twilight Sparkle** : Pinkie, stop! This is ridiculous! Look at her!

**Mulia Mild** : [whimper]

**Pinkie Pie** : [sigh] I guess you're right…

Me: And besides, she doesn't have the skills, speed and stealth of a ninja like we all do. There's no way someone of her age couldn't achieve all that.

Nico: Yeah.

**Twilight Sparkle** : Thank you!

**Pinkie Pie** : But I was so sure that it was one of the other bitter bakers that destroyed the "MMMM". That way, their delicious dessert would reign supreme. I mean, just look at Joe's Donutopia. It's a spectacular city of donutty delight, topped temptingly in sprinklicious sprinkles.

Homer and Lily were drooling.

Homer: Mmm.

Lily: Donuts.

Homer and Lily: (Drools)

Pinkie Pie: And Gustave's éclairs look incredibly edible, with glistening glaziness.

Mary and Laney were drooling at them.

Mary K.: I could eat all those in one bite.

Laney: Me too.

Pinkie Pie: But then there's Mulia Mild's Mousse Moose. [sighs] why, this mouth-wateringly marvelous mousse moose tempts the taste buds with its silky, smooth, yummy-nummy, chocolateyness.

Lori and the Loud's drooled.

Pinkie Pie: So why did this criminal devour the Marzipan Mascarpone Meringue Madness while leaving this trio of tasty treats untouched?

Me: No clue.

We went through a tunnel and the lights went out and we heard munching.

[munching sounds]

[scream]

We saw that the mousse was eaten and so was donutopia and the eclairs!

**Pinkie Pie** : [gasp] Now I have *no* idea who do-doned it!

Me: Man! This is turning into that mystery story Murder on The Orient Express!

Nico: Except it's around desserts.

**Pinkie Pie** : This mystery gets more mysterious every minute.

Me: Big time.

**Twilight Sparkle** : Well, you have to stop the wild accusations and get to the truth. Everypony go back to your cars while we do a little investigating.

Me: Just leave this to us and we'll get to the bottom of this mystery.

Everyone went back to their cars.

Me: Come on Gang, we have a mystery to solve!

Laney: Just like what Fred says.

Twilight Sparkle: I remember that. That was amazing. Okay, Pinkie, (Switches their hats) in order to *really* solve this mystery, we're going to have to find clues. Now you were here at the scene of the crime all night.

**Pinkie Pie** : Huh! You're not accusing *me*, are you?

**Twilight Sparkle** : No! But maybe you *saw* something that will help

us.

Me: Yeah did you see the perpetrator while you were on guard?

**Pinkie Pie** : I saw a silhouette in the moonlight!

**Twilight Sparkle** : Good… Let's retrace your steps.

We retraced her steps.

**Pinkie Pie** : And then I chased the culprit down the train towards the caboose, but when I got there, he was gone.

Me: Strange.

Laney: It's like he vanished into thin air.

**Twilight Sparkle** : Hm…

Twilight looked around and she found something.

Twilight Sparkle: A-ha! Our first clue.

She pulled out an envelope and put something in it.

Twilight Sparkle: I think I know who did it, everyone.

**Pinkie Pie** : Already?

Me: That was fast.

**Twilight Sparkle** : Yes, but I need more evidence to confirm. Tell me what happened next.

**Pinkie Pie** : I heard somepony else in the dessert car and chased them up to the engine…

Me: Lets go see.

We went to the engine.

**Pinkie Pie** :… But, when I got there, all I saw was the conductor shoveling coal.

**Twilight Sparkle** : The conductor, huh?

She took off his hat.

Me: Sorry sir but this will only take a second.

She looked into the hat and saw something.

Twilight Sparkle: [gasp] But that doesn't make any sense.

She put something in an envelope and put the hat back on the conductor's head.

Me: Thanks for your full cooperation.

Twilight Sparkle: What happened next, Pinkie?

**Pinkie Pie** : Well… I went back to the dessert car.

Pinkie had a magnifying glass and was looking.

They switched hats again.

**Twilight Sparkle** : Yes?

**Pinkie Pie** : The curtains mysteriously closed, all on their own.

**Twilight Sparkle** : Interesting.

Me: Sounds like the work of unicorn magic.

Twilight Sparkle: Anything else?

**Pinkie Pie** : I heard hoofsteps, a loud thud…

She crashed into the door.

[thud]

**Pinkie Pie** :… and then they were gone! When I opened the curtains, I saw that the portrait by the door was all crooked.

Me: Like this.

**Twilight Sparkle** : Oh my, what is that?

Me: Looks like a false eyelash.

Laney: That's exactly what it is.

She put it in the envelope.

**Pinkie Pie** : [growling]

[teapot whistling]

**Twilight Sparkle** : What next Pinkie?

**Pinkie Pie** : That's it. I was here guarding the cake the rest of the night. I mean… I slept by the cake the rest of the night.

**Twilight Sparkle** : And when you woke up, half the cake was gone?

**Pinkie Pie** : Exactly.

**Twilight Sparkle** : By Jove, I think I've got it. Call everypony back. We have a cake culprit to catch.

Me: Aye aye captain.

Laney: Lets do it.

We called everyone back.

**Mulia Mild** : [stuttering] Why are we all here again?

**Twilight Sparkle** : I bet you're wondering why you're all here again.

**Donut Joe** : She's good.

**Twilight Sparkle** : We have discovered the true culprit of this cake carnage.

**Gustave le Grand** : But how?

**Twilight Sparkle** : Well, you see, when committing a crime, it's crucial that one never leaves behind clues, especially an obvious clue like… *this* .

She pulled out a blue pegasus feather.

[gasp]

Me: A blue feather.

**Pinkie Pie** : A-ha! A blue feather! I knew it was you, Gustave le Grand!

**Twilight Sparkle** : Pinkie, Gustave doesn't have blue feathers.

Me: His feathers are grey.

**Pinkie Pie** : No, 'cause he's been dyeing them!

**Twilight Sparkle** : No, Pinkie. Remember how when you chased the suspect to the caboose, they suddenly disappeared? That's because they *flew away* . But the thief *did* leave a little something behind, didn't you, Rainbow Dash?

Me: JA CHOOS!

**Rainbow Dash** : I-I don't even like cake!

Me: Uch! Bullcrap! You DO like cake.

**Pinkie Pie** : So Rainbow Dash did it! Case solved!

**Twilight Sparkle** : Case not solved, because when we went to the engine, I saw the conductor's hat. And inside the hat was… *this* .

Me: A strand of pink Mane Hair.

**Pinkie Pie** : So it *was* you! That pink hair came from your rainbow-colored mane!

**Rainbow Dash** : I don't have *pink* in my mane, *Pinkie* !

**Pinkie Pie** : So you're wearing a wig?

[stretching noises]

**Rainbow Dash** : Ow! Cut it out!

**Twilight Sparkle** : Pinkie, remember? You chased a pony to the engine, where you thought you saw the conductor shoveling coal, but that wasn't the conductor at all. It was… Fluttershy!

**Fluttershy** : [gasp] Oh my.

Me: JA CHOOS!

**Pinkie Pie** : You're goin' down, Fluttershy!

**Twilight Sparkle** : Pinkie! But then another clue confounded my suspicions. You were guarding the cake when the curtains mysteriously closed. But that's no mystery, that's magic. But when the thief tried to make their great escape, they left a little addition to the portrait.

Me: A false eyelash.

Twilight Sparkle: Has anypony else noticed that Rarity is wearing her hair rather differently today?

Me: Yeah we sure did.

Nico: Yeah come to think of it, she is wearing her hair differently.

Lana: Yeah.

Laney: JA CHOOS!

**Rarity** : [gasp] What? Is it a crime to change one's style now and again? Why, I think it's a crime not to.

**Twilight Sparkle** : *Really?*

Laney: JA CHOOS!

**Rarity** : Fine, I'm guilty! [crying] I wear false eyelashes! Oh, and I took a bite of the cake.

**Fluttershy** : So did I.

**Rainbow Dash** : Aw nuts, so did I.

**Rarity** : You just made it sound so delectable.

**Fluttershy** : So tasty.

**Rainbow Dash** : And boy was it!

**Rarity** : I only meant to take a little, lady-like bite.

**Fluttershy** : And it was so good.

**Rainbow Dash** : Yeah, I just dove right in!

**Fluttershy** : But I'm really really sorry.

**Rarity** : Terribly sorry.

**Rainbow Dash** : Sorry, Pinkie.

Me: Boy that cake must've been really tantalizing.

Nico: No kidding.

**Pinkie Pie** : That's okay. At least this mystery is finally solved.

**Twilight Sparkle** : But it isn't. We figured out who ate the Marzipan Mascarpone Meringue Madness, but we still don't know who devoured the other bakers' goods.

**Pinkie Pie** : You're right, Twilight. You know what we have to do?

**Twilight Sparkle** : Well… Yes, I do. Do you?

**Pinkie Pie** : Look for clues! (Switches hats) [sniffing] Uh-huh, uh-huh, uh-huh.

**Twilight Sparkle** : Well, Pinkie. Did you find the devourer of the desserts?

**Pinkie Pie** : I most certainly did. It was none other than… the bakers!

Everyone gasped.

**Pinkie Pie** : First of all, Gustave has mousse in his moustache! (Shows that he has chocolate mousse in his moustache) And Joe has éclair in his hair! (Shows that he has cream and chocolate in his hair) And Mulia has sprinkles in her wrinkles! (Pulls a wrinkle and shows sprinkles in them)

Me: JA CHOOS!

**Twilight Sparkle** : What do you say, bakers?

**Gustave le Grand** : Oh, I am so sorry, Mulia, but Pinkie made your mousse moose sound… *très magnifique* .

**Donut Joe** : And Pinkie's description of your éclairs really did make 'em sound scrumptious.

**Mulia Mild** : And the way she spoke of your Donutopia, ohh, was too delectable to resist.

**Twilight Sparkle** : Well, everypony, we finally have the mystery solved.

Me: This was awesome.

Laney: It sure was. CASE CLOSED!

Sunset Shimmer: I loved this kind of mystery. It was really cool.

**Gustave le Grand** : Yes, but now we don't have any desserts to enter into ze contest!

Mary K.: I think I can fix that.

Mary got into her chef uniform and she made new versions of their desserts and they were better than ever before.

**Pinkie Pie** : *Dear Princess Celestia,*

*Today I learned that it is not good to jump to conclusions. You have to find out all the facts before saying somepony did something. If* *you don't, you could end up blaming somepony for something they never did. This could hurt their feelings, and it can make you look really foolish. So from now on, I will always make sure to get all the facts.*

We got the desserts to the contest and the Marzipan Marscipone Meringue Madness Cake one first prize and it was awesome!

**Pinkie Pie** : How's that for a lesson, Princess Celestia?

Princess Celestia: I think it's a truly great lesson Pinkie Pie.

Me: But this turned out to be a really great mystery.

Mary K.: It sure did dad and all the desserts were amazing.

Mary's aura was active.

Sunset Shimmer: This was fun though.

Twilight Sparkle gave Princess Celestia a piece of cake and some donuts, eclairs and some mousse. Lily and Homer were eating the donuts.

**Twilight Sparkle** : Care for a bite?

Princess Celestia: Thank you very much Twilight.

It was really good sweets.

Later back at the estate we were getting ready to head over to Elie's world and meet Haru Glory and his friends as well as destroy the entirety of the Dark Bring and make them all suffer.

Supernova Zap: (to Elie) Looks like we're finally going to meet your friends.

Elie: And I can't wait for you all to meet them. Haru is a Decaforce Sword user like you and Eli, J.D.

Me: So cool! I heard about all that. On the way there you'll have to tell us all about him on the way there.

Elie: I know.

Nico: This is gonna be so awesome! I can't wait to meet Haru and your friends.

Laney: Me neither. This is so cool!

Dan: I know. This is gonna be awesome.

Me: It sure is.

El Oso, Duff Killigan, Brain Freezer, Webstor, P'andor and Trumbipulor appeared.

El Oso: Can me, Duff, Brain Freezer, Webstor, P'andor, and Trumbipulor come with you guys?

Me: You all sure can.

Brain Freezer: This is gonna be so cool! I used to read the Rave Master mangas a long time ago.

Lincoln: You read the mangas for Rave Master too!?

Brain Freezer: Sure did Lincoln.

Lincoln: AWESOME!

Me: Looks like you both have something in common.

Elie: They sure do.

Me: Lets head out.

We flew off to the world of Rave Master.

We flew through a portal.

* * *

LUKA CONTINENT, WORLD OF RAVE MASTER

---

We arrived at Luka Continent.

Rippersnapper: Is this the place?

Elie: Yep. Welcome to Luka Continent.

Me: Wow! It's beautiful.

Nico: Incredible.

Laney: This is amazing. I've always wondered what it would be like here.

Elie: It's home.

We went to Haru Glory's house and we arrived there.

Me: There he is.

Webstor: Are you Haru Glory?

Haru: I sure am. (Sees us) WOW! Team Loud Phoenix Storm. It's such an honor to meet you all.

Me: Same to you Haru. Elie told us so much about you.

Haru: Elie was with you?

Elie: I sure was.

Elie and Haru hugged for the first time in what seemed like forever and then they kissed.

Everyone: Awwwww…

Me: So adorable.

Laney: Yeah.

Eli: I think so too.

Me: But it's a pleasure to meet you Haru.

Haru: Same here.

Top Man: It's really nice to meet you, Haru.

Haru: Same here. I heard so much about all your adventures and how you all save the universe every time.

Me: We do what we have to do to save the universe.

RD Me: But it's awesome to meet you.

Haru: Yeah.

Brain Freezer: I used to read your manga a lot.

Haru: I can tell.

Me: Yeah. But lets focus on the matter of why we are here. We got word from Elie that the Dark Bring has resurfaced.

Haru: Yes it has and they are back to finish what they started in the past.

Me: They we have to kill all of them. If they want a fight, they will get one. We'll give them Armageddon.

Nico: We were told so much about them and the kind of danger they pose to this world.

I unsheathed my Decaforce Sword.

Haru: You have a Decaforce Sword too? And it's in Explosion?

Me: Yep and it's not just me.

Nico and Eli unsheathed their swords too.

Eli: And we're going to tear that monster King and his entire organization apart.

Nico: And he will suffer big time.

Mab Lobs: First, you should introduce us to your friends.

Haru: Good idea.

And with that we met all of Haru and Elie's friends in the Rave Warriors.

Plue

Despite his strange appearance, resembling a shivering snowman with a carrot nose despite being called a dog, Plue (プルー, Purū) is the Rave Bearer and is able to sense the presence of the other Rave Stones. Plue's nose also has the ability to destroy Dark Bring. Plue is quite fond of sweets, especially lollipops, yet hates pudding. He also likes wine, and spiders. He has the ability to use the Rave of Combat, which powers himself and Haru up. It is a running gag in the manga that no one is entirely sure what Plue is or even whether he is male. Most people think of him as a dinosaur, while Elie refers to him as a bug. Haru first names him "Sabutaro" which Let prefers to call him.

In the Fairy Tail series, Plue is revised as a Nikora (ニコラ, Nikora) celestial spirit who serves as a pet for Lucy Heartfilia but prefers to be summoned on Tuesdays, Wednesdays, and Thursdays. In chapter 71 of Fairy Tail, Happy pulls a prank on Lucy by speaking as if he were Plue. He says he is a servant of a great hero with a sacred stone, referring to Haru. Plue has appeared in other works. In chapter 22 of Air Gear, Ikki pretends to be Plue, even growing the nose. In Pastel, Mugi gives Yuu a Plue doll.

May and Maria hugged and cooed all over him in cuteness.

Hamrio Musica

Hamrio Musica (ハムリオ・ムジカ, Hamurio Mujika, Hedara Musica in the anime's English dub) originally leader of a band of thieves named Silver-Rhythm, Musica joins Haru on his journey and eventually becomes his best and strongest friend. Being a "Silver-Claimer", he can manipulate any silver object (such as the silver skull around his neck) into any form or weapon he wants, making him a weapon master. Later on, Muscica's necklace fuses with

Reina's purifyed Dark Bring, White Kiss, after she dies and becomes the weapon known as "Silver Ray". He later forges Haru the holy sword, "Ravelt" (derived from "Rave" and "Welt", the German word for "World") to use in the final battle.

When he was young, Musica's family was wiped out by Lance of the "Beast Sword", a member of Demon Card with a sword forged by his grandfather, Galein Musica. He was then taken in by Rize, a silver-claimer, who raised and taught him in the ways of silver-claiming. On Rize's deathbed, he asked Musica to find Silver Ray and destroy it, to which Musica agreed. Musica later discovered that the Oni Fortress, "River Saly", was actually Silver Ray in disguise. After a battle with the oni leader, Ogre, Muscia managed to destroy the Silver Ray with the help of Reina. The weapon was then reborn as an artifact, which Reina called the "Ocean-Rending Spear, Silver Ray". Musica now carries both the Silver Ray and Reina's silver, as they have fused with his own. In the anime, he is voiced by Showtaro Morikubo in Japanese and Doug Erholtz in English

## Griffon Kato

Griffon Kato (グリフォン 加藤, Gurifon Katō), more commonly called Griff (グリフ, Gurifu) for short, is a strange small blue creature who mostly praises Plue and calls him 'Master Plue'. Griff has limited shape-shifting abilities, such as inflating portions of his body and elongating his limbs. He is also a voyeuristic character and can be often seen spying on Elie. He is the cartographer of the group. He has a strange horse-like creature named Tanchimo (タンチモ) which he rides and is always seen constantly moving its head side to side in a rapid form.

A Griff-like character and a female Griff-like character can be seen in Fairy Tail Chapter 1, page 20 and Chapter 102, page 02. In the anime, he is voiced by Katsuya Shiga in Japanese and Tom Kenny in English.

## Let Dahaka

Let Dahaka (レット・ダハーカ, Retto Dahāka) is a member of the Dragon Race, a race of dragon people who reside in the Mystic Realm. When Let was first introduced, he was an evil warrior who worked for Demon Card as a guardian for King. He only wanted to fight until Haru defeated him and showed him the path of justice. His initial appearance in the story is of a human with a lizard like face. In the fight against Jegan, he performs Dragon trial and takes the appearance of a human. Soon after, he joined Haru in hope of bringing peace to the world. He uses Dragon Roar of the Gods to defeat Jegan, which consumes one's life in return for the power. He manages to defeat Jegan and turn Julia back to normal using a potion given by Alice. He is saved by Julia who kisses him with the potion in her mouth. In chapter 281, he is revealed to be the king of the Dragon Race, Jaava Let Dahaka (ジャヴァ・レット・ダハーカ, Java Retto Dahāka). During the fight against the Demon Card member Uta, Let turns into this form in order to kill him, but he dies in the process. He is revived by the Memories of the Star at the end. In the anime, he is voiced by Takehiro Murozono in Japanese and Doug Stone in English.

## Ruby

Ruby (ルビー, Rubī) is a pink penguin sentinoid who owns a massive floating casino. Ruby likes to use his wealth to buy rare treasures. When he learns Doryu is using his cash for evil ends, he is almost killed by Doryu, but Haru saves him, and he decides to join his side. He is the only person to know who would be the third Rave Master if Haru dies. Ruby also has a tendency to blab out plans that the Rave Warriors have decided on during battle, making them entirely useless. He recently learned how to use "Wind" magic from the bell given to him by his father, Pawl (パール, Pāru, "Pearl"). The bell was actually named "the Holy Bell" and it was a weapon used by Dalmatian of the Knights of the Blue Sky. It can turn into a magic sword, and use "Magic Reflection", "Twister", and "Air Ball" (from the videogame). In Chapter 75 the characters of Fairy Tail go to casino owned by Ruby. In the anime, he is voiced by Yukiji in Japanese and Bob Glouberman in English.

## Julia

Julia (ジュリア, Juria) is Let's girlfriend and fellow member of the Dragon Race. Having failed to pass the dragon trial, Julia was transformed into a dragon and tamed by Jegan of the Oracion Seis. She is saved by Let and turned back to normal using a potion given by Alice. Acting as a sisterly figure to the Rave Warriors, Julia is shown to be rowdy, violent, and somewhat of an exhibitionist. Her appearance gradually changes since her debut after Let saved her, from having a short hair to long wavy hair. She is voiced by Kyoko Namikawa in Japanese.

Belnika

Belnika (ベルニカ, Berunika) is a kind girl with a shy personality. She was experimented on in an attempt to instill the power of Etherion within her. Having initially aligned herself with Blue Guardian, she was manipulated by Hardner into believing his plan would eliminate Endless. After discovering Hardner's true intentions, Belnika joins the Rave Warriors. However, it is later revealed that she never attained the power of Etherion, although she does possess a vast amount of magical power. She has the power to heal and also to negate any magic around her. She heals Haru's arm which was in a bad condition due to the effects of Sacrifar. Belnika is intensely loyal to Haru, who she seems to harbor feelings for, although she does not disrupt his relationship with Elie. She later dies from over use of magic during the fight against the Demon Card member, Jiero. She eventually comes back to life due to the Memories of the Star.

Trumbipular: It's nice to meet you guys!

Belnika: Same here and it's a great honor!

Julia: We heard all about your adventures.

Let: They are all awesome.

Me: We get that a lot. But we came to help you all kill King and all of the Dark Bring.

Belnika: We're glad you all came.

Griffon: We are not gonna let them terrorize us anymore.

Me: With our help you can count on that.

Grenade Man: Tell us more about the Dark Bring and the Demon

Card Organization.

Haru: I'll try.

Dark Bring

The **Dark Bring** (ダークブリング, *Daaku Buringu* ) ( *Shadow Stones* in the English dub, **DB** for short) are the evil magical stones scattered across the world of *Rave Master* . These stones are harnessed by many antagonists in the series, while centered around the *Demon Card* organization, later becoming the revived Raregroove Kingdom.

Shadow Guard

The **Demon Card** or **Shadow Guard** in the English dub is the most powerful organization of evil and darkness in the world, who uses the power of the evil magical stones Dark Bring to perform their sinister deeds. It was originally founded by Gale Raregroove and Gale Glory, and is called Demon Card because Glory spelled the sign wrongly (he meant it as Demon Guard). After the membership grew too large for the two to support, Raregroove started accepting more unsavory tasks such as assassination thus leading to the departure of Glory. This incarnation was later wiped out by the empire after Glory heard they were using Dark Bring and informed the Empire of their location. Raregroove survived to rebuild the second incarnation of Demon Card. In many ways, they can be considered the successor to the once-powerful kingdom of the Raregrooves, who once tried to subjugate the world in the same manner. Then, King Raregroove's son, Lucia Raregroove took over Demon Card and became their strongest leader.

The four demon lords of the Mystic Realm recruited by Lucia for Demon Card's Project DR. In a way, these four are the incarnation of the original demon guard of King, both of which were used to delay the heroes.

*Uta* - Also called "Uta the Eternal," he was used to defend Lucia as he prepared the second Overdrive. He was a human-like demon who possessed inhuman strength, wielding a hundred-foot longsword with incredible ease. He has a second form where 2 horns grow from his head, giving him increased combat abilities. Let managed to defeat him after reverted to his true form, the King of Dragon race known as Jaava Let Dahaaka and died in the process (revived by the Memories of Star later).

*Asura* - A Demon Lord who was in possession of the final piece of the Sinclaire, also known as Asura of Darkness. While normally small and imp-like, it is merely to conceal his true form: a gargantuan Satanic demon with a countless amount of DB embedded into its body. He has the ability to use any DB in the world and also can combine DB to produce effects. Since his body is made of DB and DB can only be destroyed by Rave and Plue, he is impervious to all other forms of attacks. He was smashed into pieces by Haru.

*Megido* - A massive sentinoid lion and was the first to join Lucia during the Dark Rendezvous recruiting process due to his desire to gain more power. He drives a flying coach, and breathes massive blasts of fire capable of damaging even Endless. He was defeated by Shuda due to Shuda's high resistance to fire. As he lies defeated, he breaks the ground so that Shuda would die with him as well, but Shuda is saved by Haru, similar to the time when Shuda had lost to Haru and Haru grabbed onto to his arm.

*Jiero* - A Demon God resembling a scantily-clad woman, also known as Jiero of Despair, also said to be the former queen of the Mystic Realm. While human in appearance, she has great powers over ice. Initially frozen solid, she awoke from Sinclaire's presence and proceeded to freeze Punk Street though Musica manages to undo this when he creates a new sword for Haru. Her body is made of ice allowing her to regenerate herself, and she controls magic and despair which somewhat fuels. It took a combined effort of Julia, Belnika, and Niebel to defeat her (the latter weakening her and the former giving the final blow by breathing fire into her mouth destroying her skeleton), in which both Belnika and Niebel died due to the sustained damage (both also revived by the Memories of Star later). As the fight went on she surprised her opponents refused to give in, willing to die just to defeat her. In the end, as Jiero crumbles to nothingness, she comments how she's the one who feels despair.

Oración Seis

The six generals

Five Palace Guardians

The five protectors and honor guard to Demon Card's Commander in Chief. They are non-humans of unparalleled strength from the Mystic Realm brought together by King's Gate Dark Bring.

Ltiangle - The leader and most powerful of the guardians, his Dark Bring is Transparent. It allows him to turn objects, himself included, invisible. This includes his weapons and some of the landscape around his opponent. His weapon is probably some kind of long blade (you cannot tell what is is because it is invisible). He also has a power that is not connected to his Dark Bring, the ability to seal his opponents in the landscape of their memories while the guardians fight them. For instance, when Haru was in the psychic prison, he was on the shores of Garage Island. Ltiangle is defeated and killed by Musica. According to the author, he was the hardest character to draw in the entire series due to his armor and tower shaped head. "ma"ltiangle (multiangle)

Let - He is the second most powerful Palace Guardian, but he was defeated by Haru. After Haru proved to Let that there is more to living and fighting than life and death, Let began to change his ways. He eventually became Haru's friend. In Volume 10, Let sort of suggests that he has become stronger than Ltiangle because he challenges Musica, and he said that his power and skills have greatly improved. "ma"let (mallet)

Rionette - He is really tall, has a really long neck, and can only speak in rhyme. He is considered the most sadistic of the group. His Dark Bring is Shadow Doll. He can teleport himself from where he's standing to wherever the opponent's shadow is. Also, when he stands on that shadow, the opponent cannot move. He is easily distracted with random tricks, so defeating him isn't terribly hard. He was defeated by Plue, Griff, Salasido, Remmy, and Elie. "marionette" (marionette)

Ron Glace - He is a huge, really not smart, suit of armor that speaks with bad grammar. He is actually the weakest member of the Palace Guardians. He carries a huge spear which he uses as a medium for his Dark Bring, Spikes. Whenever his spear plows into the ground, metal spikes come out of the ground. He was defeated by Musica and Salasido. "ma"ron glace (Marron glacé )

Racas - This guy has hair in the shape of a horseshoe and carries two maracas. He cannot help dancing and his Dark Bring, Rhythm Counter, allows him to reflect an attack back that is a few times stronger. He can also read people's minds. He also is constantly seeking the approval of Ltiangle. After Haru used the Rune Save to clear his mind, Haru was able to defeat Racas. "ma"racas (maracas)

### Imperial Guardians

Deep Snow's personal squadron and former enforcers of the Imperial Army. They served him after the Empire's demise by Shadow Guard because they had nothing better to do. They are all killed (excluding Lazenby) in Vol. 19 by Shuda.

The Leaders below the commander in chief and main enforcers (including Sieg Hart for a period of time) and are strongest next to the Guardian level Demon Card agents.

### Amazoness

Reina's personal squadron.

### Lesser Ranks

Basic commanders of smaller units or demonoids in King's service, at the time they possess decent strength that causes our heroes trouble in the beginning until they get stronger.

Georco - President of the dog racing track in Hip Hop Town, Georco possesses the "shadow stone" Smoke Bay, enabling him to turn his body into smoke, and create a cloud of suffocating, carbon monoxide. Haru was almost defeated by him in volume 2, but he was much weaker then, and Georco got his butt kicked after Plue somehow managed to take his DB. In the manga, he is defeated the first Rave stone, but in the anime; it is the Ten Powers's first form. In the anime, it is hinted that Shuda had him killed after his defeat. Blood type: O.

Lance - Commander of the 17th unit of Shadow Guard soldiers, he wields the Beast Sword, forged by Galein Musica. It allows him to create illusions at his will. His DB allows him to make his illusions real. Somewhat of a psychopath, he captured Elie and injured Hamrio Musica in volume 2, and was defeated by Haru in Volume 3. He was also responsible for killing off Musica's family. Blood type: A.

Feber - Probably the weakest enemy ever mentioned by his name. He was the first Demon Card soldier Haru fought. He badly injured Shiba with a bazooka in Volume 1, but Haru punched him with the Rave and defeated him. Shuda later gave him the Dark Bring "Full Metal", which enabled him to turn his skin into metal. He went after Haru again, and was again defeated with the Explosion form of Ten Powers. It is possible Gemma later hired him in Cafe Tsubomi.

Poosya - One of Shuda's followers, who shows an interest in Elie and in Reina. His Dark Bring, Glue Tear, can make glue from his hat. His "special attack" combines glue with Rugar's Delta Cannon giving the tip of his glue strands a sharp pointy edge which he can control at will. Blood type: B.

(voice)English: Dave Wittenberg (episodes 2,12,16-17) Steve Cassling (episodes 13-14)

Rugar 70 - A cyborg born in Hard Core, created by Demon Card. He hates to be insulted, and can use an attack called "Delta Cannon," which launches triangle-shaped projectiles from his hands. Like Poosya, he is a follower of Shuda, and gets defeated by Musica.

voice(English) : Lex Lang (episodes 13-14,18) Dave Wittenberg (episodes 2,12,16-17) Japanese: Shinichiro Miki

Go Rockwell - A member of Demon Card who is a movie director. He uses a Dark Bring that controls thunder. His weapon is a thunder hammer. He fights Haru and loses. He later returns to help Haru reach the star memory. Blood type: O.

Rosa Splash - Go's wife who uses a "Hunter Wolf" as a weapon which is a detachable sword that seeks their enemy. She fights Elie but loses. She loves her face a lot. She has a Dark Bring that makes men dance uncontrollably. She later convinces Go to help Haru reach the star memory. Blood type: B.

Gale Raregroove A.K.A. King

**Gale Raregroove** (ゲイル・レアグローブ, *eiru Reagurōbu* ), better known as **King**, is Demon Card's first commander in chief and co-founder.

Gale Raregroove was born in the Raregroove kingdom, being the heir to the throne. At the end of a war, he and Gale Glory became friends and comrades in arms at an early age; together they formed Demon Card. The goal of their organization was to rid the world of monsters known as demons. The organization grew, with warriors from all over the world joining. But, as time went by, the friends split apart; Gale Glory set sail to find a quiet life. While the other Gale was gone, King (with his new name), wreaked havoc with Demon Card. As the fake Rize said to Gale Glory.

King found a wife and had a young boy named Lucia Raregroove. Gale Glory returned to Demon Card, but not to join them again as King thought, but to stop them. Since Gale could not convince King to disband Demon Card, he brought the Empire into the argument. Gale told the Empire to arrest King only, instead, the soldiers ransacked the Demon Card HQ taking the lives of Emilia Raregroove and supposedly Lucia. Three days later Gale was still sitting at the ransacked HQ, realizing what he had inadvertently caused when a soldier from the empire gave him trouble for remaining among the ashes of Demon Card. King appeared behind the soldier and slashed his back. King, ready to kill Gale, cut a diagonal line across Gale's face. Right when King was about to exact his revenge, Sakura, Gale's wife, showed up and tended to Gale's wounds. King stabbed her in the back and put a dark-bring-in-the-making into Gale's forehead. King left the scene to reform Demon Card.

Mystery of Elie arc

Gale assembles the members of the Oración Seis and Sieg Hart to discuss Shuda's failure of bringing the Rave Master to his knees; much to the latter's displeasure. He states that he has been observing the second Rave Master Haru Glory for quite some time, noting him a grave danger to Demon Card. Gale, or as called by his subordinates "king", allows them to discuss among themselves and decide who will be the one to hunt down the Rave Master. After the repetitious gibberish expressed by Sieg Hart and Reina, Gale takes his sword and fearfully slams it on the floor, terrifying said members and shaking the floor. Gale points at Sieg Hart, calling him the Elemental master, and gives him the exclusive order of searching for the Rave Master.

After Sieg Hart and Jegan leave, Gale privately talks to Reina. He tells her not to take her eyes off of Sieg Hart, as he knows about his true motives for joining Demon Card; to kill him. He explains to Reina that he, too, is a threat to time thus making him an enemy and a target to Sieg. He also states that he did not kill Sieg because he, Sieg, is the only person with the powers of the elements. Before Reina leaves, Gale tells her to keep an eye on Sieg, and that if he shows any signs of betrayal to kill him on the spot.

Tower of Din arc

Gale Raregroove is approached by an angry Gale Glory ready to slaughterer him at all cost. Gale sheaths his sword and intercepts Gale Glory's attack, creating an immense shock-wave; capable of shaking the surrounding and being felt by animated objects. Gale and Gale look at each other, Gale Raregroove congratulates Gale Glory on his improved skills, with Gale Glory's response being that he has been warming up to bring him down, calling him by his real name and not by his alias: "King".

King and Gale converse about a decade's past since their last encounter- with King mocking him as he states that he did not expect for him to make it as far, congratulating him on his determination. He looks at Haru and notes that the new Rave Master is Gale Glory's son, jocularly complimenting him on his battle against the demonoids. King questions Gale on his feelings towards having his son as the second Rave Mater, to which he replies that he should already know how he feels about that. He also reminds

Gale that *today is the day* . Gale, annoyed, affirms to him that he knows exactly of his plans, calling it " **The Day Time Intersects** ". After Gale states that the ritual for creating Dark Bring, Enclaim, approaches, he tells King that he has finally found it.

King looks up and tells Gale that he will not let his efforts go to waste, as he will witness the yearly creation of Dark Brings called Enclaim. King swipes his fingers downwards, creating a black, dark, massive orb. The orb deals the surrounding with great damage and slightly touches Gale Glory's shoulder. King begins the ritual of Enclaim; the sky gets dark and a speck light descends from it, hitting the Tower of Din, drastically changing the tower's form. As King walks back to the tower, he explains the important events that happened in the past of the current day and notes that the most significant event that will be taking place this year will be Gale Glory and Haru Glory's death. King walks back to the newly shaped tower, stating that this day will be of most significance.

Sometime after re-encountering his former ally Gale, King heads to the top floor of the Tower of Din as he is filled with joy and contemplation to the upcoming birth of the new Dark Brings. However, he states that he must not be distracted during this marvelous event and thinks of a way to stop the two obstacles residing on the bottom floor and the ones lingering outside the tower. After thinking to himself and reaching a final conclusion King decides to open the Gate to summon the Five Palace Guardians from a Dark Bring capable of opening doors to other worlds. King orders the Five Palace Guardians to handle the unwanted visitors, which they quickly understand and head out to do.

Moments later, King is interrupted by Gale, but states that he has been waiting for him. prompting Gale to ask King how much of his life will he sacrifice to the darkness. King replies by telling him that he will sacrifice as much as he has to, to obtain the answers to his many questions. King reminds Gale of the past -The war fifty years ago and the outcome- and claims that he, Gale Raregroove, is the heir to the Raregroove throne, angrily. King and Gale prepare themselves for battle, both taking their respective sword at hand. However, before they are able to engage in combat King reveals the name of the ultimate Dark Bring, End of Earth; shocking Gale.

With four minutes remaining until the ceremony is complete King battle Gale and pushes him back, proving to have the advantage of greater strength. King swings his hand forward and attacks Gale with his Black Zenith, realizing that Gale is unable to move. However, Haru comes in the nick of time using his Rune Save, sealing King's attack. King throws the Gate Dark Bring he used to summon The Five Palace Guardians on the floor, stating that he has no use of it now; the Dark Bring is destroyed by Plue momentarily. King, telling Haru that he wants to see the skills of the Rave Master, takes a hold of his Decalogue and creates an explosion towards Haru and Gale, shocking Haru.

After taunting Haru, King changes the form of his Decalogue to Silfarion, increasing his speed, as does Haru. King clashes with Haru but easily overpowers him, and attacks Gale. King continues to overpower the two, with Haru and Gale attacking simultaneously from all sides. Nonetheless, King changes the form to Blue Crimson, attacking Gale with the fire sword and Haru with the ice sword. King explains that it is thanks to his Dark Bring that he is able to imitate all of Haru's moves, Decalogue. Seconds after, King tells Haru that he obtained the Decalogue from the previous Enclaim, and that he will use it while the current Enclaim creates an even powerful Dark Bring. King is then ambushed by Gale, but easily pushes him back with one hit. King, advising Haru and Gale to watch as the new Dark Bring is created, celebrates the joyous event of the birth of the Dark Bring End of Earth, much to Haru and Gale's displeasure.

King, watching as Gale agonizingly begs him to stay quiet, tells Haru that the Dark Bring he wishes to destroy is inside Gale's body, shocking Haru beyond comprehension. After laughing at the current situation Gale is in, he reveals to Haru that he wants to kill Gale simply because he wishes to do so. Before they continue their battle, King explain to Haru how his mother died and tells him of the first time he met Gale Glory. After briefly revealing to Haru his and Gale's friendship prior to their wives' death, King is grabbed by the collar by an angry Haru who is calling him a monster, but is shocked to see Haru understands him and tell him that he is sick of all the fighting.

However, not moved by Haru's words, King grabs him and throws him at the ground, calling him a little kid. He looks at Haru as he states that no matter if right or wrong, they, the Raregroove and Symphonia blood, will always be on opposite ends. After being asked a series of questions by Haru, King's response is that he threw away all of the emotions, calling them worthless, a long time ago. He then waits for Haru to attack him driven by the hatred and anger of his mother's, Sakura Glory, death. But Haru tells him that, that is not the reason why he will fight, rather, he says, that he will fight to put an end to all of the fighting. King hold his position as he is ambushed by both Gale and Haru, but to no avail as King quickly changes the form of his Decalogue to Mel Force, pushing Haru and Gale back by the pressure it created. King follows it up with Desperado Bomb, knocking down all of the pillars encompassing the area as well and injuring Haru and Gale.

King congratulates Haru and Gale for withstanding his previous attack, but his calm expression soon changes when he sees Elie hand Haru a Rave stone. But quickly regains his previous state and tells Haru that one more Rave stone won't be enough to stop him. Gale sees as Haru drops the stone and hands it to Plue. King watches as Plue begins to glow with the Rave he was handed, but feels insulted when Plue simply falls asleep. He begins to rapidly attack them both with his Mel Force. However, his attack is stopped by Plue. King grabs his sword and gets ready to attack Plue. He swigs his sword downwards but his attack is stopped once again by Plue himself. Haru, thanking Plue, grabs his swords and bombards Gale with multiple blows using the Explosion Sword. After being hit with Haru's Blue Crimson, King falls; gratifying Elie and Gale. However, King gets up, wounded, and takes a hold of his Monster Prison Dark Bring.

King grabs the Dark Bring, and briefly explains its powers to Haru, it then begins to glow as it levitates above King's opened palm. Gale Glory tries to stop him from being enveloped with the Dark Bring's darkness, but to no avail, as King's body transforms into that of a monster with a Dark Bring engraved on his chest. After completely losing his mind, King begins to fire rays of light from his mouth towards every direction, damaging the structure maintaining the Tower of Din. He is then attacked by Haru and Gale simultaneously, but he simply blocks their attack with his two arms and pushes them back. Moments later, he appears behind Haru and crushes his body down on the rubble. King continues to rapidly attack Haru with multiple blows until Gale, taking a hold of his sword, intervenes by slashing King several times, telling him to stay away from his son. Nonetheless, the cuts made by Gale's sword are soon healed at a rapid pace.

After King is left alone with Gale Glory, the two continue to deliver powerful attacks one after another. King howls as Gale prepare an attack from his sword. Once finished, King watches as Gale approaches him with his sword surrounded by an aura, to be momentarily slashed across his chest with said sword. However, King grabs Gale's sword and pushes it away from his body when Haru returns to his father's side. King is then slashed by both Gale and Haru, delivering a fatal blow. After being severely cut by Haru and Gale, King gets up and, alarming the opponents, walks towards Gale slowly. He begins to hit Gale, but his punches have little to no effect on Gale. However, seconds later King begins to cough out blood through his mouth and mumbles a few words, worrying Gale. King falls on the floor and tells Gale that even if he is defeated the Oración Seis is still roaming about. After talking about the Enclaim and the rivalry between the Raregrooves and Symphonia, King makes the "End of Earth" Dark Bring inside Gale's body; a second overdrive, go off.

However, King reveals that the explosion occurred, but solely in the Demon Card headquarters, shocking Gale and the others. King grabs Gale's sword ans stabs himself, stating that as of now Demon Card is no more. Gale comes to King's side and tells him that he won't let him die, but King simply replies by telling him that even though he knew Emilia Raregroove and Lucia Raregroove's death was not Gale's fault, but was, however, his, he still killed Sakura Glory when he was the one that did wrong. Before dictating his last words to his friend Gale, King grabs his hand and tells him that he is going home to the "never ending sky". King lays on the ground as the rubble of the Tower of Din crushes his corpse.

We gasped in shock!

Me: They are monsters! Ultimate evil! Now we made the right choice coming here to kill them.

Nico: We sure did.

Me: Looks like we're going to be in for a brutal fight.

Nico: Yeah and we're going to make sure their leader pays the ultimate price.

Naruto: That's right and he is the ultimate jerk.

Me: You got that right bro. But we're going to do our usual battles first. I know our frenemies will be coming any sec.

P'andor: (Russian Accent) I have an idea to distract the Dark Bring while we have the usual battles. It involves a certain yellow Imaginary friend.

Me: You mean that brainless idiot Cheese? Ooh. I see what you are planning to do.

Nico: Me too. It's gonna be good.

Beast Boy: I'll get him over there and video record the whole thing for you all.

Tara: Be careful Beast Boy.

I put Cheese in a box that said "Do Not Open Under Any Circumstance" and Beast Boy turned into a huge eagle and carried the box with Cheese in it over to the Dark Bring's castle.

Dr. Destiny, Pyro, Trickster, Johnny 13, Abis Mal and Xiao Fung all appeared.

Me: Dr. Destiny, Pyro, Trickster, Johnny 13, Abis Mal and Xiao Fung.

Bai Tza: Looking good brother.

Xiao Fung: **Indeed.**

Dr. Destiny: Did we miss anything?

May: Nope. You're right on time!

Pyro: We're still having the usual battles, right?

Nico: Yep. While Cheese is annoying the Dark Bring.

Trickster: (laughs) This I gotta see!

Me: Oh you will. Beast Boy is over there getting the whole thing on camera for us.

At the castle of the Dark Hand, Cheese was annoying the hell out of the Dark Bring. He was screaming like a banshee, running around like a chicken with its head cut off, poking the soldiers, doing all kinds of crazy shenanigans and more all while acting like a stupid and brainless idiot. Beast Boy was in disguise as a sloth and getting the whole thing on camera.

Xiao Fung: That is gonna be amusing.

Ulrich: It sure will be fun.

?: I can't wait.

A figure came out and it was MAGMADOR from episode 31 of Operation Overdrive!

---

**Magmador** is a Styracosaurus/dragon-like monster created by Moltor and is the secondary antagonist of the penultimate episode of *Power Rangers Operation Overdrive* "Nothing to Lose". He is Moltor's final monster to battle the Rangers, and is overall the final monster that the Operation Overdrive Rangers faced.

Magmador was created by Moltor to destroy the Rangers and to find the key of three dragons in Japan. He had a great deal of physical strength and had an ability to copy any weapons with tentacles on his right arm. In the first battle with the Rangers, Magmador copied the weapons of both Ronny and Will and easily defeated the rangers. In the second battle with Rangers, Magmador fought with Mack and Will, Magmador had the upper hand, but the Black Ranger summoned his Hovertek Cycle and Magmador couldn't copy it. Magmador was defeated and Moltor enlarged the monster. In the giant form Magmador was even more powerful. He fought against Sentinel Knight and the Flashpoint Megazord. Magmador was destroyed once and for all by Sentinel Knight and the Flashpoint Megazord Crane formation.

---

Mack Hartford: Magmador!

Magmador: Long time no see rangers.

Me: I remember you! You were the final monster that Moltor sent before he died and you were sent to destroy the Rangers and find the 3 Dragon Keys in Japan.

Magmador: That's right. Good memory on you J.D. Vypra was right about you.

Me: Never missed an episode and out of all the monsters out of Operation Overdrive, you're one of my favorites.

Magmador: I'm honored.

Lana: That still shocks me that Moltor and his own brother Flurious hated each other like that.

Lola: Yeah no kidding.

Mack Hartford: Don't even think about copying our weapons again!

Magmador: (laughs) Relax, Red Ranger. I already copied the weapons of those Dark Hand members before coming to you guys.

Me: You even use them on us and you will be dead like so many of your friends. But you are gonna die anyway.

Magmador: True.

?: You all are gonna die when I'm through with you!

A figure came out and it was TREY!

---

**Trey**, known as **III** in the Japanese version, **Three** in the Italian version, and born **Michael Arclight**, is a character appearing in the *Yu-Gi-Oh! ZEXAL* anime. He has a gentle personality and loves his family. Like his brothers, he swears revenge on Dr. Faker, though he cares more about the family's welfare, eventually putting his faith to save them in his friend Yuma Tsukumo.

In the past, Michael Arclight lived with his brothers and their father, Byron, lived a happy life with their dog. One winter night, their father gave Michael a *Duel Monsters* card - "Chronomaly Aztec Mask Golem", which Michael showed to Thomas. Thomas was jealous because only Michael received a card and tried to take "Mask Golem" from Michael. Chris told them to stop or their father would scold them and then promised to teach both of them how to Duel.

His father became involved in Dr. Faker's experiments, but Faker eventually betrayed both him and Kazuma Tsukumo, sending them to another dimension as sacrifices to open the door to alternate dimensions. As Byron didn't return from the trip, Michael and Thomas were sent to an orphanage, while Chris remained at Dr. Faker's facility in an attempt to learn of their father's fate. However, after learning about what really happened to his father, Chris left Heartland with his brothers. Their father eventually returned, but his form warped into that of a child. He took the name "Vetrix" and began plotting revenge, with Michael and his brothers aiding him, and Michael became known as "Trey" Vetrix imbued each of his sons with a crest that was directly connected to their souls. Though it granted them great power, they would fall comatose if they lost a Duel while wielding a powerful "Number".

World Duel Carnival Preliminaries

The day before the World Duel Carnival, Trey entered the main chamber of his and his brother's apartment in order to hear about how Quattro managed to make Shark enter the tournament out of anger and that this will assist them in obtaining the fabled "Number" series. During the second day of the World Duel Carnival, Trey tried to break up an argument between Quattro and Quinton, and was backed up by Vetrix, who then made Quattro agree with Quinton as Quattro's brash attitude would have ruined their plan. Quinton then picked a "Number" card from the wall and threw it to Trey, saying that Shark must obtain the card, which Trey agrees with. He then walked off with Quattro in order to watch him Duel. Throughout the Duel, Trey watched his brother's ruthless power as he defeated both Bronk Stone and Caswell Francis via a One Turn Kill with his "Number 15: Gimmick Puppet Giant Grinder". Shark then rode in on his motorcycle, surprising Trey, while Quattro just smirked.

Shark threatened Quattro, who responded by suggesting they solve their problem with a Duel. Before the Duel could start, Trey used his Duel Anchor in order to trap Shark in a Duel. Quattro objected, but Trey told him that Vetrix's orders are absolute. Quattro retreated, saying that he will see Shark in the finals when he has a full Heart Piece. Throughout the Duel, Trey and Shark continued to swap blows, and despite being asked by Vetrix to purposely lose so that Shark could acquire "Number 32: Shark Drake", Trey continued to fight with all his strength, even to the extent that if Shark didn't have the Spell and Trap Cards he had, he would have lost. After the Duel, Trey gave Shark a Heart Piece and tells him that he can keep the "Number" for wielding it so well and revealed that he possessed a full Heart Piece already as well. He then used the crest on his hand to create a blinding light so that he could escape. Later that day, Vetrix showed his appreciation to Trey for completing his task as he always does and says that Shark has been touched by a "Number", thus he will begin to fulfill their plan.

After Quinton transported Hart Tenjo to Vetrix's residence, an abandoned gallery, the brothers watched on as Vetrix began to extract his powers via a ritual. As the ritual continued, Hart showed signs of pain which affected Trey, appearing worried for the young boy. After Yuma Tsukumo and Kite Tenjo arrived at the gallery, Quinton sent Trey and Quattro to prevent them from reaching Vetrix so that the ritual could be completed. Trey and his brother then appeared before the two and attach their Duel Anchors, initiating a Tag-Team Duel.

During the beginning of the Duel, the brothers targeted Kite, believing him to be the only threat present. However, after Yuma Summoned "Number 39: Utopia", Trey stated that they have to be careful of him as well, seeing as Yuma is also a "Number" holder. Trey eventually Summoned "Number 33: Chronomaly Machu Mech" and protected his "Number" card and that of his brother with the Trap Card "Number Wall". Later on, Trey played a key role part in Quattro's taunt against Kite, after his brother's words made the latter recklessly Summon "Galaxy-Eyes Photon Dragon" just to attack Quattro's "Number". Trey then activated his "Stonehenge Shield", draining the ATK of "Galaxy-Eyes" and chained this effect to that of "Machu Mech" to inflict damage to Kite.

However, their move was negated by Yuma. Trey and Quattro continued to target Kite due to the drained ATK of "Galaxy-Eyes". Trey was surprised by Yuma's continuous sacrifice of his own Life Points to protect Kite. Towards the end of the Duel, thanks to Hart and Yuma, Kite is able to Summon "Neo Galaxy-Eyes Photon Dragon". This monster defeats both of the brothers. After the Duel ended, Astral tried to absorb Trey's "Number", but the power of Trey's crest protects him. During this time, he was briefly able to see Astral. He and his brother left with Vetrix afterwards. Some time later, Trey stood on the roof of Vetrix's new headquarters, contemplating what had happened.

On the morning of the third day of the World Duel Carnival, Trey set out to find Yuma. While doing so, he stumbled upon him Dueling Shark. During the Duel, Trey was shocked at how Yuma was letting Shark take his anger out on him by destroying his monsters, without fighting back. He then snuck into Yuma's house and was amazed at the artifacts that his father had collected. While looking with amazement at the artifacts, Haru Tsukumo heard him and asked him what he was doing and informed Yuma that he was there. When Yuma returned, Trey was wearing a mask similar to "a card" his father had given him as a child. Trey told Yuma that he was no threat and Haru invited him to have lunch with them. During lunch, seeing Yuma and his sister arguing, reminded him of his family and how happy they were in the past. Feeling more and more depressed about how his family has changed since then, Trey cries and leaves in the middle of dinner. Trey then decides, for his family, to challenge Yuma to a Duel in order to acquire Yuma's power of never giving up until the very end. Vetrix agreed to this and told Trey he would give him new powers to help him beat Yuma.

Vetrix performed a ritual on Trey, similar to the one he had with Hart, transferring some of his power into Trey's crest, which Vetrix called the powers equivalent to the pain that Trey had felt in his life. In addition, he gave him two new cards - "Number 6: Chronomaly Atlandis" and "Final Prophecy". Vetrix told him that the former card would put him a great strain on him both physically and mentally and that the latter card would ensure that both players do not walk away unharmed. That evening, Trey awaited Yuma's arrival atop a series of unfinished roads. Yuma told him he believed they could become friends after the Duel, and Trey told him he must defeat Yuma to save his family. The two then began to Duel, with Trey telling Yuma that with his new powers, he can't be defeated, and was also able to clearly perceive Astral. On his first turn, Trey managed to Summon "Machu Mech", gaining a massive upper-hand over Yuma, who could defend with his weaker Monster Cards. Trey went so far as to call his weaker monsters his pawns, shocking Yuma when he sacrificed his favorite card to aide his strategy. After Yuma managed to make a comeback with his "Gagagarush", Trey becomes angry, using his crest to send Yuma into an abyss, where he forgot his worldview - "kattobingu". Trey then made Yuma live out his life's main events without his "kattobingu", which resulted in him becoming a shy and scared individual. When Yuma returned to the present, he can no longer perceive Astral or the Emperor's Key and is too scared to do anything. Trey then used his powers to chain Astral to a tower and attacks Yuma with his "Machu Mech", causing him to fall on the floor in pain, while Trey sadistically laughed.

Without his "kattobingu", Yuma tried to surrender, but Trey would not allow it and just skipped Yuma's turn. He continued his attack, destroying the last defense Yuma had. When he tries to use "Machu Mech" to deal the final blow to a defenseless Yuma, Astral reached out and tried to remind Yuma about "kattobingu". Yuma then saw "Gagaga Gardna" glowing in his hand. He then quickly used the effect of his "Gagaga Gardna" to save himself. Trey was shocked that Yuma would do that despite being left defenseless and scared to do anything. Realizing that Astral was the one who did this, Trey responded by torturing Astral, killing him with severe shocks. His next strike nearly knocked Yuma off of the highway they were Dueling on, but his friends saved him. Trey responded by trapping Yuma's friends behind an energy field that blocked off sound as well. Unbeknownst to Trey, Kazuma Tsukumo helped Yuma regain his "kattobingu" by using the power of the "Numbers" Yuma collected to break Yuma out of the trance created by Trey's crest.

Thanks to Kazuma, Yuma regained his original personality and was able to finally see his Key again, but was shocked to find out that Trey had got rid of Astral. However, Yuma struck back at Trey by Summoning "Utopia" and using it to destroy "Machu Mech". Angered by this, Trey countered with "Atlandis". Yuma then brought out "Number C39: Utopia Ray", but Trey saved "Atlandis" with "Thunder Pot". When Trey activated "Final Prophecy", it unlocked the door to the Barian World, which threatened to destroy all of existence. Having a change of heart, Trey gave Yuma some of the powers from his crest and Astral was revived. The power of ZEXAL allowed Yuma and Astral to fuse and perform a Shining Draw - "ZW - Phoenix Bow", and equipping it to "Utopia Ray", Yuma defeated Trey. Trey tells Yuma he considered him to be his first true friend, and asks him to save his family. Before vanishing, he left behind his two "Numbers" and a Heart Piece for Yuma. Due to "Atlandis" being such a powerful "Number" and his crest's tie to his own soul, he fell comatose after losing. Just before doing so, he was transported to Vetrix's headquarters, where he thanked Vetrix for comforting him before falling comatose.

## World Duel Carnival Finals

After Trey fell to sleep, Vetrix left his quarters with Quattro and Quinton awaiting him outside. Quattro implored that Vetrix give him powers the same as he gave Trey, but Vetrix stated that Trey and Quattro have failed him, and that he will have to turn to Shark for his plan to work. This led to Quattro screaming at Vetrix due to the condition Trey has been left in. As Trey was comatose, he was unable to participate in the WDC finals.

Vetrix revealed to a resident of the Barian World through a portal that although Trey and his brothers fell, his plan was still going perfectly. During Vetrix's duel with Kite, he revealed that he merely used Trey as a pawn alongside his brothers, Dextra and Shark in order to strengthen his "Number 69: Heraldry Crest" with hatred as he had no emotions to spare. After Vetrix was defeated by Yuma, he released the souls of those he captured including those of his sons. Afterwards, Trey and his brothers awoke. He, his brothers and his father watched part of the Duel between Yuma and Kite. Vetrix told them they would go home now and they departed through a portal, with Trey saying he would meet Yuma again someday.

## Mythyrian Numbers War

Trey and his brothers later revisited Heartland via a submarine and they discussed the ongoing war between the Astral World and the Barian World. Knowing that Astral was gone, Quinton told Trey he will entrust Yuma to him, which he said "Roger" with a salute and smile. Later that night, Trey appeared after Yuma refused to hand over his "Numbers" and lunged a sword at Mr. Heartland, which the latter narrowly dodged with his teleportation abilities. Trey commended Yuma for standing his ground and proclaimed that he will protect him. He explained that he and his family had been investigating the Astral and Barian Worlds, and that they knew what happened to Astral. When Mr. Heartland assaulted him by shooting a swarm of insects from his staff, Trey blocked them with the abilities of a bracelet that Quinton invented, revealing that it granted him the abilities of his father's crest. Trey told Yuma that he knew he couldn't replace Astral, but asked if Yuma could let him help and risk his life fighting for him like Yuma had done for him in the past. Yuma then handed Trey "Number 6: Chronomaly Atlandis" and "Number 33: Chronomaly Machu Mech" and asked him to assist him in the upcoming Duel, which Trey happily agreed to. The pair then began their Duel with Erazor, but was put at an disadvantage when Mr. Heartland activated a trap that halved Trey's and Yuma's Life Points while doubling Erazor Trey took the third turn to Summon "Machu Mech" and deal damage to Erazor with help from Yuma's cards. However, Erazor dealt a lot of damage to Trey with "Number 3: Cicada King", with Trey taking damage that was meant for Yuma. Erazor also activated a Trap Card that would assure him victory on his next turn. Yuma then set the stage for Trey to Summon "Atlandis" and equip it with "Number 39: Utopia" to win the Duel, destroying Erazor and returning the memories of Yuma's friends

Afterwards, Yuma decided to give "Locust King" to Trey as a sign of their friendship.

Trey spent the night over Yuma's house and borrowed his Heartland Academy uniform since he didn't have other clothes. In the morning, Trey happily ate breakfast with Yuma's family and Tori Meadows. When Yuma's mentioned Mr. Heartland's underlings, Trey told him he should tell Kite and Shark about them, but Yuma said the two are hard to contact. They decided to go visit Rio Kastle at hospital and caught Chironex poisoning her before he fled the scene. They frantically tried to call Shark to warn him about Chironex when they met Quattro in the lobby. Trey asked his brother to deal with Chironex while they searched for Shark around the city. Later, Trey and Yuma got a call from Quattro and arrived to his location to watch him and Shark Duel against Chironex. Afterwards, Trey continued to stay at Yuma's house and accompanied him on his "patrols". He became concerned of Yuma's false cheerfulness, though Trey tried to believe that Yuma could overcome his sadness. Later, Trey and Yuma went on another patrol where he and Yuma's friends confronted Yuma on his unwillingness to accept the reality of losing Astral. Trey also pointed out the places Yuma had been patrolling are places he and Astral Dueled together and that Yuma still hopes he would meet Astral again one day. This upset Yuma, causing Trey and the others to run after him until Kite came to pick Yuma up via plane.

Sometime later, Trey, Quattro, and Yuma's friends were speaking in their submarine about the frequent riots that had been breaking out around Heartland. The brothers summarized that the riots was due to the one million "Numbers" and that the Barians had something to do with it. Once Quinton returned, they learned what happened with Yuma when Mr. Heartland appeared before them. Mr. Heartland bragged to Trey and the company how their world and the Barian World were fusing together. As he watched Kite Duel against Mr. Heartland, the Fake "Number" Trey took from Erazor affected his body, causing him pain, and was taken by Mr. Heartland. Once Yuma and Astral] returned, Trey was overjoyed to see his friend returned and watched as Yuma and Astral continued the Duel in Kite's place. Afterwards, he warmly congratulation Yuma on his victory, but solemnly informed him of what happened to Flip Turner.

The situation turned more dire as Trey and the others saw the large pillar of energy glowed even brighter.

Barian Emperor Onslaught

Trey was stunned when the Seven Barian Emperors appeared before them, along with Shark and Rio as Nash and Marin. After the Emperor's Key and Nash's Barian Emblem reacted and knocked Yuma unconscious, Trey and the group fled with help from Roku and Kaze. Riding in his family's armored vehicle, Trey expressed relief that Yuma's friends were coming to their aid. As Quattro and Nash were Dueling, Trey checked on the progress of the Duel from the windows, becoming concern when he saw the pillars of light from the Chaos Draw. Unfortunately, the allies that were to stall for Trey and his group as they get Yuma to safety ended up defeated, leaving his older brother the only Duelist left.

Using his bracelet, a worried Trey informed everyone that Quattro was still okay, but Quinton told him to have faith that their brother with come back to them with Shark. When Quattro was defeated, Trey saw his bracelet lose Quattro's signal and showed it to Quinton, who stopped the car as Yuma and Kite finally woke up. As Yuma was grieved for his lost friends and argued with Kite about Shark, Trey stood quietly aside and shed some tears for his dead brother. After Yuma and Astral made plans to travel to the Barian World to confront Don Thousand and Kite left with Orbital 7, Trey's and Quinton's bracelets started to glow, which signaled that the Barians are close by. Trey told Yuma that he and Quinton could not go with him, insisting they take revenge on the Barians for Quattro's death. Yuma urged them not to focus on revenge since they should know better than anyone that revenge will only cause them pain, but Trey claimed he couldn't stand Yuma any longer.

With tears in his eyes, Trey told Yuma that he should prove his path if he was able to before leaving with Quinton in their van. They drove to to a bridge and shared a meal of Duel rice that Tori made for them. Quinton apologized for the situation, saying that Trey shouldn't have had to say good-bye to Yuma that way. Trey said there was no other way - if Yuma hadn't left when he did, he would have fought the Barians. Quinton apologized to his little brother for the situation, saying that Trey shouldn't have had to say good-bye to

Yuma that way, but Trey said there was no other way - if Yuma hadn't left when he did, he would have fought the Barians. Knowing only Yuma and Astral could end the fight, they had to remain behind as bait. They were quickly confronted by Mizar, who demanded to know where Yuma and Astral were. The Arclights refused to tell him where they were. Putting their full trust in Yuma, Quinton and Trey prepared Duel for their lives, quipping that Thomas would laugh at them if they were to run from the challenge.

The Duel began and Quinton quickly brought out "Number 9: Dyson Sphere". This alerted Dumon and Marin to the Duel's start, so they quickly joined Mizar. Quinton and Trey then used the power of their bracelets' crests to generate a Sphere Field, trapping the three Barians. Mizar insisted that the other two Barians not join the Duel. The Duel continued, but in reality, "Dyson Sphere" was only bait that Mizar took, destroying it with his "Number 107: Galaxy-Eyes Tachyon Dragon". Due to Mizar's use of "Tachyon Flare Wing", the duo were able to outwit him and equip "Tachyon Dragon" to Trey's "Number C6: Chronomaly Chaos Atlandis", created using "Argent Chaos Force". Mizar remarked this was the first time he had tasted humiliation, with Trey responding that he was "honored by the compliment". Mizar then angrily drew "Rank-Up-Magic - The Seventh One" with Chaos Draw, but realized he couldn't play it as "Tachyon Dragon" was not on his field or his Graveyard or Extra Deck, just as the Arclights had planned. Admitting he had underestimated them, Mizar played defensively using "Heliosphere Dragon" and two Trap Cards. This was enough to survive Quinton's combo of "Chaos Atlandis" and "Number C9: Chaos Dyson Sphere", though his Life Points remained at only 1. Mizar also recovered "Tachyon Dragon" this way, enabling him to Summon "Number C107: Neo Galaxy-Eyes Tachyon Dragon". The brothers attempted a counter with "Monopole Chain" and "Atlandis Invitation", but the effect of "Neo Tachyon" rewound time and rendered them useless. Seeing there was no way out, Quinton activated a communications link with Yuma and told both him and Mizar where Kite had gone. He had discovered tablet detailing a legend regarding the "Galaxy-Eyes" dragons. Believing them connected to the Numeron Code, he journeyed to the moon. Trey proceeded to thank Tori for the Duel rice and told her to send his regards to Kari and Haru as well. He then apologized to Yuma and thanked him for being his friend. Mizar ordered his attacks, defeating the brothers and sending them to the Barian World, while saying "farewell, proud brothers." As they were defeated, they told Yuma they would always be with him in spirit.

Trey was revived after Nash was defeated by Yuma, appearing in the same spot where he and Quinton were defeated by Mizar. He, his brothers and Vetrix watched the Duel between Yuma and Astral. Afterward, Trey enrolled in Heartland Academy as a first-year student. Upon hearing about the Astral World's crisis, Trey joined Yuma with his friends.

Number Hunting

Trey was given "Number 32: Shark Drake" (which was originally Quattro's) as part of his family's plan. He played it against Reginald Kastle and gave it to him after the Duel as part of the plan.

He utilized "Number 33: Chronomaly Machu Mech" as part of his Deck and was eventually given "Number 6: Chronomaly Atlandis" by Vetrix. After losing to Yuma Tsukumo, he left the two "Numbers" to him.

When Trey returned to aide Yuma against the Barians, Yuma gave his two "Numbers" back to him to use once more and also allowed him to keep the "Number 3: Cicada King" they won when they defeated Erazor. "Cicada King" would turn out to be a fake though and it was destroyed when this was revealed.

Trey would lose his two remaining "Numbers" to Mizar, alongside the upgraded form of "Atlandis", "Number C6: Chronomaly Chaos Atlandis".

Under this pressure, under this weight

We are diamonds

Now I feel my heart beating

I feel my heart beneath my skin

I feel my heart beating

Oh, you make me feel

Like I'm alive again

Alive again

Oh, you make me feel

Like I'm alive again

Said I can't go on, not in this way

I'm a dream that died by light of day

Gonna hold up half the sky and say

Only I own me

Now I feel my heart beating

I feel my heart beneath my skin

Oh, I can feel my heart beating

'Cause you make me feel

Like I'm alive again

Alive again

Oh, you make me feel

Like I'm alive again

Turn your magic on, umi she'd say

Everything you want's a dream away

Under this pressure, under this weight

We are diamonds taking shape

We are diamonds taking shape

(Woo-ooh, woo-ooh)

If we've only got this life

This adventure, oh then I

And if we've only got this life

You'll get me through, oh

Haru: (to Elie) And after a few months of being apart.

Abis Mal: We're sorry that we kept you two waiting.

Xiao Fung: Cheese played a big part in the battle as well.

Me: And he really annoyed the living shit out of them.

We laughed.

Bloo: Good job Cheese!

He hugged him.

(POOT!)

Cheese: I pooted.

We laughed.

Me: Lets head home. We have a major huge adventure ahead of us tomorrow.

Nico: Yep.

Elie: (To the viewers) Hope you all loved this adventure like we all did. It was awesome and our world is now safe.

Me: It sure is.

We went back home and the Masters of Evil tried the desserts we liked in Equestria.

# Light and Hearts Part 1

TWILIGHT TOWN

---

In the park we were looking for someone that has ties to the original Royal Defenders before we undid the corruption that was caused by Sindri Myr. His name was Mikey Tomlinson and he was not someone to get along with. He was a devoted follower of the Royal Defenders before we saved them from themselves. We saw him hiding behind a tree and he had a cloak on.

N: So you're Mikey Tomlinson?

Mikey T.: Yeah who wants to know!?

Me: Team Loud Phoenix Storm. That's who. We heard that you are one of the followers of the Royal Defenders.

Mikey T.: And you ruined them!

Mikey came out from behind the tree and took off his cloak and we saw that he was horribly mutated and disfigured and ugly!

We gasped!

Me: What the fuck happened to you!?

Nico: This is the effects of Nuclear Fallout!

Me: You saw this before?

Nico: In horror movies and everything like that.

Superman: This reminds me or Ray Thompson and what happened in that universe of John Stewart's favorite comic book.

Me: I remember you told me all about that.

Mikey T.: You ruined the Royal Defenders! They were bringing order to our universe and you ruined them!

Applejack: Pal, your idols, thanks to a villain in their world, became corrupted and brainwashed many heroes, including their versions of us.

Me: That's right! Ever heard of Sindri Myr the Chaos Sorcerer?

Mikey T.: No and I don't care!

Nico: You don't have any idea the kind of horror Sindri Myr caused to your idols and how he turned them to the Dark Side!

Me: Yeah!

RD Me: Mikey, listen, you may still follow the ways of the old Royal Defenders, but that version of us was a lie.

RD Lincoln: That's right. We became like that because of Sindri Myr. He turned us into monsters.

Me: Yeah and they were saved thanks to my Royal Defenders self.

Mikey T.: I don't care! I want the old version of them back! I liked that version and you will pay!

Me: I don't think so.

RD Me restrained Mikey in a bunch of vines.

Breakdown: (to the Royal Defenders) I'm sorry, guys. But Mikey's too far gone.

RD Lincoln: I understand.

Me: Lets kick this beast into kingdom come!

We went at him and pulverized him into pulp. We were done with him.

Mirage: So, what do we do with him?

Me: Put him in the Masters of Evil prison. Vypra, looks like you have another permanent guest at the prison.

Vypra: He'll be a perfect guest there but how did this happen to him?

Nico: This was caused by Nuclear Fallout from Nuclear Radiation. I've seen this before in many documentaries and horror movies.

Me: Like in the movie The Hills Have Eyes.

Lynn Sr.: (SCREAMS!) (Jumps into Rita's arms) MUTANTS! DON'T LET THEM KILL ME!

Nico: What's wrong with Mr. Lynn?

Me: Oh right! He saw the movie The Hills Have Eyes a long time ago and that movie scared him so badly that it traumatized him.

Nico: Oh man. That movie was freaky.

Mikey Tomlinson was taken to the prison.

---

Later I was relaxing on a lounge in the Supreme Grand Treehouse of Harmony and it was such a beautiful day outside.

Me: It's so beautiful.

Then I felt a calm blast of wind and I saw a snowflake coming at me.

Me: A snowflake? Wait could it be?

It landed on my hand and the middle opened up and it had a message.

Me: "Dear Team Loud Phoenix Storm,

You are all cordially invited to the Crystalling of our new twin baby girl foals at 3:00 PM.

Sincerly Princess Cadance and Shining Armor"

(GASP!) The babies are here! I got to get the team all together for this.

I flew off to the estate to tell everyone the good news.

I got to the estate.

Sora: Looks like the next adventure is about to start.

Randy: Yep. Looks like we're headed to Twilight Town.

Me: Yep. But first we're heading to the Crystal Empire. I just got this.

I showed everyone a Crystalling Invitation. It was a crystal snowflake invitation and it was proof that the babies of Princess Cadance and Shining Armor were now born!

Spike: It's a Crystalling Invitation!

Nico: WOW! This is gonna be so cool!

Varie: I can't wait to see Shining Armor and Cadance's new kids.

Flurry Heart was shocked. But then that shock quickly turned into pure excitement and joy as she had a huge smile on her face.

Flurry Heart: I'M A BIG SISTER! (BOUNCING AROUND) YES YES YES YES YES YES YES YES YES YES YES YES YES YES YES YES YES YES YES YES YES!

Lori: She sure is excited!

Twilight Sparkle: She and I both REALLY have something in common.

Abis Mal, Dr. Destiny, Trickster, Pyro, Johnny 13 and Xiao Fung then appeared.

Abis Mal: Can me, Dr. Destiny, Trickster, Pyro, Johnny 13, and Xiao Fung come to Twilight Town with you guys?

Me: You all sure can. But first we're heading to the Crystal Empire. I got a Crystalling Invitation and you can see why Flurry Heart is excited.

Pyro: Whoa! Her new little brothers or sisters have come!

Johnny 13: Wow! This is gonna be so cool to see a Crystalling.

Me: It sure is Johnny and it will be a first for all of us too. We are gonna be the first ever humans to see one.

Nico: And the first ever Saiyans.

Starfire: And Tamaraneans.

Hawkgirl: First Thanagarian.

Me: A lot of creatures actually. And it will be cool.

Eli: It sure will.

Me: Lets head to the Crystal Empire everyone.

We cheered.

On the Friendship Express we were taking the train to the Crystal Empire.

Nico: This is gonna be so cool!

Applejack: I know. It's gonna be amazing seeing another Crystalling.

Me: I know. This is also gonna be the first ever Crystalling we all have ever seen. But I don't know all about Crystallings and how they work.

Spike: I can help with that. I've had to help Twilight do a lot of research on Crystallings. (Pulls out a purple vase) Whenever a baby is born in the Crystal Empire, the parents bring it before the Crystal Heart. They get the purest shard of crystal they can find, then pick a crystaller to present the baby to everypony who comes. Then they all share the light and joy they feel, feeding it into the crystal that joins with the Heart, and increases its power! And this is going to be a royal Crystalling, so pretty much the whole empire will show up.

That hasn't happened in a millennia!

Me: Wow! That's incredible!

Flurry Heart: And my Crystalling was the first one ever in over 1,000 years. The reason was because King Sombra put a curse on the empire that caused it to vanish for 1,000 years.

Me: I remember reading about that. That tyrant deserves nothing worse than death for all the pain and suffering he caused all those eons ago.

Lincoln: Yeah.

We all had gifts for the babies.

Me: It's gonna be so cool seeing this.

**Rainbow Dash** : [yawn] Um, Applejack, what is that?

Applejack had a special cradle for the babies.

**Applejack** : Oh, just a little somethin' for the young'uns. Made from genuine Sweet Apple Acres apple trees. We make 'em for all the Apples, and anypony related to Twilight is practically family.

Varie: That's so cute Applejack.

**Rainbow Dash** : Yeah, it's okay… But it's no Cloudsdale mobile! Bam!

Applejack had a mobile she had from Cloudsdale.

Vince: That's cute.

**Pinkie Pie** and **Rarity** : Ooh!

**Pinkie Pie** : Pretty!

[shatter]

I fixed it.

**Applejack** : Well, a mobile is real nice… as long as you have somethin' to lay in so you can look at it.

She showed us the cradle and it was cute.

**Rarity** : *And* a fetching blanket to keep you warm.

Rarity made a blanket for them.

Flurry Heart: And I can't wait to meet my new brothers or sisters.

Nico: We all can't wait. This is gonna be so cool.

Sunset Shimmer: It sure is.

**Twilight Sparkle** : I'm sure Shining Armor and Princess Cadance will love all our gifts. But I think they're more happy we'll be attending the babies Crystalling.

**Pinkie Pie** : Ooh! I can't wait to see all that light and love make the Crystal Heart even more sparkly and shiny!

**Twilight Sparkle** : Actually, Pinkie, the Crystal Heart is an ancient and powerful relic. Without its magic, the Crystal Empire would be lost to the Frozen North.

Me: We don't want that to happen.

Snowdrop: Yeah that would be awful.

Lincoln: Yeah.

Me: That's why we put the entirety of the Crystal Empire in our Estate Grounds and under our protection, so that we don't let that happen. Or let what happened with King Sombra happen again.

Vince: Yep.

We got off the train and we arrived at the Crystal Empire.

Sunset Shimmer: This is gonna be so cool.

Laney: It sure is.

Alizarin Bubblegum: Yeah. I'm so excited.

**Twilight Sparkle** : [gasps] Shining Armor!

**Shining Armor** : [tired] Twilight… !

They hugged.

**Twilight Sparkle** : I didn't know you were meeting us!

**Shining Armor** : [tired] Of course I am! It's me, right here. Here I am. Why wouldn't I come meet my sister? Though we have met before, heh-heh…

**Twilight Sparkle** : Are you all right?

Me: Yeah you look exhausted.

**Shining Armor** : [tired] Never better! Being a father is amazing! And wonderful, and amazing, and confusing, and amazing, but surprising too, you know? I mean, not that you'd know. You wouldn't know, I know… You know? [beat] Sorry. I haven't really slept since Cadance had the baby. Come to think of it, she hasn't either. It sure would be great to get a break.

Me: Boy I don't blame you.

Flurry Heart: Daddy!

They hugged.

Shining Armor: Hey Sweetie! I can't wait for you to meet your little sisters.

Flurry Heart: Little sisters! AWESOME!

Me: So cool!

Shining Armor: Lets head to the castle.

We went to the castle.

We later arrived at the castle and at the door to the Baby's room we were told something.

**Shining Armor** : Before we go in, I should probably tell you. Seeing the babies might be a bit of a shock to you all.

**Twilight Sparkle** : Come on, big brother. I've met babies before. I expect meeting this one won't be any different.

Flurry Heart: This is gonna be cool.

We saw the adorable babies and they were so cute. They were little girls with lavender and aqua blue hair.

Me: Oh they are so cute.

But then we saw that like Flurry Heart, the babies were both Alicorns! And they both spread their wings!

[gasps]

**Lilly Crystal** : [coos]

Cloud Star: [coos]

**Twilight Sparkle** : Of course, I could be wrong.

Me: Twin Alicorns!? Whoa.

**Twilight Sparkle** : The babies are both Alicorns?!

**Princess Cadance** : [tired] It looks that way.

**Rarity** : But… But… But I thought Alicorn wings had to be earned by accomplishing some great, princess-worthy deed!

Me: That's what I was wondering myself.

**Applejack** : Yeah. That still has me shocked. How can you just be born with 'em?

**Princess Celestia** : The birth of an Alicorn is something Equestria has never seen!

**Princess Luna** : It is beyond even our understanding.

Me: So it's still mysterious and enigmatic.

**Fluttershy** : [hushed] That's not very reassuring.

**Pinkie Pie** : Wow! A unicorn, *and* a Pegasus! So they could be super-strong flyers *and* have crazy baby magic!

**Rainbow Dash** : Well, I know *all* about super-strong flying!

**Twilight Sparkle** : And I can help keep tabs on her magic!

Me: We all can.

Flurry Heart: And I can give them all some pointers.

**Lilly Crystal and Cloud Star** : [sneezes]

A massive blast of magic exploded out of their horns and we saw a huge hole that went up through the castle!

[burbles]

Me: WHOA! What power!

Nico: Unbelievable!

Lily: That is strong magic for two little ones so young.

**Princess Celestia** : It appears their magic is more powerful than that of a newborn unicorn!

**Princess Luna** : The crowds have already started to gather.

**Pinkie Pie** : [inhales] [blows balloon] This Crystalling is gonna be some party!

[balloon pops]

**Princess Cadance** : Do you think we should call it off?

**Rainbow Dash** : Um, we've all faced a lot worse than baby magic.

Me: Yeah we've handled major things that are more powerful than this.

**Rarity** : I can't imagine cancelling such a beautiful and important ceremony over something so potentially adorable!

**Applejack**, **Fluttershy**, **Pinkie Pie** and **Rainbow Dash** : [general agreement]

Me: Besides we came to see an amazing event like this and we wouldn't miss it for the world.

**Princess Celestia** : In light of the little one's abilities, this Crystalling might be more important than ever. [to Cadance] Perhaps you should address your subjects and remind them of that.

**Princess Cadance** : Hm. [kisses both twins]

**Lilly Crystal and Cloud Star** : [baby noise]

Me: What are you gonna name your girls?

Princess Cadance: I was thinking Lilly Crystal and Cloud Star.

Me: Those are great names.

Flurry Heart: I love them.

Flurry Heart held her baby sisters for the first time.

Flurry Heart: Aww. I'm your big sister.

**Shining Armor** : [snoring]

**Twilight Sparkle** : Shining Armor! Do you have everything you need for the ceremony?

**Shining Armor** : [tired] Huh? Oh, no! I still have to interview the honor guards, choose the purity crystal, and pick a crystaller!

Me: Whoa whoa whoa whoa. Take it easy.

Sunburst: I can handle the Crystalling. It will be great.

We gathered the citizens together and we had the twins under a jewel heart alter. Princess Cadance and Shining Armor and Flurry Heart kissed their new family members and the twins both glowed in a powerful bright yellow light.

**Lilly Crystal and Cloud Star** : [giggling]

**Sunburst** : Citizens! May I present the newest members of the Crystal Empire, Lilly Crystal and Cloud Star!

**Lilly Crystal and Cloud Star** : (Spreads their wings) [laughs]

[crowd cheers]

**"Mustafa Combe"** : They are so beautiful!

**"Scouts Honor"** : Oh! It's just so moving!

The ponies of the Crystal Empire knelt and energized the snowflake floor with their love and hope.

[magic noises]

Sunburst put a pure crystal shard on the floor and it sucked up all the energy and was in the shard. Then he took the Shard to the Crystal Heart and inserted it into the top of the heart and the heart spun very fast and released a massive blast of light magic. Our clothes were turned into Crystal Clothes and they were amazingly beautiful.

**Lilly Crystal and Cloud Star** : [giggles]

[Crystal Ponies cheering]

A massive blast of light and magic surged over the entirety of Gotham Royal York and we were stronger and more powerful than ever and our clothes were beautiful.

[magic zap]

The magic was stronger than ever.

**"Tough Nut"** : Best Crystalling ever!

We cheered wildly. we witnessed an awesome and amazingly incredible event.

Me: Wow! That was SO COOL!

Nico: THAT WAS AWESOME!

Laney: Yeah it was! That was incredible!

Lincoln: It sure was!

Hawkgirl: That was amazing!

Starfire: It was most glorious!

Me: Unforgettable!

We had an awesome time seeing the Crystalling and it was amazing!

---

Now we were ready to go into Twilight Town. In the simulator we got ready and we were excited.

Me: Now we're ready to go to Twilight Town.

Nico: Awesome.

We went into the simulator and it activated and we were in Twilight Town.

---

**Twilight Town** is a world that appears in *Kingdom Hearts: Chain of Memories*, *Kingdom Hearts II*, *Kingdom Hearts 358/2 Days,* and *Kingdom Hearts III.* It is the "birthplace" of Roxas and has since been infested with Nobodies. However, Heartless were known to have been in the city during Roxas's time in the Organization.

Despite its subtle atmosphere, Twilight Town is one of the largest worlds known. It is located in between the realms of dark and light, similar to the Land of Departure, Castle Oblivion, Traverse Town and The World That Never Was. As its name implies, this world's sun is always in the same position in the sky, never rising nor setting.

Twilight Town is a quiet city in endless sunset. Much like Traverse Town in the previous game, it is divided into several distinct districts, commonly known as Market Street, Sunset Terrace, and Yen Sid's Tower. Though the Tower is not truly part of the town; it is merely reached by a train from this world.

*Kingdom Hearts 358/2 Days*

Twilight Town is the birthplace of all human-form Nobodies, with possible exception of Naminé. When they are first "born", they arrive in front of the manor gates, in the clearing of the woods. Here, a previously born Nobody greets them and gives them their new name. Roxas at first turned down Xemnas's offer to join Organization XIII and wandered the city streets. After seeing a trio of friends (Hayner, Pence, and Olette), Axel sees Roxas's apparent sadness over not having friends here, appears, and gives him sea-salt ice cream, convincing him to join atop the Clock Tower.

Throughout Roxas's life as a Nobody, he, Axel, and Xion used the Clock Tower as a meeting place after their missions, where they would sit and talk about their missions, or discuss whatever came to mind. It is also here that the final battle between Roxas and Xion takes place; the end result being Xion's return to Sora.

*Kingdom Hearts: Chain of Memories*

Meanwhile, Sora, Donald, and Goofy accessed a memory-based Twilight Town via a card on the eleventh floor of Castle Oblivion. Sora, vexed and confused, wondered why Vexen mentioned the words "my Riku" and "the other side of Sora's heart". After Sora defeated Vexen, Vexen was just about to reveal Marluxia's plans (and, by extension, Roxas's existence) to Sora and company when Axel barged in and killed Vexen.

At a later point, Riku, also in Castle Oblivion, accessed the memory version of Twilight Town with help from King Mickey. In the memory Twilight Town, Riku meets DiZ, fights Riku Replica in their second match ending with Riku defeating the Replica and causing him to fade out of existence, and meets Naminé before confronting Ansem, Seeker of Darkness one last time, to conquer his darkness.

*Kingdom Hearts II*

DiZ, unknown to Organization XIII, began using the Old Mansion as a headquarters for his revenge. Along with Naminé and Riku, he set up computer systems and Memory Pods in the basement levels of the manor, and monitored Sora's progression as he regained his memories while Roxas lived in a virtual simulation of Twilight Town.

The restoration process finishes exactly one year from the day that Sora created Roxas, and Sora, Donald, and Goofy awaken from their sleep with their memories restored up to the point that they entered Castle Oblivion, but do not know how long they were asleep, or how they got to Twilight Town. Sora says that the surroundings are rather familiar, and the group wonders if they had ever been there before.

They wander the streets, looking for answers, and ultimately meet Hayner, Pence, Olette, Seifer, and the other residents of Twilight Town. In the Sandlot, the Struggle tournament organizer will explain how they end up doing Struggle battles. In the Market Street, the tram has stopped running and the Moogle shop is closed, sporting a sign that says "Synthesis Workshop - coming soon!"

Eventually, they encounter King Mickey, when he saves them from a group of attacking Nobodies and tells them to board a magic train to the Mysterious Tower. Once there, the tower's master, Yen Sid, gives Sora new clothes, new abilities, and explains the situation with Organization XIII. He also returns the Gummi Ship to them, and puts them on their new quest.

Sora and the party return to Twilight Town twice during their adventures. The first time, he learns that Kairi fled Destiny Islands in search of him and was kidnapped by Axel. As he leaves town, he is stopped by Saïx, who taunts him into defeating more Heartless for Organization XIII.

The second time, the party, along with Mickey, Hayner, Pence, and Olette, go to the manor where Sora and the party awakened, and find the digital Twilight Town, which leads them to The World That Never Was.

---

Me: Here we are guys. Welcome to Twilight Town.

Lincoln: It's so beautiful.

Matoombo: Why is this place called Twilight Town?

Sora: It's located between the realms of light and darkness Land of Departure, Castle Oblivion, Traverse Town and The World That Never Was. As its name implies, this world's sun is always in the same position in the sky, never rising nor setting. Twilight Town is a quiet city in endless sunset.

Me: That's really cool and it's a beautiful sunset here 24/7.

Kairi: So amazing.

Tara: It sure is.

Me: I wouldn't mind coming here for a vacation here one of these days.

Nico: Me neither. It's so cool.

Lincoln: Yep.

Roxas: Let me show you all the Usual Spot.

Me: Okay then.

We followed Roxas and he showed us where he and his friends all hung out.

Pyro: So this is the Usual Spot?

Sora: Yep. This is where Roxas, Olette, Pence and Hayner and myself like to hang out.

Me: Nice. Like a perfect little clubhouse spot.

Lea: I remember that.

Roxas: Just like old times.

Xion: Brings back so many memories.

Me: It sure does doesn't it. But it makes a perfect hangout spot.

Roxas: Come on guys. I'll show you around.

We followed Roxas and it was so amazing.

Luxord: Wow. It's amazing here.

Nico: It sure is.

Roxas: Oh great.

We saw 4 people coming and it was Roxas's rivals SEIFER ALMASY and his friends FUJIN and RAIJIN! And with them was Vivi.

---

**Seifer Almasy** is the rival of Squall Leonhart and an antagonist in *Final Fantasy VIII* . He is a very selfish person who was turned to the dark side by Sorceress Ultimecia. He is usually accompanied by his two followers and loyal friends named Fujin and Raijin.

A younger looking version of him shows up in the *Kingdom Hearts* series, where he is a bully in Twilight Town. Roxas defeats him in a battle.

A younger version of Seifer first appeared in the videogame *Kingdom Hearts II* . He is the leader of the "Twilight Town Disciplinary Committee", together with Fuu and Rai, and he is idolized by Vivi for his strength. Seifer is known for being a top Struggle fighter, who also likes street brawls.

In DiZ's simulated Twilight Town, he is a rival of Roxas and his friends, while in the real Twilight Town, Hayner is his main rival since Roxas himself does not exist. He is antagonistic toward Sora, but after he saves Seifer's gang from the Nobodies, Seifer gives him the Struggle Trophy, an unspoken sign of respect. Although his rival Squall (under the name of Leon) appears in the series the two never meet, though they retain their trademark scars.

In *Kingdom Hearts III*, Seifer is said to have left on a warrior's journey with Fuu and Rai.

He was voiced by Will Friedle in English and by Takehito Koyasu in Japanese.

Fuu

**Fujin** ( **Fuu** in *Kingdom Hearts II* ) is a minor antagonist in the video game, *Final Fantasy VIII* . She is a member of the Disciplinary Committe, along with Seifer and Raijin. Fujin's most distinguishable trait is her manner of speech, speaking in one-word sentences, usually shown in all-capitals in the text boxes (e.g. "RAGE!" or "LIAR!"), though later she is seen to speak more prominently, even saying an entire speech at one point. In the original Japanese release, she spoke completely in kanji characters. Fujin is seventeen years old during *Final Fantasy VIII* .

Rai

**Raijin** ( **Rai** in *Kingdom Hearts* ) is a minor antagonist in the videogame *Final Fantasy VIII* . He is a member of the Disciplinary Committe, along with Seifer and Fujin.

A younger version of Raijin, renamed Rai, also makes an appearance in *Kingdom Hearts II* . He once more assists Seifer with Fuu (Fujin from *Final Fantasy VIII* ) by his side. But unlike his role in *Final Fantasy VIII*, Rai acts more like a jerk and a bully towards Roxas and his friends. Not to mention, Rai appears to be much younger. Though not seen, in *Kingdom Hearts III* Rai is said to have joined Seifer on a warrior's journey. He is voiced by Brandon Adams in English and by Kazuya Nakai in Japanese.

Seifer: Well if it isn't Roxas.

Roxas: Hello Seifer.

Teen Titans Lightning: (to Seifer and his gang) Well, if it isn't Seifer and his two underlings!

Vivi: I'm really sorry, guys. I tried to talk them out of this.

Kairi: It's okay, Vivi. Unlike those three, we don't have a problem with you.

Me: So you guys are (Points to Seifer) Seifer, (To Fuu) Fuu, and (To Rai) Rai. Roxas and Sora told us a lot about you three.

Seifer: That's right and you are the famous J.D. Knudson of Team Loud Phoenix Storm.

Me: That's right.

Seifer: Let me lay down some rules. We run this town and if you cross us you're dead.

Me: I'm not intimidated. But if you do anything that hurts anyone you will answer to us and me.

Eli: Yeah you jerks!

Seifer: Well if it isn't little Eli.

Eli: Nice to see you remember me after so long.

Trickster: Seifer, listen. It's best if you and your friends leave town for a while.

Fuu: (raises eyebrow) How come?

Trickster: Well, someone very dangerous is after you guys.

Seifer: Is that a threat?

Flash: Hey, man! Trickster's just advising you on your situation!

Rai: That sounds like a threat to me, y'know?

Ben: Guys, let me turn into Rath and handle this.

Vivi: (to Seifer and his group) Well, it's been nice knowing you guys. Me? I'm gonna go get some Sea Salt Ice Cream

Me: Wait Ben. I got this.

I walked up to them.

Me: If I were you, I would heed his warning.

Seifer: If you threaten us, I will chop you into tiny pieces and then chop you into more pieces!

Me: I've heard that one before. It's old.

Seifer: WHY YOU!?

He came at me and threw a punch and I blocked it and kicked Seifer square in the face with incredible force and knocked him down with a bloody nose.

Me: If I were you I would start running and fast.

Fuu and Rai picked Seifer up and they ran fast.

Me: Cowards.

Nico: Yep. But they will be back someday.

Lincoln: Yeah but we'll be ready for them.

Me: Nah they aren't worth our time.

Laney: Those guys are big time jerks.

Roxas: Yeah but they aren't worth a fight.

We caught up with Vivi.

Star Man: Hey, Vivi. Now that we dealt with your so called friends, how about we go get some of that Sea Salt Ice Cream with you?

Vivi: Sure thing!

We followed Vivi and got some sea salt ice cream.

Lea: Just like old times right Roxas?

Roxas: (Licks ice cream) You said it Lea.

Isa: Brings back a lot of good memories.

Xion: I missed out on this.

Me: Feels like forever doesn't it? But it's amazing how the sun never moves or sets like this. It reminds me of the planet Aurelia.

Lincoln: It sure does. That was an amazing journey.

Laney: But it was so cool seeing all those creatures on that planet.

Me: Yep.

Nico: A perpetual sunset all the time. A perfect romantic sight.

May: Yep.

Xiao Fung: **Didn't Donald's uncle make these?**

Sora: He sure did.

Scrooge McDuck: (Scottish Accent) Aye. I sure did lad and they are the best.

Donald Duck: That's right and they are just as good.

Lincoln: They sure are.

Goofy: It's amazing though.

Nico: They are really good.

Me: They sure are. But what has me worried is what Organization

XIII is gonna do when they come after us each time.

Luan: I have a feeling I know who is coming first. An evil version of you Roxas.

Roxas: I have that same feeling myself.

Me: Yeah.

Nico: Me too.

Roxas: I have something interesting I want to show you all. Follow me.

We followed Roxas and he took us to the Old Mansion.

---

**The Old Mansion** is a large manor standing on the outskirts of Twilight Town. It is mysterious and derelict; in the simulated version of Twilight Town, rumor has it to be haunted. The Mansion features primarily in *Kingdom Hearts 358/2 Days*, *Kingdom Hearts: Chain of Memories*, and *Kingdom Hearts II*, though it also appears briefly during the secret ending of *Kingdom Hearts Birth by Sleep Final Mix* . The mansion is the setting of many pivotal scenes during the aforementioned games, including the deaths of Riku Replica and Vexen, as well as Roxas's initiation into Organization XIII.

During the last part of A fragmentary passage, Kairi, Hayner, Pence and Olette stand at the front gates of the mansion looking up. Then DiZ is seen checking Sora in the Memory Pod in the *White Room* .

*Kingdom Hearts 358/2 Days*

When Roxas first comes to life, he meets Xemnas, who offers Roxas into Organization XIII. It's also the place where Xion visits Naminé asking about her origin, as well as the place where Xion and Axel fight each other. There are other times when Roxas must come to the Mansion gate for a mission.

*Kingdom Hearts: Chain of Memories*

During Sora's visit of Castle Oblivion, Vexen creates a memory version of Twilight Town, based on Roxas's memories of the place. After exploring the place, Sora turns up in the clearing outside of the mansion, where he and Vexen face off. Following Vexen's defeat, the Organization member begins to disclose to Sora that the boy is being turned into a puppet through the work of Naminé, however Vexen is silenced by Axel before he is able to spoil Marluxia's plans and also to protect Roxas's identify. Axel proceeds to eliminate Vexen's existence, before leaving a confused Sora alone with Donald and Goofy.

A short while later, Riku, visits the memory Twilight Town thanks to King Mickey. After meeting DiZ and Naminé, Riku and the Riku Replica face off, with the Replica defeated once and for all.

*Kingdom Hearts II* The Simulation

The Old Mansion first appears on the first day of Roxas's stay in the Simulated Twilight Town. When a Dusk appears and steals the gang's picture of Roxas's success over Seifer (or if Roxas loses, Fuu's picture of Seifer's success over Roxas), Roxas chases after it through the streets of Twilight Town, and eventually into the forest on the edge of town.

Finally ending up in the clearing in front of the mansion's locked gates, Roxas had a showdown with the Dusk, but his weak Struggle bat was useless against the Nobody. In order to save Roxas from being beaten down by his foe, DiZ equips him with a digitized Keyblade. Roxas then quickly dispatches the enemy, who does not stand a chance against the might of the weapon. The Keyblade disappears, and Roxas returns to the gang with the missing photos.

The mansion doesn't come up again until the fifth day. After solving five of Twilight Town's "Seven Wonders", and missing the opportunity of solving the sixth after intervention from DiZ via Hayner, Roxas sets off in search of the solution to the seventh. The rumor had it that a girl would appear in the second floor window from time to time, looking sadly out at the world. When Roxas looked up, he saw the mysterious girl he had met several days earlier, Naminé, looking back at him. He was then transported up into the room, where he and the girl held a strange conversation. When he returned, he and Pence looked up at the window once more, only to see the curtain fluttering in the breeze.

On the sixth day, Roxas began to fade from the digital world and merge with Sora. He could not be seen by anyone in the world, and simply passed through them. Only Axel, a member of Organization XIII and Roxas's one-time best friend, could tell he was there. Attempting to bring him back to the Organization, Axel becomes saddened by Roxas's lack of memory and finally hardens and decides to take him by force.

DiZ freezes time momentarily to give Roxas a chance to escape, telling him to run to the mansion. Although the Nobodies assault him all the way through town, Roxas makes it to the mansion gate with the help of the Keyblade. Using Sora's memories, he unlocked the gate of the manor with the Keyblade and ran inside.

Inside, he met with Naminé once more, and began to regain his memories. It was within the mansion that he remembered that he was once a member of Organization XIII, that had used him for his power over the Keyblade, and he had left them to find his past, and that Axel was the only one who ever cared for him. After destroying the digital version of DiZ's computer and defeating Axel in the basement, he met with the sleeping Sora. The two merged here, and Sora awakened in the real Mansion.

## The Real Mansion

As seen in *Kingdom Hearts II Final Mix*, Roxas was born in the clearing just outside of the mansion, adding even more to the mystery of the mansion. After he was born, Xemnas arrives and gives him his new name, and offered him a place in Organization XIII. Also, in *Kingdom Hearts II Final Mix*, an Absent Silhouette and later, a data replica of Vexen challenges Sora, Donald, and Goofy to a battle in the courtyard. This is an allusion to *Kingdom Hearts: Chain of Memories*, when Vexen was fought here.

DiZ, surprisingly, chose the mansion as his base of operations after the happenings of Castle Oblivion, in which to start his revenge against Xemnas. He set up a large computer system in the hidden basement of the manor, set up a corridor and large room in which to hold the memory pods that were taken from Castle Oblivion, and a room on the second floor for Naminé to stay in. Together, he, Naminé, and Riku worked to restore Sora's memories. DiZ also set up the technology for a digital world, in which he placed Roxas after Riku captured him. So, in essence, the entire virtual world that Roxas stayed in is within the mansion itself.

Roxas eventually explores the mansion and goes through a number of puzzles to reach the basement, one puzzle is forces Roxas to complete a strange symbol on the table in the library. The symbol contains in it the Organization logo, the Heartless Emblem, and the crown from Sora's necklace. When Roxas and Sora finally merged, DiZ, Riku, and Naminé fled, letting Sora discover what has been happening on his own. Sora, Donald, and Goofy woke up in the basement levels, and began their second journey from there.

The Mansion isn't visited again until the last visit to the town. Twilight Town lay deserted when they first arrive, and the party continues through the town to the mansion, where they find Hayner, Pence, and Olette unconscious outside. They say that they had come to the mysterious manor in search of a second Twilight Town, where Sora's Munny Pouch and crystal must have come from. They figured that Kairi, whom they had become friends with, had ended up in the second Twilight Town after being captured, as they had no knowledge of the other worlds.

After making their way down to the basement, Pence activated DiZ's computer, and Sora, Donald, Goofy, and Mickey, whom they had met outside, went into the digital Twilight Town and went through a portal that Axel had left behind, bound for The World that Never Was. This portal leads to Betwixt and Between which only appears after dueling Axel. If examined before then it only says, "It looks like it leads somewhere, but the power of darkness prevents entry."

Flame Man: This is the Old Mansion? Now we know why it's called that.

Me: Yeah this is it. But believe it or not, this is the house of Ansem the Wise.

Namine: So many memories here both good and bad.

Me: Yeah.

We went inside and it was an amazing house.

Me: Hello!? Anyone home?

Laney: Wow. Looks like no one has been in here for years.

Nico: Yeah.

Me: Lets walk around and find out what happened.

We did so. We walked around and found a bunch of interesting things. We found a bunch of books on the Heart and Kingdom Hearts and all that and we found a bunch of journals. We also found a lot of notes and stuff on the Worlds of The Universe and more.

Me: Wow. Look at all these notes.

I read them and found something interesting.

**Kingdom Hearts** is one of the major objects in the *Kingdom Hearts* universe. It is the heart of all worlds, and a source of great power and wisdom. It can be seen as the heart of everything. Due to its great significance, it has repeatedly been sought by the villains of the *Kingdom Hearts* series, in particular the series's main antagonist, Xehanort.

In the prequel *Kingdom Hearts Birth by Sleep*, set ten years before the events of the first game, Kingdom Hearts appears in a form similar to *Kingdom Hearts II*, but blue in the sky above the Keyblade Graveyard. The graveyard is all that remains of a conflict called the Keyblade War, set many years before *Kingdom Hearts Birth by Sleep* . Keyblade Masters affiliated with both Light and Darkness fought to create the legendary χ-blade, a Keyblade capable of unlocking Kingdom Hearts. The Keyblade Masters failed and destroyed themselves; all that remain are their weapons which litter the desolate world.

Some time after, an aged Keyblade Master named Master Xehanort formulated a plan to create the χ-blade, intending to unlock Kingdom Hearts. In his reports, Xehanort explains his views of the equilibrium of Light and Darkness and how they countered those from Master Eraqus's. Opposite to Eraqus's beliefs of light being absolute, Xehanort saw that light could not exist without darkness. Xehanort believed that the balance between light and darkness was what sustained the worlds. However, he noticed that light was prevailing and that darkness was excluded too much. As a result, he created a goal for himself to destroy the current system of light and recreate a new system of darkness, and through the rise of darkness, he would reorganize the worlds.

Along with the χ-blade, Xehanort also needed one more ingredient in his plan: a vessel. With the opening of Kingdom Hearts, he would be able to obtain a new body and discard his old one. As a result, his search for the vessel led him to Terra. He saw that Terra was looking for power, and that through obtaining this power, his heart would also give birth to darkness. Thus, with this observation, Xehanort concluded that Terra was to be his new vessel.

At first, Xehanort's plans worked well, as he set the scene for his dreams to come into fruition. In the end, he succeeded in creating the χ-blade by way of manipulating his former apprentice, Ventus, and his dark counterpart, Vanitas. With the creation of the χ-blade, Xehanort stopped his battle with Terra, released his heart through striking his chest with his own Keyblade, and used the power of Kingdom Hearts to transfer his heart into Terra's body. However, after obtaining Terra's body, part of Terra's emotions went into the discarded armor, forming the Lingering Will. Xehanort lost to the Lingering Will in a battle and fainted, unable to continue his plans with Kingdom Hearts prior to his memories being sealed.

### *Kingdom Hearts*

In the first game, Xehanort's Heartless, Ansem, Seeker of Darkness, and the horde of villains led by Maleficent sought out Kingdom Hearts. Both wanted to draw out the darkness that surrounded it in order to gain immeasurable power and knowledge.

To accomplish this, Maleficent searched for the Seven Princesses of

Heart, the maidens that possessed hearts that had absolutely no darkness within them. When brought together, these princesses would reveal the Final Keyhole, the only way to Kingdom Hearts itself. Thus, Maleficent attacked many worlds with the Heartless in her pursuit of them, and managed to capture all seven. All the while, she was being used by Xehanort's Heartless, whose original self managed to discover the nature of hearts, as well as Kingdom Hearts itself.

At Hollow Bastion, what remained of Radiant Garden after the chaos Xehanort caused, the seven princesses were finally gathered, but only when Sora sacrificed himself to release Kairi's heart using a Keyblade constructed from the hearts of the six other princesses, was the path to Kingdom Hearts finally opened. With Xehanort's Heartless having gained possession of Riku's body and forcing Riku's heart to wander into the darkness, he disappeared behind the darkness that poured out from the keyhole on the way to Kingdom Hearts.

After Sora was restored from his Heartless self, he once again went to Hollow Bastion, and sealed the Keyhole made by the princesses, holding off the great darkness. Regardless, Xehanort's Heartless remained a threat, so Sora and company ventured to the End of the World, a place created out of the remains of the worlds taken by the Heartless. There, the Heartless thrived, and beyond it, in the endless abyss, lay the unlocked door to Kingdom Hearts.

After a long battle, Xehanort's wounded Heartless reached the endless abyss, where the Door to Darkness lay, with the Universe of Kingdom Hearts#Realm of Darknessm of Darkness and Kingdom Hearts waiting behind it. Xehanort's Heartless forced the door to open, hoping for Kingdom Hearts to fill him with the power of darkness. However, Kingdom Hearts was revealed not to be darkness, but light. The light overwhelmed him, destroying him. But even with his defeat, the darkness that surrounded Kingdom Hearts threatened to overwhelm the Universe of Kingdom Hearts#Realm of Lightm of Light, with Heartless flocking to it in droves. In order to stop the Heartless threat, Sora was forced to close the Door to Darkness, trapping Riku and King Mickey on the other side. Nonetheless, the sealing also restored the destroyed worlds, along with the barriers between them, while preventing billions of Heartless from invading the Realm of Light.

*Kingdom Hearts 358/2 Days*

Throughout the entire game, Organization XIII is trying to collect Hearts by destroying Emblem Heartless, in order to create their own Kingdom Hearts within The World That Never Was. Though the Organization's members work towards that goal to become complete beings, Xemnas, Xehanort's Nobody, intended to become one with Kingdom Hearts itself. In one scene, Xemnas shows the other Organization members how big their Kingdom Hearts is from the top of the *Alter of Naught*, explaining how close they are to complete their plans. After this scene, the world can be seen outside the windows of The Grey Room or Organization members' bedrooms in Castle That Never Was as it slowly grows whilst Roxas and Xion gather hearts throughout most of the year.

*Kingdom Hearts II*

After Xion's demise and Roxas' reunion with Sora, Xemnas alters his scheme for himself and the remaining Organization XIII members to use Sora in destroying the Emblem Heartless so they can reap the benefits and become whole. When Sora learns of this plot, however, the Kingdom Hearts above the Castle That Never Was had grown to an enormous size. Xemnas aside, a revived Maleficent also seeks out Kingdom Hearts once more and refuses to let the Organization get to it first.

But due to Ansem the Wise's attempt to seal Kingdom Hearts away with a digital encoder, the explosion that sent him to the Dark Margin and restored Riku's original form left a giant hole in Kingdom Hearts, causing countless hearts to rain down over the world, becoming Heartless as soon as they touch the darkness that emanates from the city, with other Nobodies, mainly Dusks, attempting to catch the falling hearts to complete themselves. With Kingdom Hearts damaged, Xemnas attempted to have the Keyblade wielders help him all over again, though their refusal forces him to take drastic action to carry out his plan of becoming one with Kingdom Hearts.

Thankfully, a new door, much like the Door to Darkness, appears, allowing Sora and his companions to enter Kingdom Hearts as well. But Xemnas had already absorbed Kingdom Hearts' power, and attempts to use it against his opponents after transforming Kingdom Hearts' dimension into a replica of the World That Never Was. Though he tries his best, and nearly defeats them, the combined efforts of Sora and his friends bring about his downfall. What ultimately happens to Kingdom Hearts after Xemnas's defeat is unknown, but it can be presumed that the Kingdom Hearts Xemnas created using hearts Sora released with his Keyblade no longer exists.

*Kingdom Hearts 3D: Dream Drop Distance*

The artificial Kingdom Hearts created by the former Organization XIII can be seen in the skies above Riku's portion of The World That Never Was.

Upon his return, Master Xehanort reveals to Mickey and Riku his plans to start another Keyblade War using the thirteen darknesses comprising the real Organization XIII and the seven hearts of light comprising the Seven Guardians of Light to forge the true χ-blade and open Kingdom Hearts.

*Kingdom Hearts III*

Upon creating twelve of the thirteen dark pieces needed to complete the χ-blade, Master Xehanort summons the true Kingdom Hearts in the skies above the Keyblade Graveyard with his Keyblade. After striking down Kairi in order to force Sora to attack him, the resulting clash between the two creates the final dark piece, allowing Master Xehanort to complete the χ-blade and open Kingdom Hearts, tainting it with his darkness as it expands over the world. However, the guardians of light devise a plan to push Master Xehanort into a place between time and space while they focused on containing Kingdom Hearts from the outside. While Sora, Donald and Goofy force Master Xehanort into Scala ad Caelum to defeat him, the remaining guardians stay behind to keep Kingdom Hearts at bay.

During the final battle, Master Xehanort uses the χ-blade to summon Kingdom Hearts, using its power of light to combat Sora and company. However, Master Xehanort is ultimately defeated, and weakly reveals his plan to start a purge with Kingdom Hearts, which would result in the world being reset. However, the rest of the guardians arrive to reveal that Kingdom Hearts was closing on the other side, and the heart of Master Eraqus emerges from Terra's heart to convince Master Xehanort to surrender the χ-blade to Sora. After Eraqus and Xehanort pass on and ascend to Kingdom Hearts, Sora uses the χ-blade to seal Kingdom Hearts.

Me: Wow! So Kingdom Hearts is the source of ultimate power as well as the door to all worlds.

Nico: That's interesting. But why does Xehanort and Organization XIII want is power so badly?

Me: To destroy the entire universe and reshape it in their own image. But it also says here that Xehanort was gonna start another Keyblade War.

We gasped.

Laney: That's madness!

Nico: You were right J.D.! He WAS going to destroy the entire universe.

Lincoln: Yeah.

Lana: That fiend!

Lola: Yeah!

Me: Lets keep all this as evidence on what we found out here.

I put it all in a scroll and we went to another room. We saw that it was pure white and there were drawings all over the place.

Me: This must be your room Naminé.

Namine: Yes it is.

We walked around and looked at all her drawings she did.

Dr. Destiny: (sees Namine's drawings) These are nice drawings, Namine. Too bad Riku's your boyfriend.

Namine: Yeah but I'm happy with it.

Me: These drawings are really good.

Laney: Just as good as my paintings.

Me: They sure are.

I saw pictures of what they are and saw that they were pictures of all of Sora's adventures before he went into Castle Oblivion.

Me: Whoa man! These pictures are fragments of Sora's memories. They are what he lost when he went inside Castle Oblivion.

Eli: I remember that. That was awful.

J.D. 3: Yeah. And we also met all of Organization XIII the first time.

Me: You and Eli both bet Organization XIII before!?

J.D. 3: Yeah and what they did was unforgivable.

J.D. 3 told us all about what they did and how it affected not just Sora but also his friends and Xion.

**Organization XIII** (XIII機関, *Jūsan Kikan?*, lit. "XIII Order") is a group of 13 powerful Nobodies who seek or were tricked into to becoming clones of Master Xehanort and the the main antagonistic faction of the Dark Seeker Saga in the *Kingdom Hearts* franchise. Their most notable appearances were in *Kingdom Hearts: Chain of Memories*, *Kingdom Hearts II*, *Kingdom Hearts 3D: Dream Drop Distance*, and *Kingdom Hearts III* .

Because almost all of the members are Nobodies, they lack hearts, meaning that they also have no emotions. The Organization yearns to discover the secrets of the heart and fill the empty void inside themselves by gathering hearts to form Kingdom Hearts so they can become full beings again.

While each member is aware of their lack of emotions - a fact that makes them feel inadequate - many of them pretend to have emotions (i.e. Saïx's enraged battle style and Larxene's giggling and winking). The *Kingdom Hearts Chain of Memories* manga and several other media forms provide an alternative view, saying that they *do* have emotions, but are plagued by a feeling of uncertainty and emptiness due to not having hearts. The manga further displays this "plagued" feeling by showing the members engaging in tasks like jigsaw puzzles, cooking, and reading to try to fill their emptiness.

After Organization XIII's defeat, all of the members were revived as their original Somebodies.

In *Kingdom Hearts 3D: Dream Drop Distance*, Xehanort and some of Organization XIII's former members, along with other affiliates return as the **real Organization XIII** . They act as the main antagonists of the entire *Kingdom Hearts* series and were led by a revived Master Xehanort. They aided Xehanort in his original plan to obtain the χ-Blade and start the Second Keyblade War.

## Origin

Organization XIII was formed by a group of scientists working under a man called Ansem the Wise, the ruler of the beautiful realm known as Radiant Garden, and worked from Ansem's castle, Hollow Bastion. The head of this group was Ansem's apprentice, Terra-Xehanort, with the others being Braig, Dilan, Even, Aeleus, and Ienzo. Ansem the Wise began initiating tests about the human heart, focusing mainly on Xehanort, with the hopes of recovering his lost memories.

At the urging of Ienzo, he constructed a massive laboratory under the castle. However, Ansem the Wise soon ceased his experiments, for he feared that going too deep would have grave repercussions, also noting Xehanort's apparently superhuman abilities.

## Organization XIII

However, his six apprentices, still seduced by the desire for knowledge, conducted their own dangerous experiments on countless subjects. Eventually, they discovered the beings called the Heartless, those that are born from the darkness in a heart and seek other hearts as well. Xehanort, having taken on Ansem's name and writing his findings under it, opened a door he discovered, breaking down the barriers between worlds and allowing travel between them.

When a king named Mickey arrived, the six men's desire for knowledge eventually caused Xehanort to abandon his body, becoming a Heartless (though he was unusual in that he had a human form and retained his memories and personality), with the other five soon following. Thus, the first six members of Organization XIII were born, and they banished Ansem to the Realm of Darkness.

*Kingdom Hearts Chain of Memories*

The Organization make their first appearance in the series (apart from Xemnas's appearance in *Kingdom Hearts Final Mix* ). The neophytes - Marluxia, Larxene and Axel - tried to take control of the Organization by using Sora as their puppet, while the senior members, but was later revealed that Axel was a double agent to prevent Marluxia and Larxene from achieving their goals - Zexion, Lexaeus, and Vexen tried to oppose them by using the darkness in Riku. However, all of them, save for Axel, were eliminated.

*Kingdom Hearts 358/2 Days*

The story largely focuses on Roxas's time as a member of the Organization XIII, and his friendship with Axel and Xion, and thus, all the members are present here. This is the first installment of the series where the fourteenth member, Xion, is mentioned.

*Kingdom Hearts II*

The Castle That Never Was

Only seven members of the Organization remained at the beginning of *Kingdom Hearts II* . Sora and his friends took every single remaining member down, save for Roxas, who became one with Sora, and Axel, who sacrificed himself so that Sora and his friends could save Kairi. After the defeat of Demyx and Xaldin, and Axel's sacrifice, only 4 members remain. While Sora and his friends were storming The Castle That Never Was, they were able to take out Xigbar, Luxord, and Saïx, after which both Sora and Riku decided to stay and to fight off Xemnas. With their combined powers, the two managed to destroy Xemnas.

*Kingdom Hearts 3D: Dream Drop Distance*

After the destruction of all the Nobodies, a past version of Xehanort uses time travel to assemble several other versions of himself throughout time to form the "real" Organization XIII. Several members of the first Organization such as Xigbar are made apart of the original Organization XIII because Xemnas had been slowly turning them into new Xehanorts.

The whole purpose of the Organization was to turn thirteen Nobodies into new Xehanorts. Several members were unable to be transformed, so past Xehanorts had to be used to fill the membership.

Real Organization XIII

This Organization XIII consists of 13 different incarnations of Master Xehanort. Master Xehanort, Young Xehanort, Ansem, Seeker of Darkness, Xemnas, Xigbar, Saïx, Luxord, Larxene, Marluxia, Terra-Xehanort, Dark Riku, Vanitas, Xion, Vexen, and Demyx, although the latter two end up defecting. They attempt to turn Sora into the thirteenth member by consuming him with darkness, but his allies, including Riku, King Mickey, Donald, Goofy, and Lea (Axel's Somebody), halted the process until the Organization has to return to their original times.

Members Master Xehanort - Founder, leader, original incarnation. Ansem - Terra-Xehanort's Heartless. Xemnas - Terra-Xehanort's Nobody, and former leader of the original Organization XIII. Xigbar/ Braig - Loyal servant of Xehanort, and former member of the first Organization XIII. Luxord - Former member of the first Organization XIII. Larxene - Former member of the original Organization XIII who previously worked alongside Marluxia to overthrow Xemnas. Marluxia - Former member of the first Organization XIII who previously tried to overthrow Xemnas. Saïx/Isa - Loyal servant of Xehanort, and former member of the first Organization XIII. Later secretly works with Vexen to give Roxas and Xion replica bodies. Terra-Xehanort- Xehanort in Terra's body. Dark Riku - A time-travelling Riku Replica, pretending to be Ansem-Riku. Vanitas - Loyal servant of Master Xehanort who is the dark half of Ventus. Young Xehanort - Young incarnation of Xehanort. Xion - Former member of the first Organization XIII and a Replica of Sora created from his memories, resurrected by Roxas's memories and given a new body. Defects when Sora helps her remember her friends. Vexen - Former member of the first Organization XIII. Brought back as a reserve member to continue his research on the Replica program, later revealed to be an undercover spy. Demyx - Former member of the first Organization XIII. Brought back as a reserve member only, later defected. Original Candidates

It was also revealed that there were others that were originally going to be a Xehanort, but for one reason or another, they didn't become one of the 13 Xehanorts.

Riku - Gained full control of the darkness inside him. Sora - Rescued by Riku, Donald, Goofy, King Mickey, and Lea. Ultimately Xion was chosen to become the final member of the real Organization in his place. Roxas - Left Organization XIII, and merged with Sora. Every member of the original Organization XIII: Xaldin - Revived as his Somebody, Dilan. Vexen - Revived as his Somebody, Even. Lexaeus - Revived as his Somebody, Aeleus. Zexion - Revived as his Somebody, Ienzo. Axel - Betrayed the original Organization XIII to bring back Roxas. Later revived as his Somebody, Lea. Demyx (Presumably) - Despite his loyalty, showed too much laziness and lack of devotion to goals. Outfit

Each member in the Organization dons the same uniform, regardless of whether they are male or female. The uniform consists of a single black leather hooded coat. It is plainly adorned with a silver zipper and seemingly pointless silver beaded pull strings for the hood that form a semicircle in the middle. Each member wears their zippers at differing points. Not much is known about the undergarments of the Organization. It is known, however, that they all wear hakama-esque black pants and knee high silver trimmed boots, with the exceptions of Roxas, who wears sneakers of the same color, and Larxene and Xion, who wear a more feminized version of the boots with heels. In addition to this, they all wear black leather gloves of some unknown length, as they disappear under bell shaped sleeves. Some members have different looking coats, for example Axel, whose sleeves are tight around his wrists.

Upon closer inspection, it can be seen that the hems of each cloak are each slightly different, as well as the shoulder pads (such as those of Demyx and Xigbar, which seem to be slightly pointed). Other known characters to wear the cloak are King Mickey, Riku, Xehanort's Heartless, and Moogles. Riku obtains his cloak from DiZ and it is presumed Mickey also obtains it from him.

It is unknown how DiZ or the Moogles obtained them. An unknown character is shown wearing the cloak in *Kingdom Hearts Coded* . It is unknown if this is an Organization member or someone merely wearing the cloak.

## Ranking

Ranks within the Organization have little to nothing to do with power. While Xehanort's Nobody, known as Xemnas, is the strongest as well as the leader, the rest fall in the order they joined. As the group's name describes, one would assume that there are a total of thirteen members. Until the announcement of *358/2 Days*, this was true. Besides having a numerical rank, each member also has an assigned title. The only exception to this is Xion, who is not actually a true member of the Organization.

The actual power order of the Organization was stated by Nomura: Xemnas is the strongest by far, followed by Roxas (and presumably Xion when she debuted), followed by Lexaeus and Xaldin. The rest were not stated, though it is likely that Marluxia and Saïx are higher up, and Vexen and Demyx are lower down.

The ranks and titles are as follows:

I. Xemnas, "The Superior of the In-Between": Controlled Sorcerers, used the attribute of Nothingness and weapons called Ethereal Blades|Ethereal Blades.

II. Xigbar, "The Freeshooter": controlled Snipers, used the attribute of Space and Arrowguns.

III. Xaldin, "The Whirlwind Lancer": controlled Dragoons, used the attribute of Wind and six Lances.

IV. Vexen, "The Chilly Academic": used the attribute of Ice and a Shield.

V. Lexaeus, "The Taciturn Stalwart" ("The Silent Hero" in the Japanese version): used the attribute of Earth and an Axe Sword.

VI. Zexion, "The Cloaked Schemer": used the attribute of Illusion and a Lexicon.

VII. Saïx, "The Luna Diviner": controlled Berserkers, used the attribute of the Moon, and a Claymore.

VIII. Axel, "The Flurry of Dancing Flames": controlled Assassins, used the attribute of Fire and Twin Chakrams.

IX. Demyx, "The Melodious Nocturne": controlled Dancers, used the attribute of Water and a Sitar.

X. Luxord, "The Gambler of Fate": controlled Gamblers, used the attribute of Time as well as Cards.

XI. Marluxia, "The Graceful Assassin": controlled Reapers, used the attribute of Flowers and a Scythe.

XII. Larxene, "The Savage Nymph": controlled Ninjas, used the attribute of Lightning and Knives.

XIII. Roxas, "The Key of Destiny": Controlled Samurai, used the attribute of Light and wielded up to three different Keyblades (due to being Sora's Nobody). He initially wielded the Kingdom Key but soon acquired the Oathkeeper and Oblivion, which represent Kairi and Riku, respectively.

XIV. Xion: used the attribute of Light and the Kingdom Key. Although she is considered part of the Organization, she is not a Nobody, but an imperfect replica of Sora created from his leaked memories.

Each of the titles correspond to whichever element the paticular member controls, a particular trait, or the type of weapon they have. Some members of Organization XIII, including Saïx, do not consider Xion to be a member of the Organization.

While in *Kingdom Hearts III* the ranking for the members of the real Organization XIII was unknown, in the *Re:Mind* DLC expansion the numbers are officially shown for all thirteen of the main members on the portals used to access their Data Battles:

I. Master Xehanort II. Ansem, Seeker of Darkness III. Xemnas IV. Xigbar V. Luxord VI. Larxene VII. Marluxia VIII. Saïx IX. Terra-Xehanort X. Dark Riku XI. Vanitas XII. Young Xehanort XIII. Xion Differences

There are a few major differences between the Nobodies within the Organization and the ones that Sora frequently encounters throughout the game. The average type that Sora fights often have strange features, enhanced speed, metallic skin in shades of white, silver, and blue, and the trademark Nobody symbol (which doubles as the logo for the Organization).

The Nobodies that make up the Organization have human forms with limited special powers, revolving around thirteen different elements. One ability shared by all the members is the power to summon an oval, obsidian portal of darkness that leads to the unseen paths of darkness. These portals are known as Corridors of Darkness. The Organization makes use of the paths to move to and from worlds unseen without fear for their well-being compared to those who are attuned with darkness and still have hearts.

Lesser Nobodies

A few select members of the Organization have control over the other, weaker Nobodies, though this is only shown in *Kingdom Hearts II* . The members from *Kingdom Hearts Chain of Memories* may also have had that ability, which is supported by the introduction of the Reaper and Ninja Nobodies in *Kingdom Hearts III*, being controlled by Marluxia and Larxene, respectively. Like their titles, each member's lesser Nobody has some similarity to them. These lesser Nobodies are called Sorcerers, Snipers, Dragoons, Berserkers, Assassins, Dancers, Gamblers, Ninjas, Reapers, and Samurai.

Sorcerer Nobodies are under the command of Xemnas. They float over the ground constantly, possessing a grace much like that of Xemnas, and utilize large cubes of nothingness in several ways. They are the most powerful and rarest of the lesser Nobodies.

Sniper Nobodies are controlled by Xigbar and, like him, carry spiky guns that shoot small red crystallized lasers.

Dragoon Nobodies are controlled by Xaldin because of his affinity with wind, and possess a singular lance that mirrors the six that he fights with.

Berserker Nobodies are under Saïx's power and, as with the previously mentioned lesser Nobodies, hold a weapon identical to that of their master. An observant player will also notice that Berserker Nobodies go through random surges of anger, much like Saïx when he draws upon the power of the moon.

Next are the Assassin Nobodies. This group is under Axel's control, capable of becoming a circular form similar to Axel's weapon, hiding away for short periods of time before attacking, and causing powerful explosions.

Dancer Nobodies are the most colorful of all the lesser Nobodies, featuring bright colors such as orange and pink. They are Demyx's servants and relate to him due to his musical nature.

The Gambler Nobodies are under Luxord's rule. Luxord, being a gambler of many things, fights with cards, which they use as well, along with several dice.

Ninjas are under Larxene's command. Like her, they are fast, have the ability to teleport, can create fake copies of themselves, use electricity-based attacks, and attack with knives.

Reapers are controlled by Marluxia, and like him, use plant-based attacks and wield scythes.

The final of these lesser Nobodies are Samurai, which Roxas controls. Samurai wield two katana just as Roxas wields two Keyblades, Oblivion and Oathkeeper.

The lesser Nobodies are named after recurring *Final Fantasy* job classes and share similar traits with them, such as the Dragoons' ability to jump.

Naming

Roxas is the only member seen undergoing the naming ceremony. A common thread between all of the members is the "X" that appears within each of their names. As revealed by Tetsuya Nomura, the director of the game, by removing the "X", the remaining letters form an anagram of the members' original names from when they were humans.

For instance, "Roxas" is an anagram of "Sora", and "Xemnas" is an anagram of "Ansem". Xemnas' true name is Xehanort; his name is an anagram of 'no heart' or 'another' with an X added. Xion, being an artificial Replica, had no original name. The name "Xion" came from her label as Replica No.I of the Replica Project. The name of the Nobodies' "other" appears before them in translucent, rainbow-colored font (similar to the one shown at the intro to The World That Never Was). Then, an "x" drops down and the letters rearrange themselves until they form a new name.

It is also suggested that Xemnas is the one who performs this ceremony. Many have suggested that this is not true, as Xigbar was the one to find Marluxia and name him, but if one listens to the dialogue between Zexion and Xigbar in *Kingdom Hearts II Final Mix*, it is apparent from the way Xigbar does not know how to pronounce Marluxia's name that he was not the one to name him, and rather just found him.

Where Nothing Gathers, somewhere in the Castle That Never Was, inaccessible to the player, is the meeting room of the Organization. This area can be accessed with a cheat code, though - the platform with the Organization symbol can be walked on, but none of the thrones can. The area is called "Where Nothing Gathers" - suggesting it may have been planned to be in the final game as a full area, but was dropped later. It is a white cylindrical room with thirteen extremely tall white thrones. The height of these thrones is determined by the amount of missions the respective members complete and the height tends to change depending on the success or failure of those missions.

However, Xemnas's throne is always the highest as he is the leader and therefore has completed the highest amount of missions. To his left are the odd-number ranked members while to his right are the even-numbered. Starting from Xemnas, clockwise: Xaldin, Lexaeus, Saïx, Demyx, Marluxia, Roxas, Larxene, Luxord, Axel, Zexion, Vexen and Xigbar. Ironically Vexen, Lexaeus, and Zexion have the lowest chair heights out of the whole Organization.

In the new cutscenes of *Kingdom Hearts II Final Mix*, every time a missing member is referred to during a meeting, the camera's focus will shift briefly to that said member's throne (such as when Xaldin reminded Axel that, indirectly, he eliminated the traitors Marluxia and Larxene, the camera briefly shifts to view their thrones. The conversation concerns Axel's orders to destroy Roxas and fittingly enough, Roxas's throne is between theirs).

### Proof of Existence

In the central tower of The Castle That Never Was, the room is something of a graveyard or a place where beings who cannot use the portals to darkness use the doorway-like portals to reach other members of the Organization. This chamber has thirteen portals which lead to a certain area throughout the castle; the portals are placed simultaneously along the walls and glow blue if that specific member is alive but red when that one is dead.

Starting from Xemnas', which is actually a path to the Altar of Naught, going downwards are two more, then below them are four and after them are eight with a path cutting halfway between the portals. The portals lead to large chambers which are areas that the Organization dwell when they are resting. So far only three are known which are the Altar of Naught, where Xemnas resides and the highest point in the castle, Havoc's Divide which is a large slanted balcony were Luxord resides, and Addled Impasse where Saïx lives, which is a large circular room with a balcony made of glass that looks up towards the moon. Note that for gameplay purposes, the gates to Havoc's Divide and Addled Impasse remain active even after Luxord and Saïx are felled. Also, for the same reasons, Roxas' still active-gate (since he still exists within Sora) is broken and rendered unusable, although it still maintains its blue glow. It may be broken, though, due to the fact that while Roxas still exists in Sora, he does not exist physically. Note that Zexion's tombstone was especially broken to hide his weapon's image (which was not revealed until the release of *Kingdom Hearts II Final Mix* ), although its lettering can still be read. It is unknown if Xion has or ever had a tombstone and portal.

We gasped in shock!

Me: Those monsters! I can't believe they would do all that!

Roxas: Yeah we were monsters back then.

Lea: Yeah we sure were. I can't believe we were that evil.

Elena: No kidding. It makes me angry just thinking about it.

Xion: Me too and they treated me like dirt and killed me.

Me: Yeah and they forced Namine to mess around with Sora's Memories. But I can fix all the damage that they caused to Sora.

Sora: You would do that?

Me: I sure can. Hold still Sora. You may get an incredible memory backlash from this.

I chanted a powerful incantation and powerful beams of light hit the drawings and wisps went into Sora's head and he got all his memories and original skills back and they were enhanced at 100,000 times over!

Aqua: WHOA!

Nico: That was intense.

Me: How do you feel Sora?

Sora: (Groans) What a headache. But it's all coming back to me! All my memories are restored.

Tsuki: Wow! That was amazing.

?: It sure was.

We saw a masked figure come in and it was DiZ!

Ravager: You can take off the disguise, Ansem. We know it's you.

He revealed himself and it was ANSEM THE WISE!

Me: Ansem the Wise.

Ansem: It's an honor to meet you all Team Loud Phoenix Storm.

Me: Same here. Sora told us so much about you and everything that happened. Especially with Xehanort.

Ansem: Indeed. But I take it you know what he planned to do.

Me: Yeah. Balance Light and Darkness and merge all the worlds together with the power of the χ -blade and Kingdom Hearts. Which will ultimately destroy the entire universe. We killed Xehanort and in doing so we inadvertently scattered his essence all over the universe in the form of Dark Orbs.

Ansem: I see. Yes I figured he would do so.

Me: Yeah. What Xehanort did is unforgivable. Countless Keybladers died in the Keyblade War and their keyblades littered the Keyblade Graveyard.

Laney: But I brought all of them back thanks to my singing.

Aqua: It's all true.

Tsuki: And we're all back together.

Ansem: I'm so happy for you all.

Me: Thank you. But we know what happened when we went to Hollow Bastion and the End of The World. We know that wasn't you. That Ansem was just a fake imitation made by Xehanort.

Ansem: Yes that was Xehanort's doing.

Me: Not only that but now the entire universe is in terrible danger. He's going to destroy everything in the entire dimension.

RD Me: That's horrible!

Lori: It literally is and we have to stop him no matter what.

Lincoln: Yeah.

Ansem: I will gladly help you all and help stop Xehanort for good.

Me: Thank you Ansem. We owe you one.

I then sensed something in the town square.

Me: Uh oh. We got trouble! Come on!

We went to the town square and we saw a huge Nobody and it was a TWILIGHT THORN!

Johnny 13: That's a big Nobody!

Me: No kidding! That must be a Twilight Thorn!

Nico: He's ugly!

Roxas: And he's the first big Nobody that I faced.

Namine: I remember that!

Ansem: You all have to remain vigilant.

Me: We always are ready for anything.

Dark Spicer, Ghost, Eris, Manboy, Blizzard and Raven Branwen then appeared.

Me: Dark Spicer, Ghost, Eris, Manboy, Blizzard and Raven Branwen.

Ghost: Yes it's us.

Eris: Hello there everyone.

Dark Spicer: (to Roxas) Here's your warning: Your ass is about to be kicked!

Roxas: Come and get me then Red Boy!

Me: Roxas please. Guys we have more dangerous matters to deal with.

Eris: Yeah we know. Organization XIII is coming after you.

Me: Yeah and I know that Xemnas is up to something big and it involves Nico and a certain someone.

Ghost: I have a feeling I know who it might be.

?: I do too.

A figure came out and it was UNIDOOM from episodes 23 and 25 of Jungle Fury!

---

**Unidoom** was a Phantom Beast Warrior who has the spirit of the Unicorn. He wielded a wrist-mounted blades that emit Rinzin Power. He serves as the main antagonist of the episode "One Last Second Chance".

Unidoom was one of Phantom Beast Warriors. He used the battle style of the unicorn, mythical one horned horse. Unidoom wielded in battle a pair of wrist mounted blades that possessed Rinzin Power. During the first Beast War, Unidoom fought, alongside his allies, against Pai Zhuq Academy and Dai Shi Clan. He was destroyed along with other Phantom Beasts. However Crystal Eyes were left behind that were able to ressurect them. In twenty-third episode, Jellica used Crystal Eyes and revived Phantom Beasts, and ordered them to serve her and help her destroy Dai Shi. But Scorch, Snapper and Whiger betrayed and destroyed her. Unidoom and other Phantom Beast Warriors were summoned by Scorch. They promised to serve Dai Shi. In the twenty-fifth episode, Scorch ordered Unidoom to throw the crystal eyes, where Master Finn was trapped, in the sea. Unidoom did it, but Flit it in the last moment. Then Scorch ordered Unidoom to attack Ocean Bluff, along with

Spirit Rangers. Unidoom and spirit rangers attacked the city and encountered Jungle Fury Rangers, who were without RJ. Unidoom was strong and capable fighter and was able to defeat five rangers even without spirit rangers. However then RJ arrived along with spirit rangers, who were at the side of good now. Unidoom was accompanied by Camille and Rinshi. He was eventually destroyed by Spirit Rangers, who used their final attacks on him together.

---

Casey Rhodes: Unidoom!

Unidoom: Been a while rangers.

Me: I remember you! You are one of the Phantom Beasts that was resurrected by Jellica and you tried to destroy Dai Shi. And you were told by Scorch to throw the Crystal Eyes into the ocean. And then attack Ocean Bluff with the Spirit Rangers as well.

Unidoom: That's right. Good memory on you J.D.

Me: Never missed an episode.

Unidoom: It's an honor to meet fellow unicorns like myself.

Twilight Sparkle: Same here.

Rarity: But you don't know our magic like we do.

Sunset Shimmer: And more.

Me: But it's gonna be cool having the awesome ponies of Equestria face you.

?: Not if I kill all of you first it won't.

Another figure came out and it was QUINTON!

---

**Quinton**, known as **V** in the Japanese version, **Five** in the Italian version, born **Christopher "Chris" Arclight**, is a character appearing in the *Yu-Gi-Oh! ZEXAL* anime. He is the eldest son of the Vetrix Family and was the most dedicated towards their cause.

In the past, Chris along with his brothers and their father, Byron, lived a happy life, and they had a dog. Their father gave Michael a Duel Monsters card - "Chronomaly Aztec Mask Golem".

Thomas was jealous because only Michael received a card and tried to take "Mask Golem" from him. Chris told them to stop or their father will scold them and then promised to teach both of his brothers how to Duel. When Byron became involved in Dr. Faker's experiments, Chris accompanied him in the lab.

They were attempting to find the door that would lead to parallel dimensions, he was assigned to find Kazuma Tsukumo, an adventurer who was trying to find the same thing. Kazuma agreed to help them, and after examining their theory, he told them what was wrong with it. They had been operating under the assumption that were twenty-one passage points. By analyzing that data, they could determine where the door would appear next. Kazuma revealed that there were actually twenty-three passage points, something he had determined while adventuring.

With that new data, they determined where they needed to go, but Chris stayed behind. Byron, Kazuma and Faker traveled to the destination.

His father did not return from the trip, Chris' brothers were sent to an institution, while he remained at Dr. Faker's facility in an attempt to learn of his father's fate. Here he met Kite Tenjo and Hart Tenjo, Faker's sons, and they reminded him of his own brothers.

Kite wished for power to protect Hart, and Chris taught him how to play *Duel Monsters* to suit that purpose. During this period it is seen that he was an extremely strict mentor, as he and Kite in one instance Dueled for several days without rest, with Chris pushing Kite to unhealthy limits. Chris eventually left the facility after learning about what really happened to his father. Faker betrayed his father and Kazuma by offering them as sacrifices, which lead to parallel dimensions through the portal. When Byron returned, his form was warped into that of a child and he swore revenge against Dr. Faker.

Chris' father told him him what had happened and took the name "Vetrix", while Chris became known as "Quinton". Vetrix imbued each of sons with a crest, which granted them great power. However, it was directly connected to their souls, so should they lose a Duel while wielding a powerful "Number", they will fall comatose.

## World Duel Carnival Preliminaries

After Quattro gave Shark a Heart Piece, he returned to Vetrix to inform him, which Quinton and his brother, Trey witnessed.

During the morning of the second day of the World Duel Carnival, Quinton was reading a book while Quattro was choosing his targets by throwing the "Numbers" that they have collected at them. Seeing this, Quinton commented that Quattro is too brash and suggested he treat the "Numbers" he's collected better. Angered by Quinton challenging his ethics, Quattro suggested Quinton try collecting "Numbers" himself and challenged him but is quickly shot down by Quinton being reinforced by Trey and Vetrix.

After insulting Vetrix, Quinton rose to his feet and tells him he won't tolerate that causing Quattro to quickly back off. Quinton walked over to the "Numbers" that Quattro had thrown on the wall and gave Trey "Number 32: Shark Drake" and instructs him to give it to Shark. After his brothers left, he looked at Heartland Tower and swears that he will get revenge for what Dr. Faker has done. Vetrix saw him do this and informed him that no matter what, Dr. Faker mustn't know that he is alive.

After Hart Tenjo escaped from Heartland Tower, he was chased by Dextra and Nistro in a helicopter which results in them going to a tower in order to meet Kite. Soon after, a helicopter appeared in which Hart, Yuma Tsukumo and Tori Meadows thought was piloted Nistro and Dextra, resulting in Hart using his powers. After Yuma calmed Hart down with a piece of caramel, the helicopter landed, but instead of Dextra and Nistro, the person piloting it was in fact Quinton. He used his crest to take control of Hart in order to take him to Vetrix. He then flew off, leaving Yuma and Tori confused as to who he was and what he wanted with Hart.

Quinton transported Hart to the abandoned gallery where Vetrix began his ritual to steal his powers. After Yuma, Kite, Tori and Orbital 7 arrive there, Quinton sent Quattro and Trey to stall them so that the ritual is completed. Quinton watched the Duel as he's focused on Kite just like his brothers are. Like them though as well, he's surprised upon learning that Yuma possesses a "Number" card as well. He wass even more surprised to see that Yuma can use a "Number C", then realizes that his surname is "Tsukumo" and starts wondering about something.

After the Duel, he told Yuma that his father was still alive in the Astral World. When Vetrix finished testing out his newly obtained power, Quinton informed him that Yuma possesses the original Number. Vetrix then asked him if Yuma is the son of Kazuma Tsukumo, which Quinton clarifies as correct.

After Vetrix gave some of his powers to Trey, Quinton looked worried when he stands on the balcony with Vetrix. Vetrix told him not to worry about Trey because he will not lose to Yuma, but Quinton still looks doubtful. He was proven right when Trey lost, forfeiting a Heart Piece and his two "Numbers" in the process. Trey went into a coma when he returned home.

## World Duel Carnival Finals

Quinton attended the WDC Finals party, where he was confronted by his former student, Kite. Kite grabbed him by the collar, asking how his family could do what they did to Hart. Quinton responded that they simply follow Vetrix's orders and that he cannot hope to defeat Quinton or Vetrix in his current state.

Later, Quinton made a transaction with the Triad of Terror, hiring them to defeat Yuma. The next day, the competition continued aboard the Duel Coaster, and Quinton saw Kite again before boarding and exchanged glances. Quinton saw Quattro and Shark each defeat an opponent easily, taunting one another in the process, and commented how Quattro is as feisty as ever.

As what is coming next is unknown, Quinton decided to focus on conserving his Life Points and taking strategic advantage of the Duel Coaster's Spell and Trap Cards. An opponent approached him from behind, immediately attacking directly with his "Vylon Disigma". Quinton told him that anyone who approached him would be engulfed in hellfire. He activated his face-down "Infernal Sun", defeating the Duelist in an OTK as he had five cards in his hand, taking 800 damage for each of them. After that, he hit a Spell Point, which was "Dian Keto the Cure Master", giving him 1000 more Life Points.

When the Duel Coaster moved into the underground track, Quinton was approached from behind by Nistro, who wished to exact revenge for being humiliated when he failed to get Hart back after Quinton kidnapped him. Quinton negated Nistro's first attack, causing Nistro to tell him to fight with his full strength. Quinton claimed he didn't need to use his full strength to defeat Nistro and proceeded to inflict heavy damage with more Spell and Trap Cards. Nistro was saved by Yuma and the effect of his "Achacha Chanbara". This also caused Quinton to take 400 damage, which angered him greatly. When he was about to counterattack, Vetrix called him, asking if he was going to Summon a monster and telling him to wait and let Nistro struggle some more. Doing as he was told, Quinton switched lanes.

Quinton and Kite arrived at the Space Duel Field, "Space Field", where Quinton remembered the day he become filled with hate. They began their Duel, with Quinton bringing out "Number 9: Dyson Sphere" on his first turn, which sealed Kite's attacks. When Yuma, Tori Meadows and Orbital 7 arrived, Quinton explained that Vetrix is his father and revealed his past history with both Dr. Faker, who is Kite's father and Yuma's father, Kazuma Tsukumo. Quinton was able to reduce Kite to a mere 100 Life Points with "Dyson Sphere". He questioned why Yuma considered Kite to be a friend and was reminded of Kazuma by Yuma's answer. Quinton still questioned how Yuma could have the son of the person responsible for his father's absence as a friend. Quinton told Kite his family had thrown away their own names for revenge.

He wished to save his father, but his heart was already filled with revenge when he returned. Kite told him that was wrong - he fights to oppose his own parent, Faker. Quinton was surprised at how strong Kite had become, and Kite told him he would inherit Quinton's feelings and settle things with Vetrix for him. Bringing out "Neo Galaxy-Eyes Photon Dragon" with the aide of a card Faker had give him, "Message in a Bottle", Kite defeated Quinton. Quinton left through a portal, leaving "Dyson Sphere" behind for Kite and put his faith into him, saying that "Hart and Kite" will always be like little brothers to him. Returning home, he goes to Trey's bedside, where he falls comatose[2], due to "Dyson Sphere" being such a powerful "Number" and his crest being tied to his soul. He was later seen sleeping in his own bed alongside his fallen brothers. Vetrix revealed to a being through a portal that despite Quinton and his brothers being defeated his plan was still going perfectly.

During Kite's Duel with Vetrix, he Summoned "Dyson Sphere" in an attempt to fulfill his promise to Quinton and nearly performed a OTK. Vetrix countered the move and destroyed "Dyson Sphere". As the Duel progressed Vetrix revealed to Kite that he merely exploited Quinton alongside his brothers, Dextra and Shark in order to bolster feelings of hatred to Summon "Number 69: Heraldry Crest", claiming that he himself lacked emotion.

After Vetrix was defeated by Yuma, he released the souls of those he had captured including those of his sons. Quinton and his brothers awoke afterwards. He, his brothers and his father watched part of the Duel between Yuma and Kite. Vetrix told them they would go home now and they departed through a portal.

## Mythyrian Numbers War

Quinton and his brothers later returned to Heartland via submarine where they discussed the ongoing war between the Astral World and the Barian World. Quinton noted that now that Astral was dead, the Barians were sure to make their move and assault Yuma in an attempt to steal his "Numbers". Declaring it was time to make their move, he then entrusted Trey with the role of protecting Yuma. Trey later revealed that Quinton had invented a bracelet which granted him and his brothers the abilities of Vetrix's crest.

In an arctic area, Quinton worked together with Kite to build a Interdimensional Teleporter to go to the Astral World to find Astral. As they made progress, Quinton thanked Kite for his efforts and told him that the experiment was extremely dangerous and they could not let Yuma be aware of it. Eventually, Quinton found out that Kite went against his wishes and brought Yuma to their laboratory. He sternly questioned Kite, who said that he wouldn't "coddle" Yuma like him. He also argued with Yuma about the unknown dangers about traveling through different dimensions and warned him that he could die. At everyone's behest, Quinton gave in and prepared to send Yuma to Astral World. As they activated the device, Quinton explained that Yuma wouldn't be able to return after he goes through the gate and that he must stay absolutely still during the charging period.

After Scritch caused a blackout, Quinton and Kite challenged him to a Duel to protect Yuma, who returned "Number 9: Dyson Sphere" to Quinton. When Kite began to hallucinate that Quinton was Scritch, Quinton was forced to Duel against him. Quinton used "Dyson Sphere" to attack "Galaxy-Eyes Photon Dragon", recreating an old training experiment they underwent to awaken Kite's survival instincts and successfully made Kite fight the poison off. Together they powered up "Galaxy-Eyes" and won the Duel. Afterwards, the device was activated successfully and Quinton bid Yuma farewell as he was sent to the Astral World.

After Yuma left, Quinton and the others stayed behind to keep an eye on the portal, but Orbital suddenly told them that the portal was excluding large amounts of energy. This caused Quinton to worry about the portal breaking down and Yuma being stuck in the Astral World. As the energy continued to overload the device, Quinton and the others were forced to evacuated the laboratory before it exploded.

He returned to Heartland and met up with his brothers and Yuma's friends to tell them what what happened with Yuma. Mr. Heartland appeared before them and revealed that the human world and the Barian World were fusing together. As he watched Kite Duel against Mr. Heartland, he became concerned for his former pupil as Kite was too injured to continued the Duel. Once Yuma and Astral returned, Quinton was happy to see him and tended to Kite as Yuma took his place in the Duel. Afterwards, he warmly congratulated Yuma on his victory, but their situation turned more dire as Quinton and the others saw the large pillar of energy glowing even brighter.

## Barian Emperor Onslaught

Quinton was stunned when the Seven Barian Emperors appeared before them, along with Shark and Rio as Nash and Marin. After the Emperor's Key and Nash's Barian Emblem reacted and knocked Yuma unconscious, Quinton and the group fled with help from Roku and Kaze. He drove his family's armored vehicle as Yuma's friends were coming to their aid. When Nash intercepted them, Quinton expressed his concerns about Quattro Dueling Nash since his brother considered Shark a friend. However, Quattro insisted and Quinton gave his new creation and the trump card of humanity, "Rank-Up-Magic Argent Chaos Force", and then drove away before the Duel began.

As Quattro and Nash continued their Duel, Quinton drove the car whilst checking on the progress of the Duel from the windows, becoming concern when he saw the pillars of light from the Chaos Draw. Unfortunately, the allies that were to stall for Quinton as he drove Yuma to safety ended up defeated, leaving his younger brother the only Duelist left. When Trey was checking on their brother's signal, Quinton told him they they can only trust him to come back to them with Shark. When Quattro was defeated, Quinton noticed Trey's bracelet saying "lost" and stopped the car as Yuma and Kite finally woke up. Yuma grieved for his lost friends and argued with Kite about Shark. Quinton advised Yuma not to give up or his brother "Thomas" would have died in vain. After Yuma and Astral made plans to travel to the Barian World to confront Don Thousand and Kite left with Orbital 7, Quinton's and Trey's bracelets started to glow, which signaled that the Barians were close by.

They told Yuma that they could not go with him, insisting they take revenge on the Barians for Quattro's death. Yuma urged them not to focus on revenge since they should know better than anyone that revenge will only cause them pain, but Trey claimed he couldn't stand Yuma any longer as Quinton stood quietly beside him. After Trey gave Yuma a bitter parting, Quinton and Trey drove off in their van to a bridge and shared a meal of Duel rice that Tori made. Quinton apologized to his little brother for the situation, saying that Trey shouldn't have had to say good-bye to Yuma that way, but Trey said there was no other way - if Yuma hadn't left when he did, he would have fought the Barians. Knowing only Yuma and Astral could end the fight, they had to remain behind as bait. They were quickly confronted by Mizar, who demanded where Yuma and Astral were. The Arclights refused to tell him where they were. Putting their full trust in Yuma, Quinton and Trey prepared Duel for their lives, proclaiming that Thomas was waiting for them in Hell.

Quinton informed Mizar that he was the one who had taught Kite how to Duel, which seemed to intrigue Mizar. The Duel began and Quinton quickly brought out "Number 9: Dyson Sphere". The monster's size alerted Dumon and Marin to the Duel's start and they quickly joined Mizar, who told them he was fine and that they should search for Yuma and Astral. Quinton and Trey used the power of their bracelets' crests to generate a Sphere Field, trapping the three Barians. The Duel continued, but in reality, "Dyson Sphere" was only bait that Mizar took, destroying it with his "Number 107: Galaxy-Eyes Tachyon Dragon". Due to Mizar's use of "Tachyon Flare Wing", the duo were able to outwit him and equip "Tachyon Dragon" to Trey's "Number C6: Chronomaly Chaos Atlandis", created using "Argent Chaos Force". Mizar then angrily drew "Rank-Up-Magic - The Seventh One" with Chaos Draw], but realized he couldn't play it as "Tachyon Dragon" was not on his field or his Graveyard or Extra Deck, just as the Arclights had planned.[34] Admitting he had underestimated them, Mizar played defensively using "Heliosphere Dragon" and two Trap Cards. This was enough to survive Quinton's combo of "Chaos Atlandis" and "Number C9: Chaos Dyson Sphere", though his Life Points remained at only 1. Mizar also recovered "Tachyon Dragon" this way, enabling him to Summon "Number C107: Neo Galaxy-Eyes Tachyon Dragon". The brothers attempted a counter with "Monopole Chain" and "Atlandis Invitation", but the effect of "Neo Tachyon" rewound time and rendered them useless. Seeing there was no way out, Quinton activated a communications link with Yuma and told both him and Mizar where Kite had gone. He had discovered tablet detailing a legend regarding the "Galaxy-Eyes" dragons. Believing them connected to the Numeron Code, he journeyed to the moon. Quinton told Yuma to remember the end of this Duel as a warning at how powerful the Seven Barian Emperors could be. Mizar ordered his attacks, defeating the brothers and sending them to the Barian World, while saying "farewell, proud brothers." As they were defeated, they told Yuma they'd always be with him in spirit.

Quinton was revived after Nash was defeated by Yuma, appearing in the same spot where he and Trey were defeated by Mizar. He and his brothers watched the Duel between Yuma and Astral from the top of a skyscraper building looking down. While Dextra and Nistro watched more from behind Astral's side, Nelson, Anna, Cathy, Caswell, Flip, Bronk, and Tori watched the Duel from Yuma's side. As Yuma and Astral were in the beginning stages of the Duel, Quinton and his brothers looked back and forth between the moon and the Duel area, speculating about the Numeron Code and what would happened to it after the outcome of the Duel. While his brothers continued watching, Quinton made a silent wish while looking toward the moon. He hoped that with the power of the Numeron Code, that the one soul that had not returned would be able to. That soul was Kite. After Yuma won the Duel, Quinton continued working together with his father, Kite, Orbital 7, and Dr. Faker in continuing their work researching parallel universes. Upon hearing about the Astral World's crisis, he joined his family, Yuma, Tori, Kite, Orbital 7 and The Seven Barian Emperors on the journey there.

Eli: Quinton!

Quinton: Figures that I would find a good oppurtunity to kill all of you while most of you were occupied.

Eli: You leave them out of this Quinton and leave your fight with me! You will pay for everything you, Vetrix and your brothers did.

Starlight Glimmer: That's right. You messed with the wrong people.

Nico then went off.

Raven Branwen: Where are you going, Nico?

Nico: You guys handle things from here. I'm going to protect the civilians from the Nobodies and Heartless!

Ghost: Just be careful out there.

Nico: I will.

Me: I hope he knows what he's gonna do.

Lincoln: Yeah. Lets get it on.

Me: Yeah.

Dark Spicer: I have two new aliens for me to show you all.

Dark Spicer turned into a Fulmini hybrid and he was purple it looked like Shock Rock but with crystals on his back and he had massive amounts of lightning coming out of him.

Thunderstone: I call this form… Thunderstone!

Spark Man: Is that real lightning?

Thunderstone: Yes, it is. I know it's hard to believe but it's true. (fires a blast of lightning at Spark Man)

Spark Man used his conductor coils to take the lightning and he fired it back at Thunderstone and knocked him down.

Me: Nice try though.

Shanan: Not a bad try for your first time as a Fulmini-Hybrid.

Dark Spicer: Thanks. Here's my second one.

A purple light then appeared and a ring appeared on Twilight Sparkle's finger and it had a Unicorn in a purple gem.

Twilight Sparkle: My own Spirit Animal Ring?

Isabelle: The Unicorn is perfect for you Twilight.

Twilight Sparkle: It is?

Isabelle: It sure is. And you were a unicorn before you became an Alicorn. But also the Spirit of The Unicorn chose you for a very big reason. The meaning of unicorn symbol is magic, mystery, romance, and positivity. The unicorn is sometimes depicted with a parrot on its back, the unicorn typifying dumb justice, and the parrot the vociferous advocate of truth. The early Christians adopted the unicorn as a symbol of chastity and it was thus given to St. Justina. The unicorn is the most ambiguous and poetic of all beasts of fable. Some of its meanings include chastity, purity, power, and virtue. It is a courtly symbol of sublimated desire and a Christian symbol of the Incarnation. Many people wonder did unicorns exist? For centuries, these mythical creatures have eluded mankind.

Twilight Sparkle: Wow! That's amazing!

Isabelle: It sure is. And all of that fits you perfectly because you and your friends have accomplished so much not just in Equestria but all over the universe with us and that shows how pure your heart it.

Twilight Sparkle: Thanks Isabelle.

Then a purple light appeared and it landed in Twilight Sparkle's hand. It was a Unicorn Animal Crystal.

Twilight Sparkle: My own Animal Crystal.

Cole and his team came.

Cole: The Unicorn Zord? I didn't think there was a kind like that.

Max Cooper: I didn't know mythological animals were part of Animaria.

Isabelle: Me neither. This must be a really rare occurrence for you.

Taylor Earhart: Yeah.

Merrick: We'll have to ask Princess Shayla about this. She might know something.

Isabelle: Good idea. We'll ask her when we get home.

Cole: Okay.

A Crystal Saber appeared on Twilight's left hip.

Twilight Sparkle: My own Crystal Saber too? Wow!

RD Me: So awesome.

A new Nico Chan, a better Nico Chan, a darker more- Well we can come back to this later. First, we need to settle on some priorities. Sure, you saved the civilians. But your friends are still out there fighting that Twilight Thorn. If only you were there to help them…

Nico: I WILL be there to help them. But not because you told me to!

UH OH! TROUBLE IS LOOMING ON THE HORIZON!

Me: You're welcome everyone!

Eli: We're not out of the woods yet!

We turned and we saw a black coat member of Organization XIII!

He revealed himself and it was EVIL ROXAS!

---

**Roxas** is an anti-villain and a major character from the *Kingdom Hearts* franchise. He serves as a background antagonist in *Kingdom Hearts* and *Kingdom Hearts: Chain of Memories*, the main villain protagonist of *Kingdom Hearts 358/2 Days*, a major antagonist-turned-anti-hero of *Kingdom Hearts II*, and a posthumous protagonist in *Kingdom Hearts: Coded* and *Kingdom Hearts: Dream Drop Distance*, and a supporting protagonist in *Kingdom Hearts III* . He is the Nobody of Sora and a former member of Organization XIII.

He was voiced by Jesse McCartney in the English version, and Kouki Uchiyama in the Japanese version, both of whom also voiced Ventus.

Creation

Roxas was created when Sora stabbed himself with Riku's Keyblade of People's Hearts to save Kairi at the cost of his own heart, temporarily becoming a Heartless. However, Kairi's light was able to restore Sora's heart and bring him back, resulting in Sora and Roxas coexisting. Because Sora's heart was connected with the heart of Ventus, Roxas was created resembling him, despite being Sora's

Nobody.

*Kingdom Hearts 358/2 Days*

Because of Roxas' coexistence with Sora, he lacked the memories of his other and his creation, but was capable of feeling emotion unlike other Nobodies. Additionally, because Sora and Ventus were the chosen wielders of Keyblades, Roxas too could wield the Keybalde, which attracted Heartless, but had the ability to release hearts upon slaying them. Knowing this, Roxas was taken in by Organization XIII, as they wanted to use released hearts to free Kingdom Hearts and gain hearts of their own from it. Xemnas came to Roxas and gave him his name, explaining what he was. Desperate for answers, Roxas willingly joins the Organization.

Roxas is put under the guidance of Axel, and the two become fast friends, despite Roxas' wishes to befriend others outside of the Organization. In the following days, Roxas is tasked with performing missions for the Organization as well as being trained in his combat, magic, and other abilities by Organization members Marluxia, Vexen, Zexion, Larxene, and Lexaeus.

When Axel is sent to Castle Oblivion to stop a coup orchestrated by Marluxia, Roxas is put in charge of looking after the Organization's mysterious new member Xion. Though the two start off rough, they soon open up to each other and Xion reveals that she too can wield a Keyblade. However, due to a mysterious psychic link shared with Sora, Roxas suddenly falls into a coma after Sora is put to sleep at the end of *Kingdom Hearts: Chain of Memories*, where Naminé begins restoring Sora's (and in turn, Roxas') memories.

Upon awakening weeks later, Roxas tries to return to his life, but memories of his past and the life of Sora suddenly begin to manifest, making him question and doubt the Organization's true purpose. As tensions begin to rise and Roxas gradually has more and more questions, Xion suddenly abandons the Organization in search of her own answers. Finally fed up with the Organization, Roxas follows suit, betraying and abandoning the Organization, with Axel heartbroken at his departure.

Roxas searches Twilight Town, and eventually finds Xion, who has found out her true identity: she is not a Nobody, but an imperfect replica of Roxas created from Sora's leaked memories by Xemnas in the event that Sora or Roxas turned out to be useless to his plans to free Kingdom Hearts. Xion betrayed the Organization and decides she will not be used for their purposes. Xion, deciding to end her existence but knowing Roxas would not kill her the way she was, transforms into a giant monster and has Roxas fight her. Roxas manages to defeat the monster Xion, who returns to her normal form just long enough to warn Roxas of the dangers of the organization before dying in his arms. Roxas then obtains her Kingdom Key, starting his ability to duel wield Keyblades, which then change into Oathkeeper and Oblivion.

Roxas, filled with rage and grief, travels to The World That Never Was to free Kingdom Hearts early so that the Organization cannot use it and so it could potentially restore Xion. However, at Memory's Skyscraper, he is overwhelmed by a flood of seemingly never-ending Heartless until he is assisted by Riku, who has just overpowered the spirit of Ansem, Seeker of Darkness that possessed him, destroying it but maintaining its dark power. After defeating the Heartless, Roxas turns on Riku. The two fight, and Roxas defeats him. However, Riku unleashes the darkness within him to become Ansem-Riku, summoning Xehanort's Guardian to attack and defeat Roxas. Riku is joined by DiZ, the real Ansem, and the two take Roxas to Twilight Town, where DiZ plans to join Roxas and Sora as one again to wake Sora up and restore his memories. However, knowing the Organization was after Roxas, DiZ placed Roxas in a safe, virtual Twilight Town with no memory of his past, the Organization, or Xion.

## Simulated Twilight Town

Roxas lives his life in the virtual Twilight Town, unaware of everything that happened before. He formed friendships with the other children of the virtual town, took part in athletic competitions, and performed odd jobs around the town. However, things began to change when the town was suddenly hit with a wave of mysterious incidents and Nobodies. Axel had found Roxas, and was ordered to bring him back to the Organization. However, even in the virtual world, Roxas could summon the Keyblade to defend himself.

As Sora's memories are further restored, Roxas begins to dream about him and even make a Dive to the Heart, resulting in him having to battle and defeat the Twilight Thorn. Axel comes for Roxas, and is upset Roxas does not remember him. He battles Roxas, but Roxas is saved by DiZ's intervention. He also begins to come into contact (both psychically and mentally) with Naminé, and in turn, her true form Kairi. Confused and angry, Roxas seeks answers, but gets none until he finally questions Naminé, who explains what he is before being taken away by DiZ. Roxas follows and escapes the virtual world, where he is again confronted by Axel, who he defeats.

Making his way to the Pod Chamber underneath the mansion, Roxas finds DiZ before the pod containing the sleeping Sora, explaining to Roxas that he plans to join them together again as one. Roxas lashes out in rage and tries to kill DiZ, but only cuts through a hologram. Though upset, he decides to accpet his fate as Sora's pod opens, sadly rejoining with his other.

### Aftermath

Throughout the rest of the game, Roxas' presence is felt by all of the characters, especially Sora, who has gained the memories of Roxas. Riku leaves clues on how the Organization can be defeated by appealing to Roxas's side of Sora, eventually leading him to The World That Never Was. Here, Sora is seemingly attacked by Roxas, though this is, in reality, a mental battle taking place between the two sides. Sora manages to overpower and defeat Roxas, who accepts his defeat and returns into Sora.

Later, after Xemnas' initial defeat and the deaths of most of the other Organization members, Roxas projects himself through Sora to meet Naminé one last time, as she is about to join back to Kairi. They belive that as long as Sora and Kairi are together, they will be too, and the two rejoin permanently with their respective others, disappearing as part of them forever.

### *Kingdom Hearts: Coded*

Data-Roxas, a data version copied from Sora's data in Jiminy's Journal, appears as an anti-villain and final boss in *Kindom Hearts:*

*Coded*, helping Data-Sora in his mission, but being angry with him for forgetting his friends. He fights Data-Sora, but reveals himself as an ally afterwards and gives Data-Sora the final World Card. He also appears along with Axel and Xion as one of the visions of people that Sora must aid.

*Kingdom Hearts: Dream Drop Distance*

Roxas appears to Sora when he's trapped in The World That Never Was. He tells Sora that everything he is is because of Sora and that there are many others whom he has a connection to, and that Sora is him. Sora tells Roxas that he is his own person. Roxas then gives Sora the memories of his final days, allowing Sora to realize that Nobodies can regain their lost hearts, or grow ones of their own if they take on a new identity. He later appears to Riku in a data-file in Sora's mind when Riku goes to rescue Sora along with Ventus, Xion, and Ansem the Wise.

*Kingdom Hearts III*

In the final battle, Sora, now having unlocked the power of waking, is able to awaken Roxas into a new body. Xion is also restored via the machinations of Xehanort and made a Seeker of Darkness. But with Sora's help, she remembers her friends. Roxas arrives in the nick of time to protect his friends against Xemnas and Saïx. After Xemnas abducts Kairi, Roxas helps Xion and Sora defeat Saïx; following this, Roxas has an emotional reunion with Lea and Xion. Roxas and the other heroes later help close Kingdom Hearts while Sora confronts Xehanort, and he also witnesses Xehanort's death, and Sora's sacrifice to save Kairi. The epilogue cutscenes show Roxas, Xion and Lea having ice cream as humans, and joined by a redeemed Isa. Roxas even finally and truly befriended Hayner, Pence and Olette. He is last seen with the other heroes celebrating their victory on the Destiny Islands. After two years of being a Nobody and suffering from tragedy after tragedy, Roxas finally became his own person, earned his humanity, and rebuilt his friendship. It is assumed he lived happily ever after.

*Kingdom Hearts Union χ[Cross]*

Roxas appears on several different medals of all types in *Kingdom*

*Hearts Union χ[Cross]*, both by himself, with Sora, and with members of Organization XIII.

Luan: Evil Roxas!

Roxas: It's me! What I was like before I joined you guys.

Evil Roxas: And I will always be you!

Roxas: (to Evil Roxas) Sorry, Evil me. But there's only room for one of us here!

Luan: And you are not replacing him without a fight!

Luan went up to the Evil Roxas.

Luan: I will not let you destroy our Roxas! Prepare to see the Light! (Laughs) Get it? But seriously, you are going to die.

Evil Roxas: Very funny.

Luan: I'll face him.

Luan walked up to him.

Evil Roxas: So you will die first.

Luan: Oh I don't think so.

A massive star of light appeared on Luan's back and then she was enveloped in a massive pillar of light and it exploded high into the sky! Her power was rising fast at an accelerated rate and the pillar of light formed into a powerful fairy high into the sky. Rainbows and aurora went into the fairy and there was a divine singing of angels as the Fairy grew angel wings in place of its butterfly wings. The light pillar faded and went back down and when it faded, Luan was forever changed! She looked like she was 17-years-old and she had rainbow highlights in her hair and ponytail and she had earrings in the kanji for Light on her ears. Her eyes were glowing with incredible rainbow color and she had the Kanji for light in the middle of a

Rainbow emblazoned in the middle of her forehead. She had perfect teeth and her braces were gone. She had a rainbow shirt on and had a rainbow skirt. She had rainbow camouflage combat boots on and she had rainbow fingerless gloves. She had a rainbow sleeveless Trench Coat on and it had the Kanji for Luan Loud McGee, Champion of The Light of Sulis and Avatar of Laughter on the back. She had the Oathkeeper and Oblivion Keyblades on her back and her yellow angel wings were now rainbow angel wings. She was now a SUPER ANGEL 25,000,000 RAINBOW SUN LIGHT!

Me: WHOA! Luan you look incredible!

Eddy: Wow! Luan you look amazing!

Luan: (Divine Voice of Light) **Thanks guys. I sure have come a long way in my training since I got my powers. This power is strong enough to beat 25,000 Evil Roxas's.**

Twilight Sparkle: Show no mercy on him Luan!

Luan: **With pleasure.**

She unsheathed her keyblades.

Evil Roxas: Come and get me.

Luan then went at him as fast as light and slashed him all over with unbelievable speed and incredible power! She kicked him in the face with devastating force and sent him flying and then she flew up to him and fired blasts of light that formed into many creatures from all over the universe and they hit Evil Roxas all over the place with incredible force and she punched him in the face and sent him falling to the ground and then she smashed her fist into his face with devastating force and knocked out some teeth. Evil Roxas fired blasts of light and she teleported and the blasts missed and she kicked him in the back and sent him crashing into the ground.

KRABLAMMM!

Luan then slashed him in the neck and then a burst of energy was felt and Evil Roxas screamed in pain as he clutched his head in pain and he was disintegrating into nothing.

Luan: **You are never welcome in our world or any other world.** (Holds hand over his face) **HAKAI!**

Luan banished the Evil Roxas to the Warp.

Luan: **Good riddance.**

Everyone all over Twilight Town cheered wildly for us!

Eddy: WAY TO GO LUAN!

They hugged!

Eddy looked at Luan.

Eddy: Wow! Luan you look even more amazing than ever before.

Luan: **Like a true angel.**

They kissed.

Everyone: Awww.

Nico came back.

Nico: Hey guys. What did I miss?

Me: You missed a really awesome fight. Look at Luan.

Nico saw Luan.

Nico: She transformed. Wow! Then that must mean she killed Evil Roxas.

Me: You should've seen it buddy. Evil Roxas was completely helpless against her power. She banished him to the Warp.

Nico: Wow!

Me: Did everyone get away safely?

Nico: Yes they did. Thank goodness.

Me: Whew.

Hayner: Well, visiting home was fun while it lasted.

Nico: Don't worry, Hayner. This won't be the last time we'll come here. And you don't have to worry about Seifer and his crew (chuckles darkly) They're going to get what's coming to them eventually. Except Vivi. He's actually kinda cute.

Me: (Laughs) Yeah he is but (teasingly) I don't think he's your type.

Nico: (Offended) HEY!

We laughed.

Me: I'm just messing with you.

May: That was funny.

Me: I know.

Nico: I meant that as a compliment.

Vivi: Aww thanks Nico.

Nico: You're welcome.

Man Boy: That was a fun time in Twilight Town.

Namine: You said it. One Organization member down, 12 to go.

Eris: It might take two weeks. But it'll be worth it.

Blizzard: And that talk about Sea Salt Ice Cream got me in the mood to make some with my powers to celebrate. What do you guys think?

Me: 13 days. One for each of them. The next target is Larxene the Savage Nymph.

Elena: The evil version of my Nobody and the one in the Masters of

Evil.

Lincoln: Yep and she will be mine.

Nico: Cool. Lets get ice cream.

Roxas: (To the viewers) Never trust people like Organization XIII or there will be big troubke.

Me: Yep. Get ready Organization XIII, (Eyes glow red) Your days are numbered.

# Light and Hearts Part 2

Mulan - IN MEMORY OF PAT MORITA

In the middle of the city at 5:00 AM, Agnes Skinner walked out.

Agnes Skinner was walking until she saw a figure in the shadows. But she was able to recognize it.

Agnes Skinner: Great. What the Hell do you want? (gets no response) Come to yell at me again for supposedly being cruel to my son? Say something!

The next thing Agnes Skinner knew, she got punched several times before being thrown to the ground. The figure then reveals itself to be… me?!

WHAT THE FUCK IS GOING ON HERE!?

"Me": (smirks evilly) Consider that a warning. Next time, I won't be so nice! (walks away)

Uh oh.

Agnes was on the ground in a heap in a lot of pain and she was enraged!

Later we were having breakfast and watching TV. Nico came in and he was really tired.

Maria: (sees Nico tired) You okay, Nico. You look tired.

Nico: I know. But I don't know why I'm so sleepy all of a sudden.

Eddy: Maybe it's because you were thinking about Organization XIII all of a sudden. And who can blame you?

Me: Yeah.

Nico: Maybe.

Me: (In my head) It's the Digimon Emperor. He caused Nico to do something. Clix's predictions are coming true. He attacked Agnes Skinner. I know it.

Later we were continuing to watch TV when suddenly Agnes Skinner came in and she was seeing red!

Agnes Skinner: YOU!

I saw her all beaten up!

Me: HOLY SHIT! Agnes what the hell happened to you!?

Varie: Yeah you look like you got trampled by a stampede of wild rhinoceroses!

Agnes: IT WAS BECAUSE OF (Points to me) HIM!

Me: ME!? What the hell did I do!?

Agnes Skinner: (to me) IS THIS YOUR IDEA OF A JOKE?!

Me: What the Hell are you talking about?!

Agnes Skinner: Don't play dumb with me! Last night, you attacked me and said that next time, you won't be so nice!

Zuko: Okay. As funny as it is for you to get beaten up like that, we don't know what you're talking about. J.D.'s been here all night!

Me: Yeah!

BLAM!

She whacked me in the head with her cane!

Me: OW!

She was waking me all over and beating the living shit out of me with it!

BLAM! BLAM BLAM BLAM BLAM BLAM BLAM BLAM! BLAM BLAM BLAM BLAM!

May grabbed Agnes' cane.

May: (to Agnes Skinner) Look, all of us want you to get your just desserts for mistreating your son. But we also want to actually be there to punish you! We can't take credit for a beating we didn't even cause.

WHACK!

Agnes whacked May in the head with her cane.

Agnes: YOU STAY OUT OF THIS!

She continued whacking me and really beating me.

In the car of Tom Lair and Sheila Castille, they were having donuts.

Tom Lair: So far things have been quiet.

Sheila: Yep.

Tom Lair: How are things going with you and Eric, Sheila?

Sheila: It's amazing. Eric is amazing.

Tom Lair: I'm happy for you.

Radio: All units we have a domestic disturbance at Team Loud Phoenix Storm estate, please respond.

Tom Lair: Roger Control this is K19 we're on our way.

They went to the estate and came in and they saw Agnes beating me up and grabbed her.

Tom Lair: Agnes Skinner what is wrong with you!

Sheila: You're under arrest for assault and battery!

Agnes: ME!? Under Arrest!? You should be arresting (Points to me) him! He beat ME up!

Acid Storm: (to Tom and Sheila) Tom. Sheila. Take Skinner's mom into custody.

Sheila: You want us to lock her up in one of the space prisons?

Skinner: No. Just the jail in Gotham Royal York. At least until we find out who really beat her up.

Agnes Skinner: (mockingly): Aw. So you do still care about me!

Skinner: (glares at her) We're not doing this for you. We're doing this to clear J.D.'s name.

Agnes: Shut up Seymour!

Me: (Stupid talk) Mommy can you make me some chocolate and tomato cookies?

Varie: Get that old prune out of here.

Tom Lair: With pleasure.

Skinner: You've gone too far Mother! You need to be put in an insane asylum!

Sheila: She'll get the best treatment available.

They took Agnes away and Laney looked at her suspiciously.

Varie was healing me.

Me: OW! Man for someone in her 90's she sure is strong.

Laney: No kidding.

May: Yeah.

Skinner: I don't know what has gotten into mother. But she has really crossed the line this time.

Eli: Yeah.

Me: This is gonna sound weird but I didn't beat up Skinner's mom. It was Nico disguised as me that did it.

Dan Kuso: Wait. You're saying that Nico was the one who beat up Skinner's mom while disguised as you?

Me: I know it sounds crazy. But-

Marucho: Let's not go pointing fingers at one another. We need to get more solid proof before we come to a conclusion.

Bluestreak: (to me) Marucho's right. I know you and Eli have powers to prove what really happened. But this time, we should be smart about this.

Me: I know but I'm not kidding around. But it wasn't Nico's fault. It's the Digimon Emperor. He's back.

Eli: The Force told us so himself.

May: He's dead. He's not back.

Eli: We're not kidding May. He's back and he's inside Nico.

Me: Eli lets not point fingers until we have proof.

Eli: Okay.

Gantu: Well, with that out of the way, we're heading to China next.

Me: Yep we're going to the world of Mulan from 1998 and we're going to see Mulan and help her face the ruthless Hun, Shan Yu.

Eli: This is gonna be so cool!

Lori: It sure will be.

Qin: It's gonna be so cool to see my ancestor again!

Mushu: It sure will be cool as well.

Lincoln: Yeah!

Me: We're going back to the Han Dynasty over 2000 years ago. Mulan is one of the bravest women in all of China's history. She is a true hero.

Laney: Yes she is,

Me: And we're also going to kill Shan Yu.

Nicole Knudson: This is gonna be awesome.

Me: It sure is. Mulan is one of my favorite movies.

Lincoln: Mine too.

Raven Branwen, Ghost, Man Boy, Dark Spicer, Eris and Blizzard appeared.

Eris: Can me, Raven, Ghost, Man Boy, Dark, and Blizzard tag along?

Me: You all sure can.

Lincoln: This is gonna be so awesome!

Lola: Mulan is one of my favorite Disney Movies of all time.

Sora: It'll be so cool to be back in China.

Me: Yep.

Ghost: Yeah.

Man Boy saw my bandages.

Man Boy: Whoa man! What happened to you J.D.!?

Me: Skinner's mom that's who. She beat the living shit out of me with her cane because she thought I beat her up when in actuality I didn't. Ouch.

Princess Luna: That woman seriously has problems.

Snowdrop: She sure does.

Me: Yep. Lets get ready and head to Han Dynasty China.

We got in the Simulator and we were off on Part two of our adventure.

[ *First lines, a Chinese painting of the Great Wall of China is slowly painted across the screen. The words Walt Disney Pictures present and then Mulan and the dragon symbol appear. The painting becomes animated, and a Chinese soldier walks around his post. Suddenly, a bird of prey hits the back of his head.* ]

**Soldier:** Ah! [ *The hawk lets out a call. The soldier walks over to the edge of the wall. A hook comes flying up, followed by many more. Running back to his post* ] We're under attack! Light the signal!

[ *The door opens, revealing a couple of Huns. The soldier climbs up the ladder.* ]

**Soldier:** [ *lighting the signal with a torch, while staring at the Hun leader; other signals go on all the way along the Great Wall* ] Now all of China knows you're here.

They were facing the Ruthless Hun, SHAN YU!

---

**Shan Yu** (sometimes spelled **Shan-Yu** ) is the main antagonist of Disney's 36th full-length animated feature film *Mulan* .

He is the mysterious chieftain of the Huns and a ruthless warlord who is determined to invade and conquer China because he believes that the Chinese emperor built the Great Wall as both an insult and a challenge. He is the arch-nemesis of Fa Mulan.

As a violent warlord, Shan Yu leads his horde of Huns to invade, savoring when China knows he is there. He is the reason that Mulan joined the Imperial army in her father's place and also the reason of Mulan getting nearly executed by the orders of Chi-Fu upon discovering her true gender. He also has the falcon named Hayabusa as his pet, and the Elite Hun Soldiers as his main henchmen. He also uses Hayabusa as a messenger and spy.

In the 1998 animated film, he was voiced by the late Miguel Ferrer, who later played Vice President Rodriguez in *Iron Man 3*, Big Boss in *Rio 2*, and Deathstroke in *Teen Titans: The Judas Contract* . In *Kingdom Hearts II*, he was voiced by Corey Burton, who also played Captain James Hook in the same game, Count Dooku in *The Clone Wars*, Onus in *Treasure Planet*, Malware in *Ben 10: Omniverse*, Jones in *Tarzan*, and Quint in the Disney animated series *Timon & Pumbaa* .

*Mulan*

In the film's opening scene, Shan Yu scales the Great Wall of China and leads the Huns in an invasion of China, setting the tone for the rest of the film. When one of the Chinese guards of the Great Wall revealed that he lit the torches and that the Emperor will soon know of Shan Yu's presence in an attempt to intimidate him, Shan Yu's only response was to burn one of the Imperial flags on the torch in front of him before giving a satisfied "perfect", revealing that the Emperor receiving the message of Shan Yu and the Huns' invasion was precisely what he had intended to accomplish.

Later on, Shan Yu destroyed yet another village and exposed two spies sent by the Emperor. He ordered them to pass a message to the Emperor telling to send his best men for battle. Before the two were able to leave, he had his head archer murder one.

Later, while waiting for the Emperor's armies, Shan Yu's pet falcon named Hayabusa acquired a doll from a village in the Tung Shao Pass. After close examination of the doll and traces on it by his five main men, Shan Yu deduces that the Imperial Army is waiting for them. Though one of his archers suggested that they simply avoid the soldiers and continue heading towards the Imperial City, Shan Yu insisted on confronting the Imperial army, as the quickest way to the Emperor was through the pass, before adding "And besides, the little girl will be missing her doll. We should return it to her." with an extremely manipulative and murderous grin.

Shan Yu and the Huns ambushed General Li's army, so they fought against the Emperor's best troops, including the General, and ultimately won the battle, setting the village on fire on the process. The Huns only suffered minimal casualties, leaving hundreds of troops intact. Unfortunately, only the aftermath was seen in the film. None of the known survivors were discovered by Li Shang's troops. As they headed for the Imperial City, the Hun army noticed them and sneaked up a mountain in the Tung Shao Pass, preparing their fiery arrows. When Mushu accidentally fires a cannon causing their position given away to him and his army, the Huns attacked, casting flaming arrows from the mountains to disintegrate their ammunition.

Shan-Yu then led his entire army to wipe out Li Shang's small battalion. Mulan, however, took control of Li Shang's last cannon, aiming it for a nearby mountain.

This maneuver triggered an avalanche that wipes out almost all of Shan-Yu's army and encases Shan Yu in a thick blanket of snow. At first, it seems like a complete victory, thanks to Mulan. However, it is not so. Following the avalanche and the departure of Li Shang's troops, Haybusa screeched the all-clear and Shan Yu rose from the snow, shaken and infuriated at the loss of his army. A loud yell of anger is all it takes for Mulan to realize that there is still a chance for the Huns; Shan Yu's falcon and five of his best troops had survived the assault. Since the Imperial army are unaware that Shan Yu is alive at this point, he and his troops are able to infiltrate Imperial City, though Mulan chooses to pursue them to warn Shang.

While his troops hid within a Chinese lion at the Imperial celebration, Shan Yu lies in wait on top of the roof of the Emperor's palace. At the right moment, Shan Yu's falcon retrieves his sword and his troops sprung into action, locking up the palace and kidnapping the Emperor. As Shan Yu threatens the Emperor to bow to him, Mulan, Li Shang, Yao, Chien-Pao and Ling infiltrate the palace in an attempt to rescue the Emperor, the latter three being in drag (as a disguise). Mulan, Yao, Chien-Po and Ling defeat Shan Yu's men and his pet falcon is fried by Mushu.

After securing the Emperor, in an attempt to distract Shan Yu from Shang (whom he was about to slaughter), Mulan reveals that it was she who destroyed his army. Pursuing her throughout the palace and onto the roof, Shan Yu's attempts to kill Mulan backfire when Mulan initiates a plan of her own.

Immobilizing the Hun leader by pinning his cape to the roof with his own sword, Mushu aims a large rocket at him. Releasing the rocket, Mushu, Mulan and Crik-ee escape from the roof as it hits Shan Yu at great speed and propels him through the air into a fireworks tower, resulting in a huge colorful explosion that (albeit off-screen) blows him to smithereens. Mulan is then awarded Shan Yu's sword for her success of ridding China of the Huns forever.

### *House of Mouse*

Shan Yu appeared as minor guest character in the *House of Mouse*, he made cameos in several episodes of the series. He also makes a possible cameo appearance in *Mickey's House of Villains*, but he does not take part in the takeover.

### *Kingdom Hearts II*

Shan Yu appears in *Kingdom Hearts II* as one of the first Disney Villains that Sora and company can fight in the game. He appears in the Land of Dragons, a world based on *Mulan* . The game follows much of the film's storyline, except for the fact that instead of having an army of Huns, he could summon an army of Heartless. He traps Sora and Mulan in a cave full of Heartless, while he destroys the Imperial Army's village.

When Sora, Mulan, Donald and Goofy, along with the Imperial army, appear at the summit, the scene plays like a similar mountain scene in the film. He then makes his way into the Emperor's castle, but is stopped by Sora, Mulan and the others. He fights them, using dark energy to enhance his abilities and working alongside his attack falcon, Hayabusa, and a swarm of Heartless. He tends to favor the Rapid Thruster Heartless, creating an army of them to attack Sora and friends on the mountain pass (in the movie it was his Hun army that attacked the heroes on the pass).

During the boss battle, he will send three Nightwalker Heartless to try and take down the door. This swarm of Heartless is resurrected when Sora fights a mysterious cloaked man that is later revealed as Riku on the same pass. He is ultimately slain by Sora. Shan Yu was unassociated with Maleficent or Organization XIII, making his role in the game equivalent to that of Clayton from the first game.

*The Kingdom Keepers*

Shan Yu also appears as "Shan-Yu" in *The Kingdom Keepers*, where he challenges Finn Whitman and finding that Finn can turn from human to pure light tries to kill him as well as his friend Charlene.

*Mulan (2020)*

A character named **Bori Khan** is based on Shan Yu. He is set to appear in the 2020 remake as one of the main antagonists and has been described as a "Rouran warrior that seeks to avenge his father's death." He will be portrayed by Jason Scott Lee, who has also played Caine 607 in *Soldier* and Whitey in *Back to the Future Part II* .

**Shan Yu:** [ *picking up a flag and toasting it in the signal fire* ] Perfect.

[ *The Chinese General and two soldiers walk into the Emperor's chamber and bow.* ]

**General:** Your Majesty, the Huns have crossed our Northern Border.

**Chi Fu** : Impossible! No one can get through the Great Wall! [ *He is silenced with a raised hand from the Emperor* ]

**General** : Shan Yu is leading them. We'll set up defenses around your palace immediately.

**Emperor:** No! [ *Standing up* ] Send your troops to protect my people! Chi Fu!

**Chi Fu:** Yes, your Highness.

**Emperor:** Deliver conscription notices throughout all the provinces. Call up reserves, and as many new recruits as possible.

**General:** Forgive me, your Majesty, but I believe my troops can stop

him.

**Emperor** : I won't take any chances, General. A single grain of rice can tip the scale; one man may be the difference between victory and defeat.

It was gonna be a dangerous and epic adventure.

We arrived in China back in the Han Dynasty in 160 B.C.

Me: Here we are guys. Han Dynasty China, 160 B.C.

Nico: Over 2,000 years ago.

Lisa Loud: 2,161 years ago to be precise.

Lincoln: That's a long time ago.

J.D. 3: Feels like I was here yesterday. Lots of amazing history here.

Qin: It sure is. This is amazing.

Naruto: So amazing.

**Mulan** : [ *Using chopsticks to balance a grain of rice* ] "Quiet and demure. Graceful. Polite. Delicate. Refined. Poised. [ *she picks up a paintbrush and makes a mark on her arm* ] Punctual." [ *A rooster crows* ] Ai-yah! [ *Blowing on her arm* ] Little brother! Little brother! Lit- [ *she glances down at a sleeping dog on the floor* ] Ah! There you are. [ *The dog wakes up* ] Who's the smartest doggy in the world? Come on, smart boy. Can you help me with my chores today?

[ *She ties a sack of chicken feed to his back, complete with a pole and a bone attached. Little Brother immediately chases the bone, running promptly into a wall and then out the door, scattering grain everywhere.* ]

**Fa Zhou:** [ *praying* ] Honorable ancestors, please help Mulan impress the matchmaker today. [ *Little Brother, followed by a herd of* *chickens, bursts into the family temple.* ] Please. Please help her.

[ *Mulan steps up to the temple seeing Little Brother on his hind legs trying to get the bone. Mulan bends the stick down so that Little Brother can reach the bone. Little Brother gnaws on the bone happily. Mulan continues toward the temple.]*

**Mulan:** Father, I brought your… Whoa! [ *Fa Zhou bangs into Fa Zhou, he catches the tea pot on his cane while the cups hit the ground and shatter* ]

**Fa Zhou:** Mulan.

**Mulan:** I brought a spare. [ *Mulan pulls out a cup from underneath the back of* her dress and begins to pour the tea *.]*

**Fa Zhou:** Mulan.

**Mulan** : Remember, the doctor said three cups of tea in the morning…

**Fa Zhou** : Mulan.

**Mulan** :… and three at night.

**Fa Zhou** : Mulan, you should already be in town. We're counting on you to…

**Mulan** :… uphold the family honor. Don't worry, Father. I won't let you down. Wish me luck.

**Fa Zhou** : Hurry! I'm going to… pray some more.

*In town*

**Woman #1** : Fa Li, is your daughter here yet? The Matchmaker is not a patient woman.

**Fa Li** : Of all the days to be late. I should have prayed to the ancestors for luck.

Granny Fa: How lucky can they be? They're dead. Besides, I've got all the luck we'll need. [ *Holds up a wicker cage with a cricket inside* .] This is your chance to prove yourself. [ *She closes her eyes and steps off the sidewalk* .]

**Fa Li** : Grandma, no!

[ *Granny Fa walks across the street; vehicles came crashing, but she emerges unharmed* ] (chickens cluckin)

**Granny Fa** : Yep, this cricket's a lucky one! [ *Fa Li sighs* .]

Mulan comes riding up on Khan, and hops off.

She saw us.

Mulan: Hey guys!

Me: Hey Mulan!

We hugged.

Jewel Man: It's nice to meet you, Mulan.

Mulan: You guys know me before but some of you I haven't met. It's an honor to meet you Eli.

Eli: It's an honor.

Me: It feels like it was over 2,000 years since we saw you last.

Sora: Yeah feels like that.

Kairi: It sure feels like it.

Mulan: It sure does.

Qin: How have you been ancestor?

Mulan: Doing great Qin.

Nico: It's so cool being here in China in the Han Dynasty.

Qin: It sure is. As long as it's not like the Dragon Emperor's dynasty.

Lincoln: Yeah that was nuts.

Linka: Yeah.

Fa Zhou: Well this is a surprise.

We saw Mulan's father Fa Zhou.

Me: Master Zhou. It's an honor to meet you.

Fa Zhou: So you are the famous J.D. Knudson I heard so much about.

Me: (Chinese Bow) I sure am. It's an honor to meet you. We apologize for coming on short notice but we are dear friends of Mulan and she is like family to us.

Fa Zhou: I see. Thank you all for looking after my daughter.

Me: You are welcome Master Zhou.

Eli: We are honored to have Mulan with us.

Fa Zhou: Indeed. Mulan has to get ready now.

Me: For what?

**Mulan** : I'm here. [ *looks at her mother* ] What? But, Mama, I had to…

**Fa Li** : None of your excuses. Now, let's get you cleaned up.

*Beginning of* ***"Honor To Us All"***

**Woman #1** : [ *singing* ] *This is what you give me to work with? Well, honey, I've seen worse. We're going to turn this sow's ear Into a silk purse.*

**Mulan** : It's freezing.

**Fa Li** : It would've been warm, if you were here on time.

**Woman #1** : [ *singing* ] *We'll have you, washed and dried Primped* *and polished till you glow with pride Just my recipe for instant bride You'll bring honor to us all.*

**Fa Li** : Mulan, what's this?

**Mulan** : Uh… notes… in case I forget something.

**Granny Fa** : Hold this. [ *Hands Crickee to Fa Li* ] We're going to need more luck than I thought.

**Woman #2** : [ *singing* ] *Wait and see, when we're through*

**Woman #3** : [ *singing* ] *Boys will gladly go to war for you*

**Woman #2** : [ *singing* ] *With good fortune*

**Woman #3** : [ *speaking* ] And a great hairdo

**Both** : [ *singing* ] *You'll bring honor to us all.*

**Chorus** : [ *singing* ] *A girl can bring her family Great honor in one way By striking a good match And this might be the day*

**Woman #4** : [ *speaking* ] Men want girls with good taste

**Woman #5** : [ *speaking* ] Calm

**Fa Li** : [ *speaking* ] Obedient

**Woman #5** : [ *singing* ] *Who work fast-paced*

**Fa Li** : [ *singing* ] With good breeding

**Woman #5** : [ *singing* ] And a tiny waist

**All** : [ *singing* ] You'll bring honor to us all.

**Chorus** : We all must serve our Emperor Who guards us from the Huns A man by bearing arms A girl by bearing sons

**Woman #6** : [ *singing* ] When we're through, You can't fail Like a lotus blossom, soft and pale How could any fellow say, "No sale"? You'll bring honor to us all!

**Fa Li** : There, you're ready.

**Granny Fa** : Not yet. An apple for serenity. A pendant for balance. [ *singing* ] Beads of jade for beauty You must proudly show it Now, add a cricket, just for luck, [ *Granny Fa places the cage with the cricket under the upper layer of Mulan's skirt* ] And even you can't blow it

**Mulan** : [ *singing* ] Ancestors, hear my plea, Please don't let me make a fool of me And to not uproot my family tree Keep my father standing tall. Scarier than the Undertaker, We are meeting our matchmaker!

**Chorus:** [ *singing* ] Destiny, guard our girls, Help our future as it fast unfurls Please look kindly on these cultured pearls Each a perfect porcelain doll…

**Chorus** : [ *singing* ] Please bring honor to us Please bring honor to us Please bring honor to us Please bring honor to us Please bring honor to us all!

Lori: Why do they care about honor?

Me: For centuries China has been very adamant about honor and glory. It's been part of their culture and traditions for over 12,000 years.

Laney: Wow. That is amazing.

Sora: Never even knew about that.

Goofy: Gawrsh, me neither.

Donald: Yeah.

Kairi: Same here. That is amazing.

Riku: Very interesting.

Eli: That's amazing.

Nico: It sure is.

Qin: Yep. And it's part of my heritage.

May: I think that's so cool.

**Matchmaker** : "Fa Mulan."

**Mulan** : Present.

**Matchmaker** : Speaking without permission.

**Mulan** : Oops. [ *They go inside* ]

**Granny Fa** : [ *to Fa Li* ] Who spit in her bean curd?

Me: I just don't think this is right. No one should ever pick the person they want to spend their lives with for them. Love never works that way.

Lincoln: I agree.

Laney: Same here.

Lori: That is literally wrong.

Me: Yeah. I've always been a very anti-arranged marriage guy. This has always been part of China's traditions for centuries. But I've always been against it.

We watched through the window.

**Matchmaker** : Huh. Hmm. Mmm. Too skinny. Hmph! Not good for bearing sons.

[ *Crickee hops out of his cage, Mulan frantically tries to put him back in.* ]

**Matchmaker** : Recite the Final Admonition.

**Mulan** : Mmm-hmm-hmm. [ *muffled chirping* ] [ *pulls out a paper fan and spits Crickee out* ]

**Matchmaker** : Well?

**Mulan** : Fulfill your duties, calmly and… [ *glances down at the crib notes written on her arm, which are smeared slightly* ] respectfully. Um, reflect before you snack… Act! This shall bring you honor and glory. [ *She fans herself, the matchmaker grabs the fan and searches it for cheat notes. Finding none, she grabs Mulan by the arm (where the notes are!) and pulls her toward a table. The writing comes off in her hand.* ]

**Matchmaker** : Hmm. This way. Now, pour the tea. To please your future in-laws, you must demonstrate a sense of dignity… *[she rubs her hand over her mouth, and the ink rubs off with a squeak* ]… and refinement. You must also be poised. [ *Mulan, staring at the Matchmaker, pours the tea but misses the cup, then regains her composure and quickly fills the teacup* .]

[ *Mulan notices Crickee relaxing happily in the tea. The Matchmaker takes the teacup.* ]

**Mulan** : Um, pardon me.

**Matchmaker** : And silent! [ *sniffs* ] Ahhh.

**Mulan** : Could I just take that back? One moment. [ *She grabs for the cup* ]

[ *The Matchmaker fights for the teacup, and they both fall back, the tea spilling all over the Matchmaker. Crickee hops down her dress.* ]

**Matchmaker** : Why, you clumsy… Whoo Whoo! Aaah! Whoo! Aaah! [ *fire sizzling* ] [ *She trips over the fire-pot, spilling the coals and then sitting on them, the bottom of her dress smoking. Mulan desperately fans the burned spot, and it bursts into flames. The matchmaker runs around shrieking.* ]

Eli: I didn't bring a single marshmallow.

Me: Me neither.

We laughed

[ *Outside* ]

SFX: loud crash

**Granny Fa** : [ *To Fa Li* ] I think it's going well, don't you?

[ *The matchmaker runs outside, shrieking.* ]

**Matchmaker** : Put it out! Put it out! Put it out! [ *Mulan throws tea over her, putting out the fire. Embarrassed, she hands the teapot to the Matchmaker and quickly walks toward Fa Li and Granny Fa with Crickee hopping back into his cage.* ]

**Matchmaker** : [ *panting furiously* ] You are a disgrace! You may look like a bride, but you will never bring your family honor!

[ *People start to walk away, whispering* .]

Eli: Hey you old bat eat this!

Eli mooned her!

And I walked up to her and double slapped her face and honked her nose 5 times. And then I bit her nose off with a sickening crunch!

Me: No more matchmaking for you, you old crone!

We walked away and went to Mulan.

*At the Fa farm*

[ *Mulan is greeted with a warm smile by her father, but, humiliated, she turns away and takes Khan to the stable.* ]

*Beginning of "* ***Reflection*** *"*

**Mulan** : [ *singing* ] Look at me… I will never pass for a perfect bride Or a perfect daughter Can it be? I'm not meant to play this part? Now I see That if I were truly to be myself I would break my family's heart. Who is that girl I see Staring straight back at me Why is my reflection someone I don't know Somehow I cannot hide Who I am, though I've tried When will my reflection show Who I am inside? When will my reflection show Who I am, inside?

We hugged and comforted her.

Me: It's all right Mulan. Don't listen to that old crow.

Lincoln: Yeah she doesn't have any idea what she's talking about.

Lana: That's right.

Lola: Yeah!

Eli: And as for you, you cricket what were you thinking?!

Me: Eli he's just a little cricket. He meant no harm.

*Cricket explains.*

Me: I don't understand.

Fluttershy: He said he was sorry and just was curious about everything.

Me: Oh.

Eli: Just to warn you Cricket, curiosity killed the cat.

Nico: Yeah.

**Fa Zhou** : My, my, what beautiful blossoms we have this year. But look, this one's late. I bet when it blooms, it will be the most beautiful of all.

*Drums sound*

**Mulan** : What is it?

*[Imperial soldiers and Chi Fu come riding over a hill.* ]

**Fa Li** : Mulan, stay inside.

**Granny Fa** : Ahem. [points toward a low roof. Mulan runs over to it and peers over the roof]

**Chi Fu** : Citizens! I bring a proclamation from the Imperial City! The

Huns have invaded China! By order of the Emperor, one man from every family must serve in the Imperial Army. [Reading from list] The Hsiao Family! The Yi Family!

**Son** : I will serve the Emperor in my father's place.

**Chi Fu** : The Fa Family!

**Mulan** : No!

*[Her father walks over to Chi Fu.* ]

**Fa Zhou** : I am ready to serve the Emperor.

**Mulan** : Father, you can't go!

**Fa Zhou** : Mulan!

**Mulan** : [ *To Chi Fu* ] Please, sir, my father has already fought for-

**Chi Fu** : Silence! You will do well to teach your daughter to hold her tongue in a man's presence.

Me: Hey!

I walked up to Chi Fu!

Me: You stay away from her you fucking old crow of dishonor!

Chi Fu: How dare you!?

Me: Shut your fucking trap! Let me tell you something that my 3rd self learned from Leonidas I of Sparta.

I had my keyblade pointed at his chest.

J.D. 3: For countless generations you have sent innocent people to die, you've insulted a woman that is the bravest woman of all and I have known her for over 2,000 years and you spit on her image and not you are planning to send a man that is past his prime into war against a Ruthless Hun that can bath in his blood as a drink. I know people like you scumbag. Perhaps you should've chosen someone different instead of my friend Zhou Fa.

Chi Fu: You're insane!

Me: No you are insane. You are a fucked up traitor to your people. In the words of King Leonidas: THIS IS SPARTA!

I punched him in the face and sent him crashing into a well.

CRASH!

Nico: Nice one. He brought all that on himself.

Lincoln: Yeah I've always hated that clod.

J.D. 3: Me too. He has always been a fucked up jerk.

Laney: Yeah.

*In Fa Zhou's bedroom*

*[Fa Zhou yanks open his closet, revealing a suit of Chinese armor, and unsheaths a sword. Mulan watches. He practices techniques, but his leg gives out and he falls against a pillar, panting.* ]

[ *At dinner* ]

Me: Zhou you can't go. I'm just looking out for you.

Zhou: I know J.D. and I appreciate it. But I must.

Me: No it's suicide for your age. You'll be walking into your death. Let us and Mulan fight in your place.

Eli: I'll fight.

Lana: We all will.

Me: I will too.

Sora: Same here.

Me: And we're going with her.

Nico: That's right!

Mulan pours the tea, then sets her cup down with a bang.

**Mulan** : You shouldn't have to go!

**Fa Li** : Mulan!

**Mulan** : There are plenty of young men to fight for China!

**Fa Zhou** : It is an honor to protect my country and my family.

**Mulan** : So you'll die for honor.

**Fa Zhou** : I will die doing what's right.

**Mulan** : But if you…

**Fa Zhou** : I know my place. It is time you learned yours.

Me: No Zhou, this is for your own safety.

[ *Mulan stares at her father for a moment, then runs outside crying. Mulan is sitting in a statue of a dragon, crying. It is raining. We came out and comforted her. Through the window of her house, she can see her mother and father talking. Fa Zhou picks up the candle and blows it out. Mulan thinks for a minute, then makes her decision.* ]

Me: Lets do it.

[ *Mulan walks into the Family Temple and lights a stick, placing it in a hanging statue of a small dragon. She runs into her parent's room, taking the scroll and leaving her hair comb. Taking her father's sword, she cuts her hair short and puts on her father's armor. Going out to the stable, she mounts Khan and sets off for the army.* ]

Me: Lets go!

We were off with Mulan!

Me: Sorry about this Zhou. But this is for your own good.

*[The eyes of a statue in the temple flash, and Granny Fa wakes up.* ]

**Granny Fa** : Mulan is gone!

**Fa Zhou** : What? It can't be… [ *He runs outside* ] Mulan! No…

**Fa Li** : You must go after her. She could be killed.

**Fa Zhou** : If I reveal her, she will be.

**Granny Fa** : Ancestors, hear our prayer. Watch over Mulan.

[ *In the Family Temple, the characters on a tombstone light up, and they turn into the Great Ancestor.* ]

**Great Ancestor** : [ *To the small hanging dragon statue* ] Mushu, awaken.

[ *The statue shakes and smokes.* ]

**Mushu** : I live! So, tell me, what mortal needs my protection, Great Ancestor. You just say the word, and I'm there.

**Great Ancestor** : Mushu…

**Mushu** : And lemme say something, anyone who's foolish enough to threaten our family, vengeance will be mine! Grr… arrgh…

**Great Ancestor** : Mushu! These are the family guardians. They…

**Mushu** : Protect the family.

**Great Ancestor** : And you, O Demoted One…

**Mushu** : I ring the gong.

**Great Ancestor** : That's right. Now, wake up the Ancestors…

**Mushu** : One family reunion coming right up. Okay, people, people, look alive! Let's go, c'mon, get up! Let's move it! Rise and shine! Y'all way past the beauty sleep thing.

**Ancestor #1** : I knew it, I knew it. That Mulan was a troublemaker from the start.

**Ancestor #2** : Don't look at me, she gets it from your side of the family!

**Ancestor #3** : She's just trying to help her father!

**Ancestor #4** : But if she's discovered, Fa Zhou will be forever shamed. Dishonor will come to the family. Traditional values will disintegrate!

**Ancestor #5** : Not to mention they'll lose the farm!

**Ancestor #1** : My children never caused such trouble; they all became acupuncturists!

**Ancestor #2** : Well, we can't all be acupuncturists!

**Ancestor #6** : No! Your great-granddaughter had to be a cross-dresser!

[ *The Ancestors start to argue* ]

**Ancestor #7** : Let a guardian bring her back!

**Ancestor #2** : Yes! Awaken the most cunning!

**Ancestor #4** : No! The swiftest!

**Ancestor #8** : No, send the wisest!

**Great Ancestor** : Silence! We will send the most powerful of all.

**Mushu** : [ *laughs* ] Okay, okay, I get the Jif. I'll go. [ *The ancestors laugh at him* ] Well, y'all don't think I can do it! Watch this here! [ *Blows a tiny flame* ] Ah-hah! Jump back, I'm pretty hot. But I don't have to singe nobody to prove no point.

**Great Ancestor** : You had your chance to protect the Fa Family.

**Ancestor #6** : Your misguidance led Fa Thang to disaster!

**Fa Thang** : Yeah, thanks a lot.

**Mushu** : And your point is?

**Great Ancestor** : The point is, we will be sending a real dragon to retrieve Mulan.

**Mushu** : What? What? I'm a real dragon!

**Great Ancestor** : You're not even worthy of this thought! Now, awaken the Great Stone Dragon!

**Mushu** : So you'll get back to me on the job thing. [ *He is hit in the face with his gong.* ]

**Mushu** : Just one chance. Is that too much to ask? I mean, it's not like it'll kill you. [ *To the dragon statue* ] Yo, Rocky, wake up! You gotta go fetch Mulan! C'mon, boy! Go get her! Go on! C'mon! [ *He climbs up on the statue, dragging the gong.* ] Grr… arrgh. Grr. Hello? Helloooo? Hello! [ *He hits the ear of the dragon with the gong, and it falls off. Suddenly, the entire statue falls apart.* ] Uh-oh…

**Mushu** : Uh… Stoney? Stoney… Oh, man, they're gonna kill me!

**Great Ancestor** : Great Stone Dragon! Have you awakened?

**Mushu** : [ *Holding up the head of the Great Stone Dragon* ] Uh, yes, I just woke up! Um, I am the Great Stone Dragon! Good morning! I will go forth and fetch Mulan! Did- did I mention that I am the Great Stone Dragon?

**Great Ancestor** : Go! The fate of the Fa family rests in your claws.

**Mushu** : Don't even worry about it. I will not lose face. [ *He loses his balance and tumbles down the hill, the dragon head landing on top of him.* ] Ow, ah, my elbow. Oh, oh, I know I twisted something. [He lifts the head off.] That's just great, now what? I'm doomed, and all because Ms. Man decided to take a little drag show on the road.

**Crickee** : Chirp.

**Mushu** : Go get her! What's the matter with you? After this Great Stone Humptey Dumptey mess, I'd have to bring her home with a medal to get back in the Temple! Waitaminute! That's it! I make Mulan a war hero, and they'll be begging me to come back to work! That's the master plan! Oh, you've done it now, man.

**Crickee** : Chirp.

**Mushu** : [ *running* ] And what makes you think you're coming?

**Crickee** : Chirp.

**Mushu** : You're lucky? Do I look like a sucker to you?

**Crickee** : Chirp.

**Mushu** : What do you mean, a loser? What if I pop one of your antennae of and throw it across the yard, then who's the loser, you or me?

**Crickee** : Chirp.

[ *Mushu chases him out of the yard and down the road.* ]

*The Hun army comes to a stop by a marsh. Two Chinese soldiers are dragged out of a tree and thrown before Shan Yu.*

**Hun** : Imperial Scouts.

**Soldier #1** : Shan Yu!

**Shan Yu** : Nice work, gentlemen. You've found the Hun army.

[ *Laughter* ]

**Soldier #2** : The Emperor will stop you.

**Shan Yu** : Stop me! He invited me. By building his wall, he challenged my strength. Well, I'm here to play his game. Go! Tell your Emperor to send his strongest armies. I'm ready.

[ *The two soldiers scurry off, one after the other.* ]

**Shan Yu** : How many men does it take to deliver a message?

**Sheshou** : One.

*Fade to black.*

**Mulan** : Okay. Okay, how about this: [ *in a deep voice* ] Excuse me, where do I sign in? Ah, I see you have a sword. I have one, too.

They're very manly, and tough. [ *She fumbles with the sword, dropping it on the ground.* ]

*Khan rolls with laughter, and is hit by a shoe.*

**Mulan** : I'm working on it! Oh, who am I fooling. It'd take a miracle to get me into the army.

Me: We'll get you in Mulan. But we have to keep a low profile and I promise we'll be there for you. But we have to hit the Huns with everything we got when they attack.

Lincoln: Who are the Huns anyway?

Me: They are a ruthless group of warriors that terrorized all of Europe and Asia for centuries. Thousands of people died because of them. Men, Woman, Children, they didn't give a flying fuck about who lived or died. They are just that ruthless. And that's why I made it my code to never kill children.

Mulan: That is a very honorable code.

**Mushu** : [ *covered in smoke, and surrounded by fire, all Mulan can see is his giant shadow.* ] Did I hear someone ask for a miracle! Lemme hear ya say, "Aaah!"

**Mulan** : Aughhh!

**Mushu** : That's close enough!

**Mulan** : A ghost!

Me: Whoa!

**Mushu** : Get ready, Mulan, your serpentine salvation is at hand, for I have been sent by your ancestors to guide you through your masquerade! [ *He glances down at Crickee, who is making finger-shadows of a dragon's head, and kicks him.* ] C'mon, you're gonna stay, you're gonna work with me. [ *To Mulan* ] So heed my words, cause if the army finds out you're a girl, the penalty is death.

**Mulan** : Who are you?

**Mushu** : Who am I? Who am I? I am the guardian of lost souls! I am the powerful, the pleasurable, the indestructible Mushu.

*Mulan stares at the tiny dragon for a moment.*

Me: Oh Mushu you always are funny.

**Mushu** : Ah, I'm pretty hot, huh? [ *Immediately Khan steps all over him, but Mulan stops Khan.* ]

**Mulan** : My ancestors sent a little lizard to help me?

**Mushu** : Hey, dragon, dragon, not lizard. I don't do that tongue-thing.

Me: Uh you did just now.

**Mulan** : You're… um…

**Mushu** : Intimidating? All inspiring?

**Mulan** : Tiny!

**Mushu** : Of course! I am travel-sized, for your convenience. If I was my real size, your cow here would die of fright. [ *Khan tries to chomp him.* ] Down, Bessy. My powers are beyond your mortal imagination. For instance, my eyes can see straight through your armor. [ *Mulan slaps him* ] Ow! Alright! That's it! Dishonor! Dishonor on your whole family! Make a note of this. Dishonor on you, dishonor on your cow, dis-

**Mulan** : [ *covers Mushu's mouth* ] Stop! I'm sorry! I'm sorry. I'm just nervous. I've never done this before.

**Mushu** : Then you're gonna have to trust me. And don't you slap me no more. You clear on that? [ *Mulan nods* ]. Alright. Okey-dokey! Let's get this show on the road! Crickee, get the bags! [ *To Khan* ] Let's move it heifer!

*At the Moo-Shung Camp*

**Mushu** : Okay, this is it! Time to show them your man-walk.

Shoulders back, chest high, feet apart, head up, and strut! Two three, break that bone, two, three, and work it!

**Mushu** : [ *They pass men trimming their toenails and picking their noses* ] Beautiful, isn't it.

**Mulan** : They're disgusting.

**Mushu** : No, they're men. And you're gonna have to act just like them, so pay attention.

Me: And if Chi Fu tries anything he will die

Eli: Or meet a fate worse than death.

Me: That works.

**Recruit** : Look! This tattoo will protect me from harm!

**Yao** : Hmmm… [ *punches the recruit* ]

**Ling** : [ *laughing* ] I hope you can get your money back!

**Mulan** : I don't think I can do this…

**Mushu** : It's all attitude! Be tough, like this guy here!

**Yao** : [ *spits* ] What are you looking at?

Eli: Just a staring contest.

Yao: Then bring it!

*They did a staring contest.*

A man saw me and looked at me.

Me: What are you looking at weirdo?

Lana and Lola: Yeah weirdo!

Man 1: You should learn to mind your own business.

Me: Why do you have something to hide fuckeyes?

The man grabbed me by my shirt.

Man 1: Maybe your ears don't work so well.

I grabbed him by his hand and crushed it.

Me: Too bad my nose works fine.

I punched him in the face and knocked out some teeth.

Me: (Blows on fist)

**Mushu** : Punch him. It's how men say hello. [ *Mulan punches Yao; he slams into Chien Po.* ]

**Chien Po** : Oh, Yao! You've made a friend!

**Mushu** : Good. Now slap him on the behind. They like that. [ *Mulan slaps Yao.* ]

**Yao** : Woo hoo… I'm gonna hit you so hard, it'll make your ancestors dizzy.

**Chien Po** : [ *picks up Yao* ] Yao, relax and chant with me.

**Yao** : Eerrrrrgh…

**Chien Po** : nanuami tofu dah…

**Yao** : nonuamitofudah.

**Chien Po** : Feel better?

Me: Try this one.

I punched a man and sent him crashing into a post.

**Yao** : Yeah. Ah, you ain't worth my time. Chicken boy.

**Mushu** : Chicken boy!? Say that to my face, you limp noodle!

**Yao** : Rrraaaaghhh! [ *Grabs Mulan and punches; she ducks and he punches Ling three times.* ] Oh, sorry Ling. Hey! [ *reaches down to catch Mulan from crawling away* ]

**Ling** : You're dead! [ *kicks him into Chien Po, then attacks with a flying side kick. They start fighting, with Chien Po swiping to get them off. Mulan scrambles away.* ]

**Ling** : Hey! There he goes! [ *They chase Mulan through a tent, and the Gang of Three stop abruptly at the end of the food line. Chien Po knocks everyone over, like dominoes, and finally the pot overturns. Everyone gets up and advances on Mulan.* ]

I punched Ling and Lincoln fired a blast of lightning and electrocuted him.

Lola bit Ling and he screamed in agony and Lynn kicked Yao in the face.

Leni and Becky hit them with their sandals.

SMACK SMACK!

I punched Yao and Lynn lifted up a bunch of men and threw them all over.

Lori turn turn them into human pretzels and they were hurting in pain.

Luan throw piers with wasabi in them.

They got into their eyes and burned them.

Lana spurt hot sauce in their mouths.

It was Ghost Chili hot sauce and they ran around screaming like little girls with fire coming out of their mouths and Sora was laughing.

Me: Nice one.

Nico: Yeah!

Lola: I'M MORE THAN JUST A PRETTY FACE!

Lola bit Ling in the nose and he screamed in pain.

Luna: ROCK AND ROLL CHINA!

Sam: YEAH!

Lisa Loud: Darcy get back!

Lisa threw a chemical bomb at one of the soldiers and it hit him and exploded.

KKRAAAAAABBBBOOOOOOOOOMMMMMMM!

The explosion blew him and a bunch of soldiers away.

**Mulan** : Hey, guys…

*Inside the Captain's Tent*

**General** : The Huns have struck here, here, and here. I will take the main troops up to the Tung Chow Pass and stop Shan Yu before he destroys this village.

**Chi Fu** : Excellent strategy, sir! I do love surprises.

**General** : [ *To Li Shang* ] You will stay and train the new recruits. When Chi Fu believes you're ready, you will join us… Captain.

**Shang** : Captain?

**Chi Fu** : Oh! This is an enormous responsibility, General! Perhaps a soldier with more experience?

**General** : Number one in his class, extensive knowledge of training techniques… an impressive military linuage… I believe Lee Shang will do an excellent job.

**Shang** : Oh I will! I won't let you down! This is… I mean… Yes sir.

**General** : Very good, then. We'll toast China's victory at the Imperial City. I'll expect a full report in three weeks.

**Chi Fu** : And believe me, I won't leave anything out.

**Shang** : Captain Lee Shang. Leader of China's finest troops. No, the greatest troops of all time. [ *They step outside.* ]

**Chi Fu** : Most impressive.

**General** : Good luck, Captain! Yah! [ *He rides off, followed by two lines of soldiers on horses.* ]

**Shang** : Good luck… Father.

**Chi Fu** : Day one.

**Shang** : Soldiers!

*Soldiers separate, revealing a cowering Mulan*

**Soldiers** : He started it!

Me: Captain Li Shang.

Shang: J.D. Knudson.

We hugged.

Me: It's good to see you again after 2,000 years captain.

Shang: Same here. I take it you and all your team came to help us.

Me: We sure did. It's a long story guys.

Ling: Wow! That's J.D. Knudson!?

Dark Spicer (salutes): Captain Shang. It's an honor to be here, sir.

Shang: Pleasure to meet you all. Eli and J.D. it's great to see you again.

Me: Same to you Shang.

Eli: Things have become very different since we were here last time.

Laney: They sure have.

Lincoln: Yeah.

Nico: We came to help you all kill Shan Yu.

Shang: I'm glad you all did. Are these your friends?

Me: Our forces have expanded a lot ever since Nicole and Lincoln and the Shinobi came.

We introduced ourselves.

Shang: It's an honor to meet you all.

Me: Same here.

**Shang** : [ *to Mulan* ] I don't need anyone causing trouble in my camp.

**Mulan** : Sorry… [ *in a deep voice* ] I mean, sorry you had to say that. But you know what it is when you get those manly urges… just gotta kill something. Fix things… a cook outdoors…

**Shang** : What's your name?

**Mulan** : Uh… um… uh…

**Chi Fu** : Your commanding officer just asked you a question!

Me: Shut up you old prune.

Chi Fu: YOU AGAIN!?

Me: YEAH! Me again! You got a problem with that you old codger?

Rose: Sir, pardon my Spanish. (glares at Chi Fu) But why is this miedo ante cogida here? He doesn't have any combat experience.

Chi Fu: What?

Me: That means fear of Getting Caught.

Lana: Really?

Me: Yep and it also means Scared Face Fuck.

The soldiers laughed at Chi Fu.

Shang snickered.

Chi Fu had a boiling red face.

**Mulan** : I've got a name… and it's a boy's name, too.

**Mushu** : Ling! How 'bout Ling?

**Mulan** : [ *To Mushu* ] HIS name is Ling.

**Shang** : I didn't ask for HIS name, I asked for yours!

**Mushu** : Uh… Ah-chu!

**Mulan** : Ah-chu!

**Shang** : Ah-chu?

**Mush** u: Gesundheit! Hee hee… I kill myself.

**Mulan** : Mushu…

**Shang** : Mushu?

**Mulan** : No.

**Shang** : Then what is it?!

**Mushu** : Ping! Ping was my best friend growing up.

**Mulan** : It's Ping.

**Shang** : Ping.

**Mushu** : 'Course, Ping did steal my girl-

**Mulan** : Yes. My name is Ping.

**Shang** : Let me see your conscription notice. [ *Mulan hands the scroll to him.* ] Fa Zhou? *THE* Fa Zhou?

**Chi Fu** : I didn't know Fa Zhou had a son.

**Mulan** : Er, he… doesn't talk about me much. [ *She attempts to spit, but fails miserably.* ]

**Chi Fu** : I can see why. The boy's an absolute lunatic! [ *Laughter* ]

POW!

I punched Chi Fu in the face.

Me: Stay down you old crone.

**Shang** : Okay, gentlemen, thanks to your new friend Ping, you'll spend tonight picking up every single grain of rice. Tomorrow, the real work begins.

*[Grumbling]*

Me: I apologize for trashing your camp Captain. These times have been very rough I know.

Shang: Yeah I know.

**Mushu** : You know, we have to work on your people skills.

*Inside Mulan's tent*

*Mushu picks up Crickee and uses him for an alarm clock.*

**Mushu** : All right, rise and shine, Sleeping Beauty! C'mon, hup, hup, hup!

*Mulan pulls the blanket over her, and Mushu pulls it off.*

**Mushu** : Get your clothes on, get ready! Got breakfast ready. Look, you get porridge! And it's happy to see you!

*Crickee is resting happily in the bowl of porridge, Mushu uses chopsticks to fish him out.*

**Mushu** : Hey, get out of there! You're gonna make people sick!

**Mulan** : Am I late?

**Mushu** : [ *stuffs porridge in her mouth* ] No time to talk. Now, remember, it's your first day of training, so listen to your teacher and no fighting, play nice with the other kids, unless, of course, the other kids want to fight, then you gotta kick the other kid's butt.

**Mulan** : But I don't want to kick the other kids' butts.

**Mushu** : Don't talk with your mouth full. Now let's see your war face.

*Mulan looks at Mushu, her mouth full of porridge.*

**Mushu** : Oh, I think my bunny slippers just ran for cover. C'mon, scare me, girl!

**Mulan** : Rrrrraaaaarrrggggghhhhh!

**Mushu** : That's my tough looking warrior! That's what I'm talking about! Now, get out there and make me proud!

*Khan neighs frantically*

**Mushu** : What do you mean, the troops just left?

**Mulan** : They what? [ *She rushes out of the tent* ]

**Mushu** : Wait, you forgot your sword! [ *sniffs* ] My little baby, off to destroy people…

**Chi Fu** : Order! People, order!

**Soldier** : I'd like a pan-fried noodle!

**Chien Po** : Sweet and pungent shrimp.

**Chi Fu** : That's not funny.

**Ling** : Looks like our new friend slept in this morning. Why, hello, Ping, Are ya hungry?

**Yao** : Yeah, cause I owe you a knuckle sandwich.

**Shang** : Soldiers! You will assemble swiftly and silently, every morning. Anyone who does otherwise, will answer to me.

*He takes off his shirt, and Mulan stares in awe.*

**Yao** : Ooh, tough guy.

**Shang** : [ *pulls out a bow and arrow and aims it at Yao, then at the top of a high pole in the middle of the camp.* ] Yao. Thank you for volunteering. Retrieve the arrow.

Me: That's very high up. But I remember doing something like this in the 21st Century.

Nico: Yeah.

**Yao** : I'll get that arrow, pretty boy, and I'll do it with my shirt on. [ *He walks over to the pole and prepares to climb up it.* ]

**Shang** : One moment, you seem to be missing something. [ *He pulls two giant medals out of a box.* ] This represents disipline. And this represents strength. You need both to reach the arrow. [ *He ties them around Yao's wrists, and all the soldiers after him, and none of them can make it to the arrow.* ]

**Shang** : We've got a long way to go.

Me: Let me show you how it's done.

I climbed up the pole with my Chakra Walk and grabbed the arrow and threw it onto the ground.

Me: That's how we do it in the World of Shinobi.

Shang: That's very impressive.

I jumped down.

Natilee: I'll put another one up there for you.

Natilee fired another arrow.

*Beginning of " **I'll Make a Man Out of You** "*

**Shang** : Let's get down to business To defeat the Huns Did they send me daughters When I asked for sons You're the saddest bunch I ever met, but you can bet Before we're through Mister, I'll make a man Out of you. Tranquil as a forest But on fire within Once you find your center You are sure to win You're a spineless, pale, pathetic lot And you haven't got a clue Somehow, I'll make a man out of you.

**Chien Po** : I'm never gonna catch my breath

**Yao** : Say good-bye to those who knew me

**Ling** : Boy I was a fool in school for cutting gym

**Mushu** : This guy's got 'em scared to death

**Mulan** : I hope he doesn't see right through me

**Chien Po** : Now I really wish that I knew how to swim

**Chorus** : (Be a man)

**Shang** : We must be swift as a coursing river

**Chorus** : (Be a man)

**Shang** : With all the force of a great typhoon

**Chorus** : (Be a man)

**Shang** : With all the strength of a raging fire Mysterious as the dark side of the moon Time is racing t'ward us Till the Huns arrive Heed my every order And you might survive You're unsuited for the rage of war So pack up, go home, you're through How could I make a man out of you

**Chorus** : (Be a man)

**Shang** : We must be swift as a coursing river

**Chorus** : (Be a man)

**Shang** : With all the force of a great typhoon

**Chorus** : (Be a man)

**Shang** : With all the strength of a raging fire Mysterious as the dark side of the moon

**Chorus** : (Be a man)

**Shang** : We must be swift as a coursing river

**Chorus** : (Be a man)

**Shang** : With all the force of a great typhoon

**Chorus** : (Be a man)

**Shang** : With all the strength of a raging fire Mysterious as the dark side of the moon!

*Shan Yu cuts the top off a tree. The hawk flies overhead and drops a small doll. Shan Yu jumps down from the tree and throws the doll to one of the Huns.*

**Shan Yu** : What do you see?

**Lieren** : Black pine… from the high mountains!

**Bai** : White horse hair… Imperial stallions.

**Zhencha** : Sulfur… from cannons.

**Shan Yu** : This doll came from a village in the Tung Show Pass, where the Imperial Army is waiting for us.

**Sheshou** : We can avoid them easily.

**Shan Yu** : No. The quickest way to the emperor is through that pass. Besides, the little girl will be missing her doll. We should return it to her.

*Moo Shung Camp, at night*

**Mushu** : Hey, this is not a good idea. What if somebody sees you?

**Mulan** : Just because I look like a man doesn't mean I have to smell like one.

**Mushu** : So a couple guys don't rinse out their socks. Picky, picky, picky. Myself, I kinda like that corn-chip smell.

**Mulan** : [ *Jumps in the water* ] Ah.

**Mushu** : Okay, all right, alright, that's enough, now c'mon, get out before you get all pruney and stuff.

**Mulan** : Mushu, if you're so worried, go stand watch!

**Mushu** : Yeah, yeah. [ *As Mulan* ] Stand watch, Mushu, while I blow our secret with my stupid girly habits! [ *In normal voice* ] Hygiene.

*Three (naked) men zoom by, laughing. Underwear is blown onto his face.*

**Mushu** : We're doomed! There're a couple of things I know they're bound to notice!

*Mulan ducks into the water as Ling, Yao and Chien-Po jump into the water. She tries to hide herself with a lilypad.*

**Yao** : Hey, Ping!

**Mulan** : Oh, hi, guys, I didn't know you were here. I was just washing so now I'm clean and I'm gonna go. Bye-bye.

**Ling** : Come back here! I know we were jerks to you before, so let's start over. Hi, I'm Ling.

**Chien Po** : And I'm Chien-Po.

**Mulan** : Hello, Chien-Po.

**Yao** : And I am Yao, King of the Rock! And there's nothing you girls can do about it.

**Ling** : Oh yeah? Well, I think Ping and I can take you!

**Mulan** : I really don't want to take him anywhere.

**Ling** : But, Ping! We have to fight!

**Mulan** : No, we don't. We could just close our eyes, and… swim around!

**Ling** : C'mon! Don't be such a girl… ow! Something bit me!

**Mushu** : What a nasty flavor.

**Ling** : [ *sees Mushu* ] Snake!

*While Yao, Chien Po and Ling are shrieking, Mulan whistles for Khan and sneaks away.*

**Ling** : [ *huddled on the rock with Chien Po and Yao* ] Some King of the Rock.

**Mulan** : Boy, that was close.

**Mushu** : No, that was vile. You owe me big!

**Mulan** : I never want to see a naked man again.

*A herd of naked men then flash by.*

**Mushu** : Don't look at me, I ain't bitin' no more butts.

Later in our tent we were talking.

Me: Okay we have to let Shang know that Nico is unstable because of the Digimon Emperor inside him.

RD Me: Good thinking. But we have to be careful.

Me: Agreed.

Eli: Yeah. But I really don't like that Chi Fu guy.

Me: I don't either. He really pisses me off to no end.

Ghost: All in favor of killing Chi Fu for his attitude?

Everyone: AYE!

Me: It's unanimous. We kill Chi Fu later down the road.

In Nico's tent, Nico was meditating.

Nico: (telepathically to Shang) Also, I apologize in advance if I end up hurting you and some of the others. If that happens, I won't be in control.

Shang: (Telepathically to Nico) I understand Nico.

Me: Shang can I talk to you for a second? Alone?

Shang: Be right back.

We went to a place to talk in private.

Me: I'm sorry to drag you away like this.

Shang: Not a problem J.D.

Me: I just want to tell you that Nico is not himself. He has another persona inside of him.

Shang: What do you mean?

Me: It's someone from his past that cause so much pain and trauma to him and it caused him a huge amount of grief. He's inside his head and he comes out when you least expect it. He's an evil persona that was put inside him by someone we're all trying to kill in the coming times. Nico will probably threaten you so I'm just telling you.

Shang: I understand. Thank you for telling me this J.D. You always look out for everyone.

Me: No problem. But also about "Ping", he's really Zhou Fa's daughter Mulan. She came to join the army in his place because Zhou is out of his prime. She's doing this for him and for helping China.

Shang: I understand. That's very heroic of her to take his place. That's big.

Me: It is. But Chi Fu will order for her death and we can't allow that.

Shang: I know. Mulan is trying to show that she can be strong like her father was.

Me: That's right. And we're going to help be there for her.

Shang: Understood.

Shang went back to his tent.

*In Chi Fu's tent…*

**Chi Fu** : You think your troops are ready to fight? Hah! They wouldn't last a minute against the Huns!

**Shang** : They completed their training.

**Chi Fu** : Those boys are no more fit to be soldiers than you are to be captain. Once the general reads my report, your troops will never see battle.

**Mushu** : Oh, no, you don't! I've worked too hard to get Mulan into this war! This guy's messing with my plans!

**Shang** : We're not finished!

**Chi Fu** : Be careful, Captain. The general may be your father, but I am the Emperor's Council. And, oh, by the way, I got that job on my own. You're dismissed.

**Mulan** : [ *to Shang* ] Hey, I'll hold him, and you punch!… Or not. For what it's worth, I think you're a great captain!

**Mushu** : I saw that.

**Mulan** : What?

**Mushu** : You like him, don't you?

**Mulan** : No! I…

**Mushu** : Yeah, right, sure. Go to your tent!

*Smiling, Mulan walks away.*

Undermine: (to Chi Fu) I don't know if the late Sentinel Prime said this but… I hereby discharge you from duty.

Me: And you are never to return. Ever.

Lincoln: Yeah!

Nico: What he said!

Chi Fu: Ha! You don't have that kind of authority!

Shang: Actually he does! Go home Chi Fu!

I grabbed Chi Fu and threw him far!

**Mushu** : [to Crickee] I think it's time we took this war into our own hands.

*They rush into the tent as Chi Fu strolls out, dressed in a towel, a hat, and slippers.*

*Crickee types out a letter, like a typewriter.*

**Mushu** : Okay, lemme see what you've got. [reads] From General Lee. 'Dear Son, we're waiting for the Huns at the pass. It would mean a lot of you'd come and back us up.' Hmm. That's great, except that you forgot, 'and since we're out of popourri, perhaps you wouldn't mind bringing up some!' Hello! This is the army! Make it sound a little urgent, please. You know what I'm talking about?

*Crickee hops around typing out another letter.*

**Mushu** : That's better, much better! Let's go!

**Mushu** : Khaney, baby. We need a ride. [Khan squirts him off, and Crickee slowly backs off.]

*At the lake.*

*Laughter*

**Chi Fu** : [ *Chi Fu is storming from the lake with a towel wrapped around him and one slipper missing* ] Insubordinate ruffians. You men owe me a new pair of slippers! [More laughter] And I do not squeal like a girl! [ *He turns to see a straw soldier (Mushu and Crickee) riding a panda bear.* ] Eeeeeeek!

**Mushu** : [ *In a deep voice* ] Urgent new from the general! [ *He holds out a scroll* ] What's the matter, you've never seen a black and white before?

**Chi Fu** : Who are you?

**Mushu** : Excuse me? I think the question should be, who are **you** ! We're in a war, man! There's no time for stupid questions! I should have your hat for that! Snatch it right off your head! I'm feeling gracious today, so… carry on before I report you. [ *Chi Fu turns, and the panda climbs up a nearby tree.* ]

*In the captain's tent*

**Man 1** : Captain! Urgent news from the general! We're needed at the front!

**Mushu** : Pack your bags, Crickee, we're moving out!

Beginning of " **A Girl Worth Fighting For** "

For a long time we've been marching off to battle. In our thundering herd, we feel a lot like cattle. Like the pounding beat, our aching feet aren't easy to ignore. Hey! Think of instead, a girl worth fighting for! Huh? That's what I said! A girl worth fighting for! I want her paler than the moon, with eyes that shine like stars. My girl will marvel at my strength, adore my battle scars! I couldn't care less what she'll wear, or what she looks like! It all depends on what she cooks like! Beef, pork, chicken, mmm… Bet the local girls thought you were quite the charmer! And I bet the ladies love a man in armor! You can guess what we have missed the most Since we went off to war! What do we want? A girl worth fighting for! My girl will think I have no flaws That I'm a major find How 'bout a girl who's got a brain, who always speaks her mind? Nah! My manly ways and turn of phrase and sure to thrill her! He thinks he's such a lady-killer!

*A clip from THX Optimizer.*

I've a girl back home who's unlike any other! Yeah, the only girl who'd love him is his mother! But when we come home, in victory They'll line up at the door! What do we want? A girl worth fighting for! Wish that I had A girl worth fighting for! A girl worth fighting…

*The clip ends from THX Optimizer, then the Chinese army stares in horror at the charred and burning remnants of a small village. They walk through it.*

Me: My God!

Maria: My God. It's a massacre.

Raven Branwen: Not even my former bandit tribe would do something like this.

Poromon: (sees a certain Heartless) And I think I found out who's responsible.

It was THE STORM RIDER!

Me: I see it and it's a Storm Rider! But it's not just the heartless that did it. This was Shan Yu's handiwork as well!

Nico: Lets take that heartless down!

We fired energy blasts and more and destroyed it! We got a massive Negative Energy Increase!

Me: That was good.

**Shang** : Search for survivors!

We split up and did so.

*Mulan picks up a small doll*

**Shang** : I don't understand. My father should've been here.

**Chi Fu** : Captain! [ *They turn to see a bloody battlefield full of dead Chinese soldiers.]*

Me: This was an ambush. They were totally outnumbered.

Sasuke: From the looks of things there were hundreds of them.

Me: Yeah. This is a disaster.

Nico: They didn't stand a chance. They were slaughtered.

*[Chien-Po hands the general's helmet to Shang.* ]

**Chien-Po** : The… general.

*Shang takes his sword and sticks it in the snow, then places the helmet on the hilt and says a prayer.*

**Mulan** : I'm sorry.

Me: We all are.

**Shang** : [ *mounts his horse* ] The Huns are moving quickly. We'll make better time to the Imperial City through the Tung Show pass. We're the only hope for the Emperor now. Move out!

*The army slowly walks away. Mulan places the doll by Shang's sword and joins the others.*

Armada Cyclonus: I fly up into the air and see if I can take down some of the Huns.

Me: Good idea Cyclonus.

He turned into his Helicopter mode and flew off.

Me: Now we have to take Shan Yu down more than ever. He's not just a danger to all of China but to the world as well

*As the Chinese Soldiers slowly walk through the mountain pass, a rocket in the wagon attached to Khan suddenly goes off, shooting* *into the sky.*

Me: WHOA!

*Mulan looks at Mushu accusingly.*

**Shang** : What happened?

**Mulan** : Um…

**Shang** : You just gave away out position! Now we're- [ *an arrow hits his shoulder, throwing him off the horse. Huns appear on a cliff, and arrows shower down on the soldiers.* ] Get out of range!

Me: Incoming!

I formed a force field over us!

*The pitiful Chinese army struggles to get away from the Huns, but are intercepted by another group of Huns up on another cliff.*

**Shang** : Save the cannons! [ *The soldiers pass the cannons from the wagon to each other. The wagon gets hit by a flaming arrow, and Mulan cuts Khan's reins and mounts him. The wagon explodes, sending Mushu and Crickee flying. Mulan falls off the horse.* ]

**Mushu** : Oh, sure, save the horse. [ *Mulan grabs Mushu and her sword and runs over to the other soldiers.* ]

**Shang** : Fire! [ *The soldier lights the cannon, and it explodes on the mountain. More follow.] Fire! [There is no sound from the Huns, who are no longer on the cliffs.* ] Hold the last cannon.

*Suddenly, a horse appears on the hill. Shan Yu is soon joined by hundreds of Hun soldiers.*

**Shang** : Prepare to fight. If we die, we die with honor.

*The Huns charge the Chinese Army.*

Me: Here they come!

Lincoln: Thousands of them!

**Yao** . Aim the cannon at Shan Yu. [ *Yao aims the cannon.* ]

*While glancing at her sword, Mulan notices a glacial overhang. She grabs the cannon and runs toward the Huns, aiming at the overhang.*

**Shang** : Ping! Ping, come back!

Me: I got this! KAAAAAA MEEEEEE HAAAAAA MEEEEEE HAAAAAAAAAAAAAAAAAAAAAAA!

I fired a red Kamehameha Wave and it hit numerous Huns and obliterated them in an instant in a powerful explosion!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

*[But the explosion* c *auses an avalanche that rains down on the Hun Army, burying in them. In fury, Shan Yu roars and hits Mulan in the side with his sword blade. She quickly runs away from the avalanche, pulling Shang with her. Khan runs toward them, and Mulan gets on and tries to give Shang a hand, but he loses his grip and is dragged into the snow.* ]

**Mushu** : [ *riding down the snow in a shield* ] Mulan! Mulan! Mulan? [ *He pulls a Hun's head out of the snow.* ] Nope. Mulan! [ *He reaches down and pulls out Crickee.* ] Man, you are one lucky bug.

*Mulan and Khan break out of the snow and race toward Shang, who, unconscious, is sliding on the snow toward a cliff.*

**Mulan** : Shang! [ *She pulls him up onto the saddle.* ]

**Chien-Po** : [ *holding up Yao* ] Do you see them?

**Yao** : Yes! [ *He fits an arrow, which is tied to a length of rope, and shoots it toward Mulan.* ] Perfect! Now I'll pull them to safe… ty! [ *The rope slips through his hands.* ]

**Mushu** : [ *sliding near Mulan and Shang* ] Mulan! I found a lucky cricket!

**Mulan** : We need help! [ *The arrow flies near them, Mulan grabs it* *and ties it around Khan.* ]

**Mushu** : [ *to Crickee* ] Ooh, nice. Very nice! You can sit by me! [ *They climb up onto Khan, and notice the cliff.* ] Aaaugh! We're gonna die! We're gonna die! We're definitely gonna die! No way we survive this! Death is coming! [ *Mulan shoots the arrow up as they fall off the cliff.* ]

**Yao** : [ *crying* ] I let them slip through my fingers… [ *looks surprised as the arrow, complete with rope, lands in his hands. He is dragged toward the cliff edge, soldiers jumping on top of him. Finally Chien-Po and us walks over, picks all the soldiers up, and walks backward, pulling Mulan, Khan, and Shang up onto the ground.* ]

**Mushu** : I knew we could do it! You the man! Well, sort of.

**Ling** : Step back, guys. Give him some air!

**Shang** : [ *breathing heavily* ] Ping, you are the craziest man I ever met. And for that, I owe you my life. From now on, you have my trust.

**Ling** : Let's hear it for Ping, the bravest of us all!

**Yao** : You're King of the Mountain!

*Cheering*

*Mulan tries to stand up, but collapses to the ground, gasping.*

**Shang** : Ping! What's wrong? [ *Mulan moves her hands to reveal blood.] He's wounded! Get help! [Mulan sinks into unconsciousness.* ] Ping, hold on. Hold on.

*The doctor emerges from his tent and says something to Shang, who looks disturbed and rushes inside. He looks at Mulan, who sits up in bed, her side bandaged. Shang stares at her, recognizing her as a girl. Mulan realizes her mistake and pulls the blanket back on.*

**Mulan** : I can explain!

Nico: (to Shang telepathically) Shang, the Digimon Emperor is taking control again. I'm sorry.

Shang: (telepathically to me) I understand.

Nico then grab Shang by the throat.

Nico: Mulan was just trying to defend her father's honor. And now, you're trying to fire her for doing what's right for her family? Here's what's going to happen. You're going to keep Mulan in the army, you're going to drop this ridiculous rule against women, and you're never going to try this stunt again. Otherwise, I'm gonig to send you to the Warp!

Laney: Nico, that's going too far!

Nico: Shut up, Laney! Or you can go to the Warp with him!

POW!

Man Boy used his facial hair to punch Nico in the face, making Nico let go of Shang.

Man Boy: Are you out of your goddamn mind, Nico?!

Shang: No. Nico's right. I was out of line just now. Mulan was just defending her family's honor. And there's nothing wrong with that. (to Mulan) For that, I apologize. (to you telepathically) And you and Nico already warned me of this in advance.

Me: Nico what the fuck is Wrong with you!?

Nico: (Telepathically to me) J.D. you have to tell everyone that the Digimon Emperor is back and you have to warn everyone! Marucho is right and you and Eli are both right!

Me: (Telepathically to Nico) Nico I will.

Lori: Nico, what the Hell was that back there?!

Nico: (coldly) We came here to make sure Mulan keeps her place in the army. So that's exactly what I did. I thought you, Lynn, and Lori of all people would be more happy that I'm starting to act more aggresively.

With that, Nico storms off to meet up with Shang, Mulan, and the others.

Blackarachnia: Well, we can't argue with the results. Nico's sudden aggresive attitude DID push Shang into not firing Mulan.

Me: Blackarachnia now is not the time.

Blackarachnia: Sorry.

Me: Guys. I'm afraid our worst fears have come true. The Digimon Emperor has returned and he's inside Nico.

Everyone gasped!

Eli: It's true. The Force told me that he is back.

Marucho: So the beating that Skinner's mom suffered was all because of the Digimon Emperor inside him?

Me: Yes. He took control of Nico and used Madame Rouge's powers to make himself look like me and pulverize the living shit out of his mom.

May: Oh man! (Concerned) Nico.

Me: I know you're concerned May. But we will help him.

Lori: But that's impossible! We literally killed the Digimon Emperor!

Me: Yes we did. And during our battle with Ice Kate and Kid Kold, I was warned about it from Clix.

Eli: I remember that.

Me: Yeah. I was given pictures from him about what he was gonna do.

Leni: But we don't remember that!

Me: That's because Eon erased your memories of that. He has that kind of power.

Laney: I knew that Agnes' injuries were suspicious.

Me: Yeah.

Lincoln: But how come you, Eli, The Masters of Evil and The Royal Defenders weren't affected?

RD Me: I think it's because we don't come from this universe.

RD Lincoln: Yeah.

Me: And I think mine and Eli's powers are too strong. And Vypra used a spell that prevented that from happening.

Eli: She really thought ahead.

Me: Yeah. But it's time for all of you to have those memories back.

I snapped my fingers and the memories Eon erased came back!

*[The shadow of a hawk flies overheard, and around a bend. Shan Yu climb out of the snow and looks around. He lets out a roar. Soon he is joined by five of his soldiers. They start down the path toward the Imperial City. Mulan watches them. And we saw them.]*

Me: He's still alive!

Varie: But how? He should be dead!

Me: We got to warn Shang and get ready for battle!

Mulan: Right!

Varie: Lets go!

**Mulan** : I have to do something.

**Mushu** : Did you see those Huns? They popped out of the snow! Like daisies!

**Mulan** : Are we in this together, or not?

**Mushu** : [ *looks guilty* ] Let's go kick some Hunny Buns! [ *He and Crickee jump on Khan, and they ride down the mountain, whooping.* ]

*In the Imperial City of Beijing.*

*The Chinese citizens watch happily as the Imperial City celebrates the Chinese victory with a parade.*

**Parade Leader** : Make way for the heroes of China!

*Shang, the Gang of Three and the other soldiers follow glumly behind, and behind them is a large Chinese dragon with the Huns inside.*

*Mulan comes riding up beside Shang*

**Mulan** : Shang!

**Shang** : Mulan?

**Mulan** : The Huns are alive!

Me: It's true Shang. We're all in grave danger! Shan Yu and his Huns are still alive and they are here.

Eli: And Nico it's time for you to wake up!

Eli used the Force to wake him up.

Nico: (Gasp) What!? What happened!?

Eli jumped and got the sword!

Eli: I'll take that!

*Shan Yu's hawk swoops down and grabs the sword. It flaps up to the roof, where a line of stone gargoyles are resting. One of the gargoyles moves and takes the sword. Huns jump out of the Chinese Dragon.*

We slashed the Huns to pieces and all that was left was Shan Yu!

Blizzard: Too bad that avalanche didn't freeze you to death, Shan Yu. Guess I'm gonna have to finish the job.

Me: It's over for you Shan Yu! You're gonna pay for all your crimes! And I will make sure you die a horrible death!

I unsheathed my sword and we went at each other and clashed violently!

I then clashed more with him and kicked him in the head and knocked him down.

But he got back up.

Varie: I'll handle him while we have our usual battles.

Me: Show no mercy on him.

Varie: With pleasure.

Varie went at Shan Yu and they clashed violently and sparks and more were flying everywhere. Vulkanus, Atomic Skull, Whiteout, Po Kong, Pete and Mercurymon then appeared.

Me: Vulkanus, Atomic Skull, Whiteout, Po Kong, Pete and Mercurymon.

Atomic Skull: Looks like the battle has already started.

Whiteout: Yeah.

Bai Tza: Nice to see you out and about sister.

Po Kong: Indeed. Can't wait to eat.

Mulan: She sure is hungry huh?

Bai Tza: You have no idea. Her appetite is as big as she is.

Vulkanus: Hey, guys. We managed to kill a few Huns on the way here.

Mulan: And for that, we're grateful.

Whiteout: So, anything else going on?

Lynn: (glares at Nico) Why don't you ask Nico?

Atomic Skull: Whatever Nico did, I'm sure he didn't mean to-

Nico: No. I have to make this right. (to Laney and Shang) Shang. Laney. I'm very sorry that I threatened to send you two into the Warp today. It's just that when Shang was about to fire Mulan, I just snapped. I just hope you two can forgive me.

Laney: We do.

Shang: It's not your fault Nico.

Me: We know who's responsible.

Whiteout: The Digimon Emperor!

Me: Exactly! He has returned and is inside Nico even as we speak. He caused Nico to turn into me and beat the living s*** out of Skinner's mom.

Skinner: (Gasp) Oh dear God!

Laney: It's all true! Eon erased our memories of it and J.D. brought them back.

Nico: Oh no! (Grabs my shirt) You have to help me!

Me: Whoa take it easy man. I'll talk to him.

I put my hands on his head and concentrated.

Inside Nico's mind I appeared and walked up to the Digimon Emperor!

Me: Nice to see you again Ken Ichijouji.

Digimon Emperor: My name is the Digimon Emperor!

Me: You're just a brainwashed fucked up tyrant. That's what. But I'm here to deliver an ultimatum.

Digimon Emperor: And what is that?

Me: You leave Nico alone and let him live his life or I'm gonna come back and rip you out of his head personally and we'll kill you and banish you to the Warp.

Digimon Emperor: We'll see about that.

Me: I'm gonna be watching you like a hawk.

I left.

My red eyes appeared and were watching him closely.

In the real world, I was back.

?: You sure have your work cut out for you huh?

A figure came out and it was HAMMER ATTACK BOT from episode 21 of RPM!

---

The **Hammer Attack Bot** is one of Venjix's Attack Bots. He is hammer-themed, equipped with different types of hammers.

Character History

Thanks to the Knight Bot placing delayed energy charges, the Hammer Attack Bot was able to get inside Corinth City. Once inside, the Attack Bot began striking the ground with his hammer fist, causing the entire city to shake. Rangers Red, Yellow, Green, Black and Gold quickly responded, while Flynn and Gemma stayed behind to try and convince Dr. K to use their newly invented Road Attack Zord.

The Ranger Operators soon found themselves outmatched by the sheer strength of the Hammer Attack Bot. He had the complete advantage over the Rangers. While Flynn and Gemma were tied up fighting Tenaya 7, Dr. K had no choice but to send in the Road Attack Zord. The new Zord did manage to take out the Hammer Attack Bot, but it then started to attack the Rangers. Luckily they were able to shut it off.

With the Hammer Attack Bot not yet destroyed, General Shifter gave the order for the download to make the bot in his giant size. Just as the beast was about to smash the Rangers, the Rangers Blue and Silver arrived in their Zords to stop him. Dr. K had managed to take the excess energy from the Road Attack Zord, and divert it into the other Zords to repair them. This was all thanks to Flynn's idea.

The Ranger Operators formed the SkyRev Megazord, and then launched the Road Attack Zord with a new Engine Cell powering it. The new Zord in its warrior mode was able to fight the Hammer Attack Bot and wear him out. With the Hammer Attack Bot on the ropes, the Road Attack Zord switched back to tire mode. The Rangers powered it up with a blast from the SkyRev Megazord, and then fired the new Zord at the Hammer Attack Bot. He was hit by the Road Attack Zord and completely destroyed.

* * *

Scott Truman: Hammer Attack Bot!

Hammer Attack Bot: Been a while rangers.

Me: I remember you! You were sent to cause massive earthquakes in Corinth City and you got in and did so.

Hammer Attack Bot: That's right J.D. Good memory on you.

Me: Never missed an episode.

Maria: (to Hammer Attack Bot) You would've been a star at Whack A Mole games.

Hammer Attack Bot (laughs): Considering I'm one of the many monsters who will be reused many times for usual battles thanks to Alien Ξ, I'm positive I could play one of those games in the future.

May: Say what now?

Me: Whack-A-Mole's one of my favorite games. Always was a champion at that in my past.

Nico: Wow.

Laney: That's cool!

Flynn McAllister: (Scottish Accent) It sure is laddies.

Me: Yep.

Hammer Attack Bot: Yeah. Looks like I'll have some competition when I challenge you J.D.

Me: Always up for a good challenge. And I take it you heard that Venjix is dead and how he was also Evox in Beast Morphers?

Hammer Attack Bot: I sure did and I'm glad he's gone.

Me: We all are.

?: And you soon will be joining him when I send all your fucking asses to hell!

Another figure came out and it was VETRIX!

---

**Vetrix**, known as **Tron** in the Japanese and Italian versions and born **Byron Arclight**, is a character appearing in the *Yu-Gi-Oh! ZEXAL* anime. He appears as the secondary antagonist during the World Duel Carnival arc. Vetrix was formerly involved with Dr. Faker's business, and has sworn to take revenge alongside his sons: Trey, Quattro and Quinton. After Trey was defeated by Yuma Tsukumo, he made plans to target him as well since he possessed the "Original Number".

Though his appearance is that of a child younger than the rest of the Vetrix Family, he is their father. He was betrayed by Dr. Faker, who used him and Kazuma Tsukumo as sacrifices to open the door to another dimension. When he returned, his form was mutated into that of a child.

Byron Arclight lived in peace with his three sons, and was a researcher. He gave his son Michael a *Duel Monsters* card -

"Chronomaly Aztec Mask Golem".

He eventually became involved with Dr. Faker's experiments and allowed his son Chris to accompany and help them in the lab. One of these experiments from the development of the Sphere Field. In addition, they were attempting to find the door that would lead to parallel worlds. Byron suggested they ask Kazuma Tsukumo for help, an adventurer who was also searching for the same door. Kazuma agreed to help them, and after examining their theory, he told them what was wrong with it. They had been operating under the assumption that were twenty-one passage points. By analyzing that data, they could determine where the door would appear next. Kazuma revealed that there were actually twenty-three passage points, something he had determined while exploring.

With that new data, they determined where they needed to go. Byron had Chris stay behind, and he goes with Kazuma and Faker to travel to the destination. On the way, Byron and Kazuma bonded over their sons, who loved Dueling, with Byron saying that Faker also has two sons. When they arrived, Kazuma saved Faker from being crushed by a boulder trap in the temple.

They reached a dead end, with Faker remaining slightly behind them, the two began to glow red and Faker reads the hieroglyphs below their feet - "when two souls are offered up, the door will open". Faker told them he would find the door to the parallel dimensions at any cost. Kazuma asked if Byron and Faker weren't close friends and Faker responded that if Byron is really his friend, he should be happy to be sacrificed. Faker told Byron that average people like him could hope for no more than that. As Byron and Kazuma fell through the portal, Byron swore revenge against Faker.

While wandering through the alternate dimension, he nearly gave up hope many times. He recalled Kazuma's talk of friendship and of never giving up, though he considered Faker's betrayal as proof of the uselessness of friendship, but found Kazuma's mantra of never giving up to be inspiring. Sustained by the hope of attaining revenge, he survived through his own will and with the help of the Barian World.

While trapped there, he was rescued by a group of Barians, one of them whom granted him Barian power in exchange for him agreeing to help collect the "Numbers" and destroy the Astral World, as beings from the Barian World could not interact with it themselves.

He eventually returned to Earth, but his form was mutated into that of a child and he took the alias "Vetrix". He began to devise a machination per his deal with the being from the Barian World, also deciding to use the opportunity to take revenge on Faker as the latter believed him to be dead. He granted each of his sons a crest, which imbued them with great powers. However, they were directly tied to their souls, so should they lose a Duel while wielding a powerful "Number", their souls will be exhausted and they will fall comatose.

As part of the plan, Vetrix instructed Quattro to Duel Rio Kastle. He played a card given to him by Vetrix called "Flaming Hell Blessing", which set the building on fire. Quattro carried Rio to safety, but she was critically injured in the blaze and Quattro himself gained a scar on his face.

## World Duel Carnival Preliminaries

Vetrix instructed Quattro to ensure that Shark participated in the World Duel Carnival. During the second morning of the WDC, Vetrix awoke to Quattro arguing with Quinton about Quattro's methods. With Vetrix backed up by Trey and Quinton, Quattro backed down. As part of his plan, Trey was instructed to give Shark "Number 32: Shark Drake". After Quattro and Trey left to complete their missions, Vetrix told Quinton to ensure that no matter what, Dr. Faker must not find out that he is alive since he believes that he is deceased.

Trey returned to Vetrix in order to inform him of his success in handing Reginald Kastle "Shark Drake", which Vetrix congratulated him on fulfilling his orders as he always does. After saying modesty was one of Trey's virtues, Trey was worried since the "Number" did not possess Shark, but Vetrix tells him that its darkness will sleep in Shark's heart and slowly grow be released one day.

Vetrix ordered Quinton to kidnap Hart Tenjo in order to further his plans to defeat Dr. Faker. After Quinton took Hart via the use of his crest, he transported him to an abandoned gallery where Vetrix and his sons awaited him. They then began the ritual which caused several tentacles to wrap around Hart, which in turn then passed his memories and powers onto Vetrix, allowing him to see the Astral World. While this was taking place, Yuma Tsukumo and Kite Tenjo managed to enter the gallery. To prevent them from stopping the ritual, Quinton sent Trey and Quattro to Duel them in order to prevent them from reaching Vetrix in time for the ritual to finish.

During the ritual, Vetrix was able to access Hart's memories. He first saw the memory in which the Tenjo brothers lived peacefully before meeting Mr. Heartland. As Trey and Quattro's Tag Duel against Yuma and Kite continued, Vetrix's ritual gets interrupted when Hart, wanting to be one to save his brother instead of the opposite, transferred his remaining powers to Kite. Vetrix was still able obtain most of Hart's powers, gaining the ability to produce a small but powerful energy ball. Furthermore after Vetrix tested his new obtained power, he learned from Quinton that Yuma Tsukumo possesses the "Original Number". However, because of Yuma's surname, Vetrix wonders if he is the son of Kazuma Tsukumo, which Quinton answers as correct, surprising him. When Trey wishes to met Yuma, Vetrix allowed him and reassured Quinton that Trey will return to them because he was a "kind person".

At Trey's request, Vetrix performed a ritual on him, similar to the one he performed with Hart, transferring some of his power into Trey's crest, which Vetrix called the powers equivalent to the pain that Trey had felt in his life. In addition, he gave him two new cards - "Number 6: Chronomaly Atlandis" and "Final Prophecy". Vetrix told him that the former card would put a great strain on him both physically and mentally and that the latter card would ensure that both players do not walk away unharmed. During Trey's Duel with Yuma, Vetrix alongside Quinton observed the Duel from a balcony, where Quinton felt nervous about whether or not Trey can win, but Vetrix reassured Quinton that he will with the power which he granted him. Vetrix was revealed to have not only awarded Trey a more powerful crest, with powers which can physically harm people, but also allowed Trey to manifest armor as well as capture and crush Astral.

After Yuma managed to retrieve his old personality from Trey's crest, he managed to make a come back with "Number 39: Utopia", which Trey responded to by Xyz Summoning "Atlandis". This "Number" was revealed to be extremely strong, even causing damage outside of the Duel and AR Vision, and "Final Prophecy" opened the door to the Barian World when it was played. Quinton warned Vetrix that Trey may be in trouble, but Vetrix responded with laughter. When Yuma defeated Trey, Vetrix was shocked that Trey lost the Duel. After Trey returned to the hotel where his family was staying, Vetrix comforts him at his bedside.

## World Duel Carnival Finals

Later, Quattro implored that Vetrix give him new powers so he could defeat Yuma. Vetrix responded that he was disappointed in both Trey and Quattro. Quattro angrily replied that Trey fought against the "Original Number" for Vetrix and ended up comatose. Vetrix responded that what he wants is results and if Trey and Quattro can't give them to him, he has other options - like Shark. He told Quattro that their role was to lure him out, which angered Quattro. At the WDC Finals party, Vetrix revealed himself while interrupting Mr. Heartland's speech, who he called "old man" and told him that he would crush him. Vetrix then playfully told them how much he likes cake and called down to Yuma as "big brother" and told him that they will meet in the finals. Before leaving, he stared directly at Astral and laughed, and was later seen playing a video game while Quinton conducted business with the Triad of Terror.

The next day, Vetrix boarded the Duel Coaster with the rest of the finalists and witnessed Quinton defeat an opponent in one turn and said he expected no less of him. He also saw that Shark and Quattro's Duels as well and comment how relentless they were. Later on, Vetrix watched the Triad of Terror cornering Yuma and stated that he wanted to see how much power Yuma had. He stated he would give the Triad of Terror as much money as they desired if they showed him Yuma's power. When the Triad of Terror were defeated after Anna Kaboom and Nistro allied with Yuma, Vetrix remarked that Yuma's true power was that of his bond with his friends. The Duel Coaster moved into the underground section, with Vetrix using the power of his crest to check the cards Set at Spell and Trap Points, so he would know whether to avoid them or not. He defeated Lord Percius, Pepe Perez and Count Crazy Fang (all of whom had over 5000 Life Points at the time) simultaneously through unspecified means. When Quinton attempted a counterattack against Yuma for damaging his Life Points, Vetrix called him off, saying he should leave Yuma alone for the moment. Dextra and Kite both approached Vetrix from behind, with Kite changing lanes when Dextra threatened him. Vetrix and Dextra stopped their Duel Coasters at the "Jungle Field" arena.

Due to the "Jungle Field", each player was forced to Set a monster from their hand each turn, or lose 1000 Life Points. Dextra managed to use a powerful combo that forced Vetrix's monsters to attack, destroy them and inflict 1500 damage to the owner of a monster that is destroyed, thus reducing Vetrix's Life Points to a mere 100. He was able to turn Dextra's own effects against her through "Number 8: Heraldic King Genom-Heritage", while mocking her feelings for Kite and attempts to steal her memories of him. Yuma intervened and brought Dextra back to her senses to continue the Duel. However, Vetrix disabled Dextra's counter and defeated her, robbing her of her memories of Kite, cruelly saying that they have a "bad taste". He then teleported away while warning Yuma that he will target his heart next.

Vetrix later placed a hologram of himself into the augmented reality of the "Magma Field" to watch Quattro and Shark's Duel. When Shark Summoned "Number 32: Shark Drake", Quattro was surprised, not knowing that Vetrix and Quinton's plan was to have Trey give that card to Shark. Vetrix responded that he told Quattro nothing as he may have leaked the plan and said that everyone has their own role in this; Quattro's was to make Shark succumb to the darkness of his heart. He complemented Quattro on his counters, but told him that he intended to make Shark an assassin to defeat Dr. Faker. Quattro was hurt, saying that he, Trey and and Quinton did everything for Vetrix - why would he chose Shark as the assassin instead. Vetrix again said that everyone had their role and Shark fits the role of assassin more than Quattro, angering him. After Quattro's brutal assault on Shark, Yuma urged them to stop the meaningless fighting, but Vetrix used his crest to chain him. Vetrix then tried to convince Yuma to get revenge on Dr. Faker for what he had done to Kazuma.

Vetrix told Astral he could not free Yuma as the chains used the power of the Barian World, which the powers of the Astral World cannot affect. Vetrix went on to tell Quattro that he can't be trusted due to his recklessness and urged him to be calm. Quattro was hurt, saying that Vetrix used to be a kind person before he disappeared. Quattro wanted to defeat Dr. Faker, as he believed that Vetrix would return to normal if he did. Quattro said he did inhuman things for Vetrix's sake, yet he can't be trusted. Vetrix responded he can only trust what saved him - himself and the Barian World. Quattro successfully Summoned "Number 88: Gimmick Puppet of Leo", with Shark almost losing hope. Vetrix advised him to be calm and told him he could win by accepting "Shark Drake", which caused Shark to give in and create "Number C32: Shark Drake Veiss", defeating Quattro. Mocking Yuma, Vetrix told Shark that now they are friends as well and wondered how Yuma's "kattobingu" would take him.

Vetrix later conversed with his benefactors in the Barian World through a portal and assured them that his plan was going smoothly. He claimed all the "Numbers" would be his by tomorrow, but he had to sacrifice Trey, Quattro and Quinton, and added that they did a good job, as he had expected of his sons. He then left and ambushed Shark, using his crest's power to gain control over the "Number" merged with his soul. He also gave him "Heraldry Catastrophe" to use in the upcoming Duel against Yuma.

Vetrix utilized his control over Shark during his Duel with Yuma, where he made Shark believe that Yuma alongside Dr. Faker were the ones responsible for his sister's injuries. As Shark began to win, Vetrix became excited as his plan was near complete. After Yuma took control of "Shark Drake Veiss" with "Rivals Unite", he began to fall under the influence of "Shark Drake Veiss", while Shark was freed from it. Vetrix appeared before Shark and told him that the only way to free Yuma would be to activate "Heraldry Catastrophe". Despite this, Shark managed to rescue Yuma at the cost of his own Life Points with "Underwater Snow Prison", causing Yuma to win. This outraged Vetrix, causing him to smash the observation boxes windows out of anger and he vows to finish Yuma off, nice and slowly.

When Kite and Vetrix began their Duel, Vetrix noticed how Photon

Transformation has been negatively affecting Kite's body; therefore he played up to it and attempts to destroy "Galaxy-Eyes Photon Dragon" to harm Kite, but failed. Kite attempted to perform a OTK on Vetrix with his "Galaxy-Eyes", Quinton's "Number 9: Dyson Sphere" and "Photon Wing", but failed at the hands of Vetrix's "Heraldry Change" Trap Card. Vetrix then took his mask off, revealing an AR version of Hart's face. When Vetrix pinched it, it caused Hart immense pain. Kite attempted to leave the Duel in order to assist Hart, but Vetrix used a Duel Anchor to stop him. Vetrix then brought out "Genom-Heritage", which was able to destroy "Dyson Sphere" and reduce Kite to 1200 Life Points, and then mockingly called Kite "brother".

As the Duel continued, Vetrix continued to tease Kite with his brother's life on the line, but Kite continued to attack. To destroy Vetrix's link with Hart, Yuma invaded Heartland Tower and managed to enter Hart's mind to find Vetrix appearing in the form of a dragon, which Yuma managed to destroy with "Number 39: Utopia". After this, Hart was freed from Vetrix's control, causing Vetrix's Hart facade to begin to fade, and therefore he put his mask back on to conceal his identity. He then managed to avoid being defeated by Kite's "Neo Galaxy-Eyes Photon Dragon" and in response Xyz Summoned his "Number 69: Heraldry Crest", which successfully defeated Kite. Vetrix then attempted to continue to assault Kite, despite his Life Points being at 0, but Hart interfered, protecting Kite from the attack of "Heraldry Crest" attack. After being declared the winner, he absorbed Kite's "Numbers" and departed through a portal, leaving an incapacitated Kite on the Duel Tower.

Vetrix advanced to the final match against Yuma. At the top of the tower, Faker deployed the Sphere Field, Vetrix seemed pleased that Faker had completed it. This device would allow Faker to gather the energy of the "Numbers" Vetrix and Yuma would wield, as its effect allowed "Numbers" to be easily Summoned. Yuma confronted Vetrix about his sons' fates, and he revealed the price they paid by wielding crests, while telling Yuma how it was Kazuma whose words inspired him to survive. He queried Yuma on why he himself did not want revenge on Faker. Yuma insisted his father would not want that, but Vetrix suggested that perhaps his father's own plans of revenge had already begun - the appearance of Astral in this world.

The Duel began, with "Sphere Field" enabling both players to Special Summon random "Numbers" from their Extra Decks by using two monsters of the same Level from their hands as Overlay Units. Vetrix's "Number 56: Gold Rat" was destroyed by Yuma's "Number 12: Crimson Shadow Armor Ninja". Vetrix responded by bringing out three "Numbers" in a single turn - "Number 10: Illumiknight", "Number 30: Acid Golem of Destruction" and "Genon-Heritage". Yuma survived via the effect of "Armor Ninja" and "Half Guard" and was able to match Vetrix's move by Summoning "Number 17: Leviathan Dragon", "Number 34: Terror-Byte" and "Utopia".

Yuma managed to destroy all of Vetrix's "Numbers", putting him at a disadvantage. However, Vetrix made a comeback by Summoning "Heraldry Crest" which absorbed the effects of all of Yuma's "Numbers" and reduced him to 500 Life Points. Vetrix then took his mask off and revealed to Yuma that half of his face resembles a black hole or galaxy, shocking Yuma, Dr. Faker, Mr. Heartland and the audience. The audience however believed was merely part of the AR holograms, but Yuma's friends also realized that it wasn't. Yuma performed a Chaos Xyz Evolution and Summoned "Number C39: Utopia Ray", also equipping it with "ZW - Lightning Blade" using the power of ZEXAL. The effect of "Heraldry Crest" negated even this attack, but Yuma survived with the effect of "Lightning Blade".

Yuma narrowly survived Vetrix's next attack by using "Half Unbreak", and proceeded to use the power of ZEXAL again to perform the "Final Shining Draw" and equip "Utopia Ray" with "ZW - Tornado Bringer". Vetrix evaded this move with "Heraldry Burst". Yuma was able to overlay his two "ZW -" monsters to Xyz Summon "ZW - Leo Arms", whose effect negated those of "Heraldry Crest" and boosted the ATK of "Utopia Ray" enough to defeat Vetrix. Faker used the Sphere Field to absorb the "Numbers" of both Duelists, while the Duelists themselves were nearly absorbed as well.

Yuma wielded "Lightning Blade" with his own hands and saved Vetrix by anchoring them to the edge of the Sphere Field, much like Kazuma had in the past. Vetrix was confused as to why Yuma rescued him, Yuma insisted that everybody can change, and that his family needed him and that having Dueled him, he now considered Vetrix a friend. Feeling remorseful for his transgressions, Vetrix released the souls and memories of his victims, including Trey, Quattro and Quinton's. He insisted he could not live as Yuma and Kazuma had though and let go of Yuma's hand, thanking him for what he had done. He was then absorbed into the Sphere Field's core.

After Yuma, Shark and Kite defeated Vector, who possessed Dr. Faker, the building began to collapse around them, causing Dr. Faker to fall. Kite managed to grab hold of him, but fell himself, attaching his Duel Anchor to Yuma in an attempt to get them back up. As Yuma struggled to keep the two from falling, Vetrix appeared behind them, agreeing with Faker's statement that Faker had committed "many sins". Yuma pleaded with Vetrix to abandon his revenge, while Faker blamed himself, hoping he wouldn't hurt Kite. Vetrix remarked that this is the "last of his power" and fired his crest towards them, apparently causing them to fall. He instead transported them to the outskirts of Heartland, forgiving Faker for his actions and saying "good-bye, my friend" before vanishing again. In this instance, his crest was blue as opposed to pink. Later, Vetrix and his sons watched part of the Duel between Yuma and Kite, commenting how "remarkable" Kazuma's son was. Vetrix told them they would go home now and they departed through a portal.

Yu-Gi-Oh! ZEXAL II

Sometime later, Trey revealed that Vetrix was able to divide and share his crest powers with his sons, harnessed inside bracelets Quinton designed, so they could assist Yuma and friends in the war between the Astral World and the Barian World.

During the Duel between Yuma and Nash, the Astral and Barian Worlds were close to colliding and destroying both. Vetrix appeared in the Barian World (now fully fused with Earth), while Kazuma appeared in the Astral World. Kazuma thanked Vetrix, saying that his sons had helped Yuma grow into a fine young man. Vetrix thanked him in turn, as Yuma helped him get his family back. Vetrix determined they had to find a way to stabilize the worlds long enough for the Duel to come to its conclusion. Kazuma agreed, and the two entered energy forms of the same colors used by Yuma and

Astral before using ZEXAL. They used the last of their powers to become barriers between the arena and the two colliding worlds. Vetrix's crest shined out (now pink once again), while an image of the Emperor's Key shined out for Kazuma.

After the Duel's end, Vetrix and Kazuma reappeared, with Vetrix stating the Earth had begun to drift away from the Astral World. Kazuma thanked Vetrix for his help, calling him "old friend". Vetrix mused he had repaid some of the debt from his earlier actions before vanishing. Some time after Yuma's and Astral's Duel, he started working together with a revived Quinton, Kite and Dr. Faker to research parallel worlds again. Upon hearing about the Astral World's crisis, Vetrix joined Yuma and his friends on the journey there.

Number Hunting

Vetrix acquired "Number 8: Heraldic King Genom-Heritage"[1] and "Number 69: Heraldry Crest". The latter monster is his most powerful and could only be called forth by intensifying negative emotions in others, which Vetrix achieved through the manipulations of his sons and their targets.

Vetrix also owned "Number 6: Chronomaly Atlandis", which he gave to Trey alongside "Final Prophecy" to use against Yuma Tsukumo.

After defeating Kite Tenjo, Vetrix acquired all of his "Numbers", among them "Number 10: Ilumiknight", "Number 20: Giga-Brilliant", "Number 30: Acid Golem of Destruction", "Number 56: Gold Rat" and "Number 9: Dyson Sphere". He also took Quattro's "Numbers" from him after that son's loss to Reginald Kastle. These included "Number 15: Gimmick Puppet Giant Grinder", "Number 40: Gimmick Puppet of Strings" and "Number 88: Gimmick Puppet of Leo". He himself lost all of these to Dr. Faker's Sphere Field after losing to Yuma and all of the cards were eventually obtained by Yuma.

Me: That was awesome! But we're not finished yet.

Eli: Why?

Lincoln: I sense an Organization XIII member coming.

Me: I feel it too!

A Dark Corridor opened and out of it came another member of Organization XIII and the hood came down and it was LARXENE THE SAVAGE NYMPH!

---

**Larxene**, the **Savage Nymph** (in Japanese: 非情の妖姫, *Hijō no Yōki*, lit. *Callous Vixen* ), is a recurring antagonist in the *Kingdom Hearts* series, and the Nobody of **Elrena**, a member of the Dandelions. She is the twelfth member of Organization XIII as well as being the only official female member of the team (with Xion being an unofficial member), and also has a very sadistic nature. She wields a set of knives named Foudre and the power of thunder, which she uses for quick and lethal attacks.

Elrena was a Keyblade Wielder during the age of fairy tales. As her original self she was a member of the Dandelions. She first appears when Lauriam (Marluxia's original self) seeks her to ask about his missing sister Strelitzia, since she and Elrena were often going in missions together. She is very willing to help Lauriam to the point that even her Chirithy states that is not her usual behaviour since she normally doesn't care about other people.

Through unknown means, she and several other Keyblade wielders were spared from the desolation of the Keyblade War and ended up in the current timeline before losing their hearts to darkness. Elrena's empty vessel became the Nobody named Larxene who was recruited into Organization XIII.

Kingdom Hearts: 358/2 Days

Larxene appears as a playable character in Kingdom Hearts 358/2 Days' mission mode and a minor character in story mode. She is ranked number 12 within the organization, and joins Marluxia in his plot to overthrow Xemnas as they are assigned to Castle Oblivion to manipulate and control Sora.

Kingdom Hearts: Chain of Memories

Larxene is the secondary antagonist of Sora's storyline during the events of *Kingdom Hearts: Chain of Memories*, appearing frequently to taunt Sora and taking delight in the rage and agony she spurs in him.

Nevertheless, Larxene's cruelty was ultimately proven to be her own undoing; after she discovers Axel's unexpected betrayal and sees her plans with Marluxia have fallen apart, her friendly manner vanishes and she attacks Sora in a rage. Ultimately, she pushes Sora, Donald and Goofy too far and suffers their combined wrath after hurting Naminé and trying to kill them. She ends up being defeated and, surprisingly in death, she sounds out a cry of what appears as sadness as she is fading.

## Kingdom Hearts II

Although she does not have a role in *Kingdom Hearts II*, she appears as an optional boss in *Kingdom Hearts II: Final Mix*, where the location of her Absent Silhouette is located at Port Royal, as well as in the Data Battles with the other Organization members.

## Kingdom Hearts III

Larxene returns in *Kingdom Hearts III*, as a member of the real Organization XIII. Her sadistic nature is more toned down (presumably from being defeated by Sora) and she appears to be more patient, calculative, and cautious. She also appears to have little interest in Xehanort's plans.

She encounters Sora again in Arendelle where she explains that said world has a Princess of Heart and she believes it to be Elsa. However, Anna's actions cause her to think Anna could be the Princess she is looking for. Ultimatly, she learns that both Anna and Elsa are Princesses of Heart, and leaves to report this information to Xehanort.

Larxene is present with Marluxia at the Keyblade Graveyard when she proposed another coup. This time, however, Marluxia rejects the offer saying it would be pointless, since they were only brought in to be vessels for Master Xehanort. Demyx and Luxord soon arrive as well, much to Larxene's chagrin that they too are part of the True Organization XIII. Their superior Xemnas appears to meet with them about why those four were chosen for both the original and current Organization.

Larxene incorrectly answers that their hearts are "uber powerful" as Xemnas reveals the real reason; the four of them have a connection to the Keyblade legacy from the age of fairy tales, with Larxene being the most visibly shocked of them all.

Later in the final battle, Larxene, Luxord and Marluxia are fighting Mickey until Sora gives the King backup, and Larxene is defeated again. While she is angered by her second defeat, she does not respond to death in fear. Larxene accepts her fate, and dies with dignity, choosing death over being a vessel for Xehanort. She genuinely smiles at Sora when telling him her reasons for "going along for the ride" are secret before fading away, implying that she only joined the old and the real Organization to be with Marluxia. She later was presumably reborn as her former complete self.

She is voiced by Yuko Miyamura in Japanese and by Shanelle Workman in English.

Elena: It's my Nobody Self!

Evil Larxene: So I have 2 Lookalikes on both sides.

Lincoln: Leave this to me guys!

Lincoln walked up to her.

Evil Larxene: So you want to challenge me little man?

Lincoln: Not just challenge you. I want to kill you.

Evil Larxene: You think you can kill me?

Lincoln: I don't think, I know.

Evil Larxene: After you're dead, I'm going after those two look alikes of me next!

Lincoln: Like hell you will!

Lincoln walked up to her and Lightning was flickering around him.

Lincoln: You and I have an old score to settle and I'm getting justice for all the crimes you committed.

Massive storm clouds were rolling in. Lightning flashed and flickered in them ferociously as lightning formed furiously around Lincoln's feet.

THUNDERCLAP!

Evil Larxene formed her Lightning Kunai in massive bolts of lightning.

Then suddenly…

THUNDERCLAP!

A massive bolt of lightning hit Lincoln and he had a massive pillar of lightning explode out of him with incredible power and it shot high into the sky and formed into a deadly dragon of lightning. Lightning from the stars and cosmic energy poured into the dragon and Lincoln's power was rising fast! His energy was building at an astronomical level! When the lightning pillar faded, Lincoln stood in the middle of the floor forever changed! He looked like he was now in his 20's and he was muscular and he had his white hair in a spiky style and he had a purple and yellow lightning bolt highlight in his hair and it was surging with lightning and he had earrings on in the shape of the kanji of Thunder. Lincoln had a Thunderstorm cloud surging with lightning emblazoned in the middle of his forehead and he had raging thunderstorms in his sclera and his pupils were purple. He had a purple shirt with lightning all over it and he had he had black pants with lightning on them and yellow combat boots. He also had black fingerless gloves with the Loud House Emblem on them and he had a sleeveless Trench Coat with a massive raging storm on it and it had the kanji for "Lincoln Landon Loud - Champion of Lightning and Thunder, A Proud Brother of 16 siblings, A Heart of Gold and the Master of The Weather" on it. He had a sword with a lightning bolt blade and his wings were now purple and surging with incredible lightning. He was now a SUPER ANGEL 25,000,000 LIGHTNING HYPERSTORM THUNDERBIRD!

Me: WHOA! Lincoln you look amazing!

Nico: WOW! Lincoln!

Carol: WOW!

Eli: Lincoln transformed!

Lincoln's harem was gobstruck and they had blood dripping from their noses at how ripped he was.

Me: Lincoln, how do you feel?

Lincoln: (Divine Electrified Voice) **I feel amazing guys. This power is more than enough to take down Evil Larxene.**

Elena: Show no mercy on that bitch I turned into Lincoln!

Lincoln: **With pleasure!**

Lincoln unsheathed his sword and he went at her faster than a bolt of lightning and slashed Evil Larxene all over and he flew at incredible speed at 220 million miles per hour and kicked her in the back. Evil Larxene jumped back and fired blasts of lightning and Lincoln fired a massive blast of lightning and it hit Evil Larxene and electrocuted her all over with 900,293,293,176,392,593,286,000 Volts of Electricity! Lincoln flew at her and kicked her in the stomach with devastating force and smashed her face in with devastating force and sent her crashing into the ground! Lincoln landed and Evil Larxene got up and fired a massive wave of lightning that went through her black heart and skewered her. Then Evil Larxene screamed as she clutched her head in pain.

Evil Larxene: THIS CAN'T BE HAPPENING TO ME!

Lincoln: **It always will happen. As long as evil exists we will always be there to stop it and you will never be welcome here.** (Holds hand to her face) **HAKAI!**

Lincoln banished her to the Warp.

Lincoln powered down and he had the lightning highlights and spiky hair and thunder earrings.

Me: Way to go Lincoln!

Eli: YEAH! You were awesome!

Lincoln's harem then jumped and kissed him all over the place.

The Emperor then came.

Me: Emperor Han. (Chinese Bow) It's an honor to meet you Your Excelency.

Emperor: You too J.D.

**Shang** : Your Majesty, I can explain! [ *The Emperor raises a hand and the Gang of Three move to the side, revealing Mulan.* ]

Emperor: I've heard a great deal about you, Fa Mulan. You stole your father's armor…

Mulan: I know.

Emperor: Ran away from home…

Mulan: I know.

Emperor: Impersonated a soldier, deceived your commanding officer…

Mulan (irritated): I know.

Emperor: Dishonored the Chinese Army and destroyed my palace!

Fire Kraken: We get it already!

Emperor: And… You have saved us all.

The Emperor of China bows to Mulan: Chi Fu, Captain Shang, Ling, Yao, Chien-Po and the entire gathered crowd do the same.

Emperor: And we also thank you, Team Loud Phoenix Storm. And the Masters of Evil.

Pete: Well, we can't take all the credit.

Mercurymon: It was J.D. and the others that did most of the work.

Po Kong: But you can reward us with the best Chinese Food.

Me: We were doing what was right your excellency. And we apologize for all the damage we caused to your palace.

Emperor: That's all right J.D. But we thank you so much for everything you've done for us.

Me: You're welcome. But it was an honor to help you all.

**Mushu** : Our little baby is all grown up and saving China! [ *To Crickee* ] Do you have a tissue?

**Emperor** : Chi Fu!

**Chi Fu** : Your Excellency?

**Emperor** : See that this woman is made a member of my council.

**Chi Fu** : What? There are no council positions open, your Majesty!

**Emperor** : Very well. You can have his job.

**Chi Fu** : Wha?… My?… [ *He faints.* ]

**Mulan** : With all due respect, your Excellency, I think I've been away from home long enough.

**Emperor** : Then take this [ *he hands her a pendant* ], so your family will know what you have done for me. And this [ *he hands her the sword of Shan Yu* ] so the world will know what you have done for China.

*Mulan takes the gifts, then hugs the Emperor*

**Yao** : Is she allowed to do that? [ *Ling, Chien-Po and Shang shrug.* ] Mulan steps away and hugs the Gang of Three, then walks over to Shang.

**Shang** : Um… you… You fight good.

**Mulan** : [ *disappointed* ] Oh. Thank you. [ *She mounts Khan.* ] Khan, let's go home. [ *As she rides away, everyone cheers.* ]

Mulan is now the bravest woman in all of China and a true hero to

all.

**Emperor** : [ *To Shang* ] The flower that blooms in adversity is the rarest and most beautiful of all.

**Shang** :… Sir?…

**Emperor** : You don't meet a girl like that every dynasty! [ *He puts on his hat and walks away.* ]

*At Mulan's house we arrived with her.*

*Mulan approaches her father, who is sitting under the cherry trees. She kneels in front of him.*

**Fa Zhou** : Mulan!

Me: Hello Master Zhou.

**Mulan** : Father! I've brought you the sword of Shan-Yu. And the Crest of the Emperor! They're gifts to honor the Fa Family. [ *Her father drops the gifts and hugs her.* ]

**Fa Zhou** : The greatest gift in honor is having you for a daughter. I've missed you so.

**Mulan** : I've missed you too, Baba.

Me: Master Zhou we have an amazing story to tell you.

We revealed everything.

Zhou: (Gasp) (Smiles) My little Mulan is a true hero.

Me: A brave woman who will be forever remembered in Chinese Lore for many generations to come.

**Granny Fa** : [ *watching them* ] Huh. She brings home a sword. If you ask me, she should've brought home a man!

**Shang** : Excuse me, does Fa Mulan live here?

*Granny Fa and Fa Li point, dumbstruck* .

**Shang** : Thank you.

**Granny Fa** : Woo! Sign me up for the next war!

**Shang** : Honorable Fa Zhou, I- Mulan! Uhhhh… you forgot your helmet. Well, actually it's your helmet, isn't it, I mean…

**Mulan** : Would you like to stay for dinner?

**Granny Fa** : Would you like to stay forever?

**Shang** : Dinner would be great.

**Mushu** : [ *to Great Ancestor* ] Come on! Who did a good job? C'mon, tell me who did a good job.

**Great Ancestor** : Oh, all right. You can be a guardian again.

**Mushu** : Aaaaahhh-haaaaaaa! Whoohoohoohoohoooo!

*Crickee rings the gong; all the ancestors come out.*

**Mushu** : Take it, Crickee! [ *Crickee plays a set of drums, and all the ancestors dance.* ]

**Ancestor #2** : You know, she gets it from my side of the family! [ *Mushu swings on a chain, yelling. He falls off and goes sliding out the Temple door.* ]

**Great Ancestor** : Guardians.

**Mulan** : Thanks, Mushu. [ *She kisses him on the forehead. Suddenly, Little Brother, followed by a herd of chickens, bursts into the Temple.* ]

**Great Ancestor** : [ *last line* ] Mushu!

Mushu got a song ready.

Mulan: (To the viewers) Huns better beware. As long as I'm here, China will be safe.

Me: Yes it will. You were amazing Mulan.

Mulan: Thanks to all of you. Thank you all so much for helping me.

Me: You're welcome Mulan.

Qin: Anything for family ancestor. And we destroyed another member of Organization XIII. 2 down, 11 to go.

Lincoln: Yep and I look awesome with this new hair and earrings.

Me: You sure do buddy and I'm very proud of you.

I resurrected all those killed by Shan Yu and fixed the damage he did.

We later went back home and I went to the computer and looked over Nico saving all those people in Twilight Town. I then saw an energy blast hit him.

Me: Freeze image!

It froze the energy blast hitting him.

I used video enhancing and it showed where the blast came from and it was from none other than XEMNAS!

Me: XEMNAS! He hit Nico with an energy blast and it implanted the Digimon Emperor into his mind! Now I know who to go after when we face him. Get ready Xemnas, when we fight, you better start praying! (Eyes Glow Red)

Part 2 is done. Mulan from 1998 is one of my favorite movies. It's about the famous and legendary woman of Chinese Folklore, Hua Mulan and she is the bravest woman ever known in Chinese history. The next part for part 3 is The Lion King from 1994 and we're going after Scar and help Simba avenge his father and we're also gonna face Marluxia and he will pay for his crimes like all the members of Organization XIII will. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts all gave me the ideas for this. Thanks guys.

See you all tomorrow.

# Light and Hearts Part 3

THE LION KING

In the world of Maleficent from 2014, something was going down. What appears to be you just grabbed King Stefan by the throat and slams him to the ground.

Guard: (on the ground in pain) Why have you done this?!

"Me": (laughs) Why else? To put the hurt on you guys and to take what's not yours. (grabs Maleficent's wings from King Stefan)

King Stefan: Those are mine!

"Me": Sorry. But Finders Keepers, Losers Weepers! (flies away)

King Stefan was enraged!

King Stefan: I WILL KILL YOU FOR THIS J.D.! THIS IS AN ACT OF THE DEVIL!

Back at the estate, I was having breakfast and watching TV. Then 2014's Maleficent came in.

Maleficent 2014: (British Accent) Hey everyone!

Maleficent showed us that she had her wings back!

Me: WHOA! You have your wings back Maleficent!

Bai Tza: This is awesome, Maleficent! How did you get your wings back?

Maleficent 2014: Thanks to J.D. for busting in to Stefan's castle.

Me: But I didn't do that.

Lori: You didn't do that J.D.?

Me: No I was here the entire time eating breakfast. (Gasp) Another one of Clix's predictions came true! Nico must've disguised himself as me and he beat up Stefan and took the wings and gave them back to you!

Maleficent 2014: Well at least I have my wings back.

Me: You sure do. At least the Digimon Emperor did a good thing for us.

Lincoln: Yeah but don't look now but King Stefan and his guards are coming at the estate.

Me: What!?

I looked out the window and saw that Lincoln was right.

Me: I'll go out and talk to them.

I went out and talked to them.

King Stefan: (grabs me by the throat) Can J.D. Knudson come out to play?! (slams me against the wall)

Guard: Give us one good reason why we shouldn't kill you where you stand!

Me: What the Fuck are you even talking about?!

Stefan: Like you don't know! You came in to my castle last night, assaulted me and my guards, and took Maleficent's wings from me!

Guard: I believe you said "Finders Keepers, Losers Weepers".

Pepperdance: Okay. I wouldn't put it past JD to do something like that. But he's been here the whole time! That couldn't have been him.

Me: Yeah!

I punched King Stefan and the guard and blasted the guard apart and I had my sword at Stefan's throat.

Me: You better remember this Stefan! Those wings belong to Maleficent and you took them away from her and you are the reason why your daughter was cursed!

Stefan: YOU LEAVE MY DAUGHTER OUT OF THIS!

Me: You brought all that on yourself! I should just kill you right here and right now for threatening me.

Stefan: I would like to see you try!

Me: Don't tempt me!

Nico then came.

Nico: Guys stop this now!

Me: Nico you saw what he did!

Nico: Look, it's obvious someone's setting us all up. And that someone probably disguised himself as J.D. before attacking you last night?

Guard: Does it matter?!

Nico: (stops me from attacking) It does. I think we need a truce. This feud between our groups has gone on long enough. And it's caused enough bloodshed. As long as you don't come after us, we don't come after you. I know J.D. said we'd fight you in April. But I don't think that's even possible anymore.

Stefan: Well, I guess I don't have any other options. Very well. I accept the truce. But know this: there will be no mercy from me the next time this happens.

Kickback: Wouldn't have it any other way. (to me and the Loud Kids) Right, guys?

We agreed.

Me: Fine. But if you step out of line again… (Makes Throat Slash Gesture)

Stefan: All right.

We shook hands.

Me: Good.

They left.

Me: (Sighs) (Sheathes sword) Thanks man. But Nico I know you gave Maleficent back her wings.

Nico: I did?

Me: I'll show you.

We went back to the estate, and I told everyone that it was the Digimon Emperor that made Nico use Madame Rouge's powers and turn into me and he beat up King Stefan and gave her wings back to her.

Lincoln: Are you serious J.D.?

Me: I couldn't be anymore serious. I know it was the Digimon Emperor even after I threatened his life.

Cliffjumper: Look, nothing would make me happier then to give the Digimon Emperor a knuckle sandwich. But how do you even know that he attacked Stefan disguised as you last night?

Runo: Yeah! You threatened the jerk when we were fighting Shan Yu, remember? It would be suicide of him to pull another stunt again.

Me: I'm telling you that it's true!

Dan Kuso: (puts hand on my shoulder) Dude, I think the stress of all this and with Organization XIII is making you paranoid. Why don't you take a walk outside? We'll call you when the next mission is about to start.

Me: Dan, I know I'm serious. You saw what happened during the fight with Mulan and everything I said is all true.

Laney: J.D. is right Dan. Clix warned us all that this would happen and Eon erased our memories because of it.

Lori: That's right. We were warned about all this and his predictions are all literally coming true.

Me: Yeah let me show you.

I showed Dan and his friends the file on the Digimon Emperor and what the photos were of and all that and they gasped.

Alice: It's all true!

Runo: This is horrible!

Marucho: The evidence is totally clear!

RD Me: Do you think my counterpart here would make up something like that? No he wouldn't. He, Eli, us and the Masters of Evil were all not affected by Eon's power because A) The Royal Defenders and myself are not from this universe. B) J.D. and Eli's powers are too strong. And C) The Masters of Evil had a spell put on them by Vypra that prevents their memories from being erased.

Me: Yeah. Cameron Clix, the Number Holder of Number 25: Force Focus told me all about this in private during our battle with Captain Cold's kids and he warned us all this would happen. 2 Predictions have already happened. The Digimon Emperor made Nico beat up Skinner's mom Agnes and now he beat up King Stefan who now wants my head mounted on a pike.

Nico: It's true guys. I'm unstable now.

Me: Yeah. But like Clix said, this is Nico's fight and we have to let him handle it. Anyway I'm gonna go take Dan's advice and go cool down. I need it.

I went to the Supreme Grand Tree of Harmony to cool down.

Nico: J.D. is right guys. Clix warned us about all this happening and this is my fight to handle.

May: (Concerned) Nico.

---

Later after all that, I came back in.

Turbo Man: (to me) Have you calmed down? Or do we need to go to the Pride Lands without you?

Me: Yeah I'm fine. But May, I need to talk to you alone for a sec. In my room.

May: Okay.

Me and May went to my room.

In my room, Me and May were sitting on my couch.

May: What's up J.D.?

Me: I had a visit from Salem.

May gasped!

May: Are you sure!?

Me: Yes but she wasn't her evil self anymore.

---

I was resting in the Supreme Grand Tree of Harmony treehouse.

Me: (Sighs) Oh Nico. I don't know what to do. The very monster that caused you so much pain and grief is now inside your head and I don't know what to do.

?: J.D.?

Me: Huh?

I got up and turned and I saw the spirit of SALEM! She was back to her old self before she was evil and she had beautiful golden yellow angel wings!

Me: Salem?

Salem: Yes. I heard your call for help J.D. and I'm here to tell you about something important that will affect Nico.

Me: What is it?

Salem: In the coming days shortly after Nico defeats the Digimon Emperor, I was become Nico's Guardian Angel and protect him from any evil threats that will enter his mind. Think of it as my way of redeeming myself for all the evil I caused to Remnant. Nico saved me from myself. Now I will save him from every evil threat that comes into his mind and give him advice and help you all out whenever needed.

Me: That's a big step towards redemption. Nico did say that you would return as a better person one day when he destroyed you.

Salem: Yes he did. But you must tell May and only her and not anyone else of my return.

Me: I understand.

Salem: Thank you.

Salem vanished.

Me: Wow.

I went back to the estate.

FLASHBACK ENDS

May gasped.

May: Amazing. Nico is gonna have Salem as his Guardian Angel. That's incredible.

Me: It sure is. But we can't tell anyone about this. I promised I would tell you and only you.

May: Okay. Thank you for telling me J.D.

Me: You're welcome.

We went back down to the others.

Vulkanus, Whiteout, Atomic Skull, Po Kong, Pete and Mercurymon then appeared.

Vulkanus: Can me, Whiteout, Atomic Skull, Po Kong, Pete, and Mercurymon go with you guys?

Me: You all sure can. We're going to the world of The Lion King.

Atomic Skull: That's one of my all time favorites!

Nico: Mine too.

Jeri: It will be awesome to see Simba and everyone again.

Kion: It sure will. I can't wait to see dad.

Bunga: Yeah and Uncle Timon and Pumbaa.

Lana: And I am gonna have an eating contest with Timon and Pumbaa.

Lily: What kind of Eating Contest?

Lana: Eat the most bugs.

Lola and everyone: EW!

Laney: I still haven't gotten over that after you ate all of Oogie Boogie's bugs.

Me: Yeah but that's Lana for you. She eats anything.

Laney: True.

Me: First we're gonna watch the Lion King from when Simba was born all the way up to when he grows up.

Vulkanus: Cool! Are we watching the 1994 movie or the 2019 movie?

Me: 1994.

Marucho: Awesome!

We went to the simulator and we started watching.

**Askari**, better known as **Scar**, is the main antagonist of Disney's *The Lion King* franchise.

He serves as the main antagonist of Disney's 32nd full-length animated feature film *The Lion King*, the posthumous antagonist of its 1998 sequel *The Lion King II: Simba's Pride* and the overarching antagonist of both the 2004 prequel/parallel film *The Lion King 1½* and the animated television series *The Lion Guard*, initially serving as the posthumous overarching antagonist of Season 1, before being resurrected in the special *The Rise of Scar* and becoming the main antagonist of Season 2 and the posthumous overarching antagonist of Season 3, serving as the main antagonist of the premier *Battle for the Pride Lands* . He is also a cameo character in *The Lion King's Timon and Pumbaa* .

He is Mufasa's envious younger brother and Simba's uncle and arch-nemesis. The Fallen leader of the Lion Guard, his desire to rule Pride Rock drives him to enact a regicidal plot to kill both his brother and nephew to leave himself the sole royal in line for the throne as the "true" ruler.

Scar was born in the Pride Lands under the name Askari (according to *The Lion Guard* producer Ford Riley) to the then King and Queen of Pride Rock, who previously had another son named Mufasa. As the second-born child of the Lion King and/or Queen, Askari was traditionally assigned to lead the Lion Guard (whose first leader was Askari's namesake), a team of lions who protected the Pride Lands and defended the Circle of Life, while Mufasa, as the eldest cub, was destined to become the next king of the Pride Lands. Like all the previous leaders, Askari was granted a power known as the Roar of the Elders, which causes the lions of the past to roar along with him whenever he roared. However, having the Roar made Askari feel powerful, and that power eventually went to his head. Because of this, Askari grew to become quite arrogant and selfish, preferring to go out on patrols all alone instead of with his team and always expecting to be praised for all his actions. In addition, Askari was also jealous of Mufasa for being heir to the throne instead of him and secretly desired it for himself while carrying on with his duties.

Fall of Askari

Then one day while Askari was still an adolescent, during a solo scout in the Outlands, he encountered a mysterious lion who he'd never met before but apparently befriended quickly. The lion claimed to have wisdom and power, and believed that the most powerful lion should be the true ruler of the Pride Lands. He then stated that if he and Askari teamed up, then their alliance, along with the Roar, could overthrow Mufasa and enable them to rule in his place. Askari, who already had aspirations to be king, found this idea interesting, though he did not really plan on sharing his power with his new "friend". The lion then leads Askari deep into the Outlands, where, right next to an active volcano, he springs his trap by having his hidden ally, a mysterious blue cobra, strike at Askari's face, biting him on his left eye and giving him his trademark scar. The venomous bite had also poisoned Askari's mind, making him unable to control his darker emotions.

The lion then revealed his true plan: He and the cobra plan to use Askari as their pawn to take control of the Pride Lands for themselves by blackmailing him with a possible cure to the cobra's venom. But this plan ultimately backfired, as Askari was so enraged by the lion's deception, coupled by the venom, that he furiously roared at the lion and his cobra friend, blowing them away and causing the volcano to erupt, thus killing them both. Upon returning to Pride Rock, Askari told Mufasa about the ordeal and expected to be praised by all for vanquishing the two villains. But despite being impressed, rather than praising Askari, Mufasa instead patted his brother on the head, playfully mocked him by giving him a nickname based on his new facial scar and then walked away. Outraged at not being taken seriously, Mufasa's supposed lack of appreciation for him, and with the venom changing his personality for the worst, the furious and newly christened "Scar" grew to despise his brother completely and finally decided to overthrow him and become king of the Pride Lands.

## Rise of Scar

Scar held a meeting near a rock in the Outlands with the rest of his Lion Guard to explain his plan, but they refused to be a part of such a scheme, and also likely planned to stop him themselves. Outraged at being "betrayed" again, Scar used the Roar on his former comrades, blowing them all away and thus murdered them without a shred of remorse (this event also created Broken Rock, where Janja would meet Scar's great-niece Kiara years later). Unbeknownst to Scar, however, the Roar of the Elders was only ever meant to be used for good, and so by using it for evil and losing what little remained of his previous nobler side, Scar was stripped of this power completely. Scar looked in surprise when the Lion Guard mark on his shoulder vanished, which symbolized his loss of the Roar. He somehow kept the actual reason of losing both his companions and the Roar a secret from everyone else for some time, as evidenced that he was not punished for his heinous crime (though this secret was later discovered later on through unknown means by Simba and Rafiki).

Without his Lion Guard or the Roar, Scar was forced to come up with another plan to usurp Mufasa. Over the years, his bitter jealousy further twisted him into the selfish, power-hungry tyrant he is remembered for. In time, he found new allies in the form of the hyena clan, who he promised food in exchange for their services. Eventually, his plan to take the throne was then made even more difficult by the birth of Mufasa's son, Simba, causing him to hate his newborn nephew as he did his brother and thus planned to dispose of him as well.

### *The Lion King* Birth of Simba

In his debut, Scar is first seen after the presentation of his nephew Simba, catching a mouse and telling it that life is not fair as he shall never be King and the mouse will never see the light of another day. Before Scar can eat the mouse, he is confronted by Zazu, giving the mouse time to escape. Annoyed at losing his lunch, Scar attempts to eat Zazu, but is stopped by Mufasa, who confronts Scar over missing the ceremony. Scar claims that it must have slipped his mind. Zazu tells Scar that as the King's brother, he should have been first in line, to which Scar replies that he "was" first in line until Simba (whom Scar refers to as "the little hairball") was born. Mufasa replies that the "hairball" is his son and Scar's future King, to which Scar sarcastically replies that he will practice his curtsy. Scar attempts to leave, causing Mufasa to warn him not to turn his back on him, to which Scar replies that perhaps Mufasa shouldn't turn his back on him. When Mufasa demands to know if Scar was challenging him, Scar assures that he wouldn't even consider challenging his older brother, as he knows he will lose in any contest of strength with him. After this, Scar exits Pride Rock.

## Plot to Assassinate Simba

A few months later, Scar is visited by Simba, who tells him that Mufasa showed him around the whole kingdom. Scar, pretending to be a kind uncle asks Simba if Mufasa showed him the rise above the northern border, to which Simba says that Mufasa told him that he could not go there. Scar replies that only the bravest lions go there and reveal that the place is an elephant graveyard, but has Simba promise to not visit there, to which Simba says he won't. However, Scar, knowing that Simba will go to the Elephant Graveyard anyway just to prove his bravery, secretly orders his hyena minions, Shenzi, Banzai and Ed to kill the cub as part of his plan to overthrow Mufasa as king. But Simba and his friend Nala are saved by Mufasa, who scares off the hyenas and brings the cubs back home. It's then shown that Scar watched the whole thing on top and was very angry that his plan had failed.

Later that night, Scar goes to the hyenas and becomes quickly aggravated by their mentions of Mufasa being stronger than him and assumptions that they are actually friends. Though he is disappointed in their failure to murder Simba, he nonetheless gives them a zebra leg to eat for their services and loyalty. When the hyenas point out that killing the cub will be difficult as long as Mufasa is around, Scar agrees with them and sings his song "Be Prepared", revealing his intention to murder both Mufasa and Simba and claim the throne to himself. He also convinces the hyena trio and the rest of their clan to help him in his plan by promising that they will never go hungry again once he becomes the king.

Sometime later, Scar sets up another trap for Simba by convincing him stay inside a gorge by promising a surprise for him while ominously hinting his true intention by saying "it's to *die* for". He then approaches the hyena trio, who were secretly stalking a wildebeest herd just outside the gorge, giving the signal to chase them into the gorge, causing a stampede where Simba was. With that done, Scar alerts Mufasa to the incident and the two brothers along with Zazu race to the gorge to rescue him. Whilst Mufasa dives into the stampede to rescue Simba, Zazu declares that he will go and get help, but Scar knocks the hornbill out by hitting him against a wall to keep him quiet. He then watches Mufasa and Simba struggle to survive the stampede while following them on a ledge.

After Mufasa manages to get Simba and himself out of the stampede, he begins climbing to safety, but is unable to reach the ledge. Mufasa then looks up and spots Scar coldly staring at him and pleads for his brother to help him. However, Scar, seizing the opportunity presented by his usually powerful brother's helplessness, grabs hold of his paws and sinks his claws into them, which makes Mufasa roar in pain. Scar then leans over and gave his horrified brother a cruel smile before saying his most infamous line. He then heartlessly hurls Mufasa off the cliff back into the stampede, where he is trampled to death by the wildebeest while the horrified Simba watches.

Moments after the stampede is over, Scar goes into the gorge (most likely to make sure that Mufasa didn't survive) and finds the distraught Simba next to Mufasa's corpse, mourning his father's demise. As Simba did not see his uncle's action of throwing Mufasa, Scar manages to manipulate a devastated cub Simba into thinking Mufasa's death was his fault (as Simba had roared seconds before the stampede started), and he tells him to run away and never return, implying that he would kill him if he doesn't. The minute Simba is out of earshot, Shenzi, Banzai, and Ed appear and are ordered by Scar to kill Simba. However, Simba manages to escape the hyenas and they choose to not tell Scar of it, reasoning that Simba will die out in the desert anyway.

Believing Simba to be dead, Scar returns to Pride Rock and tells the pride that both their king and prince perished in the stampede, breaking the hearts of everyone present, especially Zazu, Nala and Queen Sarabi. He then "with a heavy heart", takes over Mufasa's throne, but promises that from this tragedy will rise a new era in where lions and hyenas shall live as one. As he makes this proclamation, the hyenas begin swarming Pride Rock as they make it their new home, thus breaking the Circle of Life, much to the horror of the pride.

## Reign of Scar

Though Scar promised that the lions and hyenas would live in harmony, the hyenas mostly acted as enforcers of Scar's rule while the lionesses were forced to hunt for larger amounts of food than usual to satisfy both species. This over-hunting ultimately resulted in the various species of the Pridelands to wander off, causing a famine that turns the kingdom from a lush ecosystem into a barren wasteland. Drought also had stricken the lands, and both the lions and hyenas are complaining over the lack of food or water left for them to feed on, despite Scar's promise to the hyenas that they'd never go hungry again. However, Scar refuses to accept any responsibility or do anything about it, and in addition, he also forbade any mention of Mufasa's name in his presence out of his hatred of his brother.

Despite Scar's unpopularity among the other lions, he developed a close relationship with the lioness Zira and her two cubs Nuka and Vitani, and thus she became his strongest supporter with many other lionesses backing her up. At some point, she gave birth to a male cub named Kovu, who Scar chose to be his heir despite not being his actual son.

During the final days of Scar's rule, as meals begin to become more skimpy, he traps Zazu in a bone cage and forces the hornbill to sing to him as he lies on his throne, picking his teeth with the bones of his previous meal. When Zazu accidentally slips Mufasa's name saying he never had to sing for Mufasa, Scar reacts with fury. Shortly after this, the hyena trio come before Scar, grousing about the land being bare of any food or water. Scar, however, blames the lionesses and insists that they'd eat Zazu to tide themselves over. When Banzai whispers Mufasa's name saying that the land was never like this under his rule, Scar slightly hears this and furiously demands them to leave immediately.

## Return of Simba and Battle for Pride Rock

When Simba returns to Pride Rock after being convinced by Nala, Rafiki and Mufasa's spirit, he arrives in time to witness Scar angrily summoning Simba's mother and his sister-in-law, Sarabi. After passing the snarling hyenas, she approaches Scar, and the false king demands to know why her hunting party hasn't brought any food back recently. Sarabi attempts to explain the famine situation which scar belives is the result of them not looking hard enough. She then says that in order to survive, they must leave Pride Rock in search of a new home. Scar, refusing to admit his fault, forbids anyone leave his kingdom. Sarabi states that he cannot do this as it would lead to the deaths of everyone in it, but Scar asserts that as the king, he has the privilege to do as he pleases. After Sarabi unfavorably compares Scar to her late husband, Mufasa, Scar loses his temper and brutally strikes Sarabi aside.

Just then, another lion appears and comes to Sarabi's defense. Scar initially mistakes the lion for the deceased Mufasa before discovering that he is in fact an older Simba. After realizing who the interloper truly was, the surprised Scar pretends to be happy to see Simba alive and well while also giving the hyena trio an angry glare for failing to kill Simba as ordered. When Simba threatens to maul Scar for striking his mother, Scar attempts to explain that the pressures of being the king have been difficult for him to bear, so Simba advises Scar to abdicate the throne to him and let him bear the responsibility. Scar pretends to agree with Simba's statement, but then points out the army of vicious hyenas looking down on them, saying that they firmly believe that Scar should remain as king, only to be rebuked by Nala, who states that Simba is the rightful ruler of the Pridelands with the other lionesses, including Sarabi backing her up (it's unknown where Zira and her followers were at this point).

Simba gives Scar a choice: either resign the throne or fight for it. Scar, unwilling to give up the power or fight Simba one-on-one, instead plays on Simba's guilt over the death of his father by questioning if it must end in violence and states how he would hate to be responsible for the death of another family member. Simba realizes what Scar was doing and says that it was not going to work, claiming that he had put the past behind him. When Nala asks what Scar is talking about, Scar acts surprised that Simba has not told the pride his little secret and says that now is his chance to tell them who was truly responsible for Mufasa's demise. Horrified by this, Sarabi approaches her son and demands him to tell her that what Scar was saying is false, but Simba, still believing Scar's lies, admits that it was his fault. Scar then accuses Simba of murder, but Simba insists that his role was entirely accidental. With a pack of hyenas backing him up, Scar backs Simba to the edge of Pride Rock, cruelly joking about how he was in trouble again and that his father wasn't there to save him. Simba then trips over but grabs the edge to keep from falling off at the same time a rogue lightning bolt strikes the dead trees below and lights the surrounding area on fire.

As Simba desperately clings on to the rock, Scar how familiar this scene was to him and remembers that it was the same way Mufasa looked before his death. Rather than allow Simba to simply lose his grip and fall to his death, Scar, hoping to taunt his nephew further and to presumably kill him personally, grabs hold of his nephew's paws and sinks his claws into them just as he did to Mufasa. He then leans over and whispering to Simba "his little secret": that it was he himself who really killed Mufasa. However, this act of cruelty and arrogance ultimately became his downfall as Simba, realizing that Scar had been manipulating him from the start, becomes incredibly enraged by this revelation. Empowered by his rage, Simba jumps from the edge of the cliff and pins Scar down while accusing his evil uncle of being the true murderer. Scar pleads for mercy, but Simba angrily demands that he confesses his crime to the pride. Scar was unwilling to confess, so Simba starts to choke his uncle by pressing his paw onto his throat, forcing Scar to announce the truth in a low tone. Simba demanded that he'd speak louder so that they could hear him, and so Scar boasts to everyone that he murdered Mufasa without remorse to everyone, which enraged the pride.

Upon this revelation, the hyenas pounced on Simba to save Scar, showing that they knew the truth the whole time as well. But at the same time, Nala leads the lionesses to fight off the hyenas and save Simba. As a full-on battle between the lions and hyenas ensues, Scar retreats from the scene and Simba tries to find him, only to be hindered by hyenas but then saved by Rafiki as well as his surrogate guardians, Timon and Pumbaa.

## Fall of Scar

Scar attempts to make his way to the top of Pride Rock unnoticed, but Simba spots him and gives chase. Despite reaching the top, he finds himself cornered by his nephew who angrily approaches him while ignoring Scar's pleas for mercy and reasoning that they were family. Scar then tries to pin Mufasa's death on the hyenas, saying it was their idea and that he was forced into it, but Simba refuses to believe another one of his lies. Unbeknownst to him, Shenzi, Banzai and Ed were present as he claimed this, making them realize that he had used them for his own gain.

Literally face-to-face with his angry nephew, Scar questions if Simba would actually kill his only uncle. Simba answers that won't, as he does not wish to become the same monster Scar was. Feigning gratitude, Scar asks what he could do to make up for all that he had done, possibly expecting to remain in the Pride Lands long enough to retake the throne. Simba, knowing fullwell that Scar cannot be trusted, banishes him from the Pride Lands by saying the same words that Scar said to Simba after Mufasa's death. Recoiling on this, Scar pretends to obey Simba's demand at first, but then manages to ambush Simba by throwing burning embers into his face before attacking him. Scar rams Simba's head and bites on his neck, but Simba violently slaps his face and rams into Scar, beginning the battle. The two engage in a vicious fight until Scar pushes Simba on his backside on the edge of Pride Rock. He then lunges at Simba, preparing to deal the final blow to secure his place as king, but Simba counters this and kicks Scar off of Pride Rock to the ground below.

Scar survives the fall, and as he struggles to his feet, the hyenas arrive. Scar greets his "friends" in a pleasant matter, but, to his horror, the hyenas reveal that they overheard Scar blaming his crimes on them. In their hunger and vengeance, they and the rest of the hyena clan begin surrounding their former leader with wide grins. Realizing his mistake, Scar desperately pleads for his life and attempts to explain his earlier statements, but to no avail, as the hyenas had enough of his treachery, lies, derogatory treatment, and broken promises. As they hyenas went in, they close in, leap upon Scar and rip him apart as flames rise around them. It's implied (based on Ed licking his lips) that Scar was eaten alive by the hungry hyenas for both his empty promises and betrayal, although he could also just have been mauled by his former sidekicks and subsequently burned to death.

After Scar's death, Simba takes his place as the rightful king of the Pride Lands and undoes all of Scar's careless mistakes, thus restoring the land back to its former glory.

### *The Lion King 2: Simba's Pride*

In the 1998 sequel, it is revealed that Scar has a pride of lionesses known as the Outsiders (led by his most loyal follower Zira) who were banished to the Outlands for their loyalty towards Scar. Also, Zira believes that Simba is responsible for Scar's death (unaware that the hyenas, not Simba, are the ones responsible) and plots to engineer Simba's downfall so that she can have her son Kovu take over as the new King as Scar had chosen the cub to be his successor, despite Kovu not being his biological son as confirmed by Nuka.

However, when becoming a young adult, Kovu has a change of heart after falling in love with Simba's daughter Kiara and soon learned about the truth about Scar's death and his true nature from Simba. Initially, Simba barely accepted Kovu in his pride, due to him being Scar's heir.

When Simba finally accepted Kovu, Zira and the other Outsiders ambushed him, leading Simba to hate Kovu again by believing that he was in on the ambush. In the final battle between the Pridelanders and Outsiders, Kiara and Kovu convinced the Outsiders to give up their grudge against the Pridelanders, except for Zira, who ends up falling to her death on the same gorge after she failed attempt to kill Simba. Despite Zira's death, both her and Scar's desire to have Kovu as their successor is most likely to come true, but not in the way as they expected as Kovu wants to carry on Mufasa's legacy and not Scar's, inspiring a touched Simba to accept Kovu as his new son-in-law and future successor.

Aside from being mentioned, Scar makes two appearances in the film. The first being in Simba's nightmare where he stops Simba from saving Mufasa from falling into the stampede, before turning into Kovu and throws Simba into the stampede after Mufasa. His second and final appearance is when Kovu is banished from the Pride Lands and gazes into a puddle, only to see Scar's reflection instead of his own.

### *The Lion King 1 1/2*

In the 2004 midquel, Scar is the overarching antagonist while

Shenzi, Banzai and Ed acted as the central antagonists. Scar made a few cameo appearances and he has a silent cameo, as the story shows the viewpoints of Timon and Pumbaa while Shenzi, Banzai, and Ed take on the role of the main antagonists. Scar's first appearance is when he cornered Simba at the cliff of Pride Rock before the battle began. He is later seen being chased by Simba across the peak of Pride Rock, and he is last seen tumbling over the edge of the cliff after being defeated by Simba before being eaten alive by the jaws of the hyenas. Upon seeing Scar fall, Pumbaa says "I think Scar is down and out!".

### *The Lion Guard* Season 1

Though Scar is long dead, his legacy had a big effect on his grand-nephew, Simba's son, Kion. After gaining the power of The Roar and learning of Scar's past and his misuse of the roar, Kion becomes incredibly cautious about using the Roar for good instead of evil.

In the first season episode "Lions of the Outlands", Scar is mentioned to have had a close relationship with Zira and told her about the Roar of the Elders and how he lost it. This explains why she was so loyal to him in the second movie.

### Season 2

In the third episode of Season 2, Scar's evil spirit returns and becomes the main antagonist of the series.

### *The Rise of Scar*

Finally growing tired of being hurt anytime he is near the Lion Guard and after discovering Kion's secret of speaking to his grandfather Mufasa's spirit, the snake Ushari starts wondering how he can use that information for his own benefit. He eventually runs into Janja and his Clan and, in order to save himself from being eaten, Ushari starts trying to bargain with Janja, telling him of Kion's secret. The pair wonder if they can bring Scar, who "aided" the hyenas in his time, back to life and do some research. Eventually, they learn that to summon Scar, they need fire, a Bakora Staff and Kion to use the Roar of the Elders. Knowing that Kion's roar is most powerful when his loved ones are threatened, Janja's clan kidnaps Kiara and steals the Bakora Staff of Rafiki's apprentice Makini and return to their volcano lair.

Although the Lion Guard rescue Kiara, Janja warns Kion that he and his clan will keep coming back again to harm his family, causing Kion to unleash the Roar of the Elders in anger in the lair, causing the volcano to erupt. After the Guard leaves, Ushari starts to use the Bakora Staff to try and summon Scar, but nothing happens. Furious, Janja grabs the staff and kicks it into the volcano, but this proves to be the final part of the ritual. From the depths of Hell, Scar's face appears in smoke and fire and introduces himself to Ushari and Janja.

*Let Sleeping Crocs Lie*

Now that he's revived, Scar begins to plot to get his revenge on Simba and reclaim control over the Pride Lands, first forming an alliance with Ushari and Janja and his clan. Upon learning from Ushari's skink spies that the Lion Guard has accidentally awakened Makuu and his float from their hibernation during the dry season, Scar sees this as an opportunity to wreak havoc in the Pride Lands and orders the Skinks to keep watch on the situation and inform him of any changes. Scar is optimistic that the Lion Guard's mistake would lead to the end of Simba's reign, but is then slightly annoyed by Ushari's claims that the reptiles would rule the Pride Lands.

When informed that Kiburi, a rebellious member of Makuu's Float, had challenged the latter to a Mashindano, Scar decides this is the perfect opportunity to get rid of Simba, knowing that many Pride Landers, as well as the royal family, will be in attendance. He orders Ushari to trick Kiburi into believing that if he killed Simba, he will rule the Pride Lands. However, while Ushari succeeds in tricking Kiburi, the plan ultimately fails due to the Lion Guard's interference. This also causes Kiburi and his three crocodile followers to be banished from both the crocodile float and the Pride Lands forever.

On their way in the Outlands, Kiburi and his followers run into Ushari again, who takes them to the volcano, where Scar reveals himself to them. Singing "I Have A Plan", Scar explains his revenge plan to Janja, Ushari, Cheezi, Chungu, Kiburi and his followers, explaining his scheme to unify all of the animals in the Outlands. With an army of henchmen at his side once more, Scar seeks to ignite a hostile takeover of the Pride Lands to reclaim the kingdom as his own domain and break the Circle of Life for good.

### *Swept Away*

Upon learning from one of Ushari's Skinks spies that Beshte has ended up in the Outlands alone, Scar sees this as a good opportunity to eliminate the strongest of the Lion Guard, which would weaken it greatly. When questioned by Cheezi and Chungu about how they're going to do that, Scar irritably reminds them that it is the dry season and too much sun weakens hippopotamuses. As Beshte already seems to trust Ushari's Skinks, Scar decides to take advantage of this and then explains his plan: the Skinks will lure Besthe to the Rocky Plateau where Janja, Cheezi, and Chungu could trap and crush him by dropping rocks.

The plan nearly succeeds but is ultimately thwarted when the rest of the Guard arrives just in time and Kion uses the Roar of the Elders to send the hyenas flying away. After landing near the volcano, Janja, Cheezi, and Chungu decide not to return to Scar immediately, knowing that he will be so furious at them for their failure. Unfortunately for them, as they begin to walk away, Ushari arrives and coldly informs them that Scar wishes to speak to them now and is not happy. A small eruption can be seen at the top of the volcano, apparently confirming this.

### *Rescue in the Outlands*

Wanting to further expand his army, Scar sends Janja, Cheezi, and Chungu in search of Reirei's Pack, wanting to get them on his side. During their search for the jackals, Janja and his goons stumble on Jasiri, who marks the area as her turf (something which Janja forgot to do) and defeats and sends them back to the volcano when they try to get it back. Upon hearing about Jasiri, Scar, at first, sees her as a possible valuable ally, but Janja reveals that Jasiri is friends with the Lion Guard and also respects the Circle of Life, unlike the other Outlanders (singing "The Worst Hyena We Know" in the process). With this information, Scar decides that she is a threat that must be eliminated, and orders Janja to get rid of her immediately with his entire clan, as he perfectly understands that Jasiri is too strong for only him, Cheezi, and Chungu. As they leave, Scar coldly warns Janja to not disappoint him again.

Janja and his clan nearly succeed in getting rid of Jasiri and also two hyena cubs named Tunu and Wema at the same time, but ultimately fails, as Madoa (Jasiri's sister) secretly escapes to warn the Lion Guard, who save Jasiri and the two cubs and chase Janja's clan away.

### *The Bite of Kenge*

Scar stops an argument between Janja and Ushari and learns from the hyenas that they have discovered a supply of watermelons intended for the elephants through the Dry Season. Scar sees this as the potential to break the Circle of Life by removing the watermelons from the Pride Lands as this will cause the elephants to become dehydrated as a result. He orders Janja and his goons to return and steal all of the watermelons. But Janja is hesitant as the Lion Guard had already prevented them from doing so earlier and will probably be waiting for them. Ushari then reveals having a friend who can help and will not disappoint them. Satisfied, Scar orders Ushari to find his friend Kenge and tell him to deal with the Lion Guard.

### *The Morning Report*

Scar orders Janja and his hyenas to kidnap Zazu. When Janja questions him on what to do next, Scar orders him to interrogate Zazu. Although this annoys Janja, Scar explains that being Simba's royal adviser, Zazu is "keeper of all the secrets of the Pride Lands", and that the information Zazu could disperse would make it easy for them to take over the Pride Lands. He then tells Janja to hurry as the Lion Guard must already be looking for Zazu. The bird is saved at the last moment by the guard.

### *Divide and Conquer*

Scar sends Janja's clan and Reirei's pack into the Pride Lands to eliminate Rafiki as he can sense Lions of the Past. Luckily, Rafiki and The Lion Guard are able to defeat the two groups. However, during the battle, Janja tries to escape, only for Scar to appear and berate him for being cowardly, unaware that they are being watched by Kion.

*The Scorpion's Sting*

Scar gathers up all his minions at the volcano and reveals his newest plot to destroy both Simba and the Lion Guard during the anniversary of Simba's victory of over Scar. When Janja asks how they are going to accomplish, Scar reveals that he brought in some help in the form of Sumu, a deadly scorpion, to sting Simba.

After Sumu accomplishes his job, the Lion Guard and Makini head to the Outlands to get volcanic ash to heal Simba, and Scar sends his minions to slow down the heroes. After beating Kiburi's float, Reirei's pack, and Janja's clan, the Lion Guard and Makini arrive at the volcano, where they gather some volcanic ash and get ready to leave, when suddenly, Scar appears from the volcano to greet them. Kion recognizes Scar, but decides not to fight him and prepares to leave, only to be surrounded by Scar's minions. When Kion decides to use the Roar, Scar warns him of the side-effects of using it in a volcano, but the lion cub surprises him by using the Roar in a way he never thought possible, and is able to clear a path, defeating Ushari, the skinks, Kenge, Kiburi's float, Reirei's pack and Janja's clan in the process. In a last resort, Scar orders Mzingo and his flock to get the gourd with the ash, but when the vultures are defeated, Scar states in frustration that the war has just begun.

*The Kilio Valley Fire*

Scar orders his minions to set fire to the Kilio Valley (the Pride Lands's elephants' home). After they succeed in doing so, he rises from the small flame of a remaining flaming stick that was thrown to the ground by a member of Mzingo's flock named Mwoga and praises them for their victory before ordering them to remain in Kilio Valley. When being questioned by Kiburi and Reirei, Scar reveals that his plan is to take over the Pride Lands piece by piece so that the Lion Guard will have nothing left to defend the Circle of Life and protect the Pride Lands.

*Undercover Kinyonga*

Scar summons Janja and his clan back to the volcano. He stops a brief argument from Ushari and Janja (as the cobra was berating the hyena for being late), stating he has no time for "these ridiculous arguments". He then orders Janja to enter the Pride Lands with his entire clan, enter the riverbank above Hakuna Matata Falls at night, and push the rocks into the river until it stops the water from flowing as this will cut off major water supply during the middle of the dry season, which will thus cause the Pride Landers to get thirsty and will plunge the Pride Lands into unrest, desperation, and chaos. However, Scar is unaware that a female chameleon named Kinyonga, who is spying on him by using her camouflage ability, has heard everything and is planning to expose it to the Lion Guard so they can foil his scheme.

Soon after the plan has been confirmed, however, Shupavu and her group notice Kinyonga's shadow against a wall, and brings her to the attention of Scar, who then asks to know who dares to spy on him. Ushari then commands them to stop the intruder, and the skinks pursues Kinyonga out of the volcano but ultimately fails to apprehend her.

### *The Hyena Resistance*

Scar orders a three-sided attack to take over Mizimu Grove, with Janja's leading. However, Janja's clan gets blocked by a rock slide caused and is forced to return to the volcano. When Janja tells Scar the bad news, the latter gets extremely angry and fiercely roars at the hyena, knocking him away. Scar almost grows angry at Kiburi too, who saves himself by stating that the problem was that the plan did not go as planned. Scar then orders another attack, this time on Big Springs, with Kiburi leading. Once again, the attack is thwarted. Scar then orders another attack under Reirei's leadership, but the same thing occurs.

After the three failed attacks, Jasiri celebrates the Hyena Resistance's success with Kion on the border of the Outlands and the Pride Lands. Unbeknownst to them, Njano and Shupavu overhear the conversation and report back to Scar. Scar then questions Janja on Jasiri's status, as Janja had previously reported that Jasiri had fallen into a lava pit along with some hyena cubs. Janja then fearfully confesses that the Lion Guard had come to save her meaning he lied. Furious, Scar then orders Janja to takes care of her and her clan for good, by playing them at their own game. He tells Janja to announce that he and his clan will be attacking Mizimu Grove again, but will instead attack her and her clan while the Lion Guard is at the grove. Janja gets confused initially, but Scar soon makes it clear. After telling him to also bring the jackals and crocodiles with him and his clan, Scar coldly warns Janja not to fail again.

### *The Underground Adventure*

After hearing From Shupavu and Njano that Kion, Bunga, Kiara, Tiifu, and Zuri are at the mud pots at the edge of the Pridelands, Scar orders Njano to fetch him a vulture, who will be delivering a "gift of fire" to Kion and his companions. Kion and his friends barley escape the fire.

### *Beshte and the Beast*

Scar is furious when he hears that Janja's clan, Reirei's pack and Kiburi's float were defeated again. They then explain that it was actually a very big and strong gorilla named Shujaa who defeated them, not the Lion Guard and that he was able to tear apart the landscape easily. Scar's fury turns into interest and excitement upon learning this. Since the gorilla is destroying the Pride Lands while he's trying to help the Lion Guard, Scar orders his army to keep attacking so the gorilla can make more damage.

### *Pride Landers Unite!*

Scar's spies Shupavu and Njano find out about Kion leading a small group of pridelands animals to help fight Scar's army. He orders the hyenas, jackals and crocodiles to go to Makuu's watering hole and they attempt to take it over which fails in the end.

### *The Queen's Visit*

Scar's spies discover a water treaty between the backlands and the pridelands with a rare leucistic/golden zebra named Dhahabu and demands that it must be put to an end, so he sends the jackals to try and kill Dhahabu but then Raha and Starahe, two zebra siblings that are Dhahabu's best friends, stop the jackals and Dahabu is saved.

### *The Fall of Mizimu Grove*

Scar orders his army to ruin the event after hearing the news of Makini's Mpando Mpaya from the skinks. During the battle, small flames fall from the sky, setting Mizimu Grove on fire and destroying it. Scar then appears in the flames, making himself known to of all the Pride Landers and confronts Simba for the first time since his return. When Simba demands to know what Scar wants, Scar taunts his nephew by calling him naïve and listing his success in destroying first the Kilio Valley, then the Mizimu Grove, and now Big Springs. He then leaves laughing after declaring that soon all the Pride Lands will be his again. However Simba tells him that he already lost his home by letting him take over a long time ago but he won't let him do it again. Scar disagrees because the Pride Lands will belong to him again. Terrified to learn that Scar has returned, the Pride Landers panic and consider leaving the Pride Lands.

## Season 3

In the premier of Season 3, Scar finally meets his end, but becomes a posthumous antagonist after setting off a chain of events.

### *Battle for the Pride Lands Part 1*

In the beginning of the episode, Ushari discusses his concerns of Kion preparing to attack the Outlands and the possibility of Janja joining sides with him. but Scar assures that he is always "two steps ahead" of their opponent. When Janja walks in with Shupavu, Scar tells him that it is time for another attack, though Janja insists that he and his clan should have a break. After slipping word that Kion can destroy Scar by roaring at him, Scar orders Janja to go to the Lair of the Lion Guard and block the guard from getting out, and also orders Shupavu to gather his other lieutenants for him. After Janja leaves, Scar reveals to Ushari that he plans to destroy not only the royal family and the Lion Guard, but also Janja and his clan to prevent them from betraying him. Ushari questions what they will do if this plan fails, but Scar insists that he already has a backup plan in mind.

Janja does as he's told, but then realizes Scar's treachery when both his clan and the Lion Guard become entrapped in the lair by a fire that the rest of the army started, so he goes to Jasiri for help, though the hyenas and the guard escape though the watering hole. Once all of Pride Rock is engulfed in flame, Scar appears from the blaze and taunts Simba over the deaths of his son and his team, only for them to reveal that they survived, though he doesn't seem to be surprised. Scar advises Kion to lead everyone out of the Pride Lands so that he and his army can take it, but Kion refuses to surrender to him. He then gloats that the young lion cannot defeat him, but knows where to find him should he attempt it, then disappears into the smoke. Janja arrives with Jasiri and, with Jasiri and Makuu backing him up, he informs the Pride-Landers of Scar's "weakness", and so they all move ahead with the plan to invade the Outlands.

*Battle for the Pride Lands Part 2*

However, Scar anticipated that Janja would join sides with the Pride-Landers and reveals to Ushari that he lied to the hyena about how to defeat him so that Kion's roar would cause the volacano to erupt, killing everyone around it, including his own army, and turn the Pride Lands into a fiery wasteland. He also reveals to Ushari (through the song, "When I Led the Guard") about how he became the evil lion that he is and prepared to recreate the event by having Ushari bite Kion on the eye, thus ensuring that he will roar at Scar whether he wants to or not.

As the Pride-Landers fight against Scar's army, Shupavu informs Scar of the incoming Lion Guard. Scar orders her to have her skinks to intercept them to keep up the illusion that he doesn't wish Kion to get to him, and orders Ushari to get into position for his sneak attack on Kion. After defeating the skinks, the Lion Guard then enter the mountain to confront Scar, who keeps the Lion Guard distracted long enough until springing his trap by signaling Ushari to strike at Kion's face. Bunga wrestles the cobra off of Kion but is too late; Kion's left eye was permanantley scarred much Scar's was. Scar then gloats on how he and Kion are now the same, though Kion insists that they are nothing alike.

As Kion's scar begins to hurt, Scar demands that Kion accept his destiny down the path of evil, but Kion, remembering Mufasa's advise to stay true to himself and not fight Scar with his own methods, then realizes how he can defeat Scar. First, he surprises Scar by saying he forgives him, much to his grand uncle's astonishment, and then states that he can't judge Scar for his actions, but that the Great Kings of the Past should do so. Kion then gently blows to the sky above to summon the lions of the past, who then do the same to summon a rainstorm that puts out Scar's fire. Realizing now that he's doomed once again (and this time forever), Scar furiously tells Kion that he will eventually see that the Roar is a curse as Scar himself let the power of the Roar get to his head, and that Kion will suffer the same fate as Scar once had. With his last words, Scar declares that he and Kion will be the same before he vanishes away into steam, erased from existence. Ushari attempts to avenge his fallen master by striking at Kion again, but Bunga intercepts and they both fall into the volcano. Though Ushari perishes, Ono was able to save Bunga, though the cost his eyesight becoming damaged by the smoke. The Lion Guard the look at the lava which had the symbol of Scar glowing in it until it hardens up, thus signafying Scar's ultimate demise.

Post-Defeat In the following events, Jasiri becomes the new leader of the Outlands and Kion soon learns that he's losing control of the Roar due to the venom in his scar, which makes him wonder whether Scar is right about the Roar being a curse or not. Fortunately, Kion and his friends head over to the Tree of Life, where he finds a cure to negate the venom. After Makucha, Mama Binturong and Zira were defeated, Kion passed down the title as leader of the Lion Guard to Zira's daughter, Vitani while he becomes King of the Tree of Life, thus leaving Scar's plans for conquest and chaos in vain.

---

**Scar** : Life's not fair, is it? You see I - well, I… shall never be King. [ *exhale lightly* ] And you… shall never see the light of another day. [ *closed-mouth laughter. Starts to place the mouse on his extended tongue* ]… Adieu… [ *quiet laugh* ]

Me: (Growls) SCAR!

Eli: I will always hate him!

Me: We all will.

**Zazu** : [ *Interrupting* ] Didn't your mother ever tell you not to play with your food?

**Scar** : [ *Light sigh. The mouse is under his paw.* ] What do you want?

**Zazu** : I'm here to announce that King Mufasa is on his way. [ *bows* ] … So you'd better have a good excuse for missing the ceremony this morning.

[ *The mouse runs away from Scar* ]

**Scar** : Oh now look, Zazu; you've made me lose my lunch.

**Zazu** : Hah! You'll lose more than that when the King gets through with you. He's as mad as a hippo with a hernia.

Me: Ooh good analogy.

**Scar** : Oooh… I quiver with FEAR.

[ *On "FEAR" Scar crouches down and is baring his teeth at Zazu.* ]

**Zazu** : [ *Very concerned* ] Now Scar, don't look at me that way… HELP!

[ *Scar quickly pounces on the bird, catching him in his mouth.* ]

**Mufasa** : [ *Almost immediately and off-camera* ] Scar!…

**Scar** : [ *Mouth full* ] Mm-hmm?

**Mufasa** : Drop him.

**Zazu** : [ *Speaking from Scar's mouth* ] Impeccable timing, your majesty.

[ *Scar spits the bird out, covered with saliva* ]

**Zazu** : [ *Slimed* ] Eyyccch.

Me: Yuck.

**Scar** : [ *Sarcastically overjoyed* ] Why! If it isn't my big brother descending from on high to mingle with the commoners.

**Mufasa** : Sarabi and I didn't see you at the presentation of Simba.

**Scar** : [ *Faking astonishment* ] That was today? Oh, I feel simply awful.

[ *He turns and start scraping his claws on the rock wall. Zazu cringes at the sound.* ]

Me: (Cringes) OW! That hurt!

Lisa's glasses cracked.

She put on a backup pair.

Nico: I've always hated that sound.

**Scar** : [ *Admiring his claws* ]… Must have slipped my mind.

**Zazu** : Yes, well, as slippery as your mind is, as the king's brother, you should have been first in line! [ *Scar clicks his teeth at Zazu, who has flown near his face. Zazu takes cover behind Mufasa's foreleg. Scar bends down to speak to him.* ]

**Scar** : Well, I was first in line… until the little hairball was born.

**Mufasa** : [ *Lowering his head and meeting Scar eye to eye* ] That "hairball" is my son… and your future king.

**Scar** : Ohh, I shall practice my curtsy. [ *Scar turns away and starts to exit* ]

**Mufasa** : [ *Warning* ] Don't turn your back on me, Scar.

**Scar** : [ *Looking back* ] Oh, no, Mufasa. Perhaps YOU shouldn't turn YOUR back on me.

**Mufasa** : [ *Roars and literally jumps in front of Scar, baring his teeth for the first time* ] Is that a challenge?

**Scar** : Temper, temper. I wouldn't dream of challenging you.

**Zazu** : Pity! Why not?

**Scar** : [ *Looking at Zazu* ] Well, as far as brains go, I got the lion's share. But, when it comes to brute strength [ *looking at Mufasa* ]… I'm afraid I'm at the shallow end of the gene pool.

[ *Exit Scar* ]

Me: He's such a coward.

Lana: Yeah!

Jeri Katou: And a jerk.

**Zazu** : [ *Deep sigh* ] There's one in every family, sire. Two in mine, actually. [ *perches on Mufasa's shoulder* ] And they always manage to ruin special occasions.

**Mufasa** : [ *Formally* ] What am I going to do with him?

**Zazu** : He'd make a very handsome throw rug.

**Mufasa** : [ *Chiding* ] Zazu.

**Zazu** : And just think. Whenever he gets dirty, you could take him out and beat him.

[ *They exit, chuckling. Pan out into open savannah.* ]

[ *Rise in music- "This Land" track- with theme stated in African flute, it broadens eventually with chorus and full orchestra. We see a rainstorm gently crossing the savannah. Multiplane as the thunder rumbles. Camera approaches to Rafiki's baobab tree. Camera switch to inside the tree. Rafiki is doing hand paintings on the wall. We see he is completing a lion cub.* ]

**Rafiki** : [ *Mutters to himself, in which the word "Simba" can be heard* ] Hmm… Ah heh-heh-heh-heh-heh… [ *completing the ceremonial crown in the painting* ] Simba.

[ *Horns and brass close theme in a stately manner with a decrescendo. Fade to black keeping the painting of the cub as a crossover to the fade in of Pride Rock in early morning* ]

[Simba is seen coming out on the rock. He runs back into the cave and leaps over several of the lionesses, accidentally jumping on a few.]

**Simba** : Dad, dad. Come on, Dad, we gotta go. Wake up.

**Random Lioness** : Oomph.

**Simba** : Sorry, oop.

[Simba starts to wake Mufasa]

**Simba** : Dad? Dad. Dad, Dad, Dad, Dad, Dad, Dad, Dad, Dad-

**Sarabi** : {Over Simba's endless noise of "Dad"s, sleepily} Your son is awake.

**Mufasa** : *(Also sleepily)* Before sunrise, he's your son.

**Simba** : Dad? Dad, Come on, Dad. {tugs at Mufasa's ear.} Daa-Whoa.

{He loses his grip on Mufasa's ear, and slips and crashes into something off camera. He then comes running back on screen and butts Mufasa. Mufasa sleepily eyes his son.}

**Simba** : You promised.

**Mufasa** : {Seeing his son's impatience} Okay, okay. I'm up. I'm up.

**Simba** : Yeah.

Jeri: (Laughs) Simba was so cute back then.

Me: He sure was.

Kion: That's dad for you.

{Mufasa yawns a well-recorded lion yawn. Mufasa and Sarabi follow

Simba up to the top of Pride Rock. Simba rubs up against Sarabi; she nudges him ahead and stays behind. Departing shot of her, with a loving expression. The sunrise illuminates the summit (top) of Pride Rock impressively. Both Simba and Mufasa are on the point. Cue music.}

**Mufasa** : Look, Simba. Everything the light touches is our kingdom.

**Simba** : Wow.

{The camera revolves around them, during Mufasa's speech, from a reverse view to a frontal shot.}

**Mufasa** : A king's time as ruler rises and falls like the sun. One day, Simba, the sun will set on my time here, and will rise with you as the new king.

**Simba** : And this will all be mine?

**Mufasa** : Everything.

**Simba** : Everything the light touches. {Simba looks all around. He views the rip-rap canyon to the north} What about that shadowy place?

**Mufasa** : That's beyond our borders. You must never go there, Simba.

**Simba** : But I thought a king can do whatever he wants.

**Mufasa** : Oh, there's more to being king than getting your way all the time.

{Mufasa starts back down the rock}

**Simba** : {Awed} There's more?

**Mufasa** : {Chuckles} Simba.

{Camera switch. Mufasa and Simba are out walking on the savannah.}

**Mufasa** : Everything you see exists together, in a delicate balance. As king, you need to understand that balance and respect all the creatures from the crawling ant to the leaping antelope.

**Simba** : But, Dad, don't we eat the antelope?

**Mufasa** : Yes, Simba, but let me explain. When we die, our bodies become the grass. And the antelope eat the grass. And so we are all connected in the great Circle of Life.

Me: Ain't that the truth.

**Zazu** : {Lights on a nearby rock} Good morning, sire.

**Mufasa** : {Formally} Good morning, Zazu.

**Zazu** : Checking in with the morning report.

**Mufasa** : Fire away.

**Zazu** : Well, the buzz from the bees is that the leopards are in a bit of a spot.

{Zazu's speech will continue through without stop. Simba's and Mufasa's conversation is the focus.}

**Mufasa** : {Distracted} Oh, really?

{Simba, uninterested in Zazu, pounces at a grasshopper and misses}

**Zazu** : {Continuing, not noticing Mufasa's lack of enthusiasm} And the baboons are going ape over this. Of course, the giraffes are acting like they're above it all.

**Mufasa** : {To Simba} What are you doing, son?

**Simba** : {Disappointedly looking in his empty paws} Pouncing.

**Mufasa** : Let an old pro show you how it's done.

**Zazu** :… The tick birds are pecking on the elephants. I told the elephants to forget it, but they can't.

**Mufasa** : Zazu, would you turn around?

**Zazu** : {Respectfully} Yes, sire. {Continuing immediately} The cheetahs are hard up, but I always say---

**Mufasa** : {Whispering} Stay low to the ground.

**Zazu** : Cheetahs never prosper.

**Simba** : {Whispering} Okay, stay low to the ground, right, yeah.

**Zazu** : {Realizing something is amiss} What's going on?

**Mufasa** : A pouncing lesson.

**Zazu** : Oh very good. Pouncing. {Realizing} Pouncing? Oh no, sire, you can't be serious.

{Mufasa motions for Zazu to turn back around.}

**Zazu** : OI, this is so humiliating.

**Mufasa** : *(Still whispering)* Try not to make a sound.

Me: (Whispering) Ooh this is gonna be good.

**Zazu** : What are you telling him, Mufasa? {Looking around uneasily-Simba and Mufasa seem to have disappeared.} Mufasa? Simba?

{Simba does a full pounce leaving Zazu stunned on the ground}

**Mufasa** : Ha ha ha ha ha. That's very good. Ha ha ha…

{A gopher emerges under Zazu.}

**Gopher** : Zazu.

**Zazu** : {Exasperated} Yes?

**Gopher** : {Saluting} Sir, news from the underground.

**Mufasa** : {To Simba} Now, this time-

**Zazu** : {Interrupting and with urgency} Sire, hyenas. In the Pride Lands.

Me: Uh oh!

Kion: Those stupid hyenas! We get enough problems from Janja and his group.

Ono: But Jasiri and her team are friends.

Jeri Katou: True.

**Mufasa** : {Serious now} Zazu, take Simba home.

**Simba** : Oh, Dad, can't I come?

**Mufasa** : {Curtly} No, son.

{Mufasa heads off at a full gallop}

**Simba** : I never get to go anywhere.

**Zazu** : Oh, young master, one day you will be king; then you can chase those slobbering mangy stupid poachers from dawn until dusk.

{They head off. Camera pulls back to wide view of savannah.}

{Camera change to Scar on his overhanging rock ledge. We see Scar pace once and kick an old bone off the edge.}

{Enter Simba}

**Simba** : Hey, Uncle Scar. Guess what?

**Scar** : I despise guessing games.

**Simba** : I'm going to be king of Pride Rock.

**Scar** : {Sarcastically} Oh, goody.

**Simba** : {Looking out over the edge of the rock} My dad just showed me the whole kingdom; {stingily} and I'm gonna rule it all. Heh heh.

**Scar** : Yes. Well, forgive me for not leaping for joy. Bad back, you know.

{Scar flops down on his side.}

**Simba** : Hey, Uncle Scar? When I'm king, what'll that make you?

**Scar** : A monkey's uncle.

**Simba** : Heh heh. You're so weird.

**Scar** : You have no idea. So, your father showed you the whole kingdom, did he?

**Simba** : Everything.

**Scar** : He didn't show you what's beyond that rise at the northern border?

**Simba** : {Disappointed} Well, no. He said I can't go there.

**Scar** : And he's absolutely right. It's far too dangerous. Only the bravest lions go there.

**Simba** : Well, I'm brave. What's out th-

**Scar** : {Rudely interrupting} No, I'm sorry, Simba, I just can't tell you.

**Simba** : Why not?

**Scar** : Simba, Simba, I'm only looking out for the well-being of my favorite nephew.

{Scar rubs and pats Simba's head}

**Simba** : {Snorts in a smart-alecky way} Yeah, right, I'm your only nephew.

**Scar** : All the more reason for me to be protective… An elephant graveyard is no place for a young prince… {faking surprise} Oops.

**Simba** : {Enthusiastic} An elephant what? Whoa.

**Scar** : {Faking dismay} Oh dear, I've said too much. Well, I suppose you'd have found sooner or later, you being so clever and all. {pulling Simba near} Oh, just do me one favor. Promise me you'll never visit that dreadful place.

**Simba** : {Thinks} No problem.

**Scar** : There's a good lad. You run along now and have fun. And remember… it's our little secret. {Simba leaves the rock, Scar walks away with a wicked smile. Menacing music.}

{Simba is running down the slope of the bottom part of Pride Rock. He runs down towards two lionesses (Sarabi and Sarafina). Sarafina is giving Nala a bath. Music is light, almost jazzy. Pan flute lead.}

**Simba** : Hey, Nala.

**Nala** : Hi, Simba.

**Simba** : Come on. I just heard about this great place.

**Nala** : {Through clenched teeth} Simba! I'm kind of in the middle of a bath.

**Sarabi** : And it's time for yours.

{Simba tries (too late) to get away; Sarabi bends down and grabs him. She proceeds to give the struggling cub a bath.}

**Simba** : Mom. Mom, you're messing up my mane.

{Sarabi smiles.}

**Simba** : Okay, okay, I'm clean. Can we go now? Nala: So where are we going? It better not be anyplace dumb.

**Simba** : No. It's really cool.

**Sarabi** : So where is this "really cool" place?

**Simba** : Oh. {thinks} Uh… around the water hole.

**Nala** : The water hole? What's so great about the water hole?

**Simba** : {Whisper} I'll show you when we get there.

**Nala** : {Whisper} Oh. {Normal} Uh, Mom, can I go with Simba?

**Sarafina** : Hmm, what do you think, Sarabi?

**Sarabi** : Well?

**Nala and Simba** : {through broad, forced grins} Please?

**Sarabi** : It's all right with me.

{Nala and Simba are overjoyed}

**Nala** : All right.

**Simba** : Yeah.

**Sarabi** : As long as Zazu goes with you.

{Simba and Nala stop dead in their celebration}

**Simba** : No, not Zazu.

Me: This part is cute.

*(Camera is at a ground angle slightly behind the cubs walking towards the water hole. Zazu is visible in the sky overhead.)*

**Zazu** : Step lively. The sooner we get to the water hole, the sooner we can leave.

*(Camera angle changes to the cubs from an immediate real view.)*

**Nala** : *(Whisper)* So where we really going?

**Simba** : *(Whisper)* An elephant graveyard.

**Nala** : (Loudly) Wow.

**Simba** : *(Whisper)* Shh! Zazu.

**Nala** : *(Whisper)* Right. So how are we gonna ditch the dodo?

*(Camera switch to just above Zazu. We hear the cubs whispering back and forth below.)*

**Simba** : *(Whisper)* Oh, I know how we can -

**Zazu** : *(Flying down)* Oh, just look at you two. Little seeds of romance blossoming in the savannah. Your parents will be thrilled… *(He lands in front of them.)*… what with you're being betrothed and all.

**Simba** : Be-what?

**Zazu** : Betrothed. Intended. Affianced.

**Nala** : Meaning…?

**Zazu** : {As though holding on to his coat lapels} One day, you two are going to be married!

**Simba** : Yuck!

**Nala** : Ewww.

Me: Well it is part of their destiny.

**Simba** : I can't marry her. She's my friend.

**Nala** : Yeah. It'd be too weird.

**Zazu** : Well, sorry to burst your bubble, but you two turtle-doves have no choice. It's a tradition…

{Simba mimics Zazu during these last words}

**Zazu** :… going back generations.

**Simba** : Well, when I'm king, that'll be the first thing to go.

**Zazu** : Not so long as I'm around.

{Start fading in intro to "I Just Can't Wait to Be King"}

**Simba** : Well, in that case, you're fired.

**Zazu** : Hmmm… Nice try, but only the king can do that. {Pokes Simba's nose}

**Nala** : Well, he's the future king.

Me: He will have that kind of authority in the future.

Nico: He sure will.

**Simba** : Yeah. {Thumping Zazu's chest} So you have to do what I tell you.

**Zazu** : Not yet I don't. And with an attitude like that, I'm afraid you're shaping up to be a pretty pathetic king indeed.

**Simba** : Hmph. Not the way I see it.

{Full song, colors change to wild pop-African. Background abruptly becomes surreal, brightly-colored cartoon style.}

**Simba** : I'm gonna be a mighty king

So enemies beware!

**Zazu** : Well, I've never seen a king of beasts

With quite so little hair

{Plucks Simba's hair where a mane would be}

{Simba gets a mane of leaves}

**Simba** : I'm gonna be the mane event

Like no king was before

{Climbs a log}

**Simba** : I'm brushing up on looking down

I'm working on my ROAR

{On "ROAR" he shouts at Zazu, startling him backwards into a puddle}

**Zazu** : {Drying on what appears to be a hanging towel} Thus far, a rather uninspiring thing

{Camera pulls back; reveals the "towel" as the ear of a red elephant which hits Zazu with its trunk as with a golf club, sending him skipping like a stone across a shallow pool of water; the cubs follow immediately.}

**Simba** : Oh, I just can't wait to be king!

**Zazu** : {Speaking} You've rather a long way to go, young master, if you think…

{For this verse Zazu is making quick spoken-part replies to each line. Simba and Nala are on each side of Zazu; as he turns to talk to one, the other makes faces at him.}

**Simba** : No one saying do this

**Zazu** : [Now when I said that, I -]

**Nala** : No one saying be there

**Zazu** : [What I meant was… ]

**Simba** : No one saying stop that

**Zazu** : [Look, what you don't realize… ]

**Simba and Nala** : No one saying see here

**Zazu** : [Now see here!]

**Simba** : Free to run around all day

{Simba and Nala are now riding ostriches}

**Zazu** : [Well, that's definitely out… ]

**Simba** : Free to do it all my way!

**Zazu** : {Flying ahead of the cubs, looking back to speak to them and so not paying attention ahead}

I think it's time that you and I

Arranged a heart to heart

{Flies into a rhino}

**Simba** : Kings don't need advice

From little hornbills for a start

{Zazu lights on a branch}

**Zazu** : If this is where the monarchy is headed

Count me out!

Out of service, out of Africa,

I wouldn't hang about… Aagh!

{The camera pulls back to reveal Zazu has lighted on a log being washed towards a waterfall. It disappears over the edge. Zazu yells in surprise, but quickly reappears flying towards and through the camera.}

**Zazu** : This child is getting wildly out of wing

**Simba** : Oh, I just can't wait to be king!

{The cubs trot up a corridor of zebras standing at attention; when Zazu follows, they all turn and raise their tails; Zazu covers himself with a wing.}

{Nala and Simba dance about under a moving herd of elephants while the African flute leads a short instrumental sequence. Zazu flies overhead, looking for them. Simba ends up standing on a giraffe's head.}

**Simba** : Everybody look left

Everybody look right

{Zazu squawks as the herd tramples him}

{Simba hops up a ladder of giraffe heads}

**Simba** : Everywhere you look I'm

Standing in the spotlight!

{Sliding down a giraffe's neck into theatrical pose}

**Zazu** : {Speaking, but in strict time} Not yet!

**Chorus** : Let every creature go for broke and sing

Let's hear it in the herd and on the wing

It's gonna be King Simba's finest fling

{The Chorus of hippos, anteaters, antelopes, giraffes, etc. forms a pyramid with the cubs on top}

**Simba & Chorus** : Oh I just can't wait to be king!

Oh I just can't wait to be king!

Oh I just can't waaaaaait… to be kiiiiiiiiing!

{The pyramid topples leaving the rhino sitting on Zazu}

We laughed.

Me: (Laughs) That was funny!

Nico: (Laughs) Yeah it was!

**Zazu** : {Muffled} I beg your pardon, madam, but… GET OFF!… Simba? Nalaaaaaaaaaa!

{Camera change to Simba and Nala making their way away from Zazu. They are laughing.}

**Simba** : All right, it worked!

**Nala** : We lost 'im.

**Simba** : {Arrogantly} I… am a genius.

**Nala** : Hey, Genius, it was my idea.

**Simba** : Yeah, but I pulled it off.

**Nala** : With me!

**Simba** : Oh yeah?… Rrarr!

{Simba jumps at Nala; they tussle quickly. Nala ends on top and pins Simba with her forepaws, producing a resounding thump.}

**Nala** : Ha. Pinned ya.

**Simba** : {Annoyed} Hey, lemme up.

{Nala turns away smiling. Simba looks at her and jumps at her again. They tussle, rolling down a short hill. She pins him again in the same position with another thump.}

**Nala** : Pinned ya again.

{A geyser makes a loud noise nearby, ejecting steam.}

Me: WHOA!

Nico: GEEZ!

{The camera pulls back to a view of the surroundings that the cubs have just noticed. Mostly in grays, we see a dark craggy vale filled with skeletons of elephants. Eerie music.}

**Simba** : This is it. We made it.

{They look over the edge of the ledge they are on. A large bull elephant skull is nearby. The camera follows to survey the entire bleak view.}

**Simba and Nala** : Whoa!

We saw a scary elephant graveyard.

Me: Oooh!

Brittney: Spooky and ominous. Just the way we goths like it.

Lucy Loud: Wicked.

Ink Rose: This is amazing.

**Nala** : It's really creepy.

**Simba** : Yeah… Isn't it great?

**Nala** : {Relishing her naughtiness} We could get in big trouble.

**Simba** : {Enjoying it also} I know, huh.

**Nala** : {Looking at the skull} I wonder if its brains are still in there.

**Simba** : {Walking towards the skull} There's only one way to know. Come on. Let's go check it out.

{Simba walks towards the mouth of the skull. Zazu flaps suddenly up in front of them, emitting a sharp squawk of "Wrong!" and giving the audience a start.}

**Zazu** : The only checking out you will do will be to check out of here.

**Simba** : Aw, man.

**Zazu** : We're way beyond the boundary of the Pride Lands.

**Simba** : Huh. Look. Banana Beak is scared. Heh.

**Zazu** : {Poking Simba in the nose} That's Mr. Banana Beak to you, fuzzy. And right now, we are all in very real danger.

{Simba has moved nearer to the entrance of the skull}

**Simba** : Danger? Hah! I walk on the wild side. I laugh in the face of danger. Ha ha ha ha! (Following Simba's confident laughter we hear more laughing from inside the skull. Simba runs back and hides behind Nala and Zazu. Three hyenas emerge from the skull's eyes and mouth.)

Out came our three favorite Hyenas, SHENZI, BANZAI AND ED!

---

**Shenzi, Banzai and Ed** are the secondary antagonists of Disney's 32nd full-length animated feature film *The Lion King*, and its 2019 remake of the same name, and the main antagonists of its 2004 midquel *The Lion King 1½*, despite having little screen time. In *The Lion King's Timon and Pumbaa*, they serving as the recurring antagonists/anti-heroes. They are three megalomaniacal spotted hyenas who are the leaders of the Hyena Clan, Scar's former minions and the archenemies of Timon, Pumbaa, and Zazu.

Shenzi was voiced by Whoopi Goldberg (who later played Stretch and Stormella) and Tress MacNeille, Banzai was voiced by Cheech Marin and Rob Paulsen and Ed was voiced by Jim Cummings, who also did Scar's singing voice, Razoul, Hernán Cortés, Dennis, Rasputin, and Hadrian.

## Shenzi

Shenzi is the only female member of the trio. She is very confident, intelligent, manipulative and constantly scheming. This makes her the matriarch of the trio (and probably the entire clan), former second-in-command of Scar, a trait consistent with true spotted hyenas; females are usually larger than the males and dominate them. This also makes her the secondary antagonist in the first film and the main antagonist in the midquel.

She comes up with the idea of telling Scar that Simba is dead after he escapes, confident in the belief that he will never learn otherwise, and is confident enough to tell him that there is no food or water left. Her distinguishing features are three prominent bangs hanging over her face and a mane that reaches all the way to her bangs. She also lacks the dark gray "stubble" snout of the males, and the dark patches around her eyes are shaped to resemble heavily applied eye shadow.

According to *The Lion King 1½*, her full name is **Shenzi Marie Predatora Vendetta Jacquelina Hyena** .

### Banzai

Banzai is the most aggressive member of the trio, usually speaking in a raised voice, with a shorter temper than Ed or Shenzi, and always ready to get into a fight. But since he usually thinks with his muscles, he still submits to Shenzi. Although he talks big, he (along with the other hyenas) is really cowardly. He is also extremely greedy, talking about food frequently. Otherwise, Banzai is apparently just as intelligent as Shenzi, knowing a few languages like pig Latin, Spanish, and French. His distinguishing feature is his unusually heavy eyebrows, but apart from these he is the model for most generic hyenas.

### Ed

The comedic member of the trio, Ed converses entirely through obnoxious chuckling and sports a permanently foolish grin. He is heavily implied and has proven to be mentally ridiculous, imbecilic, and crazy. His eyes never seem to focus on anything appropriately, he has two round cuts on each ear and his tongue is almost always lolling out. He is famous for his foolishness, his craziness, getting his friends in trouble, giggling maniacally and obnoxiously at unnecessary times, and usually being absentminded and oblivious to his surroundings.

In the book " *A Tale of Two Brothers* " (which serves as the non-canon prequel to the original film), the then adolescent hyenas surround a helpless mandrill named Rafiki who arrived in the Pride Lands. King Ahadi comes to the rescue just in time, with his adolescent sons Mufasa and Taka close behind him where Ahadi chides the hyenas, telling them that they already ate because it is against the rules to hunt for sport in the Pridelands, and commands the hyenas to leave Five Stones. After their failed hunt, the hyenas skulked at a distance from Pride Rock, complaining about Ahadi and his constant supervision. Banzai and Shenzi exchanged complaints about the king and advocated the ushering in of a new era, amusing that with Mufasa dead, they would be able to rule the Pride Lands. Later, Shenzi advises Taka to make himself look good by making Mufasa look bad. Taka has decided to incite a greedy and selfish buffalo named Boma to fight Mufasa. But the plan didn't turn out so well, and Taka's eye was wounded by the buffalo herd in the process, and hences the name "Scar" from then on.

They are seen in the book, "Friends in Need", where they are preparing to boil a young Zazu until Prince Mufasa passes by, and scares the hyenas away next.

### *The Lion King 1½*

They re-appeared as the main antagonists in *The Lion King 1½* (which takes place before, during and after the first film) though their role in the film is small since they are only appeared twice in the third film.

In their first appearance, they attack a meerkat colony when Timon, who is the sentry on duty of the colony, is daydreaming. They fail to catch any meerkats, but this incident drives Timon to leave the colony to find where he truly belongs.

The hyenas make an appearance again during the film's climax at Pride Rock. Eventually, Timon and Pumbaa are cornered by the hyenas when attempting to get them away from Simba as he goes to fight Scar. Timon proposes to Shenzi as a desperate move to buy time for his mother and Uncle Max as they dig a tunnel, which she turns down abruptly. Then, the hyenas fall into the tunnel, which transports them to the ground just in time for them to confront Scar.

### *The Lion King*

The Hyena Trio are the secondary antagonists in the first film. They appear in the Elephant Graveyard where they, under Scar's orders, chase the young Simba and Nala in an attempt to kill and devour them in the first place, but they're scared away by Mufasa. Afterwards, they assist Scar to carry out his plan to murder Mufasa by triggering the wildebeest stampede. Immediately after Scar kills Mufasa and tells Simba (who believes himself to be responsible for his father's death) to run away and never return, he orders the hyenas to slaughter Simba as well, but Simba gets away from the hyenas as they can't follow him through the thorn-bushes he falls into. As Scar takes over the throne, he allows the hyenas to hunt around the grounds (much to their delight). However, as the years passed, the trio complain about the lack of food and water in the Pride Lands (to which Scar neglects); even Banzai secretly confesses to both Shenzi and Ed that, despite hyenas living in the elephant graveyard in exile, Mufasa's reign was much better than Scar's, implying some remorse over their role in Mufasa's death.

When Simba returns to Pride Rock to reclaim his rightful place as King, Scar angrily stares at the hyenas for failing to kill him, making them feel a little nervous. As Simba tries to chase and overthrow Scar, the hyenas join the fight, but most are defeated by the lionesses, and Shenzi and Banzai are ruthlessly beaten up by Pumbaa for trying to eat Timon and Zazu and calling Pumbaa a "pig".

When Shenzi, Banzai, and Ed overhear Scar trying to thrust all blame for the events on them to Simba, claiming that it was all their idea, they are angry and alert the rest of the clan of what they just heard.

After Scar is defeated by Simba, and thrown off Pride Rock, he finds himself surrounded by the hyenas and greets them casually. However, they reveal they overheard him as he desperately tries to explain that he didn't really mean what he said, but Shenzi, Banzai, Ed and the entire clan are fed up with his broken promises of never going hungry again. Without hesitation, they close in to leap on Scar and fiercely rip him apart to his death. They then presumably eat Scar's body to satisfy their hunger, though this is unconfirmed but heavily implied. They are never seen again afterwards, possibly implying that they either fled or were killed in the fire.

*The Lion King II: Simba's Pride*

They didn't appear in the sequel. Although they were mentioned by Nuka, who says that the graveyard has become more creepy ever since the hyenas left the Pride Lands.

It is possible that the hyenas Nuka mentioned weren't Shenzi, Banzai, and Ed, but several unnamed hyenas since hundreds were shown during the villains' song, and only some of them (Shenzi, Banzai, and Ed among them) were sent to the lower area where they eat Scar, and could possibly have been consumed by the flames. Those who did not fall below presumably returned to the elephant graveyard, and later "ran off". The fate of Shenzi, Banzai and Ed remains unknown.

Me: Here comes our three favorite hyenas.

Kion: We haven't met them before.

Me: That's because they were incinerated in the fire that killed Scar.

Jeri Katou: Yeah.

**Shenzi** : Well, well, well, Banzai. What have we got here?

**Banzai** : Hmm. I don't know, Shenzi. Uh… what do you think, Ed?

**Ed** : {Crazy laughter}

We laughed with Ed.

Me: His laugh always cracks me up.

Nico: Me too.

{They circle around the cubs and Zazu.}

**Banzai** : Yeah, just what I was thinking. A trio of trespassers!

**Zazu** : And quite by accident, let me assure you. A simple navigational error. Eh heh heh…

**Shenzi** : Whoa, whoa, wait wait wait… I know you. {peering close into the camera} You're Mufasa's little stooge.

**Zazu** : I, madam, am the king's majordomo.

**Banzai** : {Looking at Simba} And that would make you…?

**Simba** : The future king.

**Shenzi** : Do you know what we do to kings who step out of their kingdom?

**Simba** : Puh. You can't do anything me.

**Zazu** : Uhh… technically, they can. We are on their land.

**Simba** : But Zazu, you told me they're nothing but slobbering mangy stupid poachers.

**Zazu** : {Aside, surreptitiously, to Simba} Ix-nay on the oopid-stay…

**Banzai** : Who you callin' "oopid-stay?!"

**Zazu** : {Harried} My, my, my. Look at the sun. {starts to try to hasten the cubs away} It's time to go!

**Shenzi** : What's the hurry? We'd looove you to stick around for dinner.

**Banzai** : Yeaaaah! We could have whatever's… "lion" around! {In the background} Get it? Lion around! {laughs}

**Shenzi** : Oh wait, wait, wait. I got one, I got one. Make mine a "cub" sandwich. Whatcha think?

{Peals of uncontrollable laughter. Ed jumps up and starts gesticulating and jabbering.}

**Shenzi** : What? Ed? What is it?

**Banzai** : (Looking where Ed is pointing) Hey, did we order this dinner to go?

**Shenzi** : No. Why?

**Banzai** : 'Cause there it goes! (Camera view to the cubs running off; they stop after a bit. Quick camera jump showing Zazu being caught in mid-flight.)

**Nala** : Did we lose 'em?

**Simba** : I think so. Where's Zazu?

(Camera switch. The hyenas have Zazu near a steam vent. Banzai is holding the bird.)

**Banzai** : The little majordomo bird hippity-hopped all the way to the birdie-boiler. {He walks Zazu to the vent and stuffs him into it, plugging it up.}

**Zazu** : Oh, no! Not the birdie-boiler! {It shoots him off in a puff of steam}

{The hyenas start laughing hysterically}

We laughed at that part!

Me: (Laughs) That is so funny!

Luan: He sure got Burned on that one! (Laughs to rimshot) Get it?

We laughed some more.

**Simba** : {Now near the hyenas} Hey! Why don't you pick on somebody your own size?

**Shenzi** : Like… you?

**Simba** : Oops.

Nico: Uh oh.

{The hyenas start chasing the cubs. They dart around behind them and poke their heads through an active methane vent.}

**Shenzi, Banzai, Ed** : BOO! {laughter}

{The hyenas chase the cubs up and over another skull, and the cubs slip away by sliding down the spine. They shoot off the end of the spine and land on a hillside of bones.}

**Nala** : Simba!

{Simba turns around and is horrified to see Nala slipping back down the pile.}

**Nala** : Aaaaiee!

{Simba runs bravely back and claws Shenzi across the cheek, drawing blood and distracting her while Nala escapes. Shenzi becomes enraged; the Hyenas pursue the cubs quickly and corner them in a cave.}

**Banzai** : {Entering the cave, taunting} Here, kitty, kitty, kitty.

{Simba tries to roar. He produces a nice medium yowl.}

**Simba** : MREOOOW!

**Shenzi** : Oo-hoo… that was it? Hah. Do it again… come on.

{Simba opens his mouth to roar again, but we hear a full- grown lion roar.}

**Mufasa** : (offscreen) Rooooar!

**Shenzi, Banzai, Ed** : Huh?!

Me: WHOA!

{Mufasa charges the hyenas from camera left and knocks them about until they are cringing under him.}

**Shenzi** : Oh, please, please. Uncle. Uncle.

**Banzai** : Ow. Ow. Ow.

**Mufasa** : {Half roar} Silence!

**Banzai** : Oh, we're gonna shut up right now.

**Shenzi** : Calm down. We're really sorry.

**Mufasa** : If you ever come near my son again…

**Shenzi** : Oh this is… this is your son?!

**Banzai** : Oh, your son?

**Shenzi** : Did you know that?

**Banzai** : No… me? I-I-I didn't know it. No. Did you?

**Shenzi** : No! Of course not.

**Banzai** : No.

**Shenzi and Banzai** : Ed?

**Ed** : {Stupidly nods yes}

We laughed.

{Mufasa roars}

Me: Whoa better stay away from Mufasa guys. Or you're asking for it.

Vince: Yep.

**Banzai** : Toodles!

{With a gunshot sound they disappear. Zazu lights in front of Mufasa, giving him a "that'll show 'em" nod… but then withers under Mufasa's angry glare.}

**Simba** : {Approaching his father} Dad, I…

**Mufasa** : You deliberately disobeyed me.

**Simba** : Dad, I'm… I'm sorry.

**Mufasa** : {Stern} Let's go home.

{They all start walking out of the Burial Grounds, the cubs bent down in shame.}

**Nala** : {Whispering} I thought you were very brave.

{The camera steadily pans up one of the walls of the cave. It stops on a horrifying image of Scar, standing on a ledge where he had been watching the cubs' near-demise.}

{Camera switch to out on the savannah. The cubs are still walking in a shamed manner behind Mufasa. Zazu is flying between.}

**Mufasa** : {Still stern} Zazu?

**Zazu** : {Flying forward and lighting in front of Mufasa, his trepidation showing} Yes, sire?

**Mufasa** : {Stern} Take Nala home. I've got to teach my son a lesson.

{The camera views the cubs. Simba crouches lower in the grass as if to hide. Zazu flies back to the cubs.}

**Zazu** : Come, Nala. Simba… {puts his wings on Simba's shoulders, gives a heavy sigh, and then a reassuring pat} Good luck.

{Zazu and Nala leave. The camera view is of Simba in the foreground with Mufasa facing away from the camera in the background.}

**Mufasa** : {Calling, still very stern, not looking at Simba} Simba! {The word reverberates in the night air.}

Me: Someone is in a lot of trouble.

Twilight Sparkle: Yeah.

{Simba slowly turns and walks towards his father. The camera follows him forward. Ominous yet sad music. Simba steps into a depression. Looking down he sees that his forepaw fits inside just the palmprint of his father's paw. A very tense moment for Simba. It comes across to the audience that his father could easily do much, much more than discipline Simba. [It also comes across that Simba has some rather big shoes to fill, so to speak, and is only now realizing his true position. -BT] Simba is harshly reminded of how small and young he is compared to his father. He looks up and, quite courageously, continues to come forward.}

{Mufasa thinks silently for a few moments, not looking at his son.

Then, finally, he turns to him.}

**Mufasa** : Simba, I'm very disappointed in you.

**Simba** : {Very quietly and sadly} I know.

**Mufasa** : {Continuing} You could have been killed. You deliberately disobeyed me. And what's worse, you put Nala in danger! Not to mention what happened to Zazu

**Simba** : {Bordering on crying, voice cracks} I was just trying to be brave like you.

**Mufasa** : I'm only brave when I have to be. Simba… being brave doesn't mean you go looking for trouble.

**Simba** : But you're not scared of anything.

**Mufasa** : I was today.

**Simba** : {Disbelieving} You were?

**Mufasa** : Yes… {bends down close to Simba} I thought I might lose you.

**Simba** : Oh. {Lightening slightly} I guess even kings get scared, huh?

**Mufasa** : Mm-hmm.

**Simba** : {Whispering conspiratorially} But you know what?

**Mufasa** : {Whispering back} What?

**Simba** : I think those hyenas were even scareder.

**Mufasa** : {Gentle laugh} 'Cause nobody messes with your dad. Come here, you.

{Mufasa has bent down. He picks Simba up and starts giving him a noogie.}

**Simba** : Oh no, no… Aaagh! Errrggh!

We laughed at their playing.

{Music rises as Simba and Mufasa tussle playfully for a brief while.}

**Simba** : Oh, come here… {as Mufasa runs away} Hah! Gotcha!

{They end up with Mufasa laid down and Simba on his head}

**Simba** : Dad?

**Mufasa** : Hmm?

**Simba** : We're pals, right?

**Mufasa** : {Gentle laugh} Right.

**Simba** : And we'll always be together, right?

**Mufasa** : {Sitting up, Simba now on his shoulder} Simba… Let me tell you something that my father told me… Look at the stars. The great kings of the past look down on us from those stars.

Me: That is a great spiritual meaning.

Isabelle: It sure is.

**Simba** : {Awed} Really?

**Mufasa** : Yes… So whenever you feel alone, just remember that those kings will always be there to guide you… And so will I.

{Camera switch from stars to Hyena cave. As we move into the cave, we first hear Banzai's voice and eventually see Banzai and Ed together with Shenzi to the side.}

**Banzai** : Man, that lousy Mufasa! I won't be able to sit for a week! {We notice numerous scratches on Banzai's rear}

**Ed** : {Laughs}

**Banzai** : It's not funny, Ed.

**Ed** : {Tries to stop laughing, but bursts out worse}

We laughed at Ed laughing.

Me: (Laughs) That laughs of his always cracks me up!

**Banzai** : Hey, shut up!

**Ed** : {Can NOT stop laughing}

{Banzai tackles Ed; they start fighting.}

**Shenzi** : Will you knock it off?!

{Banzai stops. Ed continues, biting himself in the leg.}

**Banzai** : Well, he started it!

**Shenzi** : Look at you guys. No wonder we're dangling at the bottom of the food chain.

**Banzai** : {With drool dangling from his mouth} Man, I hate dangling.

**Shenzi** : Shyeah? You know, if it weren't for those lions, we'd be runnin' the joint.

**Banzai** : Yeah. Man, I hate lions.

**Shenzi** : So pushy.

**Banzai** : And hairy.

**Shenzi** : And stinky.

**Banzai** : And man, are they…

**Shenzi and Banzai** : UuuugLY! {laughter}

Kion: HEY I RESENT THAT!

Jeri Katou: YEAH!

**Scar** : {From his perch we saw in the Hyena chase} Oh, surely we lions are not all THAT bad.

**Banzai** : Ohh. {relieved from the surprise} Oh, Scar, it's just you.

**Shenzi** : We were afraid it was somebody important.

**Banzai** : Yeah, you know, like Mufasa.

**Shenzi** : Yeah.

**Scar** : I see.

**Banzai** : Now that's power.

**Shenzi** : Tell me about it. I just hear that name and I shudder.

**Banzai** : Mufasa.

**Shenzi** : {Shivering} Ooooh.… Do it again.

**Banzai** : Mufasa.

**Shenzi** : Ooooh!

**Banzai** : Mufasa. Mufasa! Mufasa!

**Shenzi** : {Builds up hysterical laughter}… Oooh! It tingles me.

**Scar** : I'm surrounded by idiots.

**Banzai** : Not you, Scar; I mean, you're one of us. I mean, you're our pal.

**Scar** : {Sarcastic} Charmed.

**Shenzi** : Ohh, I like that. He's not king, but he's still so proper.

**Banzai** : Yeah. Hey, hey. Did ya bring us anything to eat, Scar, old buddy, old pal? Huh? Did-ya-did-ya-did-ya?

**Scar** : I don't think you really deserve this. {Holds out a zebra haunch.} I practically gift-wrapped those cubs for you. {Drops leg to Hyenas} And you couldn't even dispose of them. {Intro fade-in on Be Prepared}

**Shenzi** : {Chewing with full mouth} Well, ya know. It wasn't exactly like they was alone, Scar.

**Banzai** : Yeah. What are we supposed to do- {swallow} kill Mufasa?

**Scar** : Precisely.

{The three hyenas pause from eating and look up at Scar questioningly.}

Me: Uh oh.

{Three-top flutter to coincide with Scar's leaps down to the Hyenas.}

{Scar walks calmly through sheets of flame and gas into the camera over the opening bit of the song}

{Scar paces slowly around Ed, who is chewing on the remnants of the zebra leg}

**Scar** : {Full song} I know that your powers of retention

Are as wet as a warthog's backside

But thick as you are, pay attention

My words are a matter of pride

It's clear from your vacant expressions

The lights are not all on upstairs

{On 'Pay attention', Scar angrily swats the bone away; Ed comes to abrupt attention}

{Waving his paw in front of Ed's blank eyes to make his point; Ed's tongue lolls out}

**Scar** : But we're talking kings and successions,

Even you can't be caught unawares!

{Shenzi and Banzai are laughing on a ledge behind him; on "you," Scar turns and leaps at them, throwing them backward onto a pair of geysers, which then erupt, throwing the two hyenas into the air.}

{In the next verse, Scar is strutting theatrically along a ledge which runs around back to the floor.}

**Scar** : So prepare for a chance of a lifetime

Be prepared for sensational news

A shining new era

Is tiptoeing nearer

**Shenzi** : And where do we feature?

**Scar** : {Grabbing Shenzi's cheek} Just listen to teacher

{Shenzi rubs her cheek, which is now bruised red}

**Scar** : I know it sounds sordid

But you'll be rewarded

When at last I am given my dues

And injustice deliciously squared

Be prepared!

{Scar leaps up beside Ed, who is again chewing on the bone, and here kicks him off the ledge}

{The three hyenas land in a pile of bones and are submerged; they reappear, each with a different horned skull on his head.}

{Spoken}

**Banzai** : Yeah, Be prepared. Yeah-heh… we'll be prepared, heh.… For what?

**Scar** : For the death of the king.

**Banzai** : Why? Is he sick?

{Scar grabs Banzai by the throat}

**Scar** : No, fool - we're going to kill him. Simba too.

We gasped!

{Dropping Banzai back onto the floor}

**Shenzi** : Great idea! Who needs a king?

**Shenzi (and then Banzai)** : {Sing-song voices, dancing around Banzai} No king! No king! la-la-la-laa-laa!

**Scar** : Idiots! There will be a king!

**Banzai** : Hey, but you said, uh…

**Scar** : I will be king!… Stick with me {triumphant, toothy grin}, and you'll never go hungry again!

**Shenzi and Banzai** : Yaay! All right! Long live the king!

{Camera reveals hundreds of more hyenas in the shadows.}

Me: WHOA!

**All Hyenas** : Long live the king! Long live the king!

{Full song again}

{Scar's army of hyenas is goose-stepping across the floor of the cave, now stylized into a Nazi-esque quadrangle}

**Hyenas** : {In tight, crisp phrasing and diction}

It's great that we'll soon be connected.

With a king who'll be all-time adored.

**Scar** : Of course, quid pro quo, you're expected

To take certain duties on board

{Motions a slice across the neck}

**Scar** : The future is littered with prizes

And though I'm the main addressee

The point that I must emphasize is

You won't get a sniff without me!

{Leaps off his rock throne to single out one hapless hyena; that hyena slips and falls into a fiery crevice}

{Throughout the next verse, the entire horde of hyenas joins in dancing boisterously, leaping along the tops of rock pillars, shaking animal skeletons in the light, one playing a rib cage/xylophone.}

{The paranthetical parts are the hyenas' counterpoint singing}

**Scar (& Hyenas)** : So prepare for the coup of the century

Be prepared for the murkiest scam

Meticulous planning

Tenacity spanning

{Close with a fill-in and a fade-out. Scar and the hyenas are laughing evilly. Drum roll rises to a crash coinciding with the panoramic opening of the next scene.}

Me: Trouble is on the horizon!

Nico: Yep. And it's name is SCAR!

Eli: Uh oh.

{Camera switch to a view of a large canyon. Cloud shadows scroll slowly over the landscape.}

**Scar** : Now you wait here. Your father has a marvelous surprise for you.

{Camera switch to bottom of the gully. Scar and Simba are near a rock, underneath a small tree.}

**Simba** : Oooh. What is it?

**Scar** : If I told you, it wouldn't be a surprise, now would it?

**Simba** : If you tell me, I'll still act surprised.

**Scar** : Ho ho ho. You are such a naughty boy.

**Simba** : Come on, Uncle Scar.

**Scar** : No-no-no-no-no-no-no. This is just for you and your daddy. You know, a sort of… father-son… thing.

{Through Simba's expression, we see that he resents Scar's dismissive attitude, but soon shrugs it off.}

**Scar** : Well! I'd better go get him.

**Simba** : I'll go with you.

**Scar** : {Loud, snapping tone} No! {regaining composure} Heh heh heh. No. Just stay on this rock. You wouldn't want to end up in another mess like you did with the hyenas…

**Simba** : {Shocked} You know about that?

**Scar** : Simba, everybody knows about that.

**Simba** : {Meek and embarrassed} Really?

**Scar** : Oh, yes. Lucky Daddy was there to save you, eh? {clearly enjoying himself; he puts a paw on Simba's shoulder} Oh… and just between us, you might want to work on that little roar of yours. Hmm?

{Scar starts to pull away}

**Simba** : Oh… Okay…

{Scar pats Simba roughly on the head, then moves off.}

**Simba** : Hey, Uncle Scar, will I like the surprise?

**Scar** : {Turning back over his shoulder} Simba, it's to DIE for. (Literally.)

{The camera slowly pans up the side of the gorge away from Scar and Simba. After a distance of rock, we reach the edge and view on the plain a very large herd of wildebeest; the size of the herd comes across with a striking computer-generated parallax pan}

Me: WHOA! Look at all the Wildebeests.

Nico: There's thousands of them.

Lola: Wow! Syd you weren't kidding when you said that a Wildebeest herd was that tight and big.

Syd Chang: Yeah it sure is tight huh?

{The camera then focuses in on the hyenas (Shenzi, Banzai, and Ed), who are waiting off of the edge of the herd, hidden under a rock arch.}

**Banzai** : {Stomach growls}

**Shenzi** : Shut up.

**Banzai** : I can't help it. I'm so hungry… {jumping up} I gotta have a wildebeest!

**Shenzi** : Stay put.

**Banzai** : Well… Can't I just pick off one of the little sick ones?

**Shenzi** : No! We wait for the signal from Scar.

{Camera switch to Scar mounting a rock in view of the hyenas}

**Shenzi** : There he is… {making an evil, almost humorous face} Let's go.

{Camera switch back to Simba}

**Simba** : "Little roar". Puh!

{A lizard walks past Simba. He growls at it.}

**Simba** : Merow!

{The lizard has no reaction to this first attempt. Simba then jumps down and tries again.}

**Simba** : Merrooow-h!

{For the third attempt, Simba moves closer again and inhales deeply.}

**Simba** : MEROOOW!

{The lizard skitters off screen. Simba's roar echoes around the canyon. Shot of Simba lifting his ears to relish the echo.}

Me: Nice one.

{The echo is soon eclipsed, however, by a low rumble. Simba looks down and sees pebbles jumping.

Me: Uh oh.

{Cue the very sinister "To Die For" music. We see the herd coming over the lip of the canyon. Dramatic multi-layer camera pull up to Simba's terrified face.}

Me: STAMPEDE!

Lola: RUN SIMBA!

{Simba takes off in front of the herd.}

{Cut to the rim of the gorge, where the Hyenas are seen chasing the wildebeest herd, nipping at their heels to drive them over the edge. Camera switch to Mufasa and Zazu a short distance from the canyon.}

**Zazu** : Oh look, sire; the herd is on the move.

**Mufasa** : Odd… (Scar runs up, out of breath)

**Scar** : Mufasa. Quick. Stampede. In the gorge. Simba's down there!

**Mufasa** : Simba?

(Camera switch to Simba. He is running and climbs up a dead tree. Zazu flies ahead of Mufasa and Scar, down into the canyon. He spots Simba.)

**Simba** : {Clinging precariously to a tree} Zazu! Help me!

**Zazu** : Your father is on the way! Hold on!

**Simba** : (Losing grip) Hurry!

{Mufasa and Scar are on the lower ledges of the gorge. Zazu flies back to Mufasa and points out where Simba is.}

**Zazu** : There! There! On that tree!

**Mufasa** : Hold on, Simba!

{In the gully, a wildebeest rams the tree Simba's on, nearly breaking it.}

**Simba** : Ahhhh!

{Mufasa runs out into the herd, joining the stampede.}

**Zazu** : Oh Scar, this is awful. What will we do? What will we do? Hah… I'll go back for help, that's what I'll do, I'll go back for he-oomph!

{Scar backhands Zazu into a rock wall, knocking him unconscious. Scar then follows Mufasa's progress from the lip of the gorge, his shadow cast mysteriously from the bottom of the gully {!}. Mufasa runs with the herd till slightly past the tree. He whips around the front of some wildebeest and runs into the herd towards Simba's tree. He gets rammed head-first once, throwing him to the ground. A wildebeest hits Simba's tree, throwing Simba into the air. Mufasa gets up in time to catch Simba in the air with his mouth. He gets hit again and accidentally throws Simba. Simba dodges a few oncoming wildebeest. Mufasa runs by with the herd and grabs

Simba. He jumps up to a near rock ledge and sets Simba down, but is immediately struck by a wildebeest and carried off into the stampede.}

We gasped!

**Simba** : DAD!

(Simba watches in horror as he cannot find his father in the swirling mass of wildebeest below him. At the last second, Mufasa leaps out of the herd and starts to climb with great difficulty up the sheer rock slope. Simba turns and starts to climb up to the top of the gorge. Out of Simba's sight, Mufasa reaches a point right below a ledge where he can't climb due to the steepness. His claws are scraping and his back paws have no traction. Above him on the ledge is Scar.)

**Mufasa** : Scar! Broth- {slips, barely hangs on} Brother! Help me!

{Scar looks disdainfully down, and then suddenly latches onto Mufasa's forepaws with claws extended. Mufasa roars, primarily from the sudden pain of Scar's claws, but no doubt also due to the sudden flash of realization. His expression slowly changes to one of horror as he recognizes Scar's intent.}

Me: OH SHIT!

Nico: HE WOULDN'T!

Vince: Oh believe me, he would!

Carol: YEAH!

**Scar** : (Slowly and evilly) *Long live the king.* (Scar throws his brother backwards. Mufasa free-falls, back first. The camera follows Mufasa down from under him, then from above him, showing the stampede raging below.)

**Mufasa** : {Screaming}

We closed our eyes and looked away in sheer horror as we saw Mufasa fall to the ground!

{Camera suddenly focuses in on Simba, who is watching his father hit the ground. No sound effects of the hit. No view of it either. Mufasa and Simba's screams mingle.}

**Simba:** NOOOO! (The herd passes. Everything is clouded by dust. Simba bounds to the canyon floor. Mufasa is nowhere to be seen.)

**Simba** : {Cough} Dad! (Quietly) Dad?

{We see a stray wildebeest run past. The wildebeest curves around a log further down the gully. Under the log is Mufasa, laying on his side. He's not moving or breathing. Simba approaches the body. Sad musical theme. Again we notice how small Simba really is.}

**Simba** : {Hopefully} Dad?… Dad, come on. {He rubs up against Mufasa's cheek. The head merely rolls back in place after the rub} You gotta get up. {He places both forepaws on his father's cheek and pushes} Dad. We gotta go home. {He tugs at Mufasa's ear. Again the head limply moves back in place. Simba runs off a bit, obviously very scared.} HEEEEELP! Somebody! {His voice reverberates hollowly off the sides of the gorge.} Anybody… help.

{He cries. Simba turns back to the body. He nuzzles up under the limp paw so that his father is embracing him. Pause for effect.}

I clenched my fist really tight and blood started pouring through my knuckles as I hid burning hatred towards Scar for his betrayal.

{The "Mufasa" theme gives way to a series of ominous chords as the image of Scar advancing appears through the dust.}

**Scar** : Simba.… What have you done?

**Simba** : {Jumps back, crying} There were wildebeests and he tried to save me… it was an accident, I… I didn't mean for it to happen.

**Scar** : {Embracing Simba, yet still distant} Of course, of course you didn't. No one… ever means {pulls Simba closer; Simba hides his face on Scar's foreleg} for these things to happen.… But the king IS dead. {looking with mock regret at Simba) And if it weren't for you, he'd still be alive. {Simba is crushed, believing his guilt. Another thought "occurs" to Scar.} Oh! What will your mother think?

**Simba** : {Sniffing} What am I gonna do?

**Scar** : Run away, Simba. Run… Run away and never return.

{Simba runs off blindly, obviously broken. Slight pause, for the audience to catch its emotional breath. Music ends. The three hyenas appear behind Scar.}

**Scar** : Kill him.

{The hyenas take off after him; Scar stands motionless. Simba is chased up the entire length of the gully. He reaches the lip only to see a sheer drop on the other side. Having no choice he jumps and tumbles down into a patch of briars below. The hyenas pursue the entire way. When they are running down towards the briars, Banzai sees them and recoils.}

**Banzai** : Whoa!

{After skidding extensively, Banzai manages to stop just above the brambles. He heaves a sigh of relief. Then Shenzi and Ed run into him, propelling him into the bushes.}

**Banzai** : Yeow! {Jumping back out of the bushes}

{Shenzi and Ed are laughing}

We laughed at Banzai's misfortune!

Lana: (Rolling on the floor laughing)

**Shenzi** : Well, he's as good as dead out there anyway. And IF he comes back, we'll kill 'im.

**Banzai** : *(Shouting)* YEAH! YOU HEAR THAT!? IF YOU EVER COME BACK, WE'LL KILL YA! (Echoing)

*("Kill ya" echoes off as we see Simba still running into the desert. The Hyenas make their way off the cliffs back to the Pride Lands.)*

**Scar** : Mufasa's death was a terrible tragedy; but to lose Simba, who had barely begun to live…

*(Camera pans around the lionesses. Some of them, with Zazu, are comforting Sarabi, who bends her head in extreme pain. Nala is rubbing against her mother's paw, crying.)*

**Scar** :… For me it is a deep personal loss. So it is with a heavy heart that I assume the throne. {Timon pulls back a fern leaf, revealing a beautiful view of a rift-jungle. Waterfalls and rugged terrain make a beautiful view. Harp runs accentuate the scene.}

**Timon** : Welcome… to our humble home!

**Simba** : You live here?

**Timon** : We live wherever we want.

**Pumbaa** : Yep. Home is where your rump rests. Heh!

**Simba** : It's beautiful.

**Pumbaa** : {Loud raunchy belch} I'm starved.

Me: Pardon him.

**Simba** : I'm so hungry I could eat a whole zebra…

{Timon is rather disturbed by Simba's want for meat- a little bit taken aback and a little bit I-knew-this-would-happen.}

**Timon** : Eeeahhah. We're fresh out of zebra.

**Simba** : Any antelope?

**Timon** : Na ah.

**Simba** : {A bit desperate} Hippo?

**Timon** : Nope. Listen, kid; if you live with us, you have to eat like us. Hey, this looks like a good spot to rustle up some grub.

{Timon has stopped in front of a log. Pumbaa forces it up with his snout, revealing many insects. Timon picks one up.}

**Simba** : Eeew. What's that?

**Timon** : A grub. What's it look like?

**Simba** : Eeew. Gross.

**Timon** : {Eating, mouth full} Mmmm. Tastes like chicken.

{Pumbaa slurps up a large worm from the ground. Both Timon and Pumbaa are feasting on bugs by now.}

**Pumbaa** : {Slurping} Slimy, yet satisfying.

Lana's mouth was salavating.

**Timon** : These are rare delicacies! {Grabbing a bug} Mmmm.

{Crunches} Piquant, with a very pleasant crunch.

**Pumbaa** : You'll learn to love 'em.

**Timon** : I'm telling you, kid, this is the great life. No rules. No responsibilities. {Pokes his hand into a knothole- many bugs scramble out} Oooh! The little cream-filled kind. {munch} And best of all, no worries.

{Timon has been collecting bugs on a leaf. He offers the leaf to Simba. Simba picks out a grub.}

**Timon** : Well, kid?

**Simba** : Oh well- Hakuna Matata. {He eats}

{Sick music}

**Simba** : {Looking more cheerful} Slimy, yet satisfying!

**Timon** : That's it.

{The bugs fly off the leaf in a colorful flutter.}

{The scene switches to all three mammals crossing a log, walking and tossing their heads to the music. With a steady build in the music, a change occurs. We see the image of young Simba become an adolescent Simba, with a partial mane. And then again, Simba becomes a full grown adult. While the chanting of the title is happening, the camera is panning at the low level (6" off ground) where all the interaction between Pumbaa, Timon, and Simba as a cub had been occurring. First we see Timon, and then Pumbaa. The camera continues panning at a low angle to where the cub Simba would fit. Instead we see the adult Simba's paw come down. An immediate back up for a full view of a big Simba.}

**Pumbaa and Timon** : {Chanting to music} Hakuna matata, hakuna matata, hakuna matata, hakuna…

**Simba** : {Adult voice now.} ♪It means no worries!♪

♪For the rest of your days.♪

**All three** : 🎶It's our problem-free🎶

🎶Philosophy🎶

**Simba** : 🎵Hakuna Matata, Hakuna Matata… Hakuna Matata… 🎵

{All three dive off of the log into a pond. First, Timon jumps in doing a cannonball, and makes a small splash. Then Pumbaa, doing a swan dive, makes a small splash too. Finally Simba swings out on a vine (gripped in his own teeth). Before he can dive, the vine breaks under his weight. The resulting splash is big enough to wash Pumbaa and Timon ashore.}

*(Simba joins Timon and Pumbaa on shore. The song breaks into gentle jazz voice improvisations on the words "Hakuna Matata." We see a rear view of Timon, Pumbaa, and Simba boogeying off into the forest to the beat of "Hakuna Matata.")*

**Simba** : 🎵Hauuuuuuuuuuuuuuuuuuuuuuuu… Hakuna Matata! Yeah.🎵🎵 Ta-ta. Ha-ha-haaaaa! (the screen fades to black)

Nico: Do we head in now?

Me: Not yet. We wait until Rafiki finds out that Simba is alive.

{The camera switches to a far view of Pride Rock. Almost all of the coloring is in gray. Most of the plants and trees appear to be dead.

We gasped.

Soundwave: Scans indicate survival of Pride lands population is low.

Me: Oh no. Scar's reign of terror has is getting worse. Everyone is starting to starve.

Laney: We have to stop Scar. But how?

Lincoln: We have to find Simba. But how?

Me: We wait for a bit. Just hold on.

(We can hear Zazu's first line and then the scene switches to a view of Zazu and Scar. Zazu is in a cage made of some animal's ribcage, singing. Scar is laying out on a rock picking his teeth with a bone.}

**Zazu** : Nobody knows

The trouble I've seen

Nobody knows

My sorrow…

**Scar** : Oh Zazu, do lighten up. {He tosses the bone at Zazu and it clatters against the cage} Sing something with a little… bounce in it.

**Zazu** : {Thinks a moment} It's a small world after all…

**Scar** : {Interrupting, almost shouting} No! No. Anything but that!

**Zazu** : {Thinks, then holds up a feather as a tune comes to him.} I've got a lovely bunch of coconuts diddely-dee-dee) There they are a-standing in a row… {Scar is enjoying this and starts to join in}

**Zazu and Scar** : Big ones, small ones, some as big as your head…

**Zazu** : {While Scar continues} Oh… I would never have had to do this for Mufasa.

**Scar** : {Quick and angry} What? What did you say?

**Zazu** : Oh, nothing!

**Scar** : You know the law: Never, ever mention THAT name in my presence. I… am… the KING!

{Scar shoves his muzzle between the ribs of Zazu's cage on the last line. His breath blows Zazu up against the wall.}

**Zazu** : Yes, sire. You ARE the king. I… I… Well, I only mentioned it to illustrate the differences in your royal managerial approaches. {Nervous laugh}

**Scar** : Go on.

**Zazu** : Well? "MM-MM-MM" was a great king. But you, sire, you, we define the word "king".

**Scar** : mm-hmm continue.

**Zazu** : oh well, you could rule the pride as only you do.

**Banzai** : {Offstage} Hey Boss!

**Scar** : Oh, what is it this time?

**Banzai** : We got a bone to pick with you.

**Shenzi** : {To Banzai} I'll handle this. {To Scar} Scar, there's no food, no water…

**Banzai** : Yeah, it's dinner time, and we ain't got no stinkin' entrees.

**Scar** : {Exasperated} It's the lionesses' job to do the hunting… {makes helpless gesture}

**Banzai** : Yeah, but they won't go hunt.

**Scar** : Oh… eat Zazu.

**Zazu** : Oh, you wouldn't want me! I'd be so tough and gamey and… eeww…

**Scar** : Oh, Zazu, don't be ridiculous. All you need is a little garnish.

**Banzai** : {To Shenzi} I thought things were bad under Mufasa.

**Scar** : {Quick and angry again} What did you say?

**Banzai** : I said Muf…

{Shenzi is smiling at Scar and thwaps Banzai to remind him.}

**Banzai** : I said, uh… "Qué pasa?"

**Scar** : Good. Now get out.

{The hyenas start out but then pause}

**Banzai** : Mm… yeah, but - we're still hungry.

Scar: Out!

{They run off; Ed lets loose a crazy laugh}

{The camera switches to a view of the jungle. We hear a monstrous belch reverberate across the landscape. The camera switches to Timon, Pumbaa, and Simba lying on their backs looking at the stars.}

**Timon** : Whoah. Nice one, Simba.

**Simba** : Thanks. Man, I'm stuffed.

**Pumbaa** : Me too. I ate like a pig.

**Simba** : Pumbaa - you are a pig.

**Pumbaa** : Oh. Right.

{All three sigh deeply, in unison. Gentle music fades in.}

**Pumbaa** : Timon?

**Timon** : Yeah?

**Pumbaa** : Ever wonder what those sparkly dots are up there?

**Timon** : Pumbaa. I don't wonder; I know.

**Pumbaa** : Oh. What are they?

**Timon** : They're fireflies. Fireflies that uh… got stuck up on that big… bluish-black… thing.

**Pumbaa** : Oh. Gee. I always thought that they were balls of gas burning billions of miles away.

**Timon** : Pumbaa, wit' you, everything's gas.

**Pumbaa** : Simba, what do you think?

**Simba** : Well, I don't know…

**Pumbaa** : Aw come on. Give, give, give .. Well, come on, Simba, we told you ours… pleeeease?

**Timon** : Come on, come on… give, give..

{Cue "Lea Halalela" theme.}

**Simba** : {Reluctantly} Well, somebody once told me that the great kings of the past are up there, watching over us.

**Pumbaa** : {Awed, either genuinely or mockingly} Really?

**Timon** : You mean a bunch of royal dead guys are watching us? {tries to keep composure, then… } Pbbb.

{Timon breaks out laughing. Pumbaa joins in. Simba does half-heartedly.}

**Timon** : Who told you something like that? What mook made that up?

**Simba** : Yeah. Pretty dumb, huh?

**Timon** : Aw, you're killing me, Simba.

{The music rises again. Simba looks back up at the stars. He quietly gets up and leaves.}

**Timon** : Was it something I said?

{The music continues. Simba walks out on a ledge and looks up at the stars. He then collapses to lay on the edge of the ledge. Milkweed floss is stirred into the air by his flop. The camera follows its path. It crosses the desert. Next we see Rafiki's hand snatch some it out of the air. He sniffs it, grunts, and bounds down into his tree. He pours the milkweed into a turtle shell, sifts it around, and then eats from the same kind of fruit he anointed Simba with. Examining the milkweed floss again, realization dawns on his face.}

**Rafiki** : Simba? He's- he's alive? He he- he's alive! *(He laughs.)*

*(Rafiki grabs his staff. Laughing in delight, he picks up some paint and puts a mane on the smeared lion image on the wall.)*

**Rafiki** : It is time!

Me: Okay now lets head in!

We went in and we saw the Pride Lands all dead and desolate.

Me: This is worse than we thought.

Lincoln: Yeah.

Nala then came.

Nala: Hey!

Whiteout: Are you Nala?

Nala: I sure am. (Gasp) Wow! Team Loud Phoenix Storm.

Jeri: Nala it's great to see you again.

Nala: Jeri, Kion, everyone. It's great to see you all again.

Me: Same to you Nala.

Nala: How have you all been?

Me: Well we've been trying to hang on but Nico is going through some tough times. Nico's old nemesis the Digimon Emperor has returned and he's inside his head.

Nala: That monster tyrant that Nico killed by accident is back!?

Me: Yeah. And he's making Nico do terrible things like he did in the Digital World.

Nala: Have you tried getting him out of there?

Me: No this is HIS fight and HIS alone. We were warned that this would happen during one of our battles.

Lola: It's true Nala.

Lola revealed everything and Nala was shocked.

Nala: Oh man! That's awful.

Me: Yeah. We have to be prepared for anything Scar throws at us and with Nico's unstable personality we have to help him all we can.

Lincoln: Yeah.

Nico: Thanks guys.

Shenzi: Well what have we here.

We saw Shenzi, Banzai and Ed.

Me: If it isn't our three favorite hyenas.

Kion: Yeah.

Nico: You guys are really funny.

Shenzi: (to Nico) You know what, Chan? You've been acting real vicious lately. Even more then usual.

Banzai: Oh, c'mon, Shenzi! Chan and his friends always act viciously!

Nico: You know what? That's probably the few smart things you two have said. Not counting your buddy over there.

Dreadbane: (to Nala) Run when we give the signal.

Nala nodded.

Me: No Dreadbane. I have an idea. You three always crack me up and Ed's laugh he has is so contagious.

Ed laughed hysterically.

Me: See? (Laughs) His laugh is funny!

Lola: His laugh is really funny.

Me: Yeah. But question why do you guys serve a dirtbag like Scar? He's going to turn on you like he did to Mufasa.

Shenzi: He's our food provider. A Hyena's belly is always hungry.

Me: That's true. But you guys don't need Scar. All he ever cares about is himself and he doesn't treat you all with respect. I on the other hand.

I pulled out 3 big steaks and gave them to the three hyenas and they ate them.

Me: Feel better?

Banzai: We sure are.

Me: Plenty more where all that came from.

Shenzi: You are good J.D. We'll gladly abandon Scar and join you.

Me: Awesome. But don't let Scar know that. We don't want him to come after us before we take him down. Put up a front so he doesn't suspect something.

They agreed and The three hyenas left.

Me: Lets go find Simba.

We agreed.

We heard a roar and then we saw Scar and we ran and Nico got slashed in his back by Scar's claws!

Nico: (Screams) (In Pain!) That hurt! SOLAR FLARE!

A massive flash of light as bright as 1000 suns formed and blinded Scar for a bit and we got away.

Me: That was close. Lets head for the Jungle to find Simba!

We ran fast.

Atomic Skull: Sorry that Scar scratched you, Nico.

Nico: It's fine. But at least I bought some time for us to escape.

Digimon Emperor: (in Nico's head) Hey, how about you start taking care of yourself? I can't have someone else kill you before I get the chance!

Nico: You should be more worried about yourself and what JD will do to you once it's time for us to kill Xemnas. Because his threats always come true.

Digimon Emperor: Well, enjoy yourself while you can. Because even if I do lose, things will never be the same for you and your friends again!

Nico: You shut your fucking trap! I killed you before and I can kill you again!

Digimon Emperor: (Taunting) OOH I'm So Scared!

Nico: You should be Ken! Because this is MY head and in here I am the one in control!

Nico thought of something and out of a thought bubble came KIMERAMON!

Digimon Emperor: Kimeramon!

Nico: He's under my control Ken! And you'd better behave in here as I start charging you rent or Kimeramon will finish what he started.

We ran fast.

{The camera switches to a jungle scene. We hear Pumbaa singing the familiar bass to "The Lion Sleeps Tonight". Timon joins in as they walk towards the camera. A Capella.}

**Pumbaa** : {Singing} Ohi'mbube

Ohi'mbube

{etc… }

**Timon** : {Singing} In the jungle

The mighty jungle

The lion sleeps tonight.

In the jungle

The mighty jungle

{Pumbaa turns to follow a bug; he fades out.}

**Timon** : {Singing} The lion sleeps… {Speaking} I can't hear you, buddy, back me up!

{Pumbaa has faded out, having followed the bug stage left. The following line is in full and good falsetto.}

**Timon** : A-WEEEE-ee-EE-ee ba-Pum-ba-bum-ba-way

{Realizing Pumbaa is not there}

**Timon** : A-Pumbaa? Pumbaa?

{Camera switch to Pumbaa following the bug. He is still humming the bass. He stalks the bug up to a log, theatrically hiding behind a tree. When he tries to jump over the log he gets stuck momentarily and looks back.}

**Pumbaa** : {Spooked} Timon? {Looks around, then shrugs}

We got to the jungle.

Frenzy: How do we know Simba's here?

Me: Look here.

We saw lion tracks.

Me: These are his pawprints.

Kion: Dad is here!

Nala: Yeah! (Smells something)

Nala went off.

{He jumps over the log. As he views the bug at close range, the camera (at his viewpoint) switches focus from it to a pair of green eyes out in the grass. The camera closes up on a lioness getting ready to jump.}

**Pumbaa** : aaaAAAAAAAAAAAOOOHH!

{He runs, with the lioness in hot pursuit. The lioness, with teeth and claws bared, chases Pumbaa around at high speed. Camera switch to Timon.}

**Timon** : {Hearing the noise of the chase} Pumbaa?

{Pumbaa runs near Timon and gets stuck under the root of a tree by trying to squeeze through.}

**Timon** : Pumbaa! Pumbaa! Hey, what's goin' on?

**Pumbaa** : SHE'S GONNA EAT ME!

**Timon** : Huh?

{Timon gets up on the branch and sees the lioness charging at full speed towards them. He gets down and tries to help push Pumbaa out from under the root.}

**Timon** : {Seeing the lioness} Woah!… Jeez! Why do I always have to save your AAAAAA!

{On the AAAAAA!, Timon sees the lioness was about to close on Pumbaa and he is in the line of attack. At the last minute, Simba bounds over Pumbaa and catches the lioness head on at full force. They start fighting savagely.}

**Timon** : {To Pumbaa} Don't worry, buddy. I'm here for ya. Everything's gonna be okay. {To Simba} Get her! Bite her head! Go for the jugular. The jugular! {to Pumbaa} See, I told you he'd come in handy.

{The lions tangle for a bit more. The fight becomes a wrestling. The lioness flips Simba and pins him with a loud thump. Simba is startled by this. The lioness is still baring her teeth. Simba, however, is very surprised and no longer threatening.}

**Simba** : Nala?

{She immediately backs off and looks at Simba, examining him.}

**Simba** : Is it really you?

**Nala** : Who are you?

**Simba** : It's me. Simba.

**Nala** : Simba? {Pause for realization} Whoah!

{Simba and Nala run together and greet each other. The greetings are enthused and run over each other.}

**Nala** : Well how did you.. where did you come from… it's great to see YOU… (etc)

**Simba** : Aaah! How did you… who… wow… this is cool… it's great to see you…

{Camera view of Timon who is completely baffled by this sudden change}

**Timon** : Hey, what's goin' on here?

**Simba** : {Still to Nala} What are you doing here?

**Nala** : What do you mean, "What am I doing here?" What are you doing here?

**Timon** : HEY! WHAT'S GOIN' ON HERE!?

**Simba** : Timon, this is Nala. She's my best friend!

**Timon** : {Thoroughly confused} Friend?!

**Simba** : Yeah. Hey, Pumbaa, come over here.

{Pumbaa gets himself unstuck.}

**Simba** : Nala, this is Pumbaa. Pumbaa, Nala.

**Pumbaa** : Pleased to make your acquaintance.

**Nala** : The pleasure's all mine.

**Timon** : How do you do.. Whoa! Whoa. Time out.. Lemme get this straight. You know her. She knows you. But she wants to eat him. And everybody's… okay with this? DID I MISS SOMETHING?!

**Simba** : Relax, Timon.

**Nala** : Wait till everybody finds out you've been here all this time! And your mother… what will she think?

**Simba** : {Misunderstanding} She doesn't have to know. Nobody has to know.

**Nala** : Well, of course they do. Everyone thinks you're dead.

**Simba** : They do?

**Nala** : Yeah. Scar told us about the stampede.

**Simba** : He did? Well… {beginning to see something} what else did he tell you?

**Nala** : What else matters? You're alive. and that means… you're the king.

Me: That's right.

Po Kong: Are you Simba?

Simba: I sure am. (Gasp) Guys!? Wow! Everyone it's great to see you all again!

Sora: You too Simba.

Goofy: How've you been?

Simba: Doing great.

Me: We can see that. You look like you're having fun here.

Simba: I sure was.

Sora: We have so much to tell you Simba.

**Timon** : King? Pbbb. Lady, have you got your lions crossed?

**Pumbaa** : King? Your Majesty! I gravel at your feet. {Noisily kisses Simba's paw}

**Simba** : Stop it.

**Timon** : {To Pumbaa} It's not "gravel." It's "grovel." And DON'T- he's not the king. {to Simba} Are ya?

**Simba** : No.

**Nala** : Simba?

**Simba** : No, I'm not the king. Maybe I was gonna be, but… that was a long time ago.

**Timon** : Let me get this straight. You're the king? And you never told us?

**Simba** : Look, I'm still the same guy.

**Timon** : {Enthusiastic} But with power!

**Nala** : {Apologetic} Could you guys… excuse us for a few minutes?

**Timon** : Hey, {taps Pumbaa} whatever she has to say, she can say in front of us. Right, Simba?

**Simba** : Hmm. Maybe you'd better go.

**Timon** : {Aghast, then resigned} It starts. You think you know a guy…

{Pumbaa and Timon pad off. Pumbaa sighs.}

**Simba** : Timon and Pumbaa. You learn to love 'em.

{Nala has her head bowed down sadly.}

**Simba** : What?… What is it?

Nala: {Quietly} It's like you're back from the dead. You don't know how much this will mean to everyone. {Pained expression}… What it means to me.

**Simba** : Hey, it's okay.

**Nala** : {Rubbing under Simba's chin, purring} I've really missed you.

**Simba** : {Startled by Nala's boldness for an instant, then reciprocating} I've missed you too.

{They are rubbing heads. We hear Timon sigh; camera switch to show them watching from the bushes.}

**Timon** : {Heavy sigh} I tell you, Pumbaa, this stinks.

**Pumbaa** : Oh. Sorry.

**Timon** : Not you. Them! Him. Her. Alone.

**Pumbaa** : What's wrong with that?

**Timon** : {Singing. Parenthetical part is spoken by Pumbaa.} I can see what's happening

{Back to normal, but still sarcastic} There's magic everywhere

And with all this romantic atmosphere

Disaster's in the air

**FS** : Can you feel the love tonight?

The peace the evening brings?

The world, for once, in perfect harmony

With all its living things.

{After walking around each other, taking in each other's movements, they stop to drink at the water.}

**Simba** : {Thinking} So many things to tell her

But how to make her see

The truth about my past? Impossible!

She'd turn away from me.

**Nala** : {Thinking} He's holding back, he's hiding

But what? I can't decide

Why won't he be the king I know he is?

The king I see inside?

*(During the Chorus the following occurs: Simba looks at Nala,*

*smiles, and runs off stage. He runs back on stage, grabs a vine in his mouth and splashes into the middle of the pond. Nala looks out over the still water. Suddenly Simba lunges up under her and pulls her in the pond playfully. She immediately comes out dripping and miffed. When Simba comes out, she pushes him back in. The scene switches to them tussling. They end up play fighting. After tumbling down a hillside, Simba ends up pinning Nala for a first. She gives him a tiny lick, resembling a kiss. Simba looks startled and stares at Nala. Close-up of Nala, as she stares back with a seductive smile. Close-up of Simba, whose expression changes from a surprised one to a comprehending one.. The two rub heads (a cat-style kiss) as the last lyrics are sung.)*

**Chorus** : Can you feel the love tonight?

The peace the evening brings?

The world, for once, in perfect harmony

With all its living things?

Can you feel the love tonight?

You needn't look too far -

Stealing through the night's uncertainties

Love is where they are.

*(Camera switches back to a tearful Timon and Pumbaa.)*

**Timon** : And if he falls in love tonight

*(Pumbaa sniffs.)*

It can be assumed -

*(Timon hugs Pumbaa, tearfully.)*

**Pumbaa** : His carefree days with us are history -

**Timon & Pumbaa** : In short, our pal is doomed.

*(They let loose crying full force.)*

POOR GUYS.

Lana: I know what would make you all feel better.

Timon: What?

Lana: I challenge you and Pumbaa to a Bug Eating Contest.

Timon and Pumbaa perked up.

Timon: You little lady are on!

Pumbaa: YEAH!

Nico: Lets bring on the bugs!

Tengu Man: Scar is ruling the Pride Lands with an iron fist, Organization XIII could attack us at any moment, the Digimon Emperor is still in Nico's head, and you guys want to do a bug eating contest right now?!

Me: Well it was long overdue and Lana has been wanting to do this for a while now.

Lana: Yeah as long as we're here we might as well have some fun.

Nico: Yeah.

Me: Besides it will be funny to see how many bugs Lana can eat. She ate all of Oogie Boogie's bugs. Remember that?

Lola: EW! How can I forget.

Me: If she can eat that many bugs twice then she is ready to take on the two most awesome and most funny Bug Eaters in all of Africa: Timon and Pumbaa.

Lana: Yep. Lets get it on!

We got all the bugs and bug meals ready. And they were really making Lana hungry.

Me: Lets get it on! Ready guys?

Lana and Timon and Pumbaa were ready.

Me: On your marks…

Nico: Get set…

Vince: EAT!

They ate lots of bug dishes and really piling on the dishes. They ate everything. Potato Bug Salad, Roach Dressing, Earthworm Spaghetti, Centipede Slaw, Glowworm Patties, Stinkbug Salad, Beetle-Kabob's, Aphids, Pinto Beetles, Fruit Fly Cocktail, Bug Chili and so much more. Lana ate more than 912 dishes full of bugs and Lana was as big as a blimp and Timon & Pumbaa ate 529 dishes full of bugs.

Me: Lana Wins!

We cheered!

Timon: Lana, you are the queen of bug eating!

Shino: (Babbles) (Faints)

FWOMP!

Shino fainted at the sight of how many bugs were eaten.

Lana: (MONSTROUS BELCH!)

Lana was stuffed and full. She got up.

Lana: Ahh! That was awesome!

Lori: And the new Bug Eating Champion is Lana Loud!

We cheered and laughed.

Me: Lana has a huge appetite. Now that she has had her little contest, lets catch up with Simba and Nala.

Laney: Okay.

We went to find them.

**Simba** : Isn't this a great place?

**Nala** : It is beautiful. But I don't understand something. You've been alive all this time. Why didn't you come back to Pride Rock?

**Simba** : {Climbing into a "hammock" of hanging vines} Well, I just needed to… get out on my own. Live my own life. And I did. And it's great. {He sounds almost as if trying to convince himself as well as Nala.}

**Nala** : {Voice catching, as though barely under control} We've really needed you at home.

**Simba** : {Quieter} No one needs me.

**Nala** : Yes, we do! You're the king.

**Simba** : Nala, we've been through this. I'm not the king. Scar is.

**Nala** : Simba, he let the hyenas take over the Pride Lands.

**Simba** : What?

**Nala** : Everything's destroyed. There's no food. No water. Simba, if you don't do something soon, everyone will starve.

Me: She's right Simba. The Pridelands are now a desolate wasteland. All the herds have left and there is no food or water. Scar is ruling the Pridelands with an iron fist and we have to stop him at all costs.

Simba: I…

Nico: Simba, I admit that Hakuna Matata is a good saying. I know a good saying too.

Simba: What's that?

Nico: With Great Power Comes Great Responsibility.

Pete: That was actually a good comeback.

Me: It sure is Pete. It's been one of my trademark sayings since I first formed my team.

Spiderman: And it was actually me that inspired you to say it because Stan Lee and I made that saying.

Me: That's true. And it is a very inspirational saying.

RD Lincoln: And we all understand what you all mean by that now.

RD Me: Yep and I've been saying it to you all for years before you went bad.

Me: You know that saying too?

RD Me: Yep. Like you guys, that saying has been with me for a long time.

Me: We really DO have so much in common.

Simba: I need to think. You can come with me if you want.

Me: Okay.

We followed Simba.

**Simba** : You can't change the past.

Me: That's true. But we can learn from the past to make it doesn't happen to anyone else.

Simba: True. {He looks up at the stars.} You said you'd always be there for me! But you're not. And it's because of me. It's my fault. It's my fault.

{He bows his head, choking back tears. The camera backs to a far view and then zooms over to Rafiki in a nearby tree. We hear his chant.}

Rafiki:

Asante sana!

Squash banana!

We we nugu!

Mi mi apana!

{Simba seems slightly annoyed by the chant. He moves away. Rafiki, elated by the sight of Simba, follows him. Simba lies down on a log over a pond. A rock disturbs the water; Rafiki, now in a nearby tree, starts his chant again.}

**Simba** : Come on, will you cut it out? {Rafiki, laughing, is doing random acrobatics in the trees nearby.}

**Rafiki** : Can't cut it out. It'll grow right back! {laughs}

Me: Rafiki!

Rafiki: Team Loud Phoenix Storm! It's great to see you all again my friends.

Jeri Katou: Same here.

Rafiki: It's always good to have friends come.

{Simba starts walking away. Rafiki follows.}

**Simba** : Creepy little monkey. Will you stop following me? Who are you?

**Rafiki** : {In front of Simba, then right in his face.} The question is: Whooo… are you?

**Simba** : {Startled, then sighing} I thought I knew. Now I'm not so sure.

**Rafiki** : Well, I know who you are. Shh. Come here. It's a secret.

Asante sana!

Squash banana!

We we nugu!

Mi mi apana!

**Simba** : Enough already. what's that supposed to mean, anyway?

**Rafiki** : It means you are a baboon - and I'm not. {laughs}

**Simba** : {Moving away} I think… you're a little confused.

Me: It's a riddle Simba.

**Rafiki** : {Magically in front of Simba again} Wrong. I'm not the one who's confused; you don't even know who you are.

**Simba** : {Irritated, sarcastic} Oh, and I suppose you know?

**Rafiki** : Sure do; you're Mufasa's boy…. Bye!

{Simba is surprised by this revelation. Rafiki disappears off stage right.}

{Cue music: "Lala" theme.}

**Simba** : Hey, wait!

{Simba chases after him and we follow. When we catch up. Rafiki is in a meditative lotus position on a rock.}

**Simba** : You knew my father?

**Rafiki** : {Monotone} Correction- I know your father.

**Simba** : I hate to tell you this, but… he died. A long time ago.

{Rafiki leaps off the rock over to a dense jungle-like area.}

**Rafiki** : Nope. Wrong again! Ha ha hah! He's alive! And I'll show him to you. You follow old Rafiki, he knows the way. Come on!

Me: Lets follow him!

{Rafiki leads Simba and us through the brush. Simba has trouble keeping up due to his size and we follow him. The music slips into African chant.}

**Rafiki** : Don't dawdle. Hurry up!

**Simba** : Hey, whoa. Wait, wait.

**Rafiki** : Come on, come on.

**Simba** : Would you slow down?

{Rafiki is seen flitting through the canopy ahead of Simba and us, laughing hollowly and whooping. Simba struggles to keep up. Suddenly, Rafiki appears with his hand held up right into Simba's face.}

**Rafiki** : STOP!

{Rafiki motions to Simba near some reeds and we stop too.}

{He parts the reeds and points past them with his staff.}

Rafiki: Look down there. {Simba quietly and carefully works his way out. He looks over the edge and sees his reflection in a pool of water He first seems a bit startled, perhaps at his own mature appearance, but then realizes what he's looking at.}

**Simba** : {Disappointed sigh} That's not my father. That's just my reflection.

**Rafiki** : Noo. Look harder.

{Rafiki motions over the pool. Ripples form, distorting Simba's reflection; they resolve into Mufasa's face. A deep rumbling noise is heard.}

**Rafiki** : You see, he lives in you.

{Simba is awestruck. The wind picks up. In the air the huge image of Mufasa is forming from the clouds. He appears to be walking from the stars. The image is ghostly at first, but steadily gains color and coherence.}

**Mufasa** : {Quietly at first} Simba…

**Simba** : Father?

Me: Mufasa?

We saw Mufasa appear in the clouds.

Me: Mufasa!

Mufasa: J.D. Knudson and Team Loud Phoenix Storm. It's good to see you all again.

Me: Same to you. Simba needs some guidance.

**Mufasa** : Indeed. Simba, you have forgotten me.

**Simba** : No. How could I?

**Mufasa** : You have forgotten who you are, and so have forgotten me. Look inside yourself, Simba. You are more than what you have become. You must take your place in the Circle of Life.

Me: You have to take your place as King of Pride Rock. It's your destiny.

**Simba** : But how can I go back? I'm not who I used to be.

**Mufasa** : Remember who you are. You are my son, and the one true king.

Me: That's right Simba. You are the son of Mufasa and the true heir to the throne of Pride Rock. You are the true king of the Pridelands.

Mufasa: That's right. You must remember who you are. The One True King.

Simba: I'm sorry. I don't know how to be like you.

Mufasa: As king I was proud of one thing: Having you as my sun.

Simba: That was a long time ago.

Mufasa: No Simba. That is forever.

{Close up of Simba's face, bathed in the golden light, showing a mixture of awe, fear, and sadness. The image of Mufasa starts to fade.}

**Mufasa** : Remember who you are.

{Mufasa is disappearing rapidly into clouds. Simba runs into the fields trying to keep up with the image.}

**Simba** : No. Please! Don't leave me.

**Mufasa** : Remember…

**Simba** : Father!

**Mufasa** : Remember…

**Simba** : Don't leave me.

**Mufasa** : I never left you and never will. Remember who you are. (Fades) Remember…

{Simba is left out in the fields. There is just a cloud left where his father's image was. The wind tosses the grass restlessly. Rafiki approaches.}

**Rafiki** : What was THAT? {laughs} The weather- Pbbbah! Very peculiar. Don't you think?

Me: Yeah. But that was an epic sight.

Nico: It sure was.

**Simba** : Yeah. Looks like the winds are changing.

**Rafiki** : Ahhh. Change is good.

**Simba** : Yeah, but it's not easy. I know what I have to do. But, going back means I'll have to face my past. I've been running from it for so long.

{Rafiki whacks Simba on the head with his staff.}

**Simba** : Oww! Jeez- What was that for?

**Rafiki** : It doesn't matter; it's in the past! {laughs}

**Simba** : {Rubbing head} Yeah, but it still hurts.

**Rafiki** : Oh yes, the past can hurt. But the way I see it, you can either run from it, or… learn from it.

{He swings at Simba with his staff again. This time Simba ducks.}

**Rafiki** : Hah, you see! So what are you going to do?

**Simba** : First, I'm gonna take your stick.

{Simba tosses Rafiki's staff to the side.}

**Rafiki** : No, no, no, no! Not the stick!

{As Rafiki picks up his staff.)

Me: And now he's gonna go back

Simba: That's right! I am Simba! Son of Mufasa and the True King of The Pridelands! (ROARS)

Jeri Katou: (Lion Roar)

Me: Lets go!

We were off to the Pridelands!

**Rafiki** : Good! Go on! Get out of here! {laughs, hoots, n' hollers. As he holds his staff above his head, a few shooting stars zing across the sky. Music rises into celebratory "Busa" theme:}

**BS** : Busa le lizwe

Busa le lizwe

Busa le lizwe

Busa lomhlaba

Sabusa le lizwe

Sabusa le lizwe

Sabusa le lizwe

Busa lomhlaba

{Camera switch to Timon and Pumbaa sleeping. Timon is curled up on Pumbaa; Pumbaa is lying on his back. Both are snoring. In his snore, Pumbaa occasionally mumbles "Grubs, grubs." Nala approaches and taps Timon with a paw.}

**Nala** : Hey. Hey, wake up.

{Timon wakes up and see a huge lion face in his view. He starts screaming and Pumbaa joins in.}

**Nala** : It's OK. Whoa, whoa. It's OK. It's ME.

**Timon** : Don't ever do that again! Carnivores, oy!

**Nala** : Have you guys seen Simba?

**Timon** : {Holding a hand to his head} I thought he was with you.

Nala: He was, but now I can't find him. Where is he?

{We hear Rafiki's laugh; he's sitting in a tree above them.}

**Rafiki** : Ho, ho, ho, ho. You won't find him here. Ha ha. The king… has returned.

**Nala** : {Quietly} I can't believe it. {louder, amazed} He's gone back.

**Timon** : Gone back? What do you mean. {Looks where Rafiki was; Rafiki is now gone} Hey! What's goin' on here? Who's the monkey?

**Nala** : Simba's gone to challenge Scar.

**Timon** : Who?

**Nala** : Scar.

**Pumbaa** : Who's got a scar?

**Nala** : {Shaking head} No, no, no. It's his uncle.

**Timon** : The monkey's his uncle?

**Nala** : No! Simba's gone back to challenge his uncle to take his place as king.

**Timon and Pumbaa** : Ohhh.

{With accompanying music (a restatement of the "Busa" theme), we see a far shot of Simba and us charging full speed across the desert. A layover is faded in of Simba's feet and our feet pounding the sand.}

{Simba slowly crosses the desolated land. He reaches the lip of a cliff and looks out over his former home. Mostly lacking in a human's life, it is painted in grays. Seeing the desolation, a look of determination, even fury, appears on Simba's face.}

Me: Whoa! This is worse than we thought.

Nico: Yeah. No kidding.

**Nala** : Simba, wait up! {She trots up next to him on the ledge}… It's awful, isn't it?

Me: Yeah. Worse than what we saw before.

**Simba** : I didn't want to believe you.

**Nala** : What made you come back?

**Simba** : I finally got some sense knocked into me. And I've got the bump to prove it. Besides, this is my kingdom. If I don't fight for it, who will?

**Nala** : I will.

Me: We all will.

**Simba** : It's gonna be dangerous.

**Nala** : {Quoting young Simba} Danger? Ha! I laugh in the face of danger. Ha ha ha ha…

Me: (Chuckles)

**Timon** : I see nothing funny about this…

**Simba** : Timon? Pumbaa? What are you doing here?

**Pumbaa** : {Bowing on one foreleg} At your service, my liege.

**Timon** : Uh. We're going to fight your uncle… for this?

**Simba** : Yes, Timon; this is my home.

**Timon** : Eeh! Talk about your fixer-upper! Well, Simba, if it's important to you, {bows} we're with you to the end.

Me: We're with you too Simba and we're going to take back the Pridelands.

{Simba smiles appreciatively. Nice scene with the four of them on the ledge viewing the work ahead of them.}

{Camera switches to us, Simba, Nala, Timon, and Pumbaa sneaking up to the edge of Pride Rock. From behind a log, they observe close up the hordes of hyenas.}

**Timon** : Hyenas. I hate hyenas.

Me: (Whispering) There's thousands of them.

Timon: {To Simba, whispering} So what's your plan for gettin' past those guys?

**Simba** : Live bait.

**Timon** : Good idea! {Realizing} Heeey.

**Simba** : Come on, Timon- you guys have to create a diversion…

Nico: (Whispering) It's the only way.

**Timon** : {Incredulous} What do you want me to do? Dress in drag and do the hula?

{The camera then switches to Timon in a hula outfit. The music that would be sung is The Hawaiian War Chant much like if it were the Spike Jones arrangement. Pumbaa is then set up like a roast pig, even with an apple in his mouth. Jungle drums sounds.}

**Timon** : Luau!

If you're hungry for a hunk of fat and juicy meat,

Eat my buddy Pumbaa here because he is a treat

Come on down and dine,

On this tasty swine,

All you have to do is get in line.

{Parenthetical parts are Pumbaa singing; the apple is now at his own feet.}

Aaaare you achin',

(Yup, yup, yup)

Foooor some bacon?

(Yup, yup, yup)

Heeee's a big pig,

(Yup, yup)

You could be a big pig too.

Oy…

{They then both run off screaming to lead some of the hyenas away. Simba and Nala and all of us then make it by.}

**Simba** : Nala, you find my mother and rally the lionesses. {determinedly} We'll look for Scar.

{Simba is making his way up Pride Rock.}

(Thunder rumbles)

**Scar: " *SARABI!* "**

Scar shouted so loud that his mother's name echoed back and forth and Simba gasped as he saw his beloved mother walk through the crowd of growling hyenas and towards the top where Scar was. Simba frowned. Sarabi looked much older, malnourished and very unhealthy. How could he have turned his back on her?

**Sarabi** : Yes, Scar?

**Scar** : Where is your hunting party? They are not doing their job.

**Sarabi** : {Calmly} Scar, there is no food. The herds have moved on.

**Scar** : No. You're just not looking hard enough.

**Sarabi** : It's over, Scar. There is nothing left. We have only one choice. We must leave Pride Rock

**Scar:** We're not going anywhere.

**Sarabi** : Then you have sentenced us to death.

**Scar** : Then so be it.

**Sarabi** : {Disgusted, amazed} You can't do that.

**Scar** : I'm the king. I can do whatever I want.

**Sarabi** : If you were half the king Mufasa was you would've never -

{Scar hits Sarabi, knocking her to the ground.}

**Scar** : I'm ten times the king Mufasa was!

An energy laser fired from offscreen and it hit the ground by Scar and it was from Nico.

We landed by him.

Me: Scar you will pay for your crimes!

Nico: And for that scratch you gave me!

Scar: (to Nico) Come back for more, Chan?

Nico: FYI, I let you scratch me that time.

Ramjet: (to the other Lions) You can relax now. Your savior is here!

THUNDERCLAP!

Scar saw Simba!

THUNDERCLAP!

Simba came down.

Scar: Mufasa! No! You're dead!

Me: You may want to rethink who you're talking to!

Sarabi saw Simba.

Sarabi: Mufasa?

Simba: No. It's me.

Sarabi: Simba? You're alive? How can that be?

Simba: It doesn't matter. I'm home.

**Scar** : {Confused} Simba…? {back in form} Simba! I'm a little surprised to see you, {giving the hyenas above him an angry look} alive…

{On the word "alive," Shenzi, Banzai, and Ed gulp audibly and slink into the shadows.}

I looked at the three hyenas and told nudged my head for them to come to us.

**Simba** : {As Sarabi looks on with some pride} Give me one good reason why I shouldn't rip you apart.

Me: You better start praying that we don't kill you where you stand.

**Scar** : (Backing into a wall, apologetic) Oh, Simba, you must understand. The pressures of ruling a kingdom…

**Simba** :… Are no longer yours. Step down, Scar.

**Scar** : Oh, oh, ye - Well, I would, heh, naturally, heh - however, there is one little problem. You see them? {pointing to the horde of hyenas on the rocks above} They think I'M king.

{Nala appears with the rest of the lionesses.}

**Nala** : Well, we don't. Your reign is over Scar. Simba is the rightful king.

Me: That's right! We're taking the throne you stole from Simba back! He's the TRUE King. You aren't.

**Simba** : The choice is yours, Scar. Either step down or fight.

Me: I choose fight.

**Scar** : Oh, must it all end in violence? I'd hate to be responsible for the death of a family member. Wouldn't you agree, Simba?

**Simba** : That's not gonna work, Scar. I've put it behind me.

Me: All you are is nothing but a liar.

Eli: YEAH!

**Scar** : Eh, but what about your faithful subjects? Have they put it behind them?

**Nala** : Simba, what is he talking about?

**Scar** : {Delighted} Ahh, so you haven't told them your little secret. Well, Simba, now's your chance to tell them. Tell them who is responsible for Mufasa's death!?

{Scar's last line causes the lionesses to start. All are concentrating on Simba.}

**Simba** : {Steeling himself, then taking a step forward} I am.

{Sarabi approaches her son.}

**Sarabi** : {With much grief} It's not true. Tell me it's not true.

**Simba** : {Regretfully} It's true.

Me: No! No it's not true!

**Scar** : You see! He admits it! Murderer!

THUNDERCLAP!

{Lightning crashes behind Scar's head to punctuate the line.}

**Simba** : No. It was an accident.

{Scar walks around and around Simba as he accuses him; very nicely done animated rotation.}

**Scar** : If it weren't for you, Mufasa would still be alive. It's your fault he's dead; do you deny it?

**Simba** : No.

**Scar** : {Severely} Then… you're… guilty.

**Simba** : No. I'm not a murderer.

THUNDERCLAP!

**Scar** : Oh, Simba, you're in trouble again. But this time, Daddy isn't here to save you. And now EVERYONE.. KNOWS… WHY!

Then a huge Heartless appeared and it was a GROUNDSHAKER!

Mercurymon: (sees the Groundshaker Heartless) That's a big Heartless!

Me: The Groundshaker!

Simba slipped and was clinging to the edge of Pride Rock!

Nala: SIMBA!

Me: SIMBA!

Eli: SIMBA!

Lightning struck a tree on the ground and set the dead trees in the area on fire!

Scar: Now this looks familiar. Hmm. Where have I seen this before? Let me think. Hmmm… hmmm. Oh yes, I remember. This is just the way your father looked before he died.

(Scar grabs Simba with his claws as he did Mufasa. He whispers into Simba's ear.)

Scar: And here's MY little secret: I killed Mufasa.

(Simba has a quick memory flash back to that fateful instant. His voice blends with his younger voice in the scream of when his father died. In one giant leap he lunges up and pins Scar on his back. Scar is caught completely by surprise and is understandably very nervous and shaken.)

Simba: NoooooOOOO!… Murderer!

Scar: No, Simba, please.

Simba: Tell them the truth!

Scar: Truth? But truth is in the eye of the behold - llgkkk.

(Simba starts to choke Scar.)

Eli: TELL THEM NOW!

Scar: All right. All right. (quietly, venomously) I did it.

Simba: So they can hear you.

Nico: Speak Louder!

Scar: (Grudgingly, but clear) I killed Mufasa!

Me: TAKE HIM DOWN!

We attacked!

{Nala starts towards Scar, the hyenas attack Simba in a wall of teeth. The lionesses join in. We see Pumbaa and Timon come in. Pumbaa is charging with Timon riding him. Hyenas are flying everywhere.}

We were slashing, blasting and blowing Hyenas all over the place.

**Timon and Pumbaa** : Heeeyyyy-yaaaaah!

**Timon** : 'Scuse me. Pardon me. Comin' through. Hot stuff. Whoo!

{Bowling strike sound effect as hyenas fly. Rafiki whacks a hyena off Simba. Camera switch to him; with a battle scream, he joins the fray. As a bit of comic relief, Rafiki is fighting in kung-fu "B-movie" style, complete with cheesy sound effects.}

**Rafiki** : {As he hits various hyenas} WwwA! Hozah! Hazoww! Yaa! Yah! hhyEEOOWww!

I punched and kicked a bunch of Hyenas and smashed a bunch of Hyenas all over the place.

Lincoln blasted a bunch of Hyenas with lightning blasts all over the place.

Toyman, Electrocutioner, Zs'Skayr, Avalanche, Kyd Wykkyd and Titanium Titan appeared.

Me: (Slashes a bunch of Hyenas) Toyman, Electrocutioner, (Fires blasts of fire at a bunch of Hyenas) Avalanche, Kyd Wykkyd and

Titanium Titan!

I ducked a couple of hyenas collided in midair.

Avalanche: Looks like one helluva battle is going on!

Maria: How much of that did you guys hear?

Electrocutioner: Pretty much everything.

Toyman: Including the part where Scar admitted to killing Mufasa?

Zs'Skayr: (to Simba) But don't worry. Your father will see you again after Scar's taken care of.

Me: We would love to talk… (Slashes a Hyena) But we have our hands full here!

Nico: (Kicks a hyena) Yeah!

Lincoln: (Fires Lightning Blasts at the Hyenas)

Electrocutioner: Looks like our usual battles are with the hyenas.

Zs'Skayr: Yep. Lets help out!

They helped us out.

Devastator was blasting the Groundshaker all over the place with incredible fury!

?: Let me help too!

A figure came out and it was TOOYA from episodes 1 and 2 of Power Rangers Samurai!

---

**Tooya** is a face-themed Nighlok and the first of his kind to be faced by the Samurai Power Rangers, the first monster of *Power Rangers Samurai* and is overall, the very first monster in the entire *Power Rangers Samurai* series. He is also the first monster in the Neo-Saban Era. He serves as the main antagonist of the first part of the two-part pilot episode of *Power Rangers Samurai "Origins"* .

Tooya is the first Nighlok, to appear, armed with a pair of swords that double as guns. He was sent by Master Xandred to gather human fears and despair to make Sanzu River rise. Tooya attacked Panorama City and ambushed people, but then he encountered New Samurai Rangers. After brief fight, he was destroyed by Jayden's Fire Smasher. He then returned and grew as Mega Monster and fought the Rangers' Folding Zords, but was finally destroyed by Lion Folding Zord's Fire Attack.

---

Jayden: Tooya! (Blasts a bunch of hyenas!)

Tooya blasted a bunch of hyenas.

Tooya: Looks like you all have your hands full.

Me: I remember you! (Slashes a bunch of Hyenas) You were the first Nighlok to be destroyed by the Samurai Rangers and you were sent to gather fear and despair to make the Sanzu River rise.

Tooya: That's right. Good memory on you.

Me: Never missed an episode.

I blasted a hyena about to jump onto Tooya.

Tooya: (to me) Thanks. Mistress Vypra wants to know which of my fellow monsters you want reused for the usual battles. Rotox is already one of them.

Me: (slashes a bunch of hyenas and blasts them with fire) I'm always up for that Tooya. It's fun facing you guys. But there are so many to choose from.

Tooya: Cool!

Nico: (Blasts a bunch of hyenas with ice rays) Right on!

Me: Yeah. But I'll let you know which one to choose later.

{Camera switch to Timon running from Shenzi. He runs into the cave. Zazu spots him. Timon runs into his cage for safety from the hyenas.}

**Zazu** : Let me out! Let me out!

Timon: Let me in! Let me in! {To the hyenas, pleading}… Ple-he-hease don't eat me.

{Pumbaa appears at the cave's entrance.}

**Pumbaa** : Problem?

**Banzai** : Hey, who's the pig?

**Pumbaa** : Are you talking to me?

**Timon** : Uh oh. They called him a pig…

**Pumbaa** : Are you talking to me?!

**Timon** : Shouldn't 'a done that.

**Pumbaa** : ARE YOU TALKING TO ME?!

**Timon** : Now they're in for it.

**Pumbaa** : They CALL me… MIIISTER PIG! AAAAAHHH…

{Pumbaa charges and drives the hyenas off.}

**Timon** : Take that! And that! {etc.}

**Banzai** : Ow ow ow ow ow ow ow…

**Pumbaa** : Take that! And that! {etc.} You yellow belly…

**Zazu** : Take that, you stupid… {etc.}

{They start the Arsenio Hall "Ooh, ooh" chant.}

The scene switches to the battles with the hyenas.

Electrocutioner: (to Emerald Goldenbraid) How is it even possible that a wildebeest stampede is strong enough to kill Mufasa?!

Emerald: (Slashes a bunch of Hyenas) Wildebeasts live in a huge herd in the tens of thousands from what Syd read to us in her books.

Fluttershy: (Uses stare on a bunch of Hyenas) And they live in a tight herd)

Discord: (Turns a bunch of hyenas into chocolate and candy) And when they move they move all as one and it's enough to make the ground shake.

Mage Meadowbrook: (Fires energy blasts at a bunch of Hyenas that makes them furless) Yeah and they have all that power as one.

Electrocutioner: (Fires lightning and electrocutes a bunch of hyenas) That makes sense.

Runo: (Fires light blasts at hyenas) Yeah. They are strong in numbers.

Blade Tigrerra slashes a bunch of hyenas.

Blade Tigrerra: Yeah. And fast too.

Dirge blasted many hyenas all over and Ramjet blasted them too.

Dirge: Yeah. They are tough too.

Ramjet: Yep.

Zs'Skayr: (to Iron Boy) If Jock ever gets out, he's probably going to use an evil version of your suit.

Edd: (Blasts a bunch of hyenas) Agreed and that is gonna be something we must be ready for.

Vinyl Scratch: (Blasts a bunch of hyenas with powerful music blasts) (Gives the thumbs up)

Pinkie Pie blasted a bunch of hyenas with her confetti cannons.

Pinkie Pie: YEAH! But that version of Edd will be in for a rotten surprise!

Somnambula blasted a bunch of Hyenas with Ra fire blasts.

Somnambula: (Egyptian Accent) Indeed he will!

Shun and Storm Skyress blew a bunch of Hyenas away with powerful wind blasts.

Shun: You got that right!

Storm Skyress: We have to be ready for anything though.

Zs'Skayr: (Blasts a bunch of hyenas with dark energy blasts) You bet.

Soundwave and Shockwave blasted the hyenas all over the place and more.

Toyman: (to Carter) At least the good Maleficent has her wings back.

Carter: (Blasts a bunch of hyenas with his Thermo Blaster) That is a good thing. Saves us the trouble of having to go into the castle to get them.

Apple Bloom: (Kicks a hyena) It sure does.

Frozen Fright: (Freezes a bunch of hyenas into ice cubes) Yeah and Stefan is gonna be in for it when we face him.

Sweetie Belle: (Blasts a bunch of hyenas with her magic) Yeah! He had better watch out!

Thunder Terror: (Blasts a bunch of Hyenas with lightning) We're gonna be after him like a Ghost Ship.

Scootaloo used her speed and flight and flew and blew a bunch of hyenas away and blasted them with rainbow blasts!

Scootaloo: Yeah!

Toy Man: That was impressive. (Blasts a bunch of hyenas.)

Magma Gloom: (Melts a bunch of hyenas with lava blasts) It was. Nice moves kid.

Scootaloo: Rainbow Dash said the same thing.

Toxic Horror blasted a bunch of Hyenas with atomic blasts.

Toxic Horror: She taught you well.

Diamond Tiara: (Encases Hyenas in Crystal) She sure did.

Dan fired a fire blast and burned a bunch of Hyenas.

Dan: She sure did.

Drago blasted them all over.

Drago: Yeah!

Pharaoh Man and Turbo Man blasted a bunch of Hyenas all over the place and more.

Avalanche: (to Pohatu) Did Lana really eat bugs today?!

Pohatu: Tons of them! (Smashes a bunch of hyenas with stones) You should've seen how many she ate.

Applejack kicked numerous Hyenas all over the place.

Applejack: Girl was hungrier than a bunch of cows in a tall grass meadow. She ate 912 plates full of bugs and beat Timon and Pumbaa.

Apple Fritter blasted many Hyenas with apples all over the place and knocked them down.

Apple Fritter: And Shino fainted and he was quivering in fear.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

We got a massive boost in power from the Heartless.

Nico: That's it for that Heartless.

Me: It's not over yet! (Points to Scar) We have to deal with Scar!

Jeri: Me and Simba will get him!

THUNDERCLAP!

The scene switches to Jeri and Simba chasing Scar up to the high point of Pride Rock. Scar runs up to the edge and sees the sheer drop. Simba and Jeri leaps up through the wall of fire to confront him at the cliff-like edge. Scar is very apprehensive, seeing he is cornered and at Jeri and Simba's mercy.}

**Simba** : {Quietly, severely} Murderer.

Jeri: It's over for you Scar!

**Scar** : Simba, Simba. Please. Please have mercy. I beg you.

**Simba** : You don't deserve to live.

Jeri: After all you've done, death is your only punishment.

**Scar** : But, Simba, I am… ah… {unsure of his tactic} family. It's the hyenas {regaining composure} who are the real enemy. It was their fault - it was their idea!

{Shenzi, Banzai, and Ed are in the background. They overhear and back away growling at Scar's betrayal.}

Shenzi, Banzai and Ed knew that I was right. Scar threw them all under the bus to save his own skin.

**Simba** : Why should I believe you? Everything you ever told me was a lie.

Jeri: You used lies and cheated your way to power and that makes you the worst ever.

**Scar** : What are you going to do? You wouldn't kill your own Uncle…? {ingratiating grin}

**Simba** : No, Scar. I'm not like you.

**Scar** : {Greatly relieved} Oh, Simba, thank you. You are truly noble. I'll make it up to you, I promise. How can I, ah, prove myself to you? Tell me; I mean, anything.

**Simba** : {Gravely, with deep anger} Run. Run away, Scar. And never return.

**Scar** : Yes. Of course. As you wish… {looking down and seeing a pile of hot coals}… your Majesty! {Scar swipes the coals into Simba's face. With a cry of surprise and pain, Simba paws the coals away as Scar leaps and attacks.}

{There is a fight in slow motion. Both Scar and Simba land heavy blows. Jeri smashed Scar with her staff and kicked him in the face.}

Jeri: YOU CAN'T WIN SCAR!

Scar: THIS IS MY KINGDOM! MY DESTINY!

SMASH!

Jeri bashed Scar in his face with her staff and kicked him in the stomach!

Jeri: IT WAS NEVER YOUR KINGDOM!

Simba slashed Scar in his face!

Jeri: LIONHEART THUNDERSTRIKE!

Jeri fired a massive blast of yellow lightning and it hit Scar and exploded!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Simba: You killed my father and you will pay for it! KINGDOM OF PRIDE ROCK BLAST!

Simba fired an energy and fire blast and it hit Scar and exploded!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

{Simba gets knocked on his back by Scar. Scar leaps through the flames at him. Simba gathers courage and uses Scar's momentum in a "throw" similar to Nala's fighting tactics to send him flying over the edge. Scar tumbles to the bottom. He weakly gets up. He sees Banzai, Shenzi, and Ed approaching and smiles. Ed has a very angry look on his face.}

**Scar** : Ahh, my friends.

**Shenzi** : (laughs) Friends? I thought he said we were the enemy!

**Banzai** : Yeah, that's what I heard.

**Banzai and Shenzi** : Ed?

**Ed** : {Laughs evilly}

We all walked up to Scar.

Me: It's Over for you Scar.

I snapped my fingers and made his fur into a pelt.

Me: The Pridelands were all never yours to begin with. This is Simba and Mufasa's kingdom and you are not Welcome Here!

We blasted Scar and obliterated him in an instant!

His spirit then appeared.

Me: You are not welcome in our universe. (Holds hand to his face) HAKAI!

I banished him to the Warp!

Me: That's the end of Scar. But it's not over yet. I sense Organization XIII coming.

A Dark Corridor opened and out of it came MARLUXIA THE GRACEFUL ASSASSIN!

---

**Marluxia** is a member of the original Organization XIII and a major antagonist of the *Kingdom Hearts* video game franchise. He is the Nobody of **Lauriam**, an Union leader of the Dandelions. He wields a scythe and the power of flowers, which represent death as opposed to how they represent Cure magic in the games for all the other characters. Marluxia, along with Larxene, another Organization XIII member, schemes to overthrow Xemnas, with the help of Sora, so they can become the leaders.

In the original Japanese version, he was voiced by Shūichi Ikeda. In the English dub, he was voiced by Keith Ferguson, who also voices Flintheart Glomgold in the *DuckTales* reboot series.

Lauriam, Marluxia's original self, was a Keyblade wielder seemingly chosen by Master Ava to lead the Dandelions during the First Keyblade War. He was one of the five leaders, alongside Ventus, Brain, Ephemer, and Skuld. He appeared shortly after an unknown person murdered his sister Strelitzia, a Keyblade Wielder also chosen by Master Ava to lead the Dandelions, stole her book, and took her place amongst the leaders. Looking for answers behind Strelitzia's death, Lauriam seeks the aid of fellow Keyblade wielder Elrena (Larxene's original self).

Before *Kingdom Hearts 358/2 Days*

At an unknown point in time, Lauriam succumbed to darkness, turning his heart into a Heartless. However, his will was so strong it left behind a Nobody, who was recruited into the Organization by Xigbar and Xaldin.

*358/2 Days*

Marluxia appears as a playable character in *Kingdom Hearts 358/2 Days*, and teaches Roxas a few things about fighting.

*Chain of Memories*

Marluxia makes his first offical appearance as the main antagonist of Sora's story mode.

After the events of the first game, Sora, Donald, and Goofy are wandering a long road. In the middle of the night, a hooded Marluxia appears and leads them to Castle Oblivion. Once inside, he takes all of their memories, and puts them into cards, weakening the party. He then teaches them how to use the cards, and then leaves after giving them a card that allows then to revisit a world from their memories.

As the game goes on, it is discovered that Marluxia has gotten fellow members of the Organization Axel and Larxene to help him conspire against the leader of the Organization, Xemnas. To do this, he wishes to use Naminé to twist Sora's memories, turning him into a slave of the Organization, so that the power of the Keyblade could be theirs. However, Vexen is killed by Axel after his defeat against Sora to prevent him of revealing their plans, Larxene is killed by Sora, Goofy and Donald, and Axel betrays him, leaving him the last person in the conspiracy.

Sora makes it up to the floor with Naminé, and after a short talk Marluxia reveals himself, and demands that Naminé use her powers to crush Sora's heart, but Naminé refuses, and Marluxia fights Sora. Sora is able to overpower him, but he then reappears and reveals that the Marluxia he fought was an illusion and flees into the highest room in the Castle, awaiting Sora with a reaper machine to help him fight. After that he fights Sora with an angel-like Nobody, which is the ultimate proof of his powers. In the end, Marluxia still falls at Sora's hands and is destroyed, fading away.

### *Kingdom Hearts II Final Mix*

Marluxia's spirit remains as a special kind of Nobody, called an Absent Silhouette, and manifests itself inside the Beast's Castle in the Beast's room after Sora convinces the Beast to take back Belle and the rose from Xaldin. If Sora chooses to investigate the Silhouette, Marluxia reappears and engages Sora in a hectic rematch, but is defeated. A data replica of Marluxia also appears in the Cavern of Remembrance.

### *Kingdom Hearts III*

Marluxia returns in *Kingdom Hearts III* as part of the real Organization, despite his attempts of overthrowing the original. His eyes are now golden, therefore implying that he has become a vessel of Xehanort. He first appears in Corona, offering to help Gothel find Rapunzel (Taking the role of the Stabbington Brothers from the film). Later, he appears to Sora and reintroduces himself, and comments on their past encounter, even though Sora has no memory of it. He then claims that the Organization seeks to compliment the light, and that Rapunzel is the light of Corona. Later, he kidnaps Flynn, then ties him to a boat with Rapunzel's crown in matter that made it look like he was abadoning her. He then confronts the Princess and claims that Flynn has robbed her. Rapunzel doesn't believe him and runs, only to encounter Gothel who dispatches Marluxia's nobodies. Rapunzel, now starting to believe Marluxia's lies, returns to Gothel, in tears. Marluxia then confronts Sora and reveals that Gothel keeps Rapunzel prisoner, and that this serves Xehanort's goals by "preserving" her, because she is one of the seven new Princesses of Heart. Sora tries attacking Marluxia, but he knocks Sora out. Later, after Gothal disentigrates, Marluxia transforms her remains into a heartless.

Marluxia later met with his old partner-in-crime Larxene where she suggested another coup of the Organization. This time, however, Marluxia rejected the idea, reiterating that despite their previous betrayal of the Organization, Master Xehanort brought them back to be his vessels and nothing more. He also was aware that Saïx had brought Vexen on board to continue their plan on using replica's for the Organization, stating that the replicas (as in the case with Dark Riku) were human enough to join their ranks, Marluxia remained unaware of Saix and Vexen's true intentions on using the replica program. He and Larxene were both present with Demyx and Luxord when their old superior Xemnas revealed to them why they were all chosen as vessels for the real Organization XIII: their past connection to the Keyblade legacy. When the Second Keyblade War begins with the real Organization XIII and the Guardians of Light, Marluxia, Larxene, and Luxord gang up on King Mickey before Sora intervenes. After Marluxia is defeated, he seems to regain his forgotten memories of his past life before becoming a Nobody, laughing at the irony of how he just now remembers what is important to him. Having remembered his true purpose, Marluxia thanks Sora before fading away and presumably being recompleted as Lauriam again.

---

Me: Marluxia!

Nico: Looks like you are here for a fight.

Marluxia: That's right. I came here to kill all of you.

Laney: I would like to see you try.

Marluxia: If you mistake me for a girl, I will make your deaths painful.

Eddy: Then I guess our deaths are going to be painful. Because you DO look like a girl! Especially with that pink hair.

Marluxia growled!

Laney walked up to him and in a stream of flowers she called her scythe.

Marluxia: So you will be the first to die?

Laney: Oh I'm not going to die. YOU are. And I'm going to make your death excruciatingly painful.

A ring of flowers formed around Laney's feet.

Suddenly a massive explosion of flowers and a vortex of leaves and flowers enveloped Laney and shot high into the sky and it formed into an Angel of Flowers and we heard the divine singing of angels grace the skies. Stellar energy and stardust flew into the Angel and Laney's energy was rising at an astronomical level. The angel went back down to the world and the vortex faded and Laney was now forever changed! She had the appearance of a 21-year-old girl and she had longer brown hair in a braided ponytail and she had an angel and butterfly hair clip in her braid with a bow on it. She had rainbow flowers flying in the sclera of her eyes and she had a flower with the kanji for Flower emblazoned in the middle of her forehead and she had earrings in the shape of the kanji of Flower. She had a rainbow flower shirt and her scarf was wrapped around her waist and she had a plaid rainbow kilt and had plaid rainbow leggings and rainbow boots. She had a sleeveless rainbow flower trench coat on and it had the kanji for Lania Marie Loud - Champion of Gaia and the Master of Flowers, Plants, Nature and Amazing Voice of Reason on the back. She had angel wings that were of Rainbow Flower Petals and her aura was green and flowing with flowers and leaves and she had her scythe in her hands. She was now a SUPER ANGEL 25,000,000 FLOWER GAIA NATURE!

Me: WHOA! Laney you look amazing!

Lincoln: Wow! Laney, how do you feel?

Laney: (Divine Angelic Older Voice) **I feel incredible Lincoln. I am a true angel of Nature now.**

Lana: WHOA! Lanes you look amazing!

Luna Loud: You sure do dude! Wow!

Laney: **Thanks guys. Now it's time for me to show how strong the power of nature is.**

Laney turned her sights to Marluxia.

Laney took off faster than a bullet fired from a gun and kicked Marluxia in the face and sent him flying and she slashed him all over with her scythe and kicked him all over. Laney then fired flower blasts and they hit Marluxis all over and exploded and they really hurt. Marluxia fired a bunch of vines and flowers and Laney slashed them all over the place and destroyed them and she teleported and slashed Marluxia all over and kicked him in the face and sent him crashing into the ground!

KRABLAM!

Laney landed and saw Marluxia screaming in pain as he was dying and he was clutching his head in pain.

Laney: **You will never be welcome in any part of nature.** (Holds hand up to him) **HAKAI!**

Laney banished him to the Warp.

Laney: Good riddance.

We cheered wildly for her!

Nico: YEAH!

Sam S.L.: ROCK ON LANES!

Lincoln: YEAH!

{Rain opens up and douses the fire. Simba comes down and greets his mother and Nala.}

Me: We've now seen the last of Scar and Marluxia.

Nico: Yep. 3 down and 10 to go.

Me: Next up is Luxord and I have a feeling I know which world he will appear in next.

Sora: Yep. The world of Pirates of The Caribbean: The Curse of The Black Pearl.

Me: The 1st Pirates of The Caribbean movie. This is gonna be interesting.

Nico: Yep.

Shenzi: Yeah. We never liked working for Scar. Our alligeance is with you now J.D.

Me: Awesome.

Mufasa: (to Shenzi, Banzai, and Ed) Here's your chance to do the right thing. If you do, I promise you'll know why Nico has been acting vicious lately.

Shenzi: Deal!

Banzai: We promise we'll be good from now on.

Shenzi and Banzai: Ed?

Ed agreed by nodding.

We told them everything.

They gasped.

Shenzi: Oh man! We're sorry Nico. We didn't know.

Nico: It's all right.

Rafiki motions for Simba to ascend Pride Rock as king. Simba starts up and pauses to hug Rafiki as his father did.

**Rafiki** : It is time.

{Very majestically, he ascends through the rain. Music is strong. Through a hole in the clouds we can see a patch of stars. One bright star shines out briefly.}

**Mufasa** : Remember…

{Simba's expression gains confidence and strength. He roars. The lionesses and Jeri and Leomon roar in reply. Time switch to the savannah in full bloom again. Cue "Busa" theme:}

**BS** : Busa le lizwe

Busa le lizwe

Busa le lizwe

Bus-busa ngo xolo

{Obscured verse}

**MS** : Se-fi-le

Baba ti-tabo

{Simba, Timon, Pumbaa, and Nala are on Pride Rocl and we are flying beside them. Zazu flies up to the point. Timon, of course, is shaking his arms in the classic victory sign. All the groups of herds are there and making noise as in the presentation of Simba.}

**BS** : Ingonyama nengw' enamabala

Ingonyama nengw' enamabala

**MS** : (ngw' enamabala-wa)

**Full Chorus** : Till we find our place

On the path unwinding

In the Circle

The Circle of Life

Circle of… Liiife

{Rafiki appears, holding a lion cub, Little Kiara. He lifts the cub to present to show the crowd. Bass drum hit and black out to title in red lettering as in the beginning. The Circle is completed.}

Me: AWESOME!

Nico: So cool!

Laney: Little Kiara is so adorable.

Simba: She sure is.

Mufasa: I'm so proud of you my son.

Simba: Thanks father.

Avalanche: Are you glad to be king, Simba.

Simba: Actually, I am.

Kyd: That's nice to hear.

Titanium Titan: We took out a lot of Hyenas today.

Tooya: Alright. It's a good thing I didn't fight you guys today. Because I'll need a list of which of my fellow monsters should be reused.

Me: That's a good idea. Looks like picking our usual fights with the hyenas was a good thing. That list is gonna be a long one. Also with 28+ years to cover it's gonna be a long one. Dino Fury comes out later and it's gonna be a little over a year before we meet the newest rangers.

Tooya: That's understandable.

Me: But this was awesome.

Lincoln: Yes it was.

Linka: Yeah!

Simba: (To the viewers) Never be like Scar or Team Loud Phoenix Storm is coming for you and it won't be pretty.

Me: Yep. This was so awesome still. Just like in the movies.

Nico: Yep.

We later went home.

TO BE CONTINUED…

Part 3 is done. Next for Part 4 is Pirates of The Caribbean: Curse of the Black Pearl from 2003 and get ready for a high seas adventure as we set sail to rescue Elizabeth Swann and kill an evil Hector Barbossa and his undead Cursed Crew. # Light and Hearts Part 4

PIRATES OF THE CARIBBEAN: CURSE OF THE BLACK PEARL

---

At Competitron Industries in Gotham Royal York we were marching through the halls and offices and we were heading to the main office of The Riddler's former boss Mr. Daniel Mockridge.

---

**Daniel Mockridge** was the owner of game company Competitron and employer of Edward Nygma until he made the dreadful mistake of cheating him out of his money.

History

With the huge success of Edward Nygma's latest creation "Riddle of the Minotaur", millions were made for both Competitron and Daniel Mockridge. However, when Mockridge refused to pay Nygma his share of the profits, Nygma threatened to sue him for royalties, and Mockridge responded by firing Nygma and gleefully showing him a contract he had tricked Nygma into signing long ago that (although not explicitly) gave Mockridge all rights to any game Nygma created, therefore informing him that no matter what, he had lost. Infuriated, Nygma vowed revenge, and Mockridge smugly brushed it off, convinced his company's future was secure with Nygma's millions.

Years later, Mockridge was in the process of negotiations with Bruce Wayne, when Nygma returned now known as the Riddler. First he sent him several cryptic clues, then he kidnapped Mockridge and imprisoned him in the life sized copy of the game. Batman and Robin made there way through the game, to the Minotaur, a giant robot which Nygma had made, poisoned to kill him if Batman answered the Riddler wrong. Batman got it right and rescued Mockridge, but the Riddler escaped. Following his kidnapping experience, Mockridge was left scared and paranoid, finally getting justice for cheating Nygma all those years earlier. However, though he possibly lived most of his later life fearing that Nygma would return for him, Mockridge was likely wrong, as it's not known that Nygma targeted him anymore on his further plans.

---

Me: This is amazing being here at Competitron Software Incorporate.

Nico: It sure is. This company became a huge success because of your game right Eddie?

The Riddler: That's right. I made it into a huge hit and it became a success.

Me: Your Computer Engineering skills are amazing.

The Riddler: Thank you.

Everyone saw the Riddler and gasped.

Me: It's all right everyone. He's not here to do some crimes. We just want to talk to Mr. Mockridge.

We went to the big doors of Mr. Mockridge and knocked on the door.

Mockridge: Come in.

We went in.

Me: Mr. Daniel Mockridge.

Mockridge: That's right. Team Loud Phoenix Storm it's such an honor to meet you.

Me: Pleasure is ours. But we didn't come here for formalities. We're sorry to come in like this but we came to have a little chat with you about certain affairs that went down long ago.

Power Girl: Mr. Mockridge, we need to talk to you about something very urgent!

Me: Big time and it involves a certain former employee of yours that turned to a life of crime.

Mockridge shook in fear.

The Riddler came in and Mockridge shook in fear.

Riddler: Hello Mockridge. Riddle me this: Why would you fire me when I brought success to this company?

Me: That's what all of us want to know. And you better start talking.

Mockridge: I fired him because his usefulness to me was up.

Me: Just to save money. After everything he did for you. This company was made a huge success because of Eddie and you threw him away like garbage.

Nico: Yeah.

Mockridge: Why is he here?

Riddler: I want my job back. I want to help make you all successful some more.

Mockridge: (to Riddler) I'd rather go to jail then hire you again!

Suddenly, the Digimon Emperor took control again.

Digimon Emperor (in Nico's body) Jail? Who said anything about you being alive long enough to go to prison?

Me: Uh oh! Code U.P.!

The Digimon Emperor, in Nico's body, grabs Mockridge by the collar and slams him against the wall.

Homer: Well, this doesn't look good!

Mockridge: W-what? I-I don't get it!

Me: He's not himself Mr. Mockridge. We'll tell you all about it later.

Digimon Emperor (in Nico's body): Oh you will… soon enough!

Mockridge: B-but I don't get it! Y-you're the hero! Heroes don't kill! Y-you can't do this!

Digimon Emperor (in Nico's body): No, I don't think you get it! I'm DONE not getting what I want, I'm DONE with my own teammates not listening to my advice, and most of all, I'M DONE BEING THE HERO EVERYONE LOOKS UP TO!

But before the Digimon Emperor (in Nico's body) could throw Mockridge out the window, he began to feel strange. In Nico's mind, he was acting all weird and wonky.

Digimon Emperor: (to Nico) W-What did you do?!

Nico: (laughs) I took some magic mushrooms in case you tried to corrupt me even more!

Digimon Emperor: MAGIC MUSHROOMS!? Are you crazy!? Those are dangerous!

Nico: Not if they keep you quiet Ken!

I sensed brainwave alterations in Nico's mind and I took Mockridge put down.

Me: Nico what did you do?

Nico: I took Magic Mushrooms to mess with the Digimon Emperor's mind should it come.

Me: Magic Mushrooms!? Are you out of your fucking mind!? Those are dangerous and illegal as Hell!

Brian: Yeah Nico what the hell are you thinking!? Those will really mess around with your mind!

Stewie: Yeah they messed Brian up bad! He even cut off his ear under those!

Me: EW!

Nico fell asleep and May held him. We got Mr. Mockridge back in his chair.

Me: Sorry about that Mr. Mockridge, Nico is going through some head problems at the moment. But please hire Eddie back. You need him as much as he needs you.

Mockridge: Okay. I'll hire Eddie back. Just keep that psychopath away from me!

Crankcase: You better mean it. Because Nico could make up any minute now!

Me: We're watching you Mockridge! And also I like the Riddle of The Minotaur Game and it's really fun.

Robin: I like it too. It's fun as well.

Lincoln: I find it amazing and Eddie did a great job making it.

Riddler: Thank you Lincoln. That means a lot to me.

Tecna: (British Accent) It sure is fun.

Me: Yes it is. Eddie can make more and fun games just like Riddle of The Minotaur. They are great.

Riddler: Indeed.

Eddie got his office back and he was now a permanent employee.

* * *

Later back at the estate, Nico was going crazy because of those mushrooms. He started seeing crazy and weird things. In the bathroom, Stewie found Nico in front of the mirror.

Stewie: Nico?!

Nico: I'm gonna cut my ear off to prevent World War II.

He cut his ear off and blood poured out.

Stewie: (screams) Oh, God! Oh, God!

Nico fainted and Stewie was helping him.

Stewie: What the hell were you trying to do, man?! Those mushrooms are messin' you up!

Nico: Lesbians and deaf women wear the same clothes.

Stewie: Yeah, yeah, they sure do, Nico. All right, just stay calm, Nico. You'll get through this.

Stewie comforted him.

Stewie: Don't worry, Nico. I'm gonna stay by your side all night. All right? Shh. Shh. It's okay. It's okay. Do you like my soothing voice?

Nico looked at him.

Stewie: (deep, distorted): Do you like my soothing voice? (Time Bandit Reference) Re-re-re-re-return the map. Re-re-re-re-return what you have stolen from me.

Nico screamed and ran down a hall that extended and he fell. Later Nico was in his bed and he was shivering.

Stewie: Shh. There, there, there. Everything's gonna be fine. You're all right.

Nico: I think I'm… I think I'm dying.

Stewie: No no no. You are not gonna die.

Nico: Jane Fonda. Is that… i-i-is that… is that… is that right?

Stewie: Yeah, that's right, Nico. Totally Jane Fonda. It's gonna be okay. Your pal Stewie is right here.

Demonic claws scratched him.

(scraping, tearing)

Stewie: (deep and creepy) Just relax… (Turns into a demon) and get some rest…

Two skeleton hands ripped a black background.

(tearing)

A head with a tentacle neck came down.

(slurping)

And attached itself to a bird body.

(retches)

It threw up a rainbow stream of vomit with Nico on the ground. Nico found himself in a crazy world where the very physical laws of nature do not apply. He was in some kind of a nightmare world!

(banging footfall)

A giant was walking by him and the bird creature.

(screeches)

He flew away.

A Meg Roach came.

Meg Roach: Brian.

Nico saw her.

Meg Roach: Hide!

(eerie male voice): The wheels on the bus go round and round

Nico peaked through the grass and he saw Peter Griffin on a rotisserie stick and he was naked and roasting over a fire. And a skeleton and a bunch of demonic creatures were gonna eat him.

Peter: Round and round Round and round (little devils screeching) The wheels on the bus go round and round

Nico: Peanut!

Peter: All through the town (sobbing-singing)

Reaper: Peeper…

A bee came and landed on Nico.

(groanlike buzz)

It stung him.

(groans, shrieks)

Nico squished it and bunch of bees came and stung him all over.

(fluttering)

(Nico screams)

Lois was in a thorn grove and she was naked and head twisted around.

Lois: Wanna have (hissing) sex…?

Snakes with her eyeballs came out.

(gasps, stifled cries)

Nico inflated like a balloon and a knight with a joust popped him and splattered blood and guts all over and many little Nico's were all over. They ran.

(Nico panting)

Quagmire bird: Groggety! (shrieks)

A weird Quagmire Bird Creature flew down.

Quagmire Bird: (shrieking)

It crashed and ate the Nico's. Some of them.

Nico: (panting)

Snake Lois: (hissing) Slip… me some tongue.

Chicken Leg Peter: Did you try the chicken, Nico?

Meg-Roach: I think you gave me worms, Nico.

Then a huge giant Stewie appeared and lifted up and roared!

Stewie Monster: (laughing, roaring)

Nico fell down a pit.

Nico: (screams)

Smoke creatures went at him.

Smoke Creature: (shrieks)

Demon: (MALEVOLENT LAUGHTER)

Nico then crashed into a floor.

Nico: (crash)

Stewie: (lulling, distant) Nico… Nico… Nico… Nico… (Demonic) NICO! (thunder clap)

Nico woke up and he had a really nasty headache.

Stewie: (normal voice)

Nico: Uh, Stewie?

Stewie: Yeah are you all right?

Nico: (Weak) Yeah I think so. But man I am REALLY thirsty and I have the worst ever headache.

Stewie: Lets get you downstairs so you can get some water.

Nico: Thanks Stewie.

Stewie called a hoverchair for him and got him down to the kitchen.

Nico drank a bunch of glasses of water and he had an ice bag on his head.

Nico: (Groans) My aching head.

Me: Lets give him a few minutes to have his head cool down everyone before we have him start talking.

I saw blood on his ear.

Me: Nico did you cut your ear off?

Stewie: He sure did J.D. I took care of him while he was suffering from the effects of those mushrooms.

Me: That was very thoughtful of you Stewie.

May: Thank you.

Stewie: You're welcome.

Nico was later ready to talk.

Trailbreaker: Nico, exactly what was on your mind when you took those magic mushrooms?!

Nico: (Groans) I don't know. But I have a splitting headache.

Me: Nico those mushrooms are dangerous!

May gave him more water.

Twilight Sparkle: What are Magic Mushrooms?

Me: They are known as Psilocybin Mushrooms. They were used a lot during the Woodstock 1969 Era when the Vietnam War was going on. They contain a hallucinogenic chemical in it called Psilocybin. It's a psychedelic chemical that causes hallucinations and delusions.

Brian: They make you see all kinds of crazy stuff.

Me: This is what they look like.

I showed Twilight a picture of them.

Twilight Sparkle: They sure don't look like much.

Me: Well that's what they look like in their natural form.

I pulled out a bag of them.

Me: These are them. They are more dehydrated and shriveled up.

Twilight Sparkle: Hmm.

Sunset Shimmer: I can't believe mushrooms like that can cause you to go all crazy like that.

Me: It was a big trend back over 50 to 60 years ago.

Eli: Yeah it was a crazy and far out time back then.

Tree Hugger: Groovy.

Me: It was groovy back then. But those were dark times of war back then.

Jessie K.: Yeah they were. For 19 years from 1955 to 1975.

Nico: Wow.

Me: Nico where did you even get mushrooms like these anyway?

Nico: I got them from a man behind the Kwik E Mart. He sold them to me.

Me: Hmm. I have a feeling I know who sold you these. Our own resident bad boy and notorious drug dealer Robert Morris.

May: I will find him and deal with him.

Me: No need for that. I will find him later. First lets deal with these.

I formed a flame of fire and destroyed the Magic Mushrooms.

Ace: Now that the mushrooms have been destroyed, we're all ready to go to Port Royal.

Me: AWESOME!

Sunset Shimmer: Port Royal? Wasn't that an old town in Jamaica that was destroyed long ago?

Me: It sure was. It was destroyed by a massive earthquake that was 7.5 on the Richter Scale in 1692 and it sunk to the bottom of the Caribbean Sea.

Laney: That was a terrible time back then.

Daring Do: That sounds like an interesting adventure.

Me: It sure is. But this is the world of the first Pirates of the Caribbean Movie: The Curse Of The Black Pearl from 2003.

Nico: One of my favorites.

Me: We did 3 awesome Pirates of The Caribbean Adventures over the last 5 years and they were awesome.

Rarity: Which ones did you do?

Me: We did the 3rd Movie - At World's End from 2007, On Stranger Tides from 2011 and just recently Dead Men Tell no Tales from 2015.

Twilight Sparkle: Wow! That's amazing!

Varie: It sure is.

Me: Yep. Lisa, deploy the TLPS Phoenix Maelstrom!

Lisa Loud: You got it!

Electrocutioner, Toyman, Zs'Skayr, Avalanche, Kyd Wykkyd and Titanium Titan appeared.

Electrocutioner: Can Me, Toyman, Zs'Skayr, Avalanche, Kyd Wykkyd, and Titanium Titan come with you guys?

Me: You all sure can.

Avalanche: This is gonna be awesome! I've always loved the Pirates Of The Caribbean movies.

Zs'Skayr: We did 2 movies with Team Loud Phoenix Storm and they were awesome.

Me: And we did one before Qin joined us and while the Legion Of Doom was still instated.

Electrocutioner: I remember hearing about that from Grodd. That was amazing.

Me: It sure was and Davy Jones put up one helluva fight.

Nico: He sure did.

Eli: I can't wait to fight Davy Jones in the future. This is gonna be so awesome.

Lincoln: Yeah!

Me: Lets go!

We got the TLPS Phoenix Maelstrom ready and we also had Sora's ship the Leviathan and The Megaforce Skyzord ready for deployment.

Me: Lets set sail!

We got the ship ready and a portal opened up and we went through it. We were in the world of Pirates of The Caribbean: The Curse of The Black Pearl.

Shadow: Here we are in Port Royal.

Me: Yep in 1728.

Nico: Wow. 293 years ago. Looks amazing.

Lincoln: Yep.

Me: We're also here to face Captain Barbossa and his crew who are cursed and help Captain Jack Sparrow get his ship back and we're also here to beat Luxord the Gambler of Fate.

Lily: Luxord will be my target. Since he us also like the Luxord that we know, I'll put him in one of our DISK prisons.

Me: Good thinking Lily.

We pulled up to Port Royal docks and we saw Jack Sparrow and Will Turner.

Titanium Titan (to Will Turner and Jack Sparrow): Ahoy, mateys!

Captain Jack Sparrow: Well ahoy there lads!

Me: Ahoy there Captain Jack. Good to see you again.

Captain Jack: Same to you J.D.

Me: Ahoy Will. Good to see you again.

Will Turner: You too J.D.

Lincoln: How have you been?

Will Turner: Not good guys. Barbossa kidnapped Elizabeth.

Me: The Evil Barbossa is going to try and break the curse.

Varie: We have to stop him.

Captain Jack: Not only that but he took me ship.

Me: We'll help you both get it back and save Elizabeth.

Jinx: How about you two come on our ship?

Captain Jack: I was just about to suggest that lass.

We lowered the gangplank and they came aboard.

Me: Lets shove off lads! We got an evil pirate to find!

Laney: Aye aye captain!

Jared steered the ship and we were off to hunt.

We steered the ship in the night and kept an eye out for trouble.

Toyman: How about I make toy cannons on the ship for us to use?

Me: Good thinking Winston. We always have to be ready for anything.

Laney: Also our ship has laser cannons and more.

Winston: Amazing.

Lincoln: It sure is.

Laney was in the Crow's Nest watching closely.

Laney: Captain! Black Pearl off the Port Bow!

Me: Ready battlestations!

The Black Pearl was backing off.

Me: It's backing off.

Clown Man: (sees Ruby, Weiss, Blake, and Yang drinking some of Jack's rum) Don't tell me you 4 are drunk right now!

Me: Oh for crying out Loud!

Laney: Not this again!

Ruby: (Hic) (Slurred Speach) This is the best rum!

Weiss: (Hic) (Slurred Speech) You shut up Ruby! (Hic)

Elec Man slapped his head.

Elec Man: Not one of these days again.

Maria: It's a good thing the Black Pearl's back off for now.

Zs'Skayr: (to the drunk Yang and Blake) Anything you two want to say?

Yang: (Hic) (Slurred Speech) Sorry Jack.

Blake: (Hic) (Slurred Speech) Yeah your rum is so good.

Me: That's 18th Century rum for you.

Captain Jack: It is good stuff though lads.

Me: Yep. Just as long as I don't drink any.

Cana Alberona: I don't mind it.

She was drinking barrels full of it.

Rainbow Dash was shocked!

Rainbow Dash: How does Cana not get drunk from all that!?

Me: She has magic that makes alcohol take longer to affect her. Nico how would the Digimon Emperor react if you drank rum?

Nico: Hmm. Never thought about that.

Lana: Lets give it a shot shall we?

Me: Later we will. Nico is still stoned from those Magic Mushrooms.

Nico: Yeah you're right.

Sunny Flare: Why do you think Elizabeth got kidnapped?

Me: From what I remember, Barbossa and his crew kidnapped her because they think that she is the one that can undo the curse.

Brittney: Dad's right. (Pulls out her book on Curses and Supernatural Legends) Lets see.

She scrolled through the pages and found it.

Brittney: Here it is! The Legend of the Curse of the Aztec Gold.

Brittney told us all about it.

The curse of the Aztec Gold, also known as the Aztec curse, was dark magic cast upon the treasure of Cortés, consisting of a stone chest with 882 pieces of Aztec gold. Having saw Cortés' greed he wreaked upon with his armies, the heathen gods placed a curse on the gold: any mortal who removed a piece from the chest would be punished for eternity. The only way to lift the curse was by returning all the pieces of the Aztec gold and payment in blood. Upon first hearing the tale, Hector Barbossa's crew laughed at the stories about the curse, with Barbossa himself believing it to be a ridiculous superstition. By the time they learned the truth, it was too late. It took ten years until the crew's curse was lifted. The Aztec Empire delivered a stone chest with 882 pieces of Aztec gold to Hernán Cortés in an attempt to stop the slaughter of their people. But in his greed, Cortés refused to halt his conquest. In response, the heathen gods placed a curse upon the gold, so that any mortal who removed a single coin from the chest would be punished for eternity. The only way to lift the curse was to return all the Aztec gold pieces to the chest and pay the heathen gods back in blood. Ultimately, the treasure of Cortés would end up in the caves of Isla de Muerta. Legends tell that the Aztec curse bestowed by the Heathen Gods punished any who stole from the stone chest. Those who fell under the curse would have achieved immortality, thereby becoming invulnerable. Nevertheless, the curse deprived the greedy beholders of all feeling; pain or pleasure-food, drink or women. When the cursed individuals step into the moonlight, they turn into walking undead skeletons; in this state, they are particularly vulnerable to physical damage, with strong blows being enough to physically take them apart. The curse only affected anyone who specifically took the coins from the stone chest; Will Turner and Elizabeth Swann each owned a piece of the treasure that had been taken out of the chest by Bootstrap Bill Turner and were never aware of the curse. When a cursed person takes a coin from the chest, no new curse has been given. This is particularly noted after Hector Barbossa used Elizabeth to lift the curse when, after returning the coin, he grabbed it straight from the chest and gave it to Elizabeth.

We gasped!

Me: So the only way to remove the curse is to return all the gold pieces that were taken.

Brittney: Exactly.

Nico: And the Moonlight makes Barbossa and his crew vulnerable to attack.

Lincoln: Wow! We have our work cut out for us.

Me: We sure do.

Avalanche: First, do we know if there are gold coins loose from that chest?

Will Turner: Yes. Elizabeth has the piece of the treasure. It's only because of my blood that can undo the curse.

Me: Because Will Turner's father Bootstrap Bill Turner took the coin and only Will's blood can stop the curse.

Nico: Wow. This is gonna be rough.

Me: Yep. We have to get that coin back, save Elizabeth and head for Isla de Muerta so we can undo the curse. And then take down Barbossa.

Will then was heading down to the weapons room.

May: Will, where are you going?

Will Turner: I'm going to Barbossa to give myself up. If I do, Elizabeth might be set free.

Maria: You're gonna get yourself killed, Will! Is that what you want? Is that what you want?! Listen to what I'm saying!

Will Turner: She's in there because of me, don't you get it? I have to get her out.

Me: Will, if you go and surrender yourself to Barbossa, you'll be killed on the spot.

Will Turner: Then what am I supposed to do? Leave her there while being held hostage by cursed pirates, surrounded by Heartless and do nothing?!

Me: Will there is another way. We can fight Barbossa and make sure he suffers for his crimes.

Nico: Yeah! And when we've weakened him, J.D. can blast him through his chest and you can put the coin back in.

Me: But we also have our usual battles with our frenemies too. But let us help you out. No way in the 9 Levels of Hell are we letting Barbossa get to you or Elizabeth.

Lincoln: If Barbossa wants a fight, we'll give him one.

Me: Lets do it! Full speed ahead!

We went after the Black Pearl.

We caught up to the Black Pearl and used a tractor beam to prevent it from moving.

Me: Prepare to board!

We jumped onto the ship and we were facing EVIL HECTOR BARBOSSA!

**Captain Hector Barbossa** is one of the main characters in the *Pirates of the Caribbean* film series. He servers as the main antagonist of the first film *The Curse of the Black Pearl*, a cameo character in the second film *Dead Man's Chest*, and the tritagonist of the third, fourth and fifth films *At World's End*, *On Stranger Tides* and *Dead Men Tell No Tales* respectively. He makes appearances in most of the franchise in varying capacities, but in general has a redemptive arc. He is Captain Jack Sparrow's former archenemy-turned-friend.

He was portrayed by Geoffrey Rush, who also played Casanova Frankenstein in *Mystery Men* and Steven Price in *House on Haunted Hill* .

*The Curse of the Black Pearl*

Before the *Curse of the Black Pearl*, Barbossa was formerly the Chief mate of Captain Jack Sparrow. But one day Jack and Barbossa found a map to Isla de Muerta where the Aztec Treasure of Cortes was hidden. The crew and Jack agreed to equal shares of the treasure but Barbossa greedily wanted the treasure for himself and the crew. He then tricked Jack into revealing the Treasure's location lying that equal shares included knowing the treasure's location, while planning a mutiny. Jack agreed to say the location but then Barbossa and the crew mutinied and marooned Jack on a deserted Island much to Jack's anger. When they finally found the treasure Barbossa found out about a curse placed on the Aztec treasure by the heathen Gods but believed it to be a "Ghost Story" with the crew and then took the treasure but found after spending it that the curse was real. They were under the curse, which made them unable to taste, feel, smell, or their drinks would not satisfy and living the undead as immortals. The only way to lift the curse is to give back the coins and offer their blood. Bootstrap Bill Turner a crewmate then was infuriated at the crew's betrayal against Jack and sent a coin to his son Will so the crew would remain cursed. In response Barbossa tied a cannon to Bootstrap and threw him overboard the *Pearl* but only discovers later that Bootstrap's blood is needed to lift the curse.

Ten years later, during the movie, Barbossa and the crew sunk many ships and found most of the coins of the treasure but needed to find the last one sent to Will by Bootstrap. Meanwhile Elizabeth Swann from Port Royal Jamaica had found Will and took possession of the medallion so that James Norrington would not hang Will for piracy. Barbossa sensed the last coin, which released a pulse, and then invaded Port Royal. His crew found Elizabeth who invoked Parley. Barbossa tricked Elizabeth into giving him the medallion in exchange for stopping the invasion after she identified herself as "Elizabeth Turner" believing now her blood can lift the curse. Elizabeth, when Barbossa ordered them to set sail, demanded to be taken to shore but Barbossa refused saying that the part with her being taken to shore was not part of their agreement.

Barbossa offered Elizabeth the next night to dine with him. She refused but agreed when Barbossa threatened her with dining with the crew and being stripped nude. Elizabeth then became suspicious of why Barbossa was not eating but was encouraging her to eat instead. He finally realized she never heard of the curse and told her the story and how he wants to use her blood to lift the curse. Elizabeth ran from him but got cornered by Barbossa and stabbed him in the chest but Barbossa did not die and Elizabeth ran outside and went face-to-face with the crew which were now skeletons. Elizabeth was shocked that the curse was real and Barbossa walked outside in the moonlight which revealed him under the curse. Elizabeth now in deep shock ran into the room and was locked in for the rest of the night.

The next day, Barbossa then took Elizabeth to Isla de Muerta to lift the curse. After a short speech Barbossa then told his crew that they were able to lift the curse and used Elizabeth's blood on the coin. But after a moment after the crew said they did not feel different; Barbossa shot one of his crewmates and they saw he was not dead. Now enraged Barbossa confronted Elizabeth asking her if Bootstrap was her father. She admitted that he was not but refused to tell Barbossa who Bootstrap's child was. Barbossa slapped her and she fell onto the hill of the pirate's treasure. Barbossa's crew began to blame him for Bootstrap's 'death' by saying every decision he made lead them from bad to worse. Barbossa angrily took out his sword and challenged the crew to fight him causing the crew to stop blaming him. After Jack, Barbossa's pet monkey, screeched in alarm and Barbossa looked where Elizabeth fell, he saw she was no longer there along with the medallion. He ordered the crew to find her but the crew instead brought Captain Jack Sparrow to him.

Unable to believe his eyes, Barbossa asked Jack how he got off the island but Jack says it was because he (Jack) was Captain Jack Sparrow. Annoyed, Barbossa sarcastically said he would not make the mistake again and ordered his crew to kill Jack. Jack however asked if Elizabeth's blood worked. Barbossa ordered his crew to hold fire after realizing Jack knew whose blood they needed. On the

*Black Pearl* Barbossa and Jack had a meeting for negotiations and Jack almost convinces Barbossa to give him (Jack) his ship but Barbossa is angered when Jack gives an offer to negotiate with the crew of the *Interceptor* for Barbossa's coin return. Barbossa instead orders Jack locked in the brig because that was the same attitude that lost Sparrow the *Pearl* in the first place.

Barbossa caught up with the Interceptor and during the battle Jack the Monkey brought the medallion to Barbossa and Barbossa's crew won. When Barbossa captured the crew of the Interceptor including Elizabeth, and sunk the Interceptor, Barbossa was confronted by a man who claimed to be *Will Turner* . Will said he would shoot himself and fall overboard if the crew did not release Elizabeth. Ultimately Barbossa tricks him and frees Elizabeth and Jack Sparrow by marooning them on the same island Jack was on ten years ago assuming that moment would the last of Sparrow. Will and the crew of the Interceptor are imprisoned and Pintel, a crewmate, tells Will the story of why Bootstrap sent the medallion to Will. They arrive at Isla de Muerta and Barbossa plans to kill Will in order to break the curse. When the crew are chanting for the curse to be lifted Jack Sparrow comes to the cave alive and well much to Barbossa's dismay. Barbossa threatens Jack with death after Will but Jack convinces Barbossa that the Royal Navy came to ambush them. Jack convinces Barbossa to kill Will *after* he defeats the *Dauntless* (the Royal Navy's best ship) and Jack would give Barbossa 25% of Jack's plunder and a big hat. Barbossa agrees and waits in the cave for the battle to end with Jack and Will. He starts to trust Jack again but this friendship when Jack takes one of the pirates's swords and tosses his to Will and Will duels the pirates left to with Barbossa. Barbossa gets up and duels Jack. After a while of fighting Barbossa tosses his sword away and claims that Jack cannot beat him as he (Barbossa) is immortal. Jack tries anyway, but Barbossa sighs to himself and takes the sword out to stab Jack. But Sparrow enters the moonlight and it reveals *he* too became a cursed skeleton! He snuck a coin while talking to Barbossa. The duel continues until Elizabeth arrives. Jack cuts his arm and tosses his bloody coin to Will while Will cuts his arm too. Now furious Barbossa pulls out his prized pistol and attempts to shoot Elizabeth. But before he can pull the trigger Jack shoots Barbossa with his own shot that he saved to kill Barbossa for ten years.

Barbossa sneers that Jack wasted his shot but Will says "He didn't waste it!" and returns the last two coins breaking the curse. Barbossa looks at Jack in deep shock and unbuttons his coat and sees blood gushing badly from his chest from Jack's bullet. He looks at Jack and shakes his head shockingly and dies.

---

Me: Captain Hector Barbossa. So we meet again.

Evil Barbossa: The famous J.D. Knudson. How nice to see ye again.

Me: Wish it could be under different circumstances.

Evil Barbossa: (points sword at Elizabeth's neck) Normally, I would invoke the right of parley. But I doubt you're all in a mood for negotiating peacefully. Now, hand over Turner or the woman dies.

Plug Man: You do that and we'll make sure you lose the only chance at breaking the curse.

Me: That's right! You want the coin? (I held up the coin) Then come and get it!

I unsheathed my sword and the pirates came at me and they were under the light of the full moon and their skeletons were revealed!

I slashed a bunch of pirates and killed them all over the place.

Me: Bring it on you undead fuckers!

Nico: Lets get them!

We went at them.

Then 2 giant Heartless appeared and they were the Grim Reaper and the Illuminator Heartless!

Kyd Wykkyd: Great! An Illuminator and Grim Reaper Heartless.

Laney: Not these guys again! We'll help J.D. take down the pirates, Nico, Varie, you two destroy the Heartless.

Nico: With pleasure!

Varie: Lets do it!

Nico and Varie blasted the giant heartless and killed them instantly and we got a massive power boost.

We slashed the pirates and crew and we got Elizabeth and set sail for the Isla De Muerta.

Me: That was a great rescue!

Will Turner: It sure was.

Jack Sparrow: Well done lads.

Me: Thanks Jack. But Barbossa will be back and we have to be ready when he comes. As long as we make the journey to the island we might as well have our usual battles.

Chemistro, Dark Laser, Speed Demon, Lord Drakkon, Myotismon, Vortex appeared.

Dark Laser: Did someone call?

Me: Dark Laser, Speed Demon, Lord Drakkon, Myotismon and Vortex.

Maria: Glad you guys could join us.

Speed Demon: It wasn't easy finding you guys. I used my speed to search all of Port Royal before we found out that you weren't there.

Dark Laser: I had to use the Death Ball to locate where you all were.

Chemistro: This is because we don't exactly have a pirate ship to use.

Me: One of these days you'll have to make one of your own.

Nico: You can base it off of the Maelstrom from the planet Mer.

Speed Demon: From The Pirates of Dark Water!? Awesome! That's a great idea.

Dark Laser: We'll have to see if Vypra will allow that.

Chemistro: Yeah that would be cool.

Me: It will look great for you all.

?: It sure will and that's a great idea.

A figure came out and it was ROTOX from episodes 15 and 20 of Megaforce!

---

**Rotox** is the first mechanical opponent faced by the Mega Rangers and the primary antagonist of the episode "The Human Factor". He is a prototype who is sent out to analyze the Rangers' strengths and weaknesses, for Vrak intends to defeat humanity through the Robots without making the same mistakes as the Insectoids and Toxic Mutants before them. In the season finale episode of Power Rangers Megaforce "End Game" three robotic clones of Rotox, the Water Rotox Army, were created.

As Admiral Malkor enters his cocoon, Metal Alice is completed by Vrak and creates her first experimental machine, Rotox. To demonstrate the might of machines, she attacks him but loses her left leg. After pulling herself together and having earned Vrak's approval, she sends Rotox to attack the city, drawing the attention of the Megaforce.

The Rangers try to fight him but are outmatched and restrained by Rotox's strength and weaponry. Robo Knight later arrives but is caught by surprise and temporarily incapacitated. The Rangers then break free from the chains restricting them and ascend into the Ultra Mode, which proves more than enough to defeat Rotox.

---

Me: Rotox! Back for round 2 I see.

Rotox: Yep. Dark brought me back for another round.

Me: Cool!

Troy: (to Rotox) So, it's true. You are among the Monsters being used for the usual battles.

Emma: What about the Mega Man X robots?

Rotox: (Scoffs) Forget about them! Sigma and his goons are on their own now!

Me: We'll deal with them on our own accord. But this is gonna be awesome.

Lincoln: It sure is.

Nico: YEAH!

?: They aren't the only one you have to face peons!

Another figure came out and it was METAL OVERLORD OF SONIC!

---

**Metal Sonic** is the secondary antagonist of the *Sonic the Hedgehog* franchise. He is a robotic version of Sonic the Hedgehog created by the mad scientist Dr. Ivo "Eggman" Robotnik and Sonic the Hedgehog's second arch-nemesis. Metal Sonic also appears as the main antagonist of *Knuckles' Chaotix*, *Sonic R*, *Sonic Heroes*, and *Sonic Free Riders* and the anti-hero of *Sonic Rivals* and its sequel, where he usurps control of the Eggman Empire from Dr. Eggman, and of Year 1 of the *IDW Sonic* comics.

*Sonic CD*

Classic Metal Sonic is one of the main antagonists of *Sonic CD* . After Eggman attacks the Miracle Planet, Metal Sonic takes full control of it (as seen on holograms). Metal Sonic first appears to kidnap Amy and escapes with her to the Stardust Speedway. Sonic (and Tails as the 2011 re-release is made canon to help understand *Sonic 4: Episode II* and *Metal* ) later races Metal Sonic in the speedway and after an intense battle, Metal Sonic is defeated, sending him crashing into a wall and falling over the edge.

### *Sonic Mania/Sonic Mania Plus*

In *Sonic Mania*, Classic Metal Sonic is a supporting antagonist. In Press Garden Zone, Eggman tried to locate (or possibly contact) Metal Sonic, only realizing he was being spied on Eggman sent the heroes on to Stardust Speedway. After watching Sonic and his allies destroy the Metal Sonic Projector (that he may have set up himself), Metal Sonic challenged his arch-nemesis to a race of sorts. During the race, Metal Sonic attempted to attack the heroes. After arriving at the end of the race, Metal Sonic interfaced with a generator and produced several Sonic Copies. After getting defeated, he proceeded to resume the race to the Eggman Statue in the center.

### *Sonic Mania*

Metal Sonic next summoned up a wall of spikes to attempt to thwart our heroes, but even using his attacks on the valiant heroes, he was defeated and smashed into the wall, destroying it and presumably Metal Sonic.

### *Sonic Mania Plus*

Metal Sonic then received the Phantom Ruby from Eggman, who proceeded to flee as Metal Sonic transformed into Giga Metal. Next, the monster tried to launch bombs and lasers at Sonic and his allie, but after shattering the container the Ruby was held in, Giga Metal was destroyed. What happened to Metal Sonic next is unclear.

### *Sonic the Hedgehog 4 Sonic the Hedgehog 4: Episode I*

After Eggman's defeat, Eggman hovers over an unknown figure and laughs. The unknown figure's eyes glow, revealing him to be Metal Sonic.

### *Sonic the Hedgehog 4: Episode Metal*

Metal Sonic is the main character in *Sonic the Hedgehog 4: Episode Metal* . He first awakens on the Stardust Speedway and is powered up by Eggman after his defeat in *Sonic CD*, he then leaves and meets Eggman at the Mad Gear, Eggman powers him up again and sends him to gather an ancient Negative-Chaos artifact. Metal Sonic goes to the Labyrinth and obtains the artifact, Metal Sonic is substantially powered up by the Negative Chaos and flies off through the Casino in search of Sonic, the continuing to Splash Hill Zone, he then sees Sonic and Tails flying away and follows them on Tails' rocket.

For some reason, Eggman robots would always attack him, though it can be assumed that the Badniks assume Metal is Sonic or that they're meant to help sharpen Metal's skills.

### *Sonic the Hedgehog 4: Episode II*

Metal Sonic eventually catches up to Sonic and Tails in the Carnival, Metal Sonic proceeds to battle them with his new powers, but is defeated by their combined abilities. Metal Sonic then appears to attack them as they are about to catch Eggman, he pilots his Metal Carrier and attempts to shoot down the Tornado, but leaves after being damaged. He then returns with his Metal Carrier to fight them, but is defeated and retreats to the Death Egg with Eggman, he and Eggman then engage Sonic and Tails in battle, with Metal Sonic launching powerful attacks at the two while Eggman uses his vehicle as a shield, after being defeated they retreat. Metal Sonic then retreats the duo on a copy of Stardust Speedway and races them, they just barely defeat him.

### *Knuckles' Chaotix*

A repaired version of Metal Sonic called Metal Sonic Kai appears as the second to last boss and is defeated by Knuckles, Mighty, Espio, Charmy, and Vector. He later serves as the final boss alongside Dr. Robotnik, as a massive, red version of himself (although it is unclear if this is his first transformation). They defeat them, but Metal Sonic and Dr. Robotnik escape.

### *Sonic Triple Trouble*

Metal Sonic appears in the Atomic Destroyer Zone as the second to last boss. He is defeated by Sonic and Tails, and flies away.

### *Sonic the Fighters*

Metal Sonic, again, is the second to last boss, although he serves as more "final boss" material as Robotnik goes down quicker. The fighter defeats him and knocks him out, setting the Death Egg 2 to self-destruct. However, Metal Sonic and Robotnik both escape the explosion.

*Sonic R*

Metal Sonic appears as one of the contestants racing Sonic on Eggman's behalf. In the final stage, Sonic defeats Metal Sonic, Tails Doll, Metal Knuckles, and EggRobo.

*Sonic Adventure*

Metal Sonic makes a cameo appearance in *Sonic Adventure*, seen inside a tank aboard the Egg Carrier, presumably being modified into his Modern appearance and updated, after his defeat in *Sonic R* . He also appears in a flashback in the opening of Amy's Story, chasing after her and Sonic.

In *Sonic Adventure DX Director's Cut*, Metal Sonic is unlocked after collecting all 130 emblems, as an alternate costume for Sonic. He serves no role to the story and is a copy of Sonic's Story. It is likely that his story is a Training Simulation.

*Sonic Adventure 2*

Metal Sonic appears as a character in Multiplayer mode, competing with the other characters. Metal Sonic can use Sonic and Shadow's moves along with the impenetrable Black Shield.

*Sonic Heroes*

Metal Sonic is also the main antagonist of *Sonic Heroes* . He was disguised as Eggman throughout most of the game, while locking the real Eggman on his flagship, and also pretends to be Sonic for a short time, he takes on the form of Neo Metal Sonic. Metal Sonic confronts the heroes multiple times so that he can defeat them and copy their data, he succeeds in copying all of their data and reveals that he is Metal Sonic and he fires a lightning bolt that destroys the ship and rebuilds himself into an incomplete form known as Metal

Madness. Team Chaotix, Rose and Dark fight against him but are no match for his power and Metal Sonic completes his transformation into Metal Overlord so Team Super is forced to battle him. Once defeated, he returns to his original form and is knocked out. Sonic says he's ready for a rematch if Metal Sonic ever wants one.

*Sonic Free Riders*

Despite being taken by Shadow and Omega after his defeat, Metal Sonic returns, apparently having been taken back by Eggman and reprogrammed to serve him again. However, Metal Sonic betrays Eggman again. Disguised as E-10000B, he absorbs racing data, seemingly for Eggman's Extreme Gear, but really takes it all for himself and races Sonic as the final boss, but loses, and runs off. Before racing Sonic, he seems to challenge him to the rematch Sonic promised him in *Sonic Heroes* . After his defeat, Metal Sonic got away.

*Sonic the Hedgehog (2006)*

Metal Sonic was originally going to appear as a playable character with his own story but was scrapped (as with Tails, Knuckles, Rouge, Omega, Amy, and Blaze's own stories). He would be doing various things in the coastal kingdom of Soleanna for Eggman, such as kidnapping Princess Elise the Third or leading the Badniks. He also would have fought Tails, Sonic, Omega, and Silver, and would have been the antagonist of Tails's story in an attempt to parallel their roles as sidekicks (as well as the fact that both have the same abilities such as supersonic speed and flight). In his story, he would have also questioned his existence, such as asking himself why Eggman was against him in trying to destroy Sonic in *Heroes*, despite being the reason for his creation. In the end, he would have sadly decided that his true purpose was to serve Eggman regardless of his own thoughts.

In his story, whenever he was thinking, he would have had an audible voice provided by Jason Griffith, but whenever he attempted to speak outside of his thought, he would communicate with his usual beeping noises, leading to awkward situations with most of the cast who could never understand him (Silver calls him "outdated" because of this, which caused their fight), with only Eggman, Sonic, Omega and Tails being able to understand him. When fighting Sonic, Omega and Silver, it would've been a regular rival battle (he would have beaten Silver in the fight and draw with Omega, but lose to Sonic) but when fighting Tails (whose story he was the antagonist of), he would have fought him three times; the first two with Eggman's boss machines, and the last in a brutal high-speed sky battle while Sonic fought the Egg Wyvern, on his own. In the end, Tails would've kicked Metal in the head, causing him to malfunction and fall into the sea, but would later be rescued by Eggman (who survived his own battle with Sonic).

### *Sonic Rivals*

Metal Sonic appears working for Eggman Nega, possibly reprogrammed to serve him. Sonic, Knuckles, Shadow, and Silver must fight him as well as Eggman Nega. He takes part in the final battle.

### *Sonic Rivals 2*

Eggman reprograms Metal Sonic as a more mindless servant loyal to him, and pairs him up with Shadow to defeat Eggman Nega and prevent his plans for releasing the Ifrit on Earth. Upon entering the Ifrit's dimension, Shadow and Metal Sonic close the portal from the inside, but fight the Ifrit and Metal Sonic 3.0. In the end, they destroy the Ifrit, and presumably Metal Sonic 3.0 as well (since Eggman Nega turned to his enemies Silver and Espio for help when he was trapped under rubble). Presumably because of being the last ones to fight the Ifrit and having to deal with Metal Sonic 3.0, Shadow and Metal Sonic don't make it through the portal, but Metal Sonic cuts out his chassis to reveal a Chaos Emerald inside him, which he and Shadow use to teleport back to Earth.

### *Sonic Forces*

In *Sonic Forces*, Metal Sonic appears as a supporting antagonist. He, alongside Zavok, Shadow, and Chaos, have several Replicas of themselves created by Infinite using the powers of the Phantom Ruby. He also appears as one of the highest in command of Eggman's Army.

The replica Metal Sonic attacked Sonic and the Avatar when they arrived at the Red Gate Bridge, but was destroyed with their Double Boost technique. Hundreds of Metal Sonic replicas were later present in the final battle between the Eggman Empire and the Resistance. After Eggman and Infinite were defeated, the replicas vanished, leaving the Resistance victorious in reclaiming the world.

Eli: METAL OVERLORD!

Metal Overlord: Long time no see Eli. I was beginning to think you've forgotten about me.

Eli: After everything you've done and how you came came very close to killing all my friends several times!? Never forgot.

Me: How do you know Metal Overlord Eli?

J.D. 3: He's Eli's ultimate arch-nemesis. Eli and Metal Overlord have been going at it ferociously long before our worlds merged and Eli swore to make sure that Metal Overlord pays for his crimes.

Me: Whoa! That's rough!

Lincoln: Yeah!

Metal Overlord: All living beings, kneel before your master!

Eli: You are not taking over our planet on MY watch! I won't allow it my old nemesis!

Metal Overlord: So you still will never learn Eli.

Eli: Good thing I'm a slow learner.

Me: You got a Number on you don't you.

Metal Overlord: That's right.

He pulled out a Number Card and it was NUMBER 18: HERALDRY PATRIARCH!

We gasped!

Eli: Number 18: Heraldry Patriarch!

Me: Lets get them guys! Jared keep the ship going.

Jared: Aye aye dad!

We went at them for our usual battles.

Me: I know but I'm trying my hardest to keep Nico from hurting anyone else. But no matter how hard I try, the Digimon Emperor just won't leave him alone.

Twilight Sparkle: That monster is like a bad case of Shingles. Won't leave you alone with a nasty itch and burn no matter how hard you try and scratch it.

Princess Celestia: That's a good analogy.

Twilight Sparkle: It was the best I could come up with.

Drakkon: That's true.

Me: I have a strong feeling that Nico is gonna leave the team for a bit to get his head on straight and protect us.

Drakkon: Do you think so?

Me: I sure do. With the Digimon Emperor inside his head, he is gonna make Nico go after all of the jerks that caused so much trouble. Just this morning he nearly threw Mockridge out the window.

Princess Luna: Yeah it was awful.

Princess Cadance: But thankfully Nico had taken Magic Mushrooms before he could do so.

Drakkon: Magic Mushrooms!? That's crazy!

Me: I know. And Nico cut off his own ear thinking it would prevent World War II even though its been over 75 years since that war ended.

Princess Amore: Yeah. Those mushrooms gave him a nasty headache after they wore off.

Flurry Heart: They sure did. And he drank like a whole 10 gallon jug full of water. Nico said his head felt like it was shoved through a huge cider press set on obliterate.

Snowdrop: Yeah.

Drakkon: That must've been awful for you.

Me: Yeah but thanks to Sabretooth's accelerated healing, he grew his ear back.

Minuette: That's good.

Twinkleshine: Yeah at least those mushrooms helped calm the Emperor down.

Lemon Hearts: Temporarily though.

Moondancer: Yeah. But we will help him out soon.

Runo: Yeah. Nico needs our help and support.

Blade Tigrerra: Absolutely.

Ace: Yeah he does.

Breach: Yeah.

Princess Luna: Before we fight, I have something for Snowdrop.

Snowdrop: What is it Luna?

Princess Luna used her magic and summoned her special sword. It was a blade with her wings as the scabbard and the hilt had her moon on it.

Snowdrop: (Gasp) Your sword?

Princess Luna: You are now ready to handle my sword Snowdrop. Ever since I raised you and taught you all I know and you are the one that loves my night, I have come to love you like my own daughter. You are more than ready to wield my Sword of The Night.

Princess Luna gave her the sword and Snowdrop felt her power increase dramatically.

Snowdrop: Wow! Thanks Luna.

Princess Luna: You've earned it.

Me: Wow. That is a huge gift.

Me: All right!

Twilight Sparkle: YEAH! That was awesome!

Princess Celestia: It sure was.

Me: Yeah. Wow. Snowdrop, that sword Luna gave you is incredible.

Snowdrop: It sure is. I think this is an amazing gift and sword. I have always been very close to Luna since 1,000 years ago and I am always glad to be there for her.

Me: That is a powerful bond.

Twilight Sparkle: It sure is.

Myotismon was next.

Myotismon: (to Nico) Nico, as your archenemy in the Masters of Evil, I'd like permission to beat up a few times so the Digimon Emperor feels it.

Nico fired a blast of blood red lightning.

Inside his head The Digimon Emperor saw that this was the attack that Nico used that killed him and he shook in fear and saw that I was not bluffing and that I was being dead serious!

Nico: I can tell from your reaction! J.D. was not bluffing and he is dead serious! Ken I'm sorry I killed you back then and I made it up to you by going back to the battle we had and saving you from yourself! I'm sorry! Ken, please! Don't make me hurt my friends anymore and lets beat up people like greedy mob bosses and arrogant jerks and all that. They are the ones that deserve the worst punishment not me or my friends.

Digimon Emperor: But I can't! I'm here to make you suffer!

Nico: And what will that accomplish? I killed you by accident and didn't mean for that to happen. I'm sorry! Please Ken, stop making me hurt my friends and innocent people. There are many people suffering already out there and they need our help to save them. Don't hurt those that we care about. Only go after our enemies.

Digimon Emperor: (Growls) Fine.

Nico: Good. But I may consider leaving the team to be safe.

Eddy fired a blast through his chest and Will dropped the coins in with the others and Barbossa saw that he had blood gushing out of his chest and he smiled and fell over dead.

Me: Wow! Nice shot Eddy.

Eddy: Yeah. I get around.

I went over to Barbossa.

Me: You are a hero to us anyway.

I closed his eyes in respect.

We buried Barbossa on the island.

Me: We're not done yet though. We still have one loose end to tie up.

Out of a Dark Corridor came LUXORD THE GAMBLER OF FATE!

---

**Luxord**, the *Gambler of Fate* (in Japanese: 運命を賭す者, *Unmei o Tosumono* ?), is the tenth member of Organization XIII and a supporting antagonist in *Kingdom Hearts II* and *Kingdom Hearts III* .

A skilled gambler, he possesses the ability to manipulate time, which he uses to force his opponents to play timed games, with unfortunate consequences if they cannot learn the rules and lose. He commands the Gambler Nobodies, who force their opponents to participate in games similar to the one Luxord uses in fights.

He harasses Sora and his friends in Port Royal, playing a game with them involving the cursed Aztec treasure there. He later battles Sora alone in the World That Never Was, and is the third-to-last member of Organization XIII to fall.

He is voiced by Robin Atkin Downes in the English version, and by Joji Nakata in the Japanese version.

## Early life

Luxord's original self was a Keyblade wielder from the Age of Fairy Tales. At some point, he succumbed to darkness, but his will was so strong his body became a Nobody and was recruited into the Organization.

## *Kingdom Hearts: 358/2 Days*

Luxord plays a minor role in *Kingdom Hearts 358/2 Days* . He is present when Xion joined the Organization, and would often team up with Roxas in missions in Wonderland. This association with this world is more than likely thanks to the Queen of Hearts's card army. Luxord joins Roxas on other missions and stays in the Grey Area as well. Luxord took all of his missions as a game, and would tend to comment on them as such to Roxas. He was shocked when Xemnas called the meeting to announce the truth about Xion being a Replica, and simply said, "If only the whispers from the top of the ladder carried to the bottom rung," before vanishing from Where Nothing Gathers.

## *Kingdom Hearts II* Hollow Bastion

Luxord appears with all of the other Organization members in the confrontation with Sora and stands behind and to the left of Saïx. He makes no contact with Sora. In fact, he isn't even seen again until Port Royal the second time through.

## Port Royal

Upon making second rounds to the worlds in search of the Organization's stronghold, Sora once again allies with Jack Sparrow in Port Royal, where he learns that Will Turner has gone missing while investigating the theft of cursed pirate gold by a man in a black hood. They seek out Will on the *Black Pearl* and find him on the *Interceptor* .

Luxord appears on the *Black Pearl* after they have recovered Will, with the cursed gold beside him, greeting Jack Sparrow. He reveals that he is at Port Royal to assess the value of the cursed gold to the Organization and calls up Grim Reaper, a Heartless. After the Heartless is thrown overboard, Luxord invokes the right of parley before Jack can get off a shot with his pistol. He agrees to hand over the chest, but takes four medallions from it when he does so, sending them off to his Gambler Nobodies, who escape with them. This has the effect of returning the curse on Jack and tying his curse to Grim Reaper, who becomes cursed, as well.

The Grim Reaper then knocks Sora, Donald, Goofy, and Jack onto the Interceptor, and has the cannons of the Black Pearl destroy the ship. Sora and the others survive, and track down the medallions, and defeated the Grim Reaper back at Port Royal, lifting the curse on Jack. Even with Luxord's experiments having failed, he manages to bring the heart that the Grim Reaper was holding to Kingdom Hearts, and promptly flees.

## Where Nothing Gathers

During several additional scenes in *Kingdom Hearts II Final Mix*, Luxord is featured with a prominent speaking role. Immediately after taunting Sora, the Organization returns to their meeting chamber. In response to talk about making plans, Luxord says that he'll " *Pass out some cards.* ", meaning he intends to dabble around here and there, stirring things up to see what he can do. This inadvertently instigates a small argument between Xigbar and Demyx, and after Xaldin breaks it up, Luxord disappointedly remarks " *There goes my entertainment.* "

He is again seen just before Sora enters The World That Never Was, discussing Axel with the remaining members. He notes that Axel may have gained something by putting his existence on the line to help Sora. When Xigbar reacts that, as Nobodies, they have no existence to put on the line, Luxord replies: "Then, perhaps he bet his NON-existence. Either way, he came out a winner.". He then adds with a smile: "Oh, Axel. A grifter till the end.".

### The World that Never Was

Luxord appears once more in the Organization's fortress in The World that Never Was. When Sora, Kairi, Riku, Donald and Goofy enter the area where Luxord waits, Sora walks ahead of the rest. Materializing between Sora and his friends, Luxord uses his cards to remove Sora's allies from the area, and challenges Sora to a game involving time. Luxord fights against Sora, using a variety of tricks and games of luck with his playing cards, but in the end, Sora is able to wear Luxord's time down and defeat him. As Sora readies a finishing blow, Luxord raises his cards to shield himself, but Sora slices through the cards and finishes Luxord off. Before fading into darkness, Luxord exclaims, "How could you… Roxas?".

### *Kingdom Hearts III*

Luxord returns in *Kingdom Hearts III* as a member of the real Organization XIII and noticeably sports golden eyes like the other members.

He was first seen with Xigbar in Thebes, riddling him why finding the Black Box was suddenly important. He grew doubtful that it was Xemnas (the former whom Luxord inquired about it) or Xehanort (the latter whom Luxord states only cares about the clashes between the seven lights and thirteen darknesses) who gave the order since Xigbar brought it up in the first place. He also suspects Xigbar of having been in a hurry to get box before anyone can get to it having noticed Maleficent and Pete are also in search for it, Leaving the scene with no choice but to feign ignorance, he begun to wonder who Xigbar really was. After he leaves Xigbar questions who Luxord himself really was.

Later during a meeting with some the organization's members, Luxord appears with Larxene, Marluxia and Demyx questioning Xemnas if they were brought back to "rot away on the bottom rung" much Larxene's frustration who isn't happy to see him asks Luxord if this "Organization Rehash", Luxord responds with stating he has an important role to play and that he wasn't benched indirectly mocking Demyx for being benched much to Demyx's frustration for Luxord's eavesdropping. Larxene then questions him about Xigbar's role in searching the of the box, but Luxord having confronted Xigbar about the black box earlier simply tells her to ask Xigbar himself. Luxord then shifts his attention Xemnas asking him the real reason for bring them all back stating he didn't being them back for "old times sake", Xemnas states that he along with Marluxia, Larxene and Demyx are going the reveal their greatest secret the ancient keyblade legacy that slumbers within them much to the foursome's suprise.

After being briefed by Vexen, Luxord goes about continuing to find the Black Box in The Caribbean upon learning of a being that can exist without having a heart inside. He challenges the heroes to a race and somehow manages to trick Captain Jack Sparrow (unaware that the real one is elsewhere) into revealing the box as the Dead Man's Chest that contains the heart of Davy Jones. Luxord then goes to find the box on the Flying Dutchman and uses an entire fleet of Heartless to keep the heroes at bay.

He then later arrives in the Maelstrom battle and summons the Kraken for the heroes to handle as he pursues the Flying Dutchman. He then confronts Captain Jack Sparrow in an attempt to take the box and use the right of parley. But Jack outsmarts him by interrupting him and using his bad breath to send Luxord into the ocean just as Vexen confirms that this isn't the box they are after.

At the Keyblade Graveyard, Luxord participates in the clash between darkness and light and joins Marluxia and Larxene in fighting King Mickey. He manages to trap Mickey in a card and has Sora find his real self in a game of sorts before eventually being defeated by him.

Upon defeat, Luxord hands Sora a "wild card" that could turn the tables. Sora asks if he would play again when they are both normal human beings to which Luxord accepts before fading away but not before leaving King Mickey's card for the king to be freed from.

Lily: Luxord!

Evil Luxord: Indeed.

Lily: I had a feeling you would be coming. It will be awesome to face you.

Evil Luxord: Since I happen to be an honorable man, I'll make a deal. If you all defeat me in battle, I'll agree to go into one of your DISKS.

Lily: I will face you. One on one. I've been wanting to get a challenge in on you.

Evil Luxord: You have a deal.

Lily went up to him.

Lily: This is gonna be awesome. I've always wanted to unleash my full power on you.

Lily had a swirl of glowing blue water swirl around her feet.

The divine singing of mermaids was heard in the background.

Lily: The water is stronger than you know.

Then Lily was enveloped in a massive vortex of glowing water that exploded high into the sky!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

The vortex of glowing water formed into a winged mermaid and she sang divinely as the vast energies of stars poured into her and Lily's power and energy was rising and increasing at an astronomically fast level! The vortex faded and went back down. Lily emerged forever changed! She had the appearance of a 21-year-old girl and she had blue glowing highlights in her longer blond hair and she had a flower headband. She had glowing blue eyes with blue ocean waves in the sclera and she had an ocean wave with the Celtic Ocean Triskelion Symbol on it and she had blue earrings with the kanji for Water. She had a blue glowing blue shirt with a Celtic

Triquetra on it and she had a blue and green Scottish Kilt with the Celtic Tree of Life Symbol on it and she had blue leggings and blue combat boots. She had an ocean sleeveless Trench Coat and it had the kanji for Lily Marie Loud, Champion of The Glowing Water of Coventina and Neptune's Master of The Ocean and Fish. She had angel wings that were glowing blue and she had a sword with an aqua blue blade. She was a SUPER ANGEL 25,000,000 NEPTUNE OCEANIC MAELSTROM!

We gasped!

Me: WOW! Lily you look amazing!

Nico: She sure does! Wow!

May: Lily transformed! She looks amazing!

Lincoln: No kidding! Wow! Lily how do you feel?

Lily: (Divine Angelic Mermaid Voice) **I feel incredible big brother. I've been wanting to try this power out for a long time.**

Lori: Wow! My baby sister is literally a force to be reckoned with.

Leni: She totes is.

Lily: **Thanks guys. Now lets get it on.**

Evil Luxord: Lets.

Lily took off faster than a megatsunami going at 1,000 miles per hour and she kicked him in the face and teleported and punched him in the back and kicked him and pulverized him all over the place with incredible fury and more. She fired massive blasts of water at him and they smashed and pulverized him all over the place and she kicked him and smashed him into the ground.

Lily landed.

Lily: **You all put up a really awesome fight Luxord. And just like we agreed.** (Holds up a DISK) **D-SECURE!**

Lily fired a light blast and trapped Evil Luxord in it. The DISK turned black with Luxord's face on it.

Evil Luxord: Thanks Lily.

Lily: You're welcome.

We cheered for her!

Me: Way to go Lily!

Nico: Yeah!

Elizabeth Swann: Will. You came back for me.

Will Turner: Of course I did.

They went and hugged.

Me: Barbossa will be back. But he will redeem himself by then.

Nico: Yes he will.

Me: 9 Members of Organization XIII remain. The next one is gonna be Demyx.

Sora: And I know where we're gonna face him.

Me: Yep. At Hollow Bastion. Along with Maleficent and thousands maybe millions of Heartless.

Nico: Yep.

Myotismon: It was great to be in the world of pirates again.

Jack Sparrow: I want to thank you all for helping us.

Drakkon: It was no problem, Jack.

Vortex: But what do we do with the coins now?

Brittney: We leave them all here. They were placed here for a reason and they have to stay here. They are cursed.

Me: Brittney is right. We have to be careful with cursed artifacts no matter how valuable they are.

Nico: You got that right.

Myotismon: That's right.

Me: Great. Lets you back to your ship Jack.

Jack Sparrow: Thank you lads.

We got the Black Pearl back and we went back to Port Royal.

Jack Sparrow: (To the viewers) Hope you all had fun with our adventure laddies. I know I did.

Me: We all did. It is so awesome.

We later went back home.

TO BE CONTINUED…

Part 4 done. The Pirates of The Caribbean: The Curse of The Black Pearl from 2003 is one of my favorites. It was awesome! The next part is gonna be Hollow Bastion and we're going there to destroy the Villains Vale, Maleficent 1959, Demyx and a massive and incredible army of Heartless. Get ready for a massively explosive fight with that one. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe and ninjakingofhearts gave me the ideas for this. Thanks guys.

See you all tomorrow.

# Light and Hearts Part 5

HOLLOW BASTION/RADIANT GARDEN

---

In the backyard of the Estate, May and Maria were at the picnic table and they were looking at each other with devious arrogant smirks on their faces. In between them on the picnic table was a glowing neon red jar full of the worst kinds of peppers ever known to the world: The Merciless Peppers of Quetzalacatenango A.K.A. the Guatemalan Insanity Peppers. The very peppers that drove Homer Simpson crazy and they are the most dangerous and most insidious peppers ever known to the world.

Ashi: May, remind us what you and Maria are doing again?

May: We're gonna do a dare.

Maria: We dared each other to eat the Merciless Peppers of Quetzalacatenango.

We gasped in sheer horror!

Lori: Those peppers will literally kill them!

Rachel S.D.: NO KIDDING! They have no idea the kind of pain waiting for them!

Nico: Oh boy! This is gonna be ugly!

Me: Big time!

They took a pepper from the jar and just as they were about to take a bite…

?: HOLD IT RIGHT THERE!

We turned and saw a familiar face and it was BURGUNDY!

Me: Burgundy!?

Cilan: Oh no!

Burgundy: I will make you pay for everything you did to me Cilan!

Me: Why can't you just let it go Burgundy?

Digimon Emperor (in Nico's body): (grabs Burgundy by the collar) So, you thought you could try to intrude on this dare, huh?! Well, I hope you like knuckle sandwiches, because-

All of a sudden, the Digimon Emperor suddenly felt sleepy.

Digimon Emperor: Great! Now what?!

Nico: (laughs) I drank a sedative through water 2 hours ago in case you tried another stunt!

Kiba: Did Nico eat Magic Mushrooms again?!

Me: No this time he took sedatives.

Vince: Sedatives!?

Me: Lisa gave them to him and I recommended horse tranquilizer.

Nico then fell asleep.

Me: There.

Burgundy got up.

Burgundy: (sighs with a smile) For a minute, I thought he was going to kill me.

Sunstorm: You're not out of the woods yet. (to May and Maria) Fire in the hole! (transforms into jet mode and flies away from the danger zone)

May and Maria ate the chili peppers and then they had their bodies glow neon blue and massive amounts of steam came out of their ears and their eyes glowed red and bursted into fire.

Me: HIT THE DIRT!

We got out of the way and Nico woke up and then a massive blast of fire exploded out of their mouths with incredible fire and it hit Burgundy and burned her all over.

Lily drenched May and Marie and a massive cloud of steam came out of them.

Lily: There.

May: (Wheezing) THAT FEELS GOOD!

Maria: (Wheezing) Yeah!

Nico: WHOA!

Me: Look at Burgundy.

She was now a black charred cinder.

Burgundy: (Puffs out smoke)

Me: WHOA! That was close!

Nico: WOW! No kidding!

Brawn: (to May and Maria) So? Has this been a good bonding activity for you two?

Maria: It sure was. So awesome!

May: Yeah it was!

Me: That was awesome.

I walked up to Burgundy.

Me: Burgundy what the hell is your problem?! I know you hate Cilan for what he did to you but this petty path of vengeance has to stop. NOW!

Burgundy: I will NEVER stop!

Me: Burgundy listen to yourself! Do you think that vengeance will solve anything for you? Do you think it will make you feel better and make you happy? NO! It won't!

Nahiri: J.D. is right Burgundy! Vengeance is a deadly thing and you have to stop it now. All vengeance will lead you too is a one way pay to your own destruction.

Me: Vengeance is like a double-edge sword. If you get your revenge, death will be your only reward. All vengeance leads you to is a path to your own destruction and it only makes things worse.

Laney: That's right. If you keep this up, you'll be no better than Paul was when we he got killed.

Me: You don't want to die because of that do you?

Burgundy then was shocked at what she heard and knew that I was right. Then she broke down crying and Lola comforted her.

Nico: Hopefully she'll see the error of her ways after today.

Me: Yeah.

Captain America: Okay. Before going to Hollow Bastion, let's have the usual battles now while we still have the chance.

Me: Good idea Steve. Since we're going to face a massive army of Heartless, Maleficent and Demyx we'll have our usual battles in our backyard. Also I have a very strong feeling that Xemnas will be there. Well if he is then I have a message for him that you guys all need to hear.

Nico: What is it?

Me: I found out how the Digimon Emperor got inside your head Nico. Xemnas fired an energy blast at you that was intended to kill you. But all it did was bring back the Digimon Emperor and put him inside your head.

Nico and all of us gasped!

Nico: That fiend!

Me: Nico don't get mad. That's what the Digimon Emperor wants. Clix warned us about what he was gonna do and right now 4 of his predictions came true.

Laney: Yeah.

Nico: I know.

Me: But we will find a way to get him out.

Then storm clouds appeared and Kangor, Puff, Hank Scorpio, Mr. Touch & Go, INSTIGATOR and Weather Wizard then appeared in a tornado and the storm clouds vanished as quickly as they appeared.

Me: Kangor, Hank Scorpio, Puff, Mr. Touch & Go, INSTIGATOR and Weather Wizard. Nice entrance.

Weather Wizard: Thanks.

Iron Man: Thanks for coming, guys.

Kangor: (Jamaican Accent) No problem, mon.

Hank Scorpio: It'll be nice to have the battles before Hollow Bastion.

Mr. Touch: (smells something) Why do I smell burnt toast?

Me: That is fire from May and Maria here. They did a dare while eating the Guatemalan Insanity Peppers.

They gasped!

Kangor: Are they crazy mon?

Me: No they aren't Kangor. The dare was a success and it was amazing. They fired a blast of fire that burned Burgundy.

Hank Scorpio: That crazy Pokemon Connoisseur that is hellbent on vengeance on Cilan?

Me: Yep. But I talked to her and told her that Vengeance is never the answer to anything.

Nahiri: That's right. And look at her now.

Burgundy was crying and she really felt sorry for herself.

Hank Scorpio: Poor girl.

Me: Yeah. I told her that vengeance will lead to a one way path to her own demise and how it will only kill her in the end.

Weather Wizard: Wow.

Me: Yep.

?: Good way to put it.

A figure came out and it was GENERAL PELUSO of episode 4 of SUPER MEGAFORCE!

---

**General Peluso** is a spider crab/dog like member of the Armada with enormous speed and a left cybernetic claw. Unlike most Armada Field Commanders Peluso bears the rank of an Armada General. But has less power than other Armada Generals e.g. Damaras, Levira and Argus.

He is sent by Damaras to take the Red Lion Wildzord for Animaria before the Super Mega Rangers can find it. However, after he, the XBorgs, the Bruisers and the Rangers are knocked off the island, Prince Vekar changes Peluso's objective to reconquering the city. He is then defeated by the Super Mega Rangers.

Once enlarged along with three Bruisers, Peluso fires his left claw to lock the wheel on the Legendary Megazord's back, but the hold is broken when the Super Mega Rangers use the Wild Force Legendary Ranger Keys. Peluso and the Bruisers are then destroyed by the Legendary Wild Force Megazord with the monster being finished off by it's Mega Roar.

---

Troy Burrows: General Peluso!

General Peluso: Been a while rangers.

Me: I remember you! You were one of the Armada Generals and you were sent by Damaras to take the Red Lion Wild Zord before the Rangers could find it.

General Peluso: That's right J.D. You have a really sharp memory on you.

Me: Never missed an episode like I keep telling all your comrades.

General Peluso: (to Cole Evans) How come your Red Lion WildZord was the only one I saw on the Animarium?

Noah Carver: You know what? That actually is a good question.

Me: Lets show him ALL our Wild Zords guys.

Twilight Sparkle: That's a good idea J.D.

Me: Ready?

Wild Force Rangers, Nico and the Loud Kids: Ready!

We pulled out our Crystal Sabers.

Me, Wild Force Rangers, Twilight Sparkle, Nico and the Loud Kids: WILD ZORDS DESCEND!

(WHISTLE)

All the Wild Zords all came and General Peluso saw a massive number of them including the ones we acquired on our adventures and for defeatinig the Jungle Fury Monsters!

General Peluso: WOW! That's a lot of Wild Zords!

Nico: We sure have a really cool Wild Zords.

Me: Yep.

A horse neigh was heard and we saw a beautiful and amazing purple Unicorn Zord! It was amazing!

Twilight Sparkle: WOW!

The Unicorn Zord came and looked at Twilight Sparkle and it was beautiful.

Me: Wow! So that's the Unicorn Zord. This is amazing.

?: It sure is J.D.

We saw Princess Shayla.

Me: Princess Shayla. We were about to head over to Animarium and ask if you know anything about the Unicorn Zord.

Princess Shayla: The Unicorn Zord is one of the rarest of all the zords of Animarium. They are part of the legendary 12 Myth Zords.

Me: The 12 Myths? That's interesting.

Princess Shayla: Yes. Long before Animarium was sent into the sky, there were 12 legendary Wild Zords that are legendary creatures of myth: The Unicorn, The Gryphon, The Mermaid, The Fairy, the Phoenix, The Dragon, The Sphinx, The Minotaur, The Pegasus, The Thunderbird, The Cerberus and The Hydra. And it was said that they possessed far greater power 10,000 times more powerful than that of Master Org.

Me: Whoa! That's incredible.

Cole Evans: It sure is.

Taylor Earhart: We never heard about all that.

Alyssa Enrilé: Yeah that's really something.

Me: And Twilight Sparkle has the Unicorn Zord after she and the Jungle Fury Rangers defeated Unidoom.

Princess Shayla: That's right. The defeat of Unidoom awoken the

Unicorn Zord for the first time in thousands of years and she chose you for a very important reason Twilight Sparkle.

Twilight Sparkle: What is that?

Princess Shayla: To help your friends and protect everyone you know and love with the grace and beauty of magic and friendship. Your heart is so pure that you can selflessly help everyone that you care about with incredible purity.

Twilight Sparkle: I can't argue about that.

Me: Wow. Were the 12 Myth Zords created to help combat threats like Master Org?

Princess Shayla: Yes. But they were forgotten when the fight with Master Org broke out.

Me: Whoa man. And me and Nico and Varie killed and banished him to the Warp forever. But he had it coming after eons of pain and suffering.

Princess Shayla: He sure did.

Me: We appreciate you telling us about the 12 Myth Zords. We'll have to keep an eye out for them and find them on our journeys.

Here we are

Riding the sky

Painting the night with sun

You and I, mirrors of light

Twin flames of fire

Lit in another time and place

I knew your name

I knew your face

Your love and grace

Past and present now embrace

Worlds collide in inner space

Unstoppable, the songs we play

Burn that page for me

I cannot erase the time of sleep

I cannot be loved, so set me free

I cannot deliver your love

Or caress your soul so

Turn that page for me

I cannot embrace the touch that you give

I cannot find solace in your words

I cannot deliver you your love

Or caress your soul

Age to age

I feel the call

Memory of future dreams

You and I, riding the sky

Keeping the fire bright

From another time and place

I know your name

I know your face

Your touch and grace

All of time cannot erase

What our hearts remember stays

Forever on a song we play

Burn that page for me

I cannot erase the time of sleep

I cannot be loved, so set me free

I cannot deliver your love

Or caress your soul so

Turn that page for me

I cannot embrace the touch that you give

I cannot find solace in your words

Open to the wind and rain

All around, the Earth breathes deep

I am the Green Man of the woods

The wounded and the broken land

I am the fire in the red stag's eye

The touch of lover's hand

Of a lover's hand

Oh, let me speak

Lend me your tongue

To sing the trees and streams

Sing the dark blood of the hills
The Moon on goose's wings
I am the Green Man of the woods
The wounded and the broken land
I am the fire in the red stag's eye
The touch of lover's hand
Of a lover's hand
Oh, if you meet me in the fields
Don't you be alarmed
I've come to bring you joy
I'll do you no harm
Let us dance beneath the stars
The pale Moon in our eyes
And celebrate the mysterious
That keeps us all alive
That keeps us all alive
The time has come
For us to rise
From the wreaths and thorns
Return now from exile deep
Back where we belong
I am the Green Man of the woods

The thistle and the corn

The spark in every creature's heart

The dancer in the storm

I am the Green Man of the woods

The thistle and the corn

The spark in every creature's heart

My lungs still breathe, my mind still fears

But we're running out of time (time)

For the echo's in my mind, cry

There's blood on your lies

Disguise opened wide

There is nowhere for you to hide

The hunter's moon is shining
I'm running with the wolves tonight
I'm running with the wolves
I'm running with the wolves tonight
I'm running with the wolves
I'm running with the
Trick or treat, what would it be?
I walk alone, I'm everything
My ears can hear and my mouth can speak
My spirit talks, I know my soul believes
But we're running out of time (time)
For the echo's in my mind, cry
There's blood on your lies
Disguise opened wide
There is nowhere for you to hide
The hunter's moon is shining
I'm running with the wolves tonight
I'm running with the wolves
I'm running with the wolves tonight
I'm running with the wolves
